Lamentable were the cries of the ladies when their hampers of sodden finery were landed at The Cedars by the energetic rescuers. Alas and alack, such bedraggled garments were not likely to effect the ensurement and subjugation of The Man. In the excitement of the moment trunks were hastily opened and the contents scattered around in reckless fashion by the ladies, whose thoughts were altogether centered on the problem whether certain colored waists, etc., would "run" when wet. Under the circumstances the young men willing to help though they were, felt constrained to beat a hasty retreat in order to save their blushes

CANOE MEN KICKING ABOUT LAUNCHES WITHOUT LIGHTS

Gasoline launches which do not carry lights at night are a nuisance. There are several of them plying on the Otonabee, and the owners of them are coming in for some sharp sharp criticism. Every launch should have lights and they should be lighted when the craft is out at night. One of these dark nights a collision will occur an dthen there will be something doing.

The devotees o fthe canoe are raising a loud holler about the gasoline launches that run about at night without lights as there have been several narrow escapes from accidents from this cause.

The best tea can be utterly spoiled by exposure to contaminating influences, as bulk teas so often are. The sealed lead packets of the "Salada" Tea Company give you tea fresh and fragrant from the gardens to the teacup.

You will know the genuine by the "Great Auk's Head" trademark on every bottle.

CANADIANS DID NOT SHOW UP WELL IN THE MARATHON RACE

Which Was Won By Dorando of Italy Whose Time Was 2 Hours, 45 Minutes and 36 Seconds.

LONGBOAT WAS FORCED TO QUIT

Hayes of United States was Second and Heffernon of South Africa Third—Thousands Lined the Course of the Race.

NOT AS WAS EXPECTED

Well, Longboat did not win and Simpson did not win, nor was one of the Canadian runners in the point-counting positions. It is hard lines after the high expectations that had been aroused but there is no use whining. All credit should be given the victors. There is no doubt but that everyone in the race did his best. No more could be asked of them. General regret was expressed in the city when the news was received, but the result was taken philosophically.

Heffernan, of South Africa, who came third, is a Canadian boy, he having gone to South Africa with one of the Canadian contingents during the war there. There is some consolation in the fact that one son of the Land of the Maple was in the front ranks.

And at any rate we can't expect to win all the time.

Special to J. N. Barber.

London, July 24 — The winners' time in the race was 2 hours, 45 minutes, 36 seconds.

Dorando, of Italy, was first.

Hayes, of America, second.

Heffernan, of South Africa, third.

Forshaw, America, fourth.

Wellton, America, fifth.

Special to the Review.

London, July 24.—The start in the famous Marathon race was made at 2.36 p.m., or 9.36 Canadian time. All along the road hundreds of thousands of spectators lined the highway, many of whom had remained there all night in an endeavor to get good positions. T. Jack, United Kingdom was first to show in front at Slough leading by thirty yards. Lord, United Kingdom, forced the pace from here and at the nine mile mark had passed Art Burn of Calgary, who had occupied a prominent position from start, and Lake, United Kingdom. Price, United Kingdom, had second position, with Heffernan, of South Africa, third. Longboat dropped out at the 02th mile.

P. Dorando, of Italy, finished first. W J Hayes, of United States, second, and Heffernan, South African, third.

AT THE END OF TWELFTH MILE.

A G.N.W. despatch gave the standing of the runners at the end of the twelfth mile as follows:—

1. Price, United Kingdom.
2. Lord, United Kingdom.
3. Heffernan, South Africa.
4. Dorando, Italy.
5. Longboat, Canada.
6. Appleby, United Kingdom.

LONGBOAT WAS LEADING.

A special despatch to J. N. Barber stated that the British, American and South African runners were bunched in the early stages of the race, but that Longboat commenced to set the pace and made it a gruelling one. The Indian was leading by a quarter of a mile at the end of the twelfth mile, and that he also led at the end of the fourteenth.

The next despatch brought word that Longboat had quit at the end of the twentieth mile, having injured his leg.

THE START

Special to J. N. Barber.

London, July 24—The great Marathon race has been started from the east tower of Windsor castle this afternoon.

The Crown Prince of Sweden gave the word that sent the 56 runners on their 26 mile grind. The English American and South African runners were well bunched at the start but in a few minutes Longboat, the Canadian Indian, who was declared eligible at the last minute, forged to the front and began setting a gruelling pace. Seven Americans started.

T OSE STARTING IN MARATHNO

Seventeen Countries Represented ---Over Fifty Runners in all--- In Worlds Greatest Race

The list of starters was as follows;

Canada—F. Simpson, H. Lawson, W. Goldboro, G. Goulding, W. H. Wood, E. Cotter, F. Noseworthy, J. P. Caffrey, T. Longboat, G. A. Lester, A. Burn, J. L. Tait.

United Kingdom—A. Duncan, J. G. Beale, F. Lord, J. Price, H. F. Barrett, F. B. Thompson, E. Barnes, A. Wyatt, F. Appleby, T. Jack, S. Stevenson, W. T. Clarke.

Australasia—J. M. Lynch, W.V. Aitken, G. B. Blake.

South Africa—J. N. Baker, C. Hefferon, A. B. Mohr, C. E. Stevens, Vincent.

U. S. A.—J. Forshaw, S. H. Hatch, J. J. Hayes, J. J. Lee, F. Lorz, H.P. Morrissey, W. O. Ward, M. G. Ryan, A. Tibeau, L. Tewanima, A. R. Welton, W. Wood.

Greece—G. Couloumberdes, A. Coutougas.

Finland—H. Nieminen.

Holland—W. T. Braams, A. C. H. Vosbergen, W. W. Wakar, W.F. Thermanen, G. J. M. Buff.

Belgium—F. Celis.

Italy—P. Dorado, U. Blasi, A. Cocca

Italy—P. Dorando, U. Blasi, A. Cocca.

Russia—G. Lind.

Germany—H. Muller, F. Reiser, P. Nettelbeck.

Sweden—G. Tornros, J. F. Svanberg, J. G. Peterson, S. L. Landqvist, J. Lindqvist, J. T. Bergvall, I. Lundberg.

Austria—E. Rath, F. Kurzon.

Bohemia—A. Nejedly.

Denmark—R. C. Hansen, J. F. Jorgensen.

Hungary—L. Merenyi.

THE COURSE WHERE RACE TOOK PLACE

Short Description of the Road on Which World's Best Runners Fought it Out

The following is a short description of the course on which the Marathon was run;

Leading away from the Windsor Castle to the Stadium, the Marathon track is narrow. On the whole, it is winding but fairly level. Into High street it goes and thence along Windsor road. After passing through a slough, the route winds over a couple of small hills and into a beautifully wooded stretch for about two miles to Uxbridge road. This highway is full of twists and sharp turns, but the country is more open.

Near Uxbridge station a sharp turn takes the runners into Park road, where there are three hills not over steep and after them the London Side Hill, which is the longest and steepest of the whole course.

After passing this the road becomes quite narrow and no more than ten men can run abreast On Eastcote road, at about the thirteenth mile, the road broadens, but still contains some sharp turns. The Black Horse public house is passed at the twelfth mile, and then the runners are on Cheney street. The Metropolitan Railway is crossed for the second time near the tenth mile post. Then Pinner road, Lowlands road, Tyburn lane and Sheepcote road take the contestants past the well known Harrow hill. Sheepcote road leads to Wembly, where the course is narrow and crooked. On Harrow road, which is next, there may be considerable of traffic to be dodged by the runners unless the way was cleared for them. Twenty-one miles of the course are now past. Two more along Old Commons and the Stadium will be plainly in view to cheer the tired runners forward. The Great Western Railway is crossed next, after which the road had only one bend, to the Stadium. One lap of the running track before fore the assembled thousands and the great event was over.

INTEREST OVER MARATHON WAS AT FEVER HEAT HERE

Results of the Big Race Was Awaited With Intense Interest—Bulletins Were Closely Followed.

Interest was at fever heat in Peterborough over the Marathon race. Last night it was the only topic of conversation on the street. Wherever a bunch of men gathered they discussed the big event of the sporting world. Longboat was the favorite, with Simpson good for second place, and Duncan, the English runner, picked for third.

As early as ten o'clock this morning enquiries began to come into the Review office and by eleven o'clock a crowd had gathered in front of the office to learn the result.

The Review was the first paper in the city to receive any information about the race. The first announcement was that the runners started from Windsor at 2.30 o'clock (English time) or 9.30 Canadian time. It had been given out that the race would start at 12.30 (English time) or 7.30 Canadian time.

At eleven o'clock the Review received a special message from Montreal that Art Burn, of Calgary, was second, and Longboat, eighth, at the end of the first five miles. The next despatch gave Longboat as leading at the end of the tenth mile and the next wire a few minutes later gave Longboat as fifth at the end of the twelfth mile. Almost at the same time a special to J. N. Barber, from New York, reported Longboat as leading at the end of the twelfth mile.

The telegraphic reports continued to be conflicting until the final result came in.

Wood's Phosphodine, The Great English Remedy. Tones and invigorates the whole nervous system, makes new Blood in old Veins. Cures Nervous Debility, Mental and Brain Worry, Despondency, Sexual Weakness, Emissions, Spermatorrhoea, and Effects of Abuse or Excesses. Price $1 per box, six for $5. One will please, six will cure. Sold by all druggists or mailed in plain pkg. on receipt of price. New pamphlet mailed free. The Wood Medicine Co. (formerly Windsor) Toronto, Ont.

DECISION CHANGED YANKEES PROTEST

Dornado is Disqualified Because He Fell as He Entered Stadium and Was Carried to Finish —Hayes Awarded the Marathon

Special to J. N. Barber

London, July 24—2.30 p.m. —The Americans protested Dorando, the Italian, who finished first in the Marathon. The protest was allowed and Hayes, of America, was made the winner. Heffernon, of South Africa, was placed second and Forshaw of America third.

Dorando fell as he was coming into the Stadium He was helped to his feet and assisted along and for this he was disqualified.

ARCHIBALD TOOK SECOND PLACE IN POLE VAULT

Gilbert of Yale University Was First—Canadian Cleared 11 ft. 9 in.—Big Crowd in Attendance To-day.

Special to the Review

London, July 24th. — One of the best morning programmes of the Olympic games coupled with the fine weather brought a big crowd to the stadium early to-day. The first event was the pole vault. The refusal of the officials to allow the Americans to dig a hole for their poles has been strongly objected to, but the judges adhered to their decision and the Americans went in handicapped by having to jump with a spiked pole, an instrument to which they were not used. Then came four heats in the semi-finals of the 110 metre hurdle race. The first heat was carried off by A. B. Shaw Dartmouth University, who defeated Russel, Waters and Greening, three United Kingdom runners, and covered the distance in the splendid time of 15 3-5 seconds, only 1-5 of a second over the Olympic record. W. C. Smithson did even better in the second heat, which he won in 15 2-5 seconds, equalling the Olympic record. The first section of the pole vault was won by Dr Gilbert, Yale University, who cleared 12 feet. Archibald, Canada, was second, with 11 feet 9 inches. Clarke Jacobs of Chicago University, cleared 11 feet 6 inches.

SHERRING'S TIME

Billy Sherring's time when he won the Olympic Marathon at Athens in 1906, was 2 hours, 51 minutes, 23 seconds. The course was 26 miles. There were firty-three competitors, 26 Greeks, 7 Britons, 5 Americans, 22 French, 3 Germans, 3 Swiss, 2 Egyptians, a Bohemian, Belgian, Dane and Canadian.

COBOURG TO PLAY THE ATHLETICS

Will be Here To-morrow for a Midland League Game

Cobourg will be here tomorrow to meet the Athletics in a Midland League game at Riverside park. Both teams are determined to pull out a victory and a fast game will be the result. The attendance should be large.

BASEBALL

In the second game of the City League tomorrow afternoon at the oval the Wellingtons meet the TAS. The following members of the TAS. team are requested to be on hand early: Doherty, Derocher, C Giroux, M. O'Brien, J Doris, G McFadden, L Giroux, V Corkery, C Hayes, F Derocher, J. Devlin.

Additional Sport on Page 7

TO OPEN NEW BOWLING GREEN

Peterborough Bowlers Will Visit Port Hope on August 3rd

The Port Hope Times says; Monday, August 3 is the date set for the opening of the new bowling grounds. Games will be in progress all day and the local club is making elaborate preparations for entertaining the visitors.

The following clubs will be represented by two rinks which will compete in the morning and afternoon; Parkdale, Oshawa, Peterborough and Millbrook.

Four rinks from Cobourg will play at night.

Four Cobourg rinks played here on Wednesday of last week and were defeated by 21 shots.

SPORTING COMMENT

It is rumored that Josh Craig, of the Examiner, is going to play goal for Peterborough. If he does a protest will be raised, as the Lindsay boys would not be able to see the nets.—Lindsay Free Press.

Hon. Wm. Paterson is resting at Pictou.

SPORTING

LACROSSE TEAM WAS DEFEATED

Lindsay Managed to Score a Goal Just Before the Call of Time —A Good Exhibition

In the first game of this section of the Trent Valley Lacrosse League the Peterborough team were defeated at Lindsay yesterday. The score was 1—0, which indicates, in a measure, the class of play, which was put up. Within three minutes of that time neither team had scored; but at this juncture Primeau scored a goal for Lindsay. Primeau, by the way, is a Peterborough boy, as is also Leo Dobson, another man on the home team.

On the whole the game, while rather rough, was one of the best which has ever been taken part in by the locals, the only real objection being that the crowd was not kept off the field during the play. Otherwise the locals were treated very fairly.

The boys travelled on a special train and about 100 took in the trip.

The teams lined up as follows;—

Gibson—Goal.
Lalonde—Point.
Barber—Cover Point.
Johnston—1st Defence.
eDris—2nd Defence.
Roe—3rd Defence.
Best—Centre.
Donovan—1st Home.
Long—2nd Home.
Parnell—3rd Home.
Stroud—Outside Home.
Gailey—Inside Home.

Reeder, of Lindsay, refereed, and, while he tried to be impartial, some of his decisions were considerably off.

WHAT IS THE DEAD LINE FOR AN ATHLETE?

The remarkable deterioration of Jimmy Britt, as shown in his fight with Packey McFarland, has created much discussion of physical condition and the age at which the powers of an athlete began to wane. It was evident that there is no hard and fast rule in this matter, although generally it is found that those who take part in severe competition too young fairly burn up their energy, which never seems to return in the same degree.

Britt is only twenty-nine years old, and yet he was able to make no stand against his younger and fresher opponent. The Californian took part in his first professional fight while he was 23 years of age, so that his active ring career covered a period of but six years, although previous to that time he had boxed as an amateur. While a professional he took a lot of sensible exercise at the Olympic Club and in the open air, but these did not safeguard his condition, and before he realized that his athletic powers had waned he made the match which ended forever his career as a boxer.

Eddie Hanlon is only twenty-three years of age now. When he was but eighteen he would have won the championship from "Young Corbett" had he been properly advised in the ring. Instead of being sent to force the fighting throughout he was held back, and thus Corbett was allowed time after each infrequent rally to recuperate. Hanlon's last appearance in the ring was his meeting with Dick Hyland. He still retains hope of getting into form, but in the face of other examples it will be difficult for him to do so.

Big Jim Jeffries retired when he was 29 years old and that was four years ago. He has nearly made up his mind to re-enter the ring to meet Squires, but he hesitated, as he has done in many of his other match-making adventures, and lost the opportunity, which fell to Tommy Burns. Had Jeffries met Burns a year ago, the big fellow would have been an overwhelming favorite in the betting. If they were matched now Jeffries would probably be an 8-to-10 public choice. Burns would be the better man physically, but it is believed that the immense bulk of Jeffries would take all the fighting spirit out of Tommy.

Bob Fitzsimmons has been the exception to the rule about the age of fighters. He won the championship of the world from Corbett at Carson City when he was 35 years old. Corbett at that time was 31 years old. Fitz was 45 years old when he appeared for the last time in a title principal in a fight. He was forty years old when he made such a sensational showing against Jeffries. Joe Gans is another exception.

PETERBORO MAN AT OLYMPIC GAMES WRITES TO FRIEND

Mr. H. C. M. Potter, of This City, Attended the Opening of the Olympiad—Also Visited the Franco-British Exhibition.

Mr. H. C. M. Potter, of this city, who, with Mr. G. Pratley, Auburn, is visiting in England, writing to a friend in Peterborough, speaks very interestingly of the Olympic games and the stadium in which they are held. In part it is as follows;—

Killarney Cottage.
Southall Green.
Southall.
Middlesex.

We had a splendid voyage. Yesterday we visited the Franco British Exhibition. It is the most wonderful exhibition I have ever seen. At the exhibition we saw the opening of the Olympic games. The Maple Leaf was conspicuous among the athletes, but Canada did not make a very good showing in the races. The stadium in which the games are held is a magnificent building. 40,000 people witnessed the games yesterday, yet the Stadium did not seem half filled so you can imagine what a vast (grand stand) it is. Among the nations' pavilions at the exhibition I think Australia has by far the the grandest exhibit. Canada has a very fine pavilion. There are five exhibits of canoes, among which our Peterborough canoes are conspicuous. In the Canadian pavilion the beaver can be seen at work, showing industry.

This part of Canada's exhibit attracts much attention. It would be useless for me to try to give you an idea of what the exhibition is like. Geoff and I were there six hours and I don't think we saw one-tenth of it. Everything is genuine. No faking at all.

We got a splendid view of the King and Queen and Prince and Princess of Wales, also the young princes. Everyone is looking forward to the Marathon race. Longboat is a pass-word here now. We shall certainly give him a cheer. I hope he will win, but he has some very fast runners to compete against. I guess I can't write more now as we are visiting the Tower of London to-day and also the Bank of England.

Yours truly,
H. C. M. POTTER

TAPPED SUBTERRANEAN LAKE, MEN DROWNED IN TUNNEL

Switzerland, July 24. — A frightful accident early to-day in Lorschelberg tunnel in the Berne Alps resulted in the death of 25 workmen. The men were drilling inside the tunnel and pierced the wall, separating them from a subterranean lake the existence of which was not known. The wall gave way with a crash and a torrent of water and mud rushed into the tunnel filling it. All the men who were Italians, were drowned. Fortunately owing to the early hours, only comparatively few men had entered the tunnel. It is believed that the men tapped the Kander river which flows through the mountains above the tunnel. The water now chokes the tunnel within 100 yards of the entrance.

CANADIANS AT BISLEY.

Fourteen Marksmen in King's Prize Second Series.

Bisley Camp, July 24.—(C. A. P.)—The Canadians who will go into the second stage of the King's prize, 300 yards, are: Brown, Eastcott, Freeborn, McInnes, Jones, Leask, Morris, Pope, Smith, Spittal, Steele, Utton, Bayles. McInnes won his place in the shoot-off.

The Canadians entered for the St. George's Challenge vase, yesterday, a squadded competition in two stages, the first at 500 and 600 yards, the second 900 yards, will be fired on Saturday. The scores at the 500 yards were: Brown 31, Crowe 33, Eastcott 35, Elmitt 33, Freeborn 31, Haystead 31, McInnes 32, Jones 31, Kerr 31, Leask 33, Martin 32, Morris 35, Pope 30, Rowe 29, Smith 30, Spearing 34, Spittal 33, Steele 33, Utton 34, Williams 34, Sclater 33, Mortimer 29, Bayles 35.

Morris, Eastcott and Bayles all scored possibles.

The scores at 600 yards are: S. S. Brown 30, C. R. Crowe 29, W. M. Eastcott 30, T. F. Elmitt 27, Freeborn 29, A. H. Haystead 32 J. M. Jones 31, H. Kerr 27, F. H. Morris 32, Morley Pope 31, G. J. Rowe 27, W. A. Smith 29, R. J. Spearing 18, C. D. Spittal 24, A. Steele 24, F. W. Utton 30, B. M. Williams 33, Sclater 30, Mortimer 24, Bayles 33.

In the shoot for the Imperial Tobacco, squadded competition, 1,000 yards, the following scores were made: Brown 33, Crowe 41, Eastcott 28, Elmitt 33, Freeborn 37, Haystead 34, McInnes 30, Jones 43, Kerr 31, Leask 34, Martin 38, Morris 41, Pope 24, Rowe 22, Smith 24, Spearing 40, Spittal 44, Steele 38, Utton 34, Williams 34, Sclater 25, Bayles 46.

The weather was fine, but light was bad and the wind tricky.

The following men have won prizes: In the Duke of Cambridge match, Leask was 37th and won £3. In the "All Comers' Aggregate," Morris was 6th, winning £3. In the "Stock Exchange" reserve prizes, Crowe, 130th, gets £1; Brown, 169th, £1. In the Barlow, second stage, Morris, with a score of 65 points, was 71st, winning £1.

The Canadian garden party was favored with beautiful weather. About 200 were present. The pavilion was finely decorated. Col. Labelle and Mrs. Donald MacMaster received the guests.

THE MARKETS.

Liverpool and Chicago Wheat Futures Close Higher—Live Stock—Latest Quotations.

Thursday Evening, July 23.

Liverpool wheat futures closed to-day unchanged to ⅛d higher than yesterday, and corn futures ⅛d higher.

LETTERS TO THE EDITOR

The Review Does Not Hold Itself Responsible for Opinions Expressed by Correspondents

THE CHEMONG ROAD

To the Editor of the Review.

Dear Sir, — Something ought to be done to the road leading to Chemong. It is in a very bad state at present, and is one of the worst roads in the county. Surely, when it is used so much and when it is almost the only link between here and Chemong Park, it ought not to be in such a bad state of repair as it is now. At some points even, the rigs, which pass along it, lie at an angle of 30 degrees, an incline which is not only unpleasant but dangerous. When attempts have been made to better the road, matters have been made worse, because farmers threw some sand and gravel into the middle of the road, making it too soft for the heavy vehicles.

This state of affairs is not only unnecessary but intolerable and something ought to be done in connection with it.

A. TRAVELLER.

KERR WINS GREAT RACE

He Captures 200 Metre Event in Olympic Contests.

Winner of Canada's First Victory is Carried on the Shoulders of His Countrymen—Longboat Is In Fine Condition For To-day's Marathon and Is Favorite Contestant—Will Be Protested by American Clique.

London, July 24.—(C. A. P.)—The final in the 200-metre flat race was won by Kerr, Canada. Cloughen, Irish-American A. C., was second, and C. J. Cartmell, University of Pennsylvania, was third. The time for the winner was 22 2-5 seconds. The four men got away to a splendid start. Kerr quickly showed in the front, and although Cloughen made a magnificent spurt at the half-way and pulled up inch by inch, he was unable to catch the speedy Canadian, who crossed the tape 9 inches ahead of him. Cloughen led Cartmell by a foot. Hawkins, United Kingdom, was fourth.

After Bobby Kerr captured the 200-metres final, despite the officials and police, a score of Canadians jumped the railings, seized the victor and carried him on their shoulders to the dressing-room, while others yelled lustily.

Cheers were redoubled when the Canadian flag was raised above "Old Glory."

Art Burn, the Marathoner, almost lost his scalp at a policeman's hands reaching for the winner.

Kerr's victory was very popular generally.

Tom Longboat was at Windsor yesterday and looked fit to run the race of his life. He says he has never trained before for any race as he has for this. He ran a final three miles yesterday, and will rest up now. He is in perfect physical condition and sleeps well. The consensus of opinion in London is that either Longboat or Duncan, the English champion, will win. The Indian likes the course, but would prefer rain and rough weather. Longboat is a general favorite in London. He is recognized wherever he visits, and is followed by crowds in the streets. The best price reported is 5 to 1 against Longboat, but money is scarce.

In the Marathon draw there are fifty-seven probable starters who will go away at 12.30 in rows of fourteen. In the first row are Simpson, Goldsboro, Longboat and Neseworthy.

In the second row are Lawson, Lister and Goulding.

In the fourth row are Tait and Cotter.

Longboat will run under protest from the United States, and the so-called Amateur Athletic Federation of Canada, on the alleged pretext that they desire to protect their own athletes.

In the standing high jump Barber of Toronto failed at 4 feet 8 inches.

The general opinion here seems to be that if not Great Britain, some part of the Empire will provide the victor in the Marathon, the best Canadian or Briton being the choice.

Hefferon, South Africa's best, went to South Africa with the Canadian regiment during the Boer war.

With so many unknown quantities running, betting is practically nil.

After growling about fair play the whole meet, the American tactics showed up terribly in the 400-metres' flat race. Turning into the home streetch Carpenter deliberately ran out, shoving Halswell to the extreme outside, leaving Robbins a free route. The officials declared it no race, while thousands "booed" the offender. Amid uproar the judges examined and photographed the footprints. They are still deliberating. The time was 48 1-2 (unofficial).

Robbins finished two yards ahead of Halswell. The judges broke the tape.

The standing of the countries now is:

Country.	1.	2.	3.	Pts.
United Kingdom	15	*14.	6	130
United States	14	*8	4	90
France	2	2	4	26
Sweden	3	0	4	19
Germany	2	2	3	19
Norway	0	3	1	10
Canada	1	0	5	10
Greece	0	*3	0	9
South Africa	1	0	0	5
Hungary	0	*2	0	3
Italy	0	1	0	3
Australia	0	1	0	3
Denmark	0	1	0	3
Belgium	0	0	1	1
Austria	0	0	1	1
Finland	0	0	1	1

*Includes a tie.

The finals yesterday were as follows:

200-metres—1, Kerr, Canada, 5 points; 2, Cloughen, United States, 3 points; 3, Cartmell, United States, 1 point.

Standing high jump—1, Ewry, United States, 5 points; Tsiclitaras, Greece, and J. A. Biller, United States, tie.

Catch-as-catch-can wrestling—1, O'Kelly, United Kingdom, 5 points; 2, Gunderson, Norway, 3 points.

400-metres—Won by Carpenter, with Robins, American, second, and Halswell, Britain, but declared off and Carpenter disqualified for boring; race to be run over Saturday.

The program for to-day is:

11.00—Pole jump.
11.30—110 metres, hurdles, (120.2 yards), semi-final, two heats.
12.00—1,600 metres, relay race (1,749.8 yards), heat.
12.30—Marathon race (26 1-3 miles.)
2.30—Swimming, 200 metres, team race (218.6 yards), three heats.
2.30 Pole vault
3.00—110 metres hurdles (120.2 yards), semi-final, two heats.
3.30—High diving, final.
4.20—1,600 metres relay race (1,749.8 years), two heats.
4.30—Swimming, 200 metres team race (218.6 yards), final.

Co-operatives Reach Out.

Ottawa, July 24.—The civil servants who have formed a co-operative coal company, now anticipate opening a grocery store on co-operative lines in the fall.

The Canadian Agriculture Department denies that pleuro-pneumonia exists in Canadian herds.

Man and Wife

should study the question of Life Insurance closely. It is of the greatest importance to both. But it requires thought and careful consideration to choose the company in which one would like to take out policies. We would like to talk over this matter with you and show you the advantages that we can offer. Do not delay in the taking out of a policy but, call upon us at your earliest convenience. It is for your own benefit.

THE SUN LIFE ASSURANCE COMPANY OF CANADA

has a series of policies that will bear comparison with those of any other company in the world.

The Double Protection Limited Payment Policy issued by the SUN, embodies unique features which cannot fail to be appreciated by those desiring assurance. Do not fail to investigate this policy.

SOME BREEZY NEWS FROM BEAUTIFUL CHEMONG PARK

Fleet of Gasoline Launches is Being Increased—Raspberry Crop Being Harvested—Personal Notes of Interest.

Special Correspondence.

Chemong Park, July 24.—The summer season is now in full swing here and it promises to be the best yet. There are a great many visitors in the Park and everybody seems bent on a good time.

So far the weather has been ideal for boating. There have been only a very few days in which it was impossible or rather unsafe to do any sailing and the residents have taken full advantage of these conditions. Every day sees thirty or forty small boats five or six dinghies and a host of gasoline launches flying up and down in front of the club boat-house and all agree that there are no better boating facilities in Ontario.

Swimming is as popular as ever with the young people and even the older ones at times cannot withstand the call of the water. Some enthusiasts have erected a spring-board at the steamer wharf where the water is deep enough for all kinds of fancy diving. For those who are more timid there are several fine sandy beaches along the shore and as the weeds have not yet appeared they make ideal spots for wading.

There has not been as much fishing this year as in former seasons, but during the last two or three weeks a number of good catches have been made. Mr. John Pope, who has been a resident of the park for many years caught a 12 lb. lunge, within a half a mile from his boat house. There are fine weed beds at this point, and there is always one or two Isaac Waltons trawling up and down their fronts. Mr. Simmons and Mr. Tully each got a couple of eight pounders and pulled in a dandy bass, while earlier in the season Mr. Peter Nichols got a dandy 18 pounder.

The water this year is a great deal higher than during previous years and as a result the weeds have been kept down. This is a great advantage for the many launches as they can run any place on the lake without fear of being stopped by the weeds. Some of those who own gasoline launches are Mr. Hollingshead, who has a ten horsepower, Mr. Bull, who has a six horsepower, Mr. Brown has an eight horsepower, and Messrs. Young, Elliott and Dickson all of whom have 1 1-2 horsepowers. Mr. E. G. Patterson, of the C.G.E., intends to bring around his 8 horsepower next week and will make a valuable addition to the fleet.

The steamer Manita has taken the place of the Ogemah on the steamboat service and the change is a great improvement over the older and slower vessel. The Manita leaves Bobcaygeon in the morning and gets to Chemong in time to connect with the early bus. She then goes to Burleigh, from which she returns to Bobcaygeon for the night. Many Peterborough people have been taking the trip around the lakes by this route and they say that it is one of the prettiest courses they have seen.

The recent rains were instrumental in bringing out the big supply of berries which is obtainable in this vicinity. Berries have not been so plentiful for years and the woods is full of berry pickers with their pails and baskets. Some of them have picked as many as 50 quarts of them this season.

The dancing pavilion has been moved from its old position on the bank to the more level ground in front of the hotel and has been painted and fixed up like new. Dances are held here almost every night and they are proving varyp opular with the residents.

A large party of young folks came out from Peterborough on the 22nd driving out in buses and spent a very enjoyable night in dancing. It was well on to two o'clock before they arrived home.

There have been no new cottages built this season as yet but many of the residents are building additions and making changes in their cottages, Mr. Alex. Elliott has added another story to one of his cottages and added an open dining room to a couple of the others. Mr. Herb Morphet has also built an addition to his house and Mrs. Carmichael is having a new verandah added to her cottage.

There have been no bad fires in this neighborhood so far this season However, as there were a couple of large straw stacks burned across the lake a couple of weeks ago and made a pretty sight for a while.

Great preparations are going on in connection with the coming regatta and it promises to be a record-breaker. There will be a meeting of the Regatta Committee at the club house, when final arrangements will be made As usual excursions will be run to Stony Lake and Sturgeon Point regattas and Chemong paddlers will enter the sports at these points.

There was a rather bad storm about the fourth of July, during which Dr. Young's launch broke away from her moorings and floated down the lake. Luckily the wind was strong enough to turn the boat and it went ashore on a sandy bar just in front of the hotel. The boat was rescued before any harm was done.

BRIDGE CONTESTS

Great interest is being displayed in the bridge contests between the Park and the Annex. At last week's contest the Park won out by a majority of 2,400 points. The Annex, however claim that the Park imported players from town for the occasion. It is the intention to have several of these contests in the future and as a strong, but good-natured rivalry exists between the parties, some good fun is assured.

Mrs. Thos. Hay entertained the staff of the Bell Telephone at her cottage Wednesday evening.

Mr and Mrs. W. H. Graham, of Toronto, are spending a few days in the Park

Mrs. Peter Campbell is the guest of Miss Archer at the Park.

Miss Dennistoun, of Peterborough, is spending a few days with Mrs. Glottin.

The residents of the Park are loud in their praises of Mr. H. H. Hollingshead's shore teas which they say are excellent.

Mr. Dave Bull leaves New York next week to join his family at Chemong. He intends making the trip in a gasoline launch of his own construction. He will proceed by water from New York to Rochester where he will ship the boat by railway to Port Hope where he will launch the boat again.

Miss Craig of New York who has been visiting here for a few days, left Wednesday for home.

The Hopwood boys are bringing a few friends from Toronto on Saturday to spend a few days at the Island.

There are quite a few autos at the Park this Summer. Mr. Sumis of Toronto has a fine red one which is frequently in Peterborough. Messrs. Eastwood and Lundy can make the trip from the city to the Park in less than 15 minutes. This is very good travelling, considering the state of the roads.

Mrs. Flannigan, of Almonte, is spending a few days at Mrs. Eastwood's cottage.

Mrs. Dendeken of Buffalo, leaves for home to-day.

Residents of the village are greatly depressed over the serious illness of Mrs. Grant who has been ailing for some time. It is to be hoped that she will shortly be in good health

Mr. Oliver Milburn is the guest of Mrs. Thos. Hay at the Park.

Mr. Patterson's fine new launch is expected to arrive Saturday afternoon.

Mrs. Will Matthews of Ottawa, is spending a few days with Mrs. T. F. Matthews at the Park.

The Annex had a hay rack party across the floating bridge to the Ennismore shore a few days ago. They report a very fine time with plenty of fun.

Mr. Hopwood has just finished adding a new verandah to his house at the Island.

Miss Bolster is the guest of Miss Carmichael at the Park.

Considerable discussion is going on as the reason the cottagers have for fencing in their lots. The secret may come out later.

A RE-UNION

There has been a re-union of the Denne family during the past week, about fifteen gathered at the cottage and a fine time was spent.

Mrs. Baldwin, of Toronto, is a guest at Mrs. Lundy's cottage.

Mr. E. G. Patterson, of the C.G.E., is occupying Overend's cottage at the park this season.

Mr. Harry Denne intends to erect a fine new residence next Summer near his present boathouse.

There have been numerous children's parties at the Park this season and many good times have been spent.

Mrs. Ondrum, of Toronto, is the guest of Mrs. Kelly of Ennismore.

Mr. Bull has been greatly instrumental in adding to the season's pleasures by his many launch parties. They are much enjoyed by the residents.

Mr. E. F. Gordon, of Buffalo, is occupying Mr. John Pope's cottage at the Park.

The park residents are much incensed over the actions of certain of the boys who persist in shooting the squirrels and chipmunks. It is to be hoped that the shooting will stop in future.

Service will be held at the pavilion this Sunday at 11 o'clock, Mrs. Batty of Peterborough, will lead the service.

The following are a few of the Peterborough people who have registered at the Chemong hotel during the last few weeks.—Wm. Butcher, S. W. Rush, J. D. Sutherland, H. Sullivan, E. F. Patterson, A. Ackerman, Mr. and Mrs. Geo. G. Gladman, Miss Marjorie Gretchen Gladman, Wm. Snowden, Wm. Milburn, W. A. Weart W. R. Parnell, A. Greer, M. Hart, C. A. Sullivan, W. Armstrong, W. Sisson, E. McGregor, J. Gloughlin, W. Grady, Roland Fairbairn, H. Marsh, Mrs. Marsh, Mr. and Mrs. W. H. Moore, C. W. Rogers, Col. Rogers, R. J. Soden, B. A. Oke, W. B. Warne, E. Warne. The following are some of the outside people, who have registered at the hotel.—P. Robertson, Herb Stenson, Jean Brown, Trenton; Mr. H. Needler, Miss L. Burrows, Mrs Thos. Sadler, Miss F. Saddler, Miss Moner, Miss J. C. Sullivan, Lindsay; W. F. Doyle, Toronto; G. C. R. McDonald, Millbrook; R. Palmer, Davidson Sewers, Mrs. Smith and family, Cleveland, Ohio; Mrs. Meriman, Pittsburg, Pa., Miss Martha Smith, St. Louis, Mo.; H. H. Hawkins, Toronto; H. E. Bayley and family, Brooklyn, N.Y.; Lady Larmonth, England; Lady Belcher, England; Mrs. Waterford Smith, New York; J. F. Adams, West China.

DRINK JOHNS' TEA

MUCH SILVER AT MARMORA

Metal is Being Produced at the Rate of 15,000 to 20,000 Ounces per Day

The Marmora Herald says: We note with much interest that the shipments of ore are steadily increasing. Two and sometimes three cars may be seen at Marmora station at one time, and the teams are busy drawing it to the Deloro Mining and Reduction Co's works at Deloro. This is very satisfactory to look at, but it is still more satisfactory to see the two wagon loads of bullion being shipped regularly. As many as 185 bars of pure silver have been shipped at one shipment in an express car sent specially for the occasion. People in this community, perhaps, can hardly realize what an industry of this kind actually means, or grasp the magnitude of it. The silver is being produced here in our midst at the rate of 15,000 to 20,000 ounces per day

TWENTY YEARS MADE A CHANGE

Mr. W. B. Miller Who Was Here Yesterday, Attended School in Peterborough

Mr. W. B. Miller, of the firm of Tooke Bros. Montreal, was in the city yesterday on his way to Toronto. He attended school here some twenty or twenty-two years ago, and has not seen his native city since he left the Collegiate. He was greatly surprised at the growth of the city, and expresspressed himself as highly delighted with its appearance.

Before leaving for Toronto he took the occasion to visit the lift lock, and was greatly taken with the wonderful ingenuity displayed in its construction.

Mr. Miller who has travelled extensively throughout the whole of Canada, was led to remark, that Peterborough was the most enterprising city for its size he had ever visited.

CARPENTERS AND JOINERS

The regular meeting of the United Brotherhood of Carpenters and Joiners will be held in their hall, on Simcoe street, on Monday evening, July 27th. A large attendance is requested. John Alexander, President; Geo Sloan, Secretary.

PERSONAL

Mr. Alex. Mulhern spent yesterday at Chemong park.

Mr. Stanley Pringle is spending a few days with Colin Lee at Stony Lake.

Rev. Mr. Major of All Saints' has received an appointment in connection with St. George's church at Montreal.

AN EXCURSION FROM OSHAWA

Will be Run to This City on Thursday July 30th.

The Metcalf Methodist Sunday school of Oshawa will run an excursion to Peterborough on Thursday, July 30. The picnic will be held at Jackson park. It is expected that a large crowd will be in the city that day as many will come from Port Hope and other points along the line.

The Brotherhood of Locomotive Engineers is in session at Ottawa.

Your eyes are worthy of the Best Lenses, supplied by Optical Specialists of most extensive study and experience. Our lenses are ground by experts in lens making, and are of superior quality and workmanship. We find such beautiful lenses appreciated, and this is one reason for our ever increasing patronage. There are other reasons also. We make appointments for both day and evening examinations of the eyes for glasses, but our office is CLOSED EVERY THURSDAY AFTERNOON UNTIL SEPTEMBER.

SPLENDID PROGRAMME IS ARRANGED FOR THE PICNIC

Three matches between the Examiner and Review will be features of the Printers' Picnic at Idyl Wyld on Civic holiday, August 10th.

The old rivals will meet in a baseball match, tug-of-war, and quoit match and there should be some rare sport A mud slinging contest was suggested but B. F. Huston objected stating that he had done so much of it of late that his throwing arm was sore. Josh Craig will be right at home with the quoits while Jim Clarke will be at the end of the rope which some might consider his proper place. However, we do not want to be too hard on him.

The Review holds the baseball trophy which it won last year and will of course be able to hold it as Paxman, who was the mainstay of the Examiner nine has gone back a lot since last year. in fact he has gone back so far that one can hardly see the smoke of his three-for-five Marjanna cigar.

In addition to the above there will be an excellent programme of sports and other features. The list will be published later. The steamer Otonabee will carry the excursionists and the picnic will be bigger and better than ever. A monster crowd will take it in.

WOMAN CHOPPED HER THUMB OFF WHILE SPLITTING WOOD

Mrs. Fred Leggin who resides at 159 Hunter street, Ashburnham, on Wednesday evening last chopped the thumb of her right hand off. She was out in the shed about six o'clock chopping some light wood to prepare supper. Dr. Frederick was called and dressed the injury. As the woman's husband is out of town, there was no one to look after her and she was removed to St. Joseph's hospital.

Mrs. Leggin has three small children, the oldest of them being only eight years of age. With their mother in the hospital the little ones were left alone. The Children's Aid Society was notified and had them removed to the shelter where they will remain until their mother is better.

Keep Cool Keep things cool This is easily accomplished by using one of Best's best refrigerators. All prices. Better buy Best's now. Next to Post Office.

Experienced farm hands are offered $25 to $40 per month in the west.

GREAT SKILL

Great skill is required by the man who would be a good watchmaker. Years of training and practical experience are needed before one is competent to repair a fine and complicated watch. Every watch left with us for repairs receives the best attention of skilled hands. All kinds of Clock, Jewelry and Optical repairs.

BIG TOWER IS A RUIN BAD FIRE AT KINGSTON

Hundred and Twenty Foot Cupola is Set Ablaze by Plumber's Solder Pot and Crashes Down With Crowds Looking on—Inadequate Water Supply Hampers Firemen.

Kingston, July 25.—There was $10,000 loss yesterday by the destruction of the dome of the city hall, caused by coals from a plumber's pot falling among waste material about the city clock dials, which were being repaired. This was at 3.30 o'clock. In an instant a sheet of flames burst and ran along the flooring into the bottom of the clock.

The dome stood 120 feet above the street. The firemen worked hard, but were hampered by inadequate water supply. The Calvin Wrecking Co. of Garden Island sent over a fire crew on the wrecking tug Frontenac, and they worked hard in saving the hall. The Frontenac pumped water from the lake. At 4.20 o'clock the cupola came down with a great crash, falling on the east wing. The falling of the belfry sent a thrill through the crowd as it edged over and crashed on top of the city hall roof. It soon burned out, however, after it was given a few splashes of water. The big bell, which has done faithful duty since the last city buildings in the seventies dropped before the cupola fell. It went down into the centre of the dome, lodging on the clock's works.

The painting of Sir John A. Macdonald and Chief Justice Hagerman were slightly damaged by water, but were not seriously injured. The loss is $10,000, covered by insurance in 18 companies. The city hall dome light was used by mariners who will have to take other marks until repairs are made. A steel structure will now be put up.

The city hall was built in 1840 and intended for Parliament purposes when Kingston was made the capitol of Upper Canada, which never happened.

VAULT TO BE PUT UNDER CHAPEL AT CEMETERY

Many Improvements Have Been Made at Little Lake Cemetery—Grounds Looking Beautiful.

The local cemetery is now looking in the best condition. The plants are all in full bloom and the many artistic flower beds and hedges are as neat and pretty as one could wish for. Mr. Wise, the caretaker, has received many flattering letters from travelling Americans this summer and all say that Peterborough possesses one of the most beautiful burying grounds in America.

Many improvements have been made in the past two or three months and many more will be undertaken in the future.

The fountain which is placed at the entrance to the grounds and which before stood in a low basin sunk in the ground has been raised and surrounded by a large pile of white stones. The fountain was never very satisfactory in its old position but now it is working splendidly.

The caretaker's old office in the cemetery is being remodelled and made into a women's lavatory and waiting room. Messrs. Adamson & Dobbin have the contract for the work and they are at present engaged on it.

The tank house which stood on the top of the hill near the chapel, has been removed to the water's edge where it will be used as a tool house for the workmen. The ground which it formerly occupied has been opened up as a burying ground and is being put into good condition by the caretaker.

It is expected that next year the vault will be removed from its present position and placed underneath the chapel. This would be a great improvement and will, no doubt be carried out.

THE HONORS ARE CONFERRED

Recipients of Titles Are Given Decorations by Prince of Wales.

Quebec, July 25.—Sir James Pliny Whitney, Premier of Ontario, received his knighthood at a private ceremony, the only spectators being the Governor-General's party, the officers, the persons to be honored and their wives. At the west of the room a throne was placed, and on the dais stood His Royal Highness. On his right was an A.D.C., and on his left his Hindu attache. The military men were in full uniform, and the rest in morning dress. All but the royal guest stood at the far end of the room, men and ladies being separate. The names were read out by the A.D.C. while the Hindu held the decorations.

Each one advanced three steps, and made a deep obeisance, then three more steps and bowed again, and afterward advanced to the foot of the throne. Those who were to receive knighthood knelt down on one knee upon a cushion, and His Royal Highness touched each one on the right shoulder with his sword, and on the left, bidding him "Arise, Sir James Whitney." Then the insignia was placed around his neck, or, in the case of lower degree, pinned upon his breast by the prince.

Smugglers Must Pay Up.

Windsor, July 25.—Two hundred Windsor citizens will receive notices in which they will be requested to report to the customs office and pay duty on certain articles of wearing apparel which the customs officers have discovered were smuggled into the city upon different occasions from Detroit.

Girl Drowns at Temagami.

Temagami, July 25.—A boating party of about twenty were returning here late in the evening on one of the small steamers when Miss Mary Barrett, adopted daughter of Daniel O'Connor of Temagami, was suddenly thrown back by a lurch of the boat and drowned before she could be rescued.

$10,000 Fire in Toronto.

Toronto, July 25.—It took half an hour's hard skirmishing, in volumes of suffocating smoke, before the firemen finally landed on a blaze which caused about $10,000 damage in Crean & Son's hat factory, 12 to 18 Bulmuto street, yesterday.

He Found the Leak.

Belleville, July 25.—A man in the Bloomfield Farmers' Canning Factory went to look for a gas leak with a light yesterday. He found it, and the explosion threw him about 10 feet and blew off about 20 feet of the roof.

Grey a Privy Councillor.

London, July 25.—(C. A. P.)—The King has approved the appointment of Earl Grey as a privy councillor.

BANK CLERKS ARE SENTENCED

Brockville Burglars Get Five and Two Years

Brockville, July 25.—In the County Criminal Court yesterday, Judge Reynolds sentenced Benson Dickson and Leslie Sheridan, the two Crown Bank clerks, and Roderick Eyres and James Bulling, who appeared on charges of theft.

Against Dickson there were four charges, involving theft, burglary and of operating on the Grand Trunk in robbing express cars, the methods being to board the night train at this station, loot the express car and leave the train west of here. All pleaded guilty, and their counsel made strong pleas for clemency, but Judge Reynolds thought that the law should be upheld.

The judge sentenced Benson Dickson to five years in Kingston Penitentiary. R. Eyres was given two years in the penitentiary at hard labor and L. Sheridan and Bulling allowed to go on suspended sentence.

Big Milling Company.

Ottawa, July 25.—The Ontario & Manitoba Flour Mills Co. with a capital of $750,000 has been incorporated to carry on a grain and milling business. Headquarters will be in Ottawa. A. W. Fraser, J. G. Gibson, J. Mulhall, P. H. Williams, James Gibson, A. J. Mather and N. J. Kerr are incorporators.

Wolfe Memorial Service.

London, July 25.—(C. A. P.)—A stately memorial service was held in St. Alfige's, Greenwich, Wolfe's burial place. Sir George White represented the King, and a number of civic dignitaries were present, also a detachment of Wolfe's regiment. The Archbishop of Toronto delivered an address.

Fishermen Picked Up.

Halifax, July 25.—Completely exhausted from having been without food or water for two days, two Gloucester fishermen, Neil Hawley and Alfonso Hawick, both of the American schooner Senator, who strayed from their vessel in fog on the Banks, were picked up by the Spanish trading ship Nantilius and brought to Halifax yesterday.

Degree for Earl Roberts.

Toronto, July 25.—The Senate of Toronto University held a brief meeting last night to complete the arrangements for the degree of LL.D. upon Earl Roberts. The degree will be conferred by Vice-Chancellor Moss in Convocation Hall, at 3 o'clock on Aug. 7.

Lightning Burns Barns.

Chatham, July 25.—Fire started by lightning at 3 o'clock yesterday afternoon burned three barns belonging to Cyril Thibodeau on the creek road, Dover. One of the barns contained 40 acres of threshed wheat, and another his total hay crop.

THE REVENUE HAS DECREASED

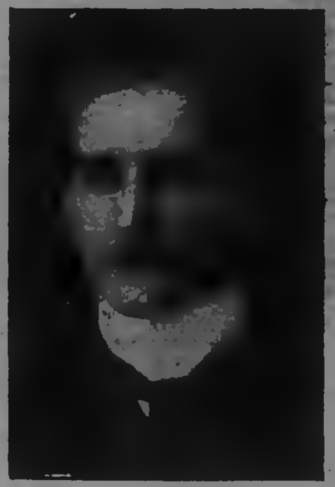
Big Falling off in Government Receipts in Three Months.

Ottawa, July 25.—The financial statement for the month of June, just issued, shows a falling off in revenue of nearly $1,200,000, as compared with June, 1907.

For the first three months of the fiscal year the falling off has been $4,394,460. A shrinking in customs revenue more than accounts for the decrease in the collection, showing a shortage of $1,436,000.

The expenditure during the three months is slightly under the expenditure for the corresponding months of last year. Final figures for the last fiscal year show a normal surplus of $14,413,054, but against this must be charged an increase in the debt of $14,288,990.

TO SUPPLY AT KNOX CHURCH



REV. JOS. CORDNER
Of Montreal, who will supply at Knox church during month of August.

They Were Not the Men.

Toronto, July 25.—Detectives Wallace and Kennedy, with four jail guards, took a wild ride in two autos, sixteen miles out, to Clarkson's, last evening, in anticipation of rounding up most of the seven men who escaped from Toronto Jail last week.

The worst they found was five burly young tramps, who had "nested" in a sequestered part of Thomas Aldwell's bush.

SEVERAL RIOTS IN BOMBAY, INDIA

Soldiers Fire Volley Into Rebellious Hindu Mill Hands.

Bombay, India, July 25.—Serious rioting has followed the strike declared Thursday by 20,000 mill hands as a protest against the sentence of imprisonment of the Nationalist leader for seditious utterances.

Yesterday afternoon the mobs spread over the mill district and held up the Poona mail train. They finally had to be driven off by volleys from the military.

Europeans are jeered and stoned whenever they appear on the streets and when the police and troops made rescues they are frequently obliged to use their revolvers.

There have been heavy casualties as a result of the firing.

All the available military, including the volunteer rifles and the light horse, have been called out.

In the course of the evening a defiant and fanatical mob bombarded the office of a police magistrate with heavy paving stones. The volunteer rifles were called into the rescue and fired on the natives.

Five men are known to have been killed and 43 wounded have been taken to hospitals.

Hughes Will Run Again.

Saranac Inn, N.Y., July 25.—Governor Hughes last night issued a statement to the effect that he is willing to waive the personal reasons which have impelled him to say privately that he could not consider another term as governor, and if re-nominated will accept and stand for re-election.

Fireman Hurt.

Chatham, July 25.—Charles Rodgers, a C.P.R. fireman, whose home is in London, while adjusting some of the machinery on his engine, fell off while on its way here from Windsor Thursday, badly bruising and lacerating his right knee and side.

Wealthy Woman Suicides.

Vancouver, July 25.—Mrs Charles Gordon, a wealthy woman, who came here five weeks ago from Los Angeles, accompanied by her husband and one son, committed suicide by shooting herself through the heart while camping at North Vancouver.

Fed Soup Through a Tube.

Prince Albert, Sask., July 25.—The six Doukhobor women sent here from Yorkton have refused to eat, and Warden Kerr of the prison is having them fed soup with a tube.

They attempted to discard their clothes, but were stopped.

THE TROOPS ARE REVIEWED GRAND MILITARY SPECTACLE

Prince of Wales Officially Hands Over Plains of Abraham to Canadian People—Immense Crowd Watches Biggest and Most Splendid Ceremony in the History of Canada.

Quebec, July 25.—The Prince of Wales yesterday consummated the work of the national battlefields commission, whose labors for many arduous months have now attained the satisfaction of success. The prince, addressing the Right Hon. Earl Grey, made a brief address in which he officially handed over to Canada in trust forever the historic battlefield of the Plains of Abraham as "a permanent shrine of union and peace."

Simple as the act was the occasion was made the opportunity for a display of military splendor and power which has not before been approached in Canada. Probably the review next in importance was held at Toronto when the Prince of Wales made his visit in 1901.

At least half as many more troops were present yesterday than seven years ago, and they included the pick of Canadian forces, while the addition of the naval forces, including the contingent from the French and American warships, was unprecedented.

As a popular spectacle the review was an entire success from the line-up till the last wild furious charge of the two batteries of field guns across the parade grounds, an evolution thrilling in its spirited action and eliciting a storm of cheers.

All morning the troops were assembling, those from the distant camp of St. Joseph de Levis having a heavy and early march. At 8.30 the sailors and marines of the United States and French warships marched up Mountain street, en route for the plains.

At 10.25 the whole force was drawn up in review order and called to attention. In a few minutes with a brilliant staff the Prince of Wales appeared in major-general's uniform riding a black charger. "Bobs" was a prominent figure with his field marshal's baton, and was repeatedly cheered as he led the Royal Canadian Artillery and the Queen's Own of Toronto.

As the staff passed along the line a medley of the national anthem sounded from the many bands, playing each on their own start. This done, however, Lavallee's great anthem, "O Canada," rang forth on one regimental band, and as this ceased another took it up as the staff passed along the extended line.

After the inspection the prince dismounted and the ceremony of making over the battlefields to Lord Grey was performed. The prince then remounted and sat like a statue during the eighty minutes following, except for the regular salute as the regiments passed along, or a remark exchanged occasionally with Sir Frederick Borden, who stood beside him throughout.

The French sailors were four companies strong with band, and received loud cheers from their Quebec cousins.

The Americans had many compatriots in the crowd, and some of them thought their Government was rathed stingy in only sending one warship. They did not understand how big an occasion it was, the visitors explained. However, the New Hampshire men, with their band playing "Nancy Lee," and "Rocked in the Cradle of the Deep," with a company of marines and four companies of sailors, worthily represented the republic. The prince saluted the Stars and Stripes with evident pleasure.

The jack tars of the British fleet, hauling two batteries of field guns, and with a host of men with fixed bayonets, shining in the sun, they were cheered almost as heartily as "Bobs," and the little powder monkeys and the fine lieutenants and the brawny sailor boys all marched as if the whole thing depended on each individual man.

At the conclusion of the parade the prince personally congratulated Gen. W. J. MacDonald on his success in mobilizing so large a force. His Highness also sent a message to Sir Frederick Borden expressing his appreciation of the review.

The influx of visitors reached its height yesterday and the streets, especially between Dufferin terrace and the court house, are densely thronged at all hours. Many vigorous complaints are being heard concerning the deplorable lack of accommodation to meet the heavy demands. How many thousands of visitors have been compelled to forego meals yesterday through sheer inability to obtain food it is impossible to say.

A number of prostrations from the heat have occurred.

THE CELEBRATION AT QUEBEC

15,000 men under canvas at Savard Camp.

THE PRINCE IS OFF FOR HOME

Royal Salute Was Fired by Combined Fleet as He Set Sail

Special to the Review

Quebec, July 25.—His Royal Highness the Prince of Wales, embarked at the King's wharf, at 10.30 o'clock, this morning and passed down the line of assembled ships of Great Britain, France and the United States. A royal salute was fired by the citadel as His Royal Highness left for this visit.

◆◆◆◆◆◆◆◆◆◆◆◆◆◆◆◆◆◆◆◆◆◆◆◆◆◆◆◆

A SUGGESTION

The Review would suggest that Fred Simpson, the Mississauga Indian and representative of the Peterborough Y.M.C.A. be fittingly recognised No doubt the Y.M.C.A. will attend to their part of it, but it is hoped the council will also do something worthy of the occasion. They would be supported by the citizens generally. A private recognition is not a civic one, and Simpson is entitled from every point of view, to the heartiest endorsation of the city as a whole.

◆◆◆◆◆◆◆◆◆◆◆◆◆◆◆◆◆◆◆◆◆◆◆◆◆◆◆◆

WANT TO SHOOT EVERYTHING COMING ALONG

Too Many Firearms in Use Down the Otonabee Should be Stopped

There is some complaining about boys and others who are no longer boys, using firearms down the Otonabee. They shoot squirrels, chipmunks, birds and everything else that comes along, merely for the love of killing. Not only are their actions cruel, but they are a nuisance and a danger.

"This shooting should be stopped by the authorities" was what a canoeist said last night.

TRENTON TO VOTE ON LOCAL OPTION

Trenton, July 24.—At a large gathering of citizens in the Opera House on Monday evening, the principle of local option was heartily endorsed. A resolution was passed favoring the commencement of an educative campaign and of making provision for the submission of a by-law. Mayor Funnell presided, and the question was freely discussed from all standpoints. Further public meetings will be held after the holiday season.

LEASON MINE AT STONY LAKE IS VERY PROMISING PROPERTY

Work of Development Going Ahead Rapidly—Nuggets Show Large Percentage of Copper—Blue Mud Rich in Silver.

Work is going ahead rapidly on the development of the Leason copper mine at Stony Lake.

The shaft has been sunk on the J. B. McWilliams property, which is located on Clear Bay, about two miles from Crowe's Landing. The mine is situated a few rods from the shore.

Mr. McGinnis, the foreman at the mine and Mr. Eakin, one of those employed in the work of development, were in the city yesterday securing some machinery to be used at the mine. The Review was informed that the shaft is down about sixty feet at the present time, and seven men are constantly employed. Several large nuggets of copper have been found, some of them testing as high as 33 per cent. in copper. The blue mud in which the nuggets are found, has been assayed and found to be rich in silver.

The property is being developed by a Pennsylvania capitalist, who has faith in the mine and is expending a large amount of money on it.

The same property was developed about thirteen years ago, when two shafts were sunk, but without adequate returns to justify any further development. The shaft, which is now being put down, is just between the two old ones, and appears to be in the right spot. It is being sunk at an angle in order to follow the vein, which was discovered at the surface of the ground.

Mr. McGinnis, the foreman, is an expert miner, having formerly been employed at Cordova.

CANADIAN SENATOR REFUSES TO DRAW HIS $2,500 A YEAR

Who would refuse a pay cheque when his labors were ended? There have been stories told of members of the House of Commons who did not take their sessional indemnity because they didn't need it to keep the wolf from the door but more likely was the story recently told of the Portuguese minister who drew 20 years' salary in advance, just because the opportunity came to him.

Canada now has a Senator who does not accept his sessional indemnity and who has not accepted it since the amount of a member's allowance was increased from $1,500 to $2,500, and there is the greater part of $7,500 coming to him. That man is Senator Josiah Wood, of Westmoreland, N.B. For three years he has not taken his cheque.

The reason for this is not far to seek. Senator Wood was bitterly opposed to the increase when it went into effect. He took it that the money given to a member of Parliament was in reality an indemnity and not in any sense a salary. Acting on that principle he has drawn from the treasury only enough to indemnify himself for expenses—that is he has drawn "board money" or about $700 or $800 a year. The balance lies there forever to his credit as a claim against the Crown never dies and will probably be collected by his executor. If so Canada would gain nothing in the end.

Another reason why Senator Wood does not take the cheque is, perhaps, that he does not need the money. He is immensely wealthy and is said to have more ready money at his command than any other man in New Brunswick.

CARPENTERS AND JOINERS

The regular meeting of the United Brotherhood of Carpenters and Joiners will be held in their hall, on Simcoe street, on Monday evening, July 27th. A large attendance is requested. John Alexander, President; Geo Sloan, Secretary.

THE GREATEST FAMILY MEDICINE OF THE AGE

Based upon the Juices of Fruit—"Fruit-a-tives" Has Made a Name For Itself In Every Part of Canada at 50c. a box

ALSO PUT UP IN 25c. TRIAL SIZE

"Fruit-a-tives" is now a household word throughout Canada. From ocean to ocean these wonderful fruit liver tablets are used and praised in thousands of homes.

No other medicine, of late years, has made such an unqualified success with the whole Canadian people as "Fruit-a-tives," and in the comparatively short term of four years. As an indication of the way they are selling it may be mentioned that several of the large wholesale drug houses are ordering in 100 gross lots. That means 14,400 boxes of "Fruit-a-tives" to be retailed at 50c a box, amounting to $7,200.00.

No doubt there are thousands of people who have felt that they could not afford to risk 50c just to try "Fruit-a-tives." To meet them half way "Fruit-a-tives" are now put up in a special trial size which sells for 25c. in order that every man, woman and child may find out the benefit of these splendid tablets.

Whatever your trouble may be—Constipation, Biliousness, Liver and Kidney Trouble, Skin Diseases, Rheumatism, Sciatica, Neuralgia, Headaches, Indigestion, Dyspepsia,—"Fruit-a-tives" will surely help you.

Remember the new 25c trial size, in addition to the regular 50c boxes. Let us know if your dealer cannot supply both sizes. Fruit-a-tives Limited, Ottawa, Ont.

The Daily Review

SATURDAY, JULY 25, 1908.

THE PRINCE AT QUEBEC

So far everything seems to have gone well with the Empire's future head, and we hope it may continue so. Such will be the wish of every Canadian. It was a pity that he could not have brought the Princess with him, but she has been here before, and knew that her husband would be amongst friends. The pageantry of the Tercentenary has evidently appealed to the public for the crowds are large. They have been most cordial in their recognition of the celebrities. When all is over some may ask what good has been done in view of the vast expenditure. There are worse things, however, than a picnic sometimes, even if it is not necessary to preserve history. The celebration will not be a footnote to the record of time, in fifty years. But it has served to bring His Majesty's representative here, and "Old Bobs" which atones for a lot.

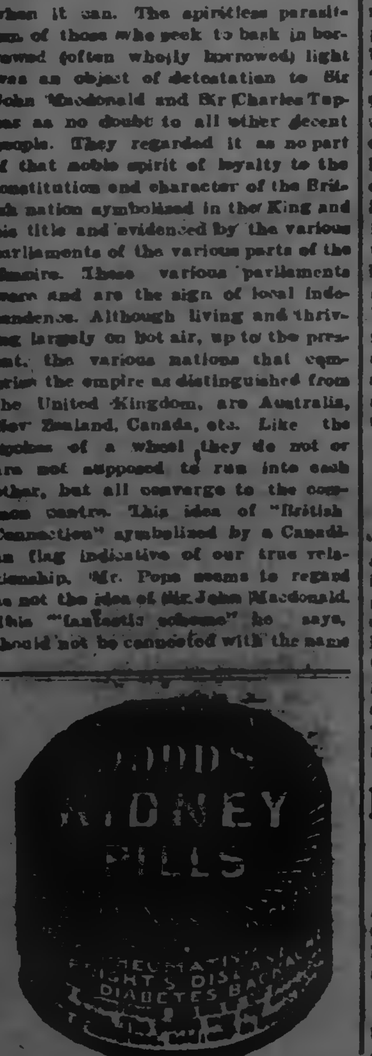
THE CANADIAN FLAG

At the present time a controversy is raging between two well known Canadians, Mr. John S. Ewart and Mr. Joseph Pope, on the Canadian flag, the history of colonial relationship with Great Britain and on the evolution of Canada as an integral part of the Empire comprised in that portion of the King's title, "British Dominions beyond the Seas." Mr Ewart apparently maintains that Sir John Macdonald meant Canada to be loyal to the throne and not simply to the English as a people. The latter involved a subserviency that no one thought of except, perhaps, a few petty tuft-hunters and parasites. The human parasite is a growth of the clinging or courtier class which thinks life in the sunshine of the 'Upper classes" pretty nearly Heaven itself. It also loves to "patronise" when it can. The spiritless parasitism of those who seek to bask in borrowed (often wholly borrowed) light was an object of detestation to Sir John Macdonald and Sir Charles Tupper as no doubt to all other decent people. They regarded it as no part of that noble spirit of loyalty to the constitution and character of the British nation symbolised in the King and his title and evidenced by the various parliaments of the various parts of the Empire. These various parliaments were and are the sign of local independence. Although living and thriving largely on hot air, up to the present, the various nations that comprise the empire as distinguished from the United Kingdom, are Australia, New Zealand, Canada, etc. Like the spokes of a wheel they do not or are not supposed to run into each other, but all converge to the common centre. This idea of "British Connection" symbolized by a Canadian flag indicative of our true relationship, Mr. Pope seems to regard as not the idea of Sir John Macdonald. This "fantastic scheme" he says, should not be connected with the name of Sir John, the guiding principle of whose long and eventful life was British connection and for whom the visible symbol of that intimate union stood as a pillar of cloud by day and a pillar of fire by night" Now, Mr. Pope was Sir John's private secretary and wrote the only life of him worth reading. But no man can read the history of that great man without realizing that he was loyal to the Throne and that he was British because he was Canadian not because he wished to renounce all idea of a Canadian nationality. He was Canadian first and foremost. He was a man of that pride of spirit which characterizes the Scotch stock from which he sprang. We have read and pondered over the various "lives" of the great Canadian Commoner but fail to find in them anything to substantiate Mr. Pope's theory. We have heard Sir John publicly and off the platform on more than one occasion express his loyalty to the British Constitution with quite apparently no idea of a mere parasitical snobbishness. Sir Charles Tupper was likewise no mere courtier with a crawling gait. Nor is he now. This "colonial" business has been overdone. We would not be worthy of the stock from which we spring if we felt otherwise. A father likes to see a proudspirited son. John Bull & Co. laugh consumedly at those who "affect"— Heaven knows what They have enough of that "over there" We are no more than what we are but we are at least that. Such seemed to be Sir John's idea. He was loyal as a true man always is but not as a cad or a parasite. It is such men that build up Empires. They found them on love and respect for what is good and really great, even if they do not always practise it themselves. It has been said and said truly that the difference between the great and the small man is not a difference in kind but in degree. The one is great in his ideas, his aspirations and his virtues. He sometimes sinks to a lower level in his vices. But the small man is irredeemably small in everything. He is envious, churlish and selfish, mean, even in little things and not even "great" as a fool. Such men Napoleon swept aside. It is the petty schemer, that spoils life. The burglar and thief we gaol but the "schemer" escapes. Yet we know each other all too well for him to get clear away. There is no ultimate fear of that. Time tells. While Sir John had his weaknesses in his love of power and other things that sometimes betrayed him as they do other and lesser men yet he was great in most things and as such we should honour him. The idea that some Englishmen seem to have had that Canadians are loyal to them is a mistake. We are much a part of the Empire as they are, although not of course as important a part. Sir John Macdonald, above all men insisted upon this point. Mr. Pope does not seem to give it its full value.

WILL TALK IN VAIN

Stratford Herald.

Sir Wilfrid Laurier is announced to address a series of political meetings in Ontario beginning in the latter part of August. The Premier will no doubt meet a hearty reception from his supporters, but he will woo Ontario in vain. There is a majority against him in the province now and all signs point to an increase of that adverse majority at the next general election.



NEW HELMETS FOR POSTMEN

The postmen of the city have been provided with new helmets that are said to be just the thing for this hot weather. They are light and cool and exceedingly natty in appearance.

The steamer City of Chatham grounded on a sandbar near Chatham while assisting a launch.

"LA PATRIE" ON THE DESTINY OF THE FRENCH-CANADIAN RACE

We append a translation of the editorial comment of "La Patrie" upon an editorial of 'L'Etoile' of Lowell, Mass. The Franco-American editorial is as follows (translation);—"In spite of the somewhat imperialistic and British note of some parts of the show, Franco-Americans, who visit Quebec during these truly memorable celebrations, will return, we are quite sure, more convinced than ever of the designs of Providence concerning this little people, Catholic in religion, and of the French tongue, which has undertaken, with a courage that nothing can check, to repeat the "Gesta Dei per Francos" on this side of the great lake. They will return from Quebec with a loftier idea of their race, a clearer conception of their national duty, a more pressing call to contribute with all their might to perfecting the work begun by Champlain in 1608."

The French-Canadian comment is as follows;—"A large number of our compatriots from the U.S. have taken advantage of the fetes of the Quebec Tricentenary to come and spend a few days in their native land in the midst of their relatives and old friends. L'Etoile, of Lowell, Mass., says that the demonstrations which the Franco-Americans are witnessing will not fail to revive the faith which they have in the destinies of our race upon the American continent, . . . It is certain that the magnificent and unique spectacle, which the Americans will be witnesses of, will leave upon their minds an enduring impression and they will return to their country with enlarged ideas. If they have eyes to see, an intelligence to comprehend, not merely our neighbours of the U.S., but also our fellow-citizens of other provinces, will take note that the French race has, upon this continent, rights certain and inviolable, that it is more numerous and stronger than ever and that it will continue to develop and strengthen itself the while it is accomplishing in the shadow of its spires and altars, the mission which Providence has entrusted to it. We are quite sure that every outsider who pauses to reflect upon the meaning of these tricentenary fetes, will recognize the fact that it would be folly to wish to deprive French-Canadians of their language their schools, their rights and all their legitimate liberties. They are to-day quite able to repel all attacks, no matter whence they come . . . (La Patrie.)

These articles, as will be seen, are altogether out of the common, furnishing as they do, some idea of the feelings and aspirations of a great and brilliant people rather than a merely kaleidoscopic account of a series of historical shows. There can be no question that this immense and costly undertaking will revive amongst French-Canadians memories of the ancient glory of their race. Sir Wilfrid Laurier will be more than ever enshrined in their hearts as the chosen leader in a land of promise. That half the continent of America with its vast resources and splendid possibilities is not a colony of France, a part of a French empire is without doubt more an accident of history than the result of war. Will the victories of peace ever repair this misfortune? is doubtless a question which French-Canadians often ask themselves.

EDITORIAL NOTES

We cannot see why with a yearly surplus of half a million and good prospects, the Government should think of raising fees at the provincial university. This, we think, most people will regard as something better left undone. "Poor" student should never be discouraged.

It is time Halton had a representative able to make his influence felt in securing for the country intelligent legislation and efficient administration.—The Globe.

It is not only time that Halton had such a representative if it has not got it already, but it is time a general and united effort was made to return representatives at Ottawa who will make laws to that effect. "Intelligent legislation" and "efficient administration" are, as the Globe says, badly needed at Ottawa.

The British Board of Trade has recently been conducting an elaborate inquiry into rents, housing, retail prices and wages in as far as they stand related to labor. The inquiry has been restricted to two countries, Germany and England, and the facts and figures secured have been made public. The net result is described tersely by one economist in the statement that the English workman, as compared with the German, gets a shilling for nine pence. Of course we must remember this is an English climate and not made by the English labourer, but rather by the employer. Whether the figures would be changed with a change in the personnel of the investigators is open to question; but we give it as it is, as an approximate, and considering the standpoint, an accurate, estimate of the status of the British workman as compared with his German competitor.—Christian Guardian.

GOOD PROGRESS ON THE CANAL

Work on the various sections of the Trent Canal is being pushed forward, and it is expected that in a very few years the whole canal will be completed. Thirty miles of work from Campbellford, and 20 miles from Orillia to the Georgian Bay will complete the project and provide an entrance to the northwest harvests, 400 miles shorter than New York will have when the Erie Canal is completed. This will give the Canadian Government a continuous channel eight feet deep with the aid of a natural chain of lakes for $15,000,000 all told, as against $101,000,000, which the U.S. Government will have to expend to accomplish the same purpose.

FLEECING THE VISITORS AT OLD QUEBEC

Many Schemes to Separate Them From Their Money With Dispatch

Quebec, July 24. — There is apparently a movement to separate visitors from their money as speedily and painfully as possible. On the opening days prices were almost reasonable in Quebec, though the returns were quite the reverse, but since visitors started to flock in by the thousands the supplies of everything have been getting worse, the attendance still worse, while the charges have been such as fairly to stagger ordinary people who have some recollection of what a dollar is worth. Famine prices are demanded for beds and it is a valuable privilege to be allowed to sleep on a tiny cot at two or three dollars per night. Visitors spend a good deal of their time fighting for something to eat, and then a good deal more making caustic remarks regarding the quality of the food. Anyone who can get into an ordinary hotel dining room without waiting more than half an hour is exceedingly lucky, while his troubles have only started when he gets inside, as the waitresses are all overworked and half the supply of food exhausted long before the patience of the guests. A good many people have already left the city, disgusted with the lack of accommodation and the inflated prices demanded.

A particularly strong kick is being registered here by the soldiers and sailors here, most of whom develop pretty fair-sized thirsts during the day's drill. But to-day most of the hotels and saloon men put up their price of small glasses of beer to 10 cents, while whiskey goes at 20 cents per, and is by no means above suspicion at that.

The Beach residents on Burlington Bay want to secede from Saltfleet township.

The guests injured in the Queen's Hotel fire at Tillsonburg have almost recovered.

IMMUNITY FROM SCARLET FEVER

New Vaccine Tested in Toronto Hospital Has Preventive Qualities

Toronto, July 24—Striking results in preventing the spread of scarlet fever has recently been obtained at the Sick Children's hospital on College street through the use of a new vaccine which has been discovered as the result of a long period of research by the doctors in charge of infectious diseases.

For a term of about nine months the house physicians at the hospital have been keeping a special record of the scarlet fever cases and compiling statistics to show what effect the new treatment has had, and the returns show that the disease has been kept in check in a remarkable manner.

A hospital for children always presents a serious problem on account of the facility with which the little patients contract contagious diseases from visitors or from unknown causes. At the College street institution there has been within the past few months a possibility of an epidemic on several occasions, at one time one of the nurses contracting the disease. A good opportunity has, therefore, been afforded for testing the value of the new vaccine, and it has proved to be potent in preventing children from taking the disease after they have been exposed to contagion.

Similar results have been obtained in private practice, and a case is cited in which vaccinated children have been allowed to occupy the same bed with a scarlet fever patient without any ill effect.

BOYS' DEATH IS SUSPICIOUS

Inquest Being Held in Connection With a Drowning at Wallaston

About four o'clock on Tuesday afternoon last week, Alex, the fourteen year old son of Mr. T. Sexsmith, of Wollaston, was drowned in a lake on the farm of Wm. Neal on the border of Wollaston and Faraday. The young lad was out in a punt in company with an older one named Tommy Paul and when a short distance from the shore both jumped into the water, according to Paul's story, thinking the boat was going to upset. Paul waded ashore but young Sexsmith sank in about five feet of water. When the body was found the eye was blackened and one of his braces broken. Coroner Dr. Harper of Madoc, was notified and on Friday last went back to the scene of the accident and postponed the inquest until Friday night next in order to get a post-mortem report as well as witnesses. The case looks somewhat suspicious owing to the fact of the boat being a punt which would seem almost impossible to upset and of the condition the young fellow's face was in when found.—Madoc Review.

FIRE GOT OUT OF THE FORGE

And There Was a Small Fire in Halpin's Blacksmith Shop

The fire brigade was called out at five o'clock this morning to put out a fire in Halpin's blacksmith shop on Hunter street, near Aylmer street. In some way or other the fire had got out of the forge and dropped on to the floor, burning the joists and allowing the forge to drop down into the cellar. The brigade did good work and prevented the flames spreading and doing any serious damage. The alarm was sent in by Mr. J. Hayes.

PASSED AWAY IN ENGLAND

The Death of Mrs. Robert A. Strickland, Formerly of Village of Lakefield

The death of Mrs. Robert A. Strickland, formerly of Reydon House, of the village of Lakefield, occurred at West Drayton, Middlesex, England, on Sunday, March 22nd, the day after that of her nephew, Mr. Darcy E. Strickland, whose sudden death at Saskatchewan, Alberta, it was our sad task to announce. Many of our older inhabitants will recall the home at Reydon House, where nearly 30 years ago resided the oldest brother of the Strickland family, Mr. Robt. A. Strickland, his English wife and their two daughters and son, and the Sunday afternoon gatherings in the "People's Christian Association Hall," (since turned into the canoe factory), which had been built by willing hands within the short space of a fortnight. Although those golden days have passed away and with them many familiar faces from our Lakefield streets, yet to those, who are left still to recall them, the following records will have a mournful interest. Mrs. Strickland had for many years past suffered much and patiently, but at the last, her passing away was somewhat sudden. On Wednesday evening, April 18th, she was taken seriously ill and the family doctor was summoned. All Thursday and Friday she was in much pain and a nurse was in attendance, but on Sunday morning unconsciousness set in and in the evening at eight p.m., she fell quietly asleep, "like a tired child going to rest," in the presence of her sorrowing husband, her devoted companion of over 50 years, and that of her son and daughter and eldest sister, Mrs. Charles Stewart, once also a resident of Peterborough, Ont. On Wednesday the 25th, the day of her wedding half a century before, she was laid to rest in God's Acre in Harmondsworth Parish, the home for 25 years of her only surviving daughter, Mrs. Taylor.

Mrs. Strickland was the eldest daughter of Captain Ellis, R.N., of Hill House, Southwold, Suffolk, where in 1856 she was married to Robert Alexander Strickland Esq., who was on a visit to Reydon Hall, the family seat of Miss Agnes Strickland, the gifted authoress of "The Queens of England," and her almost equally gifted sisters. Our own Mrs. Catherine Parr Traill, who lived among us at her pretty cottage, of "Westcove," Lakefield, till the advanced age of 98 years, was another sister, who came out with her brother, Samuel Strickland, Esq., of "The Homestead," Lakefield, one of the early Canadian pioneers and one of the makers of "Lakefield History."

We are glad to note Mr. Robert A. Strickland arrived in Lakefield on Monday, 23th inst., accompanied by his granddaughter, Miss Violet Strickland Taylor, of Harmondsworth vicarage, and his grandson, Ralph Strickland Taylor, B.A., of Pembroke College, Cambridge.—Lakefield News.

THE TORTURES WOMEN SUFFER

Can be Relieved by Keeping the Blood Supply Rich With Dr. Williams' Pink Pills

A woman needs a blood building medicine regularly, just because she is a woman. From maturity to middle life, the health and happiness of every woman depends upon her blood, its richness and its regularity. If her blood is poor and watery she is weak, languid pale and nervous. If her blood supply is irregular she suffers from headaches, backaches, sideaches and the other unspeakable distress which only women know. Some women would escape much of this misery if they took a box or two of Dr. Williams' Pink Pills to help them over each critical period. These Pills actually make new blood. They help a woman just when nature makes the greatest demand upon her blood supply. They have done this for thousands of women throughout Canada, why not for you?

Mrs. Joseph Kinney, Gilbert's Cove, N.S., says:—"For ten years I suffered from nervousness and those troubles that make the lives of so many women one of almost constant misery. At times I would be confined to my bed for weeks. I spent sleepless nights and seemed to lose all courage. I tried several doctors but they failed to give me any relief. The last doctor I consulted told me frankly that he could not undertake my case unless I would undergo an examination. It was then I decided to give Dr. Williams' Pink Pills a trial. After taking six boxes I was much improved in health, but I continued to take the pills for a couple of months more, when I felt like a new woman, and was enjoying such health as I had not experienced for ten years before. I have had no return of this trouble since, but I have used the pills once since that time for the after effects of la grippe and the result was all I hoped for. These are plain facts from my own experience and I have always felt that I cannot too strongly recommend Dr. Williams' Pink Pills to the many women who suffer as I did."

You can get these Pills from any dealer in medicine, or by mail at 50 cents a box or six boxes for $2.50, from The Dr. Williams' Medicine Co., Brockville, Ont.

Six year old Alberta Martin of London was seriously burned while playing with matches.

Dining rooms, restaurants, and boarding houses at Quebec are besieged by starving guests.

William Whyte, vice-president of the CPR, is seeking to enlist 25,000 men for the Western harvest.

A ten year old girl named Rogers at Sweaborg, Ont, was bitten in the face by a horse.

Cook's Cotton Root Compound.

The great Uterine Tonic, and only safe effectual Monthly Regulator on which women can depend. Sold in three degrees of strength—No. 1, $1; No. 2, 10 degrees stronger, $3; No. 3, for special cases, $5 per box. Sold by all druggists, or sent prepaid on receipt of price. Free pamphlet. Address: The Cook Medicine Co. Toronto, Ont. (formerly Windsor)

CHINESE HELD WHITE SLAVES

American Girls Sold in Large Numbers to Orientals in Chicago

Chicago, July 23.—Sam Gee and Gee Fong, Chinese, are in the prison today accused of conducting a clearing house in which white girls have been sold into slavery to Oriental masters.

It is alleged that 27 American women are now held prisoners by the local Chinese and steps are being taken to effect their rescue.

Knowledge of the white slave traffic which has been carried on secretly here for months, reached the police through Isabel Held, a beautiful 17-year old girl.

Miss Held ran into the police station Wednesday night and sobbed out her story to Lieut. Smith. She told of having been adopted and sold as a slave to a Chinese master.

Last night she made her escape and reported the sale of 27 other white girls to Orientals. It is believed the raid that is being planned will result in clearing up the mystery which has surrounded the disappearance of a number of girls during the past few months.

CHILDREN'S HAIR

Keep It Clean and Free From Disease by Using Parisian Sage.

If you want your children to grow up with strong sturdy and vigorous hair, teach them to use Parisian Sage; the world renowned Hair Tonic.

Parisian Sage is guaranteed by Wm. Madill, druggist, Peterborough, to cure dandruff and stop falling hair in two weeks. It grows new hair quickly in cases where the hair is "thinning out."

It is positively the most delightful, invigorating hair dressing on the market. It is not sticky or greasy and will make the coarsest hair soft, lustrous and luxuriant. Get a 50 cent bottle from Wm. Madill, and watch how rapid its action. Giroux Mfg Co., Makers, Fort Erie, Ont.

THIS WOULD BE HARD ON "BOBS"

It is possible that Lord Roberts may go through Belleville on his way to Toronto. If so, he might be induced to pay us a visit. Will the authorities of this good city kindly see about it. Belleville takes a back seat for no city big or little, in the British Empire, in the matter of loyalty. If there is a possibility of having 'Fighting Bobs' with us for even half an hour we want to grasp the opportunity. Whose move is it?—Belleville Intelligencer.

The body of R. R. Rogers was found in the Red River at Winnipeg.

Two Boston pickpockets were sentenced at Quebec to five years each.

JUST TOO CUTE, ETC.

Enthusiasm is a fine thing, no doubt, but there are times when it may be overdone. Earl Roberts probably thought so when the following incident occurred. He was buying some furs in Holt, Renfrew & Co's big establishment. A well known Montreal lady espied him. She is naturally enthusiastic, and the sight of the hero of Kandahar was too much for her.

"Bobs" stood at the counter looking over some fine pelts when she rushed at him. Before he could do a thing in his defence or devise a scheme of retreat she was upon him.

Wildly flinging her arm over his shoulder and literally hugging him in her ecstatic admiration, she cried but "Oh, you dear old Bobs, I just love you!"—Montreal Star.

WANT A SYRINGE?

Of course, every well-regulated house wants one. But there are syringes and syringes—those that don't work and those that do. If you want the first we haven't them; if you want the last, the kind that work, and work well, and always work, we have them.

RUBBER GOODS

We make a special feature and have constantly on hand a full, good and carefully selected line of hot-water bottles, atomizers, etc., which we sell at the lowest market prices.

SOME PRICES ON THE MARKET

New Potatoes Sold at 35c per Peck

There was a very large market this morning and plenty of produce was on sale. Eggs sold at 18 and 19c per dozen and were much in demand. Butter was rather high, selling at 25c a pound, while the fowl sold for 90c and 95c per pair. New potatoes were quite plentiful and went for 35c a peck. Raspberries sold at 95c and $1 per pail.

Special discount on Cleveland Bicycles for the next two weeks, ending July 25th at F R J. Macpherson's. tf

HANDSOME PRIZE FOR CANOE RACE

Ten Dollar Gold Piece for Open Mile Race at Printers' Picnic

A mile race for single canoeists, using single bladed paddle and the ordinary hunting canoe, will be one of the features of the Printers' Picnic at Idyl Wyld on Civic holiday, August 10th. The prize is a ten dollar gold piece which has been donated by Mr J. H. Burnham. It is expected that there will be a large number of entries and an exciting contest can be looked for.

Peterborough has many crack canoeists and they will have a chance to show their mettle at the big outing at Idyl Wyld.

Entries open to all.

COOLING, DELICIOUS, REFRESHING

Part of the day's pleasure is missed if you do not drink "Salada" Tea iced. It satisfies the thirst. Everyone likes it.

MANY APPLICATIONS TO INVESTIGATE CASES OF NEGLECTED CHILDREN

Demands Upon the Local Society Are Great—Fifteen Children in the Shelter at the Present Time—Work Daily Increasing and Expanding.

The splendid work being carried on by the Children's Aid Society is not fully realized only by a few citizens of Peterborough and the worries of the officials in raising funds sufficient to meet the demands made upon them, is scarcely ever thought of. The people of Peterborough have always contributed most generously to the support of the Society and the carrying on of its work, but demands upon this organization, during the past three months have been extremely great and the finances have been vastly decreased.

There are about fifteen children in the Shelter at the present time, and the average cost of these per week is thirty dollars, which, under the straitened circumstances that now exist, is quite an item. The secretary of the Society in conversation with the Review yesterday stated that it was very hard to adopt children. The farmers are the principal persons looking for wards of the Society and they want boys and girls fourteen and fifteen years of age. They want ones to work and not the little tots.

Constantly the secretary is receiving information regarding cases that ought to be investigated, but owing to the congested condition of the Shelter is unable to do so. Only recently a report reached him of a family in which there are a number of small children. The father has deserted them. The family should be taken by the Society.

Mr. Goodwill states that the Children's Aid Society shelters throughout Ontario were filled.

It is the aim of the Society to take children and place them in adopted homes and not to keep them together for any length of time. The Children's Aid Society does not keep orphanages but simply endeavors through their agencies to find places for orphans and neglected children.

WILLIE-NEVER-TIRE WRITES AGAIN FROM Y.M.C.A. CAMP

Y. M. C. A. Camp.
Sandy Point, July 21.

Monday morning found us up bright and early and a clear, sunshiny day ahead of us, Cook Tomato soon had the porridge on and soon the old familiar sounds of "pass the cow, the snout and the salve were heard on all sides. After breakfast some fellows went fishing, some berry picking and others swimming. Two boys, Art Hall (Squaw) and Grant Mowatt (Blowit) swum across Clear Lake about one mile and a quarter, it was a dandy good swim and speaks volumes for the training, we fellows get at the Y.M.C.A. Every one of us can swim fairly well. The cook and Mr. Frowde went over to Juniper Island for the mail and while they were away we certainly had a big time. We tried fish and made pancakes and tried hard to break into the storehouse. We were so full that we couldn't eat any supper and cook thought the supper was bad. Ha, ha, ha, well, we certainly had fun. Then to cap all, just about dusk, two girls came down from somewhere in a canoe and said they wanted to buy some bread. Well, it wasn't long before we saw our Physical Director paddling them up the lake. Of course we fellows got out and serenaded them with such sayings as "Queer kind of bread you've got there."

To-day it is raining again, so we sleep more than anything else. I wish it would clear up. They say that Mr. Wright is an expert boatman, especially at steering. The other day a lady friend loaned him a boat to go home to the camps in and they say as how he crossed to the other side of the lake before he finally landed at the right spot. Ha, ha, ha. Well I never. There are some pretty swell girls who live not so very far from camp. I don't like to mention any names, but just you ask Mr. Wright.

Oh say, I forgot to tell you that Sunday was Dr. Miffleton's birthday and he brought us out a jim dandy cake with the button, ring and five cent piece in. I couldn't say for sure, who got the button, but its a pretty good guess when I say that it was the genial Dr. Jos himself. And of course its another pretty good guess when I say that Mr. Sisson (Charlie as we fellows like to call him) got the ring. Ha, ha, ha, well I never. I got the five cent piece, but shaw, that doesn't mean anything. Well, I'll tell you more next time. We fellows are all in love with the Y.M.C.A. Camp.

WILLIE NEVER TIRE.

GREAT FLEET OF GASOLINE LAUNCHES ON OTONABEE

More in Number Than the Battleships at Quebec—Scores of Them on the River Every Evening

Down at the Otonabee boat house wharves the gasoline launches make brave show of craft. There are more in number than of battle ships at Quebec. Probably the owners get as much satisfaction out of the small craft as the general public did from the dogs of war.

The line of berths is extending up the shore towards the locks, and Mr. Rye is adding berth after berth. Every evening after six o'clock the fusilade begins as the boats slip out and down the river. Small chance of fish remaining in the neighborhood, with quick-firing guns snapping over head.

As the days are shortening perceptibly, the home-coming of the boats up the river runs into the darkening hours and to provide facilities for making port. Mr. Rye is installing a fine double line of electric lights along the front of the launch berths. The work has about finished and the display will be turned on to-night. The convenience will be appreciated and the illumination in addition to what has already been installed, will make the waterfront quite gay.

There is another thing that will have to be attended to on the part of launch owners, and that is the habit of running the boats at night without the regulation side lights. To slip around in the dark without these is to invite accident, and worse than this, to cause accidents to others. The rule should be observed, and if not the local authorities should pay a visit to the water side and summarily haul up those found out after dark on the water and in motion, without lights. An example or two would be a salutary lesson. Canoeists on the river, should not be obliged to move about in fear that some launch will slip out of the darkness and run the small craft down. Unfortunately the growth of weeds in the river is such that the rule of the road for boats going down and coming up to keep on the right side, cannot well be adhered to, but every precaution should be taken to avoid accident.

TAX COLLECTOR'S OFFICE A BUSY SPOT THESE DAYS

There is a great rush to the tax collector's office these days but there promises to be a bigger one next week. The ratepayers have all received their tax papers. Mr. Green has increased his staff and this morning they were kept quite busy attending to the people. The first half of the taxes is due before August 1st, while the second installment is payable on or before the 15th of November.

If they are paid before the first of August two per cent. is deducted and in case the first half is not paid before that time three per cent is added. In the event of none of the taxes being paid before the 15th of November five per cent is put on.

Mr. Green requests the people to come early and avoid the rush. During the year some properties have changed owners and the collector is desirous of the present owners coming early and arranging as to who should pay the taxes.

TENDERS FOR FIREMENS' SUITS WERE CONSIDERED

But No Action Was Taken at Meeting of Fire Water and Light Committee Last Night.

A meeting of the Fire, Water and Light Committee was held last night, when there were present Ald. Johnston, chairman, Mayor Rush and Ald. Turner and Butler.

Considerable business was transacted.

The following tenders for 11 suits for the firemen with four extra pairs of pants and one officers' suit with extra trousers were read;—

H. LeBRUN.

Suits each—$22.00.
Trousers—$5.25.
Officers' suit—$26.00.
Trousers military braid—$6.00.
E. Huff for the whole—$305.30.

A. W. CRESSMAN.

11 coats each—$10.75.
1 officers' coat—$12.00.
11 vests—$3.00.
20 pairs pants—$4.00.
Officers' pants—$4.00.

GEO. EVANS.

11 suits, each—$23.50.
Officers' suit—$27.00.
Trousers—$5.25.
Trousers with braid—$5.75.

LAIDLAW & OLES.

Suits—$21.00.
—$24.00.
—$25.00.
—$20.00.
—$20.00.
—$20.00.
—$22.00.
Trousers—$5.00.
—$5.50.
—$6.50.
—$6.50.
—$6.50.
—$6.50.
—$5.50.

Laidlaw & Oles submitted several samples with different prices as given above.

Merrell & Meredith, suits each $24.00; trousers $1.00; braiding extra, coat and pants, $5.00.

No action was taken on the tenders.

It was decided to have electric lights installed at a number of places in the city and to change the position of a number of others.

The fire chief and city engineer were instructed to examine the river front with a view to securing information as to where stands for the fire engines should be erected.

A number of articles of equipment for the fire hall, including a fire alarm indicator will be purchased.

Galt council has begun a war of extermination on weeds.

OPALITE REFRIGERATORS
MANUFACTURED AT PARIS, ONT.

Opalite is a pure white glass, 7-16 thick, is fitted in the Provision Chambers in sheets—one covers the bottom, another the back, etc and not in little square pieces like some Porcelain lines.

This material resembles china in appearance and is the most sanitary lining known.

An Opalite does not need to be scrubbed out every few days, as the surface is easily cleaned with a damp cloth. This will save ice and temper.

The Clean, Glossy, Milk-White Walls, the handsomely finished Oak Cases, and attractive Nickled Brass Trimmings, appeal to particular men and women instantaneously.

SENIOR CAMP OF THE Y.M.C.A.

Begins at Sandy Point on August 3rd—Many Will Take it in

The camp for men and boys over 17 years of age begins on August 3rd at Sandy Point, Clear Lake. This is the first year the camp for seniors and juniors have been kept separate and the seniors are anticipating a very enjoyable time. Practically no restrictions will be made, canoes or any kind of skiffs will be permitted. Any man may go whether a member of the YMCA or not. Applications should be made to the Secretary of the Association immediately as a number from Port Hope are coming and only a limited number can be accommodated. The Juniors are enjoying a delightful time and return on Wednesday, July 29.

MANY TOURISTS FOR STONY LAKE

American Parties at the Snowden House This Morning

Mr. and Mrs. C. Krause, G. Schmidt, R. Lundmueller and G. O. Groll, of Cleveland, and Mrs. J. N. Holwell, Pt. Washington, N.Y., and Mrs. Corlett of Detroit, Mich., were guests at the Snowden House over night. They left to-day for Stony Lake where they will spend a couple of weeks fishing. Messrs. E. Schulse of Niagara Falls, N.Y., N. E. Davenning of Pittsburg, Pa. and T. J. Pentland Jr., of Pittsburg, were also at the Snowden. They also left for the lakes where they intend to spend a holiday.

Bishop Scollard, of Sault Ste Marie, was the guest of Archbishop Duhamel yesterday, leaving for home this morning.—Ottawa Citizen.

Mrs. Andrews and Miss Andrews, of Derby, Eng., are the guests of Mr. and Mrs. Arthur Pitkins, Burnham St., Ashburnham.

Miss Mamie Thompson returned today after visiting with Mrs. B. Shortly at Stony Lake. She left at noon to visit her aunt in Bowmanville.

NO EVENING TRIPS TILL FRIDAY

On account of the absence of the steamer Otonabee in the upper lakes there will be no evening trip until Friday, the 31st. of July, when the steamer will leave at 8.00 o'clock as usual.

PREPARING FOR THE FALL FAIR

Directors of the Society are Hard at Work---Generous Support Being Given

The fair committee is now actively at work getting together the various attractions necessary for the conduct of the exhibition. This work has to undertaken year by year in addition to the routine task of providing prizes and getting up exhibits. The latter is in itself quite an undertaking for as the fair grows so must grow its need in the direction of exhibits. However, the whole of this matter has been thought out some time ago and is working out satisfactorily along the prearranged lines.

Secretary Hall is a busy man and the directors state that the fair will be the best ever held, as they are receiving generous support.

Trade disputes in Canada in June totalled 13.

The Thomson steamer Arcola, ashore on St. Paul's Island, NS, has been abandoned.

More Attractive STAR SPECIALS Than These We Never Offered

In every instance to-morrow's Star Specials clearly illustrate the Hall Policy, which is to sell the best of everything for less money than other stores charge for merchandise of equally good character. By "best of everything" we mean the best qualities and the best styles which both foreign and domestic markets afford—two features which are characteristic of Saturday Star Specials, and strongly emphasize the importance of these special values.

Shirt Waist Suits, $4.98
3 only Cream Lustre Shirt Waist Suits, tailor made. Regular $7.50

NEW COLLEGIATE GROUNDS SHOULD NOT BE WALKED UPON

Apparently the property in front of the new collegiate institute is forbidden ground, but there are no signs up or anything to indicate that such is the case. An evening or two ago a young man and young lady who were out walking together, desiring to have a good look at the new institute building, started to walk across the property in front of it. Their progress was arrested by a shout from a member of the Board of Education who was passing through Central Park.

"Hey! Get off that ground," he shouted, "there's no public walk there," etc., etc.

The two trespassers obeyed at once of course, but a few minutes later when the member of the Board of Education had passed on, some boys who were playing ball in the park, frequently trespassed on the school property when the ball happened to go there.

As already stated, there are no signs up to indicate that the property must not be trespassed upon, and of course there should be. The property was recently levelled and seeded down and should have the best care possible.

But how are people to know that they must not trespass when there is nothing to warn them.

ST. JOHNS'

The following is the music at St. John's church to-morrow:—

11 a.m. Matins, special sermon in union with the Tercentenary celebration at Quebec. Hymns 378, 196, 379, 165. Venite 54, Te Deum 155, 14, Benedictus 180. Offertory anthem, "The Recessional, DeKoven (Kipling), solo by Mr. G. E. Chandler. The National Anthem, Benediction.

Choral Evensong 7 p.m. Hymns 291, 160, 266, 223. Magnificat and Nunc Dimittis, Simper in F. Responses sung to Tallis. Psalms to Cathedral Psalter chants 124, 137. Anthem "There is a Blessed Home." Marks.

For the five months ending June 30th, 1050 homestead entries were made in Western Canada.

BOATING ACCIDENT AT BOBCAYGEON

Launch Rolled too Much and Filled With Water—Much Stuff Was Wet

Messrs. Wright and Beach arrived on Monday with a large party for their summer home at Niagara Island in Ball narrows. Mr Crowe's launch was engaged to take down the baggage, commissariat, and a pile of lumber and there was such a quantity of stuff, that she was much overloaded. Near Red Rock the top-heavy load rolled the boat so that she took in too much water and she was beached at the rock. Mr. Wright and the party were behind in Dick Nicholls launch and Richard at once got busy in getting the stuff on the Rock, for trunks, valises, groceries, bananas, lumber, a refrigerator, mattresses, and a big box of worms were floating in a glorious mix-up. Boats and launches came popping in from all directions and helped to get the party conveyed to Niagara Island, and put in as comfortable a condition as possible, for which kindness the party are enthusiastic in their expression of thanks. The boat was raised, and bailed out during the evening, and put in ship shape again.

—CANADA'S LARGEST WALL PAPER DEALERS
A RARE CHANCE

The charm the goods have that we are offering, should cause the thrifty to get here early Monday. Remember July is a great month for clearing out ends from the Spring trade. We will mention a few.

SPORTING NEWS

GREAT PERFORMANCE OF THE PETERBORO' RUNNER

Fred Simpson, of Peterborough, is the sixth best Marathon runner in the world. The Olympic Marathon in which fifty runners, representing 17 countries took part, is a fair test of merit. And in this great gathering of the world's best runners the Peterborough boy came sixth. And the world is a big place.

Simpson's showing was a remarkable one in many respects. While other runners staggered to the tape fairly crawling along, or dropped out by the roadside, unable to stand the strain, the representative of the Peterborough YMCA finished like a whirlwind, and fresh as a daisy. In the last five miles he passed twelve men and was tearing along like a race horse when he reached the tape. Simpson's trouble is in getting up speed on the first ten or fifteen miles of the distance. He showed yesterday that he has the stamina that is necessary for long distance running. He has the endurance to run fifty miles. For this clean living and temperate habits are responsible to a considerable extent.

It is not yet three years since Fred Simpson made his debut as a runner. In that time he has risen from obscurity till to-day he is the sixth best runner in the world. His career is not over; it has but commenced. He will be heard of many times again.

Simpson's time was 3 hours, 4 minutes, 28 1-5 seconds, the winner's time was 2 hours, 56 minutes, 18 seconds. The difference between the two is approximately eight minutes.

The Canadians nearly all finished in the front ranks. They defeated the best England could produce and the pride of many European countries. They deserve all credit.

Well done, Canadians; well done, Fred Simpson.

When the Mississauga returns The Review would suggest a civic reception and recognition of his gallant effort.

TEN MILE WALKING MATCH SUGGESTED FOR BIG FAIR

The suggestion has been made that a walking match be held in connection with the Peterborough Industrial Exhibition. Peterborough is now recognised as the home of walking and the big fair will hardly be complete without a pedestrian contest. The matter is one that should be considered by the directors. A walking match would be a good drawing card, better than a horse race some day. A ten mile walk on the half-mile track would be a splendid feature and there is no doubt, but that there would be a large field of starters if fair prizes were hung up for the first three men. The contest would be a strong incentive for many city people to attend the fair who would otherwise stay at home, and it would also be a stellar attraction for the visitors from the country.

FRED SIMPSON WAS SIXTH IN GREAT MARATHON RACE

Finished Like a Whirlwind, Beating Twelve Men in the Last Five Miles—Local Boy Made a Fine Showing.

Lou E. Marsh cabled to the Toronto Star as follows:

London, July 24—Canada, the great Longboat, and, in fact, the English-speaking world, were soundly beaten in the great Marathon. The much-feared, unknown dark horse, did the trick. Duncan, Appleby, Jack, Lord United Kingdom's pride, and Canada's great brigade of distance runners, even had to bow to an unknown Italian, Dorando, a little ball of muscle and grit, who looks and runs like Freddie Young.

Wood, of Brantford, a quiet Canuck who loafed in all the trials, and was not considered one of Canada's hopes, made Canada's best showing, finishing fifth. Wood came from behind, and he took time and ate them up in the last mile.

It was a cruel race. Jack, Duncan, Appleby, and Lord all killed themselves in the first twelve miles, trying to lose Longboat.

The Indian was the bugaboo. He ran a mighty race, mowing them down one by one till the twentieth post, when with only Heffernon of South Africa, between him and victory, he spun around, and dropped senseless. Medical officers refused him permission to go on. Longboat had beaten the Italian to this point and seemed to have the race well in hand.

Hefferon was quite 2 miles out when the Italian passed him, and came again and was third at the Stadium, but dropped senseless also. The Italian dropped three times on the track, but staggered over the tape a winner by half a lap.

The Yankee, Hayes, came up strong. Another Yankee, Forshaw, was third and dead beat. Still another Yankee, Welton, was fourth, finishing strong.

A Canuck, was fifth, also finishing strong.

Simpson came like a whirlwind, at the end, beating twelve in the last five miles. Lawson was next, and was weakening.

Tewani, a Yankee Indian, was 8th, staggering. Svenberg, Sweden, was ninth, collapsing.

The race was run at a fierce pace. The Englishmen made an awful race. Runners collapsed everywhere. Goldsboro had early speed, but could not stay. Caffery, Noseworthy, Lester, Cotter, had endurance, but the fierce pace left them in the ruck.

The Canadians were not disgraced. They beat England's cracks at the finish.

The finish of the Yankee runners, it is said, was due to dope, and an investigation is in progress.

Flanagan is heartbroken over Longboat's collapse.

DORANDO MAKES NO COMPLAINT

Against His Disqualification—Wishes That He Had Not Been Helped

Special G.N.W. Despatch

London, July 25—Dorando, the little Italian who was first across the line in the Marathon race but who was disqualified on account of receiving assistance a number of times in the last few yards of the race was at the stadium today not much the worse for his terrible run. He had no complaint to make against his disqualification and the awarding of the race to Hayes. "I dont know whether I would have been able to get up without the assistance of friends or not," he said, "I wish now that I had been left alone. I seemed to lose my senses when I reached the Stadium. It was the excitement I guess."

REFUSED TO RUN THE RACE OVER AGAIN

Hallwell of England Awarded the 400 Metre Event—To-day's Olympic Results

Special to Review.

London, July 25.—The Americans stood firm today and refused to participate in the run off of the 400 metre race in the running of which J. C. Carpenter, the Cornell man, was disqualified. Lieut. Hallswelle went out and ran the event alone. Time was 50 seconds. The event was the gloomiest that has yet marked the Olympic. The Olympic Committee made a final effort to-day to induce Taylor and Robbins, the two Americans still eligible for the final to enter the race, but they were deaf to every appeal. To have entered the race they said would have been an implied sanction of the disqualification of Carpenter, which all the Americans still insist was a rank injustice.

To-day's results, 400 metre final, Hallswelle, England, ran alone, Americans having withdrawn. Time, 50 seconds.

Running hop, step and jump, final, won by Ahearn, England, 48 feet 11 3-2 inches.

TENNIS

The results in the first round of the men's singles in the Nicholls oval club tournament resulted as follows:

Sheen beat Wright, 6-0, 6-0.
Collier beat Dobbin, 7-5, 7-5.
H Creesman beat McClennan, 6-1, 6-2.
Miller beat Galley, 6-3, 6-3
Simon beat Downie, 6-0, 6-0.
Laing beat Wilkie, 6-2 —

EASTERN LEAGUE TEAM MAY PLAY IN PETERBORO'

President McCaffery received an offer from Peterborough to play a game there next Friday with a semi-professional team, and if a double-header can be arranged here, they will be accommodated.—Mail and Empire.

CRICKET TEAM TO PLAY MILLBROOK

On Thursday Next—Two Other Games Also Arranged

The Peterborough Cricket team play Millbrook next Thursday in Millbrook, all the members are requested to turn out for practice on Monday and Wednesday nights at the oval. The team have another game with a Toronto club for Saturday, August 8th, and on Civic Holiday, August 10, they will play in Warkworth. The local fellows are practising hard and expect to be victorious in their three matches.

SPORTING COMMENT

We pity the poor Lindsay Free Press. In its report of the Lindsay-Peterborough lacrosse match, it says the visitors were utterly outclassed and that the home team won easily. The other Lindsay papers say the game was close and victory might have been anybody's. And the score shows that such must have been the case. The Free Press should know better than to say the defeated team was utterly outclassed when the score was 1—0. But that's what comes from having a sporting editor who cannot distinguish between a lacrosse stick and a harpoon. Too much crowing doesn't go. The Lindsay team will, no doubt, get trounced good and hard when it comes to Peterborough and then the Free Press will have to get into its hole and pull the hole in after it.

CRICKET

DEFEATED COLBORNE

The Warkworth Cricket club defeated Colborne yesterday by 93 runs and 7 wickets, Humphries of Warkworth taking seven wickets for six runs.

GOLF

STRATTON TROPHY.

The schedule for the third round of the handicap match for the Stratton trophy has been drawn as follows:—

R. Neill 0 vs. L. Ardill, 20.
W. H. Denham, 6 vs. A. H. Stratton 4.
E. H. D Hall, 8 vs. F. D. Mulholland, 3.
H. C. Hill, a bye.

These games are to be played by Saturday, August 8th, if possible, in order to give plenty of time for the finals.

LACROSSE

PAT. McDONOUGH AT CHICAGO.

Chicago, July 23. — Billy Taylor, of Brantford, and Pat McDonough of Toronto, two star lacrosse players of Canada, will make their first appearance in Chicago, when they line up with the Shamrocks against the Illinois Athletic Club at the National League Baseball Park Sunday, afternoon.

Taylor played centre for the senior Torontos in 1906-07 and is considered one of the few men who has ever received credit for outplaying Johnny Currie of the World's champion Shamrocks, of Montreal. McDonough is a home player and said to be one of the best stick handlers amongst Canadian players.

With these two stars in the line-up the Shamrocks feel certain of reversing the result of the opening game of the season, which was won by the I.A.C. by the score of 6-2. This defeat has rankled in the breasts of the Shamrocks and they are determined

Wood's Phosphodine,
The Great English Remedy.
Tones and invigorates the whole nervous system, makes new Blood in old Veins. CANADIANS AT BISLEY.

Seven Qualify For Third Stage In the King's Prize.

Bisley, July 25.—(C. A. P.)—The following Canadians qualified yesterday to enter the third stage of the King's prize: Brown, Freeborn, Jones, Morris, Smith, Spittal and Steele. There were thirty-two scores of 195 and two of 194.

Col. Barlow has presented a challenge cup to the Dominion Rifle Association, to be competed for by a team of four officers of any regiment. Twenty miniature cups are also being sent, sufficient for five years.

At the 300-yard range, second stage of the King's prize match, the Canadians scored as follows: Brown 42, Freeborn 45, McInnes 45, Jones 48, Leash 41, Morris 46, Pope 44, Smith 47, Spittal 45, Steele 44, Utton 39, Bayles 46.

At the 600 yards' range, second stage, in the King's prize, the scores were: Brown 46, Freeborn 48, McInnes 41, Jones 45, Leash 46, Morris 46, Pope 41, Smith 41, Spittal 46, Steele 48, Utton 35, Bayles 40.

Following are the places and prizes won by Canadians in the King's prize competition so far: Leash, 28th, £4; Bayles, 77th, £4; Pope, 81st, £3; McInnes, 203rd, £3; Utton, 278th, £3.

In the British Small Arms competition the places and prizes won were: Morris, 9th, £1; Leash, 12th, £1; Smith, 18th, £1.

In the L. S. A., Spittal, 5th, £1; Mortimer, 15th, £1.

In the Gregory, Moritmer was second, £10; Rowe, 10th, £2; Jones, 17th, £1; Steele, 40th, £1. Their scores were: Mortimer 35, Rowe 35, Jones 34, Steele 34. The distance was 200 yards, with seven shots.

VARICOCELE CURED
NO NAMES USED WITHOUT WRITTEN CONSENT.
Confined to His Home for Weeks.
"Heavy work, severe straining and evil habits in youth brought on a double varicocele. When I worked hard the aching would become severe and I was often laid up for a week at a time. My family physician told me an operation was my only hope—but I dreaded it. I tried several specialists, but soon found out all they wanted was my money. I commenced to look upon all doctors as little better than rogues. One day my boss asked me why I was off work so much and I told him my condition. He advised me to consult Drs. Kennedy & Kennedy, as he had taken treatment from them himself and knew they were square and skillful. I wrote them and got THE NEW METHOD TREATMENT. My progress was somewhat slow and during the first month's treatment I was somewhat discouraged. However, I continued treatment for three months longer and was rewarded with a complete cure. I could only earn $12 a week in a machine shop before treatment, now I am earning $21 and never lose a day. I wish all sufferers knew of your valuable treatment.
HENRY C. LOCUST.
HAS YOUR BLOOD BEEN DISEASED?
BLOOD POISONS are the most prevalent and most serious diseases. They sap the very life blood of the victim and unless entirely eradicated from the system will cause serious complications. Beware of Mercury. It only suppresses the symptoms—our NEW METHOD cures all blood diseases.
YOUNG OR MIDDLE AGED MEN.—Imprudent acts or later excesses have broken down your system. You feel the symptoms stealing over you. Mentally, physically, and vitally you are not the man you used to be or should be. Will you heed the danger signals?
READER Are you a victim? Have you lost hope? Are you intending to marry? Has your blood been diseased? Have you any weakness? Our NEW METHOD TREATMENT will cure you. What it has done for others it will do for you. Consultation Free. No matter who has treated you, write for an honest opinion Free of Charge. Books Free—"The Golden Monitor" (Illustrated) on Diseases of Men.

A. ROUNTREE - AGENT

LINDSAY PRESS ON THE LACROSSE MATCH THERE

Free Press Has a Weird Account—Other Papers Take Fair View of the Game.

Speaking of the lacrosse match at Lindsay on Thursday, the Warder says;—

Lindsay beat Peterborough in the lacrosse match last night by the score of 1—0.

Citizens of the town, and even members of the team will readily admit that the result of the contest was a surprise, but why shouldn't they? Peterborough is one of the best lacrosse towns in Canada and has turned out some pretty fast stick handlers. On the other hand Lindsay is new at the game.

Of course the town has had a couple of local teams but they never received sufficient support to encourage their maintenance. Consequently with a few odd exceptions our boys were novices.

Nevertheless the lads put up a fight against and put the trimmings on their experienced opponents. Granted that the play was a little loose at times it was a game well worth watching.

Both teams were out to win, and both worked hard from the start. For the first quarter our fellows did not do so well. It was the first appearance of the most of them on a man who makes his first appearance on a public platform to wit, a little nervous. In a short time they settled down and began to play almost like veterans. Only a little weakness in handling the stick was noticeable. They played a great defence game, and kept right after their checks all the time. Peterboroughs were not any too strong in the checking line and did not have the speed of the locals. So the failings of each team counter-balanced each other and the merits of both sides fought it out.

The Post says;

The first game of lacrosse in the Trent Valley League to be played here took place last night at the agricultural grounds between Peterborough and Lindsay, resulting in a win for Lindsay by the score of 1-0.

The game was fast and fairly clean throughout and afforded lots of excitement for the spectators. There was only a small crowd up to witness the game, and it is to be regretted that Lindsay citizens should have failed to support a good thing when they got it. Those who attended, however, went away well pleased with the exhibition of lacrosse put up. No doubt the crowds will increase as time goes on.

The game was called at 6.30 p.m. and both teams lined up ready to do or die. In the first quarter a couple of players were penalized for dirty work, and when the whistle blew to change ends nobody had scored.

Last evening was lacrosse night at Wonderland and the boys were to receive fifty per cent. of the proceeds on account of their victory over Peterborough. All through the evening, large crowds attended and at all times up till ten o'clock the play was jammed. There were two very fine pictures shown last evening, "A night of terror," and on all sides were heard words of praise. The lacrosse management are deeply indebted to Mr. Edmunds for the kind spirit shown towards them.

The Free Press says;—Confident of walloping Lindsay and followed by a train load of husky supporters the Peterborough lacrosse team came into the town yesterday, the strongest lacrosse aggregation that ever left the Quaker city. They had their team strengthened for the occasion and defeat seemed to them impossible. Even the Lindsay boys themselves thought defeat was coming their way when they learned the reputation of Peterborough's line-up but made up their minds that they would put up a good scrap for the ball every time. This they did, and the result at the end of the fourth quarter was 1—0 in favor of Lindsay. Peterborough protested, as usual, after the game against one thing and another, but one of the players, Charlie Barber of the Bank of Montreal staff in the porridge town said he had no kick coming, but he would guarantee Lindsay the biggest trimming in Peterborough when they came down that they had ever received. This is the same boast as was made in Peterborough before the visiting team left, and a lot of hot air don't hurt the boys of this burg.

The game was a clean exhibition of the great national sport, and those who have seen former Lindsay teams on the field say that the town has an aggregation to be proud of, and worthy of the best support of every citizen. From the beginning until the end the game was fast, but the Lindsay boys were far superior to the visitors. It was a common sight to see a Lindsay boy with the ball in his stick being chased by one of his opponents and to see him gradually dead away from the struggling Peterboroughite was really amusing.

ITALY WINS MARATHON

Dorando, Nearly Dead, Is Half Carried Over Tape.

Interference of Friends Disqualifies Heroic Victor and American, Hayes, Is Named Winner—Longboat Drops Unconscious While Leading at 20-Mile Mark—Woods of Brantford Finishes Sixth.

London, July 25.—It would be no exaggeration in the minds of any of the 100,000 spectators who witnessed the finish of the Marathon race yesterday to say that it was the most thrilling athletic event that has occurred since that Marathon race in ancient Greece, where the victor fell at the goal and, with a wave of triumph, dead.

Indeed, it was reported last night that Dorando, the Italian, who collapsed when but a few yards were between him and victory, had died as a result of the nervous strain, but this was denied in an official bulletin. Dorando was help along the last stage of his journey and on the strength of this the Americans have successfully protested his victory. The prize goes to Hayes of the United States.

Tom Longboat, the Canadian runner, gave up at the 20th mile. He was leading when he was hurt and quit. Longboat arrived in a motor at the stadium. The announcement caused laughter and cheers.

The Indian mowed them down one by one till the twentieth mile post, when with only Hefferon of South African between him and victory, he spun around, and dropped senseless. Longboat had beaten the Italian to this point and seemed to have the race well in hand.

The race itself, with 58 of the best men winnowed from the runners of four continents competing, the enormous cosmopolitan assemblage, including the Queen of England, and the dramatic incident at the end, combined to make an historic day.

WILLIAM WOODS,
Brantford Boy, First Canadian to Finish.

Just before the end of the race all eyes were focused on the stadium gate, where the contestants were to enter. Finally a runner, which turned out to be Dorando, staggered down the incline leading to the track. He stood for a moment as though dazed and then turned to the left, although a red cord had been drawn about the track in the opposite direction for the runners to follow.

It was evident that the man was practically delirious. A squad of officials ran out and expostulated with him, but apparently he was afraid that they were trying to deceive him and fought to go on to the left.

At length he turned about and started on the right path. Then followed an exhibition never to be forgotten. Dorando staggered along like a man in a dream, with arms shaking and legs tottering.

Dorando staggered on toward the turn and dropped to the ground exhausted.

According to the rules of the race, physicians should have taken him away, but sympathetic track officials lifted him to his feet and gave him support.

Four times Dorando fell in the three hundred yards that separated him from the finish, and three times after the doctors had poured stimulants down his throat he was dragged to his feet, and finally was pushed across the line with one man at his back and another holding him by the arm.

His part in the race for all practical purposes was ended when he entered the stadium, for unless he received assistance he could not have finished.

Hayes entered the stadium less than a minute behind Dorando and finished fresh. In the excitement he failed to get even from his own countrymen the reception he deserved.

It will not snatch any laurels from the brow of Hayes, who won a good race, to say that the hero of the day was the Italian Dorando. The admiration and sympathy [illegible] son in the stadium went out to the gallant Italian who, although he did not win, deserved to win and did more within the limit of his powers than any other man who ran.

Wood of Canada was sixth. He led the Canadian Simpson, and Lawson followed. Caffery was twelfth. Goldsboro sprinted past Beale for seventeenth, after a long interval.

Wood of Brantford came from behind, and passed a lot in the last mile. Jack, Duncan, Appleby and Lord of England all killed themselves in the first twelve miles, trying to lose Longboat.

Hayes came up strong. Forshaw was second and dead beat. Welton finished strong. Wood was sixth, also finishing strong.

Simpson came like a whirlwind at the end, beating twelve in the last five miles. Lawson was next, and was weakening.

The times made by the Canadians were as follows:

Wood, 3 hours 1 minute 44 seconds.

Simpson, 3 hours 4 minutes 28 1-5 seconds.

Lawson, 3 hours 6 minutes 67 seconds.

Caffrey, 3 hours 20 minutes 14 seconds.

Goldsboro, 3 hours 24 minutes 7 seconds.

The awful heat made the race slow.

The race was run at a fierce pace. The Englishmen made an awful race. Runners collapsed everywhere. Goldsboro had early speed, but couldn't stay. Caffery, Noseworthy, Lester, Cotter, had endurance, but the fierce pace left them in the ruck.

At the Government's banquet to the foreign representatives and the council of the Olympaid, held last night at the Grafton Galleries, it was announced by Lord Desborough, chairman of the council, that Queen Alexandra had expressed a desire to present a cup to Dorando as a mark of her appreciation of his splendid performance.

In the finals for the pole vault A. C. Gilbert, Yale University, and T. T. Cooke, Cornell University, tied for first place with 12 feet 2 inches. Clark S. Jacobs, University of Chicago; Sonderstroms, Sweden, and Archibald, Canada, tied for third place, with 11 feet 9 inches.

HOW'S THIS?

We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure. F. J. CHENEY & CO., Toledo, O.

We, the undersigned, have known F. J. Cheney for the last 15 years, and believe him perfectly honorable in all business transactions, and financially able to carry out any obligations made by his firm.

Walding, Kinnan & Marvin.
Wholesale Druggists, Toledo, O.

Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucus surfaces of the system. Testimonials sent free. Price, 75c. per bottle. Sold by all Druggists.

Take Hall's Family Pills for constipation.

FOR THE FANS

Seattle is the home of a genuine Japanese baseball team.

The Boston Americans are to have another Collins. The new "Jim" is a catcher with a record of 16 strike-outs in the Maine League.

With an attendance of only 800 it's no wonder Owner Robinson wants to shift his St. Louis team from the National League to the American Association.

New York fans are betting that Mike Donlin will be the leading batter of the National League when the season ends.

When Elmer Flick returns to the game the Cleveland team will be in great shape to battle with the leaders.

Tom McCarthy of the Boston Nationals is leading the pitchers of both major leagues. Tom has won five games and lost none.

CORNER STONE OF NEW CHURCH

Laid at Lakefield by Hon. Geo. A. Cox—Methodists to Have Handsome Edifice

Wednesday was an epoch in the history of the Methodist church in Lakefield and will be long remembered by the congregation. The occasion, was the laying of the corner stone of the new church and the event attracted a large crowd of interested spectators. Shortly after 3 o'clock the ceremony commenced, Rev. H. M. Manning, Rev. John Bedford and Rev. S. S. Burns taking part. After singing and prayer and a few words from the clergyman, the Hon. Geo A. Cox., of Toronto, stepped forward and the corner stone was pronounced to be well and truly laid, a handsome silver trowel being used. Cut in the stone were the words, "G. A. Cox 1908." The ceremony was a most impressive one and was followed with close attention by the large crowd present. After the ceremony a collection was taken up and the handsome sum of over $1,200 was realized. Of this amount the Hon. Geo. A. Cox generously contributed a cheque for $1,000. An adjournmnet was then made to the parsonage lawn where the ladies of the congregation had a number of tables laid out and a most bountiful repast was served. In the evening a social was held and a most enjoyable time was spent in listening to music from the Citizens' Band and vocal and musical selections. When completed, the new church will be one of the most handsome edifices in this section, and one of which the congregation will feel justly proud.

DRINK JOHNS' TEA

YOUNG MAN STEPPED ON RUSTY NAIL

Accident to Rogers St. Resident Last Evening—Was Walking From Shed to House

Wm. Cosley who resides on Rogers street, Ashburnham, was the victim of a painful accident last evening. While he was returning from the shed to the house he stepped on a nail about two inches in length. It was projecting from the end of a board and was very rusty. It entered Mr Cosley's left foot just back of the toes and went right through to the upper side. Mr. Cosley succeeded in getting to the house and a doctor was summoned who dressed the injury. Mr. Cosley suffered great pain. He will be unable to walk and it will be some time before he is able to return to his work.

Keep Cool Keep things cool This is easily accomplished by using one of Best's best refrigerators. All prices. Better buy Best's now. Next to Post Office.

MANY ENJOYED BAND CONCERT

A large crowd attended the band concert in Victoria park last night. The programme was one of the best of the season, and was thoroughly enjoyed by those present. The people seem to appreciate the band concerts more this year than in former times.

Last night's programme was as follows:

March—71st Regiment.
Overture—Pique Dame.
Concert Mazurka, Amourosa.
Medley of Popular Songs.
Serenade—La Paloma.
Cakewalk.
Narcissus.
Waltzes—Homage to the Ladies.
Plantation Songs.
The Forge in the Forest.
God Save the King.

THIS WILL BE A FINE TRIP

Chemong Indians Having an Excursion in September

The people of Chemong intend running an excursion on the first week in September to Orillia and across to Rama on the first day, then the next day to Georgina Island.

The excursionists intend having a concert at each of those Indian reserves, first night at Rama town hall, next night at Georgina Island town hall.

All are invited to come along, and enjoy the trip with us, as there will be great scenery on the route, going through Bobcaygeon, Sturgeon Lake, Fenelon Falls, Cameron Lake, Rosedale, Balsam Lake and Kirkfield, where you will see the lift lock and twenty miles of canal from Balsam Lake to Lake Simcoe.—Com.

COMPANY IS COMING HOME FROM QUEBEC

It is expected that the company of the 57th regiment, which is at Quebec, will be home some time tomorrow night. Word has been received in the city that the soldiers were leaving for home this evening.

EXCURSION TO ROCHESTER

Good for 2 days, July 29, 30. Leaving Peterborough by special G.T.R. train, July 29th, at 6.45 a.m. going through Port Hope to Cobourg wharf. Steamer Ontario Ferry No. 1, direct to Genesee wharf. Good returning on evening of 29th, or by regular trips of boat, morning of 30th, connecting with regular GTR. afternoon train for Peterborough. Fares, Peterborough to Genesee dock and return, $2.15, children $1.10. See large posters. Tickets from all GTR agents.

THIS MURDER WAS BRUTAL

Boston, July 32.—A brutal murder was disclosed by the discovery of the body of Mrs. Emma Payrow, 38 years years old, gagged and with her throat cut, crushed into a small closet in one of the apartments on Columbus avenue, in the Back Bay.

The woman's body was found by her husband, Charles H. Payrow, when he returned to his home late in the evening. Not finding his wife in their apartments he began to search and was attracted by blood marks which led to a closet.

Opening the door he found the body of his wife crowded into a small space. In her mouth was a gag and her throat had been slit from ear to ear. The police upon being notified, place an officer in charge of the room, with order to give no information regarding the affair. Little is known of Mr. and Mrs. Payrow by those who occupy the neighboring apartments.

BETTER THAN SPANKING

Spanking does not cure children of bed wetting. There is a constitutional cause for this trouble. Mrs. M. Summers, Box W., 62, Windsor, Ont., will send free to any mother, her home treatment, with full instructions. Send no money, but write her today if your children trouble you in this way. Don't blame the child, the chances are it can't help it. This treatment also cures adults and aged people troubled with urine difficulties by day or night.

BERRY PICKERS CAUSE A FIRE

A large frame building on Mr. R. Burtchael's farm near Coboconk, was burned some time this week through carelessness of berry pickers in making a fire close to one end of it and leaving it burning. Mr. Thos. Robson of the Falls was up there last week and, seeing the pickers' abandoned fire and the danger to the building, carried several pails of water and threw it on the fire, which he had quenched. It must have continued to smoulder, however, for upon visiting the spot again this week, he found the building in ashes. The building was put up by the late DeCew firm when they were taking out timber.

Annual Excursion of C. O. F. and A. O. H. to Jubilee Point civic holiday, per steamer Rainbow and Barge.

BIG CONFLICT IS BREWING WARNING SPEECH DELIVERED

Germany is Looking for Trouble and May Find Pretext in Turkish Crisis—Speech Causes Apprehension—Consols Fall Sharply.

London, July 27.—Not for a long time has England been disturbed by so grave a warning from an eminent statesman as was uttered last week when Lord Cromer gave his ultimate reason for opposing the policy of the present Government. He frankly affirmed his belief that while the Government was light-heartedly embarking on an old-age pension scheme of enormous expense, the country was rapidly approaching the deadly crisis of a European war.

His words have been read throughout Europe with apprehension and alarm. Consols fell sharply when they became public, and now they are being discussed with the seriousness that their import demands. It is this excerpt from his speech that is attracting universal attention:

"What is the present condition of Europe is the main duty which devolves upon the Government of this country? Their main duty is to make provision betimes for a European conflict which may not improbably be forced on us before many years have elapsed.

"I am aware that the mass of the people of this country are not alive to the possibility of any such conflict taking place. It says it is the duty of a Government to provide betimes for that danger, a danger of which I, in common, I believe, with most people who can speak with real authority on foreign affairs, am firmly convinced exists.

LORD CROMER.

"My lords, I am now treading on delicate ground. It is neither necessary nor desirable that I should state at any length my reason for this opinion. I will only say that in order to justify it it is quite unnecessary to impugn the good faith of those high authorities abroad who constantly reiterate their peaceful intentions. Neither is it necessary to hold that any intentions deliberately hostile to this country.

"We are, however, living in times when the influence of individuals, however highly placed, is limited. When national interests are involved and race passion is excited there is always a risk, and more than a risk, that a collision between rival nations will take place, however pacific the intentions of their rulers. Let me add that if, as I believe will be the case, the enactment of this law imperils the cause of free trade, the chances of a collision will be materially increased."

It is, of course, perfectly understood that the peril Lord Cromer foresees lies in the direction of Germany. His special information can, of course, only be conjectured, but it is a fact that all who possess it share his apprehension. Some of these individuals criticize rather severely King Edward's latest move in the formation of a great European peace bund. They argue that the combination is now too large for stability. Moreover, the recent Anglo-Russian entente has exasperated Germany to a dangerous extent.

For this reason the serious crisis in the near east is regarded with some uneasiness throughout Europe. The revolt of the Young Turks has reached the proportions of a revolution, and Abdul Hamid, clever as he is, has been compelled to yield to the present. But it is by no means certain that his grant of a constitution will check the rebellion. No previous discontent in Turkey has involved the widespread sedition in the army which undoubtedly exists now.

Turkish patriotism is religious rather than political or dynastic. The Mussulman's loyalty is to the Koran, not to the sovereign. The present fear is that the Sultan will seek the military aid of Germnay and there are many rumors to this effect. Such action would create a grave situation among the powers as well as locally. Changes which have been made in the Sultan's entourage are widely interpreted, however, especially in London, as signifying a break in German influence and the re-establishment of the English, because the deposed Grand Vizier was of German proclivities and his successor is of English sympathies.

Fisherman Drowns.

Ottawa, July 27.—A young French-Canadian named Vezina while fishing in the Ottawa river near Rockliffe on Saturday night, fell out of the boat and was drowned.

Poisoned by Mosquito.

Chatham, July 27.—As a result of a mosquito bite, the left arm of Mrs. Walter Griffin is swollen to twice its normal size, and is infected with blood-poisoning.

THOUGHT PRINCE OF WALES WAS COBOURG DRY GOOD CLERK

Amateur Constable's Amusing Mistake at Gore's Landing When Present King Visited Canada in the Sixties.

There is hardly a move that the present Prince of Wales makes at Quebec but is recorded by the modern reporter and flashed over the wires to his paper, wherever it may be. There is no man in that ancient city more carefully watched, and any move he makes is considered news by the newspaper representatives. At the time the present King made his last visit to Canada, when he was Prince of Wales, a certain incident happened which has never been published in any newspaper to the knowledge of the informant.

The story was told to a newspaper representative by Mr. Edmonds, proprietor of Wonderland, at Lindsay, and the incident was seen by his brother, who was one of the guard of honour to the Prince.

The Prince was on his way to Peterborough and had to travel over the old Cobourg road. The railroad ran from Cobourg to Gore's Landing, and then a ferry took the passengers across the lake, where the track continued to Peterborough.

It was at Gore's Landing where the scene of the story lay. A special train carrying the Prince was expected at an early hour, and a large crowd from the surrounding district had gathered to see their future King. Three of the old farmers around the country who were always in the habit of occupying more or less official positions were told off to guard the passageway from the train to the boat and keep the crowd back. When the train pulled in the Prince was the first to jump off the train and immediately made straight for the boat. He was dressed in a Norfolk walking suit, and wore nothing to indicate his royal rank. The old men were expecting to see a man attired in a gay, militia uniform and when Col. Boulton got off the train they thought he was the Prince. Prince Edward, the present King, was just about to step on the gang plank, when he was seized rather roughly by one of the constables and rushed down the platform and pushed against the car. The crowd came to His Royal Highness' rescue at once, and would have given the old man a good beating had it not been for the interference of the Prince, who joined heartily in the joke.

When the amateur constable was spoken to about it afterwards he said he thought it was one of those fresh drygoods clerks from Cobourg.

HISTORIC BIBLE PRESENTED TO STONY LAKE COTTAGERS

By Mr. Robert H. Strickland of England—Was Given to Mt. Julian Hotel in 1874, and Was Saved From That Building During a Fire.

During the services yesterday the Stony Lake Cottagers' Association, Limited was presented with an historic Bible by Mr. Robert Strickland. The Bible at first was presented to the summer hotel at Mt. Julian in August 1874, and when that building was destroyed by fire it was saved. It has ever since been in the hands of Mr. Strickland. It is still in very good order and it certainly was very much appreciated by the Association.

The address read in part as follows:

"Presented to the Mount Julian Summer Hotel by the Lakefield branch of the British and Foreign Bible Society, August 8th, 1874.

And after the destruction by fire of that building from which it was saved, presented to the Stony Lake Cottagers' Association, Limited, for use at the pavilion, Juniper Island.

(Signed) ROBT. H. STRICLKAND

July 24th, 1908."

HAVE TERMINAL AT NORTH BAY

Grand Trunk and T. & N.O. to Withdraw From C.P.R. Depot.

North Bay, July 27.—The announcement is made that the Grand Trunk Railway and the T. & N. O. Railway have signed an agreement by which these railroads will occupy their own station and freight sheds, entering the town on their own right of way from Nipissing Junction, with four passenger tracks leading to the new station.

Negotiations have been quietly conducted, and it is doubtful if the C.P.R. had the faintest inkling of the move.

Ice Cream Kills Her.

Toronto, July 27.—It is expected that Dr. Sheard, medical health officer, will to-day commence a searching investigation into the methods employed by street ice cream vendors in preparaing their wares.

As a result of ptomaine poisoning due to eating ice cream purchased from an itinerant dealer, Teresa, the 13-year-old daughter and only child of John and Rose Latchen, 7 Niagara street, died last evening.

On Tuesday last she had partaken of some of the congealed "delicacy," so greatly sought after by children, and purchased it on Portland street, and the same night she was seized with violent pains. All efforts to save her were in vain and she died last night.

Fatal Melee at Soo.

Sault Ste. Marie, Ont., July 27.—In a general melee which took place among the Italians in their quarter of the town last night, one man is dead, having been riddled with bullets, five penetrating his breast and one through his head, and another was severely clubbed and stabbed so badly that no hopes are held for his recovery. Others were more or less injured by knives and clubs, which were used in the fight. Seven arrests have been made, and the police think they have the murderers. Other arrests are likely to follow.

London Boy Drowns.

London, July 27.—Victor Ross, the 15-year-old son of Mrs. William Ross of this city, was drowned at Locke Springs, north of the city, yesterday. Accompanied by Raymond Cluss, 14 years of age, who was visiting here, the two boys went up the river and went in for a bathe. Ross got beyond his depth, and though Cluss attempted to rescue him, diving several times, be was unable to rescue him.

Gruesome Find.

Montreal, July 27.—Two men rowing on the St. Lawrence late Saturday made a gruesome find.

A skeleton of a man with merely shreds of flesh hanging to the bones was found floating on the surface of the water.

TO LEARN FROM THE DOMINION

United States Will Investigate Our Banking Methods,

Narragansett Pier, July 27.—The National Monetary Commission at the last session of Congress to devise plans for currency legislation, adjourned to meet in Washington in November, 1908.

Senator Aldrich, chairman of the commission, after adjournment, issued a statement in part as follows:

"The commission deemed it of the utmost importance that steps be taken to secure a thorough examination of the leading commercial nations. Preparation for this work was entrusted to a sub-committee. This committee will sail from New York on Aug. 4, for Europe.

"It is the intention of the full commission to visit Canada at an early date, for the purpose of making a special examination into the Canadian system."

Venezuelan Consul Mobbed.

Willemstad, Island of Curacao, July 27.—The relations between Venezuela and the people of the Island of Curacao, Dutch West Indies, are strained to the breaking point.

Mobs gathered in force in this capital Saturday night and yesterday and expressed their resentment in an attack upon the home of a Venezuelan who had published statements in Venezuelan papers derogatory to the island, and later held violent demonstrations in front of the residence of the Venezuelan consul; surrounded the German consulate, where he had taken refuge, and compelled the ordering out of armed troops so that the consul might be protected from injury.

Holland After Castro.

Amsterdam, Holland, July 27.—The Gelderland, which was stationed in the West Indies, has been ordered to take on board Minister Deruss.

No action against Venezuela has been announced. The Council of Ministers yesterday discussed the Venezuelan question, and the newspapers foresee the possibility of a naval demonstration in view of President Castro's attitude regarding the points at issue between the two countries, the situation now being accentuated by the expulsion of the Dutch Minister from personal reasons.

Sifton May Return.

Quebec, July 27.—There is a rumor current here that Hon. Clifford Sifton will return to the Cabinet without portfolio. Another bit of political gossip is that Senator Dandurand, president of the Senate, will be called to the Cabinet with the portfolio of Marine and Fisheries. Hon. L. P. Brodeur, say the informants, will get a high judicial position. There is also a well-authenticated rumor that elections will be held in October or the first week in November.

MONTREAL FRENCH PAPER PRINTS AN OPEN LETTER

The Nationalist Says True French Sentiment is Concealed Montreal Paper in Editorial to Prince of Wales Declares That Festivities Are an Outrage.

Montreal, July 27.—The Nationalist publishes an open letter to the Prince of Wales, the gist of which is a claim that the demonstration at Quebec is nothing more than a huge imperial parade, and the heart of the French-Canadian people has no sympathy at all with the doings at the ancient capital.

"When Your Highness leaves Quebec," says The Nationalist, "you will have spoken to many people and listened to many speeches, but in spite of it all you will not know the true sentiment of the people of this province.

"You will have failed to penetrate the sentiments of two million of your subjects, and the French-Canadians will deeply regret that you considered it to be your duty to attend these festivities, which are an outrage to their feelings. They would have wished to celebrate this year the three hundredth anniversary of the landing of Champlain, yet our governor brutally opposed this idea in order to transform this family gathering into an imperialist demonstration thus excluding the third of the nation.

"We are faithful subjects of the throne, and we would at the proper time be only too happy to associate ourselves with the celebration of Gen. Wolfe's memory. Your Royal Highness has been told that there was but one heart and one soul in this celebration, and that all Canadians celebrated the event with an equal enthusiasm, but you have been grievously deceived.

"Although you believed that you were participating in festivities which united Canadians of all races and creeds, yet as a matter of fact you gave your support to a coterie which represents a very small fraction of the Canadian people. The Canadians speaking the French tongue would have wished to glorify the founder of Quebec, yet our governor prevented this under the pretext of helping them in the noble task."

After declaring that the Prince of Wales was to be excused for the error he made, The Nationalist says:

"The French-Canadians with whom you have spoken, and those whom you have decorated, reflect in no possible manner the sentiment and character of their fellow citizens. Thank God we are better than they. If, in fact, all the French-Canadians were like them you would have been in the right in supposing that we possessed so little dignity as to be satisfied with Lord Grey's imperial masquerade. If we were really like those people we would indeed be ripe for the grave, and this demonstration would be nothing more or less than our funeral.

"These people are, however, not the true French-Canadians. They are the incarnation of an era which is fast drawing to a close. They represent a generation that is fast dying out, and it is not to the real French-Canadians to whom Lord Grey would have dared submit his project of an imperial manifestation.

"In a word, the humiliation which has been imposed upon us may perhaps hasten the hour of our awakening, and such is the message which you will carry back to the King."

Fire at Mount Forest.

Mount Forest, July 27.—Fire broke out in Voisons' general store yesterday morning, damaging the stock considerably.

LOCK MASTER COULD NOT LET BOAT PASS THROUGH LOCKS

The lockmasters on the Trent Canal have strict orders regarding the operation of the locks on Sunday. They are not to let any boat pass through unless under special permission secured from the Superintendent.

When the steamer Otonabee arrived at the locks below the city Saturday night, or rather Sunday morning Lockmaster Collins could not let them through, as it was the Sabbath. His orders on that point are very strict and the boat was unable to proceed until Mr. McClellan had been telephoned to and his permission secured to let the boat pass through the locks.

A road foreman at Montreal is charged with padding the pay lists.

Percy Sheppard, of Queenstown, was drowned while swimming in the Niagara.

NOTABLES AT A BANQUET GAVE IMPERIAL ADDRESSES

Prince of Wales is Thanked for His Interest in Canada—Races are One Nation When War Time Comes, Says Whitney—Letter From Botha.

Quebec, July 27.—The state dinner was a brilliant function on Saturday night at the Citadel. Colonial representatives were a feature of the celebration, which more fully represented the imperial character of the celebration than any previous social function.

The guests were received by the Governor-General, before the magnificent dining-room in the Citadel was entered by the guests among whom were practically all the notable visitors who are kept at the celebration.

After the royal toast, Earl Grey proposed that of the Prince of Wales.

Great enthusiasm was manifested as the National Anthem was played. When the cheering ended the Prince addressed the company. In the course of his speech he said:

"I can assure you that everything which conduces to the prosperity and well-being of the Dominion is watched with the keenest interest by the Mother Country. As the representative of our King I knew that an enthusiastic greeting awaited me in Quebec, but the marked affection of that greeting has touched me more deeply; indeed, it is not possible to express all I feel. The three hundredth birthday of Quebec has been made the occasion, not of parochial or provincial, but of national and imperial importance." (Cheers.)

It was announced by Earl Grey before Sir Wilfrid Laurier proposed the toast of the self-governing colonies that he had ordered Australian and South African wine to be poured so that the toast would be honored in no foreign wine.

In proposing the toast of the self-governing colonies Sir Wilfrid Laurier said that as he advanced in years he appreciated more the wisdom of the British constitution, under which he was born and brought up and which had given to the various portions of the Empire their separate free Governments.

"It is our proud boast that Canada is the freest country in the world. It is our boast that in this country liberty of all kinds, civil and religious, liberty flourishes in the highest degree," declared Sir Wilfrid, who referred to the presence of Vice-President Fairbanks and the representative of the French republic, and went on:

"While we are loyal British subjects, it must not be forgotten that we are French subjects of His Majesty, and while we have been separated from France in a political sense for nearly 150 years, all our sympathies go out to the country to which we owe our origin."

Sir Wilfrid touched in happy terms on each of the colonies. He regretted that Premier Botha of the Transvaal could not be present and read Gen. Botha's reply to Sir Wilfrid's invitation. It contained the heartiest hopes for the solidifying of the Empire and thanking the Premier for his interest in South Africa.

Hon. Stewart Pitts replied on behalf of Newfoundland, and was followed by Lord Dudley, the newly-appointed Governor-General of Australia. In conclusion the latter said:

"Your Royal Highness, amidst strife and suffering, and as the cost of much valuable life, the national edifice has been constructed, but these celebrations bring home to us a realization of the fact that to-day old differences are forgotten in the determination of a united people, to march forward in undivided strength to the great destiny which awaits them."

Earl Ranfurly, formerly Governor-General of New Zealand, responded for that colony. He thanked Sir Wilfrid Laurier for his kind reference to Sir Richard Seddon, who was Premier during the several years of the earl's governorship. New Zealand's message, said the earl, was that it might take the practical form for which the Dominion and its people were noted. New Zealand was ready to give liberally of her sons when their active services were needed. When famine or fire caused distress and disaster, she sent large contributions to India, then to Ottawa.

"I have the great honor of handing to His Excellency the Governor-General a check for £1,000, as a small contribution, showing practically the sympathy of the people of New Zealand in this great movement."

Sir H. Devilliers, noted his presence as the result of the first occasion on which the different South African Governments had come to a joint decision. They had not rivers or lakes in South Africa, as in Canada, but they had European races as virile as in Canada. A large proportion of the people were descended from French Huguenots and they had retained the faith of their forefathers just as the French-Canadians had adhered to their old faith, while the same French blood flowed in their veins.

Sir Lomer Gouin, Premier of Quebec, proposed the health of the visiting Premiers of other provinces.

Premier Whitney replied, sketching in briefly the swift spirit of union that had grown up among the races. It was when a foreign power had attacked Canada in 1812 that Chateauguay and de Salabery had risen to arms along with the Anglo-Canadians and had shown that French or English, in time of stress the nationalities were one.

His Royal Highness then arose, and, with the manifest approval of the guests present, toasted Earl Grey in a speech that was loudly applauded.

"If it were possible to propose the toast with which I am now entrusted to the whole population of the Dominion," he said, "it would, I am sure, be certain of a welcome no less enthusiastic, no less affectionate than will be accorded to it by this distinguished company, for it is the health of my noble friend, the Governor-General."

On rising to reply Earl Grey was loudly cheered.

He thanked the sister colonies for their support and help in the tercentenary and the foreign nations that had lent their aid to make it a success.

His Royal Highness having handed to the Governor-General a check for £10,000, representing the contributions from England to the battlefield fund, His Excellency thanked the prince for this additional proof of the interest he had shown in the redemption of the battlefields. He said that he would send a cable in the name of all present thanking Lord Middleton, chairman of the English committee, for their contribution and for their action in affording the people of England an opportunity of associating themselves with the gift of Canada on her 300th birthday through the hands of the Prince of Wales.

The Prince of Wales attended divine service in the English Cathedral of the Holy Trinity yesterday morning. The church was reserved and no crowding occurred, the arrangements being excellent. Saturday's performance of the pageants before the Prince of Wales surpassed all previous ones.

The singing of "O, Canada" at the finish brought the Prince of Wales to the front of his box, where he stood with bared head. After the National Anthem had been sung the armies lined up around the Wolfe and Montcalm monument.

Every regiment which took part in the great conflict was represented, and the sight was one of beauty as the ranks presented arms, the flags of 150 years ago were dropped in salutation, and a wreath from every host was laid at the foot of the monument.

Troops Leave Quebec.

Quebec, July 27.—All the Ontario troops have left Quebec with the exception of the 21st (Essex) and a company of the 19th (St. Catharines), which stay till Wednesday, and the composite regiment of companies from 12th, 23rd, 31st, 34th, 35th, 36th, 44th and 77th.

The London district composite regiment left yesterday and the Sudbury company of the 97th leaves today. The permanent corps will remain in camp till Saturday next.

COMPOSITE COMPANY HAD FINE OUTING AT QUEBEC

Arrived Home From Tercentenary Yesterdav at Noon—Trip Was Profitable and Enjoyable.

The composite company from the 57th regiment in charge of Capt. Mills arrived home from the Tercentenary at Quebec, yesterday, shortly after one o'clock. Every man had a most profitable and enjoyable time and their trip to Quebec will long be remembered. The journey to the ancient city was made in quick time, leaving here at twelve o'clock on Sunday, August 19th, and reaching Quebec at five o'clock Monday morning. The local soldiers accompanied the Queen's Own rifles and they had a very pleasant time.

At Quebec they camped at Savourd park, which is northwest of the city and on the west side of the St. Charles River. The local boys had exceedingly comfortable quarters and plenty of water. Monday was an off day for the troops, Tuesday morning in drill, and the afternoon was given for rest. On Wednesday the troops lined the streets, and on Thursday they practiced the march past, and on Friday they took part in the review by H. R. H. the Prince of Wales.

During the company's spare time, they went around the city, visited the ships in the dock and made trips to St Anne de Beaupre and Montmorency Falls. Capt. Mills, this morning stated to the Review, that the crowds attending the celebration were immense. The decorations were extremely beautiful and especially in the evening the illuminations were grand. Looking from Dufferin Terrace down the river, the ships presented an exceedingly pretty sight.

There were no casualties to mar the outing and everyone returned in the best of spirits.

RATHER STRANGE

A man forking hay and whistling the "Merry Widow Waltz," and "Harrigan" was the somewhat strange sight that greeted a party of picnickers down the river on Saturday afternoon.

Beer *vs.* Water

Physicians say the city water is dangerous.

THE CHILDREN'S AID SOCIETY

In another column will be found the appeal of the C. A. Society for funds to carry on its work. The C. A. Society movement throughout Ontario at the present time is seriously hampered by the heaviness of its task. The societies have more work than they can attend to or pay for. Hard times have increased the Societies' burdens tremendously. Now is the time for the well-to-do to increase their subscriptions. It means much to a large number of the nation's rising generation. Mr. Goodwill's statement that fifteen children are at present in the shelter and that urgent cases must remain unattended to is worthy of serious thought. It might be a good idea for the President Mr. T. F. Matthews, to issue an appeal on the Society's behalf.

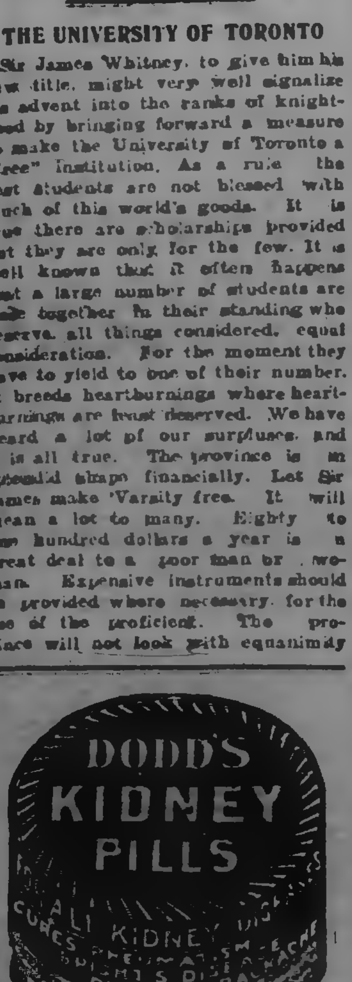
THE ATTORNEY-GENERAL'S DEPARTMEMT

The following shows at a glance the comparative standing of Ontario for 1906, the statistics for which are just to hand, with some of the other provinces with regard to criminal "charges and convictions." In 1906 Ontario had 5112 charges and 3528 convictions, or a percentage of 69.01.

In the preceding years the percentage was at first 65.53, and later 64.90, a decrease in the proportion of convictions of about one per cent. The present (1906) percentage of 69.01 therefore is a distinct advance. Manitoba with 87.60, Quebec with 82.50, B.C. with 81.00, and New Brunswick with 74.07, are, however, considerably in advance of Ontario and must be reckoned to have more efficient or more general systems of police. The total number of cases of crime specified is also much higher in Ontario than in the other provinces, speaking proportionately. It is not very flattering to find that even with improvement we are only one per cent above the North-West Territories, as Alberta and Saskatchewan are termed in the official classification, in the punishment of crime. There is beyond doubt room for the Attorney-General's best efforts in devising and carrying out a scheme of improvement. Hon. J. J. Foy is a man in whom the public has absolute confidence, both as a man and a lawyer. As an administrator here is his chance. He can confer a lasting benefit on a province that at present is out of all proportion low in the scale of the repression of crime.

THE UNIVERSITY OF TORONTO

Sir James Whitney, to give him his new title, might very well signalize his advent into the ranks of knighthood by bringing forward a measure to make the University of Toronto a "free" institution. As a rule the best students are not blessed with much of this world's goods. It is true there are scholarships provided but they are only for the few. It is well known that it often happens that a large number of students are close together in their standing who deserve, all things considered, equal consideration. For the moment they have to yield to one of their number. It breeds heartburnings where heartburnings are least deserved. We have heard a lot of our surpluses, and it is all true. The province is in splendid shape financially. Let Sir James make 'Varsity free. It will mean a lot to many. Eighty to one hundred dollars a year is a great deal to a poor man or woman. Expensive instruments should be provided where necessary for the use of the proficient. The province will not look with equanimity upon a retrograde step. A great free university is worth many mines.



EDITORIAL NOTES

A correspondent informs us that the Canadian exhibit at the Franco-British exhibition is far surpassed by that of Australia!

The Standard Oil Co. will not have to pay the $29,000,000 fine at least just yet. We were afraid it might have to do so!

La Patrie calls the attention of old France to the desirability of her bestowing the legion of honor upon Mayor Garneau, of Quebec.

There will be a loss of $6,000,000 in wages and $2,000,000 in camp expenses alone, next winter, in the lumbering business. The cut is to be reduced by 50 per cent. Southern pine is doing it.

The Society of French speech or for the preservation of it and the written word have succeeded in getting the railways to agree to the use of both languages in all their notices and relations with the public. This is the most material advance yet secured by this society, but it will no doubt entail much labor in its carrying out.

Saskatchewan is to have a general election on three weeks and three days' notice or if we take from date of dissolution to date of nomination two weeks and three days. Three sessions have been held so that a fourth yet remains. We have looked in vain for any comment on this shortness of notice in the Globe.

First of all, it must be made clear and definite what Liberalism is and what Liberals must believe and do if they would prove worthy of the political faith they profess. Gladstone made the distinction clear: Political Conservatism is belief in the few tempered with fear; political Liberalism is belief in the many tempered with prudence.—The Globe.

Read after "few" the word 'subsidies' and after 'many' the same word. The word 'prudence' is at present used in conjunction with the name Liberal as a joke. When Gladstone spoke as above he wasn't what the Globe calls "thinking clearly."

"BUSY MAN'S" FOR AUGUST

Appropriately prepared for holiday reading, and possessing a nice balance between the gay and the serious, the August number of the Busy Man's Magazine will be found both seasonable and appetizing. It is full of good things from cover to cover. A graphic character sketch of Sir William Macdonald, and what this well-known Canadian millionaire philanthropist is doing for practical education, will be read with interest, as well as other original contributions, including "The Inside vs. the Outside Man," "The Importance of Secondary Education," and "Fitting Young People for Life's Battles." Among the selections from the leading magazines of the world are the following bright and comprehensive contributions;—'Great Achievements of Men Over Sixty,' 'My Voyage in the World's Greatest Airship' 'King Edward Entirely Out of Debt,' 'Why Some Women Never Marry,' 'Business Man is Country's Best Citizen,' 'The City Man as a Farmer,' 'The Most Exclusive Club in the World,' 'No Sport to Equal Mountaineering,' etc. There is also a generous instalment of bright, readable stories in the August issue of Busy Man's, which is admirably illustrated and presents an exceptionally attractive appearance.

THE CHANGING OF THE TIMES

Thirty years ago one of the old-fashioned steel-wire spring waggons was a luxury. In a funeral procession a mile long you would see perhaps, two or three of them. Everybody rode in farm waggons. Twenty years ago a top buggy was a rich man's good fortune, and but few of them were seen. Today a top buggy with a rubber tire is as common as a Democrat in Texas. Anybody and everybody has them. A farm waggon in a funeral procession would be a novelty. A newspaper printed yesterday is stale. If a letter is twenty-four hours travelling a thousand miles there is a kick coming. Ten dollars don't last as long as ten cents did with our grandfathers. We spend more for socks and suspenders than grandfather did for his Sunday clothes and still we wonder what is the matter with the world that it does not grind out as many rich blessings as it did a century ago.

William Whyte, vice-president of the CPR is seeking to enlist 25,000 men for the Western harvest

A ten year old girl named Rogers at Swaeborg, Ont, was bitten in the face by a horse.

SOME VERSES FROM TEXAS

The Review has received the following poem dedicated to "Canada, and Peterborough, My Old Home" written by Mrs. A. L. Cullings, of Amarillo, Texas, formerly Miss Dora Reid, of Peterborough:

A few months ago, I Barney McCoy,
An Irish lad by my name, you see,
Left my home on the old Irish sod.
And came to Canada, where I'd be free.

To build a home for my sweetheart,
My Mollie, so good and true,
She's as pretty as can be,
With her rosy cheeks and eyes of blue

And now young man, when you propose
To the girl that you love best.
Just get a boat and go for a row
And your wooing will do the rest

Just drop your oars, let them rest on the side,
As your boat drifts along with the tide,
Then take her hand, and lovingly say,
Will you be my own sweet bride.

If she will say what my Mollie said,
As she looked up with her eyes of blue.
"Faith and shure I will Barney McCoy,
For I love no one but you."

I sealed our troth by a kiss on her lips,
Then away to Peterborough I flew,
To my Irish girl so true.

Then I bought a lot near the city park.
To build a home, I've hustled you see,
And just for "Good Luck" and Mollie's sake,
I'll call it the "Castle of Killarnee"

And now I'll send for my sweetheart,
And she will come from across the sea,
Then we'll settle down in our pretty home,
And at "Killarnee Castle" you'll welcome be.

And Mollie will tell you, if you speak of a lake,
Of a boat that once drifted with the tide,
On the "Lakes of Killarney" when I proposed,
And she promised to be my bride.

She'll tell you, your sweetheart can't resist,
Your pleadings, you lovers of Peterborough,
If you take a boat and drift with the tide,
With her hand in yours, she can't say "No."

Then, you'll buy a lot in some good town,
And build a home, same as Mollie and me,
And in the evenings can stroll about,
When from your labors you'll be free.

So three cheers for "Barney and Mollie."
And all the lovers of Peterborough
Wishing you the best of success,
Comes from a friend in "Amarillo"
—Texas.

"THE CANADIAN" FOR AUGUST

Midsummer Number is Bright and Summery With Many Seasonable Articles

The Canadian Magazine for August is light and summery, being composed mostly of illustrated travel and outing articles and short stories. In fiction it is particularly strong the feature being a complete novelette by the popular writers Alice and Claude Askew, entitled 'Elizabeth's Lover.' Besides the novelette there are capital short stories by N. de Bertrand Lugrin, H. A. Cody, Gower Glynn and Bradford K. Daniels. The leading article deals with the Indian tribes of Labrador, and is well illustrated. The author is Gifford H. Easton who accompanied the late Leonidas Hubbard to that frozen region of the North, and therefore had excellent opportunity to study the native tribes. Other illustrated articles are "Encouraging Native Handicrafts" by Katharine Reid, "A Poacher of Renown" by E. Hickson, being an account of poaching on salmon-fishing preserves in New Brunswick," and "The Grab Fishers" by Bonnycastle Dale. Altogether the number is most seasonable.

TWO VAGS. AT POLICE COURT

Two lone vags greeted the admiring audience at Police Court this morning and were soon disposed of by acting Magistrate Armstrong. The first case to greet His Worship was given a two week's vacation on the hill, and his travelling companion was told to leave the city as soon as possible.

The Fairy Godmother.

By JEROME SPRAGUE.

Copyrighted, 1908, by Associated Literary Press.

Bubbles didn't care whether it was appropriate or not; she wanted it, and she was saving up her money to get it.

Every morning when she went to the store she found the girls talking of their summer hats.

"What kind are you going to have?" they would ask her, and Bubbles would laugh—the gay bubbling laugh that had given her her nickname—and would say, "Wait and see, girls; wait and see."

"Oh, piffle!" one of them said on a certain June morning. "I don't believe you're going to get a hat."

"Wait and see; wait and see," said Bubbles provokingly.

And then after the store was closed she went around the corner and looked at the hat with the white feather.

The price was in plain sight—$10.

Bubbles earned $4 a week. Out of that she paid her aunt $2.50 for board. Fifty cents went for car fare, and the rest she had for herself. Since last summer she had managed to save $9.50, and the other fifty would add the complete amount necessary to buy the hat with the white feather.

She decided to tell Alice Forbes about it.

Alice was at the ribbon counter, while Bubbles sold notions. Their acquaintance rose from the fact that they walked home in the same direction.

"I'll have to wear it with all my old blue suit," Bubbles said as she went along. "But I don't care. I've made myself a white net waist, and it's awfully becoming."

"Ten dollars is a lot for a hat," Alice said quietly.

But Bubbles laughed, with her head flung up and her bright eyes shining. "Oh, what's the use of living," she said, "if a girl can't have something pretty now and then?"

Alice nodded. Her blue eyes were wistful. "That's what I think," she said. "Now, there's a remnant of ribbon at my counter. It's white, with bunches of pink roses on it. It would make a lovely girdle, and I could buy a white dress for 25 cents a yard and a little wreath of pink roses in the millinery department, and then I could be bridesmaid for Millie Drake."

"Does she want you to be?" Bubbles asked, with interest.

"Yes," Alice said. "Jimmie Bryan is to be best man."

"Oh!" Bubbles was silent for a moment. Then she asked, "Don't you think you can afford the dress?"

"No," Alice said quietly, "I can't. And I told Millie last night to ask you, Bubbles. I knew you wouldn't mind being asked second, because I'm her oldest friend. I laid the piece of flowered ribbon away this morning, so that if you wanted it you could have it. You could make a white net skirt to your new waist. It would be awfully pretty with the pink roses."

But Bubbles was looking at her curiously.

"Don't you mind," she asked—"I mean not being bridesmaid?"

"Yes, I do," Alice said, and Bubbles saw that her eyes were full of tears. "But I have to give all of my money to mother now that father is sick and can't work."

"Well, it's a hard old world," Bubbles remarked as they reached the corner where they separated. "If I decide to take the ribbon, Alice, I'll let you know in the morning."

At the next corner Bubbles met Jimmie Bryan.

"Jimmie," she said, with her gray eyes challenging him—"Jimmie, are you going to be best man at Millie's wedding?"

"Sure," answered Jimmie—"cutaway, white flower in my coat and all the rest of the agony."

"And me to walk up the aisle with you?" said Bubbles.

Jimmie looked at her in surprise.

"I thought Alice was going—was going to do it," he said.

"Alice can't get the clothes," Bubbles informed him, "and if I wasn't a selfish pig I'd get them for her, but I want a white feather in my summer hat."

Jimmie hesitated. "Look here, Bubbles," he said a little awkwardly, "ain't there some way you could make Alice think you were getting her dress and let me pay for it? I'd like to do it."

Bubbles caught her breath quickly.

"Why, Jimmie!" she said.

Jimmie flushed. "She has an awful hard time," he said.

"Yes, she does," Bubbles agreed abstractedly. She was a little white, but she still smiled at Jimmie.

"So you don't want me to be bridesmaid with you?" she teased, still with a funny catch in her breath.

"Aw, Bubbles," he stammered, "you know I think you're about the nicest thing ever"—

"But you'd rather have Alice walk up the aisle with you," was her quiet reminder.

"I wouldn't," he declared stoutly, "but I'm sorry for Alice."

"Of course," Bubbles agreed, and then she went on to plan. "I could get her the things and tell her the money had come to me unexpectedly."

"I am afraid that wouldn't do," was Jimmie's worried response. "She'd feel as if she had to pay it back. You get the things and send them to her and don't have any mark on the box, and she'll never know where they came from."

"Well, I can't get the things we talked about," Bubbles said, "or she would know right away. Do you care how much you spend, Jimmie?"

"No," he told her with the recklessness of the skilled laborer who earns his $3 a day; "no, I don't."

"Then I'll get a robe dress of pink mull with a wreath of silver roses. She'll look like a dream, Jimmie."

"I hope she will," Jimmie said, and Bubbles sighed.

"Goodby, Jimmie," she said as she came to the tenement where she lived on the third floor.

He looked at her anxiously. "You're not cut up about not being bridesmaid, are you?" he asked.

She shook her head. "No," she answered bravely.

"Well, you're pretty nice, Bubbles," he said heartily, and then he went on his way.

When Bubbles reached home she took out her hoarded store of money. With what she would add on her next pay day she would have $10, and she could buy the hat with the white feather.

She fingered the money for a moment, and then she dropped her head on her arm with a sob, for Bubbles had wanted that hat to wear to church on Sunday morning when she sang in the choir with Jimmie Bryan. It had been for Jimmie's admiration that she had craved the pretty hat. And, after all, it was Alice that Jimmie cared for.

Two days later Alice came to her counter breathlessly.

"Oh, Bubbles," she said, "such a wonderful thing has happened!"

"What?" asked Bubbles innocently.

And then Alice told her of the wonderful gown and the dainty accessories that had come the night before in a big box.

"I can't imagine who sent them."

"It must have been a fairy godmother," said Bubbles demurely.

"And now I can be Millie's bridesmaid," caroled Alice when she had exhausted all her conjectures as to the giver. "You won't mind, will you, Bubbles?"

"No," said Bubbles steadily.

And as she sold needles and pins and hooks and eyes and whalebones and a hundred and one other things that day she told herself that she did not care. Why should she want to walk beside Jimmie Bryan when he preferred to have Alice?

She passed the window with the hat with the white feather that night without a glance, and on Sunday she wore a plain little black sailor with a cheap red rose, and she looked prettier than ever in it.

"Alice thinks you're a fairy godmother," she told Jimmie after service.

"Say, did she like it?" he demanded.

"Of course she did," said Bubbles. "Who wouldn't?"

But Jimmie did not answer immediately. He stood looking down at her. "Say, little girl," he said presently, "you look mighty nice in that hat."

"It cost just $1.98," Bubbles informed him glibly, "marked down from $2."

"I don't care what it cost," Jimmie stated. "You look mighty nice."

Bubbles couldn't resist saying, "But not half as nice as Alice will in that pink robe."

"Bubbles, I believe you're jealous," flashed Jimmie unexpectedly.

Bubbles' cheeks flamed. "Why, Jimmie Bryan!" she faltered.

"Look here," Jimmie demanded, "did you think I was in love with Alice?"

Under his keen scrutiny Bubbles was forced to admit, "I couldn't very well help it, could I?"

"I was afraid you would," Jimmie said, "that day when I planned to get her the things, but I had promised. Oh, look here, Bubbles, you come out to the park with me, and I'll tell you about it."

And all the way to the park Bubbles' heart sang, and she seemed to walk on air, and she was glad that she hadn't bought the hat with the white feather. She was glad she hadn't been extravagant, for Jimmie seemed to like her just as well in the black sailor with the red rose.

In the park the beds were full of jonquils and tulips and hyacinths and crocuses, and under the flowering almond tree Jimmie and Bubbles sat down to talk.

"You see," Jimmie explained, "there's Bob Travers, and he's in the navy, and he's away on a three years' cruise, and he made me promise that I'd look after Alice—they've been in love with each other since they were kids—and when Alice's father got sick I tried to help, but they wouldn't let me, and it seemed as if getting her the dress would be what Bob would want me to do, and now he's going to get home in time for the wedding, and I told Millie she'd have to have him for best man."

"Oh!" cried Bubbles, aglow with happiness.

"And then I told her how much I thought of you, and she wants us to be in the wedding party, and— Oh, well, look here, Bubbles." And in the shadow of the flowering almond he held out his arms.

And Bubbles, having wept a little weep of joy on his broad shoulder, sat up and wiped her eyes. "Ain't I glad I didn't spend all my money for that feather, Jimmie?" she said. "I'll get the white net skirt and wear the rosebud ribbon"—

"And a diamond ring," interrupted Jimmie.

"A diamond ring! What for?" demanded Bubbles.

"Because we're engaged," said Jimmie rapturously.

Economy Begins at Home.

"I hear you're teaching your son to play draw poker. Do you think that wise?"

"Certainly. He's bound to learn from some one. If he learns from me it keeps the money in the family."—New York Life.

Real Circus.

"What are you laughing so much about, Bobby?" asked the caller.

"Just been to a one ring circus," chuckled Bobby.

"But, as a rule, one ring circuses are not funny, Bobby."

"Oh, this one was. I was under the sofa while Sister Sue's beau was slippin' the ring on her finger, and just as he kneeled on the rug I stuck a toothpick into his shin, and he jumped six feet, knocked over the cuckoo clock, started off the burglar alarm, and the bull pup chased him out of the window. Don't you call that a circus?"—Chicago News.

He Had It Bad.

They were sitting on a log in the old lane.

"Ah, dearest," he whispered, moving closer, "I can see the love lights in your eyes."

And she laughed long and loud.

"Why, you silly boy, you should see an eye specialist," she giggled.

"Why so?"

"Because what you see are a couple of fireflies."—Minneapolis Journal.

THE MARKETS.

Liverpool and Chicago Wheat Futures Close Lower—Live Stock—Latest Quotations.

Saturday Evening, July 25.

Cheese Markets.

LONDON, July 25.—Six factories offered 175 white and 670 colored cheese at today's market; 84 colored sold at 11c to 11 1-16c.

CARTER'S LITTLE LIVER PILLS.

CURE

Sick Headache and relieve all the troubles incident to a bilious state of the system, such as Dizziness, Nausea, Drowsiness, Distress after eating, Pain in the Side, &c. While their most remarkable success has been shown in curing

SICK

Headache, yet Carter's Little Liver Pills are equally valuable in Constipation, curing and preventing this annoying complaint, while they also correct all disorders of the stomach, stimulate the liver and regulate the bowels. Even if they only cured

HEAD

Ache they would be almost priceless to those who suffer from this distressing complaint; but fortunately their goodness does not end here, and those who once try them will find these little pills valuable in so many ways that they will not be willing to do without them. But after all sick head

ACHE

is the bane of so many lives that here is where we make our great boast. Our pills cure it while others do not.

Carter's Little Liver Pills are very small and very easy to take. One or two pills make a dose. They are strictly vegetable and do not gripe or purge, but by their gentle action please all who use them.

CARTER MEDICINE CO., NEW YORK.

Small Pill. Small Dose. Small Price.

LAWN SOCIAL HELD AT KEENE

Under Auspices of the W.F.M.S. of That Place---Many in Attendance

A highly successful lawn social was held on July 15th, under the auspices of the W.F.M.S., of the Keene Presbyterian church. The social took place at the home of Mrs. Robt. Miller, and was one of the best that the Society has ever undertaken. The attendance was very large, the net proceeds amounting to $44.50.

The young ladies of the church served tea from 6 to 8 p.m. and during the evening candy and ice cream were sold.

The programme was as follows—
Solo, Mrs. Harrison.
Instrumental duet, Misses Lila and Stella Shearer.
Solo, Miss M. Bryce.
Solo, Miss F. Weir.
Solo, Mr. W. Mackie.
Solo, Miss A. Short.
Instrumental duet, Mr. J. Miller and Misses Miller and Renwick.
Solo, A. Kirkcaldy.
Instrumental duet, Misses M. and D. Renwick.
Solo, Mrs. R. Miller and Mrs. J. Nelson.

JAIL BREAKERS AT FENELON FALLS

Two Suspicious Characters Recognized as Escaped Crooks

Fenelon Falls, July 25.—On Monday two very suspicious looking characters drove into the village, and the villagers were very much interested to find out just who they were. They made their appearance in a very dilapidated looking buggy which was dragged over the dusty roads by a very famished and apparently tired out pair of equines.

The occupants drove up to the Brooks hotel and stopped but a little while, just long enough to transact some business. They did not remain in the village very long, and seemed to be anxious to shake the dust of the village off their feet. They took the road in the direction of Coboconk.

RELATIVE OF LORD ROBERTS RESIDES NEAR PETERBORO'

Mr. S. R. Price, of Otonabee, is a Blood Relation of the Great General Who is Visiting Canada at the Present Time.

In connection with the visit to Canada of Lord Roberts, who is probably the world's greatest general, it is of interest to note that relatives of the hero of Kandahar reside a few miles from Peterborough. Mr. S. R. Price who resides in Otonabee, about three miles from the city is a blood relation of the idol of the British public. Mr. Price's grandmother was a cousin of General Roberts, and knew him well. She passed away in England several years ago. Roberts is the family name and the great army leader has many relatives.

Mr. Price, however, is quite modest about the relationship and when seen by a Review representative did not care to discuss it. He has never seen his distinguished relative and is not likely too, during the present visit of "Bobs" to Canada.

Mr. Price has a neat little farm in a fertile spot of Otonabee and is probably a good deal more contented with the world than the man whom every citizen of the Empire delights to honor.

HAS MAN KILLED IN WRECK RELATIVES IN THIS CITY?

Mr Peter Thompson, of this city, recently received a letter from Seattle, asking if he were a relative of the Andrew Thompson, who was killed there in a bad accident, some time ago. The deceased lost his life as the result of a railway collision on July 7th, and W. H. Coughlan who wrote the letter, is looking for the relatives of the dead man. The names of the father and mother of the person who was killed are Wm. Thompson and Annie Thompson.

When seen by the Review, Mr. Peter Thompson stated that he was not a relative of the dead man but said that he had made arrangements with Chief Rowzel to receive and forward any information concerning the deceased person's relatives.

ANCIENT CITY OF QUEBEC THRONGED WITH VISITORS

Messrs. Webber F. Turner and R. H. Turner have returned from Quebec, where they have been superintending the decorations for the great Tercentenary being celebrated there. Mr. Webber Turner, in conversation with the Review, stated to-day that Quebec during the past week has been thronged with immense crowds of people and soldiers and sailors in large numbers were everywhere to be seen. During this celebration prices have taken an awful jump. Fifteen cents was what one had to pay for a dish of ice-cream, while for a meal one was taxed a dollar.

The pageants were very beautiful and wonderfully enacted, while the illumination at night was simply grand. From the Chateau Frontenac the ships with their myriads of lights lying in the harbor made a sight well worth seeing.

The historic old city of Quebec never looked better or never was the scene of so much activity.

BOY WHO HAD BEEN GIVEN MONEY TO DEPOSIT DISAPPEARS

This morning Mr. H. T. Elliott, baker, corner George and Edinburgh streets, gave a boy, who has been employed by him, about a hundred dollars to deposit in the bank. He did not return and it has been ascertained that the money was not deposited. It is feared that the boy has skipped out with the money and the police have been notified. The boy had been employed by Mr. Elliott for about two months and had appeared trustworthy. He took a horse with him to have shod when he left this morning, but the animal was left at a local blacksmith shop.

DID NOT SEE SWEETHEARTS

Two well-known young men of this town took it into their heads to visit Omemee, where it is understood certain lady friends reside. While the boys were willing the horse was not, and soon began to show a disposition to return to town. Filled with eagerness to see our easterly neighbors, the young gallants tried every known method of persuasion to make the stubborn equine go forward, but in vain. With disappointed mein the horse was allowed to turn about, and the fair Omemeeites were doubtless forced to wait until a more opportune time for seeing their Lindsay beaux.—Lindsay Warder.

DELIGHTFUL DAYS AT RICE LAKE

Several Peterborough People are Holidaying There---News of the Summer Resorters

Rice Lake, July 25.—Mrs. J. H. Williams, Misses Lillie, Marjorie and Florence Williams, Toronto, are spending a few weeks very pleasantly here. Miss Lena McEwan, Toronto, is with friends at Keene. Capt. and Mrs. Wood, of Dayton, Ohio, after a brief visit at Cobourg, came to the lake. Mr. A. Fuller, Peterborough, is holidaying at Jubilee Point. Mr. and Mrs Arthur Mitchell, Peterborough, are also at the Point. Mrs. Shoenberger, Miss Tate and Miss Northeimer, Toronto, were in to Cobourg during the week. Mr. and Mrs. W. H. Fairbairn, Mr. Rex Fairbairn and Miss Fairbairn, Toronto, are spending a few weeks at the landing. Mr. L. Dobbin, Peterborough, has joined his family, who are spending the summer at Jubilee Point. Dr. Honson, of Kalamazoo Mich., is holidaying in the Otonabee district. Messrs. Ed. Manning and R. H. Dobson, Peterborough, holidaying on Plain Island. Miss Mabel Morris has returned to the city after spending three weeks holidaying in the vicinity.

Mrs. J. H. Williams, Misses Lillie, Marjorie and Florence Williams, Toronto are enjoying a few weeks' holidays at the lake.

Mrs. Stephen Howard and Miss G. Evans, Toronto, are holidaying at the lakes.

From Peterborough to Muskoka by canoe is the journey that Messrs. Burton Miller and Trevor Kardley-Wiltmot have undertaken. They expect to make the cruise in about three weeks' time.

Rev. F. F. Bumethayes, formerly of Toronto, has resigned, as incumbent of St. George's church.

LACROSSE

There will be a practice of the local lacrosse team to-night at 6.30, at Riverside Park. It is urged that all players be present, as the return game with Lindsay is not far distant, and the boys must be in the best possible shape by that time.

WOMAN'S HOME COMPANION FOR AUGUST

The August issue of Woman's Home Companion is full of delightful stories—just the right sort of mid-summer reading. Just to pick up the magazine and look at the little Dutch boy and the windmill on the cover makes you feel cool and comfrotable. Then, when you open the magazine you come across enough stories and entrancing illustrations to give you enjoyment for the entire month.

Some of the authors are Temple Bailey, Juliet Wilbor Tompkins, Marion Hill, Ruth Wilson Herrick, May Isabel Fisk, Clinton Dangerfield and Harvey J. O'Higgins. And when we tell you that these stories are illustrated by Orson Lowell, Alice Barber Stephens, Charlotte Weber-Ditzler and other famous artists, you will appreciate what a treat this summer magazine has in store for you.

There are serious and practical things, too. Doctor Hale talks helpfully about "Sleep and Re-Creation" "The Garden in August," many recipes for summer salads, meats and substitutes for meats by Fannie Merritt Farmer and Christine Terhune Herrick, the Summer Fashions by Grace Margaret Gould, Sam Loyd's Own Puzzle Page, are a few of the things that will interest most every woman who reads the August Woman's Home Companion.

The London Gazette announces that General Sir Charles Henry Browntow, G.C.B., Indian Army, has been promoted to be *Field Marshal.*

STILL WITHOUT A FIRE CHIEF

Owen Sound Council Cannot Come to an Agreement

Owen Sound town council has not yet appointed a successor to Chief Howard who is now in charge of the Peterborough brigade. The council passed a bylaw appointing Mr Baines to the position but Mayor Kennedy refuses to sign it. There was a lively time at the meeting of the town council last Thursday night, according to an Owen Sound paper. The Mayor wants a Mr. Thompson appointed to the position, but the councillors favor Mr. Baines. In the mean time the brigade is without a chief.

The new Liverpool docks are to be of such a size that they will accommodate the largest craft with ease.

IN THE SURROGATE COURT OF THE COUNTY OF PETERBOROUGH

In the Matter of the Guardianship of VIOLET SHEPHERD, an infant:

NOTICE is hereby given, that after the expiration of twenty days from the first publication of this Notice, application will be made to the Surrogate Court of the County of Peterborough for a grant of Letters of Guardianship of the above named infant to Robert Herbert Shepherd of the City of Peterborough, father of the said infant.

Dated the 7th day of July, 1908.

COMMITTEE TO HAVE MEETING

Public Library Question May be Taken up This Evening

There will be a meeting of the Property Committee tonight. It is probable that the public library question will come up for consideration as it has been hanging fire for some time.

The Charity Board will also meet tonight.

MURRAY ST.

After next Sunday the pupils of Murray street church will be occupied for four Sundays. Rev. J. C. Dunlop, the father of Principal Dunlop of this city.

ST. JOHN'S CHURCH

Monday, 6.50 p. m.—A.Y.P.A, at the Oval.

Wednesday, 8 p.m.—Brotherhood of St. Andrew.

Thursday, 8 p.m.,—Choir practice.

Saturday, 9 a.m.—Boys' choir training class.

Sunday, 8.30 a.m., and 11 a.m.,—Holy Communion; 10.30, Junior Brotherhood of St. Andrew

On Monday, Tuesday, and Wednesday Archdeacon Batty will be in the vestry from 9 a.m. to 10 a.m. to attend to parochial business. On Thursday and following days notices may be left with the sexton, Mr. John Butcher, at the church. The services on Sunday next and during August and September will be conducted by the Rev. Dr. Foster of Ebenville, Ohio.

Clerical tailors in London have never known such a rush of business as they are now experiencing.

VEN. ARCHDEACON BATTY'S DEPARTURE

Ven. Archdeacon Batty, of Nashville, Tenn., U.S., who has been taking duty at St. John's here during Canon Davidson's absence closed his term of service yesterday. He leaves in a few days. During the short time of his incumbency he has earned the esteem affection and goodwill of the entire community. Devout, consistent and intellectual he has impressed the large congregations with his profound sincerity of character and abiding christian faith. St. John's is very sorry to lose him.

PERSONAL

Send or Telephone Your Personals to The Review.

Mr. Walkie Wood spent Sunday in Keene.

Col. H. C. Rogers spent Sunday in Campbellford.

Mr. F. M. Dela Fosse spent Sunday at Stony Lake.

Miss Margaret McGregor is visiting friends in Keene

Mr. T. J. Begley of the Lindsay Post was in town on Saturday.

Mr. R. B. Rogers, C.E., came up from Trenton this morning.

Mr. Frank Linton spent the week end at his home in Campbellford.

Mr. Ray and Miss Irene Best are spending a few days at Stony Lake.

Miss Nettie Reynolds, Water street, spent Sunday with friends at Port Hope.

Mr. F. Strickland is holidaying with Mr. E. Strickland, Lakefield, at Pine Lodge, Stony Lake.

Mr. J. C. Fowlds, of Campbellford, was in the city today on his way home from Toronto.

Mr. J. H. Hudson, Montreal, is the guest of her parents, Dr. and Mrs. Boucher, Brock street.

Miss Peck, of Prince Edward county, is the guest of her cousin, Mr. Chas. Stapleton, Gilmour St.

Mrs. Benjamin Shortley came down from the lakes this morning and returned on the evening train.

Mr. and Mrs. W. R. Botsford, of Toronto are the guests of Mr. and Mrs C. B. Routley, Stewart St.

Miss Maud Mason, of Peterborough, is the guest of Mrs. Bruce McBean, of Winnipeg, during her vacation.

Messrs. Reginald and Webber Turner have returned from attending the Tercentenary celebration at Quebec.

Mr. and Mrs. Wyly Greer, and Miss Elizabeth Dickson, were guests at Mr. Lefevre's cottage, Stony Lake, the past week.

Mr. R. McGill Wood, traveller for Palter Bros., of Toronto, left to-day for a three months' trip to the west. He will go through to the coast.

Miss Gertrude E. Moran, of Wilton Avenue, is visiting in Peterborough, as the guest of the Rev. Wm. Major and family.—Mail and Empire.

Mrs. D. J. McNaughton, Mrs. E. L. Jones and Mrs. Louis Aiken and son Bruce, of Cleveland, Ohio, are guests at the house of Mrs. J. P. Cunningham, 508 Stewart st.

Miss Clara Craig, of Buffalo, N.Y., returned on Saturday after visiting with her parents, Hunter street, Ashburnham, for the past ten days.

Miss K. C. Wallis, the well known Canadian sculptress, who is at present residing in Paris, sailed for Canada on July 15th, and will be in town shortly.

Miss Lily Houghton, of Buffalo, N. Y., who has been visiting with Miss Clara Craig, at her home in Ashburnham, left on Saturday for Oshawa where she will spend several weeks.

Master Harold Young of Montreal, who has been a guest at Stoneleigh, Stoney Lake, came down from the lakes this morning and left for Sudbury where he will spend a couple of weeks.

Lindsay Post:—Mr. Fred Kelly, of Peterborough, was in town Thursday. Mr. Harry Hungerford, of Peterborough, who has been visiting friends in Lindsay, went to Toronto this morning.

Mrs. Bennett, wife of Mr. James Bennett, superintendent of the Canadian Cordage Manufacturing Company Mills, left this morning on a visit to relatives and friends in New York and Chicago.

To-morrow morning Mr. R. Wright and Miss Wright leave on a two weeks' vacation in Mr. Wright's launch "Bessie." They will camp on one of the islands in Rice Lake and spend the time in trips to Hastings, down the Trent and at points around the lake.

The engagement is announced of Miss Georgina Caroline R. Rogers, daughter of Mrs. Rogers, 6 Washington Ave., and of the late Geo. Charles Rogers of Ashburnham, Peterborough, to Dr. Arthur Geo. Kilbourn, of Groton, Mass., The marriage will take place the latter part of August.—Toronto World.

The year 1872 was the wettest year ever received in the British Isles.

Semi-Annual Sale of
FINE SILKS---GREAT BARGAINS!

About twice every year we gather together all our regular lines of Silks and mark them at sweeping reductions from usual prices for a quick clearance. These sales usually last about three days.

This is one of those events. Cleaning up our stocks of warm-weather Silks brings you the best-liked weaves of the season at heavy reductions from regular prices, and—in many instances—at less than wholesale.

The Silks in this sale embrace nearly every weave shown here this Spring and Summer, some of which are now very scarce and impossible to procure in full lengths elsewhere. These much-sought-after Silks are now greatly reduced.

Now is the time to buy Summer Silks—for during this clean-up you can secure most unusual savings on

STEADY IMPROVEMENT IN TONE OF STOCK MARKET

Special to the Review

New York, July 25—Events during the week were almost universally on the side of improvement. Our crops are making excellent progress; business shows better recuperative powers: confidence is rising, the security markets have been unusually strong, and in general the trend of the times is towards leaving the panic behind and forgetting its consequences for the present at least.

The decision in favor of Standard Oil, upsetting Judge Landis' verdict of $29,000,000 fine against that great organization was a natural sequence. Nothing else could well have been expected because it was ridicously exorbitant. This decision will have a good effect on the market because with most security holders the idea of such a penalty was that it really meant confiscation of stockholders' propert yin corporations and they never knew when the lightning would strike them, which caused a feeling of insecurity. It was this effect upon the minds of stockholders generally that did more than anything else to intensify the 1907 panic. Standard Oil stock declined from 840—its highest price—to 390—its lowest figure. The rise from its lowest point makes of difference of $270,000,000 to the stockholders of that corporation within a very short time. The effect of this tremendous advance is to increase the confidence and courage of the members of the Standard Oil Company, who are the greatest combination of merchants that ever existed, wielding a power, influence and energy such as has been previously unknown. A good deal of this influence is now in the stock market and has done much to make the recent advance possible.

Next in importance to crop progress and the Standard Oil decision as market factors was the great improvement in the bond market; the result of bettered financial conditions and a revival of investment demand. Our big railroad systems, it is well understood, are in urgent need of funds for carrying on the improvements previously inaugurated. The panic suddenly cut off their usual source of supply; throwing many hands out of employment and intensifying the industrial depression. Under present conditions the raising of new capital by stock issues would be impossible, and bond issues are the only resort. Fortunately a market can now be found for higher grades of the latter on reasonable terms; thanks to easy money and a partial revival of confidence. This recovery of the investment demand is one of the most significant and satisfactory indications of the times. As long as capital remained timid real recovery was impossible, and labor must have continued idle. Now that capital has begun to come out of hiding recovery will go on and labour will once more get employment. The funds now coming to the railroads from bonds will cause a better demand for steel and other products imparting new life to many channels of industry. The abatement in hostility to capital, which was so rampant last winter, will also be helpful to capital and labor alike. On all sides there are signs of sure, though limited recuperation. It would be folly to anticipate a quick return to old time activity; that will probably be a question of months; but the prospects for a good harvest certainly give reasonable assurance of a much better Autumn trade than at one time expected. Thus far July, which is often a period of deterioration has been a month of steady improvement in the condition of corn, cotton and wheat; so that today the prospect is for a still larger yield of these crops than indicated in the last Government report. Should favorable weather continue and early frosts be escaped we would come very near having bumper crops; but this is too much to expect and there is abundant reason for hopefulness in remembering that owing to good prices our farmers are likely to produce fully $8,000,000 of new wealth or about $500,000,000 more than last year. Truly our farmers are still the backbone of the country, for they at least are prosperous and will be good buyers of the necessities of life and many luxuries. This will work for contentment, not only in the business world, but in the political field, which is a factor of no political importance during a Presidential campaign.

TERCENTENARY SERVICE HELD AT ST. JOHN'S

Rev. Archdeacon Batty Reviews History of Canada---Splendid Work of the Choic

At Morning Prayer yesterday at St John's church, special reference was made of the Tercentenary celebration at Quebec. The organ voluntaries were airs of British and French national anthems and the choral service opened with the processional hymn, "Rejoice today with one accord," The service was splendidly led by the large choir and the congregation heartily did their part.

Archdeacon Batty in his sermon, reviewed the history of Canada from the founding of Quebec to the present time and he fully believed that the reason for the leading position occupied by the Anglo-Saxon race, was that they had a firm trust in God. The character of a nation has as that of its citizens and the present generation would largely give the tone to the great nation now being built with such brilliant prospects.

During the offertory Mr G. Chandler sang Kipling's "Recessional" with splendid effect and the service concluded with the hymn, "O God our help in ages past." Mr. R J. Devey's post-voluntary was "God Save the King," by John Hiles.

The Evensong was fully choral and the anthem "There is a blessed home" by Marks, was sung well by the choir The opening solo, was sweetly sung by Cyril Devey and Arthur Hatsfield, and the duett, "There is a land of peace," was expressively rendered by Mrs R. J. Devey and Mr G. Chandler

After Evensong in the vestry, Archdeacon Batty in bidding good-bye to the choisters congratulated them on their splendid work for God and the church, and expressed his great personal pleasure in the services during his two months stay. After giving out the notices in the evening service, Archdeacon Batty took the opportunity to heartily thank the congregation for their many acts of kindness and hospitality to him during his stay among them.

SPORTING NEWS

ATHLETICS HAD AN EASY VICTORY OVER COBOURG

Visitors Were Shut Out, Score 5-0—Quinlan Pitched Winning Ball all the Time.

Peterborough Athletics shut out Cobourg in a Midland League Game at Riverside Park on Saturday, 5—0.

The homesters always looked like winners and for this reason the game was lacking in exciting features. Quinlan did the heaving for the locals and held the visitors to three hits and issued no charities. On the other hand the home team reached McKinnon's benders for ten safeties and also had a perfect fielding record. Cobourg had the weakest team they have mustered this season and did fairly well under the circumstances. Manager Mulhall had to play first base and had three fumbles that helped in the run getting. He came in for considerable attention from the grand stand.

"Two bits you strike out," was one of the remarks that was wafted down by the Breezes, as "Slick" made a vicious swing and missed.

"I don't believe any of you has two bits," was Mr. Mulhall's retort, which shows that he is a man of much knowledge and superior judgment.

About 300 people saw the game and were well pleased with the result. The Athletics got two in the first, one in the second, one in the fourth and one in the sixth. Only 31 Cobourg men were at bat, the side going out in one, two three order in five innings.

Jack Mulhall, of Cobourg, was umpire and gave satisfaction.

The summary follows:

ATHLETICS.

	AB	R	H	PO	A	E
Connors, cf.	3	1	0	1	0	0
Graham, 1b	4	0	2	11	0	0
Shea, ss	4	1	1	1	0	0

Cobourg	0 0 0 0 0 0 0 0 0—0

WHY NOT HAVE A REGATTA FOR CITY OF PETERBOROUGH?

Suggestion Made Last Year is Again Being Discussed—Good Course Could be Secured on the Otonabee.

How about that scheme which was floated last year for a regatta on the Otonabee? If it would be feasible and could be carried out, preparations ought to be commenced at once. Boating has become so popular with the residents of Peterborough during the last two or three years, that the affair could not but eb a distinct success.

There are many people in this city who do not have the opportunity of seeing and taking part in the Stony Lake and Chemong Regattas, and that would welcome the chance of attending such an affair, if it were held on the Otonabee.

A fairly good course could be secured opposite Rye's boat house, just below the locks. The river at this point is both wide and straight, the only real objection being the strong current, which now flows at this point. However, this objection should not prove a very great handicap, as it would be equal to all and favorable to none.

With the fine fleet of gasoline launches which is at present patrolling the river at their will, some very speedy races could be pulled off. The boats might be divided into three classes, three horse-powers, six horse-powers and over six horse-powers. Under these conditions the different boats would be able to engage in races with craft of their own class, which would result in tighter and more exciting finishes.

Here is a chance for some of the boating enthusiasts of the city to get busy and make preparations for the first annual regatta of the City of Peterborough.

MARATHON WINNER SAID TO BE CANADIAN BY BIRTH

Ottawa, July 27th.— Although none of the Canadian runners in the Marathon race in London yesterday showed up in the front rank, yet Canada can claim both Hayes and Charles Hefferon, who took first and second places respectively, in the big event as natives of her soil. Hayes, to all indications, is Ottawa born.

The father of J. H. Hayes, winner of the Marathon in London, yesterday, was identified this morning as Patrick Hayes, who who more than 25 years ago drove a cab in Ottawa, and was well known in the community. He was an interesting figure in sporting circles, and acted as horse trainer. He was an associate of Johnny Raine, at that time the long distance runner champion of this part of the country. Sam Cassidy remembers Hayes well.

There is no shadow of doubt about Hefferon being a Canadian, from his boyhood he lived in Haldimand County, near Dunnville, where he worked for a farmer named Joseph Fathers. He got his first training in sprinting in chasing the turkeys out of Farmer Fathers' fields of oats, and finding that the exercise agreed with him he afterwards took to long distance running, and acquired a great local reputation, which, however, did not spread beyond Haldimand County.

When the South African war broke out in 1899, Hefferon was one of the first to leave for the front. During one of the long sieges of the war, Hefferon sometimes found his way into the enemy's camp and laid siege to the heart of the daughter of a Boer general. When hostilities ceased he married the Boer maid and settled down in South Africa. His wife kept him on the go and he soon became champion runner of South Africa.

BORN IN OTTAWA.

Several local men who have taken an interest in the running game in Ottawa for many years say it is possible that J. H. Hayes, the winner of the Marathon is a native of this city, and was born on Murray street where Patrick Hayes, the father of the Marathon winner, if the supposition be correct, lived about 23 years ago. J. H. Hayes is about 23 years of age. The Hayes family went to New York many years ago and not long ago a visitor to Ottawa from New York, named J. Carroll, stated that one of the Hayes boys, formerly of Ottawa, was making a reputation as a runner in New York. Hayes has been recognized as an ex-Canadian at the Olympic games. A press despatch states that Hefferon had intended to protest Hayes, but on being informed that the latter was really a fellow-Canadian, on patriotic grounds withdrew the objection.

Six year old Alberta Martin of London was seriously burned while playing with matches.

Dining rooms, restaurants, and boarding houses at Quebec are besieged by starving guests.

Wood's Phosphodine, The Great English Remedy. Tones and invigorates the whole nervous system, makes new Blood in old Veins. Cures Nervous Debility, Mental and Brain Worry, Despondency, Sexual Weakness, Emissions, Spermatorrhoea, and Effects of Abuse or Excesses. Price $1 per box, six for $5. One will please, six will cure. Sold by all druggists or mailed in plain pkg. on receipt of price. New pamphlet mailed free. The Wood Medicine Co. (formerly Windsor) Toronto, Ont.

GOOD PROSPECTS OF TORONTO TEAM COMING

There are bright prospects of the Toronto Eastern League team appearing in Peterborough on Friday afternoon of this week. Definite word from the league champions is expected tonight and there are good prospects that it will be of a favorable nature. If the big leaguers appear here they will play the Peterboroughs and no doubt a record crowd will see the game. The Torontos are endeavoring to play a double header on Thursday which would give them a day off on Friday and they would be able to visit Peterborough. If they come they will bring their regular team and will use one of their star twirlers. Everyone is hoping that the Champs. will be able to come as all are anxious to see the bigleaguers in action.

THE ATHLETICS COBOURG GAME

Cobourg Paper Tells About Last Saturday's Match

The Cobourg Sentinel Star has the following regarding last Saturday's game there:—

Cobourg defeated the Athletics in a good fielding game at Victoria Park on Saturday afternoon by the score of 4 to 2. Cobourg had a weak team in the field, the team being all shifted around, just four players playing in their regular positions. Burge played short, and he played it right up to the mark too; Bulger went to second, Duncan to third; Lavis and Cunningham, two youngsters, and F. Hanna in the field. Peterborough had the strongest line-up that they have had in years. In the first innings Turpin was out 3rd to 1st, Bulger got a 2-bagger to right; Bulger was stealing third and went home on an overthrow; McKinnon went out on a grounder to first and Duncan struck out. In the third they scored another. Turpin hit in the lake for three bases. Bulger and McKinnon struck out, and Duncan hit to left, scoring Turpin; Floyd flied out to centre. In the sixth Cobourg made the game sure. Floyd and Burge hit to left, Floyd stole third and Burge second; Hanna bunted to Graham, who threw home to catch Floyd, but both runners were safe. Burge taking 3rd on the play. Hanna went to second. Cunningham bunted to Graham, who again threw home to catch Burge, but Burge was safe, and Hanna landed on third, but the best that Lavis could do was to pop one to Graham. The Athletics scored both of their runs in the fifth. Mackrell hit a homer into the lake; Pilling flew out to Burge, Callahan was safe on Duncan's error, Flaherty sacrificed him to second, and Callahan scored on Floyd's overthrow to catch him purloining third; Quinlan ended the run getting Burge to Turpin.

WELLINGTONS WIN AT LAST

Youngsters Scored a Victory Over the T.A.S. on Saturday

The Wellingtons gathered round the Iron Duke long enough on Saturday afternoon, to down the TAS by the score of 19-8. A large score, some will say, but then the TAS were playing against Fortune and as usual in such a case, they lost.

The game was characterized by hard heavy hitting and this accounts to a great extent for the unusually large score. Some of the hits might have been exchanged into put outs however if the fielding had been a little cleaner, but the game was not half bad that way it was.

Shaw and Clancey were the umpires for the occasion.

The teams were as follows:

WELLINGTONS—
Dickie p.
Billington c.
Fallon, 1b
R. Johnston 2b
L. Johnston ss
Russell 3b
Rightmeyer rf

T.A.S.—
Hayes p.
L. Giroux c
M. O'Brien 1b
Derocher 2b
McFadden ss
Doris 3b
C. Giroux lf
Corkery rf.

It will be seen from the above that the TAS did not have their strongest team.

PETERBOROS WANT THOSE GREENBACKS

And Legal Action May be Taken Against Port Hope---Cheap Sports Down That Way

The secretary of the Midland League has received a notice from Hall, Medd & Davidson to hand over to the Peterborough Club the Port Hope marked cheque for fifty dollars on account of the default of the local club to the Peterboroughs. The communication further states that after the 27th of the month they will be obliged to take such proceedings as they shall deem necessary to collect the same.

All we can add to this notice is to tell our northern solicitors to proceed in the matter, for the fifty dollars cannot go to Peterborough.—Port Hope Guide.

And the Review may add that there are ten chances to one that the cheque never was put up. The Midland Baseball League is about as loose as a Chinaman's pants and the Port Hope Club is a good deal less reliable than the aforementioned trousers. If it was Peterborough that refused to put up the fifty there would be an awful holler by the lake. And if the cheap sports at Port Hope can manage to do the Peterborough Club out of the greenbacks they will be so happy down by the lake that the dandelions will fairly stand on their heads with joy.

SPORTING COMMENT

A Belleville man went to look for a gas leak with a lantern which goes to show the natives of that place are even more behind the times than we thought they were.

The Peterborough Athletics have made a splendid showing in the Midland League. They are nearly all local boys and have given an excellent account of themselves.

The Lindsay Warder says a strange man hugged two Lindsay girls on the street. It beats us to understand why anyone should want to hug a Lindsay girl under any circumstances.

Down in Ottawa they are already getting in line for the rugby season. It is not too early for the local enthusiasts to get busy. None of the good men should be allowed to get away.

One member of the college team was telling his young lady about the baseball game. "Jones played a great game," he said, "nothing got by him at first."

"And did they at last?" she asked, not knowing the fine points of the game.

For the first time since the American League was organized the National League is furnishing a swell pennant race.

By winning 32 out of 46 games the Providence team landed on top in the Eastern League race. When the "Clam Diggers" started their spurt they were in the last place and in deep.

Hatting three-baggers in one game and each time being put out at the plate in trying to stretch the hits into homers is the stunt performed by Boyle, of the Utica, N.Y., team recently.

There are some people around town who say the Americans showed poor sportsmanship in protesting Dorando, the Italian runner. Nothing of the kind if the despatches describe correctly what happened. The officials had no right to assist Dorando to reach the tape, and it was perfectly fair for the Yankees to enter a protest. If Longboat, Simpson, or any of the Canadians had won in the same fashion as Hayes everybody would say it was alright. Dorando deserves sympathy but he paid the penalty for running harder than he was able to stand.

Mr. P. D. Ross, of Ottawa, a member of the Canadian Olympic Committee, expressed to the Citizen this morning his indignation upon hearing that Leslie Boyd of the Amateur Athletic Federation of Canada, had protested Longboat's entry in the Marathon race, as reported on page nine of this issue. "It came as a very great surprise to me," said Mr. Ross, "and I consider it absolutely dishonorable after the agreement which had been made between the C.A.A.U. and A.A.F. that one would not interfere with the other. The Olympic committee is scattered just now but as soon as they can be got together I intend to call for Mr. Boyd's resignation. Either he leaves the committee or I will drop out myself."

RUNNING

THANK YOU

Simpson, the Peterborough Indian, finished sixth, which was going some. He also finished stronger than any man in the race. Well done, Peterborough.— Belleville Intelligencer.

SPITTAL SECOND.

Canadian Close to English Marksman in King's Prize.

Bisley Camp, July 27.—(C. A. P.)— The King's prize was won Saturday by an Englishman, Private Gray, who shot in the same target as did Lieut. Spittal of the Canadians. Gray's score was 325. Spittal and Gray were tied at 286.

War Minister Haldane presented the prizes.

The Canadians' final scores were:

At 800 yards—Brown 44, Freeborn 44, Jones 41, Morris 47, Smith 40, Spittal 47, Steele 47.

At 900 yards—Brown 42, Freeborn 45, Jones 45, Morris 46, Smith 43, Spittal 46, Steele 42.

At 1,000 yards—Brown 41, Freeborn 38, Pownal 39, Morris 29, Smith 33, Spittal 31, Steele 27.

Spittal, on getting into position at the 1,000 yards, made a bull for his first shot, when the range officer drew Elmitt's attention to Spittal resting the butt of his gun on the ground when shooting. Elmitt offered to speak to Spittal, but the range officer spoke instead. Spittal's next shot was a miss. Spittal's comrades say some mistake had been made. A bystander thought Spittal rested his gun on the ground. Elmitt and others say he did not rest his gun as the range officer thought.

According to the official scores the scores and prizes in the King's second stage won by Canadians should be: Leash, 141, £4; Bayles, 187, £4; Pope, 195, £4; McInnes, 177, £3; Utton 34, Eastcott 34, Bayles 32.

In the St. George's, at 900 yards, the Canadians scored as follows: Morris 70, Spittal 68, Williams 62.

Morris won the shoot-off with three others for third place, winning £20. Spittal was eighth, £10; Bayles, fifteenth, £5; Lieut. Love of Hartney, Manitoba, was twenty-first.

Sclater ties for first place in the Association Cup.

In the Cortes unsquaded competition, 600 yards, the following Canadians won place and prizes: Kerr, seventh, £2; Bayles, eighth, £2; Spearing, twenty-first, £1.

GAMES ARE OVER.

Prizes Awarded by Queen Alexandra —Dorando Protests.

London, July 27.—Dorando, the Italian runner, who was assisted to the tape in the finish of the Marathon race and who has quite recovered from the strain of his awful effort, decided on Saturday to lodge a protest against the giving of this race to John J. Hayes, Irish-American A. C., on the ground that he had been interfered with by officials of the course and that had he been left alone he could have finished without assistance. His protest, however, would have come too late for consideration and he therefore did not enter it.

The Olympic events concluded on Saturday with the prize-giving at the hands of Queen Alexandra.

BASEBALL SATURDAY.

I AM A MOTHER

How many American women in lonely homes to-day long for this blessing to come into their lives, and to be able to utter these words, but because of some organic derangement this happiness is denied them.

Every woman interested in this subject should know that preparation for healthy maternity is accomplished by the use of

LYDIA E. PINKHAM'S VEGETABLE COMPOUND

Mrs. Maggie Gilmer, of West Union, S. C., writes to Mrs. Pinkham: "I was greatly run-down in health from a weakness peculiar to my sex, when Lydia E. Pinkham's Vegetable Compound was recommended to me. It not only restored me to perfect health, but to my delight I am a mother."

Mrs. Josephine Hall, of Bardstown, Ky., writes: "I was a very great sufferer from female troubles, and my physician failed to help me. Lydia E. Pinkham's Vegetable Compound not only restored me to perfect health, but I am now a proud mother."

FACTS FOR SICK WOMEN.

For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ills, and has positively cured thousands of women who have been troubled with displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, that bearing-down feeling, flatulency, indigestion, dizziness or nervous prostration. Why don't you try it?

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health. Address, Lynn, Mass.

CANADA.

Mighty and vast thy boundless golden plains,
Wind-swept and free thy scented, towering pines,
Majesty and grandeur clothe thy mountain chains;
Wonder of wonders—Queen of all our climes.

Fair land of Promise—earthly paradise;
  Drawing towards thee all, in matchless strength,
Like fairies' witching dances o'er the ice
  And sea — on time's immeasurable length.

Mystic and beauteous, all of lore thou hast
  Steeped in the lonely solitude of time.
When shall thy marvelous beauty be surpassed,
  Transcending, like an elfin's dream divine.

Like silver streaks across the prairie wild,
  Onward thy rivers, tinged with moonlit beams,
Steal through the dawn, and on to sunrise mild,
  Forging like Progress o'er thee, "Land of Queens."

Progress, and peace, and unity be yours;
  Grace and abundance be your constant stand;
Sons of an Empire, bound by ties and tours,
  Salt of the earth, and strength of Motherland.

England. J. D. Baines.

Looking For the Fifth.

The leading lady passed down the avenue, with her speckled bull pup.

"That's the star," whispered the sweet singer.

"Star, eh?" laughed the low comedian. "Then I'd call her Jupiter. She has had four moons."

"Four moons?"

"Yes, honeymoons."—St. Louis Post-Dispatch.

At the Circus.

"Why," exclaimed the center pole to the tight rope, "that fellow walks on you just as easy as can be; seems to come natural to him."

"Well," replied the tight rope, "it doesn't come any more natural to him than to me. We both have to be taut."—Philadelphia Press.

Boy Shoots Himself.

Owen Sound, July 27.—Eddie Lynch, a lad of 11 years of age, shot himself through the left eye at his home near McVickers' on the Bruce Peninsula, and was brought to the hospital in Owen Sound.

Fined $500.

Montreal, July 27.—Julia Lalonde who was found guilty a few days ago by Judge Choquet, of lending money at a usurious rate of interest, was condemned Saturday afternoon to pay a fine of $500.

Famous Painter Dead.

Berlin, July 27.—Prof. Walker Leistikow, one of the best known German painters, died here Saturday. He was one of the leaders of the impressionist school. He was born in 1865.

AFTER CANADA'S FORESTS.

Tons of Quebec Pulp Wood Sent Across the Border.

Pulpwood to the amount of fifty thousand cords was bought in Quebec province in the summer of 1907 by Wisconsin paper manufacturers and transported fourteen hundred miles to the point of manufacture. This fact constitutes the most striking evidence so far presented of the increasing scarcity of wood for pulp in the United States.

The rise in price is another token of the increasing scarcity of such wood. In the past ten years the price of pulpwood has almost doubled. According to the report of a committee of the United States Congress which has recently been investigating an alleged combine among the paper manufacturers, the price of pulpwood in the rough delivered at the mill was $5.33 per cord in 1898; in the first three months of 1908 the price per cord had risen to $10.14.

A minority of this committee favored passing the "Stevens bill," which aimed to take the duty off wood pulp and print paper imported into the United States. They concluded that the paper manufacturers had combined to keep up their prices, holding that the fact that Canadian manufacturers could pay the duty of $6 per ton and still undersell the American manufacturers, was a proof of this.

The majority of the committee favored no action being taken until further investigation had been made.

The fact of the appointment of this committee and its work has drawn renewed attention to the pulpwood forests of Canada and their treatment. A strong suspicion exists north of the International boundary that Americans are planning to exploit the Canadian spruce forests for the purpose of conserving their own supplies of pulpwood. All grades of opinion naturally exist as to the proper measures to be taken in dealing with the export of pulpwood from Canada. So far as Ontario is concerned, export of pulpwood in an unmanufactured state is prohibited. In other provinces comparatively little hindrance is put in the way of the export of the wood.

A spruce forest, properly managed, will last forever; and the sooner Canada and Canadians introduce such management for their immense spruce areas, the wiser will they show themselves to be. The spruce forest can easily be made a permanent asset; and by far the greatest part of the spruce forests are still in the hands of the crown. Placed in the hands of experts who understand the treatment of such forests, they will continue to yield forever a revenue far in advance of the amount spent on them for administration.

WILL KEEP HINDUS OUT.

Each Immigrant Must Have $200—New Order In Council.

With a view to restricting emigration from India to Canada an order-in-council has been passed making it compulsory that every Indian immigrant eighteen years or over shall have in his or her possession the sum of at least $200 on landing in Canada.

It is understood that the regulation is made with the consent of the British Government. Although as a result of the regulations passed on the return of Mr. Mackenzie King from England and the action of the Indian authorities in discouraging any further emigration of Hindus to this country the influx of the latter has practically stopped, the Government has found that there is still a loophole or two by which Hindus, attracted by stories of high wages in British Columbia, might still get into Canada. In order to forestall any possible influx this summer the new regulation has been passed.

The order-in-council does not specifically mention India as the country particularly affected by it, but is couched in general language. India, however, is the only country to which it will apply.

The order recites that: "Whereas Canada is looking primarily for immigrants of an agricultural class to occupy vacant lands, and as immigrants from Asia belong, as a rule, to the laboring classes, and their language and mode of life render them unsuited for settlement in Canada, where there are no colonies of their own people to insure their maintenance in case of their inability to secure employment, it is necessary that provision be made so that such immigrants may be possessed of sufficient money to make them temporarily independent of unfavorable industrial conditions when coming into Canada.

"Therefore, his Excellency the Governor-General-in-Council is pleased to order that the amount of money required to be in possession of each immigrant as a condition to his being permitted to enter Canada shall be and the same is hereby increased to $200 in the case of all Asiatic immigrants, other than those with whose countries the Government of Canada has special arrangements or those concerning whose countries special statutory regulations exist on the part of Canada. The conditions as to tickets to destination to remain as at present."

Vicious California Blackbirds.

According to a California newspaper thousands of savage blackbirds infest the city of Los Angeles. In some of the suburbs they are so bold and vicious that dogs are kept on the jump avoiding them, men on bicycles are sometimes chased for blocks and pedestrians pecked on the heads if they happen under trees where there are nests. The birds usually fight in pairs.

If a man with a very white hat comes along they swoop down, beat it with their wings and claw at it with the rage of wounded eagles. Frequently they aim their sharp beaks at the victim's eyes and he has difficulty in defending himself. The painful yelping of cornered canines attracts flocks of the birds and then the fur flies.

The Ruling Passion.

Shipwrecked Mariner—A sail! A sail at last!

In keeping the accounts at the Bank of England over fifty ledgers are filled daily.

DEATH OF SIR R. G. REID.

Man Who Planned Many of Canada's Big Bridges.

The death of Sir Robert G. Reid of Montreal, which occurred recently, caused regret wherever he was known but especially in Montreal where he had resided for many years.

Sir Robert was born at Coupar Angus, Perthshire, Scotland, in 1842, and went to Australia in 1865, where he was engaged in gold mining and public works. He came to Canada in 1871 and his first work in America was the building of the international bridge crossing the Niagara river near Buffalo, and from this time forward his success was uninterrupted. In 1872 he took charge of the building of bridges between Montreal and Ottawa on the Montreal, Ottawa & Quebec Railway, which now forms part of the Canadian Pacific Railway system. For the next five years he engaged in public work in Texas, United States, where he built a bridge across the river at Austin and all the iron and masonry bridges on the first 250 miles of the Southern Pacific Railway west from San Antonio. He built the International Railway bridge between Texas and Mexico across the Rio Grande in 1882 and the railway bridge across the Delaware river at Water Gap, Pa. About this time the Canadian Pacific Railway was being constructed and Mr. Reid undertook to build the heaviest section of the line west of Lake Superior which included a tunnel 450 feet long through solid granite. He erected permanent and temporary bridges on 250 miles of the C. P. R. line east of Port Arthur, and finally the Lachine bridge. His next big enterprise was the construction of the Soo bridge and in 1889 he began work on a bridge across the great narrows at Cape Breton. In 1890 he entered into a contract with Newfoundland which, within a decade, virtually made him ruler of the island. He made an agreement with the Government of Newfoundland to build a railway across the island, for 250 miles of which he was to be paid in grants of land. For his services in building the various railway lines the land granted him amounted to fully one-sixth of Newfoundland, which amounts to about four and a half million acres, thus he became one of the largest land proprietors in the world. When the railway was built the island found it could not run it, so Sir Robert undertook the task and besides supplied may other necessary public improvements for the development of Newfoundland, taking his pay in land grants and trusting to the future of the colony. Since then the country has become prosperous and the Government has been able to take back from him many of the tasks to which he put his shoulder. Recently Mr. Reid transferred his many public interests in the colony to the Reid-Newfoundland Co., of which he was first president. For his many services to the country he was included in the list of those receiving King's birthday honors recently, and was made a K. C. M. G. Sir Robert Reid, although one of the most daring and courageous of men in the enterprises in which he engaged, was unassuming, simple, kind and unpretentious in private life.

THE NEW MODERATOR.

Dr. Du Val of Winnipeg Chosen by Presbyterian Assembly.

The highest official honor in the gift of the Presbyterian Church of Canada has been conferred upon Rev. F. B. Du Val, D.D., pastor of Knox Church, Winnipeg. At the meeting of the General Assembly, which was held in that city recently, he was unanimously chosen moderator of the Presbyterian Church in Canada for the coming year. For over 20 years Rev. Dr. Du Val has been pastor of Knox Church, Winnipeg, and during that period has been a conspicuous figure in the moral and spiritual affairs of the city. Before going to Winnipeg Dr. Du Val was pastor of a large church in Toledo, Ohio, but chose to accept the call to Knox Church believing that northwest Canada gave him a wider and better field for ministerial activity. The results of his labors during the score of years he has had charge of Knox Church have proved that his choice was a wise one.

Rev. Dr. Du Val was born in Prince George, Md., of Huguenot-French and Scotch ancestry. He spent three years in the Hightstown Classical Academy, State of New Jersey, and afterwards entered Princeton University, from which he graduated in 1872 in the honor roll of a class of 95 students, securing two gold medals and the first prize in Biblical knowledge. Subsequently he took a three years' course in the Princeton Theological Seminary.

Dr. Du Val has had a wide experience in church work and is familiar with its affairs, its legislation and enactments and with its principles of doctrine and discipline.

What Chinese Dope Really Is.

You hear a good deal about the habit the Chinese have of smoking opium, but do you know exactly what opium is? It is nothing but the dried juice of the white poppy, a flower that grows wild in many parts of Asia and is also cultivated there. A few days after the flowers have fallen off the plants men go through the fields, in the afternoon, and make little cuts in the poppy head. Out of these cuts a milky juice oozes, which dries into a brown, sticky paste. Every morning the men go through the fields again and scrape off this paste, which they put into jars. Later on it is made into half-pound balls and then packed for shipment. In China it is most used for smoking, either with tobacco or pure. In this country and in Europe it is used chiefly for making laudanum and paregoric. Laudanum is nothing but opium dissolved in alcohol; paregoric is a mixture of opium, camphor, alcohol, honey and some other things. Of course, you know that opium quiets the nerves and allays pain, and therefore it is a valuable drug, but it is also a very dangerous one, and should never be touched except as ordered or used by a physician.

Mr. Richard Duddock managing director of the Newcastle Chronicle, died June 27th.

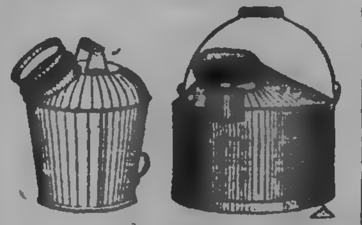
CERTIFIED MILK.

Methods Used by the Dairymen In Producing It.

In describing the methods used in the production of what is termed "certified milk," Clarence B. Lane, assistant chief of the dairy division of the bureau of animal industry, says:

It is the general practice in certified dairies to remove the manure at least twice daily to the field or to a suitable pit some distance from the stable. In the most carefully managed dairies the whole interior of the stable is washed and scrubbed daily with water containing a washing compound. Some use a disinfectant in the water once or twice a week, as bichloride of mercury, carbolic acid or permanganate of potash. Bichloride of mercury is probably the most expensive of any of the disinfectants. Aside from this fact, it is one of the most satisfactory because it gives off no odor. Where the interior of the stable is built of wood it is whitewashed from two to twelve times annually or kept well painted. Land plaster is the most common disinfectant for floors and gutters. Slaked lime is also satisfactory for this purpose. Shavings are most in favor for bedding.

The cows are cleaned daily with currycomb and brush. The udder and parts in proximity to it are either washed and wiped with a clean towel or are wiped with a damp cloth or sponge. In many cases the udder, flanks, etc., are clipped periodically. Occasionally a dairyman sprays stables and cows immediately before milking. It is a common practice to fasten up the cows after they have been cleaned in such a way that they cannot lie down till they have been milked. After each cow is milked the milk is passed over the cooler and into the hand bottling receptacle in the bottling room. One man bottles the milk without assistance and is able to fill and cap 200 to 300 bottles an hour and place them in the storeroom.



MILK PAILS USED IN SOME CERTIFIED PLANTS.

In a few dairies the milking is not done in the regular stable, the cows being taken to a milking room entirely separated from the rest of the barn. This room is well lighted, and every precaution is taken to make it absolutely sanitary. Other dairymen claim that just as good results can be secured by milking in the regular stable if proper precautions are taken.

Some producers of certified milk use nothing for sealing the bottles but ordinary pulp caps stamped with the name of the commission and the date. Others use various coverings in addition to the ordinary cap. The milk pails used in certified milk plants present a great variety of styles. Generally speaking, they have a small opening. Some are provided with a strainer, through which the milk passes in entering the pail. This consists in some instances of several thicknesses of cheesecloth, in others of both cheesecloth and absorbent cotton, and in still others of metal wire.

Three Children Perish.

Fostoria, Ohio, July 27.—The three children of Mr. and Mrs. Jessie Doke were burned to death in their home here Saturday. The father and mother had gone down town shopping and left the little ones at home, locked in the house. It is supposed they attempted to light a gasoline stove. The house was burned. The children, two girls and a boy were aged 6, 4 and 2 years.

Mill Hand Killed.

Buckingham, Que., July 27.—The dead body of James McGee, millwright in the James MacLaren Co. mill, Buckingham, was found near a belt where the man was working.

Peter Ball Dies.

London, July 27.—(C. A. P.)—Peter Ball, Canadian trade commissioner, died at Birmingham after an operation. He was born in Guelph in 1852.

Kerr to Run In Paris.

London, July 27.—(C. A. P.)—Bobby Kerr will run in The Matin sports at Paris on Saturday.

Roosevelt Is Angry.

Oyster Bay, L.I., July 25.—In one of the most remarkable statements ever issued by the nation's head, President Roosevelt has vigorously attacked the ruling of the three judges of the United States Court of Appeals in reversing the $29,240,000 fine imposed by Judge Landis on the Standard Oil Co. of Indiana, and has ordered an immediate retrial of the case by Attorney-General Bonaparte and Frank B. Kellogg of Minnesota.

Canadian Girl Arrested.

Port Huron, Mich., July 25.—Anna Wilson, 18 years old, and Edward Crozier, 28 years old, were arrested at the tunnel depot by immigration officers Thursday afternoon. The girl claims to live in Lambton, Ont., and the man gave his residence as Owen Sound, Ont.

The police believe from the story told by the girl that Crozier was taking her to Chicago under the pretence of giving her employment.

Elevator Sinks Twenty Feet.

Toronto, July 25.—The high water that prevails about the waterfront found another victim yesterday when the old Adams' elevator at the foot of West Market street collapsed at one o'clock in the morning.

The entire structure has sunk 20 feet, and though the hoisting machines are a total wreck and partly in the bay, no orders have been refused and the business of the company is going on just as usual.

Dredging Finished.

Cornwall, July 25.—It is expected that the dredging to widen the channel in the Cornwall Canal north of the New York Central will be completed to-day, when a full supply of water will be given to the mills.

The plans and specifications for the rebuilding of the canal bank, which went out on June 23, have been completed, and tenders for the work will probably be asked for next week.

Winds Grand Aggregate.

London, July 25.—F. H. Morris of the 46th Regiment, Port Hope, of the Canadian team, has won the grand aggregate at Bisley. Next to the King's prize this is the most honorable achievement of the meet. It is understood that this is only the second time that this honor has been won by a Canadian.

Ten Million Ounces.

Cobalt, July 25.—Last year Cobalt produced 10,000,000 ounces of silver and 15,000,000 is a conservative estimate for 1908.

Cobalt has an area of about three miles square, and this dot on the earth's surface produced in 1907 five ounces out of every 100 produced in the entire world.

Imperial Service Medals.

Ottawa, July 25.—Imperial service medals have been awarded to over ninety Government servants, the general majority being employes of the I. C. R. The list includes Michael Corcoran, lockmaster on Welland Canal, and J. L. Cassault, for many years housekeeper of the Parliamentary library.

Housebreaker Caught.

Toronto, July 25.—Known to have committed one housebreaking and believed to be the perpetrator, and he almost admits it, of several burglaries, Harry Williams, alias Arthur Cavanagh, 22 years, who says he was a clerk in Chicago, was arrested by P. C. Robinson at 6.15 last night.

He was taken in the second hand shop of Jacob Livingstone, 275 East King street, where he went to buy a chisel.

At least ten cases are laid to William's account.

During the year 31,954 were added to England's already large alien population.

VISITORS ARE FLOCKING TO STONY LAKE RESORTS

Every Hotel and Boarding House Filled Up—Social Events at the Lakes—Many Fine Fish Being Caught

Stony Lake, July 27th.—(Special.)—To see the crowds that are flocking up to the lakes this last week, it certainly does not look like hard times.

The lake appears to be more popular than ever this year. There is always something doing, and, besides the delightful hops at Juniper Island, there are regular dances at Viamede, Crowe's Landing and South Beach. The lake this last week has been a dream to look upon as there has not been a breath of wind.

The fishing is better than ever this year and there are many big fish being caught. Master Douglas Carlisle landed a twelve and eight pound 'lunge in less than half an hour, about two or three hundred yards from their own cottage. There are also many large bass being caught. Mrs. Baer, who is a guest at Miss Brown's has landed several 4 and 4 1-2 pound bass out of Sandy Bay, and she also had the good fortune to land a five pound eel.

Mrs. Robert Neill appears to be the only "fisherman" on the lake who can land a large fish. While trawling just behind their island she had the good luck to land a twenty pound 'lunge.

AT JUNIPER ISLAND.

Dances are held regularly at Juniper Island every afternoon and evening and the new piano is certainly very much appreciated.

The historic old piano, which was once new and could nearly play itself," was auctioneered off at the pavilion Saturday evening at nine o'clock and was purchased by Hon. Mrs. L. H. Graham, of Kilurn.

There has been several additions to the sailing craft on the lake. Mr. Dodsworth, of "Boschink," has arrived with his new and powerful motor boat, which is very speedy and will show up well at the regatta.

Dr. Baines, at Eagle Mount, has also purchased an addition to his skiff, which is a small engine attached to the end of the skiff, and it certainly is a very fine and handy machine, as will be seen when it is said that the doctor had it running in less than an hour after it was uncrated.

The "Evelyn," although an old yacht, of Burleigh, is as popular as ever on the lake this year, and of course, is regularly taking fishing parties to Eels' and Jack's Creek, where they stay for the day and return in the evening. One of the many who have recently been up there are the Miller party, of Pittsburg, who are guests at Miss Brown's. It consists of Mr. and Mrs. and Paul Miller, Mr. and Mrs. and Earl Walker, Mr. and Mrs. J. McKinney, Mr. and Mrs. Baer, and Miss I. Edwards, E Rogers Miss Lily Rogers and Messrs. Frank Weaver, Robert McKinney, J. Webb and W. Brady. Every person, of course, had good luck fishing and they came back with a large cargo of fish.

SUNDAY SERVICE.

Sunday service as usual was held at the pavilion on Sunday. It was taken by the Rev. Dr. S. A. Chowen, D.D., of Toronto. There was a very large attendance and the service was very much appreciated. There was some special singing contributed by Miss Dixon Gray and Master Quarrington, which was very much enjoyed. Last night was the first evening service. It was very largely attended and was very much enjoyed. The service was taken by J. Ralph Strickland, B.A., of Pembroke College, Cambridge, England, and also his sister, Miss Violet G. Strickland Taylor, grandchildren of R. H. Strickland, Esq. During the service Miss Violet Taylor contributed a sacred song, which was much appreciated.

VISITORS TO THE LAKES.

Mr. Joseph Mercer, of Peterborough returned to the city this morning after spending a very delightful holiday, as the guest of Mr. C. N. Geale, at "Quaint's Rest."

Mr. Stanley Pringle is the guest of Mr. Colin Lees at Upper Stony Lake, where he is having a very pleasant outing.

Mr. Charlie Crane, of Peterborough, is the guest of Mr. Norman Geale at Saints' Rest.'

The following have registered at Juniper Island:

Misses Gray, Oshawa; Clara Mowry, Lydia Higgins, Emma Bullen, Florence Dormer, Peterborough, and Messrs. Thomas Brightman, J Brightman, F J Heaslip, F J Roddy, E J Searighttt, D W Rose, G H Armstrong, E Carr, Peterborough; Misses Florence Good, Cincinnatti; E R Meng and W C Goodger, Rochester; L R McDonald and George Daley, of Washington; Nellie Herring, and Amy B Saunders, of Napanee; Vera Stratton, Hamilton; P M Chambers, Toronto; J H Stratton and R L Stratton, Hamilton; E D Clarry, Peterborough; E Cumberland, R G Simpson, Lakefield; Helen F Olmstead, Annie Walkin, Florence Loomis, Alice Hawne, Cleveland; W B Stewart, S Strickland, E S trickland, Toronto; Mrs. T. Brightman, Molly Blois, Peterborough; A Seward, Goderich; J A Davis and Melville McPherson, Milwaukee; Arthur Sewers, Toronto; J H Eastwood, Peterborough; Earle R Walker, J Miller, Pittsburg; Laura Reiss, Milwaukee; Lillian Peters, of Norwood; Mrs S Seward, L A Sewart Peterborough; Mrs Morton, W D. Morton, Barrie; J W McKinney, and wife, W W Miller and wife, R A Walker and wife, Pittsburg; E N Baer, and wife, Newcastle; Mrs W S Ramague, Seattle; Karl Keart, Youngston; Leonora Scarlett, Detroit; Ruby Cunningham, Peterborough; Gladys Cameron, Peterborough; Mary F. Black, Hudson; Mona Roney, Peterborough; B Goldman, Grace Goodman, Rochester, R Mills, Peterborough; E M Austin, F M Thompson, Toronto.

HAD TO WALK TO PETERBORO'

Bad Predicament in Which Man Found Himself at Lindsay

As the GTR 10.55 train was pulling out from the depot this morning a tall gentleman jumped on the last coach, which is always left at Lindsay each morning and not knowing this the stranger remained on the car for about five minutes.

A GTR official recently came along and told him of his mistake, and after a few minutes' discussion, the disappointed man left for Peterborough on foot.

"This is not the first person who has been caught in the same manner," remarked a nearby gentleman, "and there should be a stop to it, as in case of sickness or death, it would be a bad state to be in."—Lindsay Free Press.

BETTER THAN SOME STREETS IN THE CITY

Smith Township Officials Resent Criticism of the Chemong Road—Story of the Eggs

A letter signed "Traveller," which appeared in the Review and which criticised the condition of the Chemong road, has caused considerable comment among the officials of Smith township. "Why," said one of them on Saturday, "the Chemong road is in better condition than many of the streets of Peterborough. When I'm driving into town with my wife with a basket of eggs, she always tells me to drive easy when I reach city or the eggs would all be smashed to pieces. Out on the Chemong road she'll let me drive as fast as I like."

THE "OTONABEE" WAS DELAYED

Was Late in Reaching the City on Saturday

As a result of running aground at Campbelltown where she called to take on a passenger, the steamer Otonabee was delayed on its return trip to the city Saturday night. It took some time for the boat to get free but it was accomplished as quickly as possible and everything was done to make the passengers comfortable,

THEY CUT NEW STAMPS IN TWO

Thinking Only One Royal Head Was Needed on Letters---Many of Them at Dead Letter Office

The dead letter office at Ottawa is being flooded with letters bearing only half of a Tercentenary stamp. This stamp is about twice the size of a regular two-cent stamp and bears the heads of both the King and Queen. Evidently some people cannot see the use for large a stamp on so small a letter, and the practice has become common of cutting the stamps into two, with the King's head on one half, and the Queen's on the other, and make one two-cent stamp be the postage for two letters. The regulation forbids stamps mutilated in any way used on letters, so all the letters with only half a stamp on will go to the dead letter office, and be returned to the person who sent them. Already a great number have come in. No letters with only half the stamp will be sent to the place to which they are addressed.

The officials in the department have sent out notices to the postmasters instructing them that half stamps must not be allowed.

DAILY REVIEW AT STONY LAKE

Will Be Delivered to Subscribers Same Day as it is Published.

Send in Changes of Address—Take the Review with You on Your Holiday.

Arrangements have been completed whereby the Daily Review will be delivered to summer resorters at Stony Lake on the same day as it is published. The papers will reach Lakefield in time to catch the evening boat for the lakes, and will be in the hands of subscribers on the evening of the day they are published.

Subscribers of the Review who are going to the lakes or to any summer resort can have the Review follow them by notifying this office of the change in their address. Drop a card or telephone 189, giving the old and the new address and the change will be promptly made.

Persons who are not already subscribers to the Review can have the paper sent to them for thirty cents per month.

Take the Review with you on your holidays. It will keep you in touch with what is going on in the city in particular, and the outside world in general. Do not isolate yourself completely. Keep yourself posted on what is happening in the city. Get the Daily Review.

GERMANY'S SYSTEM OF INSURANCE

Claimed to be Best in the World --Insurance is Compulsory There

The most elaborate and interesting insurance system, however, must be credited to Germany; and if it is true, as it is said, that it was devised by the Emperor himself, it certainly is a feather in his cap. By a simple method of insurance, the workman is encouraged to be thrifty, and, at the same time, the State guarantees that in his old age—or even before, should he be incapacitated —he shall not want. Insurance is compulsory, the weekly payments varying with the amount of wages. But, in addition, the worker can receive sick pay, medical attendance, and other comforts. Furthermore the State pays half the weekly premiums. The last available statistics show that in one year the sum of about thirty million dollars was paid to invalid workmen to the number of 871,000 in the form of old age pensions.

The opposite to this method is to be found in France, where the worker is not compelled to contribute anything. In the circumstances, it is not surprising that the terms are poor. Seventy is the qualifying age, and the highest amount payable is a little less than fifty dollars. If the worker is unable to follow his occupation at sixty, or later, the State allows him a smaller amount.

EXCURSION TO ROCHESTER

Good for 2 days, July 29, 30. Leaving Peterborough by special G.T.R. train, July 29th, at 6.45 am. going through Port Hope to Cobourg wharf. Steamer Ontario Ferry No. 1, direct to Genesee wharf. The Review Does Not Hold Itself Responsible for Opinions Expressed by Correspondents

MR. BAILEY'S PICTURES

To the Editor of the Review

Sir,—I sent your photos, &c., of the Laval celebration at Quebec In England it is usual to pay for them or to return them.

Yours,
W. A. BAILEY.

As Mr. Bailey has frequently pointed out it is the custom in Canada to keep everything one can get his hands on. But in this instance we do not remember having received the pictures Mr. Bailey refers to. If Mr. Bailey will forward us the postage that would be necessary to return the said pictures we would be pleased to —keep the stamps.

LOOKED LIKE AN ESCAPED PRISONER

A suspicious character was routed out of a Grand Trunk train between Belleville and Port Hope on Wednesday morning last. He was found hiding under a seat, but when called upon to pay his fare he handed out the money. When he got off there he did not land with the other passengers, but jumped among a number of box cars and disappeared. The man was said to answer the description of Wm. D. Jones, one of the escaped prisoners from the Toronto jail.

ARE BUILDING UP THE CITY

Permits Issued at City Hall During the Past Few Days

The following building permits have been issued at the city hall during the past few days;—

Jas. Curran, frame dwelling on Lake street. $0 000.

J. A. McConnell, brick dwelling on Gilmour street. $1,300.

N. Routley, store and dwelling on Brock street. $1,800.

A. Harding, barn on Dunlop street, $35.

Ed. Courtney, dwelling on Hunter street, $175.

Dr. Greer, office on Aylmer street, $400.

Mrs. S. Brault, woodshed on Ware street. $30.00.

GET RID OF THE MOSQUITOS

The "Mosquito Antitoxine Co." announce a sure remedy for the Mosquito nuisance, Black Fly Germicide, and Poison Ivy cure. It is a safe, simple, and sure remedy, and no verandah or camp should be without it. It is a positive boon for campers and those who wish to enjoy their holidays, or a summer's evening out of doors. It is thoroughly reliable and prepared in the most scientific manner. Read the company's advertisement in our business columns.

Parasols for men are becoming fashionable in London.

NOTES OF THE DAY

Mrs. Fish, the wife of an Islington publican, died from ptomaine poisoning after eating two French pastries.

To save it from the builders, Liverpool has opened as a public park a new municipal open space of 18 1-acres.

Capital to the amount of $131 710,000 has been embanked in the tube systems of London in the past few years.

By planting 5000 cabbages in three hours and ten minutes, Mr. W. Cole, of Groombridge claims to have created a record.

Quite a quantity of honey was made in Fleet street, London, the bees getting their sweet material from clover in Regent's Park.

Many book collectors will learn with regret of the death which recently took place at the age of 81, of Mr. John Selkeld, London.

TENDERS Wanted.

Tenders will be received by the undersigned for the erection of a Curling Rink on Charlotte street, in the City of Peterborough, on or before

FRIDAY, JULY THE 31st, 1908

Tenders to be marked "Tenders for Rink," The lowest or any tender not necessarily accepted.

J. E. BELCHER,
Architect.

TWO C.P.R. TRAINS CRASH ACCIDENT NEAR NORTH BAY

One is Killed and Eight Wounded in an Accident Which is Result of Derailment of Freight Train a Few Hours Before.

North Bay, July 28.—Two accidents have occurred on the Lake Superior Division of the C. P. R., one being the indirect cause of the other.

Hemlo, a little station 422 miles west of North Bay and 210 miles east of Fort William, was the scene of the most serious one, with a casualty list of one killed and eight injured.

A peculiar feature is that it was the second accident in 24 hours in a radius of four miles.

Sunday a sun-kinked rail put 19 cars in the ditch at Pringle, blocking the mail line until yesterday afternoon, when traffic was resumed, only to be worse than demoralized an hour later.

Pacific Express No. 97, running in two sections, left North Bay with a heavy passenger list for the west on Sunday morning, and was delayed by the freight wreck at Pringle. The first section of 97, when the tracks were cleared, started on the journey and stopped at Hemlo. The second section, following too closely, crashed into the train ahead, the engine plowing through the caboose and tourist passenger car, smashing them to kindling wood and tearing up the track for many yards.

The collision occurred at 3 o'clock [illegible] afternoon and as soon as the first effects of the shock passed, the train crews and passengers turned to the work of rescue.

Doctors from White River and Schreiber were soon at the scene and injuries of passengers attended to.

It seems a miracle that the list of dead and injured is so small, considering the nature of the accident and the crowded cars. The casualties all occurred on the first section, which was standing still when the collision occurred.

Engineer Evans of the second 97 and his fireman jumped when they saw the train ahead, on rounding the curve, and escaped with their lives. No one was hurt on the second section.

J. McCormick, a tourist from Belfast, Ireland, was instantly killed, and the following were injured: Millie Davis, Southerk, Man.; Charles C. Amey, Miniota, Man.; Miss Florence Broad, Vancouver; Mrs. F. Hatcher, Winnipeg; Harriett Strong, Winnipeg; John Morse, Innisfall, Alberta; Frances Morse, Innisfail, Alberta; Aubrey Allen, Homefield, Man.

The injured passengers are doing well and all will recover, as the injuries, while painful and severe in several instances, are not serious.

BOY LEFT THE CITY IN A CANOE HE HAD RENTED

James Armstrong, Whom the Police Are After, Went Down the Otonabee, and then Walked to Fraserville Where He Boarded a Train.

Jas Armstrong, the fourteen year old boy who left the city yesterday taking with him $92.50, which had been given to him to deposit in the bank, took a somewhat unusual route in getting out of the city. He called at the Otonabee boat house about eleven o'clock in the morning and wanted to know how long he could have a canoe for fifty cents. He was told he could have one until the afternoon and he then secured canoe and started down the Otonabee. He did not return in the afternoon and last night a party of young men who were down the river in a launch found the canoe pulled up on the Monaghan side of the channel about eight miles from Peterborough. Some people in the neighborhood stated that they saw a boy, walking from the river, going in the direction of Fraserville.

This morning the Peterborough police were notified that the lad had boarded the train for Port Hope at Fraserville last night.

Word has been sent to the Chief of Police at Port Hope and the boy will likely be captured at Port Hope or in the vicinity.

Young Armstrong was employed by Mr. H. T. Elliott, baker, and it was his employers money that he made off with.

NORMAL SCHOOL WILL OPEN WITH ATTENDANCE OF OVER 150

This is the Estimate of the Department of Education—Desirable that Students Should Have Good Accommodation.

Word has been received from the Department of Education at Toronto that the estimated attendance at the opening of the Normal school at Peterborough will be over 150. Principal Walker says that there will be at least this number in attendance when the school opens on September 15th. Nearly all the students will be from out of town and they will have to secure boarding houses in the city. And just here arises an important point in connection with the success of the school. If the students are able to secure good accommodation in Peterborough and receive hospitable treatment here, the attendance at the school will steadily increase. If, on the other hand, they cannot secure good boarding houses, and are charged unreasonable rates, the reputation of Peterborough in this connection will spread throughout the province and Normal students will attend the schools at other points. The Normal students should have no difficulty in securing desirable accommodation as they will all be of good character, a certificate to this effect certifying they are such before they can enter the school. It is very desirable that citizens should do what they can towards providing the students with rooms and board. Plainly furnished rooms, as long as they are clean and good plain board, will be what the majority of the students will want.

TOURING CAR WAS WRECKED

Andrew Carnegie and Wife and Daughter Have Narrow Escape

Special to the Review

Inverness, Scotland, July 28.—Andrew Carnegie, his wife and their daughter, Margaret, had a miraculous escape from serious injury today in the wrecking of their touring car which was in collision with another automobile. The three were badly shaken up and suffered bruises.

POLICE FOUND SEVERAL BOMBS

Evidence That Army of Spain Was Acting With Republicans

Special to the Review

Lisbon, July 28—By the seizure today of the quarters of another band of republican plotters evidence was found of the collusion of the army in the revolutionary plans of the republicans. The police seized a number of bombs, guns and large quantities of ammunition. No arrests have yet been made.

Mayor Stewart, of Hamilton will decide today whether or not he will sign the Cataract power contract.

For the first six months of the present calendar year the total immigration to Canada has been 96,119

Louis Logan, a Muncie Indian, is in jail at London, charged with assaulting his 15 year old stepdaughter.

MUCH DEMAND ON CHARITY BOARD

Many Given Assistance This Summer According to City Relief Officer

Aid is still being parcelled out to the needy in considerable quantities according to Mrs. Finch Miller, the city relief officer. This is the biggest summer in the sense of charitable assistance that the Charity Board has had.

However, it is pleasing to state that no cases of an extremely painful nature have come under the notice of the board.

PIGEON RIVER IS NAVIGABLE

Channel Has Been Cleared and Large Boats Can Now Call at Omemee

The staff of men employed by the Department of Railways and Canals in clearing Pigeon River from the village of Omemee to Pigeon Lake, is doing good work. The weeds and other accumulations which have virtually choked up the river are being removed in quick order, and the channel is now practically clear enough to allow the largest craft sailing on local waters to steam up to Omemee.

The river will require little dredging, as this was attended to some years ago. The citizens of the village are extremely grateful to the Government for the good work being done at that point.—Lindsay Post.

ANOTHER PEACE CONGRESS STARTS

Sixteen Countries Are Represented at Conference in London.

London, July 28.—The seventeenth universal peace congress, organized by the Society of Friends, assembled at Canton Hall here yesterday. Over 100 societies in sixteen different countries are in attendance. The Bishop of Carlisle, president of the congress, during his opening address, said:

"Nothing has impeded the national prosperity so much as partisan strife and blind antagonism. They were told to think imperially, but a rider was needed—let them not act imperially."

King Edward and Queen Alexandra received the delegates at Buckingham Palace at noon.

"Bobs" Itinerary.

Quebec, July 28.—Another change has been made in regard to Lord Roberts' visit to Toronto, though even the new arrangement is only tentative.

As matters stand now, he will leave for Montreal on July 30, afterwards going to Ottawa. He is due at Toronto on Aug. 5 and will leave there on the morning of the 8th for Hamilton and Niagara Falls. Thence he goes to Banff, B. C.

On the return journey he will stop at Kingston, and also visit the Thousand Islands.

The C. P. R., whose guest he will be on the trip, is placing a special car at his disposal.

Renfrew 50 Years Old.

Renfrew, July 28.—The town yesterday celebrated the fiftieth anniversary of its incorporation, about 3,000 visitors assisting the local population of 5,500 to signalize the event.

Addresses were made by Mayor MacKay, who read the original proclamation which gave Renfrew incorporation exactly fifty years ago on July 27, 1858, by T. McGarry, M.P.P.; A. Wright, M.P.; Rev. H. Hay, Presbyterian, Renfrew; Rev Mr. Ewen, Baptist, and Rev. Mr. Spencer and others.

Thief Snatches Jewels.

Quebec, July 28.—A diamond ring robbery occurred here yesterday in J. F. Dobbins' jewelry store.

A man came in to buy a ring and was shown a tray from which he selected one. He asked Dobbin to polish it, and when the jeweler turned to do so the thief snatched the tray and bolted with $2,000 worth.

Connelly's Body Found.

Port Arthur, July 28.—A body which was later identified by acquaintances as that of Alex. Connelly was found floating off the Canadian Northern dock yesterday. He had been missing a week. He was a woodsman, aged 25.

Woodstock Bylaw Lost.

Woodstock, July 28.—A bylaw to raise $27,000 for school improvements, including a new school on Delatre street, was defeated yesterday by 154 majority. A very small vote was polled.

J. J. Hill Coming Home.

Guelph, July 28.—The Old Boys' reunion to be held here next week promises to come up to the rosiest of expectations. Crowds are assured, an excursion of 400 having been arranged from Detroit.

Among the celebrities to attend will be J. J. Hill, the great railway magnate, and Rear-Admiral Kingsmill.

HE WAS DRIVEN FROM HIS HOME

Ex-Speaker Philippe Roy Cannot Live in Parliament Buildings.

Montreal, July 28.—La Patrie publishes the following special from Quebec:

"The Hon. Philippe Roy, formerly Speaker of the Legislative Assembly and ex-president of the Bank of St. Johns, arrived at the Parliament Buildings Saturday, with all his family and baggage, with a view to take up his residence in his old quarters.

"His presence, in view of what had recently taken place, created intense excitement, and for the moment Sir Lomer Gouin was in a quandary.

"Finally the Prime Minister sent the Deputy Attorney-General to Mr. Roy and plainly gave him to understand that under no consideration must he remain in the Parliament buildings.

"The ex-Speaker, after some hesitation, adopted the wiser course and departed, bag and baggage, without even unpacking his trunks."

Brothers Held For Murder.

Sault Ste. Marie, July 28.—As a result of a fight in the Italian colony here Sunday night, Beaga Pachiocio is dead and his brother Charles lies dangerously wounded. Two brothers, Benny and Alex. Sciigliano, are held in connection with the murder, while another brother, Ike, escaped, and is still a fugitive.

According to a witness at the preliminary hearing the fight started over the kicking of a dog near the office of Benny Sciigliano, who conducts a cigar factory, and who is agent of the Sudbury Brewing Co. Four shots were fired, and the witness claims Benny Sciigliano and his brother murdered the dead man.

Convict Calls on Mafia.

New York, July 28.—Threats of death at the hands of the Mafia were made to Judge Rosalsky in court yesterday, just after he had pronounced sentence on an Italian. "The Mafia will get you for this," shouted the enraged man. Then, turning to some of his friends in the court-room, he cried: "He has given me ten years; take care of him for me."

The prisoner on whom the judge imposed a penalty of not less than nine years and three months and not more than ten years in prison was Cosmic Riccobona. He pleaded guilty to robbing a bank messenger of $48,000.

City Hall Lighthouse.

Kingston, July 28.—It is now estimated that the damages to the dome of the City Hall by fire, and to the buildings by water, will reach some $20,000.

To aid navigation a huge electric light now surmounts the City Hall. Hitherto the illuminated clock tower was used as a lighthouse. The 1,800-pound bell is useless. The heat was so intense that it melted and fell in big pieces about the dome floor.

Laborer Captures Thug.

Victoria, B.C., July 28.—After successfully holding up three different persons on Thursday, Friday and Saturday, George White, 25 years old, of Idaho, was captured Sunday night by a posse of police.

John Evans, a laborer living near Elk Lake, recognized the highwayman when he asked for food and shelter, and, decoying him to a neighbor's house, the two secured him and notified the police.

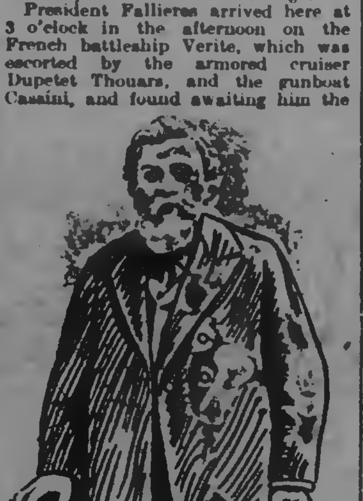
FALLIERES MEETS THE CZAR FRENCH PRESIDENT'S VISIT

Following Upon King Edward's Trip to Russia, Ruler of France is Received With Big Display by Most of Nicholas' Fleet.

Reval, July 28.—The harbor of Reval was bathed in sunshine for the meeting between Emperor Nicholas of Russia and President Fallieres of France, which occurred yesterday afternoon.

The ceremony was similar to that of the interview King Edward and the Emperor had some time ago.

President Fallieres arrived here at 3 o'clock in the afternoon on the French battleship Verite, which was escorted by the armored cruiser Dupetet Thouars, and the gunboat Cassini, and found awaiting him the principal part of Russia's fighting fleet, including the battleships Slava and Tsarevitch, drawn up in two lines.



PRESIDENT FALLIERES.

As the French ships swung into place, a series of salutes which covered the bay with a pall of smoke were fired, and the crews of both nations exchanged hearty and prolonged cheers. The strains of the Marseillaise, so long interdicted in Russia on account of its revolutionary connections, were heard on the quarter deck of the imperial yacht Standart and the Russian warships.

The Emperor immediately sent Admiral Dickoff, Minister of Marine, to bid President Fallieres welcome to Russia, and after a short interval, accompanied by his suite, the French President proceeded to the Standart. The Emperor later returned the President's visit on board the Verite, and spent an hour inspecting the modern French warship.

A dinner was served last night on the imperial yacht Standart.

Drowning In Don River.

Toronto, July 28.—Ten-year-old Joseph Catalino, Italian, living on Church street, fell into the Don yesterday noon almost under the Gerrard street bridge, and was drowned.

He had been playing on the stern of J. Passmore's gasoline launch and tumbled off.

Italian Drowns at Soo.

Sault Ste. Marie, July 28.—An Italian named Achile Varazo was drowned here yesterday. He was hit on the head by an overhead crane, which was unloading coal, knocking him into the water, where he sank immediately in 18 feet of water.

Bridge Foreman Killed.

Portage la Prairie, July 28.—Melville A. Rice, aged 30, bridge foreman of the Grand Trunk Pacific construction gang, fell to his death from a girder on the Grand Trunk bridge near here. He was formerly a Winnipeg policeman.

THE PRINCE AT STE. ANNE THE WONDER-WORKING CHURCH

Trip to Famous Shrine is Marked by Picturesque Incidents—Battleships Give Searchlight and Sham Torpedo Boat Performance at Night.

Quebec, July 28.—The visit of the prince to St. Anne's de Beaupre yesterday morning was perhaps the most picturesque incident of the trip, and one unique in the annals of the little miracle town.

The prince had not been expected, although the Duke of Norfolk and Lord Lovat had been out and signed the visitors' book last week. It was known during the morning that the prince would call on his way back from St. Joachim in his motor car, and the place was all decorated for the occasion.

At 3.15 a joyful peal from the Basilica announced the approach of the royal party, and at 3.30 all the bells in Beaupre broke out jubilantly as the prince dismounted at the entrance to the grounds of the shrine.

Here, in 1658, the first miracle was performed, and yesterday morning it was stated the latest wonder was added to the long record. A girl declared herself healed of an injury to one of her limbs, and the plaster cast was removed and hung on the wall of the Basilica, blood and matter still adhering to it, while she walked healed to her chair. So it is affirmed.

The prince, with Earl Grey, entered the Basilica guided by Mgr. Maturin, president of Laval University, and Fathers Lemieux and Caron, with other members of the community. By some oversight the lights were not turned on and the full magnificence of the church was not displayed, nor the beautiful effect of the aureole shown around the great statue of good St. Anne.

But the prince saw the shrine as other people see it, gorgeous as it is. He was conducted first to the wonder working statue, and then into the chancel, where the fine stained glass was pointed out.

The National Anthem was played on the organ on his entrance, and George F. Fortier, the organist, played a finale of Guilmant's as the prince passed into the chancel. Subsequently Madame Charles Beaudoin sang a hymn to St. Anne, to the tune of "Home, Sweet Home." The singularly sweet rendering of the familiar melody gained interest as Madame Beaudoin substituted for one of the lines the words "God bless our prince [illegible]

The prince was conducted behind the high altar and into the sacristy, and the relics in the treasury shown him. These include the first statue of St. Anne, brought from France in 1661, a magnificent mass vestment worked in silk and gold, made and presented by Anne of Austria, mother of Louis XIV., in 1666, the several reliquaries of St. Anne, who is the patron saint of Canada, and many other precious memorials. These things having been seen, the prince signed the register, "George P.," with the date, and underneath the Governor-General wrote "Grey."

Emerging from the sacristy the prince found a merry crowd of the country people awaiting him, and he quite entered into the spirit of the scene, laughing and chatting and shaking hands with all and sundry. The motor car speedily moved off, followed by Sir Wilfrid Laurier and Lord Strathcona in another car. The remainder of the party were waiting at the main entrance and followed the royal car to Quebec.

In the evening the naval display in the harbor was one of the great spectacles of this spectacular celebration.

A signal from the flagship Exmouth caused the instantaneous illumination of the harbor by the combined searchlights of the fleet. These powerful and dazzling beams swept the whole scene and brought everything into prominence, from the tiniest rowboat on the river to the coping-stones of the Citadel.

A sham torpedo attack followed the searchlight demonstration, pinnacles representing torpedo boats.

A gorgeous display of fireworks concluded the spectacle.

The town of Levis gave a civic reception yesterday to Count Levis, Marquis Levis-Mirepoix and Marquis de Montcalm. Six years ago Count Levis had citizenship conferred on him.

Lieutenant-Governor Fraser, Nova Scotia, on behalf of the people of that province, presented the prince yesterday morning with a mink coat for the Princess of Wales. Premier Murray and Hon. W. S. Fielding assisted his honor. The coat is magnificently matched fur, with 24 karat gold buttons inlaid with Nova Scotia pearls and amethysts. It is valued at $8,000.

Peter Ball's Last Report.

Ottawa, July 28.—Among the letters which reached the Trade and Commerce Department yesterday was one from Peter Ball, trade commissioner at Birmingham, who died on Sunday. Mr. Ball's last report to the Department, received yesterday, deals with some interesting experiments which have been made in England on the remarkably beneficial effects of electricity as applied to the growth of farm crops.

Cobourg Man Drowned.

Rochester, N.Y., July 28.—Charles Curtis, fireman of the ferry boat Ontario, was drowned in the Genesee river Saturday night. His home was in Cobourg.

Curtis, with five other seamen, rowed to the rifle range. On the return trip the boat was struck by the swell from a steamer near Charlotte, and Curtis fell overboard. He sank from sight before he could be rescued.

Aylesworth Goes Abroad.

Toronto, July 28.—Hon. A. B. Aylesworth left on Saturday for Vienna, where he will consult an ear specialist.

Changed His Will.

St. Thomas, July 28.—Theodore C. Dumont, a Belgian piano-tuner, was run into by a hayrake a few weeks ago while cycling, and succumbed Sunday to his injuries. Some time ago he made a will, ordering his body to be cremated or given to medical students in case of death. Last week, however, he repented and will be given a Christian burial from the Catholic Church.

Five-Year-Old Drowns.

Toronto, July 28.—Five-year-old Sydney Elliott, 19 Euclid avenue, was drowned from the Conger Coal Co.'s docks at the foot of Bathurst street at about 6 o'clock last evening. As the father, Frederick Elliott, a carpenter, sat at his home reading of the drowning of the Italian lad, a neighbor rushed in saying that his own boy was drowned.

Electric Bath Fatal.

Manila, July 28.—Lieut. Oswall of the 29th infantry met death accidentally by electrocution. The officer was preparing to take a bath and had entered the bathtub when he endeavored to arrange the lighting current to take an electric bath. In some way he came in contact with the wires, receiving the full charge.

Carnegie Library Robbed.

Vancouver, July 28.—Thieves Sunday night broke into the Carnegie Library Museum during the absence of the night watchman between 9 and 10 o'clock. A great collection of old coins valued at from five to ten thousand dollars was stolen. This is the second robbery of the kind in a year.

Returns to Ottawa.

Ottawa, July 28.—Hon. R. W. Scott, the first of the Cabinet Ministers to return from Quebec, arrived in the capital at noon yesterday.

It was the first time Mr. Scott had been away from Ottawa for several years.

Child Killed by Mower.

Brockville, July 28.—The three-year-old daughter of John Beanette, who resides near Dekalb, had both feet cut off by coming in contact with the knives of a mowing machine. The child's mother was on the machine doing the mowing, and took the girl to the field, leaving her on a distant hill picking berries. Mrs. Beanette, while busily engaged with her work, was startled to see the child emerge from the tall grass directly in front of the swiftly-moving knives. Her efforts to stop the team was unavailing, and the child was precipitated on the cutter-bar.

Trenton Burglar Arrested.

Belleville, July 28.—John Campeau of this city is under arrest, charged with burglarizing three stores in Trenton on Saturday night. There were two others with him, who escaped. The stores broken into were Mowat's hardware store, Barber's dry goods store and Parks' grocery.

The robbers were discovered in Parks' grocery and the police followed them, arresting Campeau, who was yesterday morning remanded to jail for ten days.

Barley Cutting Begins.

Winnipeg, July 28.—Barley cutting is reported as starting yesterday in many parts of Manitoba and Saskatchewan. Although the acreage to this cereal is restricted, the yield promises to be heavy.

Indications are that wheat cutting will be under way in earlier districts of the prairies province by the middle of August.

Longboat's Name Erased.

Toronto, July 28.—Since his defeat in the Marathon race the name of Canada's Indian runner has been rubbed off the windows, of the "Tom Longboat" cigar store. The firm only employed Longboat to lend his name and presence to the store. Since the race the name and presence are deemed a drawback.

Death Due to Poison.

Chicago, July 28.—Robert S. Bradley, secretary of the Kansas Continental Freight Co., was found dead in bed yesterday by his wife, death having apparently been due to poison.

Brakeman Loses Leg.

Barrie, July 28.—Robert Neely, a G. T. R. brakeman, lost a leg while working in the yards. He is a young married man and lives in Allandale

Killed by Lightning.

Killarney, Man., July 28.—During a thunderstorm, the 13-year-old son of William Baxter was struck by lightning and instantly killed.

Paris Campaigns For Decency.

Paris, July 28.—The trial of two music hall managers and seven women, recently arrested as a result of Senator Berenger's crusade against the exhibition of the nude on the Paris stage, was ended yesterday. One of the managers was sentenced to three months' imprisonment and fined $40, and two of the actresses were given fifteen days in prison and a fine of $10. The others were acquitted.

THE NEW VEST-POCKET BOX OF "FRUIT-A-TIVES"

Allows Everyone to Try Out These Wonderful Fruit Juice Tablets at a Cost of Only Twenty-five Cents.

Put up in 50c. boxes only, "Fruit-a-tives" has in the last four years gained a tremendous and rapidly increasing sale, and a reputation for remarkable cures in every part of Canada.

During this time hundreds of people have been asking for a 25c. box to try. They have heard of "Fruit-a-tives," and of the benefit it is giving to thousands, but some people hesitate to pay 50c. just to try a remedy that is new to them.

It has been found, too, that many would like to carry a box of "Fruit-a-tives" in their pocket, so as to have them handy for regular use, and the 50c. box is too large for that.

To meet these needs we have put out a new 25c. trial size—a neat, compact little box that can easily be carried in the vest-pocket, and which contains tablets enough to last two or three weeks—long enough to find out that "Fruit-a-tives" is the best remedy of the kind in the world.

There is now no reason why every person in Canada who suffers from Constipation, Billousness, Kidney or Liver Trouble, Rheumatism, Sciatica, Neuralgia, Skin Diseases, Indigestion, Dyspepsia or Headache should not try "Fruit-a-tives" and get quick relief and eventually a complete cure. "Fruit-a-tives" are concentrated Fruit Juice Tablets. 25c. is all it costs to test the value of the most successful medicine ever produced in Canada.

If your dealer has not both the 25c. trial size and the regular 50c. boxes, write direct to Fruit-a-tives Limited, Ottawa, Ont., and we will send to you direct.

The Daily Review

TUESDAY, JULY 28, 1908.

A SUGGESTION

The Review would make this suggestion to the citizens of Peterborough, especially to the young people, that a pageant representing "Old Peterborough" be got up for the first suitable holiday. It is true that "Old Peterborough" does not mean anything very old, but it is old enough to afford an opportunity for a pageant and procession both instructive and entertaining. Peterborough was born in 1825, which is twelve years before the beginning of the Victorian era. Gathering weight the accumulation of "oddities" as the present generation would probably call them, gradually increased from 1825 to 1859 or 1860, and would be worth getting together and putting in the form of a pageant. Every hole and corner in the district would be ransacked for material. The young and lovely of to-day might feel proud to represent the young and lovely of that gallant time. A capable head with the freedom of the newspapers and the hearty goodwill of the people could arrange a pageant that would attract from far and near. Multitudes of reminiscences crystallized in such a representation would prove a startling object lesson to the present generation. The Review will be glad to hear from correspondents on this topic. Labor Day is Sept. 7th. It would leave ample time for preparation. If not then, next Victoria Day might be suitable. In any event let "our children" see what the people were like in the good, old times.

LORD CROMER

Lord Cromer, of Egypt, who is generally regarded in England as the most astute and experienced of British "foreign" statesmen, tells Great Britain plainly to prepare for war with Germany. Very little else could be expected. A royal emissary was despatched as the ambassador of the British Government to arrange an alliance to isolate Germany. That Germany can bring Great Britain upon the continental carpet by attacking her allies is fairly manifest. The fleet would play no part in such a war. The alleged alliances for the preservation of peace was really for the preservation of Germany's rivals in a trade. If Lord Cromer is right then the new alliance will prove a huge mistake. The parade of it, too, was evidently intended to impress, if not to offend Germany. It has done both. Will the game be worth the candle? The German Emperor is anxious to leave a historic name behind him. He is ready to march to the sea in any direction. If he does it the map of Europe will need reconstructing. Perhaps it would have been just as well to let sleeping dogs lie. That such an alliance was necessary raises Germany at one blow to the premier position amongst world-powers. The prestige of it equals a great victory already won.

THE GLOBE AND MR. BORDEN

Hansard is to hand containing the untouched or unrevised account of Mr. Borden's speech on the estimates just as the words fell from his lips. The Globe, as we showed yesterday, beyond all doubt, deliberately misrepresented Mr. Borden with respect to Hon. L. P. Graham's summing-up of the G.T.P. expenditure. Mr. Graham absolved Mr. Borden on the floor of the House both of the fact and the intention of forestalling him in any way. Seeking further to discredit him on the eve of a general election, the Globe charges Mr. Borden with deliberately trying to convey a false impression of the London Economist's reference to the Government's extravagance. This reference, it is understood, was made by the well-known journalist Farrer, formerly of the Toronto dailies, the Economist's Ottawa correspondent. It will be seen that he expresses not mere information but opinions, and these opinions are evidently accepted by the Economist as its own. In any event no reference was made by Mr. Borden to that fact, although as will be seen, a reference was made by him to "the Ottawa Correspondent." The frightful hedging received by the Government from the Opposition in the longest session on record has alarmed the Globe and the Liberal party generally, who see in the extraordinary power and effectiveness of the Opposition attack a cause for genuine alarm. It may be natural, but it is hardly honest or patriotic that the Globe et al should seek to discredit improperly financial authorities.

Mr. Borden:—He actually boasts of the position of Canadian securities to-day under his management, but let us look at the comparison. A Canadian loan backed by all the enormous resources of this country, but handicapped with the evil financial record of this government, was subscribed for to the extent of only 44 per cent. or less than one-half, while about the same time the Irish land loan was placed on the London market by the British Government, and it was subscribed for between seventy and eighty times over. My authority is the London 'Morning Post' of July 8, 1908. Is the Minister of Finance proud of that? What has he to say with regard to it? Nothing. What has he to say with respect to the conditions when the new loans fall due within the next few years? The Minister of Finance says nothing but the London 'Economist' has something to say and I shall quote from that journal a few words which may serve to tone down the enthusiasm of gentlemen opposite, and which may also serve to enlighten the people of this country as to the opinion which is held by the great financiers of London of the future financial standing of Canada should the present rate of expenditure be maintained. After referring to the great progress Canada has made in recent years; after referring incidentally to the fact that the public debt of Canada is now four times greater per head than that of the United States, the articles continues:—

"The country in short has been making rapid progress and is well able to carry its burdens, provided there is no monstrous addition in the immediate future."

The articles goes on to enumerate the great public works and undertakings which the government proposes, and it continued:

"Here.....deducting what has already been spent by the Government on account of its section of the Grand Trunk Pacific.....is a total of not far from two hundred million dollars to be raised in London before long to say nothing of the considerable aggregate of Dominion debts falling due, or of the possible necessity for borrowing for other services now that the era of buoyant revenues is over."

I invite the special attention of the Minister of Finance and the special attention of the Prime Minister, and above all the special attention of the members of this parliament and the people of this country to the words which follows;—

"This it must be allowed, is a staggering outlook. Instead of economizing the Government has gone on increasing debt and expenditure as a means of mitigating depression; always a risky policy."

And in the face of that opinion from an impartial and well informed source—because the London 'Economist' is recognized as one of the greatest financial authorities in the world—the Minister of Finance entertains the members of this House to a stump speech and he gives not one word of information as to how these enormous obligations will be discharged. I was amazed that a gentleman occupying his position should not in the course of an hour's speech give one word of information to the people of Canada as to how these enormous burdens are to be met in the future.—Hansard pp. 13848-9.

THE BRITISH PATENTS ACT

The real old-time Liberal still continues in his heart a free-trader. The partial capitulation of Sir Wilfrid & Company to the heresy of Protection he regards as a mere temporary expedient to be done away with at the earliest opportunity. Likewise, he is impressed with the desirability of peace. He says wars are all nonsense and militarism a combination of vanity and bullying. But where might we ask would England be without her fleet. Canadians however, do not propose to discuss world theories that take for granted a condition of affairs that does not exist. That is the ancient method of philosophy, which made rules and gave orders to the animal vegetable and mineral kingdoms to, instantly, fall under their away. The modern method makes ideas conform to results. From investigation certain conclusions are drawn which are called laws. Hence between the facts of nature and the alleged laws there is at least some relationship and resemblance. It is just so with the Liberal. He has ideas and the world must conform he thinks That it does not conform is nothing; he will continue to theorize as before. In England people are beginning to see that Protection has been of such practical assistance to foreign countries that it must be adopted there. The idea that "I will trade with you, but you must not sell to me" is gone by the board. Trade unless it becomes monopoly must be reciprocal. Unless it is reciprocal it is a virtual hold-up. Patents granted by England, the articles of which were sold there but manufactured somewhere else became a premium on imbecility. These articles must now be manufactured in England. It has meant already the investing of $125,000,000 of foreign capital in England. Capital is flowing that way more than ever. The conditions of common sense and the laws of finance are satisfied. But in Canada things are all the other way. A silly Preference one sided and useless and an ill-balanced tariff have left us high and dry. Capital has flowed out of the country in rivers. The balance is all against us. We have paid out hundreds of millions more than we have taken in. Sir Wilfrid Laurier has tried to make up for this by borrowing huge sums. Thus are we placed in a position now doubly insecure. We have debts to pay of an enormous total amount, increasing every day. The condition of our usual or normal system of trade continues as before. Unless a change comes and comes speedily Canada will be exhausted and bankrupt in a few years. How absurd it is to demand admiration for a policy which in the past has proven an acknowledged failure. Yet Sir Wilfrid & Co. still cling to the old absurdity, though with a faltering hold. The outflow of our cash capital must be stopped at all hazards. Liberals in Canada are smiling with derision at British protective measures. Meanwhile Canada suffers. The wage earner is in a perilous state. His wages are falling and his work is failing. We are rushing down grade to the conditions of 1878. There is no denying the facts before us.

THE ELECTION

It is stated confidently, on pretty good authority too, that the federal elections will be held on Tuesday, Oct. 20th, 1908, and the signs all point strongly that way.

The two strong signs are that Sir Wilfrid Laurier is going on a campaign tour in August which will cover the Dominion; and the Laurier Ministry is promising expenditures of enormous sums of money for railways, canals and public works.

Sir Wilfrid is shrewd enough to see that the Laurier Government has by reason of its record of extravagance, graft and corruption, become utterly discredited by the people, and that the longer he hangs on to power the worse are his chances of success. He has also waited until he thought that the harvest in the west was going to be good and has decided to appeal to the country.

We are glad of it. So far as the Conservative party is concerned it welcomes the contest with confidence and courage. The people want a decent and honest government, and the recent remarkable vote in Ontario last month shows that the people will vote for honesty quite regardless of party allegiance.

Let Sir Wilfrid bring on his elections. He will get a wholesome and well merited trouncing from Atlantic to Pacific. Even Quebec will not save him.—Brockville Times.

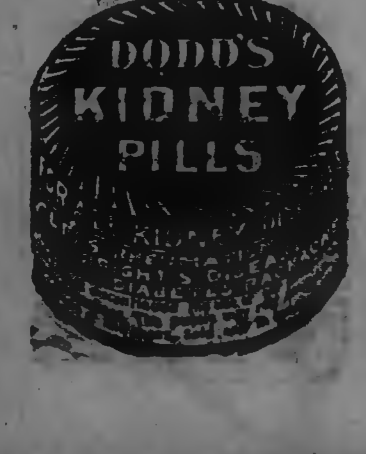
EDITORIAL NOTES

The Italian runner was interfered with at the Stadium in an absurd and unwarrantable manner. Ditto with respect to Lt. Col Spittall, who might most certainly have won the King's Prize, but for the range officer's attack.

The absence of election protests is a satisfactory indication that the late Provincial contest was remarkably free from corruption. What a contrast to the days when much of the time of the courts was occupied with contested election cases!—Toronto News.

It is often remarked by strangers that Peterborough people ignore "God Save the King," especially when it is played in the open air. While, of course, it is customary the world over to salute the national hymn by removing the hat, no disrespect is intended in Peterborough, where people are just as loyal as anywhere in the empire.

The widest departure from the rule just stated was probably the inclusion of the name of Mr. Whitney, now Sir James, Premier of Ontario, whose principal relationship with the event was as representing a very generous contribution to the park fund on the part of his province. But Ontario will be well pleased to have its patriotism recognized in a man who as a ruler has made himself respected of all.—The Montreal Witness.



REVIEW WANT ADVTS.

The Review want advertisements are read by thousands, for people want what they want when they want it.

If you need help,—Servants, hands, or workmen, try the Review want ad columns.

If you have anything to sell, from a pickaxe to an Auto, use the Review want ad columns.

If you have lost anything try a want ad in the Review and almost certainly you will recover the lost article. If you want an owner for anything found a Review want ad will bring the owner to light.

RATES FOR REVIEW WANT ADVTS.

THE CENTAUR COMPANY, NEW YORK CITY.

DAY OF THE CIRCUS HORSE.

It was a fiery circus horse
That ramped and stamped and neighed
Till every creature in its course
Fled, frightened and dismayed.
The chickens on the roadway's edge
Arose and flapped their wings
And, making for the sheltering hedge,
Flew off like crazy things.

Nor iron gates nor fences barred
That mettled steed's career.
It galloped right across our yard
And filled us all with fear,
And when it tossed its head and ran
Straight through the pantry door
Cook almost dropped her frying pan
Upon the kitchen floor.

It neighed and pranced and wheeled about
And scampered off, but then
We scarcely saw the creature out
When it was in again.
And so throughout the livelong day
Through house and yard and street
That charger held its fearsome way
And only stopped to eat.

But when at dusk, a little lame,
It slowly climbed the stairs,
Behold, a gentle lady came
And made it say its prayers!
Now, what a wondrous change you see!
Sh! Come and take a peep.
Here lies, as tame as tame can be,
A little boy asleep.
—T. A. Daly in Catholic Standard and Times.

Wood Engraving.

The first English engravers on wood worthy of notice were Edward Kirkall, born in 1695, and John Jackson, who died in 1754. But the art had no real vitality in England till the brothers Bewick, about the close of the eighteenth century, founded the English school, which has since attained a position second to no other.

Smoking Competitions.

Smoking competitions are extremely popular in Germany, and not long ago a prize winner smoked a cigar for seventy-four and a half minutes without letting it go out. None of the other competitors' records was over an hour.

India.

You may wander for days through India without seeing a European. There are white colonies in each of the capitals, but outside of these only a few planters, traders and missionaries are scattered over the land. In a city like Benares, the Venice of India, a man might live a year without seeing a white face.

POLICE SPIES IN PARIS.

Legitimist Leader Mystified Over Revelation by Prefect Lepine.

Paris Gil Blas gives the world an illustration of the workings of the French secret police in an anecdote which it publishes with an assurance that the incident happened recently.

A distinguished member of Parisian society sent out invitations for a large soiree at his house in the Faubourg St. Germain. He is a Legitimist, and it was hardly concealed that the gathering was to have a certain political significance.

As soon as he heard of it Police Prefect Lepine called upon the host and with the utmost politeness solicited a couple of invitations for agents on his staff.

"M. le Comte," said he, "I give you my word of honor the men to whom I intrust them will look like perfect gentlemen; they will act like gentlemen—in a word, they will be worthy of the honor you confer on them by making them your guests."

The count was very haughty, however. He explained with ill concealed disdain that his party would be made up of the bluest blood in France and any outsider would be at once conspicuous.

M. Lepine appeared to be convinced; at least he yielded the point gracefully, merely adding: "At least, M. le Comte, you will allow me to see the list of your guests. My duty compels me to know who will be there."

M. le Comte made no objection. He produced the list, and Lepine scanned it carefully. He was wreathed in smiles as he returned it. With many bows he apologized for having troubled M. le Comte.

"It was so unnecessary," said he. "I really would have no use for those invitations. I see that M. le Comte already has on his list of guests the names of five of my most trusted observers."

The count and his friends have been wondering ever since whether this was literally true or whether it was a shrewd device to render the gathering innocuous.

Quick Changes.

London Tit-Bits tells how J. Pierpont Morgan succeeded in interviewing the pope and Queen Helena within half an hour. The queen fixed the appointment for 10:45 o'clock and the pope for 11:15 o'clock on the same morning. The difficulty of the task was increased owing to the fact that etiquette prescribes that for the queen's audience Mr. Morgan should appear in a frock coat with a fancy tie and his daughter, who was to accompany him, should appear in a light colored walking gown, with an appropriate hat, while the etiquette of the Vatican prescribed for Mr. Morgan evening dress and a white tie and for the lady a black gown and a black lace veil over her hair, both to be ungloved and unjeweled. A quick change artist might have made light of this matter. Even Mr. Morgan and his daughter effected the transformation in five minutes after a twenty minutes' interview with the queen, and a fast motor did the rest.

How He Made Money Fly.

"Though not a rich man and not overinclined to waste money, nevertheless I spent cash with a recklessness that was of the Monte Cristo order while on a tour of Latin American countries recently," said Professor P. C. Everett of Harvard university.

"It was in the United States of Colombia, where my prodigality reached its zenith. Meeting an old friend, I asked him to dine with me, and when I came to settle cheerfully paid a check that called for $980. Then I tipped the waiter to $40 and paid $100 for two extra fine cigars. These figures are absolutely true, but it is proper to state that the cost of my dinner was estimated in the currency of the country and that it stood me in reality only $9.80, a dollar in our United States money being worth $100 of the Colombia. So it was that the waiter got at a right valuation only 40 cents, and the two perfectos were 50 cents apiece on our Yankee basis."—Baltimore American.

Curious Double Rainbow.

Of a curious double rainbow an observer says in a letter to the London Times: "On March 14 last, while on the voyage between Jamaica and the isthmus of Panama at 11 a. m., the sun being then nearly in the zenith, a double rainbow of brilliant coloring appeared, forming a complete circle round the sun, the inner bow being some distance from the sun, the outer bow being about an equal distance from the inner. A clear horizon showed no signs of rain. Neither the captain nor any other soul on board had ever seen a similar phenomenon. The outer bow faded gradually away and then the inner bow."

A Real Sinecure.

The most striking political sinecure in England is the property of the Marquis of Cholmondeley, lord great chamberlain to his majesty King Edward. Only on two occasions does he have to don the robes of office—when parliament opens and on those rare occasions when there is a coronation. And his salary is $22,500 a year. When the king starts the legislative mill the lord great chamberlain is master of ceremonies. At coronations he is the most dignified, gorgeous and glorified of all the titled flunkies that dance attendance upon the sovereign.

An African Proverb.

The savages of Africa seek wisdom from their proverbs. Here is one of them: "One head impaled on the gatepost is more valuable than six on the shoulders of enemies."

Solomon's Temple.

The original Jewish temple in Jerusalem, built by Solomon 1000 B. C., was destroyed by Nebuchadnezzar 586 B. C.; built by Zerubbabel 534 B. C.; partially destroyed by Pompey 63 B. C.; rebuilt by Herod 21 B. C. and finally destroyed by Titus 70 A. D.

Cheese—Firm; receipts, 854 boxes; state, full creams, specials, 12¾c to 13½c; do., large and small colored or white fancy, 12¾c; do., good to prime, 11½c to 11¾c; do., common, 9½c to 11c; do., skims, 1½c to 9½c.

Eggs—Barely steady; receipts, 10,110; state, Pennsylvania and nearby fancy selected white, 25c to 26c; good to choice, 22c to 24c; brown and mixed fancy, 22c to 24c; western extra, firsts, 20c to 21c; do., firsts, 18½c to 19½c; seconds, 17c to 18c.

CATTLE MARKETS.

Cables Steady—Hogs Are Down In United States.

LONDON, July 27.—London cables for cattle are steady at 11½c to 13½c per pound, dressed weight; refrigerator beef is quoted at 10½c to 10½c per pound.

Toronto Junction Live Stock.

TORONTO JUNCTION, July 27.—Receipts of live stock at the Union Stock Yards were 54 carloads, composed of 1152 cattle, 7 hogs, 197 sheep and lambs, 27 calves and about 40 horses.

Exporters.

Export steers of good quality sold at $5.30 to $5.67½; medium export steers, $4.90 to $5.25; export bulls, $3.75 to $4.75, with one or two at $5.25. Export cows, $4 to $4.25.

Butchers.

Prime picked lots of butchers and light exporters, $5 to $5.25; loads of good, $4.40 to $4.80, but only one or two loads at the latter price; medium butchers', $3.75 to $4; common butchers', $3.40 to $3.60; medium butchers' cows, $3.25 to $3.50; common cows, $2.50 to $3; canners, $1.50 to $2.25.

Milkers and Springers.

A few good milkers and springers sold at $45 to $65 each.

Veal Calves.

A few fairly good veal calves sold from $5 to $6 per cwt., with common as low as $3.

Sheep and Lambs.

Export ewes sold at $3.80 to $3.90, but lambs sold at lower prices, from $6.50 to $7.10 per cwt.

Hogs.

Gunns, Limited, quoted selects, fed and watered, at $6.80 and $6.55, f.o.b., cars, at country points.

Montreal Live Stock.

MONTREAL, July 27.—(Special.)—At the Montreal Stock Yards, West End Market, the receipts of live stock for the week ending July 25, were 2873 cattle, 519 sheep and lambs, 1363 hogs and 340 calves. The supply for local consumption this morning was 800 cattle, 250 sheep and lambs, 800 hogs and 100 calves.

The trade for export account was slow, as there was no suitable stock on the market and in addition to this cable advices from Liverpool on Saturday were easier at a decline in prices of ¼c to ½c per lb., with choice Canadians quoted at 12½c to 13½c; hay fed ranchers at 12c to 12½c, and grass-fed at 11½c to 12c. The top figure realized here for the best beeves was 5¾c, but the bulk of the sales was made at 5c to 5½c, and the lower grades ranged all the way from 2½c to 4½c per lb.

The stronger feeling which developed in the market for sheep a week ago has continued and prices have scored a further advance of ¼c per lb., owing to the increased demand from exporters and the fact that supplies are coming forward in very limited numbers.

Sales of choice stock were made at 4c and the culls at 3½c to 3¾c per lb. There has also been an increased demand for lambs for local consumption and contracts for some fair sized lots have been made at 7c per lb. for future delivery.

The few offered this morning met with a ready sale at prices ranging from $3 to $5.50 each. The demand for calves continues good, of which the offerings were small and prices ruled firm at from $3 to $7 each, and really choice veals would bring $10 to $12.

Owing to the small supply of hogs coming forward the undertone to the market remains strong, but prices show no actual change, as compared with this day week, on account of the fact that the competition between buyers is not as keen as might be expected as some of the leading packing concerns have contracted for a number of Manitoba hogs at a fraction or so under the ruling figures for selected Western Ontario stock and therefore they are not operating in the local market to any great extent at present. The demand, however, from local dealers was good and sales of selected lots were made at $7.25 to $7.35, and rough as low as $6.50 per cwt., weighed off the cars.

East Buffalo Cattle Market.

EAST BUFFALO, July 27.—Cattle—Receipts, 2500 head; steady to 10c higher; prime steers, $6 to $6.75; shipping, $5.60 to $6; butchers', $4.50 to $5.75; heifers, $3.75 to $5.75; cows, $3 to $5; bulls, $3.25 to $4.60; stockers and feeders, $3.25 to $4.40; stock heifers, $3 to $3.50; fresh cows and springers, steady, $22 to $58.

Veals—Receipts, 300 head; slow and 25c lower; $5 to $7.50; a few at $7.75.

Hogs—Receipts, 12,000 head; slow and 10c to 15c lower; heavy and mixed, $6.80 to $6.90; yorkers, $6.50 to $6.85; pigs, $4.50 to $6.05; roughs, $5.25 to $5.65; stags, $4 to $4.50; dairies, $6.25 to $6.75.

Sheep and Lambs—5000 head; steady sheep, active; lambs, slow; lambs, $5 to $6.25; yearlings, $5 to $5.25; wethers, $4.25 to $4.50; ewes, $3.75 to $4; sheep, mixed, $2 to $4.25.

Chicago Live Stock.

CHICAGO, July 27.—Cattle—Receipts, estimated at about 26,000; market 10c to 25c lower; steers, $5 to $8; cows, $3.40 to $5.50; heifers, $3.50 to $6.50; bulls, $3 to $5.30; calves, $2.50 to $7.25; stockers and feeders, $3 to $4.80.

Hogs—Receipts estimated at about 36,000; market 10c to 15c lower; choice heavy shipping, $6.60 to $6.65; light mixed, $6.30 to $6.35; butchers', $6.55 to $6.65; choice light, $6.45 to $6.55; packing, $5.85 to $6.50; pigs $4.50 to $6.10; bulk of sales, $6.00 to $6.65.

Sheep and Lambs—Receipts estimated at about 16,000; market steady to strong; sheep, $3.50 to $4.60; lambs, $4.75 to $6.60; yearlings, $4 to $5.50.

Extend Exams. to Canada.

London, July 28.—(C. A. P.)—At a meeting of the Royal College of Organists, Sir E. Bridge urged the extension of the college's examination to the Dominion of Canada.

"GUIDE" HANDS OUT SOME CRITICISM

About the Enforcement of the Liquor License Law in Port Hope

Provincial Detective G. E. Morrison, of Toronto, and License Inspector Kennedy, of Pontypool, are in town today on business.

"Our" License Inspector evidently thinks it is time he got busy in Port Hope, and this morning he laid information against one local hotel man for selling liquor during prohibited hours on July 11th, 12th and 25th. But he stopped right here and of course, we are to take it for granted that all the other hotelmen have not transgressed since the inspector's last visit, not even during the Old Boy's Re-union. Councillor Cheffins, chairman of the Police Committee, made the statement that the hotels were open night and day of that week, but this probably is news to Mr. Kennedy. But it is apparent to person who is the least alert that the majority of our hotels do business just when they please. Travellers remark that Port Hope hotelkeepers have more liberties than any other in the province, and the statement is not exaggerated in the least. Still, the Government is paying an inspector $800 a year to enforce the law, and Port Hope is contributing $450 a year to a nightwatchman, whose chief duty is to look after the hotels.

We could recall many instances where the local hotelmen have violated the law. Just a few Sundays ago the bar blinds of one of the hotels were raised at full height and the bar was lined with young men. This could be distinctly seen from the opposite side of the street, but now the Inspector upon his annual visit, only finds one man who has been guilty of wrongdoing.

The whole matter is a farce, and the people of Port Hope are growing tired of such so-called enforcement of the Liquor License Law.

Fred Howe, of Hamilton, a city hall clerk, was arrested for loitering on the steps of a store.

CHARITY BOARD HELD A MEETING

Accounts Ordered to be Paid—Statement of Orders Given

A regular meeting of the Board of Health was held last night when routine business was transacted. Those present were Messrs. H. Rush, chairman; Wm. Fowler, R. C. Braund, Wm. Kemp and F. W. Miller.

The following statement of orders given was read.—

	Since last meeting.	During 1908.
Groceries	$53 00	$479.50
Wood	4.00	557.80
Tickets		34.15
Sundries	13 000	286.50
	$ 70 00	$1,357.95

The following accounts were presented—

Geo. Gollern	$ 2.00
J. James	2.00
J. R. Kennedy	2.00
R. Parks	10.00
Peterborough Protestant Home	96 00
Review Co.	3 75
H. Sisson	12.00
D. Sullivan	3.00
W. H. Hamilton	11.00
Mrs. M. J. Dunford	6 00
R. C. Braund	3.00

On motion the above accounts were ordered to be paid and also an account of Mrs. Bowman for $3.

A statement was read from P. Campbell, manager of Bank of Toronto, that the amount to the credit of the credit of the Board on June 30th was $288 97.

It was moved by Mr. Braund and seconded by Mr. Fowler, that the board agree to pay the Peterborough Protestant Home $1.50 a week for Ellen Graham, if she is admitted to the Home—Carried.

CITY NEWS NOTES

SATCHEL AT POLICE STATION

Chief Rowsel has a hand satchel, at the station, for which he is trying to find an owner.

TO HOLD REGATTA

Gasoline launch owners are thinking of inaugurating an annual regatta for the city. It is a good idea and ought to be well supported.

AN ORDERLY CITY

Peterborough seems to be a most orderly city. In twenty days there have only been about eight in which any police court was held.

SPECIAL

There are eight new bicycles to be sold at a way-down price, before 1st August, at the J. M. Green Music Co., Grand Opera House Building
8D

RUSHING THE WORK.

Work on the George street church is advancing at a rapid rate. The interior is one great mass of scaffolding and lumber.

RIVERMEN'S CAMP.

There is a river drivers camp just above Inverlea park. Many of the people of that neighborhood are taking advantage of the opportunity to have a "good square."

NEW SEATS

About a week from to-day will see all the desks and seats placed in position in the new Collegiate Institute. Will this be welcome or unwelcome news to the scholars who will attend there next year?

NEW DELIVERY WAGGON.

Yesterday the firm of Stock & Sons added another delivery waggon to their bread delivery service. The rig is the largest and best of its kind in the city and will carry over 600 small loaves of bread.

MARK ST. LADIES AID

The regular meeting of the Ladies Aid Society of Mark street church, will be held on Thursday afternoon, at 3.30 o'clock at Jackson park. A cordial invitation is extended to the ladies of the church to attend the meeting.

FIVE DAYS SALE.

For the biggest bargains ever offered in fancy and useful china and glassware, stationery, bound books, toys and notions, come to the Times bookstore this week. Our stock will be sacrificed in order to reduce trouble of moving. Sale commences Tuesday morning. Store open evenings.

OWL ELECTROCUTED.

A small owl was discovered this morning lying dead in the Butler house yard by Jim Gostlin. The bird had evidently flew against an electric wire of which the isolation had been worn and had been electrocuted. It was a small specimen of the owl family and just a young bird.—Lindsay Warder.

EPIDEMIC ABATING.

Some time ago an epidemic of typhoid fever broke out amongst the horses of the neighborhood. For a while it threatened to do great damage to the farmers' horses, but during the last five to six days the disease has been abating, and will disappear altogether it is expected, within the next few weeks.

ALL PRINCIPAL TOURIST RESORT

Including Muskoka, Lake of Bays, Temagami, Georgian Bay, Maganetawan River, Kawartha Lakes, etc. are reached by the Grand Trunk Railway System. Tourist tickets now on sale at very low rates, good all season. Full information from any agent of the Grand Trunk.

PETERBOROUGH BAND.

Members of the Peterborough band please take notice that the date for the Hastings trip has been postponed, to the following Tuesday, August 4th on account of the steamer Otonabee having to be inspected that day. The moonlight, on Friday night, will take place as usual.

J. Wintermute was fined $60 at Hamilton for assaulting an electric car conductor.

LINDSAY WILL INSTAL PLANT

Has Decided to Have Ozone Filtrater to Cost $10,000.

Lindsay, July 27.—At a special meeting this afternoon the Town Council gave the water commissioners the power to issue $10,000 debentures for the purpose of purchasing the ozone filtration plant, which is being installed by its inventor, Mr. J. Howard Bridge, of Philadelphia, who puts it in at his own expense. If, after a three months' trial, it proves satisfactory, the commissioners are bound to buy it for the sum of $6,500. The plant will be ready for the first test inside of nine weeks.

BOARD FOR NORMAL SCHOOL STUDENTS

The new Normal School will open on September 15th. Householders who can provide rooms and board for the students, should at as early a date as possible, send their names and address to the principal, Mr. D. Walker, 271 Brock street, Peterborough.
eodtf

BIG LUNGE CAPTURED AT BURLEIGH FALLS

Mr. Jack McGee, farmer, of Omemee, was in town Saturday.

Jack has been spending a couple of weeks recently fishing in the vicinity of Burleigh Falls, and so far has caught the biggest 'lunge this season.

The monster Mr McGee pulled in tipped the scales at 36 pounds, and is now in possession of the proprietor of the Burleigh Falls hotel.

The huge fish was caught with a trawling line and takes the record for big catches in that vicinity. Hundreds viewed the big fellow as it lay on exhibition at the hotel.

Mr McGee is an ardent fisherman, but never before has he heard of a 'lunge being caught of such magnificent proportions. Needless to say, he is much elated over his capture, and intends having the head of the "king of 'lunges" mounted.—Lindsay Warder.

Mrs Walter Griffis of Chatham, is suffering from blood poisoning by mosquito bites.

BRIGADE LOSES THEIR MASCOT

Firemen Would Like to Recover Small Fox Terrier.

The fire brigade is bemoaning the loss of their latest mascot. He is a small white bodied fox terrier with a large black spot on the right of his head. Any information with regard to the pup will be gladly received by the brigade.

IN THE SURROGATE COURT OF THE COUNTY OF PETERBOROUGH

In the Matter of the Guardianship of VIOLET SHEPHERD, an infant:

NOTICE is hereby given, that after the expiration of twenty days from the first publication of this Notice, application will be made to the Surrogate Court of the County of Peterborough for a grant of Letters of Guardianship of the above named infant to Robert Herbert Shepherd of the City of Peterborough, father of the said infant.

Dated the 7th day of July, 1908.

WILLIAMS' PALS WERE ARRESTED

In Toronto on Charge of Picking Pockets Before Coming Here --Apparently Discharged

Chief Rozzel stated to the Review today that the two men who accompanied George Williams, the young man who was arrested at the circus grounds on the charge of picking pockets, in company with Adams, Hamilton and Graney the convicted trio now awaiting sentence were themselves taken into custody recently in Toronto, on the charge of being pickpockets. How their cases were disposed of he does not know, but they were certainly discharged or simply fined for disorderly conduct as they were in Peterborough shortly after being arrested in Toronto.

WEDDING BELLS

YARRINGTON—HILL

The marriage took place at St. Luke's church last evening at seven o'clock of Miss Sarah Elizabeth Hill to Mr. Edgar Yarrington, both of Peterborough. The ceremony was performed by Rev. Dr. Langfeldt. The bride was attended by Miss Jasper and the groom was supported by Mr. Sidney Yarrington.

The happy couple will have the best wishes of many friends.

VOYER—WEESE

The marriage took place at Hamilton on July 11th, of Miss Bertha May Weese, daughter of Mr. and Mrs. Jas H. Weese, 477 McDonnel street, Peterborough, and Mr. Claude Voyer, of Hamilton. The ceremony was performed by a Methodist clergyman. Mr. and Mrs. Voyer are residing in Hamilton.

Mr. Jos. Dwyer, of Peterborough, spent Sunday in town.—Lindsay Post

Mr. C. Sherwood spent Sunday at his home in Peterborough. — Lindsay Warder.

Miss A. C. Sharkey, of Peterborough is in town visiting friends for a few days.—Lindsay Warder.

Miss Maysie Armstrong returned yesterday after a very pleasant visit with friends at Orangeville.

Mr. Wallace Armstrong has returned to the city after holidaying at Warkworth and Campbellford.

Mr. and Mrs. John Davis, of Toronto are visiting Mrs. Davis' sister, Mrs. H. Kempt, George street, and other relatives.

Misses Mable Wilson and Rena Kerr returned to Collingwood this morning after spending three weeks in town visiting friends.

Miss Edith Doughty and nephew, Master Cliffor Doughty, will be the guest of Mr. and Mrs. Jno. Harper during their holidays in August.

Mr. Roy Mitchell of this city has accepted the position of second salesman in the carpet and homefurnishing department of A. W. Cressman's.

P. C. Meagher has returned to the city after his vacation, and is on duty this afternoon. He spent his holidays in Toronto, Lindsay and at other points.

Miss Laura Bellegham, of Peterborough, was the charming guest of honour at a smart little dance given by Mrs. Weir on Thursday night. The great drawing-room and dining-room were brilliantly lighted and artistically decorated with masses of pink and white sweet peas. A dainty supper was served at midnight, after which dancing was continued until the wee sma' hours. Among the guests were Senator Lougheed, Chief Justice and Mrs. Sifton, Judge and Mrs. Stuart, Mr. and Mrs. Van Wail, Mr. and Mrs. Christie Herron, of Cincinnati, Mr. and Mrs. Clarke-Dennis, Cobourg, and many others.—Calgary Daily Herald.

HAD THIS DOG HYDROPHOBIA?

Strange Actions of a Canine on John Street at Noon Yesterday.

Was there a mad dog in Peterborough yesterday?

The action of a dog in the vicinity of John street led a number of people who saw the animal to believe that such was the case. The canine was frothing at the mouth and at times crouched down as if preparing to spring. The owner of the dog on being informed of the matter said he would have him shot.

NAME HAS GONE WITH HIS FAME

Even the Cigar Store That Tom Once Owned Has Rubbed it From Window

How are the mighty fallen.

It was not enough for the once popular Indian to fall so ingloriously in the Marathon run in London on Friday, last, but now his name has been erased from the cigar store in the Princess Theatre building, that was once his proud possession, and the only vestige of his former greatness consists of the picture of the race in which he is beating Daley at Hanlan's Point in ICAC games.

Inside the store you can still buy a few pictures of Tom in his running togs at two for 25c, but they're not going fast even at that bargain price.

For the present, however, a memory of the runner remains in that the Longboat special cigar, at four for a quarter, is still on sale, with a good representation of smiling Tom on the lid.

Tom was not in any sense a business man. When the store was purchased for him by the different interests around town, probably to silence the cry of professionalism in sport against him emanating from across the line he looked to be in clover. But people would go and try the door only to find it locked and Tom elsewhere. This sort of thing could not last long and the transient purchasers drifted back to their old haunts.

Then Tom secured a boy to look after it, but that was not a success either and finally the store has drifted into the control of Charles Ross. There was practically no custom left and the present occupants say they must leave the door open all day long to overcome the bad impression left by the Indian's business methods. People coming into the store wanted to know why the "Tom Longboat" was still on the windows, in big letters, and advising their removal. Yesterday morning this was done and the only thing left is the bottom line, "Athletic Cigar Store." — Toronto World.

The flour mills and elevator at Arden, Man. were burned with 6000 bushels of wheat.

Semi-Annual Sale of
FINE SILKS---GREAT BARGAINS!

About twice every year we gather together all our regular lines of Silks and mark them at sweeping reductions from usual prices for a quick clearance. These sales usually last about three days.

This is one of those events. Cleaning up our stocks of warm-weather Silks brings you the best-liked weaves of the season at heavy reductions from regular prices, and—in many instances—at less than wholesale.

The Silks in this sale embrace nearly every weave shown here this Spring and Summer, some of which are now very scarce and impossible to procure in full lengths elsewhere. These much-sought-after Silks are now greatly reduced.

Now is the time to buy Summer Silks—for during this clean-up you can secure most unusual savings on

HAVELOCK CASE IN THE COUNTY POLICE COURT

The charge of seduction with a promise of marriage laid by Pearl Johnson, daughter of John W. Johnson against Michael Anderson, was heard by County Magistrate Edmison this morning. Both parties reside near Havelock, and the small court-room was well filled, chiefly by people from that town. The plaintiff, Miss Johnson, was the only witness examined. She swore that she had returned from Toronto to Havelock on the 8th of June, 1907, having been employed in Toronto as a domestic during the previous half year. The defendant, Anderson, had proposed marriage to her at her father's house on the 25th of June, and she had accepted his proposal of marriage. On the following day the plaintiff was bridesmaid at the wedding of Anderson's sister and it was at the conclusion of the dance following the wedding that the defendant had illicit relations with her. Up to that time she had been virtuous and the birth of a child on the 28th of May 1908 without any move on his part to marry her had taken place.

Cross-examined by Mr. Gordon, counsel for the defendant, the witness told practically the same story. Mr. Gordon called the attention of His Worship to the fact that since the charge was not laid within one year of the time of the offence the defendant should be dismissed, as that requirement is essential before a case can be made out.

Some discussion was entered into and the Magistrate concluded this by an adjournment until three o'clock this afternoon when the case will be disposed of.

This afternoon at three o'clock Magistrate Edmison dismissed the charge on the technical grounds above mentioned. Although his Worship held that the defendant was under moral obligation to the plaintiff, providing that the allegations of the latter were true, he pointed out that several cases of almost identically the same nature had been disposed of in the same way.

KEENE IS THE HAPPY HUNTING GROUND OF SWARMS OF FROGS

How is it there are so many frogs in Keene. Not the ordinary big bull frogs of which there are however, a normal quantity but the diminutive hoppers that are found in such quantities along the river, in the fields, on the roads, boulevards and pavements, on the lawns and in the gardens.

To the fisherman the frogs are welcome visitors and the stranger who comes to Keene in search of the black bass appreciates the facility with which he can secure bait.

But the housewife and the non-angler regards the frogs as more or less of a nuisance and they are everywhere in such innumerable swarms that it is almost impossible to keep from continually stepping on them.

The frog population at the village certainly outnumbers the human population by thousands perhaps by millions and how they come to be in the place in such multitudes is a question which the casual visitor puzzles over and which the oldest inhabitant never attempts to figure out.

BIG EXCURSION FROM BELLEVILLE

Will be Run to Peterborough on August 19th.

The West Belleville Methodist church will run a large excursion to this city on August 19th. They expect to bring over 1000 people with them and will charter two special trains for the occasion. A good band will accompany the excursion to keep things interesting and a fine time is expected.

The committee are at present making arrangements with the boats of the city to run several trips over the lift lock. These trips they think will prove a very strong drawing card, and will be the special feature of the excursion.

THRESHING THE FALL WHEAT

Rev. Dr. Marsh Reports Seeing the Threshers at Work Near Scarboro Last Night

This is rather early in the season for the fall wheat threshings, but nevertheless, Rev. Dr. Marsh reports that he saw the threshers busy at work near Scarboro last night, engaged in threshing the above mentioned grain. Dr. Marsh was returning on the G.T.R. from Toronto, after spending his annual vacation.

The early season threshing attracted the attention of a large number of spectators.

Francis Schaffner of Mitchell, is dead, aged 61.

Immigration to Canada in June fell off 58 per cent.

J. W. Phillip, Dominion fruit inspector is at Winnipeg.

Geo. W. Stevenson, grocer, South London, has assigned.

Barley cutting began Saturday on the Portage plains, near Yorkton.

BOBS TO PASS THROUGH CITY ON MONDAY

Lord Roberts will likely pass through Peterborough next Monday afternoon on the 4.38 CPR. train. He will spend Saturday and Sunday in Ottawa and leaves for Toronto on Monday morning. He is travelling in a special car provided by the CPR.

AUTO 'BUS AGAIN IN COMMISSION

The Chemong 'Auto-bus' is again on the road. It was laid off about ten days ago for repairs, but it is now working in fine style, and will no doubt finish the season to the satisfaction of all.

MEETING OF CARPENTERS

A meeting of the local union carpenters was held last night in the Orange Hall, Simcoe street. The president of the union, Mr. John Alexander, was in the chair. Several matters of interest to the carpenters were brought up for discussion.

Voison's general store at Mount Forest was damaged by fire.

Lightning killed two men on E. Brooks' farm near Virden, Man.

Rumor has it that Hon. L. P. Brodeur is to go on the bench.

The Clubman's Favorite

ROSS'S IRISH SLOE GIN

Ripe Irish Sloes—from which it is distilled—give Ross's Sloe Gin a particularly rich, delicious flavor.

You will know the genuine by the "Great Auk's Head" trademark on every bottle.

SPORTING NEWS

FOUR CANADIANS TO RUN OVER THE COURSE AGAIN.

Wood, Simpson, Cotter and Longboat Will Likely Run To-morrow—Team Will Sail for Home on Friday.

London, July 27.—Manager Crocker and Sherring are so disgusted over the result of the Marathon race and the showing made by the Canadian runners on Friday that they are looking around for some means to demonstrate to Canadians at home that the distance men are better than they showed in this big Olympic event.

With this end in view, and with the idea of proving that it was not the fast early pace that killed off the Canadians, Longboat, Simpson, Cotter and Wood will be sent over the course on Wednesday providing the weather is cool. It is the opinion of Crocker and Sherring that the intense heat knocked the men out. "All of these four can cover the Marathon distance in 2 hours and 40 minutes," is Crocker's declaration.

The manager looks for big things on Wednesday from the Indian Simpson, who is now properly acclimatized. He is expected to win.

Manager Crocker is in Birmingham today making arrangements with the Alexander Birchfield Harriers to send a team of eight Englishmen to Canada next year. He has promised them union meets at Halifax, Montreal, Ottawa, Toronto and Hamilton.

The Canadian team has scattered and all but Savage, Keath and Elliott will sail for home on Friday.

Tom Longboat has completely recovered and will sail for New York on Wednesday evening, accompanied by Tom Flanagan.

WILL PLAY THE Y. CHIEFTAINS

Bowmanville Team Coming Here Next Monday—Should be Good Exhibition

Y.M.C.A. Chieftain's Baseball club have arranged for a game with a Bowmanville team, to be played here next Monday, August 3rd. An excursion from Bowmanville is coming here that day, so there is sure to be a large attendance at the game, which will be without doubt a very interesting one.

The splendid record of the Chieftains is well known, and the Bowmanville team will put up a stiff proposition for the local team. Time of the game will be announced later.

HAYES IS A SELF TRAINED ATHLETE

Marathon Winner Will Receive Promotion for His Great Victory in England

New York, July 27.—When John J. Hayes won his great victory in the Marathon race at the London Olympiad a good example of the self-developed athlete was shown. Up to last Thanksgiving Day this boy had been practically unknown. He had developed nearly all of his speed and stamina in the Sunday runs across country in the Bronx while a member of the St. Bartholomew Club, and ran purely for the fun. Unlike the athletes in the big clubs, Hayes had no trainer to help him, but he just plugged away along the city streets at night after work and all his holidays in competition with other youngsters in the little clubs.

Hayes first came into great prominence when he won the Yonkers Marathon Race last November. He finished comparatively fresh far ahead of his field. After this race he was invited to join the Irish-American Athletic Club, and since then has been competing for the "Winged Fist" organization. As a member of the latter organization he ran another fine race last May, finishing second to J. P. Morrissey in the Boston Marathon.

Hayes is only nineteen years old and is 5 feet 3 3-4 inches tall. When in condition, which is practically all the year round, he weighs 125 lbs. He was born in the United States of Irish parents. Hayes worked as an assistant in the superintendent's office of Bloomingdale Bros.' prior to his sailing for London, but as a reward for his victory he will be promoted to the position of manager of the sporting goods department at Bloomingdales.

RUNNING

Simpson will likely be given a big reception when he returns to Peterborough. He has many admirers in this town, who will go down to welcome the popular Indian.—Lindsay Free Press.

MUST WANT TO REDUCE WEIGHT

What Do You Think of a Man Looking for a Wrestling Work-out at This Time of Year?

A young English wrestler who is employed in Peterborough is looking for a workout a little out of season. For obvious reasons the Review will refrain from mentioning his name. Through an acquaintance of his he asked a member of the Review staff if anybody was working out at the Y.A.A. rooms, and stated he would like to have a few mat struggles with some one in his own weight—a lightweight.

Now it is almost hard enough to be comfortable in the shade of a tree or on a sheltered verandah this weather without indulging in any such strenuous work as wrestling. If the eager grappler waits until the fall he will probably find plenty around his own weight to accommodate him. But while the Sahara-like weather with which we are being oppressed continues, mum is the word as far as the wrestling game is concerned.

BISLEY WINNINGS.

Canadian Marksman Carry Off Many Pounds In Prizes.

Bisley, July 28.—(C. A. P.)—Following are the winnings of the Canadian Bisley team which go to the team:

MAKING A BUSINESS OF SPORT

Some English Newspaper Comment on the Olympic Games—Pros. and Amateurs

London, July 27—The London morning newspapers continue to discuss the Olympic games from the viewpoint of the international friction developed with a disposition more freely to recognize that there is much to be said for both sides.

The Daily Mail says:

"After all, the number of unpleasant incidents is surprisingly small and the initial feeling may be removed by second thoughts, and fuller information. Perhaps with Olympic games as with peace conferences they may not realise the highest hope of their projectors, yet they help the world forward."

On calm reflection, leading public opinion takes the proper view that from the moment Dr. Muir, in attendance on Dorando, ordered him to be lifted from the track he was out of the race. Dr. Muir himself says: "Dorando had completely spent his energy when he fell and if he had not been lifted up he must have lain on the track long after Hayes and the others arrived."

Some comment having been caused by the signing of a contract by Dorando to appear at music halls, he had signed the contracts under stress of his first emotion and cannot withdraw from it, but he added he will only appear for a single week, and will devote the whole proceeds to charity.

Sporting Life calls for the compilation of an international code of rules to govern future Olympic meetings.

The Times commenting on the Olympic games, says:

"We have learned some useful lessons, especially that in speed and in strength we are far behind the Americans and that in field events our men were as children by the side of the American athletes, or to put it differently they are as amateurs compared with professionals.

"Our men have not been taught so well, in many cases they have not been taught at all, but they run and jump and throw the hammer simply by the light of nature.

"Our haphazard methods of training served very well indeed so long as we had only each other to contend with. If we are to compete against the world, especially against such business-like athletes as the Americans, with any hope of improving, we must be business-like too. Then the question arises as to whether it is worth while to make a business of sport. Probably it is not, so we shan't go far wrong in the cause of true sport if we stick to our antiquated methods."

SPORTING COMMENT

The Lindsay Warder has a heading "Is he crazy or is he not?" Probably the reference is to the man who wrote the Free Press account of the Peterborough-Lindsay lacrosse match.

The Pigeon river is now navigable and the large boats can now call at Omemee. But why should any kind of boat want to go to Omemee?

New Westminster and Shamrocks play their second game for the Minto cup today. The Irish are confident of winning. Johnny Howard and Henry Hoobin, Shamrocks stars of other days, will play for the wearers of the green.

Port Hope will likely have to mortgage the town pump if they have to pay the Peterborough baseball club that fifty dollars. "Ain't it awful to be poor Maud?"

Cobourg baseball team showed gameness in starting with the Midland League after Port Hope had dropped out. The horse show town has a game bunch at any rate.

If we judge correctly the city editor of the Lindsay Free Press should have been playing a wind instrument in the "Rube" band that played there on Friday night. Or he might have played the part of the Rube.

Word comes from Crowe's Landing, that Josh Craig, who is holidaying there, is out with the hook. Here's wishing him luck in his sunfish quests.

Some how or other interest in the Olympic games seems to have died out suddenly since the Marathon race was run. And incidentally there are not many who care to discuss the big race.

SUMMER MEET OF TURF CLUB

Will be Held August 10 and 11—Should be Most Successful.

The summer meet of the Peterborough Turf Club will be held at the Driving Park on Monday and Tuesday, August 10th and 11th. Some splendid events will be put on and the officials are sparing no pains to make the races a big success. There is every indication that there will be a particularly large list of fast steppers in the various classes.

Walter Blake Burke is dead at Stratford.

Cook's Cotton Root Compound.

The great Uterine Tonic, and only safe effectual Monthly Regulator on which women can depend. Sold in three degrees of strength—No. 1, $1; No. 2, 10 degrees stronger, $3; No. 3, for special cases, $5 per box. Sold by all druggists, or sent prepaid on receipt of price. Free pamphlet. Address: The Cook Medicine Co. Toronto, Ont. (formerly Windsor)

A Big Jump.

There is one recorded performance in ancient Greece which, if it is to be credited, probably no one living could approach—that amazing jump of Phayllus, who, with the aid of weights and a springboard, is said to have cleared fifty-five feet.

The Bengalese.

The Bengalese, says a writer, are not a warlike people. The climate, damp and warm, has produced a race of people who are not muscular. They have flesh, but are small boned, and invariably have small wrists and ankles. These physical attributes have tended to make them other than warlike in nature.

Cut Flowers.

A good way to send a few choice cut flowers to a distance is to cut slits in potatoes and insert the flower stems, taking care that they are firmly fastened in. An ordinary potato will keep most flowers fresh for two weeks in a moderate temperature.

Mercury.

Mercury can be used only for temperatures between 40 and 675, since it freezes at 40 and boils at 675. For lower temperatures alcohol is used, and for higher temperatures air thermometers are employed.

Paganini.

During the revolution in Italy Paganini was seized as a suspect and thrown into prison, where he was confined for some years. Having a violin with one string only, by incessant practice he acquired an execution so masterful that he was able to play upon the one string more wonderfully than others could upon four.

Eels.

The driest of all fishes is perhaps the river eel, yet, according to an analysis by a German chemist, 60 per cent of its substance is water. Salmon comes next, with 61.4 per cent. Lobsters and oysters are four-fifths water.

Walled Cities of China.

The walled cities of China are well named, for the majority are surrounded by walls thirty to forty feet in height and from sixteen to thirty feet in breadth. The city of Haianfu is surrounded by a wall sixteen miles in circumference.

New York's Chamber of Commerce.

The oldest commercial corporation in the United States is in New York city. It is the chamber of commerce, organized May 5, 1768, in the historic Fraunces' tavern.

Russian Extravagance.

The wealthy Russians are said to be extremely profitable to hotel and shop keepers in the lands in which they are traveling. A Swiss authority insists that 200 Russians will spend more in a month than 1,000 English men and women for the same period of time.

Senator Jansen of Nebraska predicts that the western crop will be harvested in the next thirty days.

John J Kenny who says he comes from Toronto, is held at Niagara Falls, where he tried to pass a cheque.

A. ROUNTREE - AGENT

CHICAGO MAN ON TRIP THROUGH CANADA FOR THE FIRST TIME

Mr. Edward Kramer of Chicago a Visitor to Peterboro'—Will Spend Few Days at Kawartha Lakes—Impressed With Rural Scenery of Canada.

Mr. Edward Kramer, of 81 Hermitage Avenue West, Chicago, is in the city on a trip through Canada and is registered at the National. Mr. Kramer, who has thoroughly travelled through all the principal cities and summer resorts and large watering places of the United States, is on his first visit to Canada. For the past ten years or so he has taken jaunts to the above mentioned points, and usually, in company with a Detroit friend of his, Mr. Walter D. Kline. This summer he and Mr. Kline went to Quebec for the Tercentenary celebration there, and the latter is in the Ancient City at present, but will join Mr. Kramer later on. Mr. Kramer intends to visit the Kawartha Lakes for a few days and intends leaving for there this afternoon. His fellow-traveller intends to go right through to the Pacific Coast before returning home. He thinks Canada is a grand country and its rural beauty has particularly impressed him. He was especially taken up with the scenery along the St. Lawrence. "From what I hear," he said to the *Review*, "the different resorts on the Kawartha Lakes are among the most favored summering places on the continent."

Mr. Kramer has an interest in the Colonial Music Company, Chicago.

SPLENDID FISHING AT KEENE; MR. YEATES SENSATIONAL CATCH

The fishing at Keene this summer has been very good and the majority of anglers in the Indian River and Rice Lake have been favored with excellent luck. No exceptionally large catches have been reported, but the bass and lunge are being landed with great frequency. The sport of still fishing is being indulged in by by many and trawling as usual is very popular.

Somewhat of a "circus" catch was made in the river the other day by Mr. T. Butler Yeates, accountant of the Peterborough office of the Bank of Montreal, who is spending his vacation at the Victoria House, Keene. He noticed a good sized lunge make a sudden rush towards the surface of the river in pursuit of a perch and seized with a desire to land the big fellow, he dropped his line, with a frog as bait, into the water just in front of the lunge and the fish making a snap for the frog got caught on the hook and Mr. Yeates safely landed his prize. Just as the lunge was pulled into the boat the perch which it had been after and succeeded in getting, jumped out of its mouth into the bottom of the boat. This catch was certainly quite an unusual one.

ELECTRIC SPARKS SPUTTERED FROM ENDS OF TWO RAILS

Those who were coming down George street last night about 8.30 o'clock, saw a rather unusual sight just opposite Mason's grocery store. At this point there is a joint in the rails of the street car track. A car going north had made a connection between the two joints, and electricity getting to them in some way sent a volume of sparks across the open space between the ends of the rails.

Soon after, however, another car came along and broke the connection, putting an end to the fireworks. The ends of the rails were red hot and the sight was a very interesting one.

UPPER STONY LAKE IS NOW THRONGED WITH VISITORS

Norwood, July 27—Upper Stoney Lake is blooming. Belvidere is filled with guests, and more are arriving daily. Among them are Dr and Mrs. A C. Burnett, Mr and Mrs F J Lavery of Hamilton; Mr and Mrs St A. Sewell and children of Toronto; R D Lutchford, A R Lutchford, A E Nelson, Rochester; Mr. and Mrs. James Calder, Norwood; Miss Jennie Calder Calgary, Alta, and Mrs J Calder, Cleveland.

Mr John Davidson, MA, LL.D., and wife of Sudbury, are occupying their summer house on Salmon Island, and are busy arranging a series of concerts the proceeds of which will be used in clearing off the debt on the pavilion. The first of the season will be held on Monday evening.

The regatta committee are arranging their annual regatta Monday Aug. 17. The day will end up with the presentation of prizes and a grand masquerade.

Mrs. H. LeBrun and daughter and Miss Dot Hackett, of Peterborough, at their cottage Belle Chasse. Mrs Bliss and party of Buffalo, are occupying the Lundy cottage.

Mr. J. W. Rock, of Norwood, and party, are occupying their new summer home.

Mr. and Mrs. Alex Gibson of Peterborough are at Glencairn.

Mr. R. H. Winch and family, of Peterborough are at Yarrowbrae.

Mr. and Mrs. A. B Mitchell and family, of Toronto, accompanied by Mr and Mrs. Mitchell, sr. and Miss Mitchell are at their summer home, "Sunnyside."

Norwood is well represented. Mr. R. W Waters and family are at 'Waterleebrae.' Mr. H G Bock and family at Cedar Lodge. Mr. Geo. Duffield and family at Oak Crest. Mr. and Mrs. I. E. Ackerman at "Cliff Cottage" Mr and Mrs J E. Roxburgh, at 'Rocklands.' Miss M Williams, and party at Maplehurst. Mr and Mrs. C F. Pakenham at Mr R. Nicol's cottage. Mrs. W. Finlay and family at their new cottage. Mr and Mrs. H Howson, Miss F Howson, and Mr G K Mills, are tenting.

Mr and Mrs R. Burgess of Toronto, are occupying the cottage which M. Hamilton of Hamilton recently purchased from Mr Young.

Rev W H and Mrs Adams, and daughter, Miss Edna, have been spending a few days on the lake, the guests of Mr and Mrs J. Davidson.

Mr. and Mrs Gould and Miss Carrie Gould of Toronto, and Mr. Charles Gould of Chicago, are spending the summer at "Wondeat."

Mrs. Sidney Moss of Toronto and Miss Lillie Craig, of Belleville, are at Belle Isle.

Mr J. D. Craig, of Peterborough has opened up his summer cottage and, with his family, are enjoying the lake breezes.

Mrs. H. Winch and daughter, of Montreal, are spending the summer at their cottage.

Mr. Bennett, of Peterborough is the guest at "Belle Chasse" for a few days.

Miss M E. Payne, of Peterborough, is spending a short holiday at Rocklands, the guest of Mr and Mrs. J E. Roxburgh.

Mr and Mrs. Logan Craig, and family, of Grand Valley, are at "Belle View" Point for the season.

Inspector Lees and family are spending the holidays at their summer home, Water-ne-brae.

Mr. Bromwell and party, of Peterborough, are tenting at Jack's Creek.

Mr. and Mrs. E. B Meharry of Norwood, have returned home after a couple of weeks with their daughter, Mrs. J. E. Roxburgh.

THE GOLD DOG OF OLD QUEBEC

Story of "LeChien D'Or", One of the Sights of Canadas Ancient Capital

Quebec, July 27.—In the northern facade of the post-office building is a representation in stone of a dog gnawing a bone, with an inscription in French. Around this curious monument many interesting stories have centred, which several historians of recent times have taken some trouble to disprove. The story related in Hawkins' is as follows the figure being set at the time of writing placed above the entrance to the famous old hostelery known as Freemasons' Hall off Buade street, opposite the post-office;—

"Mr. Philibert, who resided in this house, when a merchant of high distinction during the time when Begon (or Bigot) was intendant of New France. Differences arose between Philibert and the Intendant, in which by reason of his superior influence the latter had every advantage. Unable to obtain redress for his injuries, Mr. Philibert bitterly, though covertly, expressed his sentiments under the image of the Chien D'Or, to which he added the following inscription in old French;—

"Je suis un Chien qui ronge l'os
En le rongeant je prend mon repos
Un tems viendra qui n'est pas venu
Que je mordray qui m'aura mordu.
1736.'

"I am a dog gnawing a bone.
While I gnaw I take my repose.
The time will come though not yet,
When I will bite him who now bites me."

AN TAROCIOUS CRIME.

"The Intendant determined on revenge and M. Philibert descending the Lower Town had received the sword of M. de Repentigny, a French officer of the garrison, through his body. The perpetrator of the murder made his escape and left the Province; but the crime was too atrocious to be forgiven. The brother of M. Philibert came to Quebec to settle the estate with a full determination of taking personal vengeance on the assassin. So determined was he to execute his part of his mission that having ascertained that M de Repentigny had gone to the East Indies he pursued him thither. They met in the street of Pondicherry, engaged on the spot, and the assassin fell mortally wounded under the sword of the avenger."

Several historians have picked holes in this relation, perhaps with reason, and given other explanations, but the golden dog still remains a centre of romantic conjecture.

DEAFNESS CANNOT BE CURED

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

A PINA FORE PARODY

Many of those who took part in the production of "Pinafore," here some years ago, will be pleased to hear the following parody, on one of its most successful solos;—

When I was a kid I served a term
As delivery boy to a brokerage firm;
I carried their their "wires" and I
"rushed" replies
And I studied the game till I got
"wise."
I studied their game so carefully,
That now I can manoeuvre the
King's Navee.

As delivery boy I made such a
mark
That they put me on as a telegraph
clerk.
I handed the coin on the counter
wide
And the public cowered when I put
on "side."
I hustled the job so successfully,
That now I can run the ships of the
King's Navee.

From telegraph clerk I went to
the key
Where I ticked off the "wires" most
merrily.
I "took" the markets and I set
out "press"
And never of a cipher made an awful
ful mess.
And that kind of "quay" so suited
me
That now I can manoeuvre the
King's Navee.

So [illegible] all, whoever you may
be,
If you want to get to the Top of the
tree,
First watch your "wires" and watch
them well
And one fine day the tale they will tell
How you stuck to the key and never
went to sea.
And you are now manoeuvre of the
King's Navee.

CATARRH NOW CURABLE

But Never by Medicine Swallowed, Snuffs, Sprays or Douches

Catarrh is not a blood disease and that is why it cannot be cured by any medicine taken into the stomach. Catarrh is a germ trouble contracted from the germ-laden air you breathe inward. These germs fasten themselves in the tissue and air cells of the breathing organs, multiply by millions, cause sneezing, coughing, raising of mucous, discharge from the nose, difficulty in breathing, hoarseness, dryness, and stoppage of the nose, tickling in the throat and other symptoms that can only be reached by the dry air principal of Hyomei.

It medicates the air you breathe with the curative properties of the Australian Eucalyptus Forests where catarrh is unknown.

The reason you get relief in a minute or two from Hyomei is because it destroys every catarrhal germ in the air you breathe, and its deep penetrating aroma will reach the innermost recesses of the air passages, killing millions of germs a minute. Their destruction means freedom for oppressed respiratory organs. W. Medill, druggist, corner of Hunter and George streets, Peterborough, sells Hyomei under a guarantee of satisfaction or money back. Price $1.00.

REPORTS WERE EXAGGERATED

As to the Lack of Accommodation at Quebec During the Tercentenary

A local man who returned from Quebec yesterday, stated that he was surprised upon his arrival in Peterborough to hear on all sides in this city that visitors to Quebec had suffered great inconvenience in that city during the festivities of the past week. "Insufficiency," he said, "of food, refreshments and sleeping accommodation was not heard of. It is true that on Thursday, the big day, there were at least 60,000 strangers in the city, thereby doubling almost the population of the city, and in spite of this fact every man, woman and child, saw the military and historical processions without the slightest crowding or inconvenience, as well as the magnificent illumination of the warships and the fireworks. I estimate that 25,000 people left the city that night, when the place was as calm and peaceful as ever it was. I cannot speak too highly of the manner in which the Chat au Frontenac handled its 2,000 guests, while the clubs and homes of the city were filled with guests from every part of the world, and I repeat that it is an untruth to assert that people were held up as to the prices paid. Even the cabby, with his tired horse and dusty caleche, was quite reasonable in his charges. Everything was wide open, yet there was not a drunken man to be seen. Quebec alone," he concluded, "can produce such a show of splendor and gaiety, and my advice is for all who can do so to go to the old capital this week."

The slayer of Patrolman McCormick at Niagara Falls is not Edward Lee, who escaped from Toronto jail.

NO ISOLATION HOSPITAL FOR THE PRESENT AT LEAST

Property Committee Will Make This Recommendation to the City Council—Public Library Question Was Discussed and Action Taken.

At the next meeting of the City Council the Property Committee will recommend that no action be taken at the present time regarding the isolation hospital. This decision was reached at a meeting of the committee last night and was arrived at on account of the heavy civic expenditure and the absence of contagious disease.

The public library question was also discussed and a committee was appointed to procure options on sites for the proposed new institution. Apparently the committee does not intend utilising the Richard Hall site on Simcoe street.

There were present at the meeting Ald. Bradburn, chairman; Mayor Roah, Ald. Gillespie, Morgan and Johnston.

A letter was read from Robt. Wilson, caretaker, asking that his salary be increased to $600. On motion of Ald. Johnston and Ald. Morgan it was decided to increase the salary to $575 per year, dating from July 1st, 1908.

It was moved by Ald. Morgan and Gillespie, that the committee report to the Council that they have been unable to obtain information in regard to a public abattoir, as they have no information that there is one operated in Canada, and are not in a position to make any recommendations as to the establishment of such an abattoir in Peterborough.—Carried.

Ald. Morgan moved, seconded by Ald. Gillespie, that the chief constable be instructed to take such action as may be necessary to have the old raceway on the east side of the river immediately cleared out and put in proper sanitary condition.—Carried.

It was moved by Ald. Johnston, and Ald. Morgan, that this committee recommend to the Board of Works that they have the watering trough on Hunter street east connected with the sewer.

On motion of Ald. Johnston and Morgan, it was decided, in view of the heavy expenditure at the present time and the absence of contagious disease, it is not advisable to erect an isolation hospital at present, and that the Board of Health be ordered to have the hospital tent ready to be put up for use should the necessity arise.—Carried.

It was moved by Ald. Gillespie and seconded by the Mayor, that Ald. Johnston and Morgan be a sub-committee to procure options on property for a site for a public library. —Carried.

DRINK JOHNS' TEA

ARRANGING FOR PRINTERS' PICNIC

Many Interesting Events on the Programme --- The Outing Event of the Season

The Typos are working hard on the arrangements for their annual picnic at Idyl Wyld, on Civic holiday, August 10th. Those in charge promise the most successful event of its kind ever held. The steamer Otonabee has been chartered and will convey the merry-makers to the point of destination. A good programme of sports is being prepared, some of the features being new and of a special nature. The one mile canoe race, open, for which a ten dollar gold piece is the prize, will be an event of unusual interest. A large field of starters is likely.

The Review and Examiner will meet in a baseball match, tug-of-war and quoit match. The latter was put on at the special request of W. Paxman and B. T. Huston, both of whom are getting too old to engage in more active sports. It is also probable that P. A. Crane will try his left hand at heaving the circlets. The baseball match will be about the hardest proposition that one, A. C. Yokeme, ever wrestled with and a big crowd of admirers will be on hand to see him perform. Hopes are entertained that Josiah Craig, who edits the social page of the Grit rag will be present to do the twirling for the Examiner nine. Josh has curves like a chorus girl and should keep the opposing batters guessing. A wire screen will be used to do the backstopping.

The tug-of-war will be a great pull. The newspaper men have a reputation to sustain when it comes to the pull game, and they don't intend letting it tarnish. A rope six inches in diameter has been ordered, for the event. Steel strands are being put in it to make it strong enough for the occasion. F. T. Huston whose weight with leading citizens came in so useful in financing the Quakers' trip to the coast, will be the Examiner's anchor man.

A low rate has been secured, almost as low as the reputation of the Review hockey team, and a big crowd will take in the big event on Civic holiday.

GOOD CIGARS FOR LOCAL FIREMEN

Rochester Visitors' Kindness Greatly Appreciated by Members of Brigade

Yesterday morning Mr. and Mrs. McKay, of Rochester, who were passing thorough the city in their automobile, stopped at the fire hall to call on Chief Howard who is a friend of theirs. Before they left they presented the brigade with a couple of boxes of fine cigars. Needless to say their kindness was very much appreciated and the firemen have been smoking the weed of peace ever since

PLEASE STAY AWAY FLIES

Not Only Unsanitary But a Menace to Health, Says Doctor

Albany July 27.—Dr. E. P. Felt, the state entomologist, to-day, issued the following special warning;—

"Dwellings with hundreds of house flies are hardly sanitary, while buildings devoted to traffic in foodstuffs and swarming with flies are not only unsanitary, but a menace to public health. Recent studies have shown a close parallel in large cities between the abundance of flies and the frightful mortality among infants during the heated term. The deadly typhoid fever will soon demand its heavy annual tribute in both life and strength. The common, apparently harmless house fly is known as a carrier of the intestinal germs so deadly to both infants and adults yet its baneful potentialities are ignored for the most part.

"A general insistence on the part of purchasers that all foods and drinks be kept from danger of infection by this insect would soon render profitable stores and other places of traffic where the house fly is allowed to swarm unchecked."

When you buy tea it is just as easy to get the best as to get the next best. The best housekeeper cannot make a cup of tea with tea of poor quality, but anyone by using "Salada" Tea can make a delicious and healthful drink. With "Salada" you can make more tea and better tea. At all grocers.

CHANGE IN THE MAIL SERVICE

Springville Will Hereafter Receive its Mail From C.P.R. at Kendry Siding

The change in the mail service to Springville has at last arrived. Henceforth the people of that place will send and receive their mail by way of Kendry siding on the CPR. In the past it was taken to Springville from Fraserville on the GTR. and the service was very unsatisfactory. The Springvillians have put up a hard fight for the change in the service and have at last succeeded. The C PR. has erected an apparatus at Kendry whereby they will be able to put off and take on the Springville mail without stopping. It is expected that the change in the service will go into effect immediately.

The change will enable the people of Springville to secure the Montreal, Toronto, Ottawa and Peterborough papers on the day they are published.

TOOK SICK AT THE ARMORIES

Workmen Drank too Much Water Yesterday Afternoon---Forced to Quit Work.

Yesterday afternoon about 3 o'clock one of the men employed in the construction of the armouries was suddenly taken ill, being rendered weak by drinking a considerable quantity of water during the afternoon, which was excessively hot. He was in a weak condition for a couple of hours and went to his home, where he recuperated sufficiently to be at work to-day.

FINE NEW SPAN OF HACK HORSES

Have Been Added to to Livery Stable of A. Gibbs

R. Gibbs has added a new team of high-stepping horses to his livery stable, and has now one of the nicest outfits in the city. The horses are of a bright chestnut color, with white stars, and are of a nice size and stature. Mr. Gibbs is feeling very proud of his latest addition.

BIGGEST CROP IN HISTORY

Will be Harvested in the Canadian West—An American Senator's Opinion

Winnipeg, July 26.—Senator Jansen, of Minnesota, who has been touring the West, brings back glowing accounts of the general excellence of the wheat crop. He says;—"I shall not attempt to give a detailed report of the various sections, but the net results of my observations is that Western Canada stands upon the eve of harvesting the biggest and best crop in its history. I believe an estimate of 115,000,000 bushels of wheat to be conservative. I did not simply do my estimating from a Pullman car, neither did I look upon the fields through the thick end of a glass as I have seen many experts do. I drove long distances and travelled by automobile part of the time in my journey of over two thousand miles."

Reports of the Ogilvie Flour Mills Company received from their agents and travelling inspectors show that crops have made steady gain and improvement during the past week, good rains being fairly general which with the warm weather, has materially assisted the filling process. Samples received show that splendid progress is being made and another two weeks of such weather will see a large proportion of the crop ready for the binders. Barley harvesting has already started at some points.

NEW SECRETARY ARRIVES HERE

Mr. Hassard is Taking up Residence on London Street

Mr. F. G. Hassard, the new secretary of the Y.M.C.A., arrived in the city yesterday and is taking up his residence on London street. He was accompanied here by his wife and child and will commence his duties at the Y.M.C.A. in a day or two. Mr. Hassard has been enjoying a holiday since he gave up his work at Orillia about two weeks ago and will no doubt meet with success in his work here.

Mr. Wright will remain in the city for a few days, after which he will take a short holiday.

MR. MOORE WAS IN THE PULPIT

Officiated Last Sunday in Absence of Rev. Dr. Marsh—Latter Returned From Holidays

Mr. N. A. Howard Moore, of Peterborough very satisfactorily supplied the pulpit of the Springville Presbyterian church in the absence of the pastor, Rev. Dr. Marsh, who was away on his annual vacation.

The latter has returned after a pleasant holiday and will occupy the pulpit at Springville next Sunday.

THE AUTHORITIES SHOULD PROSECUTE

Boys Swim in Otonabee Without Bathing Suits—Use Coarse Language

Complaints are being made about the conduct of young men and boys who are in the habit of bathing in the river at the end of Park st. Not only do they go in the water without proper bathing apparel, but their language is exceedingly foul and coarse.

"You can hear them swearing a half a mile," a gentleman remarked to the Review to-day. The authorities should make an example of some of the offenders.

LeBRUN'S

THE CATCH OF THE SEASON

On Saturday in that part of the Indian River near Keene, known as the Devil's Elbow, and which is not looked upon with much favor by the majority of fishermen, Mr. Whaley, of Port Hope, who was a guest at the Victoria House, Keene, landed a fifteen pound 'lunge while casting with a fly bait.

A fifteen pounder, as all fishermen know, puts up a great battle on a trawling line and gives even an expert a busy time to get it into a canoe and it may be imagined what a proposition such a heavy one would be at the end of a rod.

Mr. Whaley had to play the fish very skilfully for some time but at length managed to conquer it and hauled it into the canoe. This is indeed "the" catch of the season" in the vicinity of Keene.

FIRE AT FANNING'S LAUNDRY DOES CONSIDERABLE DAMAGE

A rather disastrous fire took place at Fanning's laundry on George street this morning. The alarm was sent in at 9.25 o'clock, and the fire brigade was on hand three minutes afterwards.

The fire was located in a small building to the rear of the shop and living rooms. The building is a brick one, about 60 feet long by 20 feet broad and contained all the machinery, etc., used in the business.

Immediately on the arrival of the hose waggon two streams were brought to bear on the fire. One played against the iron work inside, and the other directed its attention to the nearby barns, etc., to keep them from catching the blaze and spreading it. These worked so successfully that within 13 minutes after the fire started, the brigade had it well under control and at 10.15 o'clock it was completely extinguished.

The total loss will be in the neighborhood of $1,400, of which the loss on the machinery will be about $1,200. To cover this loss Mr. Fanning has $850, but it is not known whether the building is insured or not.

Special discount on Cleveland Bicycles for the next two weeks, ending July 25th at F R J. Macpherson's. tf

MURRAY ST.

After next Sunday the pulpit of Murray street church will be occupied for four Sundays by Rev. J. C. Dunlop, the father of Principal Dunlop of this city.

VOL. LVII. No. 24. PETERBOROUGH, ONT., CANADA, WEDNESDAY, JULY 29, 1908 TEN CENTS PER WEEK

THE PRINCE LEAVES QUEBEC AND CELEBRATION IS OVER

Last Day is Taken up With Garden Party and Planting of Memorial Elm—Notable Canadians Bid the Prince Adieu at Wharf.

Quebec, July 29.—George, Prince of Wales, stepped off Canadian soil a few minutes before 7 o'clock last evening, and this officially concluded a visit which in point of spectacular effect, historic interest, unparalleled weather and all-round success has never, considering its brevity, been approached in the annals of the Britains beyond the seas.

All the elaborate preparations upon which mouths have been spent were consummated without a hitch, and no accident worthy of note arose out of the actual program.

The final royal function was a garden party yesterday afternoon given at Spencerwood by Sir Louis Jette, Lieutenant-Governor of the province.

About 5.30 the prince came in very quietly with Earl Grey and after a little while on the veranda sauntered down the terrace and westwards to the end of the grounds and back again. He was on the homestretch and unbent even more than at the morning ceremony, evidently feeling that one good job was about well finished.

As quietly as he came he withdrew from the throng and was driven to the Citadel, which he left again about 6.30. The streets from St. Louis gate were lined with troops, stationed at intervals of six paces, and a somewhat thin crowd scattered clear along the route, which wound down the principal streets of the old town to the King's Wharf.

Numbers of important politicians, from Sir Wilfrid Laurier down, were present to say a last word or have a last glimpse at royalty, and the fashionable costumes and millinery of the ladies would have caused a sensation in the courts of Francis First or Henry Fourth.

There were the last adieux and, going away, he boards the ship, never, perhaps, to set foot in Canada again.

What arrangement the battlefields commission may have made with the weather bureau no one knows, but the weather authorities have faithfully kept their part so far and there could have been no pleasanter conditions than prevailed yesterday.

The Prince of Wales' first engagement yesterday morning was the planting of a tree at Victoria Park.

The mayor and councillors of Quebec, were drawn up near the excavation, where a sturdy elm tree about thrity feet high was suspended ready to be lowered into position by a gang of khaki-clad laborers.

Approaching the elm tree, Sir George Garneau as mayor addressed the prince hoping that H.R.H. would be pleased to plant a tree in a park dedicated to the illustrious sovereign, who was his grandparent. The prince raised his hand and accepting the offer of a fine new spade put three shovelfuls of carefully sifted mould in the hole while the laborers released the chain gear and the elm settled into place.

A handsome gold spade with ebony handle about thirty inches long with a suitable inscription was then handed to the prince as a memorial of the occasion.

Earl Grey has received a letter from Vice-Admiral A. G. Curzon-Howe thanking Canada for the consideration and hospitality shown the fleet.

The fleet sailed at high tide about daybreak and will escort the Indomitable down the gulf. The admirable conduct of the men of the fleet while ashore has been a matter of comment. Very little intoxication has been observed and the pickets have had the lightest of duty.

In anticipation of his departure, the Prince of Wales dispensed several royal favors among those who have been immediately concerned with his person during the visit. Inspector Godin of the Government police, who has had 30 years' service, and Inspector Cuddy of Toronto received each the medal of the Victorian order. Detective Cavan of the Dominion service and Supt. Butler of the Pinkerton force were presented with pins.

TORONTO FAIR $10,000 SHORT

Audit Shows the Accounts Don't Tally.

Toronto, July 29.—A speedy adjustment followed yesterday upon the heels of the surprising discovery made by Auditors Barbes and Vigeon, specially appointed to investigate methods of civic bookkeeping, that the sum of nearly $10,000, being the surplus from the fair of 1907, did not appear in the cash book of the Industrial Exhibition Association.

As a result of the mayor's prompt action in calling a special meeting of the board of control to deal with the situation, the city was secured from loss by compelling the giving of a bond by Treasurer Col. J. Knox Leslie more than covering the deficit, which exceeded $9,900.

Manager Orr of the exhibition said he was convinced that a mistake had been made, and that he had every confidence in Mr. Leslie's integrity.

"All I can say is that the auditors are going through the books, for which I am devoutly thankful, and I am sure they will find every dollar in the bank that should be there," he said. "It certainly was a mistake in bookkeeping, but whether the money is in the bank or not is for the auditors to find out. Our position has always been that an audit by the city was not just what our board desired."

NEGRO BURNED AT THE STAKE

Negro Youth Pays Fearful Penalty For Assault on a Girl.

Dallas, Tex., July 29.—"Tad" Smith, a negro boy, 18 years old, charged with criminal assault on Miss Viola Delancey, at Clinton, Hunt County, Monday afternoon, was captured by officers early yesterday. He was taken before the young woman and identified. The prisoner was then hurried to the Greenville jail.

When arriving there, however, a mob of citizens overpowered the officers, took the prisoner and prepared to hang him. This idea was given up, however, and the mob agreed to burn him at the stake. Fagots were piled up in the public square at Greenville and the negro was placed thereon.

Kerosene oil was poured on and a match applied. Smith slowly burned to death while a thousand people witnessed the cremation.

Shoots His Friend.

Toronto, July 29.—Walter Mulock of Todmorden, a harness-maker, is held at the Agnes street police station, charged with shooting his friend and fellow-workman, Max Magnus, 84 Vanauley street. The bullet entered Magnus' hip and passed up into the bowels. He was removed to St. Michael's Hospital, where the bullet was removed. His condition is serious.

HE COULDN'T VERY WELL AFFORD TO LOSE HIS TROLLING BAIT

A local gentleman who is quite an enthusiastic fisherman apparently is the possessor of a charmed bait. Last spring he lost the bait along the river bank near Rye's boat house and told Mr. Rye to be on the lookout for it. The bait which is a small brass one with a ten cent piece soldered on it was found by Mr. Rye a short time ago and presented to the owner on Saturday. The latter has always had good luck with this particular bait and hooked a beautiful 11 1-2 pound 'lunge shortly after he commenced trawling with it and it was the first 'lunge he had caught this season. He says he will take care that the spoon is not lost again. It has always possessed a stront fascination for the fish and any time he went trawling with two lines from his boat it was the brass bait with the ten cent piece attached that always proved the magnet.

Grey Memorial Hall.

Woodstock, July 29.—An event of interest to the Anglican body in Woodstock took place yesterday morning when Dean Farthing of Kingston laid the corner-stone of the new William Grey Memorial Hall.

The building, which is being erected adjoining New St. Paul's Church, will cost $20,000 and was Mr. Grey's gift to the church. A set of chimes, also the gift of Mr. Grey, will shortly be put in.

Want Officials Dismissed.

Constantinople, July 29.—Now that the first rejoicings over the constitution granted to Turkey by the Sultan last week are at an end the people are beginning to discuss the future; already they are clamoring against those high officials who were responsible for the abuses and injustices of the old regime. Public opinion is demanding a clean sweep, especially of the palace officials, who are identified with the days of "personal rule."

The Sultan, it is now known, broke into tears at the conference of Thursday, at which is was decided to grant a constitution.

"Bobs" In Toronto Monday.

Toronto, July 29.—Earl Roebrts will arrive in Toronto on Monday, Aug. 3, at 6.50 p. m. The change to Civic holiday is the third since the visit to Toronto was mooted, but this decision is said to be final.

Must Use Real Hops.

London, July 29.—With the view of assisting the local hop industry, the British Government intends to prohibit the use of hop substitutes in all beer brewed in the United Kingdom.

Known In St. Kitts.

St. Catharines, July 29.—It is believed that Louis Armour, the Toledo man who murdered his wife and attempted to shoot his daughter there Monday is a former resident of St. Catharines. He had three wives living, one in Detroit and another here.

Mrs. Day Goes For Trial.

Belleville, July 29.—Mrs. Day, charged with attempting to shoot her husband, and Arle Fox, her friend, charged with inflicting bodily harm, were committed for trial by the police magistrate yesterday morning.

TYPHOON IN THE ORIENT

Three Hundred Drowned and Enormous Damage Done.

Canton, July 29.—The Chinese steamer Ying King, engaged in the local passenger trade, foundered on Monday during the typhoon. Three hundred Chinese are known to be drowned. Only twelve of those on board were rescued.

The Ying King was of 798 tons, 200 feet long and owned in Hong Kong.

Hong Kong, July 29.—As the result of a typhoon Monday night, which lasted two hours, the steamers Schuylkill, Persia, Powhatten, Lai Sang, Charles Hardouin and the British torpedo boat Whiting are ashore. An unknown steamer and several lighters foundered. Fifteen houses in the town collapsed. There were casualties ashore and afloat, but few among the shipping, as the ships had been forewarned of the storm.

The public gardens, the chief attraction of the city, were wrecked. The streets are blocked by debris.

Jail Break at Soo.

Sault Ste. Marie, Ont., July 29.—Joseph Trumbley, who was serving a sentence of eight months in jail for burglary at Blind River, has escaped. He had served but two days of the sentence when he made his getaway.

Laurier For Ottawa?

Ottawa, July 29.—That Sir Wilfrid Laurier will be asked to accept the French Liberal nomination for Ottawa City is one of the latest rumors in political circles.

Traveled by Canoe.

Ottawa, July 29.—Father La Jeunesse, who with three students, went to Quebec to attend the tercentenary by canoe, in the olden way, returned yesterday.

Aged Man Killed.

Niagara Falls, Ont., July 29.—Isaac Beswick, an employe of the Queen Victoria Park, while doing some work near the International Traction Co.'s tracks in the park, was run over by one of the electric cars and instantly killed. The deceased was over 70 years of age. He had been for years general yard master for the G. T. R. here.

Hotelman Fined.

Port Hope, July 29.—William Howard, proprietor of the Ontario House, was yesterday morning fined $253.20 by Magistrate R. H. Holland for infraction of the liquor law on three occasions, with the alternative of imprisonment for ninety days.

ANNOUNCES HIS POLICY

Taft Tells What He Intends Doing if He is Elected to Presidency

Cincinnati, July 29.—William Howard Taft yesterday accepted the Republican Presidential nomination.

His official notification combined a political jubilee for the city of Cincinnati, a historic gathering of national party leaders, and an occasion for the announcement by the candidate of his political tenets, designed as the text of Republican oratory throughout the campaign.

"The chief function of the next administration," he said, in the course of his address, "is to complete and perfect the machinery by which these standards may be maintained, by which the law-breakers may be promptly restrained and punished, but which shall operate with sufficient accuracy and despatch to interfere with legitimate business as little as possible."

Engines For G. T. P.

Toronto, July 29.—The first of the twenty locomotives being built at Toronto for the Grand Trunk Pacific Railway have been turned out.

Already there are employed west of Winnipeg along the line 67 locomotives.

As the company expect to assist in the movement of the present crop which promises to be a record breaker, there will in all probability be at least 100 locomotives working on the prairie section by the end of this autumn.

Pavers on Strike.

Brantford, July 29.—About 40 employes of the Warren Bituminous Paving Co., at present paving Dalhousie street here, went out on strike yesterday. The men have been receiving 15 cents per hour, but want 20 cents. They refused the company's offer of 16 1-2 cents. The street was crowded yesterday afternoon with the workers and sympathizers, and had to be cleared by the police. New men were taken on almost immediately.

Lords Defy Commons.

London, July 29.—Another conflict was entered into between the House of Lords and the House of Commons last night, the Lords carrying the amendment which limits the operation of the old-age pension bill to seven years, despite the Lord Chancellor's warning that such interference with a money bill was an infringement upon the privilege of the House of Commons, which would be firmly resisted.

BANKS CHECK DEALERS AFRAID OF SPECULATORS

As Result of New Banking System For Moving Wheat Wholesalers Have to Assume Responsibility of Carrying Tradesmen's Notes.

Regina, July 29.—With over a million dollars in sight for their golden grain, the great Canadian Northwest is for the moment tied hand and foot by a fetter even more powerful than that forged by transportation blockade. The difficulty is partially due to the prevailing money market conditions, accentuated by Canadian Northwest circumstances.

A new system of banking has been inaugurated. The banks found that the western spirit of enterprise was prone to carry the retail merchant too frequently into the speculative sphere, especially when a real estate excitement was on. The bankers saw a way to administer a wholesome check to this. The retailers were given to understand that their notes would have to pass through the hands of the eastern houses. That meant that the notes were sent to Toronto and Montreal. They were then discounted by the wholesalers, who have had to assume the risk so that while the banks furnish the money the eastern wholesalers are carrying the western retailers.

At present the retailers are well stocked. Confidence is absolute that the stocks will be rapidly depleted in the early fall, but at the moment buying is blocked.

WAS SEIZED WITH CRAMPS AND SANK TO HIS DEATH

Howard Mallory, Aged 21, of Peterborough, Drowned Yesterday at Stony Lake—Companions Unable to Rescue Him—Holidaying with Friends

Another sad drowning took place at Upper Stony Lake yesterday about mid-day, the victim being Howard Mallory, a well-known young man from Peterborough. He had been in bathing with some friends near Kenorme Island, the property of Mr. Lech, and that he should be drowned was the last thing that his friends had thought of, as he was a good swimmer. It is presumed that he was seized with cramps.

He was on a holiday to the lakes in company with Messrs. Myles Pickard and Gray, the four forming the quartette of the George street Methodist church choir. His companions who made every effort to save his life, are much downcast over the fatality. Every effort possible was made to rescue the young man, but all attempts proved futile, his own blind resistance rendering the attempt impossible.

His body was recovered a short time after he had sunk for the last time, but too late for resuscitation. It was taken on the "Empress" to Bickle's undertaking rooms at Lakefield and brought to the residence of his father, Mr. W. Mallory, carpenter 581 Park street.

The funeral will take place to-morrow afternoon, from the family residence, to the Little Lake cemetery. Rev. F. A. Pearson, pastor of the George street Methodist church will conduct the burial services.

Portuguese Plot Foiled.

Lisbon, July 29.—The Government, according to the newspapers of Lisbon, has discovered and frustrated a widespread republican plot for an uprising scheduled for yesterday, the anniversary of the abortive revolt of July 28, which was suppressed by ex-President Franco.

This announcement follows a large number of mysterious arrests made during the past few weeks.

Says He's Shaughnessy's Son.

Vancouver, July 29.—Bert Shaughnessy, who claimed to be a son of Sir Thomas Shaughnessy, attempted suicide yesterday in Seattle by drinking poison following his arrest on charges of forgery and passing worthless checks.

TELEGRAPHIC BRIEFS.

District Magistrate Talbot of Hull died very suddenly last night.

Fred Simpson, aged 48, committed suicide in a well at Moosimin, Sask.

At Glace Bay, N. S., Michael White, aged 40, was crushed under a mass of coal.

Mary Labroose, aged 3, was burned to death at Estevan, Sask., while playing with matches.

At Oakland, N. B., Wm. Campbell, aged 75, was found dead in the woods. He had been missing five weeks.

At Fredericton, N. B., James Canney, aged 38, fell 50 feet from a steel bridge under construction and was killed.

The Master Painters' and Decorators' Association of Canada met in their fifth annual convention in Galt yesterday.

KILLED BY A CONSTABLE SHOT MAN WHO RUN AWAY

William Healey Arrested on Warrant for Not Paying Board Bill Resists and Tries to Get Away When the Policeman Fires on Him.

Tilbury, Ont., July 29.—Fired on at less than five feet, by Alex. J. Kimball, chief of the Leamington police, who had attempted to arrest him, William Healey was killed yesterday morning, in full view of his three weeks' bride. Kimball is now locked up in the Chatham jail, awaiting trial for manslaughter.

The cause of the unfortunate affair was an unpaid board bill. Three weeks ago Healey married a daughter of Richard Wellington of this place, and the couple spent the intervening time boarding in Leamington, where Healey had been working. Last week they came to visit at the bride's former home, and, it is alleged, left Leamington without paying their board.

His landlady kept his valise until he gave her an order for the amount, and after delivery of the valise she claimed the order was a fraudulent one, and hence the warrant for his arrest.

Early yesterday morning Chief Kimball arrived in town with a warrant for Healey's arrest on a charge of fraud. Without waiting to notify the local police, he went straight to the Wellington home and asked for Healey. The young bride answered the door and said her husband was in bed. The chief was ushered into the parlor, where he read the warrant to Healey and placed him under arrest.

The prisoner said he wanted to wash and went to the back of the house, and at once ran out of the back door. Kimball made a dash after him and chased him around the house into the front door, where a fierce scuffle ensued. Healey broke loose and again got through the back door entrance, with the policeman after him. The fugitive scaled a fence and had taken about three steps when Kimball, who had reached the fence, fired, he says, to scare him.

Healey dropped in his tracks with a bullet in his back. Medical aid was summoned, but the victim died in 15 minutes within 50 feet of where he had fallen. He could barely summon enough strength to bid farewell to his wife to tell her to notify his mother, who lives in London.

Chief Kimball immediately surrendered himself to Magistrate James Colwood, and was detained until the inquest opened at 4 p.m. under Coroner Dr. McKeough of Chatham. The following verdict was rendered.

"That the said William Healey came to his death from the wound of a bullet discharged by the hand of Elliott J. Kimball, while the said William Healey was running away to avoid arrest at the hands of the said Elliott J. Kimball, and that we would recommend that some restrictions be placed upon the carrying of firearms by the constabulary of the province."

Kimball was then arrested by local Chief Constable William A. Smith on a warrant issued by Crown Attorney H. D. Smith, charging manslaughter. He was remanded for preliminary trial until Monday at 10 a.m. and taken as prisoner to Chatham jail.

PRINCE IS MOVED BY EXPERIENCES

In Canada---Canadians Swamped in London's Social Life.

London, July 29.—The Prince of Wales told a special correspondent of The Times that he was profoundly moved by his experiences in Canada. The visit had made him feel more than ever the absolute necessity of increased efforts to make the people of Great Britain understand the greatness of conditions and opportunities in Canada, as well as the other great colonies.

The unbounded hospitality shown made him wish that Canadians in England were not so much swamped in the vastness of London's social life. The prince hoped that efforts would be made to overcome this, and strengthen the social links which grow more important every day.

Trainmen In Session.

Toronto, July 29.—A committee of Grand Trunk engineers, conductors and trainmen held a meeting with closed doors at the Palmer House yesterday regarding a new agreement with the company. The committee sent representatives to confer with Third Vice-President Fitzhugh, W. G. Brouvilee, general superintendent of transportation. The employes asked for a readjustment of their runs on a basis more profitable for the men.

Off an Active Service.

Honolulu, July 29.—The armored cruiser Milwaukee of the U. S. Pacific fleet, which arrived here from Puget Sound on July 24, is understood to have received urgent orders from Washington to proceed to Amapala, Honduras.

PURSUED BY HIS ENEMIES

Vankleek Hill Farmer Persecuted For Marriage.

Vankleek Hill, July 29.—Malcolm McCallum, who resides in the 4th concession east of Hawkesbury, about six miles from Vankleek Hill, had three cows and three horses poisoned by some unknown party leaving paris green in the pasture.

Some one also tried to burn down Mr. McCallum's barn but the fire was discovered in time.

McCallum married a daughter of Alex. McKenzie of Stannes De'Prescott a few weeks ago, and it is reported that prior to the wedding she was told that if she married McCallum that she would have no luck. It is reported also that McCallum found a note posted on the fence saying he would have more trouble. This happened after the first cow died.

Big Chief Lascelles.

Quebec, July 29.—At the close of the pageant to-day Frank Lascelles, the director, will be made an Indian chief with all the appropriate ceremonial. He will afterwards entertain the Indians to supper.

Poisoned by Canned Meats.

Utica, N. Y., July 29.—Fred Randall, proprietor of the Forest Home Hotel at Sylvan Beach, Oneda Lake, died yesterday from ptomaine poisoning, caused from eating canned meat.

Russian Robbery.

Tiraspol, Russia, July 29.—A band of unknown men yesterday attacked the office of the cashier at the local railroad station and got away with $40,000.

UNIQUE ACCIDENT THAT BEFEL A LOCAL MILKMAN

A local milkman had an experience this morning on Aylmer street which combined the humorous and serious in about equal proportions.

The milk wagon has a sliding door at each side and also a movable window in front above which the reins run into the driver's seat.

The driver came out of a house after delivering the usual quantity of milk and jumped into the wagon. For some reason, best known to the horse himself, that animal made an attempt to pull of a very quick turn with the result that the wagon turned over on its side.

Now the sorry part of the mishap was that the door now on top had been made stationary, while exit through the other door was cut off by old Mother Earth.

There was only one means of escape, viz, by means of the front window and through this aperture crawled the driver from his strange prison, in order to escape the fountain of lacteal fluid that burst over him.

Fortunately the horse appeared to think that he had done enough damage and stood quiet otherwise a very serious accident might have resulted. The spilled milk made the immediate neighborhood look like the Promised Land without the honey.

Trumped Up Robbery.

Toronto, July 29.—Louis Seich, a driver for the W. A. Murray Co., reported yesterday that he was set upon in the Kingston road by two masked and armed highwaymen. He said that they had robbed him of his cash bag.

Under the cross-examination by the police he finally admitted that the story was his best effort to cover a shortage of $12.35 in his cash, and that the balance of the cash would be found under the cushion of the wagon seat.

Train Crew to Blame.

Winnipeg, July 29.—That negligence on the part of some of the train hands was responsible for the fatal wreck at Tradeau on Monday, and that a rigid investigation should be instituted as soon as possible, is the expressed opinion of a party of well-known men who were on the Winnipeg express at the time of the accident, and who were present when the debris was hauled [illegible]

Tries to Rob Detective.

Ottawa, July 29.—The home of Detective Joseph Ethier was the scene of an attempted burglary at 4 o'clock yesterday morning.

A man climbed on the roof of a summer kitchen and looked into the sleeping room of some members of the family. A yell of fright called the detective hurriedly to the scene and in his effort to catch the interloper, he dropped from a 16-foot window.

But the man was not to be found, and he left nothing to reveal his identity.

Despondent; Hangs Himself.

Toronto, July 29.—Because he had lost his planing mill at 52 Noble street and considerable money through note shaving, James Rhodes, a carpenter, 45 years of age, committed suicide in his room at 1,211 West Queen street by hanging himself from his bedpost with a piece of clothes line yesterday afternoon.

The Daily Review

WEDNESDAY, JULY 29, 1908.

THE TERCENTENARY

In taking stock of Canada since the time of Champlain one naturally expects to find French-Canadian statesmen looking to the greatness of New France as a part of France proper but since 1759 or rather 1763 the date of the Treaty of Paris we begin to look for loyalty, at least nominal, to Great Britain. Many of the French-Canadians of eminence like Tache and Cartier did not belie their words of loyalty and were in every sense what they intended to be. But Sir Wilfrid Laurier did. On no pretence can he ever receive any credit as a founder or upholder of Confederation and a British Canada. He was opposed to it root and branch and in so many words and upon divers recorded occasions foretold the early separation of Canada from the British Empire. Hon. Mr. Fielding occupied the same unenviable position. The halo of glory which we extend to Cartier and Macdonald we must withhold from Sir Wilfrid who if he had had his way would be a member of a French Canada separated wholly from Great Britain.

A RECORD SESSION

The Session which closed on Monday was the longest in the history of Canada. It was a record Session in several other respects.

It authorized the largest supply bills known in Canadian history.

It voted more subsidies than any previous session.

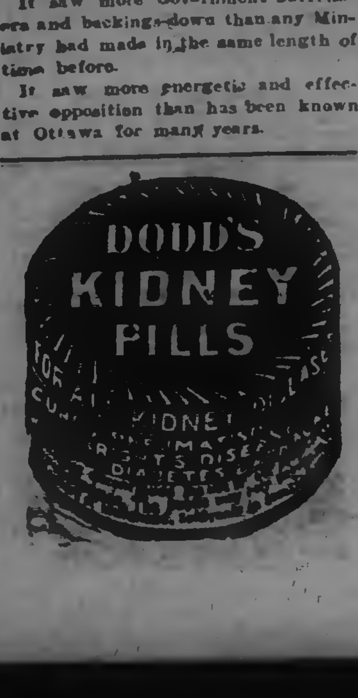
It saw the longest and most damaging list of exposures, ever recorded in one year, of Government maladministration of public graft and departmental incompetence; some made in the House of Commons, some in committees, and some by commissions.

It saw more effort by Government supporters to suppress inquiry and conceal the facts that had ever been known in Parliament before.

It saw the greatest number of votes to excuse wrong doing and to reject proposition of reform that had ever been recorded in one Session.

It saw more Government surrenders and backings-down than any Ministry had made in the same length of time before.

It saw more energetic and effective opposition than has been known at Ottawa for many years.



HON. J. J. FOR K. C.

The Attorney General has decided to reconstruct the administration of his department it appears. The duties of County Crown Attorneys will be enlarged. An adequate system of information and arrest will be instituted. A public prosecutor for the province will be appointed. There is not to be it appears any serious extension of the provincial police system but there will be an improvement for which there is ample room.

THE COMING DEFICIT

For the first three months of the present fiscal year there has been a decrease of $4,400,000 in revenue, due to the temporary falling off in customs receipts as a result of the trade depression which began last fall. For the month of July the decrease in revenue was $1,200,000.—The Globe.

The deficit accumulating for the present year is serious. Last year there was on current account a considerable surplus but a heavy increase of the national debt. The boast that large national undertakings were being paid for out of the accumulating surplus was not true. The expense to the tune of $35,000,000 was added to the national debt. If the surplus was $19,000,000 there was then a serious increase of the capital debt. It was one thing or the other. Next year while the immense expenditures continue, the surplus is vanishing and leaving a huge deficit on current account behind. The year of plenty, 1907, is succeeded by one of debt and gloom. The fatuity of furious finance is apparent.

THE G. T. P. AND THE FARMER

A leading flour miller of the Bay of Quinte District, Mr. Carlow, well-known as a successful and thoughtful business man, expressed himself the other day, as fairly amazed at the apathy of the farmer concerning his own interests. "What good can the G.T.P. do the farmer?" remarked Mr. Carlow. "It will lower the price of his products just as the C.P.R. did before it, and that means that the price of his land will go down just as it went down before." The borrowing of huge sums of money for the purpose of bonusing railway enterprises is the crime of the age in Canada. If it were to populate Ontario where millions of acres still lie fallow there would be some excuse for it. The minute an opportunity offers the new-comer or the young farmer rushes on the new railway off to pastures new. The neighborhood from which the young men and women go takes on a vacant look. Farms that once were worked are worked out and left to swell the deserted area. As Mr. Carlow says, it is madness pure and simple. But a people who will put up with it must be supposed to want it. It is none the less bad business all the same and must entail serious misfortune ere long.

AN AMUSING CONFESSION

A race war between Italians and Americans has broken out in a southern lumber town. Eagerness for cheap labor from abroad or from anywhere is entailing penalties with regard to the negro, and will have unexpected results in regard to the yellow and white races.—The Globe.

At last the Globe is waking up to the danger of wholesale immigration. For a time it was in favor, as was Sir Wilfrid Laurier, of indiscriminate immigration. "Get 'em in! Get 'em in!" seemed to be the Liberal motto, as if an access of foreign workingmen without capital in the already overmanned state of the Canadian labor market meant more work for all.

The same error was applied to our finances, as if borrowing money wholesale meant prosperity and happiness. The Ottawa Opposition promptly raised the alarm in the one case and immigration has fallen by 46 per cent. The Opposition also endeavored to raise the alarm regarding our finances. For a time it seemed hopeless, but at last the leading journals are taking up this alarm also and carrying it on as a warning to the people of Canada at large. We have in the quotation from the Globe at the head of this article, a tardy confession that eagerness for cheap labor entails its dangers. "Eagerness" for the cheaply paid immigrant from the Orient very nearly produced in B.C. what we see over-immigration has produced in the Southern States. It would seem as if the people of Canada are to be at perpetual war with the Ottawa administration. If it had not been for a general and indignant protest this country would now be flooded with Hindoos, Japs, Coreans, Chinese, etc., who would be paid on the basis of the food they eat (rice) and the clothes they wear! That the Globe should now come out with this comment on "eagerness for cheap labor," is the very soul of irony. The Globe had not a word to say when the real battle was being fought and yet now it pretends that it was on the popular side all along. But that "won't go." The wage-earners know whom to thank and deathbed repentances will not save the Globe and the Liberal party from the vengeance of a betrayed and enraged people. Highflown phrases such as "We cannot be an empire if we do not extend a welcome to all the inhabitants of that empire," and "to check immigration from India is to offer insult to his Majesty's Indian subjects and to embarrass Great Britain," were employed to stifle protest. But it was useless. The "slim" game of playing into the magnates' hands at the expense of the wage-earner was seen through and despite these magniloquent expressions of imperial patriotism (sic), Canada has been restored to its own for at least a time. Failing in the immigration artifice a new one is being sprung. The be, apparently, cheaper and WAGES ARE COMING DOWN. The end is being accomplished in another way, "Canada for the capitalist," is still Sir Wilfrid's war-cry.

EDITORIAL NOTES

Is Peterborough an orderly city, naturally or are wrong-doers afraid of our "finest." It begins to look that way.

A Winnipeg broker decided to corner second-grade oats. A well-known bank decided to back him and lost, it is said, $350,000.

That the Charity Board should be in full blast in mid-summer should put us on our guard for the coming winter. We can't afford to tighten up our pockets in times of distress.

Lt. Col. Sylvester of Lindsay, in command of the 45th Regiment of which the Peterborough company formed a part, says that he was informed that the regiment looked soldierlike and fit

The river is supposedly under the supervision of the superintendent of the T.V.C. Why does he allow young men in nature's garb to amuse themselves at the expense of public decency on such a [illegible] thoroughfare? Whoever is to blame is being roundly blamed all right by an indignant public.

"Grey's Imperial Masquerade" is what "Le Nationaliste" calls the Tricentenary. It seems to fear the development of imperial union to the extent of fearing the death of French Canada's future as a consequence. What does Le Nationaliste mean or wish for? Does it value British connection, then, more for what it is not than for what it is?

Mr William Sloan, Liberal M.P. for the Commons, Atlin, B.C. came in from the Quebec Tercentenary yesterday morning and left for the West on the Winnipeg flyer last night. Mr. Sloan does not agree with Mr. Conmee's forecast about the elections being put off till next June. He anticipates dissolutions at an early day, and is hurrying home to look after his fences.—Mail and Empire.

In furtherance of our suggestion to the City Council that preparations be made to recognize in a tangible way the splendid effort of the Indian Simpson, the Review would also beg leave to suggest to the civic authorities that he be presented with a substantial but suitable reminder of his Marathonic prowess. An heirloom of such a character would be a cherished remembrance. Pecuniary rewards are not looked upon with favour in the field of pure amateur sport.

DEAFNESS CANNOT BE CURED

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

SALVATION ARMY

In the absence of the officers commanding the singing brigade of the corps has charge of the meeting on Thursday night and are putting on a fine programme for the evening. The following are a few of the items for the night—

- Band selection.
- Full chorus by the songsters.
- Vocal solo, by Miss E. Card.
- Recitation, by Miss A. Robinson.
- Vocal duet, F. Gray and F. Gandy.
- Selection, The Band.
- Dutch solo, "The Hallelujah Dutchman," Mr. E. Gorrie.
- Pianoforte selection, Miss E. Card. "The Swedish March."
- Full chorus, the songsters and other items, which will tend to make a very interesting evening.

Victor Ross, aged sixteen, of St. Thomas, was drowned at Locks' Springs while bathing.

FOSTER WEATHER FORECAST

Washington, D. C., July 29— Last bulletin gave forecasts of disturbance to cross continent 20 to 24, warm wave 19 to 23, cool wave 22 to 26. Next disturbance will reach Pacific coast about 26, cross Pacific slope by close of 27, great central valleys 28 to 30, eastern states 31. Warm wave will cross Pacific slope about 26, great central valleys 28, eastern states 30. Cool wave will cross Pacific slope about 29, great central valleys 31, eastern states August 2.

This disturbance will bring the most severe storms of the month and tempestual weather will be the rule in many places on the continent, from July 25 to August 3. This will make ten days of boisterous weather.

This rough weather will be preceded by one of the hottest hot waves of the summer and the air will be so thoroughly stirred up by storms that very cool weather will result, and the ten days—July 25 to August 3—will average cooler than usual.

The electric and thunder storms predicted for the week centreing on predicted for the week centring on July 13, indicates that my calculations on severe storms are reliable.

First disturbance of August will be a northern storm and will cross British Columbia and the Pacific slope about 3, Manitoba 4, northern central valleys 5 to 7, eastern states, 8. Warm wave will cross the Pacific slope about 3, great central valleys 5, eastern states 7. Cool wave will keep well to the north, and will cross Pacific slope about 6, great central valleys 8, eastern states 10. This disturbance will be most severe on the Pacific slope about August 3. It will not be of much importance east of Rockies, temperatures will be low in northern sections, low in south till about the 6th, and then continuously warmer till about the 12th, when a series of disturbances will pass through southern states, causing cooler weather.

Indications are that temperatures of August will average above normal west of meridian 85 and about normal east of that line. From Houston, Texas, to Quebec, Canada, and within 100 miles of that radial line rainfall of August is expected to be about normal. East of that line dry, and west of it wet, but not excessive in northwest.

Indications are that no boom crops will be produced this year, but all the crops will be fair as an average of the continent. No great failure is expected.

Cotton crop weather will be generally more favorable than during the earlier part of the season, but a large crop cannot be expected. The corn crop cannot be above the ten year average and the Chicago prices will probably continue between 60 and 70 cents.

NORWOOD'S CIVIC HOLIDAY TO BE OBSERVED AUG. 17th

Excursion Will be Run to Crowe's Landing—The Latest News From the Capital of the East Riding.

Special to the Review.

Norwood, July 28.—Mr. and Mrs. T. E. Finlay and family went to Stony Lake on Saturday to spend a couple of weeks.

Messrs. G. Keifer, W. B. Levett, J. Anderson and E. Laing, spent a couple of days at Round Lake last week, where they had a very enjoyable time bass fishing. They brought home about sixty of the black beauties.

Norwood is again enjoying the advantages of the street sprinkler. Mr. Geo. Peters has been employed by the Council to water the front streets and people who walk out appreciate the pleasure and comfort the absence of dust afforded.

Mr. and Mrs. Harold Houson are spending a few days tenting at Stony Lake.

Rev. Mr. Bedford, of Lakefield, preached in the Methodist church here on Sunday.

Rev. Mr. W. H. Adams, together with Mrs. Adams and Miss Edna, are the guests of Mr. and Mrs. John Davidson at their delightful summer cottage, Stony Lake.

Mr. R. W. Waters and Miss Edith Waters with Mrs. N. A. Pickard and children, are enjoying an outing at their Stony Lake resort.

Mrs. Dunnington, of Warkworth, is visiting her sister, Mrs. P. W. Reynolds.

Miss Nellie Bravis, of Peterborough, is visiting her sister, Mrs. E. J. Laing, Peterborough street.

Miss Mary Hendren is spending a few days with friends in Westwood.

Mrs. M. McNeely is visiting friends in Lakefield.

Mr and Mrs. M. R. Callandar are preparing for an outing at Stony Lake.

Mrs. J. Cumming and daughter, Miss Jean, formerly of Norwood, are the guests of Rev. G. A. MacLennan.

Mr. G. E. Mills spent a few days at Stony Lake last week.

Monday, Aug. 17th, has been proclaimed Civic Holiday by the reeve, and the Methodist S. S. excursion will go to Crow's Landing via Peterborough by C.P.R. from there by boat over the lift lock. Round trip tickets have been placed at one dollar and it is expected a large crowd will take advantage of the trip as the east end regatta takes place on that date.

The boat will reach Crow's Landing for dinner and return after the sports are finished. At Peterborough a special train will be in waiting to carry the excursionists back to Norwood.

Mr. Ross Cameron and wife, of Erin, Ont., are visiting Mr. and Mrs. W. E. Roxburgh, "Cessnock."

Mrs Smith and daughter, Olive, are visiting the former's daughter, Mrs Wilson, Peterborough street.

Rev. G. A. MacLennan preached in the pavilion at Crowe's Landing, Stony Lake, last Sunday evening.

Mr Wilbert Moore, of Loderick, is spending a few days in town visiting his parents, Mr. and Mrs. H. Moore, Spring street.

Mrs Rose and children, of Kalamazoo, is visiting their sisters, the Misses Hugill, of this place.

Mrs. Taylor, of Picton, accompanied by her daughters, Misses Pearl and Ruby, were the guests of Mr. and Mrs J. L. Squire, last week. They are visiting at Stony Lake, the guests of Miss M. P. Williams, "Maplehurst."

Miss Mary Kirkpatrick is visiting friends in Picton.

Miss Annie Baskin, who has been in Alberta for some time, is visiting friends in town.

Miss Jennie Loomis, of Brighton, visited Mr. and Mrs. C. H. Young, Belmont street, last week.

Miss Jessie Young, of Russell, and Miss Helen Young, of Toronto, are spending a week at Wolfe Island, the guests of Miss Berry.

CARTER'S LITTLE LIVER PILLS.

CURE

Sick Headache and relieve all the troubles incident to a bilious state of the system, such as Dizziness, Nausea, Drowsiness, Distress after eating, Pain in the Side, &c. While their most remarkable success has been shown in curing

SICK

Headache, yet Carter's Little Liver Pills are equally valuable in Constipation, curing and preventing this annoying complaint, while they also correct all disorders of the stomach, stimulate the liver and regulate the bowels. Even if they only cured

HEAD

Ache they would be almost priceless to those who suffer from this distressing complaint; but fortunately their goodness does not end here, and those who once try them will find these little pills valuable in so many ways that they will not be willing to do without them. But after all sick head

ACHE

Is the bane of so many lives that here is where we make our great boast. Our pills cure it while others do not.

Carter's Little Liver Pills are very small and very easy to take. One or two pills make a dose. They are strictly vegetable and do not gripe or purge, but by their gentle action please all who use them.

CARTER MEDICINE CO., NEW YORK.

Small Pill. Small Dose. Small Price.

DANDRUFF CURED IN TWO WEEKS OR MONEY BACK

B. A. C.

The above is the guarantee W. Madill, the druggist, is offering for Parisian Sage, the greatest of all hair restorers.

If you have dandruff, take advantage of this offer and kill the little dandruff germs that will surely steal your hair from you if allowed to continue to persistently burrow into the hair roots.

Parisian Sage is also guaranteed to stop falling hair and itching of the scalp.

Don't accept any substitute from any druggist, Parisian Sage is the original prescription of one of the world's greatest scientists, and is manufactured only in America by the Giroux Mfg. Co. Buffalo, NY. and Fort Erie, Ont.

Parisian Sage is an exhilarating and pleasant hair dressing; it is not sticky or greasy, and it makes the hair soft, beautiful and luxuriant.

Price is 50 cents a bottle from W. Madill, druggist, Peterborough, or by express, all charges prepaid, by Giroux Mfg. Co., Fort Erie, Ont.

LINDSAY'S NEW SKATING RINK

Will Compare Favorably With the Best in Province

Lindsay, July 28.—That the young people will be furnished with plenty of high-class amusement this coming fall and winter, is quite evident from the pains Mr. Jos. Parkin is taking in the improvement of the rink. The town has truly got a rink in the full sense of the word—not the one that was here last winter or the winter before, but a brand new one. There is nothing about the new rink whatever, to remind one of the old one, with the exception that it stands in the same place.

High-class accommodation and good skating facilities seem to be uppermost in the mind of the architect. Lindsay has now a rink that compares favorably with the best rinks in Ontario, and is an improvement on the most of them. The accommodation rooms on the first flat are made up of a ladies' general waiting room, a gentleman's general waiting room, a smoker's office, ticket office and checking room. The second flat consists of properly furnished apartments on one side for ladies and on the other for gentlemen, there being a private stairs to each apartment. There is also a hockey room and a trainer's room, which will be a great boom to the hockey players.

ON VISIT FROM SOUTH AFRICA

Mr. Fred Lefevre, C.E., formerly of Peterborough, who has been engaged for some time in civil engineering work in South America, is in the city on a visit of a couple of weeks.

It is three years since he has visited this place and he is having a pleasant renewal of acquaintances.

BAND WAS HEARD TO ADVANTAGE

Salvation Army Musicians Gave Splendid Program at Victoria Park Last Night

The crowd at Victoria Park last night heard an excellent programme rendered by the Salvation Army band. The programme was as follows:—

March, Band, "Southall."
Selection, Band, "Irish Melodies."
March, Band, "Kettering."
Saxophone duet, by Bandsman Brown and Jones, "Beautiful Christ."
Selection, Band, "Scottish Airs."
March, band, "Vesper Hymn."
Festival arrangement, Band, "Lead Kindly Light," with variations for cornet, baritone and euphonium.
Finale, band, "Under the Colors."
God Save the King.

PILES CURED at HOME by New Absorption Method

If you suffer from bleeding, itching, blind or protruding Piles, send me your address, and I will tell you how to cure yourself at home by the absorption treatment; and will also send some of this home treatment free for trial, with references from your own locality if requested. Immediate relief and permanent cure assured. Send no money but tell others of this offer. Write to-day to Mrs. M. Summers, Box P 62, Windsor, Ont.

THE CHANNEL IS BEING DEEPENED

The government staff have commenced work just above the locks at Fenelon Falls to deepen the channel, by blasting out a ridge of rock which has been giving a great deal of trouble to the deeper draught vessels plying on the canal. It has also damaged the propellors of the boats.

The channel will be made safer at several points where shallow spots have been giving trouble. —Lindsay Post.

The C.P.R. survey of an air line from Lethbridge to Calgary has been begun.

W. S. Becher, a Hudson's Bay trader since 1873, is dead at Winnipeg.

90

Your Eyes

If they are in need of Glasses, should be correctly fitted, or your troubles will merely begin. Better be without Glasses than wear the kind that do not suit your vision. This is often the cause of total blindness. Our business is to study the eye in all its phases. We examine every patient to get the exact lenses to fit the sight, then your eye troubles will be over—you will see as clearly as you ever did.

MANY WERE AT JACKSON PARK

The 57th Band played at Jackson Park last night and a big crowd enjoyed the music and the pictures. The band, among other numbers, played the score of the comic opera "King Dodo," and made quite a hit.

A Pertinent Question

Are your eyes good yet—have you perfect vision for long or short distances: If there is anything the matter with them, now is the time to have them examined, and, if necessary, properly fitted with correct Glasses. The wrong kind of lenses would injure instead of improve your sight. We are expert Opticians, and understand everything in connection with the human eye and Glasses for same.

Charges most reasonable.

REV. FATHER McCOLL IS COMING HOME

Will Arrive Here To-morrow Night---Is Guest of Friends at Wooller

Rev. Father McColl who has been absent for the past four months is expected to arrive in Peterborough to-morrow night. He arrived from the Old Country several days ago and since then has been visiting at his home at Wooler. His parishioners and the public generally will welcome him back.

TO OFFICERS OF 57TH REGIMENT

Headquarters.
Peterborough,
July 29th. 1908.

Regimental orders by the officer commanding the 57th Regiment, Peterborough Rangers;

No. 1—A special meeting of the officers of the 57th Regiment will be held in the mess rooms on Friday evening, 31st inst., at 8.00 p.m.

No. 2—Officers responsible are requested to have their pay sheets, efficiency pay sheets, service rolls, and target returns completed, and in readiness to hand over to the paymaster at this meeting.

G. W. BENNETT (Major),
Acting Adjutant.

BUILDING NEW CEMENT BRIDGE

Work Commences at Corner of Brock and Aylmer Streets To-morrow—Will be Closed to Traffic

Work will be commenced tomorrow on the construction of the new reinforced concrete bridge at the corner of Brock and Aylmer streets. The wooden structure is in pretty bad condition and the new bridge will be a great improvement.

As a result of the work Brock and Aylmer streets will be closed to traffic at the point mentioned. The public should bear this in mind.

COMPLAINTS OF THE RESIDENTS

Of Bethune Street Concerning the Watering of That Street

Many complaints are being heard from residents along Bethune street, with regard to the street watering in the vicinity. They state that the ground along the railroad track receives very little attention at the hands of the men who drive the water waggons.

This condition of affairs should be put a stop to, as the dust blowing into the incoming passenger trains, will give visitors a bad impression of Peterborough streets.

CITY NEWS NOTES

TO IDYL WYLD.

The members of St. Luke's W. A. are holding an excursion to Idyl Wyld to-morrow afternoon.

SPECIAL.

There are eight new bicycles to be sold at a way-down price, before 1st August, at the J. M. Green Music Co., Grand Opera House Building

WEDNESDAY, JULY 29, 1908.

THE PICTURE OF THE YEAR AT CRYSTAL

The dramatic picture of the season "Macbeth" is being shown at the Crystal today and tomorrow. The film, which is a strikingly good one, is appropriately colored and the production is enacted by a talented cast. This excellent portrayal of Shakespeare's immortal tragedy is sure to appeal very strongly to the students of England's immortal bard and also to everyone who appreciates a picture play of more than passing worth.

AUSTIN FORSYTHE HAD ARM BROKEN

A serious accident befell Master Austin Forsythe, son of Mr. Carl Forsythe, last evening. He was playing with a number of other children when he tripped and fell on his left arm. When he picked himself up his arm was very sore and he was at once taken to Dr. Clarke's office, where it was found taht a bone had been broken. The arm was at once set and is now doing nicely.—Lindsay Post.

FATAL FIRE TWO ARE DEAD

Little Boy and Girl Burned to Death at Smith's Falls This Morning

Special to the Review.

Smith Falls, July 29.—In a fire, which destroyed the home of Robert Howard, a C.P.R. conductor, here this morning at 8.30 o'clock, two of Howard's little children, Dorothy, aged five years, and Cecil, aged four, were burned to death. The fire was caused by an explosion of a coal oil stove.

MY AIN'T IT WARM TO-DAY

Ninety-five in the Shade at Noon --Cheer up, it May be as Bad To-morrow

"Is it warm enough for you to-day?"

"Some foolish individuals are asking this question to-day as if it were not bad enough without having one's attention drawn to it. It certainly is warm, as thermometers and numerous citizens are testifying. At noon to-day the glass at Tully's drug store registered 95 in the shade, and seems to have a hankering to get out at the top of the tube.

Yesterday it was 93 in the shade, and 110 in the sun at one point.

"Very warm to-morrow," the probs say.

ARE BUILDING A NEW BRIDGE

Cement Structure Being Placed Across Creek on King St.

A large staff of men are engaged in putting down a cement bridge, across the creek, on King street. The old wooden structure which stood so long at this point, was fast nearing its allotted time, and it became necessary to replace it by one which would withstand the attacks of the elements, indefinitely.

It is expected that the bridge will be ready for traffic by the beginning of next week.

MANY WILL ATTEND THE D. R. A. MEET

Ottawa, July 29—The prospects are that there will be a good attendance at the D.R.A. this year. There was some idea that the men who got off to Quebec would not be able to come to the DRA meet, and therefore there would be a small attendance. However, Major Winter, secretary of the association is of the opinion that the marked increase in interest in rifle shooting throughout Canada will more than make up for that, and that the attendance will be the largest ever. One reason for thinking that there will be a very large attendance is that there is a very large list of applications for programmes. Applications are being received for registry keepers and markers for the meet.

MUSIC AND ART WILL BE TAUGHT

Manual training, domestic science, art and music will be added to the curriculum of the public schools of Peterborough. The Board of Education is advertising for teachers in these special lines, and the new studies will be added on the opening of the schools in September.

The following advertisement appears in a Toronto paper;—

Wanted — For Peterborough Public School; 4 special teachers, one an instructor in manual training, salary $1,200; one an instructor in domestic science, salary $900; one an instructor in art, salary $1,000, and one an instructor in music, salary $700; each of the above teachers will devote part of time to instruction in the Normal school, remuneration therefor being included in the above salary; applications, with references, will be received by the undersigned up to Aug. 6th, 1908. W. G. MORROW, Secretary-Treasurer Board of Education.

CONTRACT LET FOR THE ALLEYS

The contract for the installation of the two new bowling alleys at the Y.M.C.A. was awarded to-day to Reid Bros., of Toronto. The committee met at noon and reached the above decision. The alleys will be ready for use by September 1st and will be equal to any in Canada. Work on installing them will be commenced at once.

Four Hours of Bounteous Bargain-Giving

PROPERTY OWNERS OBJECT TO SPECIAL ASSESSMENT

A special meeting of the Court of Revision was held last night, when several matters were considered. Four citizens, Messrs. E. Bloome, F. Detcher, F. H. Yelland and C. Whatley, were present and protested against the special assessment in connection with the sewer ordered by the Board of Health on Antrim street, between Harvey and Waters and on Harvey street between Edinburgh and Smith streets. They claim that the sewer will not be deep enough to be of benefit to their houses. No action was taken on the matter, it being left over until another meeting to be held on Friday night. Several other matters in connection with assessment were considered.

Messrs. Langford and Morrow were the members of the Board present.

FARMERS HAVE TO LEAVE HAY AND GET IN THEIR GRAIN

A gentleman who has just returned to the city from Hamilton says that harvesting is in full swing all through the country. The wheat and barley have ripened with great rapidity during the past few days, with the result that harvesting was upon the farmers before they had the hay crop garnered. The result is that on many farms the hay has been left lying in "coils" or in wind rows while the barley and wheat is being cut and put in. The hay can wait, but the grain would shell badly if it was left too long after it is ripe. The barley and wheat crops are well up to the average but it is said that oats are a little light. Oats are also being harvested although the bulk of the crop is still standing.

MRS. KEATING, ASHBURNHAM HAS EXCITING EXPERIENCE

Experimenting with the wrong kind of liquid was probably the cause of Mrs. Keating, of Sophia street, Ashburnham, receiving a very bad fright on Monday last. It was lucky for her, too, that she was not seriously burned.

The mosquotoes had been causing her much annoyance and she determined to get rid of them, if possible. She had heard that the burning of camphorated oil would drive away the mosquitoes, and determined to see if it would prove an efficacious remedy.

She took the cork out of what she thought was camphorated oil and applied a match to it. Immediately the flames shot out from the cork and, Mrs. Keating, in her excitement, put it quickly into the bottle again. Tongues of blue flames leaped from the mouth of the bottle to the ceiling, and for a time it looked as though the interior of the house was liable to catch on fire. However, Mrs. Keating seized the bottle and threw it into a basin of water, and the blaze was extinguished. She thinks that it was probably alcohol, and not camphorated oil that the bottle contained.

BOY VOCALIST AT CRYSTAL

Master Percy Mulhern to Sing There To morrow

Master Percy Mulhern, the sweet voiced Canadian boy vocalist, will sing the illustrated songs at the Crystal to-morrow. Master Mulhern is the possessor of an excellent voice, and will sing special songs.

This special feature will doubtless be the means of attracting more than ordinarily large audiences to Peterborough's popular picture theatorium.

ALARM BOX WAS BEING TESTED

Many people around town are wondering at the length of time which elapsed before the sounding of the alarm yesterday when Fanning's laundry took fire. It is only fair to the fire brigade that an explanation should be given to account for this condition.

Since his arrival here Chief Howard has sent a man around the town every two or three weeks to test the different alarm boxes to see that they are in good working order. In order that the citizens may not be disturbed by the bell each alarm box as it is tested is disconnected with the main fire bell.

This was the reason why the alarm was not sounded earlier than it was yesterday as this particular box was being tested at the time.

THE B. A. C.

The B.A.C. will hold an outing down the river on Friday night. The members should reserve the date.

MEN LOOKING FOR WORK ON FARMS

Mr. Geo. H. Howson, the local immigration agent, informed the Review this afternoon, that he had a large number of men who were looking for work on the farms. About two weeks ago, the farmers were all asking for help, but since then a reaction has occurred and a large number of men have been thrown out of work.

In speaking of a trip which he took some days ago, into Hastings County, Mr. Howson remarked that the class of wheat which was grown around Peterborough easily surpassed that of the above district. He stated that this difference was probably due to the lack of rain in these parts, as they had not received much rainy weather, as had the district around Peterborough.

Geo. W. Stevenson, grocer, South London, has assigned.

J. W. Phillip, Dominion fruit inspector is at Winnipeg.

Francis Schaffner of Mitchell, is dead, aged 61.

Mrs Walter Griffin of Chatham, is suffering from blood poisoning by mosquito bites.

SPORTING NEWS

EVENTS AT SUMMER MEET OF PETERBORO' TURF CLUB

The Peterborough Turf Club will hold its summer meet on August 10 and 11th, at the Driving park, when the following events will be contested for:

Monday, August 10

Named race; purse $100.

Lady Black, Ed Jones, Peterborough.

Little Mac, M. Stary, Peterborough

Lulu Chimes, T. McKeiver, Peterborough.

Lou Keswick, A Ashmore, Lindsay.

Black Prince, Dr. Forrest, Port Hope.

Prince Medium, W James, Brighton

Lady Alexander, Dr. Wilson, Hastings

Farmer Boy, John Godfrey, Percy township.

Bay Mac, W Stenson, Percy township.

Billy Mac, W Hill, Hastings.

Brown Mac, Art Elmhirst, Keene.

Teddy Keswick, W. Leith, Millbrook.

This race will be kept open and owners of green horses will send in entries to the Secretary.

2.22 class; purse $150.

Tuesday, August 11

2.30 class; purse $100.

2.16 class, trot or pace, purse $150

All races open to trotters and pacers. National Trotting Association rules to govern. Named race to be half mile heats. Purse divided 50, 25 15 and 10 per cent. Entries close on August 8th, with the secretary. Horses eligible August 1st. Trotters allowed 4 seconds.

All horse owners wishing to start horses should communicate at once with the secretary of the Peterborough Turf Club, Mr C R Nixon, Grand Hotel, Peterborough.

STONY LAKE REGATTA TO BE MOST SUCCESSFUL

In another two weeks the regatta season will be in full swing. The Kawartha Lakes have always been noted for their fine regattas, and they are events which are greatly looked forward to by all those who spend their summers there.

This year the races promise to be even more close and exciting than in previous seasons. Large excursions are being run from the different points on the lakes, which ensures that there will be a greater number of competitors than ever before.

Taking the programme as a whole, there are two events which always seem to overrun the rest of the lists. These are the open sailing race, and the race for gasoline launches. The latter are increasing both in number and in speed, every year, and always make a very interesting race. It is stated that there are several launches on the lakes at present which can run at fourteen and fifteen miles an hour. If this is the case this year's races should be very fast, and those who attend the sports will be certain to see some very exciting fun.

WILL THE I.C.A.C. BACK STACEY A THOUSAND?

Reported That That Body Will Put up That Amount for 3 Hour Race Against Hoagland

A follower of the game and a gentleman who takes a deep interest in sport has informed the Review that it is understood that the Irish-Canadian Athletic Club is willing to back Stacey for $1000 for a 3 hour walking race against Hoagland. Stacey himself has not been seen regarding the matter but some time ago he stated to a Review representative that that he was anxious to meet the famous Yankee ped.

HAVELOCK TEAM WAS DEFEATED

Went Down Before Warsaw Kickers at Norwood on Saturday, 2-1

Special to the Review.

Norwood, July 28.—Havelock football team met defeat here on Saturday evening last at the hands of the Warsaw kickers. The match was keenly contested and at different stages of the game the spectators were treated to some fine exhibitions of the game. The Warsaw team had a very good combination which they played very effectively. Havelock' strong defence prevented them from running up a large score. In the first half each team scored one goal, and after the line-up for the second half it was quite evident that both teams were determined to increase the score if possible. Warsaw scored after about fifteen minutes from near the centre of the field. During the remaining time Havelock tried hard to score and although they repeatedly shot on goal they failed to score. When time was called the score was 2 to 1 in favor of Warsaw. F. Doherty, of Norwood, acted as referee with satisfaction to both teams.

Dr. Leonhardt's HEM-ROID IS A TABLET TAKEN INTERNALLY FOR THE CURE OF PILES

Sold by James Lynch, Druggist, Peterborough.

DUCK PIN A POPULAR GAME

Being Played at Peterboro' Bowling Club---Cyril Giroux Holds Local Record of 120

Duck pins the bowling game now being played at the Peterborough Bowling Club, promises to be decidedly popular with local bowlers. Small pins and small balls are used instead of the larger ones and the game requires more skill to play than ordinary bowling.

Cyril Giroux, who is quite an enthusiastic bowler, holds the local record score—120.

WHO WILL WIN ON SATURDAY?

There will be big doings at Riverside Park on Saturday, when the Peterboroughs and Athletics hook up in what will probably be their last meeting this season. They have hooked up three times this summer and the Peterboroughs pulled out two games and the Athletics one. If the Lynch nine can win on Saturday it will be two apiece and an even break for the season. The Peterboroughs will have a strong line up and are confident of victory. The Athletics are not saying much, but with Quinlan and Rattray in the points they should make a hard fight for the honors.

The game is called for three o'clock and should attract a big crowd. It will be a gingery contest all the way through, as both teams would rather win than strike a pot of gold. Clements and Edmunds will be the Peterborough battery.

Bowling

LAWN BOWLING

London, July 28.—In a single match at Crystal Palace, Yule of Harriston, a member of the Canadian bowling team, beat Ross, winner of this year's international singles by four shots. Score 22 to 18.

A game of Scotch doubles was also played between Ross and Yule and McCallum and Gillespie, of Scotland, the former winning by one shot.

TURF

Mr. George Powell, who has been racing his string of horses in the Eastern Circuit has returned to the Driving park with them.

SPORTING COMMENT

Ain't it warm?

Yes, it's awful, Mabel.

Cheer up. It will be hotter tomorrow.

The New York Sun says Tom Longboat is the greatest newspaper runner in the world.

According to the press reports the Tecumsehs were not in a class with Montreal when they clashed in the M.A.A.A. field. Perhaps the Indians have gone stale again.

It is said that B. T. Huston will not enter in the mile race at the Printers' Picnic, as he cannot spare the twenty minutes necessary for him to cover the distance.

The dome of the Kingston City Hall has been destroyed by fire. Incidentally some destructive agency seems to be at work in the dome of the lacrosse writer of the Lindsay Free Press.

Great interest is being taken in the tennis tournaments of the St. John's and Nicholls Oval Tennis Clubs. Some of the games are very exciting.

Too bad Peterborough hasn't a rifle range. The local marksmen always make a fine showing at the D. P. A. at Ottawa, when it is considered that they have no place to practice.

sporting comment

Detroit, the present leaders of the American won 20 out of 26 games during a recent tour on the road. They have about 52 games yet to play in the American. The pennant is already conceded to the Tigers.

A Toronto man who was in Peterborough yesterday stated that he knew for a fact that over five thousand dollars had been sent from Toronto to be put up against Longboat in the Marathon race.

Well, it's westward ho, for the Minto Cup, emblematic of the lacrosse championship of the world. The Irish weren't strong enough to stop the sturdy westerners and there's joy beyond the Rockies today. New Westminster has reason to be proud of its lacrosse team and no doubt the boys will have a rousing reception when they return home. Who will bring the silverware back? Many moons will wax and wane ere the cup comes east again.

Lindsay sports will recognize in Sergt. F. H. Morris, who did such excellent shooting at Bisley, "Mugs" Morris, who was wont to do stunts around short stop and second base for Bowmanville. Bill Cinnamon, Warkman, Stalker and all the old players in town know Morris well and recall him as a good player and a good fellow. He played against Lindsay when the locals won the pennant, and also in the match for $100 a side. He was a fast player and a great jollier. Here's congratulations.—Lindsay Warder.

If there had have been a mud-slinging contest at the Olympic games, the Examiner could have sent several representatives. The sporting editor would have been in a class by himself. The sporting editor of the Examiner was taken for the advance agent of a stranded side-show while in Lindsay. That grey check suit, pointed shoes, searchlight hat band, and the diamond sunburst in his tie, would have done credit to the flashiest race track tout that ever existed.—Lindsay Free Press.

ATHLETICS

Hamilton, July 28.—The special meeting called by R. Tasker Steele to arrange for a reception to 'Bobby' Kerr and "Jack" Caffery on their return from the Olympic games was held tonight at the Royal, and while nothing definite was done it was unanimously agreed that arrangements should be made at once for a big demonstration. Mr. Steele was appointed chairman and George Ballar, secretary. Addresses were given by a number of prominent citizens, who extolled Kerr and Caffery for what they had accomplished and for the honor they had brought to Hamilton. The time of their arrival is not known but it was decided that testimonials should be prepared and that a big display of fireworks be made and bands engaged for the occasion. The matter of arranging the details was left in the hands of the local Olympic Committee and J. M. Eastwood, A. E. McKinstry and M. Cummings.

ABOUT THE MARATHON MEN

Dorando lives at Cappria and is by trade a confectioner. He trained himself for the Marathon. He is recognized as the Italian long distance champion. He won an 18 1-2 mile race around the Paris fortifications last year, and hopes to again compete in that race next year. He is a small lank man, with nothing in his appearance to denote the athlete. He said:—"I felt all right until I entered the Stadium. Then when I heard the people cheering and knew I had nearly won a thrill of emotion went through me and I felt my strength going. Then I fell. I tried to struggle to the tape but fell again. I never lost consciousness of what was going on and if a doctor had not ordered attendants to pick me up I believe I would have finished without aid."

Dorando thinks that his departure from his customary abstemiousness regarding his breakfast had something to do with his collapse. With a view of building up his strength he had a steak and a cup of coffee which was a larger meal than he usually took.

In an interview John J. Hayes said; "I took nothing to eat or to drink on the journey. I think it is a great mistake to do otherwise. Before starting I took a light lunch consisting of two ounces of beef, two slices of toast and a cup of tea. During the race I washed my face with toilet water and gargled my throat with brandy. I ran my own race throughout, covering in almost mechanical fashion the first five or six miles at the rate of six minutes. The mile after that I went as hard as I could to the finish. Ten miles from home I was ten minutes behind the leaders, and then I began to go through the field. I passed Hefferon just outside the Stadium but saw nothing of Dorando until I entered the arena."

John J. Hayes the Marathon winner, went to work at the Bloomingdale department store in New York when he was 17 years old as a messenger and odd job boy, so he worked his way up to the job of assistant in the superintendent's office at a salary of $20 a week. When he gets back to the store Samuel Bloomingdale will offer him the chance of making $4000 or $5,000 a year as head of the sporting goods department. More than that they are going to give him a big reception.

HOGAN MAKES QUEER REPLY

The lore given below, handed out by the city editor of the Lindsay Free Press is a trifle more childish than that of "The Gingerbread Man," but it's intended to be serious and that is what makes it all the more childish. No John, the Review must agree with the Examiner you were in the wrong in that account of the lacrosse match. The dope is as follows;—

The Peterborough Examiner is taken by very few of the residents of Lindsay, but those who have the pleasure of reading this Grit sheet, must certainly sympathize with the city editor and his brilliant staff in their vain endeavors to get news. We refrain from personalities, but with that paper it seems every word helps to fill up. In yesterday's issue the city editor of that porridge city journal permitted the erratic sporting editor to give vent to his wrath which has been pent up since the game with Lindsay. He knows that he informed a certain member of the Free Press staff that he thought they would win, and inferred by his conversation that Lindsay would not have a ghost of a show. When men who are supposed to know, talk like this it is certainly an overwhelming defeat for that conceited bunch of lacrosse players when they lose. We will admit that Peterborough has some good players on their team but it was obvious that Peterborough was out of it from the start. As was stated in the report of the game that Lindsay had no anticipation of beating Peterborough when they lost to Cannington, and the victory was a tremendous surprise.

The sporting Editor of the Examiner can go on forever with his mud-slinging reports and criticisms, but he knows that Peterborough has the name of being the dirtiest sporting town on the continent. Let him consider whether his report of the Wideawakes-Peterborough game was fair or not before he starts to criticize others.

POLICE COURT

At police court this morning an Englishman, John Williams, was charged with allowing his cow to run at large on Monday morning, July 27th. It seems that John has a pasture for his cow on Homewood Avenue, but that a neighbor's calf kicked down the fence allowing the aforesaid animal to wander at will.

City Clerk Armstrong, who occupied the chair in Magistrate Dumble's absence, fined the man $2, which was paid forthwith.

The case against Georgie Mein was enlarged until Saturday morning at 10 o'clock.

A LAWYER HAS BEEN SUSPENDED

Montreal, July 28.—Mr. Louis A. Gosselin has been suspended from practise of his profession as a lawyer for five months. Mr Gosselin has appealed to the general bar of the province. A syndic of the bar laid a complaint against Mr. Gosselin in connection with his acting for the Dominion Mercantile Protective Association, whose methods were condemned in court. Mr. Gosselin will appeal.

ATTEMPT MADE TO BREAK INTO SALVATION ARMY HALL

It is reported that an attempt was made on Monday night to burglarize the Salvation Army barracks on Simcoe street. The officers, who reside in the building, are away and some person or persons were evidently aware of the fact. A pane of glass in one of the windows of the rear of the hall was removed, but the wouldbe burglar or burglars must have been frightened by something for they did not complete the job. At any rate nothing is missing from the building and no damage was done.

FORMER ST. JOHN'S CURATE AT ST. PHILLIP'S, HAMILTON

About six years ago Rev. C. B. Kenrick, M.A., curate of St. John's church, this city, relinquished his charge there and removed to Port Hope, where he became rector of St. Mark's. From St. Mark's he removed a few years later to the Maritime provinces. Subsequently he was invited to assist Canon Cayley at St. George's, Toronto.

Here he became well known as a preacher of power and feeling. He was then requested to assume the rectorship of St. Philip's church, Hamilton. The following account of his opening service we clip from the Hamilton Spectator.—

St. Philip's was well attended yesterday morning, the congregation turning out well to hear their new preacher, Rev. C. B. Kenrick, who preached an impressive sermon, the dominant note of which was the love of God and the doing of good for His sake. He said that God had gone to prepare a place for us—a place not for angels, because men are very different from angels. We must not love God just to get to heaven. We must not avoid sin just to keep out of trouble, although these motives are not to be despised, but we must do these things through love and because it is good to be good. Trying to be good because it will make a mother happy or some one else happy is one of the highest motives. All had heard of a hell upon earth, relating generally to a house where there is wealth, plenty to eat and drink and everything that could be wished for, and still no happiness. Where there is not love there is no happiness.

Mr. Kenrick also preached in the evening before a large congregation.

Lightning killed two men on E. Brooks' farm near Virden, Man.

Rumor has it that Hon. L. P. Brodeur is to go on the bench.

AMERICAN GUEST AT YOUNG'S POINT WAS TAKEN ILL

Was Removed to Nicholls Hospita Yesterday in Private Ambulance

Miss Dixie, of New Orleans, who has been a guest at South Beach hotel, Young's Point, was taken seriously ill a few days ago, and was yesterday removed to Nicholls hospital in Belleghem's private ambulance.

She is under the care of Dr. Cameron.

THIS SALE TO BE RECORD BREAKER

Ten Thousand Dollars Worth of Bankrupt Stock to be Sold in Peterborough, Commencing This Week

Peterborough buyers are to be given a buying opportunity, commencing to-morrow, that promises to discount anything of a like nature that has come this way for some time. It is the slaughter sale of a big bankrupt stock of $10,000 worth of Men's Clothing and furnishings, bought at less than 60 cents on the dollar, from a Montreal firm that was forced to close its doors. The goods are new, and of high quality and the prices are startling as quoted in the page advertisement in to-day's paper. The stock is being prepared by a large staff of competent and courteous clerks, in the new Times Building, at 141 Hunter street, where the big blue sign announces the offerings within.

DENTISTS TO CONVENE AT OTTAWA

Several From Peterborough Will Attend Annual Convention Next Week

Several Peterborough dentists will attend the fourth biennial meeting of the Canadian Dental Association which will be held in Ottawa next week, August 4, 5 and 6. The sessions will be held in the Normal school and there will be about two hundred and fifty present. In addition to the number of dentists from Ottawa that will take part, are many other prominent dentists from all over Canada and some from the United States. The session will open on Tuesday morning, August 4th. Satisfactory arrangements have been made with the custom's department for the free entry and return of the American exhibits. On Tuesday afternoon the visiting ladies are invited to a trolley car ride to Queen's park, Aylmer, followed by a motor boat outing on Lake Deschenes. Refreshments will be served at the Victoria Yacht Club. On Wednesday afternoon special electric cars will leave the Normal school for Rockliffe park and a trip through the city. A complimentary banquet will be tendered at the Russell by the municipality of Ottawa and local dentists.

OUR NATIONAL DANGER

Time to Cry a Halt Before Complete Wreck Results

There are thousands, both men and women, who do not take time to eat properly. They rush through life and as a result we have an age of indigestion, nervousness, irritability, sleepless nights, and morose disposition. Our national danger is stomach weakness, due to the strenuous life.

Mi-o-na tablets, strengthen the walls of the stomach and stimulate secretion of the digestive juices. They make the stomach comfortable and cure indigestion.

Sick headaches, palpitation, yellow skin, and coated tongue are a few of the many distressing results of indigestion that Mi-o-na never fails to cure.

W. M dill, druggist, corner of Hunter and George streets, Peterborough sells Mi-o-na in 50 cent boxes, and guarantees to refund the money if it does not give complete satisfaction.

Special discount on Cleveland Bicycles for the next two weeks, ending July 25th at F R J. Macpherson's. tf

RUMOR WITHOUT FOUNDATION

Proprietor of Local Store Denies He Will Close Down Millinery Department

It was rumored that the proprietor of a well known local departmental store was going to close down his millinery department. When seen by a representative of the Review this morning the proprietor of the store denied the rumor and expressed his indignation that the matter had ever been suggested. "The millinery department" he stated, "is the best paying one of our store."

FOOT CRUSHED AGAINST WALL

Mr. Rollie Wilson, proprietor of Wilson's machine shop, had his ankle rather badly injured the other day while attempting to steady his gasoline launch at the locks. He put his foot against the wall of the locks to do so and the boat jammed up against it crushing his ankle to the wall.

Dr. Scott attended to the injury.

A CASE OF NERVOUS PROSTRATION

Relieved In a Remarkable Manner By Pe-ru-na.

Pe-ru-na Is a Systemic Catarrh Remedy.

Especially Adapted to Cases of Nervous Prostration

Caused By Overwork, Mental Strain or Extreme Summer Heat.

IN latitudes where warm weather is of long continuance, the inhabitants become more or less accustomed to it.

In Temperate Zones, however, where the change from winter to summer is great, the system is sometimes poorly prepared to meet the exigencies of hot weather. This is the cause of much sickness.

Stomach catarrh, indigestion and dyspepsia are not among the least of summer ailments.

INDIGESTION CAUSES WEAKNESS.

When the digestion is disturbed, the assimilation is also affected, and as a result the body does not receive the nourishment it should. Lassitude, weakness, brain fag, loss of flesh and nervous prostration are the natural results.

What is needed is a remedy that will restore the digestive organs to their normal condition.

Such a remedy has been found in Peruna. It has proven itself of great value in thousands of cases of this kind.

Its action has been remarkable at times in restoring some patients who had given up all hope of recovery.

PE-RU-NA'S BENEFICIAL EFFECT.

But there is nothing strange about Peruna's action. It simply tones up the mucous membranes of the organs involved, restoring them to their normal conditions and leaving Nature to perform her duties unhindered.

That person who has sound, healthy mucous membranes lining the entire digestive tract is well-guarded against the usual summer ailments.

Peruna is the means whereby to attain this most desirable condition.

If you suffer from any of the above mentioned symptoms, try a bottle of Peruna.

One bottle of this remedy is often sufficient to convince any one of its merit as a safe and reliable remedy for all catarrhal conditions.

We have many letters of gratitude received from persons who have experienced its benefits.

These testimonials are proof to us that Peruna has not failed in the mission for which it was intended, that of relieving suffering and restoring health.

MR. P. BRIEN, 23 Third Street, Limoilou, Quebec.

"The fatigues entailed by my duties as accountant began to weaken my system about a year ago. I felt that I would not long be able to withstand the severe strain upon my nerves, as, a thing unknown to me before, I would long for office hours to be over in order to rest.

"I gradually ***grew weaker*** and a few months later my ***sight was impaired.*** I then ***broke down completely*** and was obliged to take to my bed. I was also suffering from palpitation of the heart.

"After a few weeks' treatment by a local physician, I was in the same critical condition and as the doctor held out no great prospects for me, I decided to experiment on myself.

"I took several remedies advertised as tonics, but did not derive any benefit.

"Peruna was then given a trial, and before I had taken it a week I felt my condition improving. After a few weeks more had elapsed, during which time I followed the directions carefully, my shattered nervous system became firmer, my sight stronger and I hoped to be out soon again.

"My expectations were realized, for in three weeks I assumed my duties as accountant at the office.

"***Peruna*** certainly ***worked wonders on my system,*** and for persons rundown from overwork, I believe it is the most efficacious tonic."

Assistant War Correspondent Recommends Pe-ru-na.

Mr. H. B. Manley, Assistant War Correspondent during the War in China, care "Black and White," 688 Craig St., Montreal. Canada, writes:

"When a man travels in extremely hot or cold climates, he realizes how valuable a friend he has if he carries a bottle of Peruna.

"I know of no article in my traveling outfit which I have learned to praise higher.

"If you are suffering with the extreme heat, Peruna restores you, or if you are afflicted with a cold, la grippe or bronchitis, Peruna restores you in a short time.

"Or if you suffer with sleeplessness or if your appetite is poor, again Peruna acts as a good, true friend and is the tonic needed.

"I have tried it for months and am only too glad to acknowledge it as a true, loyal standby in times of trouble. I do not hesitate to recommend it to all."

Completely Run Down—Pe-ru-na Restored to Health.

Mrs. J. Colson, 851 Notre Dame street, Maisonnenre, Montreal, Can., writes:

"Last winter I contracted a severe cold which affected my head and throat so I had to take to my bed and could not do my housework. A friend advised me to get a bottle of Peruna, and I procured a bottle. I felt better from the start. I have taken three bottles and am a new woman. My daughter's system was also completely *run* down and after using Peruna she is again restored to health."

PUBLIC WEDDING IS DISAPPROVED

Catholic Priest Preached Scathing Sermon on Lack of Sanctity of Marriage Law

Trenton, July 28— Monsignor John H Fox, Vicar-General of the Catholic diocese of Trenton, and pastor of the Cathedral parish of this city preached a scathing sermon here today in condemnation of a public marriage ceremony which has been arranged as a drawing card at a local Summer park.

He declared that the promoters of such sacrilege did not deserve success and said that, while he hoped it would not be necessary to remind any Catholic of his duty he would take no chances but forbid all of his people to visit the place. It was such a lack or regard for the sanctity of the marriage rite he said that had given America a record of 1,300,000 divorces in twenty years.

The sermon has created a sensation, inasmuch as the stockholders of the park include many prominent society people who are active in Protestant churches of the city.

LOCAL BAND WILL SUPPLY THE MUSIC

At Lawn Social at Greystock---Other News of Interest

Special to the Review

Greystock, July 29—Haying is a thing of the past in this part of Otonabee and the farmers are busy cutting their wheat and barley, and some have already finished.

We are pleased to hear that Mr. Walter Dickson who has been confined to his bed for the past week or so is able to be around again.

Mr. E. Kent spent Sunday at South Monaghan.

Miss E. McConnell of Peterborough is visiting at her uncle's, Mr. R Jackson, this week.

Mr Charles Kindred who has been under the doctor's care is on the mend.

Miss Jean Lanchsire has returned home from the West.

Mr. and Mrs C. Kindred of Belleville are the guests of Mr. John Kindred this week.

Miss L Smithson of Toronto, is home on her holidays.

Mr. E. Robinson, who has been on the sick list for a long time is able to be around again.

Misses Bella and Violet Rutherford of Fenelon Falls are at present visiting their many friends in and around Zion.

Mr and Mrs James Wier of Berlin are the guests of Mr Josh Smithson.

The annual garden party of the Zion Methodist church will be held on the beautiful lawn of Mr Walter Dickson on the 5th of August.

A good programme is being provided, also the Army Band of Peterborough will be present which will be added to the list, also speeches, songs recitations.

The slayer of Patrolman McCormick at Niagara Falls is not Edward Lee, who escaped from Toronto jail.

DYING MAN WAS REFUSED DOCTOR'S SERIOUS OFFENCE

Montreal Physician Declared Stockbroker Was Drunk—Could Have Been Saved if Taken in Time, Says His Own Medical Adviser.

Montreal, July 30.—It has developed that Victor Grey, who died Tuesday night, committed suicide. He rang up a friend and said good-bye and then took a dose of chloral.

Grey was a prominent stockbroker and the occurrence has created somewhat of a sensation, apart from the manner of his death.

Grey, who had resided at the Corona Hotel, called one of the attendants and asked him to bring a doctor, saying he was very ill. Dr. Alexander Munro was immediately called, and he stated that Grey was suffering from narcotic poisoning, and telephoned for the Royal Victoria ambulance.

When the ambulance arrived the doctor in charge examined Mr. Grey and said that he was drunk, refusing to take him to the hospital. Dr. Munro argued and said that it was a matter of life and death, but the ambulance doctor was obdurate and refused to take the man. Finally Dr. Munro had him driven to the hospital in a cab, and he was admitted to the ward. In spite of all the doctors could do, he died an hour later.

Dr. Munro said yesterday that Mr. Grey's life could probably have been saved if he had been taken to the hospital when he first called the ambulance.

Mr. Grey was married only a few months ago to Miss Honor Clayton of Ottawa.

ANY TWO MEALS TOGETHER LESS THAN A SQUARE MEAL

An amusing story is told by Mr. Harry Lindley, Canada's veteran comedian;—

"During our trip through the Southern States," said the actor, "we occasionally played San Antonio, Texas. This town at that time had but one leading hotel, and I have yet to find a hostelry putting up a poorer line of grub than this particular one. The proprietor was a sad-eyed Vermonter, who was wont to ring at meal times a long, unsociable looking cow bell. As soon as this bell started ringing, the family dog, a canine of very questionable breed, would amble to the verandah step and set up a most dismal howling. One evening as our troop was sitting in front of the hotel awaiting the announcement of the evening repast, the train from the north pulled into the depot and a rather dejected looking individual, who I afterwards found out was an organiser for a prominent fraternal society, alighted, and approached the leading haven of rest. Just as he arrived at the verandah the bell began to ring and the dog began to howl. Eyeing the brute the traveller snapped out, "What in h—— are you howling about? You don't have to eat it."

VALUABLE DEPOSITS OF NICKEL IN NEW ONTARIO

T. H. Crowley of Peterborough Met With Success Prospecting North of the New Transcontinental Line.

Port Arthur, July 30—The existence of large and valuable deposits of nickel north of the Transcontinental Railway and a hundred miles miles northwest of here is reported by T. H. Crowley of Peterborough, a prospector who has had long experience in all parts of Canada.

Crowley arrived in the city today en route home after spending several weeks in that country and showed a number of excellent samples. One contained both silver and free gold, and he said lots of it was to be found north of Wabigoon and Sturgeon Lakes. He also claimed to have uncovered a vein of almost pure nickel, and expressed the opinion that a larger range of it would be found to exist there.

"If the richness that is apparent in this country was apparent in the Larder Lake country people would be going wild over it," said Crowley.

POTATO BEETLES ARE PLENTIFUL

are Causing Destruction in the Potato Fields in the Country

These are the days of the potato bugs. They are getting in their fine work on the Murphy patches all over the country and the poison can is in constant use. The beetles are said to be unusually plentiful this year, and one farmer declares that they are sitting on the fences waiting till the rain washes off the Paris Green. Then they jump in with both feet as it were and make war on the tops.

COW BECAME VERY SAVAGE

Lindsay, July 29.—Mr. Dennis Callaghan, of Reaboro, happened with a sad accident this morning while at wrok in his barn. He had just fed the cows and was going to leave the barn when he was charged by one of the animals and knocked down on the cement floor. He was not long in making his escape, although seriously injured. Dr. Blanchard was sent for and found him suffering from a fractured shoulder blade.

This is a bad time of the year for a farmer to happen with an accident of this kind, with the harvest just coming in. The public wish Mr. Callaghan a speedy recovery.

Murderer Is Caught.

Sault Ste. Marie, Ont., July 30.—Ike Scigliano, the Italian who figured in the fight in little Italy Sunday night, and later escaped, has been arrested at Brimley, Mich., and brought to the Soo.

Scigliano is the man who, it is alleged, beat Beaga Pasicios brains out with a club. When arrested he broke down and cried like a child.

Hurt by Reaper.

London, July 30.—Charles Jones, a Westminster farm hand, was perhaps fatally injured in the harvest field Tuesday morning. While fixing the reaper the horses became frightened at a passing automobile and suddenly started. Jones was thrown on the knives and badly cut about the feet and hands. His skull was also injured.

Professor Going West.

London, July 30.—Dr. J. H. Alexander, classical professor at Western University, has resigned to accept a position in the new university at Alberta.

Supposed Incendiary Fire.

St. Catharines, July 30.—Fire supposed to be of incendiary origin destroyed the barns of Robert McLaren, Yate street, yesterday morning.

Fighting In Mexico.

El Paso, Texas, July 30.—A special to The New York Herald from Del Rio says it is reported there that the Mexican troops and revolutionists had an engagement in Mexico opposite Comstock, Texas, and that two American residents of Mexico were killed. American troops, it is said, have been despatched from Del Rio to the scene of the fight.

Unwelcome Pastor Goes.

Amherstburg, July 30.—Peace has settled upon the Methodist Church, which was in open rebellion because the stationing committee of the London conference removed Rev. William Godwin, pastor for the last two years, and sent Rev. Richard Redmond in his place. Rev. Mr. Redmond will be removed.

Body Found In Canal Locks.

Montreal, July 30.—The body of August Lacoste of St. Henri was found in Cote St. Paul locks early yesterday. His bank book, watch and all his trinkets were found in his pocket. No marks of violence were found on the body, and just how the man met death is a mystery. An inquest will be held.

Electrician Killed.

Ottawa, July 30.—Isidore Fournier, aged 28, an employe of the Hull Electric Co., Hull, received a fatal shock yesterday morning while working at the switchboard at the company's power station on Main street.

Fallieres Leaves Baltic.

Reval, July 30.—The visit of M. Fallieres terminated Tuesday night with a state banquet on the French battleship Verite, after which the French squadron departed for Christiania.

Asphalt Plant Burned.

Ottawa, July 30.—The municipal asphalt plant was put out of business by fire early yesterday morning. The building and machinery were practically destroyed, entailing a loss of several thousand dollars.

Going to Ottawa.

Ottawa, July 30.—There is no doubt that Rev. W. J. Hunter of Toronto will succeed Rev. P. L. Richardson in the pastorate of McLeod Street Church as soon as the necessary formalities are through.

C. P. R. Will Accept.

Ottawa, July 30.—William Whyte, general superintendent of the C. P. R. western division, writes to the Labor Department that they will accept the findings of the conciliation board at Winnipeg, though all are not satisfactory to them, to assist the spirit of the Lemieux Act.

Premier Going to England.

Toronto, July 30.—Sir James P. Whitney, Prime Minister of Ontario, will sail for England on provincial business about Aug. 12, and will probably be gone about six weeks.

CABINET HAS PLENTY OF WORK

Heads of Departments Have a Lot of Work Ahead of Them

Ottawa, July 30.—At a series of Cabinet meetings, which will commence on Friday, a number of important matters will have to be disposed of and several appointments which cannot be long delayed will probably be made.

These will include two civil service commissioners, who will be responsible for carrying out of a new act which comes into force on Sept. 1.

Then there are three new posts on the Railway Commission to be filled, in connection with which the names of W. Galligher, M.P., Hon. H. R. Emmerson, William Whyte of the C. P. R., and Mayor Darcy Scott of Ottawa and several others have been mentioned.

Other appointments which must be made soon include a King's printer to succeed Dr. Dawson, a law clerk of the House of Commons to succeed the late A. McCord, and two purchasing agents for the Department.

Less urgent appointments include new Lieutenant-Governor for Quebec and Ontario and a Senator for Nova Scotia.

The commission to rebuild the Quebec bridge has also to be named and a staff of officials appointed to put the bridge into working order.

Desertion May Be Charged.

Belleville, July 30.—Two members of the 16th Regiment of Prince Edward, who went to Quebec with their regiments, then left for home because conditions did not suit them, may be tried for desertion. They are Privates Fralick and Reeves. Col. Young of Kingston is said to be moving in the matter. The men, if found guilty, are liable to three months' imprisonment.

They say they did not know they were doing wrong, as they had not signed the service roll.

Throws Man Overboard.

Kenora, July 30.—During an altercation on Monday afternoon on board the steamer Standard, a work boat of Sutton & McArthur, a Swedish foreman in their employ, threw overboard a young Scotchman named Robert McKay. All means were taken to rescue him, but without avail, and during the excitement that followed the Swede disappeared. A search for the murderer has been instituted.

THIS BRYANITE WAS MOBBED

Tried to Name Nebraskan on Independent Ticket

Chicago, July 30.—The first national congress of the Independence party finished its labors early yesterday, after nominating Thomas L. Hisgen of Massachusetts for President of the United States, and John Temple Graves of Georgia for vice-president, and adopted a platform of principles. The nomination of Hisgen was reached on the third ballot, with a vote of 831 out of 948 ballots cast. Graves was named for second place on the ticket by acclamation.

John I. Shepard of Kansas, who attempted to put W. J. Bryan's name in nomination, had to be given the protection of the entire force of Independence party officials to save him from the infuriated delegates. Shepard was escorted from the hall by a detail of sergeants-at-arms, while the crowds of delegates surged around and denounced him as a traitor.

The national committee was expected to meet yesterday, having been authorized by the committee to fill any and all vacancies.

Stupendous Waste.

London, July 30.—Addressing a meeting at Queen's Hall, in connection with the International Peace Conference, David Lloyd George, Chancellor of the Exchequer, dealt at considerable length upon the scare rumors concerning the relations between Great Britain and Germany.

"It is deplorable," said the Chancellor, "that two great and progressive communities like Germany and Great Britain should not be able to establish a good understanding such as we have concluded with France, Russia and the United States. We are spending each year 60 million pounds sterling for war, which is a stupendous waste."

Three Hundred Are Pledged.

London, July 30.—(C. A. P.)—Three hundred members of Parliament and several Ministers all pledged to the removal of the Canadian cattle embargo. It is pointed out that 2,000,000 Canadian cattle have been imported in twelve years, and no cases of disease have been reported. The Canadian Cattle Association was determined to make another appeal to the Government.

HOT WEATHER CAUSES LARGE AMOUNT OF SICKNESS HERE

Doctors are Unusually Busy—Many Children Suffering From Various Summer Diseases.

The extremely hot weather is having its effect upon the health of the people of Peterborough. The continued spell of unusual heat has caused much sickness of several kinds and doctors state that they were never busier. A number of the city's physicians are also away on holidays and this has resulted in more work for those left behind. Among babies and children there is an unusually large amount of sickness, and the death rate for the month of July will likely be higher than the average.

Typhoid fever prevails in the city to some extent, but only one or two cases are of a serious nature. The majority of cases have been taken in time and the doctors have been able to keep the disease in check.

Several doctors who were spoken to by the Review, said they were exceedingly busy at the present time. "I'm on the go day and night," one of them remarked, "and have more cases than I can really attend to. But what is one to do?" The continued hot weather is ascribed by the doctors as the cause of a large amount of the sickness.

LESLIE RESIGNS AS TREASURER

The Toronto Exhibition Treasurer Quits Because of Shortage

Toronto, July 30.—The appointment of Frank F. Brentnall, cashier in the Inland Revenue Department, to the treasureship of the Industrial Exhibition Board, succeeding Col. J. K. Leslie, resigned, will probably be made at a special meeting of the directors to be held in the exhibition board room at 4 o'clock this afternoon.

Col. Leslie's letter of resignation was, it is learned, received at a private meeting of the executive committee yesterday afternoon. Under the circumstances the committee considered that only one course was open to them, and it was agreed that the resignation should be accepted. The shortage is now shown to be $8,000.

Syndicate After Newspapers.

Montreal, July 30.—It is said a syndicate of interests are about to take up The St. John Telegraph and Times, with a view to enlarge and improve them. The close proximity of the general elections and reports that Liberals were trying to secure the papers, have, it is said, induced certain people to step in with the view to securing journalistic influence in New Brunswick. John McCane is at present in Montreal. While he admits that negotiations are going on, he is reluctant to reveal any knowledge.

Painter Falls to His Death.

Hamilton, July 30.—Norman Stuart Easter, 281 West Main street, fell 100 feet at the steel plant yesterday afternoon and was almost instantly killed. He was only twenty years of age. He was engaged in painting a funnel when a rope slipped, allowing him to fall.

Kingston Hotel Project.

Kingston, July 30.—A scheme is now under consideration of asking the ratepayers to express themselves by a vote as to granting $7,500 towards the erection of a summer hotel here. Capitalists would provide the balance.

Taft's Boat Fired On.

Cincinnati, Ohio, July 30.—The steamer Island Queen was fired on during the trip up the Ohio river on Tuesday night with Judge William H. Taft and the notification committee and guests aboard.

Mrs. C. B. Russell of this city, standing on the hurricane deck, directly under the seat occupied by the Presidential candidate, was struck in the face and breast by a number of shot. She was not seriously injured.

Jailbirds For Harvest.

Winnipeg, July 30.—A proposal has been made by Provincial Immigration Agent Burke to release the jailbirds with good conduct records to work in the fields of the Northwest this fall. This, he says, will help to solve the labor problem. It has been successfully tried in the United States.

Prince Rupert Lots Held.

Vancouver, July 30.—By mutual arrangements between the G. T. P. and the Provincial Government, it has been agreed not to put on sale Prince Rupert lots until the spring of next year, probably May.

Dead In a Hovel.

Ottawa, July 30.—Mrs. Thomas Berrigan was found dead lying beside her bed in a hovel on Ellen street yesterday morning. Her husband was lying insensibly drunk in the adjoining room.

Three Years For Theft.

Winnipeg, July 30.—Arthur F. Priddy, a young postoffice clerk here, was sentenced to three years in penitentiary yesterday for stealing registered letters valued at $200.

Socialist Gets Off.

St. Catharines, July 30.—Magistrate Campbell yesterday dismissed the case against Ernest Drury, the Toronto Socialist, charged with blocking the street by addressing a crowd on a street corner. The magistrate decided that the crowd had not blocked the street.

Chamberlain's Return.

London, July 30.—Joseph Chamberlain, who returned from the Continent on Tuesday and is remaining in London for a few days on his way to Birmingham, is reported as being in a very grave condition.

FLEET GOES IN THE NIGHT DEPARTURE OF THE PRINCE

When City Awakes in Morning British and American Vessels Are Gone—Garneau is Given Knighthood in Legion of Honor by President Fallieres.

Quebec, July 30.—Quebec had resolved on a splendid reception to the Britsh fleet on its arrival, ten days ago. Then Quebec rose to breakfast one morning and found the vessels quietly anchored in the harbor as though they had dropped, seabird like, from the skies.

People heard that the fleet was to sail yesterday morning and they expected a sensational departure with a great banging of farewell salutes. The evening papers took pains to put plenty of gunpowder into their anticipatory descriptions, and these prophetic reverberations are still echoing.

The facts are different and far more impressive and seamanlike. In the early hours of morning scarcely a soul was to be found on Dufferin terrace. Round and round the deep sea cradle of Sailor Prince, a little launch, showing the red eye as she turned down the river, circled with ceaseless vigilance at 1 o'clock in the morning.

SIR GEORGE GARNEAU,
Whom Fallieres Creates Knight a Second Time, In Legion of Honor.

Two reporters sat on the terrace pavilion. A family, father and mother and two daughters, from the historic ball, came along to see the last of a relative of the Duncan. Two old ladies followed to swell the group, while a casual night hawk completed. In the far eastern corner a little knot of men also watched and waited. Perhaps there were a dozen all told.

This was Quebec's farewell to the Prince of Wales. At 2.20 a rocket from the Exmouth rose quietly and fell in silvery light. It was answered from the Albemarle shortly. Then five bells were tapped and answered from ship to ship, the Yankee and the Frenchman also counting the hours.

At six bells, another rocket from the Exmouth announced that sundry heavings and creakings had been successful and the anchor was apeak. Dawn was slowly lighting in the east and the morning star glowed with pale fire above the Isle of Orleans. Rockets rose at intervals from the Exmouth, and finally one sprang from the Indomitable. A boat flitted past at 3.15, and the watchers cried out, "There she goes." The Exmouth was free of her moorings and moving with stately leisure down the broad fiord.

Two or three ship's lengths behind the Exmouth followed the Duncan and at a similar distance the Venus. Not one of them had made as much noise as the little ferry boat, yet their great anchors had been shipped, the pinnacles and launches made snug, and, with lights still shining, they were putting out for sea.

At 3.45 the Albemarle followed with the Russell and Arrogant in order similar to the first three, which by this time were lost in the haze round Indian Cove.

An hour later the New Hampshire hoisted her anchor and with an admiral's salute swept out of the harbor with a cloud of smoke. Vice-President Fairbanks had left the previous evening.

The French ships leave this morning and Quebec begins to assume its natural air of stern solitude.

A compliment from the French Government to Quebec was announced yesterday by Admiral Jaureguiberry, President Fallieres having conferred on Sir George Garneau, the mayor, the knighthood of the Legion of Honor.

Yesterday's program was quite as varied as during the last few days, but there were only Canadians present to participate. The children's fete and fireworks of Tuesday were repeated at 4 o'clock in Victoria Park and drew immense and appreciative crowds from the lower town districts.

The Indians in the spectacle have not received full justice in the notices given of Mr. Lascelles' great spectacle. All but one of those who take part are of native blood, the principal being Chiefs American Horse, Deep Sky, Scarface, Sozay and Big Thunder. Mr. Lascelles and Mr. Blaney are to be initiated to-night into this tribe of Iroquois, although Mr. Blaney is already one of another nation.

Extra performances of the pageants are to be given on Friday and Saturday.

Earl Grey yesterday received the following despatch from Earl Crewe, Secretary of State for the Colonies:

"London, July 29.—Now that the Quebec celebrations are at an end, I wish to congratulate Canada and the Governor-General upon the singular success which has attended them. The British Empire as a whole is much to be congratulated upon evidence which has been given of the loyalty and hearty co-operation within borders and of kindly feeling without.

"The enthusiastic welcome given to H. R. H. the Prince of Wales is of happiest omen for the future."

A reception was held by His Honor Sir Geo. Garneau in the City Hall last night, for such of the citizens and others as were able to appear in evening dress. Supper was laid in five different rooms and the council chamber was converted into a reception salon.

VICIOUS ATTACK ON TWO WOMEN

Boarder Beats Landlady and Her Sister—One May Die

Kenora, July 30.—Driven insane over an unpaid board bill, a murderous attempt was made early Tuesday evening upon Mrs. A. Humphries and her sister, who resides with her, by a young Englishman named Johnston, who has resided with them for several months.

Unable to pay his board, he was notified to leave, and after remaining away for some days returned on Tuesday evening, and entering the house attacked Mrs. Humphries and her sister with a hammer, fracturing the skull of the former and injuring the latter, probably fatally.

Mr. Humphries entered while the assault was being made, and forced Johnston to desist, after severely injuring his hand in the struggle. Both ladies are in the hospital here, and Johnston has been placed under arrest.

Thousands Are Drowned.

Hong Kong, July 30.—Reports from Canton say that the scenes following the typhoon of Monday night last are heartrending.

Thousands of Chinese were drowned. Over a hundred native vessels were wrecked.

The British river gunboat Robin and the French river gunboats Argus and Vigilante went adrift and were considerably damaged.

Labor Won't Welcome "Bobs."

Ottawa, July 30.—There was an attempt to get labor men to assist in welcoming Lord Roberts to Ottawa, but it has fallen through.

The international organizer here said labor unionism was entirely foreign to war and aimed at universal brotherhood. Therefore could not acclaim the British general.

Jail-Breaker Caught.

Sault Ste. Marie, Ont., July 30.—Jos. Trumbley, who broke jail on Monday, was arrested yesterday morning at Tagono, brought before a magistrate and given two years in Kingston. When he broke jail he was serving an eight-months' sentence for burglary at Blind River.

THE FATALITY AT SMITH'S FALLS

Mother Tried Hard to Save Her Children From Death

Smith's Falls, July 30.—Robert Howard, a C. P. R. conductor, lost his home and two little children, aged five and three years, yesterday morning, by fire caused by the explosion of a coal oil stove.

The mother went to a neighbor's taking a young baby with her, leaving the two other children in their beds above the kitchen. She had only been away a few minutes when an explosion occurred. The mother rushed frantically to the door of her home, but was driven back badly burned by the flames, and carried away insensible. The children by this time were aroused and crying piteously, but the flames had gained such headway that their lives could not be saved.

Niagara Peninsula Line.

Welland, July 30.—There is a revival of the project for the construction of an electric railway from Dunnville across the Niagara Peninsula.

James A. Ross, M.P.P., of Wellandport, president of the company which holds the franchise, got into communication with George Dunstan of Toronto and P. T. McGrath of Worcester, Mass., and they have expressed themselves as willing to finance the road if their terms are met.

The line they propose to build would run from Dunnville by way of Wellandport and St. Ann's to Beamsville and connect there with the Hamilton, Grimsby & Beamsville Electric Railway.

To Discipline Navy.

London, July 30.—To preserve the discipline of the navy, Sir Percy Scott, whose command of the cruiser squadron has still a year to run, has been appointed to the command of a special small squadron which will visit South Africa in the autumn, during the sitting of the convention for the federation of the South African colonies.

The appointment is evidently made to remove the possibility of further friction between Sir Percy Scott and Lord Charles Beresford.

More proof that Lydia E. Pinkham's Vegetable Compound cures female ills.

Mrs. John Scott, 489 Grand Trunk St., Montreal, writes Mrs. Pinkham: "I was very much run down in health from a female trouble, was thin, nervous, and very weak, and suffered from bearing down pains. Indeed I did not care whether I lived or died, I felt so badly sometimes.

"Lydia E. Pinkham's Vegetable Compound completely cured me of all my troubles. I gained in flesh, and am free from backache, female trouble, sick headaches, and nervousness.

"I heartily recommend Lydia E. Pinkham's Vegetable Compound for all woman's ailments, knowing what it has done for me."

FACTS FOR SICK WOMEN.

For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ills, and has positively cured thousands of women who have been troubled with displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, that bearing-down feeling, flatulency, indigestion, dizziness or nervous prostration. Why don't you try it?

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health. Address, Lynn, Mass.

The Daily Review

THURSDAY, JULY 29, 19 08.

TECHNICAL SCHOOLS

What a vast benefit it would be to Canada and Canadians if a really good system of technical schools were established throughout the country, in lieu of some of the money-grabbing schemes now before a dazed public. The chemist, the draughtsman, the designer and the mechanician are all now members of the staff of every manufacturing concern of note in Germany, France, United States and Great Britain. We cannot afford to lag behind. Moreover, it means the mental betterment of our people at large. The dignity of labour, assumes a new meaning. Production becomes a science not a mere unlearned toil. Men who work, work infinitely better when they know what they are doing and can take an intellectual interest in it. But the earning class is not the one Laurier looks after. Whitney can represent Ontario only. Let us take a look round. Whose Canada is it today? The rich man's Canada.

THE TARIFF

That the tariff is to be the main issue at the next general election is becoming more and more manifest. Editorial after editorial deriding the protectionist principle appears in the chief organ of the Liberal party. Deductions illustrative of unsound conclusions fill the Liberal press from day to day. Economic laws are immutable as those of the Medes and Persians according to the Globe when a child almost, can see that even the law of gravitation is effectually offset by a contrivance to that effect. Fatalism or free-trade is what the Globe is preaching again. Hogs are going down and there is no way out of it, it cries but to do something else as if running from one branch of industry to another as a cure-all were not a thousand times more ridiculous than an effort to protect. The wages of folly unfortunately rise all too rapidly as those of industry go down. We are sowing the wind and will speedily reap the whirlwind. Borrowing money, however, seems to the Globe a perfect miracle of finance. Thus do the two policies of the two parties differ.

CROKER NOT CROAKING

Dublin, July 29.—Richard Croker yesterday expressed the belief that Mr. Bryan would win in the presidential elections in the United States. As for Mr. Roosevelt, he was all right for writing books but that sort of man was not wanted for President. Governor Hughes should be in the Salvation Army.

DODD'S
KIDNEY
PILLS
CURES ALL KIDNEY DISEASES
RHEUMATISM
BRIGHT'S DISEASE

Continuing, Croker said: 'Who would be elected king of the world tomorrow if there was an election for every mother's son on the globe? Roosevelt? Hughes? Not for a minute. But who? King Edward! There is the most popular man in Christendom, and why? Just because he is the sort of man I say ought to lead the nation—a big, broad man, a man who knows the whole game and not a part of it—an all-round gentleman, who enjoys a fair game and understands the poor tinker in the two-bit ring as well as the rich man somewhere else doing the same thing. No, sir: there is more freedom —actual freedom —here in Ireland today than there is in New York. And men like Roosevelt and Hughes are the cause of it."

This despatch is somewhat startling we must confess. The tribute to King Edward and monarchical institutions is "very sudden" as the shy maiden remarked on being proposed to. There is a good deal of truth in what the Boss says all the same. The disposition to find short cuts to freedom is essentially Americanesque and sometimes also grotesque. On this continent we are so "advanced" that the minute we see something that "we think needs rectifying," we demand a law to that effect. Moral suasion "cut no ice" here. Nuances as they say in music do not exist in our system of character-building, national or individual, although that we can do some "shady" work in that line we will admit. Of course Mr. Croker more particularly refers to the New York anti-betting laws and similar legal enactments. They are a wise provision. So also are laws to cut out dives of all sorts. But that Boss Croker should find that America is going too far proves either that he is right or that America is right. Which is it?

THE TARIFF AND SHODDY

It may perhaps be that Mr. Fielding is ignorant that such is the fact. If however, he will take the trouble to analyze one hundred samples taken at random from goods imported by the wholesale manufacturers of clothing in Canada he will find that a considerable percentage of these samples contain a large amount of shoddy and cotton. Indeed many of them will be found to have no pure wool whatever in their construction. It is to limit the importation of this class of shoddy trash that the woollen manufacturers seek to have the tariff amended.—The Toronto News.

It is against poor material that the Canadian mill is asking protection. We do not manufacture goods of the very highest quality, but strange as it may seem to some people, nevertheless, the fact remains, which anybody sufficiently interested can find out for himself, our ordinary Canadian goods are swamped not by stuff of equal merit, but by the product of the shoddy mills of the north of England.

Before, however, going into this question of woollens and the tariff, let us ask ourselves if we want a woollen industry in Canada? He will be a poor Canadian, we fancy, who will want his country to grow up dependent upon another in this or any other material respect. Moreover, the same reasoning applies to other things as to woollens. If woollens have "to go," so should and must the others. We sink back straightaway to a mere supply station in wheat, timber, etc., for the world, and in no sense a nation self-contained, and one of the future world-powers. Once more as in 1874, we relapse into the peaceful quiet of pastoralism. We can picture a Canada with fields of waving grain, the hills white with innumerable flocks, the vales resonant and redolent with gentle swine, the turkey "gobbling" in the first streak of dawn, the milkmaid singing as she thinks how the milking is done by machinery (made in England). All this is very nice, if we could be quite certain that we could do it all on equal terms but there's the rub. We can't live without clothes, implements, machinery, etc. In fact, the new condition just as it was in 1878 would be that Canada will again become a slaughter-market one day, and the next the plaything of the world. We are, or will be, under such circumstances at the mercy, as we were before, of the U.S. We would be at once the laughing-stock and the victim of nations which know better. Moreover, what applies to Canada applies elsewhere, and if it came into universal vogue each country would do what it was best suited to do. So far so good if this were founded on fact. But these other countries have tariffs and the old question arises "if they will persist in unfair trade conditions shall we continue to bear the burden?" In 1878 this left us a 'hopeless, helpless wreck, a waste, a universal soup-kitchen, a dull, cold, cheerless void. Do you want this to return, elector? If not, then vote against the return of the Liberals to power. They have slain our woollens and will do likewise with all our manufactories.

But you say that you cannot pamper a trade that should fight on equal terms. Equal terms remember, is vastly lower wages. We cannot have coal at $2.50 a ton as in Britain. We cannot get our wool next door in the world's market at London. Free trade has made Britain a manufacturing country. It would make Canada an agricultural country without a home market and on a par with Argentina and the Egypt of the fellaheen. Do you want this? If so, vote for Laurier. Ancient slavery was physical. Modern slavery is financial. "Give me the cash and I care not who does the work" is the motto of to-day. Be assured that unless Canadians stand ready to "protect" themselves, whether in woollens or any other way nobody else will do the needful. One page of history is worth all the preaching. Do you want 1874-8 back again? Not even the farmer prospered. The farmer admits that the home market—under protection—is worth two foreign markets. In the last analysis protection is the balance-wheel of modern commerce and we must have it to live.

EDITORIAL NOTES

The investigation into the recent gaol delivery in Toronto discloses the method of escape to have been lock-picking with broomstraws. The lock was a balanced affair that was easily managed.

New Westminster, B.C., has lowered the colors of the mighty Shamrocks, who are, without doubt, the pick of eastern lacrossists. We congratulate our fellow-countrymen from beyond the Rockies.

The Lethbridge Herald says that farmers in the new provinces have gone out of hog-raising as consumers prefer American to Canadian pork, which is largely a matter of taste. The difference is said to lie in the curing.

The delusion that political institutions affect economic conditions has a strong hold on the American mind. —The Globe.

That would be no more absurd than the assistance of any other industry by bonus or tariff.—The Globe.

The National Transcontinental from Winnipeg to Moncton is being built by the people of Canada for the people of Canada. The people will own it.—Manitoba Free Press (Liberal.)

And what good is half a transcontinental railway to anybody!

The row amongst the admirals in England is said to be due to the wish of their wives to advance their husband's interests. As usual, attempts are being resented by the nation at large, which has worked itself into a passion over the present condition of affairs.

The Times, Mail and other English papers are of opinion that their athletes are not in it with those on this side of the Atlantic, but they are by no means satisfied that the old-fashioned way is not after all the most suitable for what is known as "British sport," where excellence is not a first consideration.

The old-age Pensions Bill is now before the Lords. Opinion in Great Britain is divided. A non-contributory system of pensions appears to many a system of national poorhouse legislation. Others think otherwise, and that it is a good thing for the "puir bodies." The British Weekly is strongly in its favor.

Little incidents like straws in pigs' mouths, shows how the Free Trade wind blows. A Jew in a certain town opened out a slaughter-house for dry goods and threw the dry goods trade of the place into a trance. When the trance was over the Jew had illustrated the uncertainty of that sort of game by leaving an empty shop and disorganized local trade. Those who are believers in a free and unprotected trade had a fill of its absurdity.

It has been demonstrated that the woollen industry of Canada is rapidly being wiped out. The tariff on British woollen goods is from twenty-two and a half to thirty per cent. It may be asked whether, if this measure of protection is not adequate, the interests of the consuming public would not be best served by a refusal to raise the tariff and the abandonment of woollen manufacturing in Canada.

When the subject is properly considered it is difficult to come to any other conclusion than that the interests of the woollen manufacturers and the interests of the public are identical in the continuance and upbuilding of a great manufacturing industry in this country. Every argument which can be used in favor of fostering any other branch of manufacturing must apply with equal force to that of woollens.—The Toronto News.

THE NATIONAL ANTHEM

To the Editor of the Review.

Sir,—You surely are mistaken in considering the national anthem from the point of view of loyalty. It is a prayer to God and should be so received, when it is almost blasphemous to play the music when the audience are leaving a place of amusement.

CASTORIA

The Kind You Have Always Bought, and which has been in use for over 30 years, has borne the signature of Chas. H. Fletcher and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but Experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is Pleasant. It contains neither Opium, Morphine nor other Narcotic substance. Its age is its guarantee. It destroys Worms and allays Feverishness. It cures Diarrhoea and Wind Colic. It relieves Teething Troubles, cures Constipation and Flatulency. It assimilates the Food, regulates the Stomach and Bowels, giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

GENUINE CASTORIA ALWAYS

Bears the Signature of

Chas. H. Fletcher

The Kind You Have Always Bought

In Use For Over 30 Years.

THE CENTAUR COMPANY, 77 MURRAY STREET, NEW YORK CITY.

WAS MOURNED AS DEAD CAME HOME WITH A FORTUNE

Toronto, July 29—Missing for six years and long ago mourned as dead B. E. King, a former Toronto man, has turned up in Toronto and writes to his relatives here that he has made his fortune in fruit raising in California. He is a brother of Mr Montague King, the well known head agent for Scott and Walmsley here, and a son of Lieut. Charles T King, of King's park, Lake Rosseau.

Six years ago, Mr. King was a young man of twent-seven with a wife and three year old son. He was living at Calgary, where he had disposed of his interest in a large ranching proposition. One day he got on a train to go to Fort William. He was known to be sick at the time. As he never arrived there it was presumed that he had left the train at some intermediate point. No word came from him, and he was mourned as dead.

His brother and other relations made enquiries all over the continent but no clue was found. Now his father has received a letter which says that he is well and sound, and coming home with enough money to live comfortably the rest of his life. He does not explain the circumstances of his disappearance, but merely says he has been in California. He writes from Seattle.

His wife is a niece of Col. George T. Denison of Toronto and it is desired to reach her with news of her husband's home-coming.

NOTES OF THE RIVER

The couple were going down stream and the young man took the centre of the river instead of passing on the left of the buoy. The canoe, with a grinding noise, ran upon the rocks at the "Bonnet." The paddler balanced the canoe as best he could and called for assistance. The two were rescued from their perilous position by three young fellows were were out for a row in a skiff.

A LATE CATCH.

About eight o'clock last night when the sun had disappeared behind the hills, Mr. Fred Brennan, of King street, hooked a nine and a half pound lunge between Rye's boathouse and Crawford's Grove. He had been trawling on the river during the evening and while he had neglected to pull the line in did not expect to catch any fish and was quite surprised when he felt the sharp tug on the line and discovered the had captured a big lunge.

A REAL DANGER

The habit of running gasoline launches on the river without headlights is something that is not to be passed over lightly. The neglect on the part of launch owners to comply with the law in this respect is most deliberate and the negligent parties should be punished.

"Where are your lights." is the common cry of the canoeists now as the evenings grow dark, when launches without any headlights go sportes without any headlights go shooting by.

The practice referred to is not only a nuisance but a positive danger as a drowning accident as the result of a collision between a launch and a canoe is liable and even likely to take place on any of these dark evenings.

NEARLY AN UPSET

Last night about 8.30 an upset nearly occurred at Yankee bonnet. A young man was out paddling with a young lady and apparently was not very familiar with that dangerous place in the river—the bonnet.

Lord Roberts will visit London for two hours on August 6.

Wm. Campbell, aged 75, of Oakland, N.B., was found dead in the woods.

LAKEFIELD MAN ON DIRECTORATE

Of Canadian Society of Maryland Which was Recently Organized

The Canadian Society of Maryland was recently formed, and elected the following officers:

President—James J. Carmody, formerly of Montreal.

Vice-president —F W Jackson, formerly of Kingston.

Treasurer—Dr A Colin Gillis, formerly of Antigonish, NS.

Secretary—Charles A. Mittleberger, formerly of St. Catharines.

Board of Directors— John Dixon, Hamilton; Edward F Kirkness, Hamilton; Samuel B Sherin, Lakefield; J A Moison, Quebec City; D J P. Murray, Cornwall; Henry S Bell, Chatham, N B.; Michael P Moisan, Quebec City; Dr A D. MacDonald, Inverness county, NS.

All are residents of Baltimore, Maryland

It is the desire of the officers, and members to reach every Canadian living in the State of Maryland, and have them become members of the society.

Any resident of this city having friend in the state of Maryland, would do well to advise them to join this society and for this purpose to communicate with one of the officers above mentioned.

James Conner, of Fredericton, was killed by a fall from the new bridge across the St. John at Pokiok.

Rev. H. Grant, a local option inspector in Nova Scotia, was acquitted at Guysboro of a perjury charge.

STRAWS SHOW WHICH WAY WINDS BLOWS

Hon. J. R. Stratton Pays a Visit to the East Riding for Organization Purposes

The Havelock Standard says:

Hon. J. R. Stratton was in Havelock on Monday evening. It has been arranged that a meeting of the Liberals of Havelock village and the township of Belmont, will be held in the council chamber, Havelock, on Tuesday evening, August 4th. The object of the meeting is for organization. Mr. Stratton was interviewed by the Standard when in the village and in answer to the question, "If it was his intention to be a candidate in East Peterborough," he stated that he had no desire to be a candidate in any constituency but he thought there might be a little better organization of the Liberals of East Peterborough without much difficulty.

GOOD MEN ONLY ARE WANTED

Ordinary Labor Does Not Have a Chance at Prince Rupert on Railway Construction

The crowds of workingmen sent to Prince Rupert by employment agencies are becoming smaller as conditions here are understood by workmen at Vancouver, and Seattle, says the Prince Rupert Empire. No workingman should come to Prince Rupert unless engaged at a definite rate of wages by an agent authorized in writing by Foley, Welch & Stewart, to hire men to work on the Grand Trunk Pacific railway. If a man accepts a job when he knows the wages he is to get, and the conditions under which he is to work, he has himself to blame if he makes a mistake. Men landed at Prince Rupert will be anywhere from 25 to 100 miles from where they will be required to work, and there are no roads along the Skeena river. Men must pay to be taken from Prince Rupert to the construction camps on the river unless they have a written contract to the contrary. Only men accustomed to railway construction work should come, for others are not worth their board until they are broke in and learning the trade is no soft job.

AUTHOR OF BILL IS ATTACKED

Because He Appeared on Floor of House in Fancy Suit and Gay Socks

Atlanta, July 29.—The bill before the Georgia Legislature to prevent women from enticing men into matrimony by alluring styles of dress promises to prove a boomerang to its author, George Glenn.

Boyd, of Spalding, has introduced a resolution reciting Glenn's attack on women's apparel, and in view of that attack, calling for a committee to find out why "Glenn has appeared upon the floor of the House dressed in a fancy 'soda water' suit with socks which put the rainbow's hues to shame, with a collar ambitious to cut off his protruding ears, and a necktie of changeable silk which reflects as he moves the crimson of his nose, with his face closely shaven and covered with talcum powder, and his hair with all the cockleburrs carefully combed out, brushed back from his high forehead, and carrying a handkerchief scented with German cologne."

The resolution recites that such dress is not consistent and further declares that Glenn is adorning his person beyond its natural possibilities.

THE MARKETS.

Central Canada EXHIBITION AT OTTAWA

Sept. 18th to 26th, '08

Displays will far excel those of any previous year. A Grand Pure Food Exhibit is to be made by Canadian manufacturers.

High class vaudeville programme will be given daily in front of the Grand Stand in addition to the horse races.

The night entertainment will consist of the latest comic opera "What Happened Then?" by the famous De Wolff Hopper and all star company. Popular prices will prevail.

A grand display of paintings and Ladies' Work will be made to signalize the opening of the handsome new fire-proof building, now being erected at a cost of $12,000.

The special attraction in front of the Grand Stand in the afternoon will include the latest European novelty "Del Oro's Performing Cows." This attraction is billed to appear in Ottawa for the first time in America. There will also be a most sensational automobile race on a specially constructed incline, the contesting chauffeurs being two daring young women.

There will be balloon races daily with a double parachute descent from each balloon by the famous Prof. Hutchison and companion.

Get the official programme when issued next month.

PRENTICE BOYS CHURCH PARADE

The annual church parade of Jubilee Lodge, No. 7, Prentice Boys, in commemoration of the closing of the Gates of Derry, will be held on Sunday evening, Aug. 9th, to the Charlotte street Methodist church, when the pastor, Rev. H. G. Henderson, will deliver an address. All Orange Lodges of this district are invited to join with the Prentice Boys in making it a success.

OBJECTED TO "MERRY WIDOW"

Chatham, July 29.—Citizens living on St. Charles street brought a big kick to the police court yesterday afternoon; They claim that a gang of bad boys kept them awake recently by using naughty language.

"They were singing a song called the 'Merry Widow,'" said one of the complainants.

"What is the Merry Widow song,' asked the chief. "Isn't it nice."

But as none of the reporters had heard it, they could not answer his question.

"Now if it had been Directoire song instead, I would have known what to do with the boys right off," said the Chief.

However the citizens have lodged a complaint about bad language, the boys in question have been summoned to appear in court, and the citizens who have complained will be asked to appear as witnesses against them.

THEY PASSED THEIR EXAMS.

The following is the result of the promotion examinations held in S.S. No. 2 Otonabee, Lang, P.O.;—

Sr. III to Jr. IV—Lenore Bowie, Bertha Chatten.

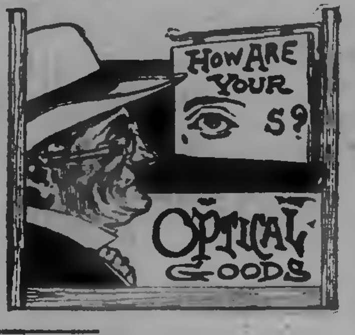
Sr. II. to Jr. III.—Mary Dinsdale, Mary Carey, Cecil Edwards, Harry Edwards, Louisa Speirs.

Sr. Part II to Jr. II—Logan Bowie.

C. H. ARGUE,
Teacher.

A deposit of silica is reported found on Charles Reob's farm, Wainfleet.

A Pertinent Question



Are your eyes good yet—have you perfect vision for long or short distances? If there is anything the matter with them, now is the time to have them examined, and, if necessary, properly fitted with correct Glasses. The wrong kind of lenses would injure instead of improve your sight. We are expert Opticians, and understand everything in connection with the human eye and Glasses for same.

Charges most reasonable.

FRUITLETS ARE FOR SALE NOW

Product of Canadian Chicle Company—The Kandy Gum of the Gum World

For the first time since the plant has commenced operations the Canadian Chicle Company at the corner of Park and Weller streets, turned out for public disposal their lavender tinted "Kandy Gum."—Fruitlets.

The company has been favored with an order to supply gum for the Canadian Railway News Company which places the gum for sale on the trains and boats. This is an excellent opportunity of introducing the Canadian Chicle Company's gums to the public and there is no doubt they will attain great popularity as they are of a quality much superior to the large bulk of the gums now being manufactured even by the oldest firms.

BAND CONCERT PROGRAMME

What the 57th Regiment Band Will Play To-morrow Night

By permission of Lieut.-Col. Stevenson and officers the band of the 57th Regiment will give the following program in Victoria park tomorrow evening under the direction of Bandmaster Gliddon.

Cornet solo, selected, Sergeant Hughes.
Reminiscences of all Nations.
American Sketch.
Waltzes, Homage to the Ladies.
Medley of popular songs.
Idyl, the Forge in the Forest, —by request.
March.
God Save the King.

SOME OVERDO THEIR DUTY

And Have No Time for the Really Pleasant Things of Life

It is a wise woman who knows where to draw the line on just how much duty requires her to do in this world. It is really not helpful to yourself or to others to do more than your share under any circumstances.

There are women who always tell you how tired they are and how much they have to do and how little time they have for the really pleasant things of life.

If they are young, they wish they had time for the theater or a little social event. If they are married, they wish they had the energy to be clever and bright when their husbands are at home in the evening or to see something of the girl friends they had to give up.

They sigh over all the missed joys with the remark, "If I only didn't have so much to do to keep me from all these happy things.

If you make these women sit down and analyze what it is that keeps them from all the pleasant things, it almost always turns out that they are overdoing their duty.

They give hours to a thing that when accomplished doesn't amount to much and could have well been put upon other shoulders. They make other people dependent upon them by the way in which they rush into unloading the burdens off shoulders which are well able to carry them.

They are too tired, for instance, to be amusing to their husbands in the evening because they have spent hours in hot kitchens trying to perfect some special dish which these husbands like.

Then when the other half, who likes a companion as well as a cook, tells them so and tries to argue them out of this overdoing, they burst into tears.

TREE PLANTING

Seven years ago the department of the interior established a system of tree planting in the Canadian West. The first year there were fifty-four applicants, and the number of trees distributed was 58,800. This work, now carried on by the forestry branch of the department of interior, has grown to great magnitude. The number of applicants for 1908 was 3,206, and the number of trees distributed 1,900,000. The total number of trees distributed thus far has been 11,181,825. A nursery station has been established at Indian Head, to grow the necessary supply of trees. Six qualified inspectors are constantly employed during the summer in inspecting the plantations, woodlots, shelterbelts, or windbreaks set out on the farms and in giving advice and information to the farmers. Of the trees planted up to the present time the superintendent of forestry states that the figures compiled by the inspector show 80 per cent. now living. The earlier plantations are established, the trees being in many cases from sixteen to eighteen feet high, forming not only a valuable asset to the farmer on whose property they are, but of educational value, showing how cheaply and successfully tree planting can be carried on under proper methods. In this way not only shelter but fuel and fencing are provided for the farmer. The Manitoba maple or box elder, the native green ash, the American elm, the Dakota cottonwood, the golden and acute leaved willows are the varieties of trees sent out by the forestry branch. the conifers are being experimented with, but owing to the length of time required to grow them to a size large enough for planting out it will be a few years before spruce, tamarack, jack pine, and other conifers are distributed.

57th COMPLIMENTED ON ITS EXCELLENT CONDUCT

Lieut.-Col. Stevenson, of the 57th Regiment, has received the following letter from Lieut.-Col. W. H. Sylvester, Lindsay, complimenting him on the fine behaviour of the Peterborough men at Quebec:—

Lindsay, July 27, 1908.

From the Officer Commanding 4th Composite Regiment to the O.C. 57th Regiment:

Sir,—Will you be good enough to convey to the officers, non-commissioned officers and men of the regiment under your command who took part in the Quebec Tercentenary celebration and formed part of the 4th Composite Regiment under my command my sincere thanks for their good conduct and loyal support in making it one of the best.

I am sir,
Your obedient servant,
W. H. SYLVESTER,
Lieut.-Col.

EXCEPTIONALLY GOOD PROGRAM

Being Given at Crystal---Opera House Orchestra and Boy Soprano

Large numbers attended the Crystal last night to witness the moving picture "Macbeth," and were enthusiastic in their praise of the reproduction of the famous Shakespearean play. Three members of the opera house orchestra, under the direction of Mr. Nichols were in attendance and played an excellent programme, and also acted as accompanists during the rendition of the illustrated songs. They will also be there tonight, the last occasion of the presentation of "Macbeth."

For the balance of the week special illustrated songs will be sung by Master Mulhern the popular Canadian boy soprano.

DAILY REVIEW AT STONY LAKE

Will Be Delivered to Subscribers Same Day as it is Published.

Send in Changes of Address—Take the Review with You on Your Holiday.

Arrangements have been completed whereby the Daily Review will be delivered to summer resorters at Stony Lake on the same day as it is published. The papers will reach Lakefield in time to catch the evening boat for the lakes, and will be in the hands of subscribers on the evening of the day they are published.

Subscribers of the Review who are going to the lakes or to any summer resort can have the Review follow them by notifying this office of the change in their address. Drop a card or telephone 189, giving the old and the new address, and the change will be promptly made.

Persons who are not already subscribers to the Review can have the paper sent to them for thirty cents per month.

Take the Review with you on your holidays. It will keep you in touch with what is going on in the city in particular, and the outside world in general. Do not isolate yourself completely. Keep yourself posted on what is happening in the city. Get the Daily Review.

LOCAL BAND WILL SUPPLY THE MUSIC

At Lawn Social at Greystock---

The annual garden party of the Zion Methodist church will be held on the beautiful lawn of Mr Walter Dickson on the 5th of August.

A good programme is being provided, also the Army Band of Peterborough will be present which will be added to the list, also speeches, songs recitations.

MEN LOOKING FOR WORK ON FARMS

Mr. Geo. H. Howsno, the local immigration agent, informed the Review this afternoon, that he had a large number of men who were looking for work on the farms. About two weeks ago, the farmers were all asking for help, but since then a reaction has occurred and a large number of men have been thrown out of work.

In speaking of a trip which he took some days ago, into Hastings County, Mr. Howson remarked that the class of wheat which was grown around Peterborough easily surpassed that of the above district. He stated that this difference was probably due to the lack of rain in these parts, as they had not received much rainy weather, as had the district around Peterborough.

Rev. Mr. Cragg and his wife, of Trenton, have just celebrated their golden wedding anniversary.

BOBS TO PASS THROUGH CITY ON MONDAY

Lord Roberts will likely pass through Peterborough next Monday afternoon on the 4.38 CPR. train. He will spend Saturday and Sunday in Ottawa and leaves for Toronto on Monday morning. He is travelling in a special car provided by the CPR.

BOARD FOR NORMAL SCHOOL STUDENTS

The new Normal School will open on September 15th. Householders who can provide rooms and board for the students, should at as early a date as possible, send their names and address to the principal, Mr. D. Walker, 271 Brock street, Peterborough. eodtf

A. H. Pyddy, a post office employee, at Winnipeg, is charged with stealing letters of T. Eaton Co.

EXCURSIONISTS VISIT THE CITY

A Big Contingent from Oshawa Arrived This Morning

Peterborough seems to be a favorite place for outside excursions. There have been four or five big ones here already this season, and there are as many more scheduled next month.

This morning at 9.30 o'clock a large excursion from Oshawa stopped off here and the excursionists will spend the day in seeing the town. There were seven coaches to the train and all were well filled, some of them being even a little crowded.

The excursionists are running special trips over the lift lock and other special features are being introduced into the day's programme.

THEY FEARED THE DYNAMITE

People in Vicinity of the Diamond Made Complaint to Police This Morning

Residents in the neighborhood of the "diamond" have been in a continual state of alarm for the past day or two. One of the railroad companies found it necessary to shunt a large car of dynamite on to a sidetrack and it has been left lying there

The people of the vicinity were so terrified at the thought of an explosion that a deputation was sent to Chief Rousel this morning to urge him to get the railway to remove the danger, which was done at noon today.

Grain will not be up to the average in the Ottawa Valley.

The Dominion Cabinet will meet on Friday afternoon and will meet daily for a fortnight.

Mr George Leader, of Peterborough, is in town on business.—Mr. Thomas Begley was in Peterborough over Sunday.—Miss May Adams, who has been spending her holidays in Peterborough, returned home this morning.—Mr. L. Macdonald, of Toronto, divisional freight agent of the Grand Trunk Railway, was in town yesterday. He went to Peterborough on business last night.—Lindsay Warder

CITY NEWS NOTES

DOWN THE RIVER.

The half holiday trip down the river this afternoon was largely patronized.

COMMITTEE MEETING.

There will be a meeting of the Fire, Water and Light Committee tonight and of the Finance Committee tomorrow afternoon.

PAYING TAXES

Money is literally pouring into the Tax Collector's office to-day, tomorrow being the last day that the discount will be given.

SPECIAL

There are eight new bicycles to be sold at a way-down price, before 1st August, at the J. M. Green Music Co., Grand Opera House Building
8D

SOCIAL EVENING

A social gathering was held at the home of Mr. Blodgett, in Smith township, just west of the city, last evening. A portion of the Salvation Army band, of Peterborough, was in attendance and discoursed sweet music. A most enjoyable time was spent.

FIVE DAYS' SALE.

For the biggest bargains ever offered in fancy and useful china and glassware, stationery, bound books, toys and notions, come to the Times bookstore this week. Our stock will be sacrificed in order to reduce trouble of moving. Sale commences Tuesday morning. Store open evenings.

A SLIGH TRUNAWAY.

A runaway horse caused some excitement on Gilmour street about 5.30 o'clock last evening. The animal dashed down the street without a rig attached but had a set of harness on. A boy ran out from a house and succeeded in catching the lines as the horse passed and brought him to a standstill.

HAVELOCK SCHOOL.

Mr. Wm. Seabrook, of town, has been awarded the contract of constructing the concrete foundation for the new school addition, for the sum of $360 and commenced operations on Monday. The different tenders received by the School Board for the addition all of which were considered too high are as follows: Wood and Scott, $6895; Jos. Knox, $6550; and R. F. Houston of Tweed, $6950.—Havelock Standard.

DOWN THEY COME.

This morning four of the large poles, on the south side of Hunter street were taken down. Quite a number collected and admired the dexterity and confidence with which the men of the Light and Power line erecting force handled the work. It is a pretty dangerous operation—in unskilled hands—but the men did it so deftly and quietly that it seemed easy. The ease comes from confidence and familiarity and a care as to each detail that ensures safety for the men and the pole.

The C.N.R. will enter Hamilton in a year, it is predicted.

A Final Price Cut---A Quick, Decisive Selling
Choice Bits for Buyers - Everything Summery Reduced

This is a rare saving time. All our Summer goods—bright, new, fresh and stylish—are marked at sacrifice prices. Profits don't figure now. Clearance—complete and decisive—that's the all important question these days.

Fall Goods are ordered. Some are coming in daily. They must have room for display--it's their time now. Summer Goods must make way for them.

This is hurry-out time for Summer goods—stock clearing time—deck-clearing time—time to make way for Fall goods

And low prices—prices at cost and below—is the power which will hurry, reduce and clear. To speed selling, prices are low beyond precedent.

If you want to obtain wear-things you'll need for the next two months—or anticipate some of your next season's wants now, during the golden present, you can do so at a saving of one-fourth to three-fourths.

Sale begins Saturday, August 1st, at 8:30 a.m. See hand bills for list of big bargains

REV. MR. DOXEE TO PREACH HERE

Will Occupy Pulpit of George St. Church During Absence of Mr. Pearson

Rev E. A. Pearson is spending his holidays at Orangeville and during his absence the pulpit at George St. church will be occupied by Rev. Mr. Doxee of Belleville. Mr. Doxee has arrived in the city and will be here for the next four Sundays.

BAD ACCIDENT AT GRAVENHURST

Nephew of Havelock Man Meets Terrible Death in Sawmill

Mr. Ormond Coon, one of Gravenhurst's most promising young men, died at that place on the 11th inst from the results of a terrible accident at the sawmill where he was employed. The young man was working at the carriage when the metallic "dog" which held the log in position on the carriage slipped, throwing the end of the log around and striking the unfortunate boy with great force and tossing him upon the saw. One of his legs was almost severed when the saw broke and the other leg was mangled in a terrible manner by the knife-like action of the remaining portion of the saw. The accident occurred in the morning and his demise took place at 4.30 in the afternoon.

The deceased was a nephew of Messrs. J. V. A. Arthur, C. W. and Thos Coon of town, and those gentlemen attended the funeral on the 13th inst.—Havelock Standard.

Special discount on Cleveland Bicycles for the next two weeks, ending July 25th at F R J. Macpherson's. tf

MISS CALVERT'S PAINFUL INJURY

Caught Her Eye on a Nail and Narrowly Escaped Serious Consequences

Miss Annie Calvert, daughter of Mr John Calvert, of Reaboro, who is putting in her holidays at Pleasant Point with some friends, met with a very painful and what might have been a very serious accident, last evening.

It seems a nail had been driven through a door, and as Miss Calvert was passing her face came in contact with it, the nail running into the corner of the eye, but fortunately escaping the ball by ever so little and inflicting a very painful wound. Fortunately Dr. Vrooman was at Sturgeon Point and was able to give the wound the necessary attention, and it is hoped no serious results will follow.—Lindsay Post.

THINKS LOCAL MAN SHOULD HAVE CONTRACT

A Mr. Archer, of Smith township, is the successful tenderer for the placing of the wire fence around the gravel pit on the Hilliker farm. While the Peterborough men who wanted the contract, have not the slightest ill feeling against Mr. Archer, they are of the opinion that the Town Trust Commissioners should have given the work to a local man.

A Peterborough man who had figured on the job told the Review this morning that in his opinion some one in the city should have been given the work to do in view of the fact that the Hilliker property is owned by the city.

HOTTEST YET

To-day is the hottest we have been afflicted with yet. Of course a little breeze filtering through the humidity made it a little cooler this afternoon but during the day the hottest part of which was about two o'clock, this afternoon, the mercury touched the high spots reaching the 97 degrees above zero mark in the shade.

TO OFFICERS OF 57TH REGIMENT

Headquarters,
Peterborough,
July 29th. 1908.

Regimental orders by the officer commanding the 57th Regiment, Peterborough Rangers;

No. 1—A special meeting of the officers of the 57th Regiment will be held in the mess rooms on Friday evening, 31st inst., at 8.00 p.m.

No. 2—Officers responsible are requested to have their pay sheets, efficiency pay sheets, service rolls, and target returns completed, and in readiness to hand over to the paymaster at this meeting.

G. W. BENNETT (Major),
Acting Adjutant.

NEW BRIDGE BEING BUILT

Men are at Work at Corner of Brock and Aylmer Streets

A large staff of men are today engaged in earing up the old wooden bridge which crosses the creek on Brock street. A new cement bridge will be installed in its place, and will do away with the constant repairing which was necessary with the old structure.

Many bridges have occupied this position, in the last 50 years, some small, some large but all have been constructed mainly of wood. In the course of time, the wood has rotted, and when the floor planks of the bridge were raised this morning, many of the square timbers beneath, were so decomposed, as to be totally unfit to undergo any great strain. In the new structure these will all be repaired and reinforced by steel bands making an entirely safe and durable crossing.

ARMSTRONG IS STILL AT LIBERTY

Police Have No Word of Boy Who Skipped With Money

The police have received no word of the boy Armstrong, who skipped town with money he was given to deposit in the bank. It is the opinion of the police that he has crossed to the American side. If such is the case his capture will be difficult.

Armstrong is a Toronto boy, coming to Peterborough a few weeks ago.

BUSINESS OF BUS IS GOOD

Sunday Trips of Auto Bus Very Enjoyable---Leave House at 8 O'clock in the Morning

The business on the Chemong auto 'bus continues good, and the road at the approach to the Park is in much better condition that it was a short time ago owing to the extensive travel to and from the Park.

The Sunday trips of the 'bus which have been carried on for a short time, have been a special feature much enjoyed by all who took them in. The 'bus for these outings leaves the Snowden House at eight o'clock in the morning and goes as far north as Buckhorn.

THE TRIUMPH OF "FRUIT-A-TIVES"

These Wonderful Fruit Juice Tablets Are Now Used and Praised in Every Section of the Dominion

A 25c. TRIAL SIZE HAS JUST BEEN PUT OUT SO THAT EVERY FAMILY IN THE LAND MAY GIVE THEM A TRIAL

"Fruit-a-tives" have been a wonderful success because they have proved their value in every case. Whether it was Constipation or Biliousness—Headaches or Neuralgia—Rheumatism or Sciatica—Indigestion or Dyspepsia—Sallow Complexion or Eruptions on the skin—Pain in the back or other indications of Kidney Trouble—"Fruit-a-tives" have never failed to give the promised relief. People tell about their cures and write to the company about them. Thus, the good news has spread that here was a medicine that actually cured—that did more than was claimed for it. And more people tried "Fruit-a-tives." To-day, "Fruit-a-tives" are the acknowledged success in the medical world and are known from ocean to ocean. Some wholesale druggists order 100 gross (14,400 boxes) at a time. Practically every druggist and general store in Canada sells them.

The new trial box at 25c will make "Fruit-a-tives" more popular than ever because it gives everybody the chance to try them.

If you only knew "Fruit-a-tives" by reputation, the 25c trial size enables you to test them at a very small cost.

Write direct to Fruit-a-tives Limited, Ottawa, Ont., if your dealer does not have both the 25c and 50c boxes.

SPORTING NEWS

MOTOR CYCLE RACE MAY BE PUT ON AT THE LOCAL FAIR

Would be an Interesting Feature—Walking Match Almost a Certainty—Committees Hard at Work.

The Peterborough fair of September 17th, 18th and 19th, promises to be the best ever held in Peterborough. The committees are hard at work and Secretary Hall stated today that the arrangements were coming along nicely. The prize list will be issued in a few days and already requests have been received for them from different parts of the county. The display in all departments will eclipse that of former years and the attendance should be the largest ever. A large number of the merchants and manufacturers of the city will have exhibits. This will be one of the best features of the fair, and it is hoped that the merchants will lend their hearty support.

Numerous attractions of a high order of merit have been secured for the performance before the grand stand. These will be given each afternoon and night this year. The attractions secured are said to be the best in their line. Further announcement regarding them will be made later.

A walking match will be one of the features of the fair in all probability. It will likely take place on the last day and should prove exceedingly interesting. It will likely be a ten mile affair, and if fair prizes are put up, there should be a big field of entries.

Another feature will likely be a motor cycle race, in which the competitors would be Toronto men. They are anxious to come to Peterborough to put on a race in order to increase the interest in the sport here.

COLLEGIATE SPORTS

Sports will boom in the local Collegiate Institute this year. This is the unanimous opinion of the pupils who will be attending that Institute next year. It is not many years ago since the Collegiate was considered to be one of the strongest sporting organizations in the town and was looked upon as a wonder by the High Schools of the neighboring towns. Hockey, baseball or rugby, it was all the same, the Peterborough Collegiate was always at the top of their class or thereabouts. In fact, in 1895 or '96 their hockey team after capturing the junior championship of Ontario, came to the front by giving the intermediate town team a serious beating.

With this record to sustain, if possible, to beat, the school intends to enter into the various sports with a vim which it has never before exhibited. An organization will be formed, which will have full control of the various sports, and which will decide all matters pertaining to school teams competing in these sports.

When the pupils are occupying the new building in Central Park next September, they will use the grounds behind the school for the different games.

LINDSAY LACROSSE TEAM WILL BE HERE THURSDAY

The Lindsay lacrosse team will be in Peterborough to meet the locals next Thursday, when a battle royal may be looked for. The local team was defeated in Lindsay last week, although the game was one of the closest ever played in that town. The score at full time being 1—0.

The local club deserves the hearty support of the sport loving element of this city, as a start was made in the Trent Valley League this year under considerable financial embarrassment. If sufficient support is tendered the locals in their home games, it is an almost assured fact that the Peterboroughs will make a creditable showing in the league this year.

It is understood that an excursion will be run from Lindsay for the game.

BOTH TEAMS ARE IN GREAT SHAPE

Petes and Athletics Will Hook Up at Riverside Park on Saturday

One of the baseball events of the season will be Saturday's contest at Riverside park when the Athletics and Petes clash in a Midland League fixture. The Petes are working out daily at Riverside park and are in great shape for the game and are confident of making it three out of four from their local brethern. The Athletics on the other hand maintain that they can trim the Petes with a fair share of luck and it will be a peppery contest all the way. There is little picking between the two teams and worth several times the price of admission. Quinlan and Rattray and Clements and Edmunds will be the batteries.

TENNIS

In the second round of the Nicholls Oval Tennis Club tournament last night, H. Creeman defeated MacRae, 6—8, 6—2, 6—2.

LACROSSE

The New Westminster Lacrosse Club, champions of the world and conquerors of the Montreal Shamrocks, will meet the Tecumsehs at Hanlan's Point on Saturday afternoon in an exhibition game.

ARGOS WILL HAVE STRONG RUGBY TEAM

The Argonaut Rugby team this year will be about strong enough to win the championship of the Inter-Provincial League. That is what many ardent footballers claim. It is certain at least to be much stronger and much better balanced that it was last year.

Practices will commence immediately after the exhibition. There is plenty of material to pick from. The intermediate team will also be strong this year and will practice regularly with the seniors.

The other evening a meeting of the Football Committee was held and the team's chances for the season were discussed. The Argos have been taking so much interest in rowing this year that they have not had time to talk football. The whole Argo four will play football, and also Alex. Davidson, who rowed in the four last year.

A list of those who are expected to get out follows:—Art Kent, back; Put Kent, wing; Barget, wing; Alex. Sinclair, wing; Billy Grant, wing; George Barber, wing; C. Clarkson, outside wing; Fred. Russell, scrimmage; Dick Strange, wing; Alex. Davidson, wing; Barrett, scrimmage; Wright, back or wing; Pete Flett, back; Tommy Hayes, back; Phil Boyd, full-back; Ferguson, quarter; Thompson, quarter; Charlie Riddy, wing; Gordon Balfour, wing; and Geo Bellard, quarter.—Toronto News.

WARSAW AND WARKWORTH

Will Meet in Semi-Finals of the Midland Football League

The finals in the Association football games in the Midland League will be played between Warsaw and Warkworth. Last Wednesday evening the latter team and Bowmanville met in Colborne, Warkworth winning easily by the score of 20-. On Saturday Warsaw trimmed Havelock in Norwood by the score of 2-1, thereby completing the semi-finals. The final will likely be another sudden death game at Norwood next Saturday for the championship and the Stratton Trophy.

SPORTING COMMENT

Just imagine, boys, having fashionable women put bracelets on your arms. The boys who have entered the Sturgeon Point regatta are afraid this will happen them.

This from the Lindsay Free Press is it a handcuff Hem John!

We understand that Mr. Launcelot Hogan, end man on the Scugog Press will accompany the visitors to this city. Notwithstanding the fact that the above comedian has wasted his talent in giving the sport a black eye, he may be seen here in disguise and incidentally peeking through a very small knot hole.

the turf

St. Catharines, July 29— Edward King, better known as 'Eddie' King, formerly one of the best known trainers and drivers on the provincial turf, succumbed to tuberculosis in this city this morning.

Saturday's baseball match at Riverside park will be a hummer. The attendance should be the largest of the season.

Anyway there is no danger of the dome of the Peterborough city hall being destroyed by fire.

It's about time for someone to revive the old joke about the weather being so hot that when a man went to throw a piece of ice at a dog, the ice melted, and the water striking the dog on the head, caused him to die of water on the brain.

Peterborough people looking for a nice quiet place to spend their holidays should not overlook Lindsay. For light summer fiction we can recommend the Lindsay Free Press.

There may be a close season for grouse and partridge but the season is always open at Lindsay for irresponsible lacrosse writers.

Relative of Lord Roberts lives in Peterborough, states a heading in a Peterborough paper. If there ever was anybody of any importance whatever whom the Peterborough papers did not have once living in that city, having blood relations there, at least were the owner of a "yeller pup," whose brother was born in the Electric City, Lindsay people would like to know about.—Lindsay Warder.

The Lindsay Warder says a strange man hugged two Lindsay girls on the street. It beats us to understand why anyone should want to hug a Lindsay girl, under any circumstances.—Peterborough Review.

Now this is, I would infer, what McGinnis would call "sarkastic." Really it is refreshing to hear the Review man tappin' with his hammer once more, for everybody knows then that he is out of other mischief. My dear lad, your troubles are obvious. Probably a severe "turn down" when in Lindsay is the cause of the aversion to hugging Lindsay girls. Sooth your ruffled feelings, pick up heart and whistle, "You're not the Only Pebble on the Beach," and you'll feel better, laddie. A little courtesy imbibed in small quantities, would not come amiss, it appears to me.—L Lindsay Warder.

Owing to the oppressive weather the Canadians did not run on the Marathon course yesterday.

A Gananoque despatch says: —The Gananoque baseball team did not go to Belleville to-day to play owing to lack of funds. This is something that has never happened before, that a Gananoque team could not raise funds to meet expenses, but interest in baseball has been dead here this year.

The jokes in the sporting columns of the Lindsay Free Press are like warts—they grow on one.

THE RING

Boston, Mass., July 29.—Thos. Murphy, of New York, had the better of Rudolph Unholz, of South Africa, throughout the twelve rounds of the main bout, lightweight class, at the Armory Athletic Club last night. The New Yorker did all the leading, and landed five blows to one by the Boer, although the latter had the harder punch, and with faster work might have had the decision.

$30 000 FOR HEAVYWEIGHTS

Ely, Nev., July 29.—It was announced to-day that $30 000 was pledged at a meeting held here last night between "Tex" Rickard and a number of prominent men who have interested themselves in seeing that Rickard has all the backing necessary to secure a fight between "Jack" Johnson and "Tommy Burns," heavyweight pugilists, in Ely, on Thanksgiving Day.

ANOTHER FIGHT ARRANGED

San Francisco, Cal., July 29.—James Coffroth last night arranged for a 45-round bout between Joe Gans and Battling Nelson, to take place on the afternoon of September 9th at the Mission Street Pavilion, the scene of Gans' defeat July 4th. Forfeits of $2 500 a side are to be posted. Articles were signed by Ben Selig for Gans, Willus Britt for Nelson, and by Coffroth. According to the winner and 40 per cent. to the loser. The weight will be 133 pounds, stripped, ringside.

THE YANKEES AT OLYMPIA

The hammer throw had been announced, the bugles had been blown;
The heavy hammers flew and bounced, by mighty giants thrown.
"Who wins it" cried the eager throng,
"Who captures this event."
And the Irish entries came along, retiring on their tent.
"A foreigner has beaten us,"
They answered with a groan;
"A foreigner—United States—
A fellow named Malone."

A dozen men were crouched to start and the starter fired a gun,
And as a bow projects a dart, the men were off to run.
"Who wins it" cried the eager crowd,
"Who captures this event."
And the German sprinters sad and bowed, retired upon their tent.
"A foreigner has conquered us,"
They said and winced a bit,
"A foreigner—United States—
His name Otto Schmidt."

The hurdle race was duly called and the starter fired the shot,
And some there were were overhauled and some there were were not,
"Who wins" cried the multitude,
"Who wins the last event,"
And the Frenchmen, beaten and subdued, retired upon their tent.
"A foreigner outhurdles us"
They said with little heart,
"A foreigner—United States—
A man named Bonaparte."

The running jump was on the card and men went high aloft;
And some men hit the island hard, and others hit it soft.
"Who wins it" cried the eager mass,
"Who wins the last event."
And the Swedish jumpers sadly passed, retiring on their tent,
"A foreigner has won' they said
"Some fellow from Wisconsin—
He yump like sixty and his name,
His name ban Youny Yonson."
St. Louis Post-Dispatch.

IT WAS MURPHY'S 21ST, BIRTHDAY

Connie Murphy was 21 years of age yesterday and in honor of reaching his majority, some of his fellow members of the Peterborough Ball Club, handed him a rather strenuous massaging this morning in front of the Windsor hotel.

They gave him a pretty lively time and after having what looked something like a rugby practice with him allowed him his liberty again. He has about 21 bumps as souvenir of the "happy" occasion.

SOMETHING MORE ABOUT THE GAME

Amusing Matter Again Crops Out on Sporting Page of Lindsay Free Press

Where else could this mixture appear but in the notorious sporting page of that topsy turvy sheet, the Lindsay Free Press:

It is learned that Rolly Glover, Fred Clarke, Harry Morgan, Ernie Wasson and Jake Moore will be among those who will grace the Peterborough lineup when they meet Lindsay in the return game of lacrosse. These are the old hockeys tandbys, but Lindsay may surprise them yet. The above named men are signed specially for the game, and are really better than professionals. They are all over twenty-five years of age and are the biggest men in the city. The same aggregation were defeated by Lindsay Midgets in Peterborough, and the lacrosse team may turn the tables too.

Again we say, "Poor John."

WORRYING OVER IT

The sporting editor of the Examiner had to take his holidays after he wrote that article on the Free Press. He talks in his article of common sense—if he used a little horse sense and common decency, the dignity of the Examiner might be raised a notch or two.—Lindsay Free Press.

ARGONAUTS WIN HEAT

Canadian Eight at Henley Easily Beats Norwegians.

Lou Scholes Defeated by Von Gaza, the German—Argo Four Lost Because of Bad Steering, Balfour Suffering From Nose Bleed—Blackstaffe Wins From Walter Bowler of Toronto—Leander and Argos.

Henley-on-the-Thames, July 30.—In their heat with the Norwegians yesterday in the eights Argos led from the start, never being pushed. They won easily. Time for half, 3.55; full course, 8.06.

The Magdalen College four that beat the Argonauts Tuesday are the fastest four ever seen here, and the time—8.84—is not likely to be beaten during the regatta.

In the fours the bow, Balfour, suffered from bleeding at the nose, and they were unable to overcome the loss at the start, due to poor steering.

Lou Scholes of Toronto, a former winner of the Diamond Sculls, made his first appearance in the Olympic regatta here yesterday in the first event of the day, and was defeated by Von Gaza of the Viking Club, Berlin, by a length in 9.47 for the mile and half. This is Von Gaza's second victory, he having beaten Killer, the Hungarian sculler, Tuesday in the first heat.

The Canadian was confident of winning, but at the finish seemed dead to the world.

Scholes got the water first and led for the first quarter, steering a fine course; but passing the island he steered somewhat wild.

Von Gaza was holding Scholes well at half the distance, with the German slightly in the lead. The time at the half was 4.38. From this out it was a magnificent race. Although Scholes was beaten, he spurted splendidly, but could not reduce Von Gaza's lead, and the German won the race by a length.

Scholes remembered nothing about being helped out of his boat. In fact, his hearing was defective for two hours after the race.

In his heat of the single sculls, Blackstaffe, England, finished alone. His opponent, Walter Bowler of Toronto, Canada, not completing the race.

Bowler and Blackstaffe were equal at the end of the island, but the latter gradually got away a length or more. When 750 yards from the start Bowler ran into a pile, and, after extricating himself, he had another mishap a few yards further on, running again into a pile and falling out of his boat. Blackstaffe waited for him on the first mishap, taking opportunity to blow his nose, but, seeing Bowler fall from his boat, pulled away leisurely. Bowler was rescued by a punt. Time 10.03.

In the first heat of the sculling on Tuesday Von Gaza of the Viking Club, Berlin, beat Killer, the Hungarian oarsman. His performance and time, 9 minutes 35 seconds, promises victory in the sculling.

In the singles, Hungary beat Italy. Time, 10.06.

In the eight-oared race yesterday Leander beat Hungary 2 1-2 lengths in 8.10.

Heat A—Belgium on the Berks side v. Cambridge on the Bucks side.

Heat B—Argonauts on the Berks side v. Leander on Bucks side.

The Argonauts and Leanders row at a quarter past one.

O'Keefe's

Special Extra Mild ALE

Brewed especially for those who can't drink ordinary Ale.

It's extra mild and extra fine. Has the rich, creamy delicious flavor of the finest old English Ales.

"The Beer that is always O.K."

It is brewed of choicest hops and malt, in Canada's model brewery. It is the ideal beverage for those who prefer ale to lager.

As a summer tonic—to build up the system—this "O'K" Ale has no superiors.

A. ROUNTREE - AGENT

POLICE SYSTEM OF ONTARIO LIKELY TO BE RE-ORGANIZED

Attorney-General Has Matter Under Cousideration—Permanent Officers May be Appointed.

Within the next few months it is probable that the whole police system of the province will be reconstructed many important innovations being introduced.

For some time past Hon J J Foy, the Attorney-General has had the whole matter of the organization of a provincial force under consideration The plan it is understood the department may adopt contemplates in addition a readjustment of the duties that fall to Crown Attorneys and may to that extent be embodied in the revision of the statutes.

As to the character of the new organization the Minister has, during the past year, gathered considerable data. Reports from the officers of the Department has been secured, and also communications from British and State organizations. From this and local information gathered a comprehensive scheme for adequately policing the province and aiding the administration of justice is being devised.

The appointment of a Provincial public prosecutor may be an important part of the program. In such event all criminal matters will come directly under his supervision. He will direct cases that go for trial and will go over all evidence. In serious cases the preliminary examination will be carried out under his instructions, and evidence taken in shorthand.

A meeting of all Crown Attorneys may be called to determine a general line of policy by all.

Th eadvisability of instituting a general criminal court to be held twice a year is understood to be held under consideration. Should this be adopted the counties may be grouped into districts of three. The jurors would then be drawn proportionately from each county and the courts held alternately at the respective county seats. This would do much to invalidate the objection that any prisoner date the objection that any prisoner, owing to local conditions, could not secure a fair trial.

In dealing with the policing of the Province a new system of organization will be adopted. The expense of equipment and maintaining a force of mounted police in the older and settled districts of the province is not deemed to be justified. The present system devised and operated by the former Government has, however, been found unsatisfactory, and inadequate. The permanent inspectors, attached to the Attorney-General's Department are called upon to investigate all kinds of cases, from every part of the province. A great amount of time is taken up in investigating very trifling matters which cannot be known to the Department until an officer is sent to the scene. On account of the number of such cases, the permanent men are unable to devote the time and attention erquired by important matters.

It is altogether probable that a chief inspector and chief of provincial police will be appointed and the present inspectors attached to his office He will have authority over all the police and work in connection with the public prosecutor. The provincial police at Niagara Falls, Fort Erie Windsor and Sarnia, in their present jurisdiction may be abolished and all provincial constables throughout the province not under direct salary and control of the Government discontinued.

The plan which will probably be followed in the organized districts in Ontario is the appointment of a permanent officer in each county or united counties, who will be paid a good salary and placed under the orders of the Crown Attorney with instructions to have matters of a criminal character, speedily investigated by him. In cases where he requires assistance one of the inspectors will be sent to aid him. It may also be the duty of the county officer to see that the Liquor License Act is properly enforced and he will be required to keep a record of all the license inspectors when necessary, but his time must not be taken up in attending to civil matters in the county.

These men will be appointed by the Government and the first step in a practical system of civil service reform will probably be taken by the requirement that every man shall be compelled to pass an examination as to fitness and physical ability. Each officer will be required to keep a record of all the cases handled by him and of his daily doings and will report to the Chief Inspector or Prosecutor weekly. By this means the whole force will be kept in direct and immediate touch with headquarters The salary of the officers will probably be paid by the Government and county proportionately.

Such is understood to be the basis of the Provincial police reorganization as under consideration by the Department.

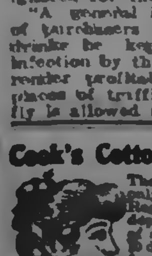
PLEASE STAY AWAY FLIES

Not Only Unsanitary But a Menace to Health, Says Doctor

Albany, July 27.—Dr. E. P. Felt, the state entomologist, to-day issued the following special warning;—

"Dwellings with hundreds of house flies are hardly sanitary, while buildings devoted to traffic in foodstuffs and swarming with flies are not only unsanitary but a menace to public health. Recent studies have shown a close parallel in large cities between the abundance of flies and the frightful mortality among infants during the heated term. The deadly typhoid fever will soon demand its heavy annual tribute in both life and strength. The common, apparently harmless house fly is known as a carrier of the intestinal germs so deadly to both infants and adults yet its baneful potentialities are ignored for the most part.

"A general insistence on the part of purchasers that all foods and drinks be kept from danger of infection by this insect would soon render profitable stores and other places of traffic where the house fly is allowed to swarm unchecked."



Cook's Cotton Root Compound. The great Uterine Tonic, and only safe effectual Monthly Regulator on which women can depend. Sold in three degrees of strength—No. 1, $1; No. 2, 10 degrees stronger, $3; No. 3, for special cases, $5 per box. Sold by all druggists, or sent prepaid on receipt of price. Free pamphlet. Address: The Cook Medicine Co. Toronto, Ont. (formerly Windsor)

BABY'S GREAT DANGER DURING HOT WEATHER

More little lives are lost during the hot weather than at any other time of the year, diarrhoea, dysentry, cholera, infantum, and stomach troubles come without warning and when a medicine is not at hand to give promptly the short delay too frequently means that the child has passed beyond aid. During the hot weather months Baby's Own Tablets should be kept in every home where there are small children. An occasional dose of the Tablets will prevent stomach and bowel troubles. Or prompt use of this medicine will bring the child through safely. Mrs. G Renard, New Glasgow, Que., says;—'One of my children had a severe attack of diarrhoea which Bayb's Own Tablets promptly cured. I know of no medicine so good for stomach and bowel troubles." Sold by medicine dealers or by mail at 25 cents a box the Dr. Williams' Medicine Company, Brockville, Ont.

CREAMY MILK NOT ALWAYS THE RICHEST

Why should milk that contains much cream be accounted the best. Cream is only fat, and we do not rate the food value of meats solely by the amount of fat that they include. Dr J. A. Gilbert, Portland, Oregon, writing in the Medical Record, New York, takes the view, this devotion to 'rich' milk has no logical basis. In our earnest search after a fat milk, he says, we have probably gone too far. To quote from an editorial in The Hospital, London, Eng., which notes Dr. Gilbert's opinion appreciatively;

"The milk which is richest in cream is not therefore the most nutritious for the very simple reason that a rich milk is less easily digested and absorbed than a milk in which the fat percentage is low. As far as its other constituents are concerned, a milk poor in fat, is as valuable a food as a milk rich in fat. The fat percentage, the popular standard by which milk is judged, is most variable, while the proportions of the albumenoids, sugars and salts vary but little in the different samples of milk. In other words, while the energy producing and heat-giving qualities of the several kinds of milk may be great or little, the valuable proteid ingredients, which go to the building up of any food—remain very much the same in all varieties of cows' milk. Thus a "thin" milk is for all purposes, save for energy and heat production, as valuable a food as the so-called "rich" milk. Indeed, it not infrequently happens, as the experimental feeding of young growing animals has shown that a thin milk may prove, in the long run, more flesh forming than a rich milk, inasmuch as the former is less liable to induce gastroenteric disorders."

COW TESTING ASSOCIATIONS

What is a Good Average?—Some Good Cows at Warsaw

What is a good average?

At Ste. Emelie, Que., in June, 142 cows gave an average yield of 5546 lbs milk, 3.8 test, 20.8 lb fat. The best herd average was 631 lb milk, 3.8 test, 24.3 lb fat. The highest yield of any one cow was 1050 lb milk, testing 3.5. The poorest herd was one of 13 cows that averaged only 302 lb. milk and 16 lb. fat. If the 13 cows in this herd had given enough milk extra to bring them up to the average yield of all the 142 cows in the association they would have given enough milk in the month to make an extra 182 pounds of cheese, worth twenty dollars. That would not be much improvement to ask just to bring them up to the average, not the best herd; and if the cows are such that they cannot be made to yield an average quantity, should they be kept.

At Warsaw, Ont, in June 118 cows gave an average yield of 929 lb. milk, 3.2 test, 29.9 lb fat. The best herd average was 1042 lb milk, 32.3 lb. fat, from a herd of 26 cows. This association record is in rather sharp contrast to the above one, and indicates the great differences that exist between the results obtained in different sections of the country. Stated in another form, if the Ste. Emelie cows were as good milkers as those at Warsaw, they would have given an extra weight of 51,340 lbs. during the month.

Ottawa, July 9th, 1908. C.F.W.

TWIN SISTER HAD STRANGE VISION

Saw Her Brother Drowning—Proved Only too True

East St Louis, Ill., July 28.—While her twin brother was being sucked to death in the quicksands of Long Lake, near Mitchell, Ill., yesterday, Merle Huber, 17 years old, who was 12 miles away at home, alone, shrieked and fell to the front porch in a faint. Neighbors ran to her assistance and revived her.

"Fred is dying. I can hear him calling to me. He is drowning. Let me go to him," screamed the girl. Merle made frantic efforts to leave the house but was held back by friends who assured her that Fred was all right. The girl could not be quieted.

Five minutes later a message came from Mitchell that Fred Huber had been drowned. When the news reached his sister, she again fainted and up to a late hour last night was in a critical condition.

Hot weather comfort can be obtained by drinking iced "Salada" Tea. Nothing to equal it for a cooling and refreshing drink.

FROM KEENE.

Special to the Review.

Keene, July 28.—Miss Nellie Mulcahy, Rochester, is visiting her sister, Mrs. Joseph Quinn.

Miss Violet Shriver, who spent her holidays in Keene, returned to Toronto Saturday.

Misses Stella and Marion Ray, Peterborough, visited friends in Otonabee last week.

Mr. Thomas Stillman spent Sunday with his parents in Campbellford.

Miss Mabel Curtis, Cavan, was the guest of Mrs. Mark Plunkett last week.

Mr. and Mrs. Joseph Quinn entertained a number of friends to a sail around the lake Thursday afternoon in the "Mermaid."

Mr. Thomas Wedlock Toronto, is the guest of Mr. William Wedlock.

Mr. Wallace Wood, Peterborough, spent Sunday in the village.

Mr. Harry Newton, Hastings, was in Keene Friday.

Messrs. Norman and Harry Ray were the guests of Mr. J. H. Taylor, Sunday.

Mr. Marshall Weir went to Toronto Monday on business.

Misses Annie Hore and Grace Harris spent last week at Gore's Landing.

Miss Mabel Edwards Napanee, is visiting friends in Otonabee.

A lawn social under auspices of the League of Zion Methodist Church will be held at the home of Mr. Walter Dickson on Wednesday, August 5th. The Salvation Army Band will attend and will have charge of the programme.

Mr. Wm. Campbell returned on Friday from a visit to his daughter, Mrs. Thomas Wigmore, Oxbow, Saskatchewan. Mr. Campbell was very well pleased with the country and states that the crop is looking fine and the prospects are excellent.

Misses Mary Moore and Clara Hore are visiting friends at Lindsay.

The huckleberrying crowd, who went away last week to Burleigh Falls returned Friday evening with lots of berries.

Master Lorne (M Intyre, Peterborough, is spending his holidays at the home of Mr. Thomas Howson.

Mrs. John Ray, Peterborough, is the guest of Mrs. J. H. Taylor.

We are pleased to state that Mr. Fred Taylor, who has been very ill with appendicitis, is rapidly recovering, and was able to drive down to the village the other day.

Miss Nellie Fife, Asphodel, is visiting friends in Otonabee.

Miss Mary Gall returned last week from a visit to relatives in Lancaster, N.Y.

Miss Mabel Bradburn was the guest of Miss Mabel Harrison last week.

Miss B. Weir visited friends in Peterborough Sunday.

Miss Alida Taylor is spending the week in Toronto.

Mr. and Mrs. Wesley Montgomery, Alnwick, were the guests of Mrs. Montgomery's parents, Mr. and Mrs. W. Wedlock Saturday.

Mr. Wm. Dinwidie Peterborough, spent Sunday in Lang.

Mrs. Huff, Chatham, is the guest of her sister, Mrs. Mark Plunkett.

Mr. James Sharpe, Westwood, visited friends in the village Sunday.

Mr. Harry Wilson, Peterborough, spent Sunday in Keene.

Miss Jessie Burrow and Masters Jack and Gordon Calder, Birdsall's, were the guests of Miss Lillian Campbell Tuesday.

Rev. D. D. and Mrs. McDonald and Miss Jean McDonald left Monday to spend their holidays in Toronto.

For the next two Sundays Rev. Mr. Perrin, Weston, Ont., will conduct services in the Presbyterian church in Mr. McDonald's absence.

A YARN THAT WAS A YARN AND WAS NOTHING MORE

No Truth in Reported Attack on Young Girl—Chief Says Story is Without Foundation—No Arrest was Made on Charge of Assault.

A ripple of excitement was caused in the city today by an article which appeared in a local paper telling of P C's Newhall, Meharry and Meagher going down to the home of Mr. James Hallsall in Otonabee and arresting a young man 22 years of age who according to the newspaper account had brutally attacked a young girl with a hatchet.

A young man arrested on the charge of being drunk and disorderly was mentioned as the one accused of the assault. Dr. Carmichael, the physician who was said to have treated the wounds of the young lady informed the Review that he knew nothing of the affair and had not heard of it until he saw it in the papers.

The Chief said there was nothing in it.

READ AND SAW "RAFFLES" THEN DRIFTED INTO CRIME

An Incident in the Island Town That May Well Cause People to Sit up and Think.

Brockville, July 28.—Prompted to band themselves into a burglarious gang by the play "Raffles," and by poring over "Yellowbacks" 4 youths belonging to eminently respectable families here, committed a series of mysterious daylight and midnight deeds that baffled the police for months.

Two of them played the picturesque role of bank clerk by day and marauding pistol-carriers by night. They have all run themselves into deep disgrace, and two of the chaps were taken to Kingston Saturday, Dickson for five years, and Eyre to serve a two year term.

A piece of inadvertence—the slip that in time every criminal makes—threw the searchlight on to these striplings, to the amazement of police and townspeople, and there is sympathy both for them and for their parents. But there is more behind. There are warrants out for other youths, and the law released the trip-hammer of punishment because the truth is that an undercurrent of crime, manipulated by a coterie all under twenty years of age, was beginning to draw into its vortex lads just starting out on their life's work.

AN EPIDEMIC OF CRIME.

An epidemic of lawlessness was well started. The police were baffled first by the wiles, then by the unimpeachable respectability of those who elected to ape the careers of notorious criminals.

Brockville was startled when theft after theft was committed within the town precincts by perpetrators who left no clues behind. The place was astounded when young Benson Dickson, under twenty, Crown Bank clerk wellset up, popular and suspicionless, was taken from the bank on King street, and placed under arrest.

Public imagination was further stirred when, as a result of Dickson's frank admissions, three other young chaps, all under twenty years of age, were swooped on by the police. All admitted the particular degree or guilt that attaches to them.

The townspeople gasped at this tragedy of youth.

"RAFFLES" INSPIRED CRIMES.

The crimes—for committing which Dickson, the bank clerk, and Eyre, the machinist, left here Saturday, destined for Kingston, linked to police officers, are said to have been inspired by "Raffles," the play produced here this year, and by the perusal of yellow-backed booklets, which throw over crime a picturesque halo that strikes fatally on the romantic imaginations of many youths.

If that is correct, the false glamor that led Dickson on, has vanished forever for him, and his lost youth has gone with it.

THE CRIMES.

March 30.—Burglary of jewellery shop of Joseph Lake: Diamonds and gold taken, worth $900.

March 20.—Theft from express truck in daylight of package containing $75 gold watch bracelet.

July 6.—Breaking open of G.T.R. express car 3312 en route.

July 9.—And other occasions. Express car broken open, $90 worth of clothing and $9 worth of caps taken.

THE CRIMINALS.

Benson Dickson, 19 years old, clerk in Crown Bank; Roderick Eyre, 19 years old, worked in Sheriff Mfg. Co.'s machine shop; Leslie Sheridan, 20 years old, clerk in Crown Bank; James Billings, 20 years old, painter.

THE PENALTIES.

Dickson, five years in Kingston, hard labor.

Eyre, two years in Kingston; hard labor.

Sheridan, suspended sentence.

Billings, suspended sentence.

THE MOTIVE.

Gain—Love of adventure—prompted by play "Raffles," and seething yellow-back stories.

MILLIONS ARE SPENT IN CANDIES

Detroit, July 28.—Think of spending from $100,000,000 to $150,000,000 every year for gumdrops, lollypops, taffy candy and jaw-breakers. Yet that is exactly the amount H. A. Dodge, president of the National Confectionery Salesmen's Association when in convention here, said American hopefuls paid for their saccharine delights every fifty-two weeks.

"Without the children," President Dodge says, "the candy manufacturer would have to go out of business. It isn't the rich man's dollars but the poor children's pennies that make up this enormous total. And most of the candy sold to children is, of course, of the penny variety.

"Candy is no longer a luxury, but a necessity. There has been developed in the American people a taste for sweets which must be supplied. The total output of candy in the United States means about $200,000,000 to the retailer, and about one-half that to the manufacturer. From one-half to three-fourths of this money is paid in by the kid who goes around to the corner grocery and the backwoods candy store and pays his penny for his favorite sweets. I tell you it is the kids we cater to and don't you forget it. And it is because of the kid that candy to-day is purer than it has ever been before.

"The candy manufacturer must also thank the young women of the land for a great part of their profits. A sweet maiden and a nice box of candies go hand in hand. Witness the young swain calling on his steady on Sunday evening. It would be an unfair thing to say that he gets his monopoly of the sofa during courting hours because of the candy he brings. But it all helps. And, in order to make an impression, the young man must bring the best candy in the market. The young woman knows, bless her heart, what she is getting.

"There is a certain well known manufacturer who has become possessed of vast wealth by taking advantage of this weakness on the part sex. The young woman knows when she gets candy of this certain brand just exactly what it cost. She knows the fellow who brings her any other kind is a "cheap skate," and what devoted young man wants the ideal of his heart to consider him in that class? And so he brings her the high-priced stuff, not because it is purer, but because he knows it is expected of him. The candy which is sold at 10 cents per pound is just as pure and wholesome."

SENIOR CAMP OF THE Y.M.CA.

There are many inquiries regarding the senior Y.M.C.A. camp at Sandy Point, Clear Lake, August 3rd to 17th. Several have already signed up to go, and several more are expected in the next few days. The Port Hope contingent will arrive Monday morning, and proceed directly to Lakefield. Some of the Peterborough boys may go up Saturday night, but the majority will go up some time during Monday. A big time is anticipated, and will sure to be realized.

Argonauts Beaten in Semi-Finals of the Eights at Henley

London, July 30—The Argonauts, of Toronto, were defeated by the Leander crew in the semi-finals of the eights at Henley today.

The Canadian crew were beaten by a length after a grand race. The Leanders' time was 8.12. The time at the half was 3.56.

HARDLUCK LOST HICKEY THE GAME

Fred Hickey, the former Park Nine pitcher, made his debut in the Eastern League yesterday and made good. He pitched for Toronto against Providence and the game went ten innings, Providence winning 6-2. Hickey had hard luck, errors by the home team helping Providence to get away with the game.

PETERBOROUGH AND OSHAWA

Bowlers Playing on Local Green This Afternoon—Rather Hot Work

The Peterborough and Oshawa bowling clubs are playing a game this afternoon on the Brock street green. The Oshawa club came down from that place with the excursion, and play the locals at three o'clock this afternoon. Both teams are in the best of shape and a good game is expected.

The local rinks are as follows:

Westcott, Dr Boucher, R Sharpe, Dr Greer, skip.

W E Talbot, J McIntyre, R M Waddell, R Kerr, skip.

G Ferguson, T Glover, F Pratt, W. Laing, skip.

Dr Walmsley, Dr Caldwell, W. O'Brien, E Runnells, skip.

J P Cunningham, D R Moore, Dr. Marshall, J E A Fitzgerald, skip.

SOME NEWS OF LAWN BOWLERS

On Monday, August 3rd, the local Bowling Club will send two of their rinks to Port Hope to play a game with the club of that town. The Port Hopers are reported to have some good rinks and may be depended upon to give the locals a strenuous time of it.

While two rinks are playing in Port Hope on Monday next the remaining three rinks will try conclusions with the Bowmanville club, who are coming from that town for the game. Both teams have been practising hard, and are equally sure of winning.

Word has been received that the Dominion Bowling Tournament will open in Toronto on Aug. 17th. The locals will probably send three rinks to represent them at the tournament, and can be depended upon to make things interesting for the other competitors at the games.

SHOULD HAVE SEEN CHIEF

And Not Made Complaint in Newspaper—"Turned Down" Took Wrong Course

If "Turned Down," as he signed himself, would come to me with his complaint, instead of having it published in a newspaper I would have been able to have given him a satisfactory explanation," Chief Ross, remarked in referring to a letter which appeared in a local paper last night and signed "Turned Down."

The paper's correspondent had a complaint to make regarding the telephoning to the police station for an officer and said he had been unable to obtain any answer from police headquarters.

DEAFNESS CANNOT BE CURED

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

COL. LESLIE IS ARRESTED TROUBLE FOR EX-TREASURER

Former Executive Officer of Toronto Fair Association Who Resigned on Wednesday Because of Shortage is Charged With Obtaining Money for Company Fraudulently.

Toronto, July 30.—Lieut.-Col. J. Knox Leslie, former treasurer of the Exhibition Association, was arrested as he was entering the office in the City Hall yesterday morning upon a warrant charging him with obtaining $2,060 from Charles H. Dee, 60 Berkeley street, with intent to defraud.

It is alleged that Dee gave him the money for the purpose of forming a company for making reducing tables for the McKelvey Mining Co. of Cobalt. The money was paid in December, 1907, and Dee was to receive 5,150 shares of stock, but he says that while he was told from time to time of the progress of negotiations he has not received any shares, no tables have been made nor has any charter been taken out for the company.

Col. Leslie was admitted to bail in $2,000, his wife going on his bond. He admits receiving the money, but declares that the company was being organized for the manufacture of a different patent than that originally planned.

Mr. Dee says that he made several applications for his money or stock and was promised the money with interest at 8 per cent. for its use.

Col. Leslie took the proceedings quietly, saying that it would easily be shown that there were no irregularities.

Frank F. Brentnall will enter today upon the duties of the treasurership of the National Exhibition Association, his appointment being made by the directors yesterday.

Col. Leslie's zeal in disposing of six-for-a-dollar tickets is understood to have outrun his discretion. It appears that he was induced to issue thousands of tickets on the assurance that the credit of those to whom they were issued was good, and that checks amounting to about $2,600 in payment therefore were dishonored when presented at the bank.

QUEBEC RELAPSES CELEBRATION OVER

Parade Fails for Lack of Enthusiasm---Earl Grey Leaves For Ottawa.

Quebec, July 31.—His Excellency Earl Grey leaves Quebec to-day for Ottawa, where he will be on Saturday to entertain Lord Roberts during his visit. All the titled guests have departed except the Duke of Norfolk, who sails for England to-day, and Earl Dudley, who accompanies his Excellency to Ottawa, where he will remain a few days prior to his journey west en route to Australia. Earl Grey will also go west in the course of the next few weeks, and may visit the extremities of the Dominion. Sir Wilfrid Laurier left yesterday for Ottawa.

The French admiral's flagship, Leon Gambetta, sailed at 5 o'clock yesterday afternoon, saluting the British ensign as she moved off.

The grand parade of national societies, Canadian Clubs and independent military guards announced for yesterday did not come off. There was no one to bring it along, and no one to look at it if it had come.

Prince August a Doctor.

Strasbourg, July 31.—The University of Strasbourg announced yesterday that Prince August, the fourth son of Emperor William, had passed his examination for the degree of doctor in the science of Government with the endorsement "very good" on his papers, and that the title of doctor had been conferred on him.

Sievier Not Guilty.

London, July 30.—Robert Sievier, editor of The Winning Post, was yesterday found not guilty at the Old Bailey on the charge that he had attempted to blackmail Jack Joel, a nephew of the late Barney Barnato, by threatening to publish a defamatory article about Joel unless the latter paid him $25,000.

LONDON LAWYER WAS ARRESTED

W. H. Bartram Charged With Misappropriating $15,000.

London, Ont., July 31.—William H. Bartram, a well-known local attorney, was arrested on Tuesday afternoon on a warrant sworn out by Mrs. Marion Bowles of London Township, charging him with misappropriating $15,000, which she alleges was placed in trust with the accused nine years ago. Bail was fixed at $30,000, for which three sureties were secured, and Mr. Bartram was released from custody.

Murdered a Trader.

Victoria, B.C., July 31.—The steamer Aorangi brings word of the capture of a trading schooner and the murder of Oliver Burns, a Sydney trader, in the Solomon Islands. Burns had a trading station at Marova Lagoon. Two blacks boarded the schooner trade, and while Burns was stooping to pick up some goods he was struck from behind with an axe. The trader's rifle was then seized and the natives looted the schooner. Kerosene was found in the vessel and it was scattered about and the schooner set on fire after being looted. The natives then robbed the dead man's store of everything and burned it.

Cannibals Eat Christians.

Victoria, B.C. July 31.—News of murders and cannibalism in the Bismarck archipelago, followed by a German punitive expedition, in which some villages were burned, was brought by the steamer Aorangi, which arrived Wednesday night from Australia via Honolulu. Rev. W. Danks' mission station was attacked at Baining and the three boys who were captured were killed and their bodies carried to the hills, where a feast was held. The remains were roasted and devoured. Evidences of the feast were found by an expedition sent to punish the natives.

CITIZENS DRINKING GREAT DEAL OF WATER DURING THIS EXCESSIVELY WARM WEATHER

The people of Peterborough are drinking an enormous quantity of water during this excessively warm weather. In private dwellings, hotels, restaurants and in fact everywhere where water is to be obtained it is being consumed in very large quantities

In response to a query from the Review this morning Mr W. Henderson waterworks superintendent for this city stated the amount that has been used for the past few days averages two million gallons in 12 hours.

"2,000,000 gallons in in 12 hours is a unusually large quantity" Mr. Henderson stated. "The average consumption locally is from a million to a million and a quarter gallons in that time."

Train Mangles Three.

Utica, N. Y., July 31.—A freight engineer on the Lackawanna railroad in the early dawn of yesterday morning saw three men lying on the track about 300 feet ahead of his locomotive. The heavy freight could not be stopped until the entire train had passed over the sleepers. They were farm hands and had been spending the night in Cassville.

Pension Bill Goes Through.

London, July 31.—The House of Lords yesterday passed the old-age pensions bill with a number of amendments which will be rejected by the House of Commons.

There is little doubt but that the Lords will acquiesce to these objections when the measure is returned to them.

Wife Beaten, Dies.

London, July 31.—George Crow, a Grand Trunk laborer, living near Dorchester, was arrested last Saturday for assaulting his wife and was bailed in the sum of $1,000 to await developments.

Mrs. Crow died yesterday morning, and a jury will investigate the case.

School Treasurer Arrested.

St. Laurent, Man., July 31.—Angus Miller, former secretary-treasurer of Bluff Island school district, was arrested yesterday on a charge of having stolen money from the board, and also with making false entries in his books. His defalcations are placed at $400.

Slight Discrepancy.

Winnipeg, July 31.—It is claimed by the city engineer that there has been a mistake involving nearly half a million dollars in the bookkeeping accounts of the high pressure plant, and that it has not actually cost much over half what is charged to it.

Accidental Shooting.

Ingersoll, July 31.—In Dereham Township Sydney Haycock, the 3-year-old son of Jefferson Haycock, was shot by his brother, who was handling a 32 calibre rifle. The bullet entered his head behind the left ear.

Sending Warship.

The Hague, July 31.—Orders have been issued that the battleship Jacob Van Heemskerk be made ready to sail for the Caribbean Sea, and it is expected that she will start without delay.

Tornado Sweeps West.

Fillmore, Sask., July 31.—A tornado visited this district Wednesday at noon, causing considerable damage in the town and country south of here. School had just been dismissed and a number of the pupils entered the house of William Johnston for shelter. Just at that moment the building was demolished, and Alfred Johnston, aged 11, was instantly killed. Mrs. Johnston had her hip dislocated and received other injuries as well.

LA PATRIE SUED BY EX-SPEAKER

Story About Mr. Roy Proves to be Untrue.

Montreal, July 31.—La Patrie a few days ago made the announcement that Hon. P. H. Roy, president of the defunct Banque St. Jean, and Speaker of the last Quebec House of Assembly, and now under indictment in Montreal in connection with the bank's failure, had gone to Quebec during the tercentenary fetes for the purpose of occupying the Speaker's apartments and taking up the work of looking after the internal economy of the House. It was stated his actions had proved highly embarrassing to Sir Lomer Gouin and the Government. Enquiry failed to show that there was any truth in the statement, and yesterday it is announced that Mr. Roy is taking an action for $20,000 damages against La Patrie.

Admirals Exonerated.

London, July 31.—The Admiralty, after a full investigation, has exonerated both Admiral Lord Charles Beresford and Admiral Sir Percy Scott from any blame in connection with the mistaken signal incident of the last naval maneuvres.

It seems that Lord Charles gave the signal for an evolution, which, if obeyed, apparently would have brought the cruisers Argyll and Good Hope into collision. Sir Percy, who was on board the Good Hope, doubted the accuracy of the signal and refrained from obeying it.

To Help Unveil Tablet.

Halifax, July 31.—Hon. J. D. Hazen, Premier of New Brunswick; Hon. Mr. Lemieux, Governor Mackinnon, of Prince Edward Island, Congressman McLeod of Massachusetts, and Chief Justice Townhend are among those who have signified their intention of being present at the exercises in connection with the unveiling of the tablet in commemoration of the 150th anniversary of the establishment of Parliamentary institutions in Nova Scotia, which will take place in the week beginning Aug. 17.

Hanged Himself In Bush.

Gorrie, Ont., July 31.—The very badly decomposed body of Alexander Robinson, aged 55, who wandered away from his boarding-house here, about July 22, was found yesterday morning suspended from a tree in the bush, a mile from the town, having used a fence wire to commit the deed.

ROUGH FIGHT AT LYNCHING

Two Killed and Nine Injured in Executing Negro.

Pensacola, Fla., July 31.—Two men killed and nine wounded, several fatally, is the record of the clash Wednesday midnight between a mob bent upon lynching Leandor Shaw, a negro, and the sheriff and his forces, in which the mob finally overpowered the authorities.

The lynching was carried out in the most prominent park of this city.

Shaw Wednesday assaulted Mrs. Lillian Davis, a highly respected lady near this city during the absence of her husband and after cutting her throat clubbed her over the head with a revolver.

Rev. G. B. Brown Drowned.

Beamsville, July 31.—Rev. G. B. Brown, pastor of the Baptist Church here, was drowned at Jordan Harbor yesterday afternoon while attending the Sunday school picnic of the Baptist Church.

Bert McEnteer was swimming just ahead of Mr. Brown, when the latter called for assistance, saying he was tired. McEnteer turned and went back. Mr. Brown put his hand on his shoulder and was being assisted to shore when he suddenly sank, drawing McEnteer with him. Freeing himself McEnteer arose to the surface, but was unable to render assistance.

Asks His Victim's Help.

Brockville, July 31.—It is reported here that J. E. Anderson, late P. S. inspector for Brockville, but now of Kingston penitentiary, wrote recently to Mrs. Anderson the second, asking her to circulate a petition to have his sentence shortened. The letter was sent to the lady's father. No action is likely to be taken.

Anderson was sentenced recently at Renfrew on a charge of bigamy, to which he pleaded guilty, to serve seven years in the Kingston penitentiary.

Mrs. Guinness Poisoned.

Laporte, Ind., July 31.—Coroner Mack announced yesterday that Dr. Walter Haines of Rush Medical College, who analyzed the stomach of Andrew Helgelein of Aberdeen, S.D., last victim of Mrs. Belle Guinness, finding strychnine and arsenic in fatal doses, has also found in the stomach of Mrs. Guinness and two of the children arsenic and strychnine in quantities sufficient to have caused death.

CHIEF ROSZEL RECALLS A REPORTER'S DISAPPOINTMENT

Newsman Thought He Had a Big Murder Yarn, but Chief Finally Put Him Right—Prisoner was Only a Common Vag. but Somehow Answered Alleged Murderer's Description.

The article describing the attack of a young man upon a 17 year old girl, the former wielding a hatchet in a vicious onslaught and which was without foundation recalls an incident along the same lines which happened some time ago. Chief Roszel spoke of it yesterday;

"I had a card on my desk," said the Chief, "on which were printed instructions to capture a man who was charged with murder, and a cut of the man was also on the card. He was a tall man and wore a slouch hat. I had only had the card in my possession for a short time and I had sent out P.C. McGinty with instructions to keep his eyes open for the man in case he might come to Peterborough. About an hour later he returned with a big man wearing a slouch hat and not unlike the alleged murderer in appearance. A reporter from the Examiner was sitting in the office and having seen the card asked, 'Is that the man.'

"By way of a joke, I told him that it was and he immediately proceeded to question me and take many notes. At length I told him, however, that he was on the wrong scent and the man arrested was simply a vag. who for many years had been getting six months on the hill twice a year.

"It was a rather rude awakening and it really seemed too bad to cheat the newspaper man out of a sensational story."

Ate Fly Pads.

Toronto, July 31.—Samuel Brown, 35 years, a washer in the T. Eaton stables, attempted suicide at his lodgings, 137 Spadina avenue, last night by eating two poisonous fly pads, which were in his room.

Drowned at Ottawa.

Ottawa, July 31.—J. L. Kehoe, aged 15, son of J. J. Kehoe, recently appointed judge at Sudbury, was drowned yesterday morning at Rockliffe.

Young Doctor Hurt.

Cobourg, July 31.—Dr. Adam Miller, son of ex-Warden Miller of Castleton, Northumberland County, and a 1908 graduate in medicine of Toronto University, was thrown out of a buggy and was picked up unconscious yesterday. His condition is still very critical.

Not Sir Thomas' Boy.

Montreal, July 31.—The Bert Shaughnessy who attempted suicide at Seattle Wednesday and claimed to be a son of Sir Thomas Shaughnessy, president of the C. P. R., is an impostor. Sir Thomas has no son named Bert and both his boys are at home in Montreal.

Big Freighter Aground.

Port Arthur, Ont., July 31.—The new steel freighter Daniel B. Meachem, bound on her maiden trip from Ashtabula to Port Arthur with 9,000 tons of coal, ran on the rocks at Passage Island Wednesday night in a heavy fog.

Dies In Church.

St. John, N. B., July 31.—Mrs. Margaret Mills, while giving her testimony at a meeting in Middle Simonds Church, suddenly collapsed and was carried out. She died in a few minutes.

Against Embargo.

London, July 31.—(C. A. P.)—The board of the agricultural society support the Board of Agriculture on the question of importation of live cattle from Canada.

Adamites Still Tramping.

Bairnie, Man., July 31.—Colonization Agent Speers has reached here from the west and says the Adamites are still being followed by the mounted police, who have so far been unable to effect their capture. Four members of the party have deserted, and only three men and five women are left.

Lightning Causes $100,000 Fire.

Sackville, N. B., July 31.—Lightning early yesterday set on fire the buildings of the Enterprise Foundry, and they were totally destroyed. The fire spread to the Intercolonial Hotel, which was ruined, and the railway station was saved with difficulty. The loss is $100,000.

Not Selling Vote.

Washington, July 31.—"The report that I have ever said I would or could deliver the labor vote to any political party is an infamous lie," said Samuel Gompers, president of the American Federation of Labor, yesterday.

"I want no political office or honor. I have nothing for sale and don't propose to begin at this late day by selling my honor."

To Rescind $25 Clause.

Montreal, July 31.—There is a rumor here to the effect that the Government will rescind the $25 entry clause in the immigration rules and that Immigration Agent Scott will at once get three thousand men into the country to work on the Grand Trunk Pacific.

A high official last evening would neither confirm or deny the story.

Train Runs Into Gang.

Fort William, July 31.—Three men are dead, and a fourth will probably die as a result of a whole gang of men working on the Canadian Pacific double-track work stepping from the westbound track to avoid a passing work train and stepping directly in front of an eastbound passenger train yesterday morning at Buda.

THE SULTAN ISSUES PARDON AMNESTY TO THE REFUGEES

Two Thousand in Canada and Two Hundred Thousand in United States Look Forward Joyfully to Returning But Fear Abdul Hamid May Change His Mind—Unrest Continues.

New York, July 31.—The Sultan of Turkey, through the Turkish consul-general in New York, has proclaimed a general amnesty to all political fugitives, regardless of race, in America. This relates to 200,000 Armenians, Assyrians and others in the United States and Canada.

The reading of the announcement in New York to a number of his countrymen by the consul-general, Munji Bey, was greeted with cheers He said:

"I regard this as the most important step forward that has yet been taken relating to Turkish subjects in the United States. There are 400,000 Turkish citizens in this country and more than 200,000 of these are political fugitives."

Mr. Saba and his friends could hardly credit the news that they were absolutely pardoned, and expressed the fear that the experience of 20 years ago might be repeated when Parliament was formed for a short time and then dissolved, massacre after massacre having followed. Should official assurance come, however, he felt that thousands of his race on this continent would return home, many to become very rich. There were so many things the country needed, and American or Canadian Assyrians could generally lay the foundation for a great commercial and Christian nation. He estimated that there were 40,000 Assyrians in Canada.

A despatch from Constantinople says:

The situation still lacks clearness, and it is impossible to forecast the next development. The young Turks are masters of Constantinople and the European provinces, and except in the capital the feeling is anything but favorable to the Sultan.

Toronto, July 31.—Mr. Courian of Courian and Babyan, who run an oriental store at 40 East King street, said there were about 2,000 Armenian refugees in Canada, amongst whom the news would be received joyfully.

LATEST TIPS FROM THE WIRES

Some Live News From Many Points of the World.

Hon. Geo. E Foster is to make a tour of Nova Scotia during August.

The sugar beet crop in the Alberta irrigation belt promises to break all records.

The police have arrested Edwin Lauzon, ship's cook, at Kingston, on a charge of theft.

Broken bottles have been scattered along the road between Hamilton and Grimsby for the purpose of damaging automobiles.

Brazil announces that not one of the three battleships of the Dreadnought type now being constructed for Brazil in England is for sale.

The Brooks' plant of the American Locomotive Co. at Dunkirk, N.Y., has received an order for thirty locomotives from the Argentina Railroad.

Pelee Islanders are taking an appeal to the drainage referee to quash the bylaw of the township council to spend $45,600 in drainage improvements.

The enquiry into the charges made by the civil service commissioners against the officials of the Marine Department will be resumed in Montreal on Sept. 2.

Toronto Wins Suit.

Toronto, July 31.—A cable has been received from London, England, announcing that the Privy Council had allowed with costs the City of Toronto's appeal against the judgment of Canadian courts in the famous Russell tax sale case. Had the city's case failed, the corporation would be faced with the prospect of a succession of suits to recover land fallen into the city's hands through arrears of taxes and endless confusion and litigation would have been entailed.

HEAVY STORMS IN THE WEST

Accompanied by Hail---Frost Reported at Emerson.

Winnipeg, July 31.—The extremely hot weather of the past week has brought the grain on with a rush, probably too fast for the best results and rain is now badly needed all over the country.

Heavy storms have visited some sections of the west, accompanied by hail and the temperature took a decided drop. Frost was reported yesterday morning from Emerson and several other points, but no damage is recorded.

The crop is not going to be as heavy as was expected early in the season, but will be equal to if not above the average.

Incendiary Fire.

Cranbrook, B.C., July 31.—At a fire inquest yesterday Government Agent Armstrong proved the fire in Wardner the other day, destroying two blocks, to be of incendiary origin.

Drowned While Bathing.

Meaford, July 31.—Joseph F. Fitzgerald, aged 16, was drowned while bathing in the river with other boys He was unable to swim, and got beyond his depth.

Deporting Insane Prisoner.

Kingston, July 31. At noon yesterday Inspector W. P. Archibald started for Montreal with an insane convict named Smith, transferred to the penitentiary here from Dorchester, N. B. The convict became so unruly that he had to be returned to the prison. He struck a little girl upon the head and injured her severely. Smith was to be deported to the United States.

THE LOWER PART OF RIVER IS NOW THE MORE POPULAR

There is no doubt about the Otonabee river being one of the cleanest spots for boating in the Province. And one of the nicest parts of the river is from the locks to the T.A.S. Park.

Before the establishment of Rye's boat house at the end of the street car line, the Little Lake was the favored part of the river with the majority of local pleasure paddlers, owing to the fact that so much inconvenience was occasioned by the portage at the locks, and owing to the stiff and somewhat dangerous paddle up the rapids alongside the locks pier.

Now, however, since the boat livery and place of accommodation for canoes, skiffs and launches has been established by Mr. Rye at the end of the street car line, the lower part of the river is far more popular than the lake. The service at Rye's boat house is of the best that is fully appreciated by the large number of patrons.

Y.M.C.A. BOYS' CAMP AT SANDY POINT OVER FOR ANOTHER YEAR

Special to the Review.

Y.M.C.A. Camp, Sandy Point, Clear Lake, July 30.—Well, here we are at the last day of our camp. The time has gone so fast that I hardly realize that our two weeks are over. We have had such a good time that I wish we could stay all summer. Mr. Wright paid us another visit and stayed over Sunday, but we didn't see very much of him. We all went to church on Sunday over to Juniper Island, and Sunday night we held a song service at Miss Brown's cottage on Clear Lake. Mr. Frowde held down our little camp organ and over fifty people sang those good old hymns which we all like so well, after which Mr. McKunny, of Newcastle Y.M.C.A., gave a stirring address.

We have to thank the Misses Rogers for an ice cream treat, which we appreciate to the fullest extent and the Misses Carlyle for an angel cake. I think when the big boys come up to camp they will get more ice cream and cake than we did, because they somewhat stand in better.

The boys played a great trick on me the other night and although it is at my own expense I am going to tell it. Mr. Frowde and two Port Hope boys caught a big lunge and I went up in the woods to clean it. Suddenly I heard a wild scream like a wild cat and I flew as fast as my legs would carry me. When I returned there was no fish to be seen but after hunting around a while we found it badly torn up. I couldn't sleep all night, I was so badly scared and in fact everyone was. However yesterday they told me it was a put up job. Ha, ha, ha, well I never. They certainly had the laugh on me. We found a new kind of bug this year and christened it a Ballyngand [illegible]

Well, last night was the last in camp, so we certainly did cut up till about two o'clock in the morning. We sang songs and yelled and had a merry time. We are all wishing that next summer will hurry up and come soon. I will have to close now. So good bye till next year.

WILLIE NEVER TIRE.

Mother Avenges Girl.

Ottawa, July 31.—Alfred Geouridge when discharged at the Police Court yesterday, charged with seducing Belle Ritchie, was attacked by the girl's mother on leaving the station. His collar and clothing were torn, when several policeman pulled away the angry woman. She threatened to punish him yet.

Dies on Road.

Glace Bay, July 31.—J. J. Pembroke, a well-known butcher of Lingan, was found dead yesterday morning on the road leading from Dominion to Lingan. He was sitting by the wagon. The horse remained with him all night. Heart failure was likely the cause of death.

THE T. V. C.

Judging from the substitute for English employed in the Examiner of yesterday in reference to bathing in the waters of the T.V.C. without sufficient clothes, we should say that some of the numerous employees of the government in that department had wakened up suddenly out of a midsummer nap. The attempt to evade responsibility in this connection will not go down very far with anybody. If some of the large and talented staff would try to put the law in motion to prevent reckless bathing they would be astonished to find how much service they had unwittingly rendered. People who are placed in charge of any water or land it matters not which are clothed with the requisite power to maintain order and decorum and if the T.V.C. department here does not know it, let them learn and proceed to act upon it.

QUEER TALK

"When your Highness leaves Quebec," says Le Nationaliste, "you will have spoken to many people and listened to many speeches, but in spite of it all you will not know the true sentiment of the people of this Province.

"You will have failed to penetrate the sentiments of two million of your subjects, and the French-Canadians will deeply regret that you considered it to be your duty to attend these festivities, which are an outrage to their feelings. They would have wished to celebrate this year the three hundreth anniversary of the landing of Champlain, yet our governor brutally opposed this idea in other to transform this family gathering into an imperialist demonstration, thus excluding the third of the nation."—Le Nationaliste.

That the now famous editorial letter of Le Nationaliste should have excited universal wonderment is not strange. Such "talk" as that quoted above is nothing more or less than an announcement by the writer and his followers that the capitulation of 1759 is ignored. Evidently the "true sentiments" referred to are not British. If they were British as well as French, which we certainly have a right to expect, there would be no grumbling at the combination in the celebration of the purely French with the later British. The letter, which is everywhere treated seriously and nowhere disowned by the nationalist press, is a calm but determined effort on the part of the nationalists to assert themselves once and for all. It is an unhappy moment in our recent history. We cannot feel at one with a people even more truly Canadian than ourselves. "I told you so." is what the tolerationists are being told. It has set the clock of Canadian unity and progress back or forward, we do not quite know which. For the nationalists to think that Great Britain is trying her best to protect and cherish a foreign power within her Empire looks uncommonly like nonsense. We hope that too much liberty has not driven some of them mad. The following further extract makes this conclusion, however, almost certain:—

"In a word, THE HUMILIATION WHICH HAS BEEN IMPOSED UPON US MAY "PERHAPS HASTEN THE HOUR OF OUR AWAKENING, and such is the message which you will carry back to the King."—Le Nationaliste.

MILTON'S ANNIVERSAY

December 9, 1908, is the tricentennial anniversary of Milton's birth. The great Puritan poet has left an enduring impression on literature. It is said by way we suppose of merry persiflage, that he wrote "Paradise Lost" on being married, and "Paradise Regained," on the death of his wife.

What student of literature fails to remember with delight the hymn to the Nativity, Comus, Il Penseroso, L'Allegro, Samson Agonistes (said to be a personal poem)! The greatest productions of the poet possibly, though not the sweetest such as "Paradise Lost," raised him to the highest plane of poetic fame, where Homer, Dante, Shakespeare and Goethe forever dwell. We have too little poetry in our curricula. The imagination is not fed on ambrosial food as it used and ought to be. As a consequence, we are unaccustomed to the "higher air." Materialism is first-cousin to brutalism. That the Greek and Latin classics are no good is not true. They may not be of use in a mechanical sense, but otherwise they are of the greatest possible use. But then, nowadays, "If you don't see what you want make it." Our wisdom has outgrown our understanding.

DODD'S
KIDNEY
PILLS

EDITORIAL NOTES

If Mr. Aylesworth stands again ,Mr Gamey announces that he will contest the constituency against him.

Consumption is on in the increase in Ontario. The statistics for June, 1908 show a substantial increase over June 1907.

"Within the last ten months crime has increased ten per cent." said Chief Detective Day of the GTR today —Hamilton Herald.

The Examiner puts up a bluff regarding Sir Wilfrid Laurier's original estimate of the cost of the GTP. to the people of Canada. Let us ask that journal to say what it now thinks the cost in cash to Canada will be. We venture to say it will forget to answer.

Complaints are made that much of the kitchen refuse in the middle of the city is not collected and properly disposed of. This must be seen too sooner or later. Why not now? A system of collecting and burning is not expensive and it certainly is necessary.

We have received a pamphlet on "Forestry" from the Dominion Forestry Association. This Association is more particularly under the patronage of the Dominion government People are quite agreed as to the desirability of the reforesting movement All that is needed is to go ahead.

"Two children, a boy and a girl, preached at the Park Congregational Church on Sunday, while the pastor and his family sat in a pew. Little Miss Nicholls, from behind a bank of flowers, delivered an 'Address to Our Elders.' It was full of advice to mothers. When Miss Nicholls completed her sermon Donald Redfearn took her place in the pulpit. This address was on "The Responsibility of young people."

It might not be a bad idea to have the incumbent of this place stand on his head in the pulpit occasionally or indeed run a Marathon race round the "sacred edifice" while the hymns of salvation and rejoicing are being sung. There is no limit to these magnificent possibilities.

It is hard to understand the principle upon which the Dominion government acts in refusing to grant a subsidy to the Temiskaming & Northern Railway, which has been constructed and operated by the Provincial government of Ontario. If that road had been built by the CPR or Mackenzie & Mann, there would have been no hesitation whatever in making a grant of $6400 a mile, which is the regular subsidy granted to all roads opening up new territory. But because it has been built by the people and is managed by the people's representatives, the Government refuses to recognize it by granting financial assistance. This is not only a blow at the Government of Ontario but it is tantamount to a declaration of hostility on the part of the Federal Government to the principle of public ownership. The people of Ontario have been contributing a large share of the money granted in bonuses to privately owned railroads If any part of the Dominion is entitled to consideration in this respect it is the Province of Ontario. —The Sentinel.

MANY LIGHTS MAKE WHARF BRIGHT AS DAY

The landing for the gasoline launches at the Otonabee boathouse has been brilliantly illuminated by the installation of numerous electric lights. The wharf is now as bright as day when the lights are on, although the night may be exceedingly dark. The improvement is a splendid one and is greatly appreciated by the launch owners and the numerous patrons of the boathouse. Mr. Rye deserves credit for what he has done.

AT 90 IN THE SHADE

Some folks are great on saving
time.
They move along in haste,
To stroll along they say's a crime,
Of time a wilful waste.
It may be just as they declare,
But still we're not afraid,
To take the chance we calmly dare
At ninety in the shade.

Some folks are great on catching cars,
They'll chase 'em for a block,
Their energy our system jars,
We'd really rather walk,
Of course they gain a bit, but then,
We're not the least dismayed,
We'll wait and take the next one
when
At ninety in the shade.

Some of theirs kill at sports are
proud;
The leap, they race, they run,
They like the plaudits of the crowd,
Who often cheer them so.
Oh, well, we like athletic feats
By other folks displayed,
But we will take no part in heats
At ninety in the shade.

Some folks are great on heavy feeds,
In courses not a few—
Roasts, gravies, soups, their system
needs,
Fries, fricasses or stew,
They like a lot of flub-a-dub
On groaning boards displayed,
But we don't crave much heavy grub
At ninety in the shade.

Some folks set quite a store on dress,
And wear the latest syles;
Their neighbors they will fain impress,
They lay it on in piles.
We're not averse to something new,
Upon our form displayed,
But our gald rags are light and few
At ninety in the shade.

HARD TIMES IN SOUTH AFRICA

Wages Have Been Reduced and Men are Only Working Five Days a Week

Mr. A. J. Wilson, has received a letter dated June 29th, from his brother-in-law, Mr Geroge Anderson, of Kimberley, South Africa. It took nearly a month for the letter to come. Mr Anderson says that within the last twelve months things have been going from bad to worse. The DeBeers Co. have paid off between two and three thousand white men, tradesmen, miners and overseers and they have also paid off seventeen thousand natives. There is great suffering among the white population, and what makes it more distressing is that it is mid-winter over there.

At present wages have been reduced all round and the men are working only five days a week. Mr. Anderson is engaged in the diamond mines and says that they have all but collapsed. The company have been paying men's passages to England, Australia and any other place they can send them. The writer claims that he has never seen such bad times in twenty-seven years.

Lord Roberts will turn the first sod for the soldiers' monument at Battle Creek.

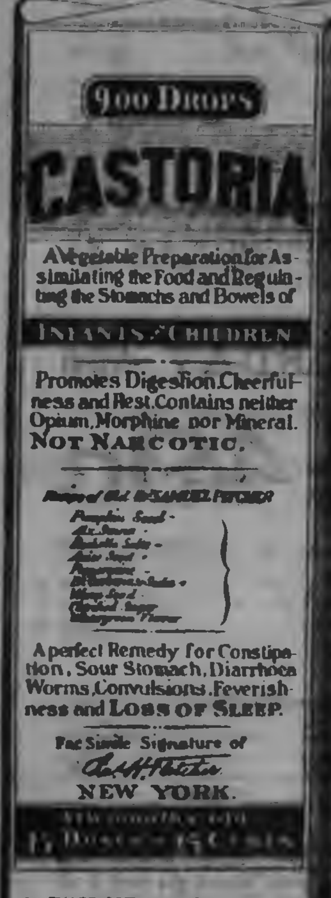
The Kind You Have Always Bought.

THIS is the caution applied to the public announcement of Castoria that has been manufactured under the supervision of Chas. H. Fletcher for over 30 years—the genuine Castoria. We respectfully call the attention of fathers and mothers when purchasing Castoria to see that the wrapper bears his signature in black. When the wrapper is removed the same signature appears on both sides of the bottle in red. Parents who have used Castoria for their little ones in the past years need no warning against counterfeits and imitations, but our present duty is to call the attention of the younger generation to the great danger of introducing into their families spurious medicines.

It is to be regretted that there are people who are now engaged in the nefarious business of putting up and selling all sorts of substitutes, or what should more properly be termed conterfeits, for medicinal preparations not only for adults, but worse yet, for children's medicines. It therefore devolves on the mother to scrutinize closely what she gives her child. Adults can do that for themselves but the child has to rely on the mother's watchfulness.



900 DROPS
CASTORIA
A Vegetable Preparation for Assimilating the Food and Regulating the Stomachs and Bowels of
INFANTS & CHILDREN
Promotes Digestion, Cheerfulness and Rest. Contains neither Opium, Morphine nor Mineral.
NOT NARCOTIC.
A perfect Remedy for Constipation, Sour Stomach, Diarrhoea, Worms, Convulsions, Feverishness and LOSS OF SLEEP.
Fac Simile Signature of
NEW YORK.

EXACT COPY OF WRAPPER.

Letters from Prominent Druggists addressed to Chas. H. Fletcher.

Central Drug Co., of Detroit, Mich., says: "We consider your Castoria in a class distinct from patent medicines and commend it."

Christy Drug Stores, of Pittsburg, Pa., say: "We have sold your Castoria for so many years with such satisfactory results that we cannot refrain from saying a good word for it when we get a chance."

Jacob Bros., of Philadelphia, Pa., say: "We take pleasure in recommending Fletcher's Castoria as one of the oldest and best of the preparations of the kind upon the market."

Hess & McCann, of Kansas City, Mo., say: "Your Castoria always gives satisfaction. We have no substitute for it and only sell 'The Kind You Have Always Bought,' the original."

The Voegeli Bros., of Minneapolis, Minn., say: "We wish to say that we have at all times a large demand for Fletcher's Castoria at all of our three stores and that it gives universal satisfaction to our trade."

Polk Miller Drug Co., of Richmond, Va., says: "Your Castoria is one of the most satisfactory preparations we have ever handled. It seems to satisfy completely the public demand for such an article and is steadily creating a growing sale by its merit."

P. A. Capdau, of New Orleans, La., says: "We handle every good home remedy demanded by the public and while our shelves are thoroughly equipped with the best of drugs and proprietary articles, there are few if any which have the unceasing sale that your Castoria has."

M. C. Dow, of Cincinnati, Ohio, says: "When people in increasing numbers purchase a remedy and continue buying it for years; when it passes the fad or experimental stage and becomes a household necessity, then it can be said its worth has been firmly established. We can and do gladly offer this kind of commendation to Fletcher's Castoria."

GENUINE CASTORIA ALWAYS
Bears the Signature of

Chas. H. Fletcher.

The Kind You Have Always Bought

In Use For Over 30 Years.

THE CENTAUR COMPANY, 77 MURRAY STREET, NEW YORK CITY.

ED. HUFF GETS CONTRACT FOR THE FIREMEN'S SUITS

Tender of $305.50 Was Accepted by Fire, Water and Light Committee—Assistant Fire Chief Was Appointed.

Ed. Huff's tender of $305.50, for the firemen's suits was accepted at last night's meeting of the Fire, Water and Light Committee. Mr. Huff's tender was a lump sum for the lot, while the other tenderers specified prices for the different garments.

Those present at the meeting were Ald. Johnston, chairman; Mayor Rush, Ald. Buller, McIntyre and Turner.

The Water Commissioners applied for permission to place three new hydrants on Elm street, and one on Downie street, between London and Dublin.

The chairman and Ald. Turner were authorized to go and look over the situation where these hydrants are asked for.

FIREMEN'S SUITS.

The following tenders were received for firemen's suits:—

H. LeBrun—	
11 suits, each	$ 22 00
Trousers, extra, each	5 25
1 officer's suit, each	26 00
1 trousers military braid	6 00
E. Huff—A lump sum for the whole supply	$305 30
Cressman—	
11 coats, each	$10 75
1 officers' coat	12 00
11 vests, each	3 00
20 pair trousers, each	4 00
1 pair officer's trousers	4 50
Evans—	
11 suits, each	$23 50
1 officer's suit	27 00
Trousers each	5 25
Trousers, military braid	6 75
Laidlaw & Olwa	
No. 1053 suits each	$21 00
Trousers, extra pair	5 00
No. 1046 suits each	24 00
Trousers, extra pair	5 50
No. 1062, suits	25 00
Trousers, extra pair	6 50
No. 1193 suits	25 00
Trousers, extra pair	6 50
No. 1108 suits	25 00
Trousers, extra pair	6 50
No. 2246 suits	25 00
No. 2247 suits	22 00
Trousers, extra pair	5 50
Merrill & Meredith—	
Suits, each	$24 00
Trousers, each	6 00
Braiding extra.	
Coat and trousers	5 00

Cressman's tender was the lowest by $18 but the clothes would be Semi-ready made, and the specifications distinctly asked for tailor-made suits. This raised considerable discussion, Aldermen Buller and McIntyre holding out for the uniforms to be made entirely in town.

Ald. McIntyre moved, seconded by Ald. Turner—That the suits for the firemen be made in the city and to order that the tender of E. Huff at $305.30 be accepted. The suits to be according to the specifications.—Carried unanimously.

The tenders of the city tailors figured out as follows:—

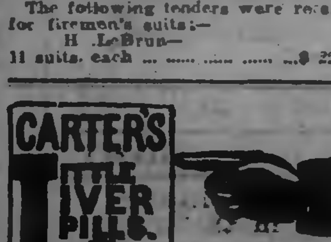
LeBrun	$321 25
E. Huff	305 30
Evans	338 50
Merrill & Meredith	353 00

Laidlaw & Olwa' tender for suits that would be accepted would come much higher than any of the above.

ASSISTANT CHIEF.

Fire Chief Howard recommended that W. H. Taylor be appointed assistant chief. The chief reported that although he is not a local man, he is the only one on the present staff capable of assuming the position, and he comes highly recommended by the Bell Telephone Company, for whom he has worked in Oshawa, Owen Sound and Peterborough. All the other firemen are local men, and Chief Howard is highly satisfied with them.

Ald. Turner moved, seconded by Ald. Buller—That three play pipes be fitted with controlling tips, and that one easy bolt cutter with rubber handles be procured.—Carried.



CURE

Sick Headache and relieve all the troubles incident to a bilious state of the system, such as Dizziness, Nausea, Drowsiness, Distress after eating, Pain in the Side, &c. While their most remarkable success has been shown in curing

SICK

Headache, yet Carter's Little Liver Pills are equally valuable in Constipation, curing and preventing this annoying complaint, while they also correct all disorders of the stomach, stimulate the liver and regulate the bowels. Even if they only cured

HEAD

Ache they would be almost priceless to those who suffer from this distressing complaint; but fortunately their goodness does not end here, and those who once try them will find these little pills valuable in so many ways that they will not be willing to do without them. But after all sick head

ACHE

is the bane of so many lives that here is where we make our great boast. Our pills cure it while others do not.

Carter's Little Liver Pills are very small and very easy to take. One or two pills make a dose. They are strictly vegetable and do not gripe or purge, but by their gentle action please all who use them.

CARTER MEDICINE CO., NEW YORK.

Small Pill. Small Dose. Small Price.

WHEN THE TRUTH IS OFTEN HIDDEN

Passive Lying One of the Adjuncts of the Horse Dealing Business

The father of Robert McClure, the prominent American Magazine man, is one of the wealthiest and best known horse dealers in the Northern States. While staying in Winnipeg a few years ago, he was approached by a member of the reportorial staff of one of the city papers, who solicited an interview with him. He immediately drifted into his favorite topic, saying:

"Horse dealing in several respects is the meanest business on earth. There was never a deal put through yet that one or two of the two parties involved did not lie about the particular nag that he was trying to shift on to the other man's shoulders."

"Are there no exceptions to that general rule?" demanded the reporter.

"None that I have ever met," replied the veteran horseman. "And I have had dealings with them all."

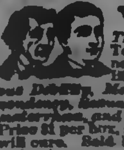
"Surely, Mr. McClure, you would not include the clergy, would you?" queried the news-gatherer. "I don't think that a clergyman would deliberately lie about anything."

"Well," replied the horse dealer, "I would not say that they would exactly lie about a horse, but there's a whole lot of them that often hide the truth."

GREAT FISHING AT RICE LAKE

Mr. W. E. Talbot Says That Many Big 'Lunge are Being Hooked

Mr. W. E. Talbot, who is summering at Idyl Wyld, Rice lake, is in the city for a few days. He says that Rice lake is the only place when it comes to summer resorts; he does not want any better place. There are more people at Idyl Wyld this season than ever before and they are having the time of their lives. The fishing, Mr. Talbot says, is excellent, big 'lunge being pulled out daily. He will return to Rice lake in a few days and spend several more weeks there.



Wood's Phosphodine, The Great English Remedy. Tones and invigorates the whole nervous system, makes new Blood in old Veins. Cures Nervous Debility, Mental and Brain Worry, Despondency, Sexual Weakness, Emissions, Spermatorrhoea, and Effects of Abuse or Excesses. Price $1 per box, six for $5. One will please, six will cure. Sold by all druggists or mailed in plain pkg. on receipt of price. New pamphlet mailed free. The Wood Medicine Co. (formerly Windsor) Toronto, Ont.

THE INSPECTOR WAS ROBBED

Prominent Toronto Police Official Victim of Crook in Pullman Car

Inspector Duncan has been robbed of $35 and his detective's badge.

Inspector Duncan has just returned from guarding the Prince of Wales at Quebec.

Inspector Duncan has recently been waging war against thieves in Pullman cars.

But on a Pullman car this morning he was robbed himself and the thief added insult to injury by taking his badge as well as his cash.

It seems that the chief of the detective force was returning from Quebec, where he was honored by receiving a pearl stick pin from the Prince. He went into the washroom of the Pullman, and while there he dropped his watch and some papers. These he recovered, but when he got back to his berth, his money and badge were missing. In vain he searched. In vain he looked in the washroom where he had dropped the watch and papers. There was no trace of the other articles to be found. They may have been stolen there, or perhaps from his berth.

The war against Pullman thieves will now be waged more fiercely than ever.—Toronto Star.

THIS MAN GAVE MUCH TROUBLE

Prisoner Taken in Hamilton Was Thought to Have Been One of Toronto Jail Breakers

Hamilton, Ont., July 30.—William Carrie, of Toronto, whose strange actions during the past week kept the police hopping, caused them to search in the Desjardins Canal for his body, and resulted in two Grand Trunk detectives chasing him several miles on a special engine, under the impression that he was one of the seven prisoners who broke out of the Central Prison, was rounded up by a railway detective this morning and arraigned before Magistrate Jelfs on a charge of trespass.

A week ago Tuesday the police were notified that a man was wandering around the Grand Trunk tracks west of the city limits, hatless and coatless.

Detective Brine and a policeman rushed out on a special engine, thinking the stranger was one of the Toronto fugitives, and chased him across country until they lost track of him. A few days later a hat and coat were found in the water near the canal, and the police satisfied themselves that there had been a drowning.

The night before a man answering the description of the one chased by Brine, went into the station at the junction cut, and attempted to hold up the telegraph operator, by drawing a knife when refused money.

G. T. R. Detective Darrock received word early this morning that the man he wanted was sleeping under a bridge near County Constable Raspberry's place, and he went out on an engine and picked him up.

Carrie was remanded to-day until Saturday.

The F. F. Dalley Company confirmed the prisoner's statement about his father being a well-known Toronto merchant and promised to advance his fare if he was released. The Grand Trunk agreed to drop the charges and the Magistrate intimated that he would allow Carrie to go on Saturday.

STEAMBOAT HAND CAUGHT 'LUNGE

While Trolling From the Steamer "Stony Lake" Yesterday

There is a prevailing impression that it is no use to trawl from a large steamer. One of the crew of the Stony Lake showed conclusively yesterday that there is an exception to the rule. While the boat was travelling rather slowly near Breezes he threw to his line and in a few minutes pulled in a twelve pound 'lunge. It was a fine specimen and the boatman's luck was greatly envied by those on board.

TOOK GASOLINE FOR MEDICINE

Mr. John Gilman of Ashburnham Makes Mistake—No Ill Results

The other day Mr. John Gilman, of Ashburnham, took a couple of glasses of gasoline mistaking this liquid for medicine. When he tasted it first he thought it was medicine simply turned better, but the ill effects were soon felt.

No serious results were attendant to Mr. Gilman's mistake.

COMPLIMENTED ON EXCELLENT SERVICE

The Grand Trunk Passenger Department are in receipt of a letter from a prominent New Yorker complimenting the road on their excellent dining car service. He says, "My wife and I left New York on your train at 5.40 p.m. last Monday; yesterday morning we had breakfast on your dining car and everything was so superior, food, cuisine, service and attention that I think it my duty to compliment the road on this branch of the service.

Special discount on Cleveland Bicycles for the next two weeks, ending July 25th at F R J. Macpherson's. tf

A Pertinent Question

Are your eyes good yet—have you perfect vision for long or short distances? If there is anything the matter with them, now is the time to have them examined, and, if necessary, properly fitted with correct Glasses. The wrong kind of lenses would injure instead of improve your sight. We are expert Opticians, and understand everything in connection with the human eye and Glasses for same.

Charges most reasonable.

TRIP TO ROCHESTER COST MORE THAN WAS EXPECTED

Peterboro People Not Exactly Pleased With the Outing—Excursionists Were "Stung" in Many Cases.

There are a good many Peterborough people who were "stung" in connection with the trip to Rochester on the big ferry. They do not blame the management, a committee from St. George's church, Grafton, but it appears that some things were allowed to happen that were of a nature tending to separate the excursionists from their coin. In the first place, it cost more to get to Rochester than was advertised. The trip was advertised at a certain rate from Peterborough to Rochester but when the excursionists got off the boat on the American shore they found that they were quite a distance from Rochester and had to pay railway fare to reach the city. This was something not on the programme.

On the return the ferry was late and reaching Cobourg and the train for the west had gone. It was a case of staying in Cobourg over night or driving to Port Hope and the latter was resorted to by many. Excessive prices were also charged for meals on the ferry, $1.50 for a small steak being one of the fancy touches.

HIS INTENTIONS WERE GOOD BUT HE HAD AN AWFUL TIME

Man Who Was Taking Bath at Y. M. C. A. Did Not Get Out at the Closing Hours and Was Left to His Fate and Many Troubles.

"And he sat all alone in the YMCA." Such is one of the lines of a popular song which aptly describes the predicament of a local man last night.

He had gone to the YMCA about 9.45 to have his annual bath, some say. At 10.15 he was still in the bath tub and was having the time of his life. Now, it is the custom of the above institution to close its doors sharply on the stroke of ten, but as several young men were engaged in an interesting game at the time, the secretary decided to let them finish their game and departed, asking them to turn off the lights before they left.

Before the young men departed they carefully shut off all the lights incidentally putting the bathroom in darkness. The man below in the bath tub screamed impatiently and entreated the young men to turn on the lights but to no avail. The youths departed and left the angry gentleman to his fate.

For some time the bather shivered in the water. Then resolving to dress himself and chastise the dastardly schemers upstairs he softly stepped to the floor.

Then there arose a series of prolonged rars and cusses. On leaving the tub he had stepped on the soap and had immediately hit the floor.

He picked himself up and began to search for his clothes. The room was pitch dark and being a stranger in the building he could not find his way around very well. Nevertheless he started on his travels, and picked his way carefully in what he thought was the desired direction. Unhappily he had mistaken the way and a few minutes later found him struggling frantically to escape from the plunge.

Finallyh e gound a boot which he immediately donned and a short time later he was overjoyed by the discovery of his shirt.

Thus armed he ventured to seek the stairs and after a long ramble he found his way to the secretary's office above.

Here there were an infinite number of electric light switches. For half an hour he worked at the switch board, alternately turning on a switch and running to the bath room door to see if it was the right one.

At last he bethought him of the roomers upstairs and betook himself to their apartments. Here he borrowed a pair of trousers and another boot and soon afterwards hit the trail

SOME GOOD BANDS FOR EXHIBITION

57th Will be in Select Company of Leading Musical Organizations

Musical arrangements for the Exhibition are nearly completed. The band of the 100th Regiment of Halifax will give concerts twice daily from September 1st to 12th.

All the Toronto Garrison bands have been engaged, as well as the 13th and 91st from Hamilton, the 38th from Brantford, the 57th from Peterborough, the 19th from St. Catharines, the Citizens' Band from Winnipeg, and others. Negotiations are in progress with various well known bands in the United States, including the 74th of Buffalo. These bands will all take part in the grand international military tattoo that is to be given nightly in connection with the great spectacle the Siege of Sebastopol. While the following list is open to amendment and additions, the present arrangements are that the bands shall play in this order; Royal Canadian Regiment, Halifax, Sept. 1st to 12th; 48th Highlanders, Toronto, Sept. 1st to 12th; Cadet Battalion, Toronto, Sept. 2nd; Mimico Industrial School, Mimico, Sept. 2nd; Royal Grenadiers, Toronto, Sept. 3rd and 7th; 38th Battalion, Brantford, Sept. 4th; 13th Regiment, Hamilton, Sept. 5th; 91st Regiment, Hamilton, Sept. 7th; 57th Battalion, Peterborough, Sept. 8th; 19th Battalion, St. Catharines, Sept. 9th; Governor-General's Body Guard, Toronto, Sept. 9th and 11th; 74th Regiment, Buffalo, Sept. 10th; Queen's Own Rifles Toronto, Sept. 1st and 12th.

Narrow Escape From Drowning at Stony Lake—Shouting Attracted Attention

Special to the Review

Stony Lake, July 31—There was very nearly a drowning accident at Viamede at the same time as Howard Mallory met his death. It appears that Master J. Trebilcock, who is visiting there with his parents, fell off the dock accidentally and had gone down twice before any one noticed it, but as his shouting attracted attention he was rescued just in the nick of time and a little working with him brought him around in a short time.

MEET DEATH AT CROSSING ON RAILWAY

Special to the Review

Philadelphia, July 31 — Charles Humphrey's chief clerk in the bureau of police, in this city and Harry P. Bramley, of a well known family of manufacturers, while in an automobile crossing the track of the Reading railroad at Nicetown station this morning were run down by a train and instantly killed.

PERSONAL

Send or Telephone Your Personals to The Review.

Mr. L. F. Howard, Aylmer, is in the city.

Mr. W. J. Miller, Lindsay, is at the Snowden House.

Mr. John H. Schafer, Burleigh Falls, was in the city this morning.

Miss Carney, of New York, is the guest of Mrs. E. J. Jameson, Harvey street.

Mrs. H. P. Kennedy and Master Max are visiting in Whitby for a few days.

Mr. Edwin Searight, of Peterborough, was in town for a few days visiting his parents.

Mr. W. H. Stroud returned to the city yesterday after spending a few days at Stony Lake.

Mr. Fred Sawers, curate of Christ Church Cathedral, Montreal, is spending his vacation at his home here.

Miss Maggie Dafoe, of Peterboro, was in the village over Sunday visiting her mother.—Norwood Register.

Mr. and Mrs. Frank Mason have just returned from Stony Lake where they have been spending a delightful holiday, the guests of Mr. and Mrs. John D. Nugent, at their pretty cottage.

Miss Kate O'Keefe, Peterborough, who has been visiting her brother, Mr. Michael O'Keefe, Norwood, for two weeks, returned home on Monday evening. While here she visited her friends in Campbellford and vicinity and also in Belleville.—Norwood Register.

Lindsay Free Press—Miss May Adams returned yesterday from Peterborough where she was the guest of friends.—Miss Annie O'Neill has gone to Peterborough to accept a position there.—Miss Eva Cochrane, of Peterborough, and Master Earl Magiese, are guests of Mrs. W. O. McGregor, William street

CITY NEWS NOTES

COMMITTEE MEETING

A meeting of the Finance Committee was held this afternoon.

COURT OF REVISION

There will be a meeting of the Court of Revision to-night to consider the protests against the species assessment in connection with the sewers on Antrim and Harvey streets.

SPECIAL

There are eight new bicycles to be sold at a way-down price, before 1st August, at the J. M. Green Music Co., Grand Opera House Building

LIGHT NEEDED.

Our people should go in more for decorations than they do. Some Chinese lanterns are easily secured, and if lighted for an hour occasionally they will add immensely to the pleasure of others.—Lindsay Free Press.

BETTER FISH, ETC.

A paragraph in the Packet's sporting notes this week shows that there is still 'lunge fishing in Lake Couchiching hard to equal. Fish weighing thirty, twenty-six, and twenty-three pounds each are not to be had everywhere.—Orillia Packet.

WANT ANOTHER TRAIN.

A petition to the Railway Commissioners, requesting them to give Lindsay a train leaving town in the evening to go to Port Perry, and Whitby, is in circulation and can be found at Mr James Keith's office, on William street. Anyone wishing to sign it will please call and do so.—Lindsay Post.

A Final Price Cut---A Quick, Decisive Selling
Choice Bits for Buyers - Everything Summery Reduced

This is a rare saving time. All our Summer goods—bright, new, fresh and stylish—are marked at sacrifice prices. Profits don't figure now. Clearance—complete and decisive—that's the all important question these days.

Fall Goods are ordered. Some are coming in daily. They must have room for display--it's their time now. Summer Goods must make way for them.

This is hurry-out time for Summer goods—stock clearing time—deck-clearing time—time to make way for Fall goods

And low prices—prices at cost and below—is the power which will hurry, reduce and clear. To speed selling, prices are low beyond precedent.

If you want to obtain wear-things you'll need for the next two months—or anticipate some of your next season's wants now, during the golden present, you can do so at a saving of one-fourth to three-fourths.

Sale begins Saturday, August 1st, at 8:30 a.m. See hand bills for list of big bargains

LIKE BIVOUAC OF AN ARMY IS BERRY PICKERS CAMP ON THE METHUEN PLAINS

Huckleberry Crop in Northern Township is a Record Breaker—From 500 to 1,000 Workers With Berry Picking Machines Employed by Canneries.

Sandy Plains, Metheun, are the scene of a camp of from 500 to 1000 huckleberry pickers and their camp which numbers from 75 to 100 tents, looks like the bivouac of some army. The crop of huckleberries this year is an exceptionally large one and that accounts for the presence of the multitude of pickers. The majority of them, in fact, are in the employ of canneries from Picton, Trenton, and other places and every day wagon loads are drawn from the camp to the canneries.

The scene is a most interesting one and to the uninitiated is quite a treat. The pickers use berry picking machines and are able to pick the berries with much facility, getting from ten to fifteen, ten or twelve quart pails a day. They are paid well for their work, some women making as high as $2.50 a day. Men, women and children are engaged in the work and from being busily employed in the healthy out doors all the time form a jolly community.

They are paid either by the quart and day and in both ways the remuneration proves worthy of the work.

Besides the huckleberries the raspberries are in abundance on Methuen Plains and if there is sufficient rain the crop of thimbleberries will be an unusually large one.

JAS. ARMSTRONG ARRESTED AT HANLAN'S POINT, TORONTO

Fourteen Year Old Peterboro Boy Who Absconded With $100 Taken Into Custody—Chief Roszel Left To-day to Bring Young Prisoner Back to the City—Stole Money From H. T. Elliott, a Local Baker

Late yesterday afternoon Chief Roszel received word from the Toronto police headquarters that Jas. Armstrong, the boy who is wanted in this city on a charge of theft had been captured by them.

It will be remembered that Armstrong who was an errand boy at Elliott's confectionery store, on George street, was sent last Monday to deposit a sum of about $95 in the bank instead of doing so, however, the youth skipped the town, taking with him the money.

Yesterday the Toronto police found him enjoying himself at the Island, and promptly notified the local station of their arrest.

The Chief telegraphed them, in reply, to place the boy in the Children's Shelter over night. This was done and the Chief took the early train this morning, for Toronto to bring the prisoner here.

Armstrong will likely be brought up for trial in the early part of next week.

BLACKSTAFFE WAS WIINNER

Special to the Review

London, July 31—At Henley today the Leanders won the final of the eight oared race defeating the Belgium crew easily.

In the championship singles H. T. Blackstaffe won the final, defeating McCulloch by over a length in 9 minutes and 26 seconds. McCulloch was this years winner of the Diamond sculls and his defeat by Blackstaffe was unexpected.

DEAFNESS CANNOT BE CURED

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

PHOTOGRAPHS OF SUN'S ECLIPSE

Sent to Rev. Dr. Marsh by the Observatory at Ottawa

Rev Dr. Marsh, of Springville, has received from the Observatory at Ottawa a set of eight views of the eclipse, of the sun on June 20th. The photographs were taken at Ottawa, and are said to be fine ones. Dr. Marsh has been asked to send a set of the photographs of the eclipse taken by himself to the Toronto observatory.

CAN GOOD ROWER BEAT CANOEISTS?

Interesting Point Discussed by Some Young Men Down the River

Some young men who went down the river last night had an animated discussion as to whether a good rower could defeat a pair paddling in a canoe. There was a variety of opinions but the consensus was that a man who was fairly expert with the oars could make better time than a pair of average paddlers. It is probable that a test will be made in the near future to settle the question.

The steamer Maechen is aground on Passage Island, Lake Superior.

SPORTING NEWS

MUCH INTEREST TAKEN IN TO-MORROW'S BIG MATCH

There will be lively happenings at Riverside park tomorrow afternoon, when the Peterboroughs and Athletics clash in a Midland League game. Quinlan and Rattray and Clements and Edmunds will be the batteries and both teams will have a strong man in every position. It should be a gingery mix-up all the way enough, and a big crowd of spectators is assured. The Athletics are hopeful of victory, Quinlan being in fine form and should pretty nearly hold the hard hitting Petes. It will be pretty much of a pitchers' battle and it will be interesting to see how it goes

SMALL ATTENDANCES NOT THE RULE AT ALL BALL GAMES

The financial depression which has seriously affected baseball attendances in this city this summer is not felt all over the county. The two local clubs have not had a very successful financial season according to the treasurers of the respective aggregations. Port Hope has dropped out of the league owing to the poor support given them, and Cobourg has recently been forced to discharge their high priced men.

It is no secret that both local clubs will wind up the season somewhat behind, if the sport loving element does not turn out and support them. And both teams are playing good ball just now, too.

The city of Brandon, Man. boasts of a professional ball team that is now at the top of the Copper Country league. When it is to be considered that the other teams Winnipeg, Fargo and Duluth have supported professional ball teams for the last ten years or more and that Brandon is by far the least populated city of them all, not having more than 12,000 inhabitants it seems quite strange that the game would be allowed to die as it is just now. It's up to the baseball fans to get out and boom the game in this city. No matter how amateur a team may be it cannot travel and pay current expenses if the attendances do not keep up and it is a recognized fact that when this city had but half of its present population it turned out twice as large crowds and twice as often.

BOSTON BLOOMERS ARE PLAYING IN WESTERN CANADA

Lady Ball Players Trimming the Wheat Teams---Big Crowds at Games

The "Boston Bloomers" champion lady ball tossers of the world are making a name for themselves in the West. In a game at Souris last week the girls trounced the best team that town could put against them, scoring nine runs to their opponents one and on the following day they took the picked team of Brandon city leaguers into camp with a 5-4 score. The team contains several of the fair exponents of the game who appeared here some years ago and they are drawing immense crowds to their performances out in the wheat belt.

BOWMANVILLE AND THE CHIEFTAINS

Excursion Will be Run From Above Town on Monday

The Y.M.C.A. Chieftains baseball club, have arraigned for a game with a fast Bowmanville team. A large excursion is coming from that place on Monday next and they will bring along a team to give battle to the Chieftains. The Y.M.C.A. bunch have been playing great ball of late, and are confident off winning.

The game will take place at Riverside Park, at 3.15, Mr. Fred Craig has been appointed umpire for the scrap.

The following will constitute the line-up of the Chieftains.—

Catcher, Turner.
Pitcher, Kirns.
1st base, Munro.
2nd base, Long or Kirns.
3rd base, Fallon.
Short Stop, Crane.
Fielders, Barnett, Fortye, Brown, Lees, Managan and Hall.

Dr Leonhardt's HEM-ROID IS A TABLET TAKEN INTERNALLY FOR THE CURE of PILES

Sold by James Lynch, Druggist, Peterborough.

TWO GOOD ONES

Jack Connors, the reliable centre fielder of the Athletics is the daddy of them all today. Jack Connors covered first bag for the Peterboroughs away back in the nineties when the rest of his team mates were either being escorted down shady streets in covered baby carriages, or trying to swipe into the old PAAA grounds in bare feet and polka dot blouses to see Jack. Dan McCabe, Chris Graham, Art Thomson, Dr Scott and Jack Mulhall perform.

In those days the four strike rule was unheard of, the coach got along the line in his Sunday best and the catcher—with apologies to Mr. Graham—wore a decker a la hammock style. But the innovations did not worry Messrs. Connors and Graham and they are just as youthful today as they ever were. They are showing their loyalty to the city by lending their efforts to the team composed largely of local ball players and they are holding down their positions in commendable style, in fact a baseball game without the presence of these famous relicts of a once great team, looks nearly as forlorn as a diamond on a hay scale.

BOTH TEAMS TO SUFFER A LOSS

Tecumsehs and Capitals Penalized by League for Fiasco at Island

Montreal July 30.—At a meeting of the National Lacrosse Union here tonight the lacrosse game played by the Tecumsehs and Capitals in Toronto on July 18 which had been turned into an exhibition game by the playing clubs was declared a loss for each team. Both the competing teams wanted to play the game over again, but the majority decided otherwise. The Tecumsehs and Capitals formed the minority, Toronto did not vote, and the Shamrocks, Cornwall, Montreal and Nationals voted together.

The discussion was led by Montreal which team proposed the motion adopted. Montreal also suggested that an executive board be named to settle such disputes, but the idea was not accepted. The Capitals left the room, pointing out that President Thompson in reality was such a head but his decisions were negatived by the league.

REG. BLOMFIELD WILL PADDLE

At the Western Division of the Canadian Canoe Association Regatta in Toronto on Saturday

Reg Blomfield the former champion of the Toronto Canoe Club is back in the racing game again and will paddle in the senior singles at the regatta of the Western Division of the Canadian Canoe Association at the Toronto Canoe Club on Saturday afternoon.

Anderson of Orillia who beat Blomfield some years ago is also expected to compete.

Blomfield will paddle in the colors of his old club, the Toronto Canoe Club though not at present a resident in the city.

WILL LONGBOAT JOIN PRO. RANKS

Boston Report Says That a Series of Races is Being Arranged Between Indian and Shrubb

Boston, July 30.—The Clan na Gael societies of Boston and vicinity will hold a picnic and set of professional athletic games on Labor Day, and Jos. Patton, chairman of the committee, has offered a purse of $1,000 for a race between Alfred Shrubb, the world's champion, and Tom Longboat, the distance to be agreed on later. Shrubb was approached about this match last night and will accept for sure. He promised some time ago that he would run at New York on Labor Day. He is of the opinion that a series of races at five and ten miles, hour, 15, 20 and 25 miles with the Canadian, would draw better in Canada.

The Clan na Gaels have not signed Longboat yet, but are confident they will get him. This will mark Longboat's formal entry into the professional ranks and will be his only race in or near this city this year. The committee has sent a communication to Longboat's manager and an answer is expected soon.

There is not much chance for Longboat to run at any other games before Labor Day. He is not expected to arrive on this side much before the middle of August, as his manager made some dates for him to appear at sports in Ireland and England. Although he made a poor showing in the Olympic Marathon, he would be a drawing card over there because he is an Indian and has a good record,

THE REGATTA AT STURGEON POINT

Good Programme Has Been Prepared---Day of Fine Sport is Assured

The fourth annual Sturgeon Point regatta will be held on Thursday, August 6th. A most successful day's sport is assured. The programme is as follows.—

Sailing race, 3 miles, for Sturgeon Lake championship flag. Open to any class of boat

Dinghy race, 3 mile.

Swimming race, boys 16 years and under.

Canoe paddling, girls' tandem.

Boys' tandem, 17 years and under.

Ladies' singles.

Upset race.

Swimming race.

Gasoline launch race, 6 h.p. and over 3 h.p. 3 miles.

Gunwale race.

Gasoline launch race, 3 h.p. and under.

Canoe paddling, mixed tandem.

Crab race, 1st prize, pocket knife.

Canoe paddling, tandem, open.

Launch race, steam and gasoline, all boats under 35 feet.

Canoe paddling four in canoe.

Tug of war, four in canoe.

Tilting tournament.

Championship Sturgeon Lake dinghy first prize, silver cup, presented by Sir J. M. Anderson.

During the afternoon Messrs. T. W. Sutfield, Hon. Member, etc., and R. Blomfield, champion Canadian canoeist, will give many useful and interesting demonstrations.

CRICKET

A meeting of the Peterborough Cricket club will be held tonight at the Snowden House. The meeting will be a most important one and a full at-

SPORTING COMMENT

Some of our young sports intend taking in the picnic at Ernesville on Aug. 25th.—Tweed News. Does they?

A baseball team is being organized here and our boys hope to do some wonderful things in the near future.—Cloyne correspondence of Tweed News. No doubt the boys will do some wonderful things.

The Peterborough newspapermen are going to run an excursion to Idyl Wyld on Civic Holiday, and sport will be run off at that resort. An invitation to Lindsay papers to send representatives down to take part in the athletic events, I think, would not be out of place. We have a number of has-been or would-be sports on local papers that are aching to emulate Olympic feats. "Dago" Donald, of the Grit sheet, has "thinks" that he is a long distance runner, Dorando, made such a showing in England.—Lindsay Warder.

Fred Simpson, the Peterborough Indian, will bear a great deal of watching this fall. The big fellow is as keen as the proverbial cucumber, but advices from England state that he has learnt a great deal and looks the most dangerous of the lot.—Ottawa Journal.

Peterborough people have come to the conclusion that no man is rich enough to enjoy paying taxes.

LOCAL BOWLERS DEFEATED OSHAWA

Rather One Sided Contest at Brock St. Green Yesterday

Oshawa and Peterborough bowlers met yesterday afternoon in a friendly game at the club grounds on Brock street. The Oshawa rinks came here in connection with the big excursion which was run from that town yesterday and the match was one of the principal features of the day's programme.

The locals won the round by 120 points to 67, and were never in danger of being beaten by their opponents.

The Peterborough players and the scores for each rink are as follows,

W Isaac.
S Adams.
Dr Boucher.
Dr Greer, skip 23 Oshawa 16
W E Talbot.
J McIntyre,
R M Waddell.
R Kerr, skip 26; Oshawa 16
G Ferguson,
T. Glover,
F Pratt,
W Laing, skip 30; Oshawa, 15
Dr Walmsley,
Dr Caldwell,
W O'Brien.
E Runnells, skip 13; Oshawa 16.
J P Cunningham.
D B Moore,
Dr Marshall,
J E A Fitzgerald, 24; Oshawa 4.

ARGOS OUT OF RACE

Eight Is Beaten at Henley in Trial Heat by Leander.

Finest Contest Seen on River For a Long Time Goes to Fast British Crew—English Critic Says They Will Never Win Till They Adopt English Style of Rowing — Cambridge Eight Beaten by Belgians.

Henley-on-Thames, July 31.—The Leander eight of England beat the Argonauts of Canada in their heat yesterday.

The Argos got well away at the start, rowing 41 strokes to the minute, and had little heart when half the course had been rowed. Then they dropped to 37. It was the finest race of the regatta, the Argos rowing splendidly. They spurted a couple of times at the end, but not sufficient to push the Leanders much. Both crews received a grand reception. Leander won by a length. Time 8.02. Time for half the course 3.56.

Some few people competent to express an opinion say that the race was the finest seen for some time. They especially complimented Coach Wright on his excellent training of the Canadians. It was great, as at half way the Argos spurted and reduced the lead of the Leanders by a length, and the Argos' spurts near the finish, though fine, were unable to win.

"It is quite evident," said a well-known oarsman to the Canadian Associated Press, "that if Canada hopes to win at Henley the English style of rowing must be adopted."

The crews were:

Argonauts—Kertland (cox), Taylor stroke, Riddy 7, Gale 6, Balfour 5, Lewis 4, Thomson 3, Wright 2, Robertson bow.

Leander—Maclaren (cox), Becknall stroke, Etherington Smith 7, Sanderson 6, Burnell 5, Nickalls 4, Johnstone 3, Kelly 2, Gladstone bow.

P. J. Mulqueen of Toronto, speaking to the Canadian Associated Press, expressed himself as perfectly satisfied with Scholes' work. Scholes being beaten was a disappointment, but those disappointments must be put up with. "No one could have received better treatment in England than Scholes and I have," added Pat.

The Cambridge eight, on which the United Kingdom depended, with Leander, to win the championship in the eight-oared contest, was defeated by the Belgian crew.

MILLINERY - DRESSMAKING

HOURS DURING WHICH WATER MAY BE USED BY CONSUMERS

While the hot, hot days are with us, those having water services on their premises are liable to overstep their rights in the matter of using water.

For the instruction of those who are liable to forget it might be well to mention the hours for using water. Those having lawn services should remember that the hours for using water on lawns are from 6 to 9 in the morning and from 4 to 9 in the evening.

Merchants using water for washing their store windows, and other purposes of a similar character are reminded that they may not use the water for that purpose between the hours of 8 in the morning and 5 at night.

It was with a knowledge of the above facts that the consumers of water had their services installed and they are asked to live up to the regulations.

STONY LAKE RESORTS THRONGED WITH VISITORS

Special to Review.

The present season at the east end of the lake is much busier and more pleasant than it was ever before.

There are new cottages being built on all valuable places, and the fishing in the upper lakes is said to be perfect. There is also a daily mail service to Crowe's Landing which is a great deal more convenient than three times a week as last year.

The pavilion and hotel are in fine order, both having been given a fresh coat of paint this spring and the terraces have all been repaired which is a decided improvement.

The new piano has been secured and there are regular dances there every evening, which makes things very much brighter for everybody.

A most delightful concert was held at the pavilion Monday, July 27th, The funds were in aid of the piano and pavilion fund. There was a large crowd present and a pleasant evening was spent. Those contributing to the music, etc., were:—Mrs. Davidson, who was in the chair.

Misses Bird and Taylor—Piano duet

Mr. J. Roxburgh—Solo.

Selection—George street Methodist church quartette.

Solo—Miss Irene Pentland.

Duet—Miss Winch and Mr. Bennett

Piano Duet—Miss Howson and Miss F. Howson.

Solo—Miss Duffield.

Selection—George street church quartette.

Piano Solo—Mr. Fetherstonhaugh.

Duet—Mrs. Howson and Mr. Mills.

Selection—George street church quartette.

Piano Solo—Miss Norma Mitchell.

Solo—Mr. Bennett.

Speeches were also made by Mr. Duffield, Mr. Davidson, Mr. Pakenham and Mr. Roxburgh.

After the concert a very pleasant "hop" was indulged in by the younger folks, music being supplied by Mrs H. LeBrun, Miss Breeze, Miss Mabel Robinson of Montreal, and Mr. A. Leitchford, Rochester. Among those present were Mr. C. N. Geale C. Crane, A. Leitchford, Leo Young, Mr. C. M. Bennett, M. E. Hartley, P. Young, J. Roxburgh, S. Pringle, Colin Lees, Miss M. Hackett, M. Robinson, Irene Pentland, Agnes Pentland, Jean Winch, Norma Mitchell, Estella Partridge, Hulda Dobbin, Miss Lees and several others.

AT McCRACKEN'S

McCracken's Landing is once again as busy as ever. There are large crowds there now, and everyone appears to be having a good time.

Although people got a little scare at the typhoid which was prevalent there last summer, they may rest assured that there is absolutely no danger whatever now, as the spring which it is claimed the germ was from has been closed up and never used since. The fishing at McCracken's is the very best this season and some very fine catches are being made. Mr. McCabe, of Pittsburg, who has been here about three weeks, appears to be about the luckiest one, as he has landed on an average of three 'lunge a day, and a large number of bass, and he also had the good fortune to land a 4 1-4 pound bass while fishing off the dock.

The first and a very delightful dance of the season was held on Wednesday evening, the 29th inst., and a very delightful time was spent. Among those present were G. L. McClellan, Warsaw; Hal hCoate, Warsaw; Bruce Gillespie, Peterborough; Wally Hatton, Peterborough; M. Anderson, Toronto; J. McCabe, Pittsburg; A. Leitchford, Rochester; C. N. Geale, Peterborough; C Crane and M E. Hartley, Lottie Moore, Parry Sound; the Misses Lingleys, Toronto; E. Johnston, Toronto. Music was supplied by Miss Julia Choate, Miss Quigley, Miss Wallis, Mr. Freeman, Mr. Brady and Mr. Henderson. There was a programme of 19 dances, which lasted until two o'clock, and after singing Auld Lang Syne and God Save the King, the party broke up.

Among the registrations at McCracken's Landing now are;—

G. L. McClellan, Warsaw.

Violet Carveth, Lillian Carveth, Rose Carveth, Hall's Glen.

Elk Outram, Peterborough.

Lulu Murdiff, W. Carveth, E. Payne, Lakefield.

Gertrude Panton, Peterborough, galley two stoney lake.

Florence Eastwood, Peterborough.

M. Ross, Peterborough.

W. P. Eastwood, Peterborough.

Geo. E. Lowe, Warsaw.

Lottie Moore, Parry Sound.

Mrs. and Mr. Geo. Patterson, Ottawa.

Violet Patterson, Ottawa.

Bruce Gillespie, Peterborough.

Mr. and Mrs. W. Jaffelche, Vandrgift, Pa.

Jas. Hendren, Lakefiedl.

Reg Hendren, Lakefield.

Emily Monson, Cleveland.

Mabel Monson, Cleveland.

E. M. Harsxburst, Cleveland.

M. E. Hopkinson, Cleveland.

E. Johnston, Toronto.

F. S. Anderson, Toronto.

SOUTH BEACH.

South Beach is more popular than ever this year, there are about forty guests registered there at the present time and there are more coming during the week. There are regular dances at the pavilion every evening and a very delightful hour is enjoyed.

The fishing is exceptionally good this year at South Beach and there are some very fine fish being caugh;

Mr. R. O. Latchford had the good fortune to come in with three nice lunge weighing 12, 9 and 8 lbs.

Among the registered guests at South Beach are.—

L. J. LeClan, Montreal; J. C. Sullivan, Peterborough; Jas. R. Bennet, Peterborough; Nellie Waley, Rochester; Aggie Burns, Peterborough; Amy R. Quinn, Rochester; E. F. Furtherer, Rochester; J. H. Wallace, Rochester; R. A. Morrow, Peterborough; Mrs. Morrow, Peterborough; Miss Bridge, Boston; Mrs. F. E. Dench, Peterborough; Wallace Tompson, Rochester; F. J. O'Sullivan, Port Hope; Clarence Bell, Toronto; Mrs. Bell, Toronto; Sybel Bell, Toronto; Arthur Bell, Toronto; Mr. and Mrs. Ritchie, Peterborough; H. L. F. Turbert, Rochester; H. R. H. Kenner, Peterborough; M. J. Young, Peterborough; L. F. Young, Peterborough; Clara Grath, Boston; Nedine Barr, Boston; Jacob J. Young and wife, Rochester; C. H. Luke and wife, Rochester; Chris Kerrigan, Rochester; E. H. D. Hall, Peterborough; Arthur Lutchfodr, Rochester; R. O. Lutchford, Rochester, C. N. Gale, Peterborough; Chas. Crane, Peterborough; Mr. E. Hartley, Peterborough; Mrs. W. J. Mitchell, New Orleans; Miss A. L. Dury, New Orleans; Dr. and Mrs. Fredricks, Peterborough; J. D. Armstrong, Peterborough; Vera and Marion Armstrong, Peterborough; Ella Ray, Peterborough; Miss H. V. Bell, Peterborough; Miss Nicholls, Peterborough; R. C. Hale, Rochester; J. H. Smith, Peterborough; M. E. Pratt, Peterborough; H. A. Morrow, Peterborough; R. G. Sturgeon, Peterborough; T. Worthington, Toronto; Hon. J. H. Ferguson, Peterborough; C. Young, Peterborough; Mr. and Mrs. W. Menzies, Peterborough; W. H. Cluxton, Peterborough; Mrs. H. R. Glendinning, Stouffville; Mrs. J. M. Allan, St. Thomas; W. H. Warop, Peterborough; H. T. Gillespie, Peterborough; Mrs. K. T. Leonard, Toronto; Miss Way, Toronto; Mrs. Jas. McLaughlin and daughter, Toronto.

DRINK JOHNS' TEA

LIKE RUSH AT BARGAIN SALE

This is the last day of the discount on the payment of taxes and the tax collector's office has been crowded all day. This afternoon it was like a 98c. bargain sale at a departmental store. It was almost impossible to get in and Mr. Green and his assistants had the busiest kind of a time.

SPORTING

THE RING

Sand Point, Idaho July 30— Abe Attell was awarded a decision over Eddie Marino at the end of a ten-round battle last night. Marino was outclassed and was given a hard pummelling, being saved in the third round by the gong.

LACROSSE

Special to the Review

Ottawa, July 30—Larry Brennan, the missing Capital lacrosse player, was located last night when a message reached his family here that he was in the Montreal River district, looking after mining interests.

The telegram was from his brother-in-law in Sudbury, whom Brennan visited before proceeding north.

Brennan had not been heard from since the Tecumseh-Capital game in Toronto, July 18th.

BASEBALL

WELLINGTON'S TEAM.

The following team will represent the Wellingtons in their game with the Lakeviews to-morrow afternoon;—

Rissell,
Belleghem,
Patterson,
Dickey,
Hawkins,
Kehneally,
Cathroe,
R. Johnston,
L. Johnston
Coughlan,
Fallon.

Overture.
Cornet solo, selected, Sergeant Hughes.
Reminiscences of all Nations.
American Sketch.
Waltzes, Homage to the Ladies.
Medley of popular songs.
Idyl, the Forge in the Forest, —by request.
March.
God Save the King.

HAD TWO CALLS FOR NOTHING

Fire Brigade Responded to Two False Alarms This Afternoon

The fire brigade was given two hard runs this afternoon. About three o'clock an alarm came in from box 59 which is situated near the Auburn Mills.

When the teams arrived they found that they were on a false track and that some stranger had sent in the alarm before boarding the train for Lakefield.

The two wagons had barely got home and the men were still engaged in rubbing down the horses when a second alarm came in, this time from Parkers Dye Works. When the brigade got there however they found that the fire was out and they returned to the hall.

The Labrador coast was swept by a storm which wrecked 17 vessels in one harbor.

William Morris, of Detroit, for ten years inspector for Lloyds, is dead, aged 80.

Clifford Brewer of Ingomish, NS, was drowned while tending his lobster traps.

Port Arthur council refuses to insert a fair wage scale in civic contracts.

TALBOT'S Delicatessen

Our trade in the Meat and Grocery is increasing every day. Why! Because we take particular attention to all our customers, give them the best that the country can produce at reasonable prices.

THE CHEMONG REGATTA WILL BE HELD AUG. 13TH

A meeting was held at the Club house, Chemong Park, on Tuesday evening. It was decided to hold the Chemong regatta this year on Thursday, August 13th.

The Chemong regatta is always a most successful event and promises to be particularly so this year. The committee will spare no pains to have the programme of races a particularly attractive one and all the classes in canoe sailing and the gasoline races should ave a larghe number of entries.

The sailing race for the 14 foot dinghies will be held at Chemong this year. The handsome silver trophy for the event, which was presented by the Trent Valley Navigation Company, is at present held by Mr. A. A. Hollingshead.

Special excursions for the regatta will be run from Stony Lake and Sturgeon Point and an excursion will be run from Chemong for the regatta to those points.

Prince Rupert lots will not be placed on the market till next spring.

Charles Jones a Westminster farm hand, fell on a mower knife and may be fatally hurt.

Hon A. B. Aylesworth will leave for Vienna on August 7th and will be absent six weeks.

The body of Auguste Lacoste, of St Henri was found in the Cote St Paul locks at Montreal.

VOL. LVII., No. 27.   PETERBOROUGH, ONT., CANADA, SATURDAY, AUGUST 1, 1908   TEN CENTS PER WEEK

INNOCENT MAN IS SAVED BY A TIMELY CONFESSION

Alfred H. Wood Admits Crimes for Which James W. Tollman Was in Danger of Going to Prison—Wood Gets Two Years.

Winnipeg, Aug. 1.—Pricked by overcharged conscience into an admission of guilt, Alfred H. Wood, aged 29, a tinsmith employed in the C.N.R. shops, who has a wife and children at his home in West Toronto, told Magistrate Daly in court yesterday morning that it was he who so brutally assaulted Mrs. Christina Wilson on Wellington crescent, four weeks ago, and not James Wallace Tollman, who had already been sent up for trial on the charge.

Tollman closely resembled Wood and was arrested some time ago and committed for trial. Other assaults, however, occurred and Wood was caught red-handed two days ago. He was identified by several women whom he had attacked and then made a clean confession.

Wood admitted four other charges of indecent assault and exposure, and the court lost no time in imposing the maximum punishment of two years in the Manitoba Penitentiary, with 36 lashes, 24 during the first year and 12 during the last year of his sentence.

On two other charges he was bound over in the sum of $200 each to appear for sentence when called upon.

The prisoner admitted having served 18 months in the Central Prison, Toronto, for theft.

Mrs. Wilson is in a delicate condition and the magistrate congratulated the prisoner that it was not a manslaughter case.

Tollman was set free by Judge Myers, before whom he had been sent for trial.

SCORE OF MINERS WERE ENTOMBED

Twenty-Four Caught in Cave-in at Fernie---Three Missing.

Fernie, B. C., Aug. 1.—Twenty-four miners were entombed in the Crow's Nest Pass No. 2 mine on Coal Creek at 8 o'clock yesterday morning, when a tremendous "bump" or cave-in occurred.

At 4 o'clock all but three had been rescued by a large gang of miners and others who frantically dug through nearly 700 yards of rock and coal. It is hoped to get others out alive.

Fortunately they were able to get air passages to the mine, thus preventing asphyxiation.

Nearly all the men in danger are married and with families in the vicinity and the scene at the mine was most distressing until, one by one, the rescuers brought out a score of weakened and in some cases unconscious men.

Not Breaking Record.

Montreal, Aug. 1.—H. M. S. Indomitable, which bears H.R.H. the Prince of Wales on his return trip to England, has evidently not yet begun that fast race against time which popular rumor has said she would attempt on the homeward voyage.

At 1 o'clock yesterday she passed Point Amour, only 662 miles from Quebec, according to the report of the Government station at that point. As the Indomitable sailed from Quebec on Wednesday at 4 o'clock in the morning, this would give a speed of only between fourteen and fifteen knots an hour.

WAGES START TO SOAR IN THE WEST

Shortage of Laborers Causes Big Increase in Wheat Fields.

Winnipeg, Aug. 1.—Following the anticipated scarcity of harvest hands, wages have taken a big jump, and yesterday experienced men who are being engaged through immigration officials, are being paid from $35 to $40 per month, or $2.50 per day. Commissioner Walker believes that is the prevailing rate throughout the country. Inexperienced men are paid according to what they can do, the rate running from $15 to $18 per month with board.

Refuse Award.

Ottawa, Aug. 1.—The Labor Department received a letter yesterday afternoon from T. J. Murray, counsel for the union of C.P.R. machinists, announcing that the men were not prepared to accept the award of the Board of Conciliation and Investigation in connection with the matters in dispute between the company and the machinists affecting both the eastern and western divisions of the road. The company has agreed, under protest, to accept the conditions of the award for both divisions.

Cool at Calgary.

Winnipeg, Man., Aug. 1.—Although temperatures over 90 were recorded Thursday in Southern Alberta and Western Saskatchewan, the night brought relief, the thermometer generally going below 60, touching 44 at Calgary and 42 at Humboldt. To-day is cooler with prospects of local showers, but there is no indication of that general heavy precipitation so much needed for the ripening crop.

LATE SECRETARY LEAVING CITY

MR. H. C. WRIGHT
Late Secretary of the Peterborough Young Men's Christian Association.

Storms in Tyrol.

Vienna, Aug. 1.—A series of terrific thunder and rainstorms have caused destruction and heavy loss in the Austrian Tyrol. The Buckowina district and the Ziller Valley suffered especially. The loss of life has been heavy.

Corpses are floating down the swollen streams and houses and structures have been washed away. The death roll in the Buckowina is said to be 50, while in the Ziller Valley 20 persons have lost their lives.

The village of Mehrn, near Brixlegg, has been overwhelmed by a landslide and 16 persons are reported killed.

Disappointment Proves Fatal.

Hamilton, Aug. 1.—A Detroit despatch says: "Disappointed in her wedding plans, Mabel Pierson, aged 19, whose mother resides at Hamilton, Ont., suddenly lost her reason at Belle Isle Park last Thursday and was taken to St. Mary's Hospital, where she died yesterday morning from heart failure. The girl was to have been married to a young Lansing man last week."

Hydro-Electric Tenders.

Toronto, Aug. 1.—A meeting of the Ontario Hydro-Electric Commission was held yesterday afternoon at the offices, Bay street. Hon. Adam Beck, chairman, presided. The transmission line tenders were understood to be under consideration, but action was deferred until a meeting to be held next Tuesday afternoon.

Gives Himself Up.

Buffalo, Aug. 1.—John W. Fisher, a prominent attorney and politician, against whom three indictments were returned on July 24, charging him with misappropriating funds of West Seneca, of which town he was attorney, and who disappeared on that date, gave himself up yesterday.

Explosion Wrecks Town.

Huntington, W. Va., Aug. 1.—At the mining town of Stafford, Raleigh County, Thursday night, 100 kegs of powder in a powder house exploded. Nearly every building in the town was completely wrecked and several people seriously hurt. The damage aggregates $200,000.

SOME QUEER TRANSACTIONS GOVERNOR HELD RESPONSIBLE

St. John, N.B., Aug. 1.—The Provincial Government has called upon Lieutenant-Governor Tweedie to pay to the Crown Lands Department the sum of $8,110, which, it is claimed, is due on account of certain transactions between the Government and certain parties, chiefly lumbermen, in the early 90's, when Hon. Mr. Blair was Premier.

It appears that a sum of $13,686.76 was carried on suspense account from 1895 until October, 1904, when Hon. Mr. Tweedie closed it out by personally handling the amount to the deputy receiver-general. It is interest on this amount that is now demanded.

The governor declares that, though he paid the original amount, he was not responsible for the transactions, and denies liability for the interest.

The inference is that the moneys which should have been paid into the provincial treasury were diverted from time to time to other uses by the Government, presumably political, and that had there been no special audit, the facts would not have been disclosed, as this suspense account never figured in reports submitted to the Legislature.

Lieutenant-Governor Tweedie disclaims personal responsibility for bills which he paid in 1906.

Auditor Miller discovered the suspense account and was authorized to probe the matter and communicated with the governor.

LOUIS RIEL'S SON IS DEAD

Last of Famous Rebel's Immediate Family Dies at St. Boniface.

Winnipeg, Aug. 1.—The last of the immediate family of Louis Riel, the famous rebel leader who helped make history in 1860 and 1885 in the Canadian Northwest, died yesterday, when his only son, Jean Louis Riel,, died in St. Boniface Hospital. He was born in Montana 36 years ago, during his father's residence there, following the first rebellion. He was well educated and finally took up the profession of a civil engineer. A few months ago he went to Quebec, where he married Mlle. Laura Cazeau, a sweetheart of his youth, and the couple had just come here to take up life together.

Young Riel was working at his profession on the new line of the Grand Trunk Pacific Railroad when he was taken ill, following a severe cold.

Child Drowns in Creek.

Chatham, Aug. 1.—The three-year-old daughter of Mr. and Mrs. Richard Lewis, living near Mitchell's Bay, was drowned by falling into a little creek leading into the bay. She had been gone half an hour when missed.

Hanged at Kamloops.

Kamloops, B. C., Aug. 1.—Francisco Ceddio was hanged in the jail yard here yesterday morning at 9.20 o'clock for the murder of a hotel proprietor's daughter near Greenwood, by blowing up the hotel with dynamite.

Favors All-Red Route.

London, Aug. 1.—At Wellington the Premier said that New Zealand is dissatisfied with the service via the Sues and is prepared to pay £75,000 annually for an all-red route with 18-knot steamers on the Pacific.

Emperor of Moslems.

Berlin, Aug. 1.—The Berlin Berliner Zeitung yesterday published a despatch from Constantinople, saying that the Sultan of Turkey is preparing to declare himself Emperor of the Moslems.

MANY HOGS DIE NEAR TORONTO

Three Hundred and Fifty Die on One Farm---Authorities Are Investigating.

Toronto, Aug. 1.—The attention of Dr. Warren, medical health officer of York Township, has been directed to a serious condition of affairs which prevails on "Glenavy Farm," in the 2nd concession of East York, about a mile and a quarter east of Yonge street, where within the past ten days no less than 350 hogs of all ages and sizes have died.

It was at first thought that the cause of the great mortality might be due to hog cholera, and as yet this view of the case is not wholly disproved, but other reasons have since been advanced, and the action of Dr. Hodgetts in going up is with the view of clearing these up.

Pending the report of the latter the York Township medical health officer will make no statement whatever regarding the case. As many as 2,000 hogs are sometimes kept at one time by Mr. Wilson, the owner, and the loss, whatever the cause, is a severe one. The animals are said to survive only a short time after taking sick.

Borrows Revolver to Suicide.

Buffalo, Aug. 1.—Giles Stephenson, a bartender, committed suicide with a policeman's revolver Thursday night. Stephenson called Policeman Currie into a main street saloon and asked to see his revolver, saying he wanted to settle a dispute regarding the case of the cartridge. The patrolman handed over his revolver, and like a flash Stephenson pointed it at his own temple and fired. He died instantly.

Boy Killed In Factory.

St. Catharines, Aug. 1.—Robbie Watson, aged five years, son of Robert Watson, manager of the Gaiety Theatre, was accidentally killed by coming in contact with the machinery in the macaroni factory yesterday morning.

The boy wandered into the factory unobserved by the employes.

WELLAND YOUNG MEN TRAVEL TO CHEMONG IN CANOES

Long Trip Taken by Party From Western Ontario—Some Late Happenings From Chemong Park—Dancing is Popular Pastime.

Special Correspondence.

Chemong Park July 31. — The past week has been a little quieter than usual at Chemong Park, but time did not hang heavy on the resorters there. While the city people sweltered in the hot and dusty city, the cottagers took life easy in the shade of the tall pines. The park was frangrant and cool, the breeze from the lake driving back the intense heat. It was rather hot on the lake when the sun was high in the heavens and consequently the boats were not used extensively during the hours of daylight.

Fishing is reported excellent, although few big ones are being caught. The majority of the 'lunge being caught, weigh from five to ten pounds although a Bridgenorth man hooked a fourteen pounder last week. Mr. Belleghem, of Bridgenorth, has had great success in capturing 'lunge.

A GREAT TRIP.

From the town of Welland on Lake Erie, to Lake Chemong, is a long trip to take by canoe. Yet that was the distance traversed by a party of young men from Welland who were at Chemong the first of this week. They stopped at the Chemong Hotel and it would have been hard to find a more delighted crowd with an outing. The party consisted of Frank McCauliff, Jack German, Allen German, Bob Battle, Ormond Gilchrist and Tom Brady, all of Welland. They left Welland about two weeks ago and travelled by boat to Toronto, then by way of the Holland river to Lake Simcoe and then followed the Trent waters to Chemong. The party stayed a day and a night at Chemong and then left on the return trip, which will be over the same route traversed in coming.

Dances are now held every Saturday night at the pavilion. There was a large attendance last Saturday night.

On Tuesday night a dance was given at the pavilion the hostesses being Isabella Morphet, Amy Barne and Nana Hayes. There was a large turnout of the younger folk and a most enjoyable time was spent. The pavilion was prettily decorated for the occasion.

A dance was held at Mr. Bell's cottage on Thursday night. It was a most enjoyable event.

About twenty-five from the park and annex took the trip on the steamer Manita on Friday. They disembarked at Lakefield on the return trip and drove from that place to Chemong. The outing was a splendid one.

The Bridge Club meets at the club house on Monday evenings. The contests between the park and the annex have proved very interesting.

Personals

Miss Pearl Main of Toronto, is the guest of Miss Ethel Tully for a couple of weeks.

Miss Frances Calvert of Emily is visiting Miss Long.

Mrs. McCaw and Miss McCaw were the guests of Mrs. James Long on Friday.

Mr and Mrs Gordon and Mr Stewart Gordon of Rochester are the latest arrivals at the park.

Miss Johnson of Moscow is the guest of Mrs James Long.

Miss Ruth Landkin of Newburgh, who has been the guest of Miss Ethel Tully for the past month, returned to her home today.

Miss Muriel Summerville is the guest of Miss Grace Burritt.

Mrs Ostrom and Miss Kathleen Ostrom are the guests of Mrs W Hopwood.

Mrs Hamilton of Toronto is the guest of Mrs Alex Elliott.

The latest addition to the fleet of gasoline launches is "Honeyboy" Mr E G. Patterson's new launch.

Mrs McDougall of Toronto is the guest of her daughter, Mrs. Young.

BAPTIE BROS., LAKEFIELD TO BUILD NEW CURLING RINK

Awarded the Contract at Meeting of Committee Last Night—Work to be Commenced at Once.

Baptie Bros. of Lakefield, have been awarded the contract for the new curling rink, which will be erected on Charlotte street. The tenders were considered by the committee last night. They were five in number and Baptie Bros. were successful.

The new rink will be one of the best in the province and will be located on the site of the rink that was destroyed by fire. Work will be commenced at once.

Baptie Bros had the contract for the addition to the Queen Alexandra School, and performed the work very satisfactorily.

AGED MINISTER ELOPES WITH YOUNG PARISHIONER

Was Immensely Popular With Congregation and Sudden Disappearance With Miss Agnes Stewart Causes Profound Sensation—Is 60 Years Old.

Kingston, Aug. 1.—Quite a sensation was caused here yesterday afternoon by the announcement that Rev. Dr. J. H. Nimmo, rector of St. Mark's Anglican Church, Barriefield, has gone away with one of his parishioners, Miss Agnes Stewart.

The couple went away on Tuesday, leaving letters announcing their intention of getting married as soon as they reached the United States.

Dr. Nimmo, who is about 60 years of age, was already a married man, though separated from his wife for many years. He had family troubles in Brockville and he and his wife separated. He resigned a good parish—Trinity Church, Brockville—and afterwards went to Dakota, where he secured a divorce. His wife is here at present.

No one in his parish had any idea there was anything between himself and Miss Stewart.

The rector had just returned from the west, having been on leave for the benefit of his health.

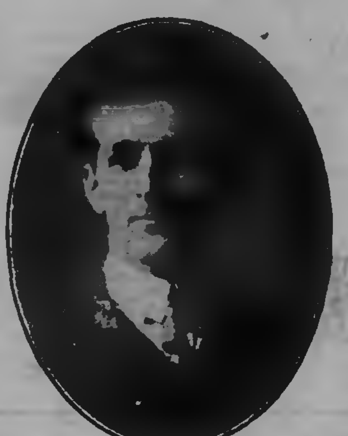
His only daughter died very suddenly a year ago, and he was utterly unnerved by the sad event.

Dr. Nimmo has been popular and has built up the Barriefield parish wonderfully since he took charge of it. He has been a great worker, and is a man of scholarly attainments. He has been in the parish or vicinity for fifteen years or more.

Miss Stewart is a farmer's daughter.

The doctor will suffer deposition and a loss of $400 per annum, a pension from the diocese communitation fund.

PETERBOROUGH FIRE BRIGADE



MR. W. H. TAYLOR
who Has Been Appointed Deputy Chief of the Local Fire Brigade.

Big Freighter In Port.

Port Arthur, Aug. 1.—The steamer Meacham arrived in Fort William on Thursday night under her own steam. She was liberated Thursday by the Canadian Towing & Wrecking Co. A thousand tons of coal were taken off and she floated. The fore peak and No. 1 tank are punctured, but the bottom is not much damaged aft of No. 1 tank. There was fortunately no wind, as she was exposed to the sweep of the lake.

Germans Look Westward.

New York, Aug. 1.—The Times has an article yesterday morning stating that if the Pacific Mail Steamship Co. withdraws its fleet from the trans-Pacific trade between San Francisco, Japan and China, the Japanese companies will not be allowed to have the monopoly of the far eastern trade for long, as the North German Lloyd line will start an opposition service before next spring.

OTTAWA VISIT IS CANCELLED

Lord Roberts is Overcome by Heat at Montreal and May Not Visit Capital.

Ottawa, Aug. 1.—The keenest disappointment was felt here last night when word was received from Montreal that Lord Roberts would not be able to come to the capital to-day, having been overcome by heat at Montreal.

Elaborate arrangements had been made for his entertainment. The militia was to have turned out in force to do him honor.

The Canadian Club had secured permission to use the Senate Chamber for a luncheon and was prepared to seat five hundred members. In addition tickets had been issued to one thousand ladies, who would have witnessed the function from the Senate galleries.

As a social event the luncheon would have been on par with the opening of Parliament.

Every other preparation had been made, decorations were up and stands erected. The City Council were staggered, but sent their condolences to the field marshal with the hope that he would recover and be able to come later.

C. P. R. Will Foster Trade.

Toronto, Aug. 1.—It is announced that the Canadian Pacific Railway will not take part in the movement of American railways to abandon trans-Pacific trade to China, Japan, New Zealand and Australia. On the contrary, J. T. Walsh, transportation manager of the C.M.A., is informed that the C.P.R. intends to continue to foster trade with the Orient.

Bills Are Now Law.

London, Aug. 1.—The old-age pensions bill passed the House of Lords yesterday afternoon in the form adopted by the House of Commons.

The House of Lords passed also the Irish universities bill, so both measures now are law.

LORD ROBERTS DECLINES INVITATION TO STOP HERE

Has So Many Engagements That it is Impossible for Him to Accept Invitation from City.

Peterborough people will not be given an opportunity to see Lord Roberts when he passes through this city. His Worship Mayor Rush has done everything in his power to have the great general stop at this city but has not been successful. It appears that "Bobs" has so many engagements already booked that he can not accept any more invitations. Mr Rush received the following reply to an invitation sent Lord Roberts to stop here when passing through from Ottawa to Toronto:

Montreal, July 31.

Sir.—I am directed by Field Marshal Lord Roberts to acknowledge the receipt of your letter of the 30th inst, and in reply to convey to you and the people of the city of Peterborough his warm thanks for offering him the honor of receiving their greetings.

Lord Roberts much regrets that he cannot accept your kind invitation. The short time at his disposal in the country is already so completely filled up that he fears it is quite impossible for him to add to his very numerous engagements.

Yours faithfully.
H DAWNAY,
ADC

H Rush, Esq.,
Mayor of Peterborough.

Previous to writing to Lord Roberts secretary, Mr. Rush wrote to Superintendent Osborne of the CPR, asking him if it would be possible to have the train on which "Bobs" was travelling stop at Peterborough for about fifteen minutes and received the reply that if the train was a special one and Lord Roberts was willing, the stop could be made.

NO FISHING IN CANAL BETWEEN THE LIFT LOCK AND NASSAU

Fishery Inspector Watt posted up the following notice to-day:

PUBLIC NOTICE.
Stocked Waters.

Notice is hereby given that the waters of the Trent Canal lying between the Lift Lock at Peterborough and Nassau, are set apart for the natural and artificial propagation of fish for and during a period of Three Years, from the First Day of August, 1908, and that fishing herein in any manner is prohibited for the said period under the penalties provided by Section 30 of the Game and Fisheries Act, 1907. (Edward VII, c. 49, sec. 30.)

By Order,
E. TINSLEY,
Supt. of Game and Fisheries.
Toronto, 1st August, 1908.

Mr. Watt informed the Review that in the near future the Government will place a large number of fry in the canal between the lift lock and Nassau, 'lunge, bass and pickerel. Fishing is prohibited in the waters for three years, commencing to-day.

Drowned In Assinaboine.

Winnipeg, Aug. 1.—Hyman Rosenthal, aged 13 years, was drowned in the Assinaboine river at St. James' Ferry. Was driving with his sisters and brothers, but his horse took fright going down a steep hill and plunged into the river.

Five Years For Burglary.

Toronto, Aug. 1.—Pleading guilty to four charges of housebreaking and one of carrying a loaded gun, Henry Williams, alias Arthur Cavanagh, was yesterday sentenced to five years in the penitentiary by Magistrate Kingsford. He took it with a smile.

NO MORE HEADACHES

Suffered From Constant Headaches—Cured by "Fruit-a-tives" When Doctors Failed.

"I was a sufferer from fearful headaches for over two years, sometimes they were so bad that I was unable to work for days at a time. I took all kinds of medicines, was treated by physicians, and yet the headaches persisted. I was rarely free from headache. A short time ago I was advised to try "Fruit-a-tives" and I did so with, I must confess, very little faith, but after I had taken them for three days my headaches were easier and in a week they left me. After I had taken a box of the tablets my headaches were quite cured. My appetite was always poor and my stomach bad, and now my appetite is splendid and my digestion is excellent. I had become thin and weak from the constant headaches, but now not only have I been cured of all these awful headaches, but my strength is growing up once more, and I feel like a new man. I have taken in all three boxes of "Fruit-a-tives." I am exceedingly grateful to "Fruit-a-tives" for curing me, and I give this unsolicited testimonial with great pleasure, as I hope thereby some other sufferer of headaches will be induced to try "Fruit-a-tives" and will be cured."

(Sgd.) B. Cornell.

Taylorville, Ont.

"Fruit-a-tives" is now put up in the new 25c trial size as well as the regular 50c boxes. Write Fruit-a-tives Limited, Ottawa, if your dealer will not supply you.

The Daily Review

SATURDAY, AUG. 1, 1908.

LIBERAL CONVENTIONS

The Liberals of Ontario, are holding it is said, their second great reconstructive convention next summer, the first one not having proved altogether satisfactory. The West Peterborough convention is also yet to be held, although it is understood that Mr. Hall, M.P., will again be the Liberal candidate. Recently Mr. Robinette, K.C., of Toronto, issued a call to young Liberals. It was a sort of call of the wild insofar as it presupposed a breaking away, a looseness, a neglect, in fact a contempt for the principles of "Liberalism" on part of its young men. What are these alleged principles, which have alienated the affections and respect of the young men of the Liberal party? First, we may place the craze for government by favorites. The Liberal party is no longer, at any rate in Canada, a party with a history. It abandoned its mud-sunk anchor of Free Trade and took to the wilds where it is being called back by Mr. Robinette. If we remember rightly, the word economy at one time signified a disposition to save, as employed by Liberal leaders. Now it means spending hundreds of millions of dollars and trying hard to spend more. Canals here, railways there and everywhere huge immigration schemes (with foolish wind-ups) wonderful plans for making Canadians rich, which have culminated in a financial downfall. All this is due to the devil behind their elbow who has cried continually, "Spend more! borrow! borrow!" etc. Naturally the young Liberals of sense following in the wake of their elders, have rebelled against this fatuous policy. The "call" is like that of the Kootenay rapid. It sounds, resounds and reechoes through the mountains of Liberal discontent, but nothing comes of it. The Liberal party are "wild" over it and are calling for a policy of retrenchment. This also is a call of the wild. What will happen? About October, 1908, Mr. Robinette, K.C., will be answered by such a smash-up of the present Liberal make-believers posing as a party that like Mrs. Malaprop, he will hold his name in horror! However, it is the only remedy, after which, like a man in an illness, the Liberal party will arise strong and well. It must not be overlooked by Messrs. Robinette & Co., that they have been the authors of their own undoing. Liberalism in Ontario became hopelessly corrupt. Its leaders tried to rule Ontario on the principle of a lager beer brewery, froth and high returns to the managers. But it did not work. We would offer (with all humility and kindly feeling) what A. Ward would call "a few advice" for the convention next June. First of all, give up trying to rob the country. It won't be robbed. Secondly, don't attempt to bring prosperity by extravagance. It was tried once by the Prodigal Son and failed. Thirdly, stop grabbing everything in sight for yourselves. Remember that you are supposed to represent the province or the Dominion. It may be a large supposition but don't forget it at least altogether for your hitherto confiding countrymen won't. Fourthly, don't back up on your platform. It looks bad to do so, and sounds worse. You may get on to some other party's platform in the confusion. Pretending to look as if you felt at home only makes it all the more ridiculous. Fifthly, don't descend to low ideals. They will only get you into trouble as befell several of your leaders not so long ago. It is all very well to be liberal in fact as well as in name but don't hand the country over to money-lending Jews. We don't want to pay foreigners for living here and at last borrow from them at a high rate for a big pension scheme. Pensions are the refuge of those who have nothing else to fall back on. They are the fruit of an unfortunate or wasteful youth. Being non-contributory they lack the element of self-respect. It is an attempt to establish a national soup-kitchen. Why is it, by the way, that soup-kitchens follow in the wake, always, of the Liberal ship of state? It is a haunted vessel, haunted by the voracious denizens of deep water. Once more let us say, don't try to save yourselves by getting into a panic of extravagance. It is poor policy on the alarm of fire to throw the grand piano out of the third storey window.

LEMIEUX ACT

The railway engineers say that the men who have made complaints under the Lemieux Act have been dismissed on the first opportunity. That is a feature that cannot be avoided. A labor leader can be boycotted without anything being done that could bring employers under cognizance of the Lemieux Act or the general law, while men cannot strike or boycott without adopting methods and processes of which the law can readily take cognizance.—The Globe, July 27.

PRETTY WORK

Whatever else Liberal statesmen may be, they are certainly not so stupid that they would think of trying to humbug the people with any such calculation.

• • •

It turns out that Mr. Fielding underestimated the expense of construction, and, therefore, underestimated the amount of interest.—The Examiner.

He certainly did. If anything more grotesque than Laurier, Fielding & Co. on the cost of a transcontinental railway can be found, don't let us have it. Why does the Examiner not confess that when the Laurier Government was warned by Mr. Borden they should have paid heed to the warning and not have gone off into a state of bluff and bombast that like the Quebec bridge, has proven an utter collapse fraught with financial disaster. The same paper loftily observes that Mr. Fielding was out by a few millions. Pretty work for a Finance Minister! That amount of course, is a mere trifle to spendthrifts. The Laurier Administration is a political extravaganza whose existence is justified neither on the ground of financial ability nor common sense. Financially they have proven themselves to be a lot of irresponsible school boys who assume duties which they do not understand, but which a "lack of conscience" prompts them to undertake. From a similar article in the local journal we clip the following;—

Mr. Borden is too closely in sympathy with rival interests to make him a safe custodian of national interests in connection with the completion of a transportation projection whose successful operation is so vitally necessary to the country at large.

This is from a journal that upholds the party vultures who have stripped this country of timber properties from the Gulf of St. Lawrence to the Island of Vancouver!

"ODOROUS" COMPARISONS

In twelve years the Liberal Government has added to the public debt only $19,000,000, largely on account of the Transcontinental, or a little over a million and a half a year.—The Examiner, July 29.

For the next few years there will be a large increase in the debt of the Dominion due to the expenditure on capital account on the eastern division of the National Transcontinental Railway. If the new Welland Canal is to be taken up, and as well the railway to Hudson's Bay, as public opinion seems to demand these will also add to the debt, because most of the money will have to be borrowed abroad for the purpose. It is a saying in France that you cannot make omelets without breaking eggs, and if we would have ample transportation facilities along our St. Lawrence route by water, or across the country by land, then we must be prepared to spend on these great works whatever may be necessary for their construction. This is a view of Canadian finances which should commend itself to every reasonable citizen.—The Examiner, July 29.

Here we have in one and the same issue of the Examiner two statements one asking the reader to believe that "in twelve years the Liberal Government has added to the public debt $19,000,000, largely on account of the Transcontinental, or a little over a million and a half a year." The other confessing inadvertently, no doubt, regarding the same project, that "for the next few years there will be a large increase in the debt of the Dominion due to the expenditure on capital account of the eastern division of the National Transcontinental Railway." What impression, then, is this intended to convey?

Mr. Fielding stated that the whole cost of the railway to the country might be met at the end of fifty years if the sum of thirteen million dollars were put out at compound interest at the present time, and allowed to accumulate till the expiration of the lease.—The Examiner, July 29.

We close with the following apt comment by the same journal;—

This is so obviously intended to deceive that it is useless to regard the above statement as a correction of something done in ignorance. Such a method of dealing with public finances of the Dominion does some harm in any case, and would do a great deal more if the erroneous character of the statement were not so apparent on its face.—The Examiner, July 29th.

THE EXAMINER AND G.T.P.

The Examiner attempts to make light of the Opposition's charge that Sir Wilfrid Laurier stated prior to the last general elections that the GTP. would cost the people of Canada but $13,000,000. What he said most people remember and in any event it is chronicled in the pages of Hansard. Does the Examiner mean to say that the simply colossal extravagance of the Laurier Government as it has been revealed, would have been endorsed by any electorate if it had known the truth. The simple fact is that Sir Wilfrid on that occasion as on many others "did not know what he was talking about." He is notoriously incorrect in his figures, time and again making blunders that put an entirely different face on the real facts. So it was with the GTP. The capitalists could not "wait," and the GTP. project was hurried on. Let the Examiner, however, say what it thinks of things as they are in the present year of grace. The expenditure per head and the taxation per head are beyond all precedent. Nothing like it ever existed in this country before. Financial journals are sounding a loud warning. But Canada will have to pay dearly for the error all the same.

NO WORK

We read in our exchanges from all parts of the country of the great number of men out of work. Pitiful tales are told of strong men and skilled mechanics walking long distances in search of employment and of their return to their famishing families without even the hope or promise of it. There is room for four thousand men in the woollen industry alone, where more than that number have been thrown out of work, if the Laurier administration would put an adequate protection on that line of manufacture. Had it not been for an insane encouragement of wholesale immigration, there would be plenty of work even as it is, but then there would have been no drop in wages, no glut of the labour market, no cheapening of the human element in the schemes of the capitalist.

If the policy as at present pursued by the Laurier Government, aided and abetted by the spending of huge sums of borrowed money, is not making Canada prosperous, why blow about that policy? Why ask to have it continued? It cannot be pleaded that the Liberals are working on small capital for they have borrowed everything in sight. Sir Wilfrid himself declared too, that the prosperity of Canada depended on immigration. What then is the reason of the numberless cases of want in the season of the year when there should be work if there is ever going to be any? The answer is that the wage-earners are being exploited and sold.

When wages get lower, as the Globe said, not long ago, there will be more work. The present administration is the enemy of the wage-earner.

Sarnia, Ont., July 30. — William Deery, 52 years old, who claims to have left a family consisting of a wife and four children, walked from Chatham in search of work, and was provided employment at the Grand Trunk shops, where he demonstrated that he was a skilled mechanic. On Friday last, while walking near the Indian reservation, he fell from exhaustion, and was found by George Rudd, an Indian, and a companion. Deery was unconscious, and the Indians took him in their hut and one of them remained with him while the other walked to Sarnia and reported the case. Deery was brought here and received medical treatment and food.—The Globe.

This is but one of hundreds of similar cases.

SIR WILFRID LAURIER WILL SOON BEGIN TOUR OF WEST

Mr. Robert G. Macpherson, M. P., clipped a few days off the schedule time for his arrival from the east and is around town today shaking hands with all and sundry. Mr. Macpherson fairly bubbled when asked as to the conditions of affairs in the east.

"Better than ever," said he, "better than ever. Business looking up all along the line. Vast crowds at the tercentenary. The entire country appears to be making tracks for that exposition and it is certainly a wonderful affair. I suppose you know all about it out here as the papers are full of it.

"Coming west the conditions are fine. Biggest crop that has ever been known is the way the farmers of the prairie section are sizing up the chances of the season. I don't see how they could get more grain to grow on the same space of ground and prices will be good. There will be a lot of this money coming out to this province a little later, and then you will see things hustle again on the Pacific slope.

"The various railway subsidies that have been granted mean a lot to the city of Vancouver and these will add to the coming wave of added prosperity that is due to strike this part of the world in the near future.

"Just before leaving I heard that Sir Wilfrid Laurier had completed all arrangements and that he and his party will be out for a visit to the west this fall. The exact date has not yet been fixed, but it will be as soon after the close of the summer season as possible." — Vancouver World.

THE "ARTICLE TO WHICH" "ORTHODOX" MAKES REFERENCE

Taking Religion out of the Hands of the Clergy—Public Opinion the Chief Arbiter—A New and Tempting Religion for the Twentieth Century—Pragmatism Unveiled.

The article to which our correspondent "Orthodox" refers is as follows:

THE RELIGION OF SENSIBLE AMERICANS

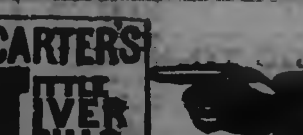
It is a Religion That Does Not Question Deeply Nor Worry Over Nice Points.

The kind of religion professed by "sensible Americans" partakes of the practical. As set forth by Dr. David Starr Jordan, it is a "religious philosophy" that has "long tended" in the direction ticketed by philosophers as Pragmatism." "Whatever will work in the conduct of life strengthening it, enriching it, giving it a higher trend, just, so far as it goes, have elements of truth." In such a scheme it will be seen that creeds must play a subordinate part. "To the average American," observes the writer, "the creeds are mostly harmless. They will not harm us if we do not read them" and "without their historic background we can hardly understand them." Mr. Dunne is quoted to the effect that "Since I read the Apostles' Creed it seems less convincing than when I heard it and did not understand it." In the July number of the Hibbert Journal, Boston, appears these words in one of the series of articles on religion as it appeals to "sensible" members of different nations. We quote further concerning the religion of the "sensible American":

"As his religion is not regulated by intellectual assent to any proposition in metaphysics, spiritual or biographical, the average sensible American is not alarmed over the results of the Higher Criticism. Enough that is genuine and beyond question goes back to the teachings of Jesus. That devout enthusiasts have interpolated here and there an illustration, a bit of philosophy, of a bit of imagination, or that chapter or epistle may have been attributed to the wrong man does not disturb his spiritual consciousness. These matters are interesting from the scientific side, but they do not touch bottom in their relation to religion. Neither is he concerned because wine is not turned into water in our day, not even by the faith that moves Mountains. The old story of Cana may not be true. It may be poetry, or parable, or error of record or even pure falsehood. It is no aid to his faith, but it does not disturb it. In the face of the greatest marvel in human history the influence of him who spake as never man spake, and who will draw all men unto him, he will leave to each expert in Oriental imagery such theory of physical miracle as may seem to him best. He can understand that the parables and fancies of Hebrew poets, like those of English poets, interpret spiritual rather than literal or historical fact. Therefore he is not distressed over the narrowness of the whale's gullet, or the adjustment of the days of creation, nor of that fact that the prayers of the good men will not wring rain from a steel-blue Australian sky. Neither is his faith impaired by the certainty that the ancestry of man runs close to that of the animals which are [illegible] and in whose image anatomically, he is made. He rejoices that the world is far older and the universe far broader than his fathers had thought that 'Time is as long as space is wide,' for infinite detail of preparation, even in the processes of creation, is the best guarantee of ineffable achievement."

Emotionalism, it is said, is not found by the sensible American to be a "necessary attribute of religion." Further—

"Love is not love unless it contains the impulse of renewed life. It must purify itself by action. 'If thou lovest me, feed my lambs.' There is no other evidence. There is no other way in which emotion can impinge on religion. 'Sensations,' says my friend, 'are within the reach of all.' Preachers deal with them sometimes. Our rituals and our choirs give them. There are books that pile up great waves of emotion in us, almost as real as if we had spanned them. I have read of battles so vividly portrayed that my cold blood grew hot, and I felt like a hero. I cooled down a little more weary than before; that was all. I have listened to great preachers who talked so familiarly of holy things and made them so real that earth has seemed weary when I touched it again. Emotions are dangerous things unless they find an outlet in action. We can so narcotize ourselves with holy things that our senses will lie to us. We can meditate on holy things until we feel that we are holy too. But periods of rude awakening come. We find we have been hearing and not doing; saying 'Lord! Lord!' and not doing Gods 'will."—The Examiner.



CARTER'S LITTLE LIVER PILLS.

CURE

Sick Headache and relieve all the troubles incident to a bilious state of the system, such as Dizziness, Nausea, Drowsiness, Distress after eating, Pain in the Side, &c. While their most remarkable success has been shown in curing

SICK

Headache, yet Carter's Little Liver Pills are equally valuable in Constipation, curing and preventing this annoying complaint, while they also correct all disorders of the stomach, stimulate the liver and regulate the bowels. Even if they only cured

HEAD

Ache they would be almost priceless to those who suffer from this distressing complaint; but fortunately their goodness does not end here, and those who once try them will find these little pills valuable in so many ways that they will not be willing to do without them. But after all sick head

ACHE

is the bane of so many lives that here is where we make our great boast. Our pills cure it while others do not.

Carter's Little Liver Pills are very small and very easy to take. One or two pills make a dose. They are strictly vegetable and do not gripe or purge, but by their gentle action please all who use them.

CARTER MEDICINE CO., NEW YORK.

Small Pill. Small Dose. Small Price.

ASSISTED IN SACRED CONCERT

Several Peterborough People Contributed to Programme at Bobcaygeon

The Choir of Christ church with the kind assistance of Mr R. J. Devey, organist of St John's, Peterborough, and a few of his friends gave a sacred concert on Tuesday evening that was fairly well attended considering the heat. The visitors from St. John's wore their surplices and together with the choir marched into church from the hall. Mr Devey's playing was much enjoyed and the singing of Mrs Devey, Master Devy, Mrs McGregor, and Mr G. Chandler made an acceptable programme. The numbers by the choir were pleasing, particularly the one led by the Misses Gladys Read and Helen Boyd, the voices harmonizing nicely, and the notes being full and rich in tone. The floral decorations were very pretty; and Dr. and Mrs Boyd, who were the organizers of the concert, are to be congratulated on the success of the evening.—Bobcaygeon Independent.

HIS DEPARTURE IS REGRETTED

Mr. H. C. Wright Late Secretary of the Y.M.C.A. Leaving the City—Will Eenter College

Mr. H. C. Wright, who has been secretary of the local YMCA for several months, leaves on Monday to spend a few weeks' holidays, having resigned from his position here. He will enter McMaster university on the opening of the fall term and take a special course. He will likely re-enter YMCA work later.

Mr. Wright has made many friends during his residence in Peterborough and his departure will be much regretted. He will have the best wishes of a legion of friends for his future success.

Mr. Hassard, the next secretary, is now in charge of the YMCA.

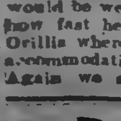
HANDCUFF HOGAN STUFFED AGAIN

Laughable Way in Which Peterborough Gentleman Loaded up an Easy Mark City Editor

Yesterday a Peterborough gentleman who was in Lindsay told the Hon John Hogan, jokesmith of the Lindsay Free Press and blacksmith of city editor's desk, that the sporting editor of the Review had walked from Belleville to Peterborough recently. He was only having a little fun with the laughable author of "Handcuff Hints" but the latter as usual did not realize he was being stuffed —stuffed-goose —and yesterday had a paragraph printed in his journal telling that the above mentioned member of the staff of this paper had walked from Belleville, being short of funds, and was taken for one of the men who had escaped from the Toronto gaol and some more bright stuff.

The sporting editor of the Review has been grossly libelled by the Scugog journalistic mistake. He has not been in Belleville for some years and the greatest distance he ever walked was when he beat it from Keene to Peterborough just to do something foolish on a hot day—like the bracelet boy is doing at all stages of the game.

The Professor was easily beguilled and the laugh around here and in Lindsay will be strictly on him. He would be well advised in trying to see how fast he could heel and toe it to Orillia where he might find congenial accommodation in the imbecile ward. Again we say, "Poor John."



Wood's Phosphodine, The Great English Remedy. Tones and invigorates the whole nervous system, makes new Blood in old Veins. Cures Nervous Debility, Mental and Brain Worry, Despondency, Sexual Weakness, Emissions, Spermatorrhoea, and Effects of Abuse or Excesses. Price $1 per box, six for $5. One will please, six will cure. Sold by all druggists or mailed in plain pkg. on receipt of price. New pamphlet mailed free. The Wood Medicine Co. (formerly Windsor) Toronto, Ont.

THE OLD APPLE TREE CAUSED ROW

Port Hope Women Court to Court Over Ownership of Apples

Port Hope, July 31.—Two women residents of Cavan street, have been unneighborly neighbors of late and one of the pair sought the police court on Tuesday morning as a last resort to settle matters.

Evidence of the women was recorded but defendant wished to produce a witness and the case was adjourned until this morning.

The trouble arose over the ownership of some apples. The plaintiff had ordered defendant to vacate the premises, but defendant could not see it that way and argued that the tree was partly on her property and she was therefore entitled to some of the fruit.

Plaintiff in her evidence stated that defendant used abusive language towards her, including such expressions as 'pauper' and 'thief.'

Defendant swore that plaintiff had knocked her down, pulled her hair and threatened other violence.

Mr. H. White appeared for defendant.

TO TAKE CHARGE NEXT MONDAY

Mr. James McLeod Formerly of Peterboro' "Y" Will be Physical Director of Central Y. M. C. A. Toronto

Last night's News has the following about a former physical director at the YMCA.:

Mr. James McLeod, the new physical director of Central YMCA, is on his way to Toronto from New York. He landed there from Havana, Cuba, where he has been physical director, a few days ago. Freddy Smith, Central's assistant director, has received a letter from Mr McLeod, saying he would arrive on the holiday, Monday next.

TWELVE ALARMS DURING JULY

Firemen Getting Plenty of Practice--Four False Alarms Sent in

Fire Chief Howard this morning, gave the Review a short summary of the work of the brigade during the month of July, as follows:

The fire brigade has responded to twelve alarms of fire, during the month of July. Four of these were false alarms, and one a test call, by the Mayor and Committee. Of the other four, two were calls to the saw dust piles, and five were real fires.

LADIES, WHY NOT PRESERVE YOUR YOUTH AND BEAUTY?

Parisian Sage, the quick acting hair restorer, is now for sale in Peterborough, at the drug store of W. Madill and is sold with a rigid guarantee at 50 cents a bottle.

Parisian Sage has an immense sale, and here are the reasons;

It is safe and harmless.

It cures dandruff in two weeks, by killing the dandruff germ.

It stops falling hair.

It promptly stops itching of the scalp.

It makes the hair soft and luxuriant.

It gives life and beauty to the hair

It is not sticky or greasy.

It is the daintiest perfumed hair tonic made.

It is the best, the most pleasant and invigorating hair dressing made.

Fight shy of the druggist who offers you a substitute, he is unworthy of your confidence.

The new Bangor channel at Crane Island in the St Lawrence is to be opened today.

Summer Suits

No matter how fine the texture, or delicate the color, cleaned perfectly by the FRENCH DRY CLEANING process. Call us up and ask about it.

BOY SENT TO REFORMATORY WHERE HE CAN LEARN TRADE

Young Armstrong Appeared in Court This Morning and Was Sentenced to a Term Not Exceeding Five Years

The case of the young boy Armstrong, who skipped from this city last Monday came up before Magistrate Dumble this morning. The boy who has been working at Mr H G Elliott's confectionery store on George street, for the past month and a half had been sent to deposit $92 of the above firm's money in the bank. Instead of doing so, however, he left town, carrying with him the money. The police were notified and immediately took steps to capture the boy. No word was received of the lad until Thursday afternoon when word was received that he had been captured by Mr Elliott's brother in Toronto.

The boy was at the Island having the time of his life, and Mr. Elliott nailed him the minute he left the ferry. He was taken to the Children's Aid Society's building, where Chief Rossel found him, when he went there yesterday.

At police court this morning, Armstrong pleaded guilty to the charge of stealing the money and asked to be sent to the Reformatory where he could learn a trade. His Worship sentenced him to the Reformatory to a term not exceeding five years.

Mr. R. E Wood appeared in the interests of the Crown, and asked that the costs of the trial be settled upon Mr. Elliott. He stated that Mr Elliott had committed a criminal offence, in placing such a great temptation in the way of a thirteen year old boy. The Magistrate upheld him in his argument, and Mr. Elliott was forced to pay the costs, which amounted to $16.

Eighty-two dollars and fifty cents were recovered from the original sum of which about ten dollars was in quarters and fifty cent pieces. Besides the money there were a number of small toys and trinkets which he had evidently bought during his wanderings.

The story of his flight and subsequent hours spent in Toronto, is rather vague and no definite account of it can be obtained. The boy himself, says that he took a canoe at Rye's boathouse on the Otonabee and paddled down the river, about eight miles. Here he left the boat and walked to Fraserville where he followed the railroad track to Toronto. He tried to gain admittance to his uncle's house, but was refused and had to go elsewhere for his lodgings.

The Fraserville people tell another story. They say that the boy took the 9.30 train from that place to Toronto and did not walk the distance. However, the Conductor on the train does not remember taking a passenger of Armstrong's features to Toronto.

The boy says that his parents live in Toronto, but nothing definite is known concerning him.

DRAGGED HALF MILE BEHIND RUNAWAY TEAM, SMITH FARMER HAS AWFUL DEATH

Andrew Freeborn Was Killed Near North Smith Cheese Factory This Morning---Waggon Upset When Meeting Another Rig

Andrew Freeborn, a well known Smith township farmer, met a tragic death this morning as a result of a runaway. He was driving to the North Smith cheese factory with a team and waggon on which was several cans of milk. Near the factory he turned to one side of the road in meeting another vehicle and the waggon upset. The team started to run away, the pole breaking from the waggon. In his attempt to stop the horses, Mr. Freeborn got the lines twisted around his arms and was unable to free himself. He was dragged fully have a mile by the horses which ran at top speed. The lines at last broke and the unfortunate man was free but he was terribly injured and only lived about fifteen minutes. His head was almost mangled to a pulp and he received many other injuries

Dr Fraser of Lakefield was sent for but the man had passed away before he arrived.

Mr. Freeborn was about fifty years of age and resided near Young's Point He is survived by a wife and several small children. His tragic death has caused a sensation in the township.

DISAPPEARANCE OF HIRED MAN FROM VICINITY OF SELWYN

Causes Some Alarm in the Neighborhood—Jack Cunningham Went Away in June Leaving Clothes and Money Behind.

The neighborhood of Selwyn, in Smith township is considerably interested as to the whereabouts of a man named Jack Cunningham, who was employed by a farmer named McIlmoyle, in that section. Cunningham is about thirty-five years of age and unmarried. One Sunday in June he left Mr. McIlmoyle's place, stating that he was going to visit some friends at Lakehurst. He took nothing with him except the suit of clothes he was wearing, and a small amount of money. He has never returned to Selwyn, and it has been learned that he did not go to Lakehurst, as was his intention. All his clothes and some money belonging to him are still at Mr. McIlmoyle's, and the people of the vicinity are at a loss to know what has happened him.

Cunningham had been employed by Mr. McIlmoyle for about two years and was a good workman. It is feared that something has happened to him, as no information concerning him can be obtained.

POLICE CAPTURE TWO MEN IN ATTEMPT AT BURGLARY

Had Entered House of Mr. E. G. Patterson—Visitor Who Came to House Frightened Them Away—Police were Then Telephoned For.

A daring attempt to burglarize the home of Mr E G. Patterson, was frustrated by the timely arrival of P. C. Meagher at 2 o'clock this afternoon. Mr. Patterson's family is at present holidaying at Chemong and the house was uninhabited save for the presence of a visitor. The latter hearing a noise in the house, and thinking that Mr Patterson had returned called to him. His cry frightened the industrious occupants and they decamped by the way of the back lane with their pockets filled with sundry valuables, which they had collected prior to the alarm. The younger of the two a lad named Geo. Forbes, ran towards the Cathedral when he was nabbed by Mr. Walter Stocker who had become suspicious and who took him to the station.

The other whose name is yet unknown ran north and was captured by P C. Meagher at the corner of Donegal and Brock streets.

He was taken to the police station in a hack where he was searched, several tell tale articles being found on his person. During the search he appeared to be in a stupor and was insensible as to what was going on. On being dragged into his cell however, he became very much alive and yelled right lustily for a few moments.

The young man's name is George Forbes and he gave his age as 19. He has been in this city for only two days coming from Port Hope on Wednesday. He is an Englishman and immigrated to this country four years ago following the trade of iron worker. For the last year however he has had great difficulty in getting steady work and has been a tramp for the last six months. His mother lives at Chicago but his father is dead. When questioned he denied that he had been in the house but a search revealed several clean handkerchiefs, a pair of gold-rimmed spectacles, and several other items which belied his assertion.

He has already served one term in prison, having been sentenced for fighting about six years ago. He met the other man for the first time this morning.

The older of the two men on being searched, revealed several colored handkerchiefs a number of ties and one of Mr. Patterson's calling cards.

The two prisoners will appear for trial in the early part of the week.

THE QUEBEC CELEBRATION

An interesting account of the Tercentenary celebration at Quebec, secured from an officer of the composite company from Peterborough, will appear in Monday's issue of the Review. The account will have special reference to the local troops and will be found unusually interesting.

Hon A. B. Aylesworth will leave for Vienna on August 7th and will be absent six weeks.

WEDDED ALMOST HALF A CENTURY

Mr. and Mrs. Edward Green Will be Married Fifty Years on Sept. 30th.

If Mr. and Mrs. Edward Green, of Water street, both are alive on September 30th of this year, they will celebrate the fiftieth anniversary of their marriage. Both are in excellent health at the present time. They were wedded on September 30th, 1858, and have resided in Peterborough ever since. Mr. Green is one of the pioneer residents of the district.

PREPARING TO BRING OUT GRAIN

In order to be in a position to participate in the movement of this year's wheat crop, the Grand Trunk Railway management is collecting cars in the west. As often as a new GTP car can be loaded for the west it is wheeled westward, unloaded and held there for the threshing time, when it is expected everything on wheels will be busy. Already 500 of these splendid big box cars have been gathered and distributed along the line west of Winnipeg.

A WINDSOR LADY'S APPEAL
To All Women: I will send free with full instructions, my home treatment which positively cures Leucorrhoea, Ulceration, Displacements, Falling of the Womb, Painful or Irregular Periods, Uterine and Ovarian Tumors or Growths, also Hot Flushes, Nervousness, Melancholy, Pains in the Head, Back or Bowels, Kidney and Bladder troubles, where caused by weakness peculiar to our sex. You can continue treatment at home at a cost of only about 12 cents a week. My book, 'Woman's Own Medical Adviser," also sent free on request. Write to-day. Address Mrs. M. Summers, Box H62, Windsor, Ont.

PROGRAMME OF SPORTS FOR TYPOS' PICNIC

Which Will be Held at Idyl Wyld on Civic Holiday—Large Number of Splendid Events

Arrangements are shaping nicely for the Printers' Picnic at Idyl Wyld on Civic Holiday, August 10th. It will be the main attraction on the holiday and there promises to be a record-breaking crowd take in the outing. In addition to the baseball match, tug-of-war and quoit match between the Review and Examiner there will be a good programme of athletic sports as follows:

Boy's race, under 15 years, 1 and 2.
Girls' race, under 15 years, 1 and 2.
Married man's race, 1 and 2.
Young ladies' race, 1 and 2.
Hundred yard dash, 1 and 2.
Married Ladies' race, 1 and 2.
Running broad jump, 1 and 2.
Fat man's race, 1 and 2.
Reporters' race, 1 and 2.
Boot race, 1 and 2.
Tug of war, Examiner vs. Times and Review.
Pie eating contest, 1 and 2.
Canoe race, 1 prize.
Ball game, Examiner vs. Times and Review.

The canoe race will be open to all, the distance to be one mile, single blade paddles and ordinary hunting canoes. The prize is a ten dollar gold piece donated by Mr. J. H. Burnham. The race should prove an exciting event.

The committee is hard at work making arrangements and if the weather is fine the outing will be an ideal one.

PERSONAL

Send or Telephone Your Personals to The Review.

Mr. Mort Johnson of Cobourg, is in the city for a visit over Sunday.

Ward Patterson, C.P.R. agent, of Havelock, was in the city last evening.

Miss Julia Choate came down from the Lakes yesterday. th [illegible]

Mr. Edward M. Taylor, grain commission merchant, of St. Louis, is in the city to visit friends.

Mr. Ed. M. Taylor, of St. Louis, left to-day for Young's Point, where he will spend a week.

Miss Eva Moore, Ashburnham, came in from Toronto last evening, after a pleasant holiday in the city.

Mr. L. Ardiel, of the Dominion Bank, London, is visiting his brother Mr. L. T. H. Ardiel.

Mr. Harry Cressman was in Toronto yesterday picking up some big specials for the Bargain Annex.

Miss Esther Peacock and Leona Trew, of Oakville, are the guests of Mr. and Mrs. Trew, 580 Bolivar street.

Mr. and Mrs. H. P. Kennedy, and son Maxwell, and little nephew, Sherwing Ward, have returned home from Whitby where they were the guests of Mrs. Charles Gordon.

REV. LEWIS AT MARK ST.

Rev. J. G. Lewis of Picton will occupy the pulpit at Mark street church tomorrow exchanging pulpits with Rev C. H. Coon, who will preach at Picton.

A Final Price Cut---A Quick, Decisive Selling
Choice Bits for Buyers - Everything Summery Reduced

This is a rare saving time. All our Summer goods—bright, new, fresh and stylish—are marked at sacrifice prices. Profits don't figure now. Clearance—complete and decisive—that's the all important question these days.

Fall Goods are ordered. Some are coming in daily. They must have room for display--it's their time now. Summer Goods must make way for them.

This is hurry-out time for Summer goods—stock clearing time—deck-clearing time—time to make way for Fall goods

And low prices—prices at cost and below—is the power which will hurry, reduce and clear. To speed selling, prices are low beyond precedent.

If you want to obtain wear-things you'll need for the next two months—or anticipate some of your next season's wants now, during the golden present, you can do so at a saving of one-fourth to three-fourths.

Sale begins Saturday, August 1st, at 8:30 a.m. See hand bills for list of big bargains

353-355 GEORGE STREET, PETERBOROUGH Limited

PETERBOROUGH LUBRICATOR MANUFACTURING COMPANY HAVE SECURED PREMISES

Building Formerly Used by Mr. Oke as Furniture Factory Purchased by New Concern—City Council Will be Asked for Small Bonus and Fixed Assessment.

Mr. Thomas W. Oke, of Ashburnham, who has been operating a furniture factory on the north side of Hunter street, immediately west of Lignett's hotel, under the name of the Peterborough Furniture Company, having found that the premises are too small for his rapidly extending business, determined a short time ago to erect a new factory to the west of the present one with more than double its capacity. This presented an opportunity to the Lubricator Manufacturing Company to immediately obtain suitable premises for the manufacture for the "Philadelphia" Grease Cup. This factory has, therefore, been sold by Mr. Oke to the company together with the line shafting and electric motor at a price satisfactory to both parties. The lot upon which the factory is built is 42x198 feet. The factory is itself thoroughly suited for the purpose of the new company; has been very strongly and carefully constructed with a view to being utilized for heavy machinery and has a solid and most substantial foundation. There will, therefore, be no difficulty in installing the necessary plant for completing the Grease Cup, and the factory is expected to be in operation within the next few weeks as soon as the machinery can be brought from Philadelphia, the parent company having had special machines designed for the economical manufacture of their product. It is satisfactory to learn that the stock of the company is being taken up by some of the most prominent citizens of Peterborough, and it is confidently anticipated that within a short time all necessary capital will be subscribed. It has been decided that the company will not go into actual operation until a certain amount is provided for working capital, so that the shoals upon which some companies have been wrecked, will be avoided. On this page will be seen a cut of the factory.

This property has been purchased by
PETERBOROUGH LUBRICATOR MANUFACTURING CO.

Factory of the Peterborough Lubricator Company, Hunter street East.

TO APPLY FOR BONUS.

An application is about to be made to the City Council for a small bonus and fixed assessment, which, will probably be granted on the usual terms.

It may be added that there is no preference stock in the company, all shareholders thus being on exactly the same footing. The temporary offices of the company are at 387 Water street, where the books can be inspected, and any information given which may be desired.

It should be important to intending investors to know that the company have already received orders enough to keep the plant busy for the next five months. This is phenomenal in itself, when it is known that all those orders have come into the company without any solicitations, showing at once to the practical and wide awake business man that the company have an article that is appreciated by the manufacturing plants throughout the Dominion of Canada, who have been alive enough to see that by applying the compressed air Grease cup they are able to secure a saving in lubrication alone of at least 50 per cent. The demand for the cup is unlimited.

Intending investors should not lose this opportunity of a safe security, as well as aiding a new industry.

FARMER AND DAUGHTER THROWN OUT

Runaway Accident on Gilmour St ---Occupants of Buggy Were Not Seriously Injured

As a result of a runaway on Gilmour street about eleven o'clock to-day on Gilmour street, Mr. Wm. Lough and daughter, of Cavan, were badly shaken up. The animal took fright as Mr. Lough was driving into the city and ran up Gilmour street at a terrific pace. At the corner of Gilmour and Park street, the horse swerved to one side, upsetting the buggy. The occupants were thrown out heavily and were badly shaken up. They were lucky in not being more seriously injured. The horse turned around and ran out Gilmour street and was stopped before it reached the boundary line.

Americans fishing in the St. Lawrence without a license were fined in Kingston.

Charles Sterling of Halifax, former business manager of the Herald is dead, aged 52.

Simcoe street.—Staff Captain Goodwin in charge. Capt. Massey, assistant. Sunday meetings; 7 a.m., prayer meeting; 3 p.m., free and easy; 7 p.m., salvation meeting. All are welcome.

SPORTING NEWS

LONGBOAT WILL NOT TURN PRO.

Tim O'Rourke, Tom Flanagan's right hand man, said this morning that there was absolutely no truth in the report from Boston that Longboat would turn professional to race Alfred Shrubb.

"Shrubb wants him to,'" thats all there is in it,'" said Tim. He added that the Indian had no desire to run for a purse and Flanagan was dead against it.

"There's nothing in professional racing for Tom," said O'Rourke. "It doesn't go with the Canadian public. And besides, he's out after the Ward Marathon again. If he wins that once more it will be his own —and Tom wants it."

Tim says that the Indian could beat Shrubb at fifteen miles or over, or even at twelve on the road. No man living could beat him under that.

LOUD PRAISE FOR FRED SIMPSON

Although Simpson does come from Peterborough, we must be fair in our criticisms. He is in the opinion of the writer, one of the best all-round athletes that have ever been turned out of the town. Simpson is an Indian of a good tribe. He does not use alcohol in any form, and has never been known to smoke to any extent. He has lived for the greater portion of his life around the shores of Rice Lake. The great contrast between him and another Indian who is now dead and who might have been a great runner, is very marked, and when these two runners met on the same track, Simpson had the endurance and pluck of which the other runner was totally ignorant. Simpson has shown himself to be one of the best runners in the Dominion and deserves great praise for his remarkable showing at the Olympiad. There he was very popular and ran a splendid race. It has been predicted over and over again that Fred Simpson would soon outshine Longboat, and from present appearances it looks as if the prediction will come true.

Peterborough should be proud of her redskin athlete and it is hoped that the citizens of Lindsay will have the pleasure of seeing this running-machine in action upon his return from the old land.—Lindsay Free Press.

TO-NIGHT

If you are feeling out-of-sorts, take an NR Tablet, and you will feel better in the morning. They will make you feel just right. "Nature's Remedy" strengthens the Stomach, Liver, Kidneys and purifies the Blood, does its work thoroughly and pleasantly, yet it never gripes, weakens or sickens—invariably making the user feel stronger and better.

Better Than Pills For Liver Ills.

Get a 25c. Box. Nature's Remedy NR-TABLETS-NR One Tablet Gives Relief.

McDERMID & JURY, Druggists, Peterborough On

CRICKETERS MET LAST NIGHT

Full Attendance at Important Meeting at Snowden House

There was a full attendance at the meeting of the Peterborough Cricket Club last night at the Snowden House and several important matters were discussed.

All arrangements were made for the games with the Toronto Cricket Club next Saturday and a week from Monday with Warkworth in Warkworth.

LACROSSE

THOSE QUIET STREETS

The Ontarios of Port Hope, who played the Belleville team here this afternoon, created considerable amusement by getting out on Front st. for practise. They made things lively for a while. Luckily it was Wednesday, the stores being closed and the street practically deserted. —Belleville Intelligencer.

LAWN BOWLING

The lawn last evening was in splendid shape and some great games were pulled off on the first trophy series: The scores was as follows —

D Barker,	T. McFaddan,
R Glover,	L. Bowes,
R. J. Sodon,	P. B. Wright,
Dr. Marshall, sk. 16	W. H. Isaac, sk 10
B Houston,	J. Mackenzie,
Dr. Walmsley,	H. Campbell,
Dr. Caldwell,	R. Matchett,
Ed. Runnels, sk. 11	R. Cottrell, sk 13
D. W. Moore,	Dr. Walmsley,
S. Sharp,	Dr. Caldwell,
John P. Cunningham,	R. Wescott,
T. Ed. Pratt, sk. 24	J. McIntyre, sk 8

SPORTING COMMENT

There are several sporting notes in the Lindsay Free Press, which are amusing in a way, and yet which are absolutely so foolish that the Review will refrain from publishing them.

Ottawa Journal; While the collapse of Longboat in the Marathon was a surprise Canadians have reason to be proud of the fact that of the first seven men who finished of fifty-seven starters among the best runners in the world three were from this country. This was an excellent indication of the stamina of young Canada, and together with the capture of second place by a South African serves to console somewhat for the failure of the mother country to show runners on her own soil who could maintain the reputation of British athletes for staying power.

ENGLAND SWEEPS CARD

Wins Everything in Olympic Regatta at Henley.

Leander Eight Beats Belgian Oarsmen in Record Time and Vindicates English Long Stroke—Magdalen Four Wins, Leander Pair Defeats Jesus College and Blackstaffe Is Champion Single Sculler.

Henley, Aug. 1.—The international Olympic regatta came to an end with a sweeping victory for the United Kingdom oarsmen, who have defeated all the continental rowers who participated in the races.

The great event of the meeting was the championship eight in which, after winning several heats, the Belgian crew went down to defeat in the final before the Leander crew. The Leanders won with comparative ease by two lengths and a half over a course one mile and a half long. Time, 7 minutes 52 seconds.

The outcome of the contest was a great surprise, as yesterday morning any of the experts had practically conceded the race to the Club Nautique de Grand. It was a battle of styles, the orthodox long stroke, well driven home, of the British oarsmen against the short, light and fast stroke without any swing, which twice has carried the Belgians to victory in the grand challenge at Henley.

Had the Leander crew been defeated, British oarsmen were prepared to haul down their flag and take lessons in rowing from their foreign competitors, but yesterday's victory leaves all Englishmen convinced that the old style of rowing is the best.

The Leander crew led all the way. They were a length and half in front at the half way, and continued gradually to widen the gap. The magnificent spurt of the Belgians toward the finish resulted only in a momentary gain of a few feet. The home crew went away again and finished easy victors.

The Argo eight gave Leander a harder race than the Belgians did. The Argos are second best eight here. Leander won in record time.

Magdalen won the four-oared race. After a very hard race it looks as though the Argos are the second best crew here.

In the final of the championship singles yesterday, H. T. Blackstaffe beat McCullough, one and a quarter lengths in 9 mins. 26 secs.

The Leander pair-oared crew easily defeated the Jesus College pair in the Olympic finals.

BABY'S GREAT DANGER DURING HOT WEATHER

More little lives are lost during the hot weather than at any other time of the year. diarrhoea, dysentry, cholera, infantum, and stomach troubles come without warning and when a medicine is not at hand to give promptly the short delay too frequently means that the child has passed beyond aid. During the hot weather months Baby's Own Tablets should be kept in every home where there are small children. An occasional dose of the Tablets will prevent stomach and bowel troubles. Or prompt use of this medicine will bring the child through safely. Mrs. J Renard, New Glasgow, Que., says:—"One of my children had a severe attack of diarrhoea which Bayb's Own Tablets promptly cured. I know of no medicine so good for stomach and bowel troubles." Sold by medicine dealers or by mail at 25 cents a box the Dr. Williams' Medicine Company, Brockville, Ont.

Joseph Trumbley who broke jail at the Soo, was sentenced to two years in Kingston.

The Dominion Cabinet will meet on Friday afternoon and will meet daily for a fortnight.

COPPER AND NICKEL CLAIMS IN GALWAY

Two Bobcaygeon Men Have Made Some Rich Discoveries---Vein Three Quarters of a Mile Long

Bobcaygeon, July 31— For the last thirty years discoveries of minerals have been made throughout the region to the immediate north of here and at various times efforts have been made to develop mines, without success. Messrs. Joseph Clements and Thos. Montgomery have been out in Galway for some little time prospecting on a find Mr. Clements made last year, and they have now located three claims, from which they have assays showing copper and nickle in good paying quantities. They have traced the vein nearly three quarters of a mile, and they consider the indications as excellent. A favorable proposition for testing and developing, with a view to purchase is under consideration.

NEW POSTS FOR LETTER BOXES

New posts for the letter boxes on George street are being put up by the post office department.

The old ones were pretty well all in and it was necessary to supplant them with more substantial ones.

TYPOS' PICNIC IS THE PRINTERS'

Word "Typo" is Used to Include all Members of the Typographical Union

It is not plain how anyone could get mixed on this subject, but in order to leave no room for doubt it may be stated that the Typos picnic is the Printers' picnic and none other. In the printing of the cards advertising the event, the word "Typos" is used.

Typo, of course, is another word for printer and is used because it includes all the members of the Typographical Union. Pressmen, compositors, machine operators, all members of the union, are covered by the word "typo."

SANDERSON-HAROLD OPALITE REFRIGERATORS

MANUFACTURED AT PARIS, ONT.

Opalite is a pure white glass, 7-16 thick, is fitted in the Provision Chambers in sheets—one covers the bottom, another the back, etc and not in little square pieces like some Porcelain lines.

This material resembles china in appearance and is the most sanitary lining known.

An Opalite does not need to be scrubbed out every few days, as the surface is easily cleaned with a damp cloth. This will save ice and temper.

The Clean, Glossy, Milk-White Walls, the handsomely finished Oak Cases, and attractive Nickled Brass Trimmings, appeal to particular men and women instantaneously.

THE PEOPLE OF LINDSAY HAVE MANY MISFORTUNES

Lindsay, July 31.—This town and vicinity has been visited by a number of accidents in the past few days.

W. Anderson and K. Crandell, two young Lindsayites, were upset from their canoe by getting into the waves of the Steamer Esturion.

Wm. Hartley was partly run over by a thresher last evening, and his foot was badly crushed.

Mrs. A. Doran, Melbourne street, was overcome by the excessive heat. Her condition was very critical and the attendance of two doctors was required.

Mr. George Carew is suffering from a slight attack of blood-poisoning in the foot, the result of stepping on a rusty nail.

Mr. Jos. Mark, employed at Carew's new sawmill, was struck on the head by a falling plank.

Master Austin Boraghe, son of the organist at the Methodist church, broke his arm in a bad fall.

Mr. J. McSwain fell off a ladder while picking cherries and sustained many injuries about the head, including a broken nose.

Master Levine Johnston, 14-year-old son of Mr. W. Johnston, of Franklyn, became overheated by riding his bicycle, and died a few hours after dismounting.

Mat Carlin, driver of the Benson House 'bus was seized with a paralytic stroke, and slight hopes are entertained for his recovery.

Mr. Dennis Callahan, Reaboro, met with a sad accident yesterday morning while at work in his barn. He was charged by one of his cows, knocked down on the cement floor and gouged by the sharp horns of the mad animal. His shoulder-blade was seriously injured.

Mr. J. Gilteneau, North Ops, fell off a high ladder and was picked up in an unconscious condition.

THREE ANNIVERSARIES BEING CELEBRATED AT HASTINGS

Jubilee of Establishment of Presbyterian Church There and Semi-Jubilee of Mr. Thompson's Induction as Pastor and of His Marriage

The Presbyterian congregation at Hastings is celebrating a unique anniversary tomorrow and on Monday. Special services are being held to commemorate the fiftieth anniversary of the establishment of the congregation, which in itself is an event of much interest. In addition to the above, however, the semi-jubilee of Rev. D. A. Thompson's induction as pastor of the church and the semi-jubilee of his marriage are also being observed. Mr. Thompson has been stationed at Hastings twenty-four years and his marriage took place near the time of his induction.

Rev. J. G. Potter, of St. Andrew's church, of this city, will preach special sermons at Hastings tomorrow in connection with the anniversary, Mr. Thompson preaching at St. Andrews church. On Monday evening a reception will be held.

WILL TAKE ACTION AT ONCE AGAINST LUMBER COMPANY

Mr. H. Phelan, General Manager of the Otonabee Navigation Company Tells of Grievance—Water Lily Couldn't Get Past Jam of Logs—Fifty Passengers on Board.

Mr. H. Phelan, general manager of the Otonabee Navigation Company, is not in very good humor to-day, and it is not to be wondered at. According to that gentleman the steamer Water Lily, carrying about fifty passengers from Stony Lake points was stalled below Lakefield this morning by a jam of logs in the Otonabee, the property of the Cavendish Lumber Company. According to Mr. Phelan, the regulations demand that no more than 5000 logs be handled at one time at this part of the river, and they are usually boomed above Lakefield in order that traffic may not be interfered with.

He says the passengers were forced to disembark at Lakefield where the steamboat fares were refunded, and the remainder of the trip was made by train.

The freight will be brought on to Peterborough by the evening train. The Navigation Company has been endeavoring to build up a good Saturday trade to the local market, and to-day's occurrence proved very inconvenient and unprofitable for the Company and its patrons. The general manager stated that the action of the Lumber Company was a very arbitrary one, as they should have given notice of their intentions to liberate the jam at this point, and will immediately institute civil proceedings against the latter.

LETTERS TO THE EDITOR

The Review Does Not Hold Itself Responsible for Opinions Expressed by Correspondents

THE KNOCKERS

To the Editor of the Review.

Sir,—Who talks about knocking Canada? Did an Englishman say such things as the Examiner in its article on the escaped Toronto prisoners. It is scandalous and the Department of Justice, too.

Yours, &c.,
W. A. BAILEY.

FROM J. SMITH

Editor of the Review

Mr. Bailey is right. If Canada was loyal we should have joined England at the Olympic Games.

Yours truly,
J. SMITH

NEW RELIGION

Editor of the Review

Sir,—It seems to me that the expensive heat of the last few days must have affected the brains of the editor of the great journal known as the Examiner or it would not have treated its readers to such heresy as last night's issue contains. An article with the glaring headline, "The Religion of Sensible Americans" attracted my attention and the further statement of voicing undoubtedly the approval of the learned editor, "It is a religion that does not question deeply nor worry over nice points," seemed to make me curious to find out what this "sensible" religion is and as I read I learned that it is a belief of certain theories which even Robert Ingersoll, the late leader of infidel forces could and would have accepted. The cardinal truths of the Holy Gospels are set aside, Christ's miracles are ridiculed and belittled and a system of mere moral living and acting substituted for an unfeigned faith in our Lord and Saviour Jesus Christ, the Son of God. What must the moral fibre of a newspaper be that dishes up such "husks" to eat to its readers. How can a paper professedly Christian claim the support of Christian people or exert any influence for good when it so glaringly upholds, by its endorsation a heresy and blasphemy which followers of the Lord Jesus Christ utterly abhor. That the journal upholds this "Sensible Americans' Religion" is sufficiently proved by the headline, composed by the editor and stating the real issue. To a believer his religion is not a mere absence of "worrying over nice points or questioning deeply." His creed is real and uncompromising as touching essentials. The article published in the Examiner is an insult to a Christian and believing people who will resent such publications among them.

Yours,
ORTHODOX.

WHO PAYS THE COST?

Editor of the Review

Dear Sir,—Would you kindly inform me through the columns of your paper if the costs involved in the apprehension of criminals in this country should be borne by the Government or by the individual who lays complaint. At police court this morning the boy Armstrong was convicted of the theft of ninety-two dollars and fifty cents from his former employer, Mr. H. G. Elliott. The charge was laid by the latter and the arrest of the juvenile criminal was effected in Toronto the boy being caught by Mr Elliott's brother and handed over to the Toronto police. A local officer went after him and his conviction followed. At the conclusion of the case this morning the court severely reprimanded Mr Elliott for his action in entrusting such a large sum of money to the boy, and held that such action was short of criminal. Now, it appears to me that instead of being criminal, the action was, if anything, highly educative and it is through such trusts that boys develop into good business men. But allowing that this is not the case, why did the court withhold the costs and what proceedings would the court have taken if the money had not been recovered. The Chief of Police is to be commended on the prompt action taken to locate the boy, but it was through the prompt action of Mr. Elliott's brother and not the police that the lad was apprehended. I understand that Mr Elliott has taken action in the matter and in my mind he has sufficient grounds for such.

LAUNCH RAN HIGH AND DRY

On the River-front Near the End of Charlotte Street

A gasoline launch ran aground on the river front at the end of Charlotte street last night. Those in the boat were unable to get it off last night and had to return this morning. Considerable difficulty was experienced in getting the launch back in the water.

SPECIAL COLLECTION

Tomorrow there will be a special collection taken up in St. Luke's church.

All who have promised to respond to the canvas recently and partly made are requested to place their contributions on the collection plate.

COMPLAINANT NOT PRESENT TO PRESS CASE

And Will Have to Pay Costs of Assault Charge—To-day's Police Court

At Police Court this morning, Orville King was charged with assaulting Herbert Peoples. Peoples was absent from the court, so that the case could not be proceeded with. Peoples will have to pay the costs of the case, which amounted to $3.40.

Another young man of the city, was charged with appropriating the monies of a local firm for his own advantage. A friend appeared in court on behalf of the accused, who stated that the money would be repaid to the company, and that the manager of the concern was willing to allow the matter to drop, on these condition. Magistrate Dumble allowed the young man to go on suspended sentence.

THE DEEPENING OF THE CANAL

The work of deepening the canal from the locks to Cameron lake was commenced on Monday, when the Government steam drill started operations. The present depth is to be increased to nine feet, so that the larger steamers on the canal will have no trouble navigating it. The holes are being charged with dynamite and fired in lots of a dozen or so as fast as drilled, and the dredge will be along in a couple of weeks to clean out the rock. Half the width of the canal will be blasted out and dredged before the other half is begun, so as not to interfere with navigation. The work will require some considerable time to complete.

Grain will not be up to the average in the Ottawa Valley.

MOSQUITO

AntitoxinE
Black Fly Germicide
—and—
Poison Ivy Cure

STOP SCRATCHING AND ENYOY YOUR SUMMER EVENINGS

100 PER CENT OF JOY ADDED TO YOUR HOLIDAYS

"Get an Outfit" before leaving Toronto or write immediately for same.

No campers' outfit is complete without a supply of **Mosquito Antitoxine** and a pound bottle of our more powerful germicide for Black Flies and Biting Insects. Price for Mosquito Antitoxine, Outfit, including:

a—Special Atomizer.

b—Liquid Antitoxine, 3 ounces, for spraying on exposed surfaces of the body.

c—The Antitoxine reduced to a cream for use upon exposed parts of body. 2 ounces.

d—The Antitoxine reduced to a powder in Japanned container for use in bedrooms, living rooms, verandah's or lavatories

The Policy Of Prudence

IT'S TIME YOU TOOK OUT A POLICY.
FIRE! INSURANCE

Is the one that covers a policy loss by fire. If your property is not fully insured, come here and take out a Policy at once. You will find our terms most liberal, and our companies the most reliable you could insure with. Do not delay this most important matter. Very small accidents occasionally cause fires, and after regrets are of very little use to pay damages.

Most people can afford to pay the premium on a fire insurance policy, but few can afford to lose their property.

Insure before an accident occurs and protect the savings of a life time.

MILLINERY - DRESSMAKING

RETURNS IMPROVED IN HEALTH AND DELIGHTED WITH HIS EXTENSIVE TRAVELS ABROAD

Father McColl Arrived Home Last Night After Four Months on the Continent and Great Britain—His Account of the Trip—Visited Many Places of Historical Interest.

After a thoroughly enjoyable trip to the continent and the British Isles, Rev. W. J. McColl, rector of St. Peter's, has returned to Peterborough much improved in health and thoroughly recuperated for his arduous clerical duties in connection with his parish.

He cordially welcomed a Review representative, who called upon him this afternoon and granted him an interview, given below, and in which the reverend gentleman tells of the numerous places he visited while abroad.

Very much in need of a rest and somewhat broken down in health, owing to his duties and responsibilities, Father McColl left Peterborough for New York on March 11th, and sailed from there on the Koenigin Louise of the North German Lloyd Line on the 14th, his destination being Naples. For about a week he remained at Naples and vicinity and then went to Rome and remained there for three weeks. He naturally was very much interested in the ancient city. He was granted a private audience with His Holiness the Pope on Palm Sunday and on Holy Thursday attended one of the Pope's masses in a private chapel in the Vatican.

"Rome is a wonderful city," said Father McColl, and the beauty of its churches far exceeded my expectations."

Leaving Loretto he went to Loreto on the East Coast of Italy, where Joseph and the blessed Virgin lived. The cities visited next were Venice, Florence and Milan. From Milan Father McColl journeyed to South-east France, through the celebrated Cenis tunnel in the Alps. For the benefit of his health he went to Aix les Bains, the widely known watering place in French Savoy. He remained at the baths three weeks and derived considerable benefit from the treatment there.

Picturesque Switzerland delighted the traveller and he was especially impressed with the beautiful Lake of Geneva, up which he sailed and then took train for Lucerne. At this place there is a chapel which was built to commemorate an escape of William Tell. From Lucerne he went through Basle to Paris, then to Calais to Old London. He remained in the enchanting capital for 12 days.

The other places he next visited were Windsor, Oxford, Warwick, then Stratford-on-Avon, the birthplace of Shakespeare. He saw there the house where the immortal bard was born and the one in which his wife was born. He also saw the school in which Shakespeare received his early education and the church in which his remains were buried.

The old Cathedral of York, built in the 11th century, has a great attraction for Father McColl. The window the Cathedral occupies nearly the whole east side of the building and is the most beautiful window in the whole church. It was put in in 1298 and is in a splendid state of preservation. He went next to Durham and visited the old cathedral there.

At Newcastle-on-Tyne he called and saw one of the first engines that Stevenson, the father of the locomotive, ever invented.

Scotland with its many points of interest afforded the visitor from Peterborough much pleasure and instruction. Historical Melrose Abbey, now in ruins, Abbotsford, the house of Sir Walter Scott, now owned by his great granddaughter, Edinburgh, Fort William, the valley of Glencoe, and Appin, were among the other places Father McColl saw in "the land o'cakes." The last named "place is the home of his forefathers and particular interest for him was therefore attached to it. Father McColl himself was born in Canada and it is just one hundrde years since his grandfather left Appin for this country sailing from Oban, a nearby port. The west coast of Scotland Father McColl stated, was among the most beautiful stretches of scenery he had seen during the whole of his travels.

After seeing the sights he was interested in on the coast, Father McColl went to the Island of Iona on which are the famous old monastery and church of St. Columba. In the Church many Scottish kings are buried. Here are some magnificent Celtic crosses. After visiting other places in Scotland and Ireland Father McColl sailed for Quebec. He stayed there a couple of days to witness the Tercentenary Demonstration and then came home to Peterborough, stopping off at Wooler for a short visit to friends there. He arrived in the city last night and will commence his pastoral duties to-morrow.

DRINK JOHNS' TEA

TORONTO GLOBE'S FORECAST OF TRADE

It is almost a year since the Wall street financial crisis shook the fabric of prosperity to its foundations. For a time Canada did not seem to be greatly affected, but as threshing returns from the plains of the West showed a great percentage of frosted wheat gloom settled down upon many a great industrial establishment in Ontario and Quebec. It is not too much to say that a hundred thousand workmen in eastern factories have fared very badly since last Christmas because of the poor crops in the west, the collapse of the land boom there, and the decrease in buying power that followed.

Now the night seems to be about over. The west is assured of at least an average crop, and the pastures of Old Ontario are making a splendid season for our daity farms.

Are the factory gates to be swung wide open again immediately? Hardly. The Globe during the past few days has been getting the opinion of many of the biggest manufacturers and merchants of the city, and they are almost unanimous in their expression of the belief that the returns from this year's crop will be largely devoted to meeting present obligations and that the demand for goods for Western trade will not reach its normal level until a good crop is harvested in 1909. This, of course, does not mean another season of absolute stagnation in the factories of the East, but it means [illegible], economy and the absence of the boom conditions that keep the lights of many factories going far into the night a year ago.

TROUBLE OVER THAT FIFTY DOLLAR CHECQUE

The Port Hope Guide says:—

There may be some trouble in the Midland League ere long judging from the following letter which was received by the secretary this morning:

Peterborough, July 30, '08.

Sandy Lockington,
Port Hope, Ont.

Dear Sir,—We have your two letters in regard to the claim of the Peterborough Baseball Club against you and the president of the Midland League for $50 on account of damages from Port Hope to them.

We are at a loss to understand your letter when you say that Mr. Burns agreed to the arrangements made, as a matter of fact, Mr. Burns agreed to nothing in regard to this $50. However, there is no use in us trying to explain the matter to you, the rules are plain enough. The Peterborough Club are entitled to this money and we wish to notify you that unless this is handed over that we are going to take action to have it handed over so that in order to protect yourself you had better possession of this cheque.

We have been waiting to hear from the president of the Midland League, to hear what he has to say in regard to the matter, hence our delay in answering your other letter.

We will wait a couple of days longer before taking any action but we wish to give you definite instructions that we do intend to take action unless this cheque is handed over to us.

Yours truly,
Hall, Medd & Davidson.

In reference to the above we might say that the chances of Peterborough receiving the marked cheque are very slim. At the executive meeting Mr. Corney Burns representing the Peterboroughs agreed to the arrangement whereby Cobourg was to play two games in Peterborough, Port Hope to go to Cobourg, Athletics to play at Peterborough and then all the marked cheques returned to the different clubs. Every member of the Executive knows that the above arrangement was made and that Mr. Burns was agreeable to it. In the face of this we cannot see what grounds the Peterboroughs can have to claim the cheque.

THE COLLEGIATE WILL BE READY

Rumor That it Would Not be Finished in Time is Without Foundation

There has been a rumor around town to-day, that the new Collegiate Institute would not be ready for occupation before the first of October. The chairman of the Board of Education was seen regarding the matter, and he stated that the rumor was entirely without foundation.

The school will undoubtedly be ready for occupation by the first of September, as twelve of the class rooms will be entirely finished by this time next week.

LEAVING ON TRIP TO THE OLD COUNTRY

Mr. J. J. Turner, sr., left to-day for New York, and on Wednesday he will sail from that port on a trip to the Old Country. He will travel on the steamer Lusitania, the fastest liner on the Atlantic. Mr. will disembark at Liverpool. Mr. Turner is on a pleasure jaunt and will be away several weeks.

In connection with Mr. Turner's trip it is of interest that this is his 21 round trip across the Atlantic. When he returns from the present outing it will be the forty-second time for him to traverse the "pond."

EXCURSION TO HASTINGS

A grand excursion under the auspices of the Peterborough band will take place to Hastings on Trent river, per steamer Otonabee, on Tuesday, August 4th. Boat leaves Wolfe street wharf at 8 a. m. sharp, returning at 7.30 p. m. Return Tickets 75c, Children 40c. 2d

DEAFNESS CANNOT BE CURED

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

F. J. CHENEY & CO., Toledo, O.
Sold by Druggists, 75c.
Take Hall's Family Pills for constipation.

THE DAILY REVIEW

PROBABILITIES
Decidedly warm local thunderstorms tonight and on Tuesday.

VOL. LVII., No. 28. PETERBOROUGH, ONT., CANADA, MONDAY, AUGUST 3, 1908 TEN CENTS PER WEEK

RAINS NEEDED IN THE WEST

Moisture a Necessity to Bring Wheat up to Estimate---Unusual Heat Prevails.

Winnipeg, Man., Aug. 3.—What will be the amount of damage wrought by the prolonged drought on spring wheat crop can only be determined by the threshing returns, but the past fortnight of extreme and altogether unusual heat has played sad havoc with estimates made in the middle of July regarding the average yield and total crop.

Much of the spring wheat was caught by the torrid wave in a milk stage, and although there was lots of moisture in the ground to withstand any ordinary drought, the intense and prolonged heat has beyond question checked normal development of the grain, tending to parch it and prevent the fattening out of kernels such as would have taken place under average conditions.

What proportion of wheat so affected remains to be seen, but not likely more than 25 per cent., much of it not being far enough advanced.

On the other hand plentiful rains and cool weather are urgently needed this coming week to retard growth and give shrivelled roots and straw a chance to recuperate and perform their duty by the earth.

CANOE UPSETS ONE LIFE LOST

Two Others Narrowly Escape in Disaster at Toronto.

Toronto, Aug. 3.—Percy J. Wall, 22 years, department superintendent with Ryrie Brothers, Yonge street, was drowned in the lake 100 yards out from the G. T. R. pumping station at New Toronto on Saturday afternoon.

Edward J. Hale, 688 Ontario street, and W. H. Cutts, 45 Bleecker street, who were with the young man in the canoe which upset, were only saved from death by the quick work of Constable McCullum, George Crouse and Ed. Sarsetn, all of New Toronto, who went out in canoes and rescued them from the water where they were struggling in the choppy sea to hold on to the overturned canoe. Within ten minutes after the canoe had upset a launch with two men approached and passed within twenty feet of the capsized canoe and the two imperiled youths.

They shouted to the launch, "We can't hold on much longer, one has gone down now," but all they got in reply was a laugh and a wave of the hand. Then after about 20 minutes more, a brother of Percy Wall, who was with others in a party that occupied two other canoes and had previously turned to shore, reached the upset craft by swimming.

Bail For Buckborough.

Woodstock, Aug. 3.—Chester Buckborough, who was being held on the charge of burning the Queen's Hotel, Tillsonburg, in which a Toronto traveler lost his life, was released on bail Saturday afternoon, $5,000 bonds being furnished by an uncle and brother.

The crown attorney had refused to accept bail and the matter was laid before the Attorney-General, on whose instructions bail has finally been accepted.

NEW ROLLER RINK TO BE OPENED

Prof. Genno, Well Known Here, Will Conduct One in Old Bridge Works

It will be good news to the many lovers of the popular pastime, roller skating, to learn that a new roller rink will be opened in Peterborough on September 1st, by Prof. Genno, an old Peterborough boy, who is well known here. The rink will be in the old Bridge Works building, and will be thoroughly modern and well equipped in every way. The floor space will be 15 by 75 feet.

Prof. Genno is a clever trick and fancy roller and ice skater and is widely known as a crack performer.

BOWMANVILLE PEOPLE HERE

Many Stop off at Peterborough on Their Way to the Lakes

A large excursion from Bowmanville passed through the city this morning on its way to Lakefield, where the boat for Lakefield will be taken. About one hundred and fifty of the excursionists however, stopped off here, for the day and will rejoin the rest of the party this evening. This number included the baseball and bowling teams, which are playing games with local teams this afternoon.

It took seven coaches to convey the excursionists from Bowmanville and each coach was packed with the pleasure-seekers.

CITY COUNCIL MEETS TO-NIGHT

A regular meeting of the city council will be held tonight and as there is considerable business in order the aldermen will have a busy session.

DISASTROUS FOREST FIRES WIPE OUT SEVERAL TOWNS IN KOOTENAY VALLEY

One of the Worst Disasters in History of Canada--Bush Conflagration Sweeps East Kootenay, Killing Scores, Leaving 6000 Homeless and Working Damage $5,000,000--Michel Reported Wiped Out---Hosmer and Whyte Endangered---17 Buildings Left Standing in Fernie.

Winnipeg, Aug. 3.—The most dreadful conflagration in the history of Canada has swept the Elk River Valley in East Kootenay.

For 40 miles a tremendous bush fire has burned everything before it. It has held full and terrible sway since 4 o'clock Saturday afternoon.

Estimates are that perhaps that 150 people have met death in the flames.

The following places have been destroyed:

FERNIE, with a population of 3,500.

COAL CREEK, with a population of 1,500.

MICHEL, with 50 inhabitants.

HOSMER, with 50 inhabitants.

An as yet unconfirmed report says Cranbrooke has fallen prey to the holocaust.

And other Crow's Nest Pass towns. Fernie is gone, but one despatch says that Hosmer and Michel are still fighting.

The homeless will number over 6,000.

The fatalities are growing hourly. In one case alone five families at Fernie were hemmed in and every soul perished. At least 70 lives are lost in Fernie, and only one house remains standing.

The property damage is between four and five million dollars, at least. The Crow's Nest Pass Coal Company have $1,000,000 in property at Coal Creek, which is reported destroyed.

The disaster is unique in the history of Western Canada, for in the entire section of country the railways and bridges are swept away.

Last night at dusk the fire was still burning.

An earnest appeal for help has been sent out by the Mayor of Fernie, and it is only right that all Canada should know that help is badly needed at once.

At Whyte, both the Canadian Pacific and Great Northern Railways have suffered severely, losing rolling stock, depots, freight sheds and bridges. The Canadian Pacific has not yet handed out a statement, and as telegraphic communication is almost entirely interrupted, it is very difficult to get details of losses or news through as to whether there is any loss of life.

At Fernie it is known the C.P.R. lost its station, freight sheds, coal chute and water tank with about fifty cars, including one or more sleepers.

The fire raged fiercely at Hosmer, the coal mine centre, but by great efforts the town was saved.

So many bridges and culverts have been destroyed and have been warped and twisted by the great heat to such an extent that it must be a considerable time before traffic through the Crow's Nest can be resumed.

The Great Northern are just as badly if not worse crippled, having lost their big wooden bridge between Fernie and Michel with two or three train loads of coal and a large number of empty cars.

So far as can be learned Fernie is wiped off the map and Cranbrook is in little better shape, while other towns suffered to lesser extent.

A despatch from Cranbrook at midnight last night says:

At 4 p.m. to-day bush fire at Fernie got beyond control and spread to the City of Fernie, and in an incredibly short time made its way into a mass of flames, destroying the entire town with the exception of 17 dwelling houses, rendering over 5,000 persons homeless.

The fire is still raging in all directions from Fernie.

A force of 200 men are fighting desperately to save the town of Hosmer, but at this time it looks very doubtful.

In "The Old Town" inhabited by miners, it is thought is where most accidents occurred. It is very hard to make an estimate on the injured, but it will run well over a hundred. Five families back from town are completely surrounded by flames, and there is no means of rendering them assistance.

It is reported the Great Northern Bridge at Hosmer, B.C., is now burning, also 150 cars of coal and coke.

The Eck Lumber Yard and sawmill is totally destroyed.

A first relief train left Cranbrook at 8 p.m., with doctors, nurses and supplies. A second relief train is leaving at midnight. Injured and homeless people being brought to Cranbrook, where arrangements are being made for their care.

The Mayor of Nelson has also been requested for assistance.

An unconfirmed report received in Winnipeg says that Michel has been completelp destroyed. A despatch this morning from Michel said: Forest fires which started Saturday, broke into the Crow's Nest Pass and spread up Elk River valley, have entirely wiped out the country, including towns, villages, mining and lumber camps, mills, railway stations and yards and other property, between here and Fernie and through to Cranbrook.

The known loss of life already amounts to a dozen and it is feared the loss may exceed any conflagration since the San Francisco fire, while the property loss may run over $5,000,000. The loss at Fernie alone, where only one building is left standing, is estimated at $2,000,000 to $3,000,000, and the Cranbrook loss will be nearly as heavy. The loss to the Canadian Pacific and Great Northern railways, and to the big lumbering and mining interests must be enormous.

Everywhere bridges are burned down, the tracks charred and twisted and telegraph wires literally melted, and not a pole is left standing in many miles.

For miles and miles through the country around there is one seething hell.

North and south of this town the flames are raging. A wall of flame girds it. Three thousand souls are grouped here, and if the wind changes and the fire turns from the Elk River Valley along the C.P.R. Nothing can save Michel. Canadian Pacific trains are ready to pull the population out to Crow's Nest if it comes to the worst, but it will be running a fiery gauntlet. All last night and all day the hills all around have belched smoke and flames.

Pete Campbell came in with three who were seriously burned trying to save the Sparwood Lumber Company's mill between here and Fernie. Ten have been taken to the hospital and two will die.

Campbell said he left the manager, Mr. Forester, with his wife, and thirty men, fighting the flames. Word has come in that they have escaped, after great peril. The body of Pete Miller was found on the C.P.R. track charred.

Four bodies were taken into Nelson by a G. N. yard engine. Their lives were lost trying to save the big Elk River bridge on the Great Northern fifteen miles below here, but it was unavailing, as the structure was totally destroyed.

W. Carswell, assistant superintendent of the Grand Northern, has arrived here after making a journey on foot and by handcar from Fernie through the burned region. He left Fernie at 7.30, when, he said, the only building left standing was the fireproof warehouse of the Western Canada Wholesale Coal Co.

Eighteen hundred people were taken out in Great Northern cars to a bare spot three miles distant.

Tales of horrors are continually reaching here, but the people are wonderfully calm, notwithstanding eminent danger to every soul.

LATER—Fire at Hosmer crossed river and town doomed. Fire caught hold of Michel, midnight.

TURKEY'S RULER TAKES A WALK

Sultan of Turkey in Streets For First Time Since '76.

Constantinople, Aug. 3.—A decree was read last evening before the sublime porte, solemnly upholding the constitution and enumerating all the exceptional measures of the old regime which it declared now have been completely abolished.

Abdul Hamed took a walk among the people in the streets for the first time since his accession to the throne in 1876. He was accompanied by a single official in plain clothes and returned to the Yildiz Kiosk unrecognized, as the people are not acquainted with his features and therefore did not know him.

As soon as the news of his remarkable departure from the habits of the Sultan became generally known there was a rush of Turks to the palace and much enthusiasm followed.

Izzet Pasha, the former sub-secretary of the Sultan, who a few days ago was given a post that amounted practically to exile, has succeeded in making his escape from Constantinople. He left the German Embassy at Therapia and boarded the British cargo steamer Maria, bound for Mediterranean ports. The young Turks made active efforts to stop the Maria, even applying to the British Embassy to compel the surrender of Izzet.

Tariff Reform Wins.

London, Aug. 3.—The bye-election consequent on the recent death of Sir W. Randal Cremer, the Labor member for the Haggerston (Shoreditch) division of London held Saturday resulted in a notable tariff reform victory.

At the general election the late member was returned by a majority of 411 and is now succeeded by his then opponent, the Hon. Rupert Guinness, the Unionist candidate, who was returned by a majority of 1,143 over the ministerialist supporter.

Unknown Hebrew Suicides.

Windsor, Aug. 3.—An unknown Jew committed suicide by hanging himself with a halter in the barn of Jacob Meretsky. He was noticed in the vicinity on Saturday and when spoken to said he came from Chicago after having had trouble with his wife. He was a man about forty years of age and under average height. The sum of $6.27 was found on his person.

Explosion In Pekin.

Pekin, Aug. 3.—Fire in the German Guard section of the legation quarter of the city last night burned the stables and messroom, and exploded a quantity of ammunition.

Two Germans and one French soldiers were killed, and eight German and five French soldiers were severely, and four soldiers and civilians slightly wounded.

Drowned At Pickering.

Pickering, Ont., Aug. 3.—Thomas Brown, a young man from Toronto, fell from a pleasure yacht Saturday evening and was drowned. The body was soon recovered, but all efforts to restore life were unavailing. The corpse was taken back to Toronto by boat. He lived with his widowed mother on Lippincott street.

LORD ROBERTS CANCELS HIS TRIP TO TORONTO

Field Marshal by Doctor's Advice Goes Home on 7th---Lady Roberts Strongly Urges Her Husband to Call off Tour of West and He Will Sail on Empress of Britain.

Montreal, Aug. 3.—Lord Roberts has canceled all western engagements and will sail from Quebec on the Empress of Britain on Friday next, for home.

The field marshal received a cablegram from Lady Roberts strongly urging her husband against the western trip, and this, coupled with his physician's advice, his lordship decided to return almost immediately.

Lord Roberts and daughter, however, left yesterday morning for Ottawa, and will remain at Rideau Hall several days, probably leaving for the ancient capital direct. As it is, it is not supposed that any great festivities will take place in Ottawa.

LORD ROBERTS.

The field marshal was in pretty good health when he drove down to the station, Vice-President McNichol's private car being attached to the Vancouver regular train, and when the train moved out "Bobs" was the recipient of a very hearty cheer from those who had gathered to see the send-off. Very few knew, however, the hour of departure, and many thousands were deprived of the pleasure of wishing godspeed to the idol of the British army. Capt. Dawney, A.D.C. to the commander, and Lady Roberts were also of the party.

Before stepping on board the train Lord Roberts expressed his deep regrets to the people of Canada, in being compelled to cancel so many engagements and thus disappoint so many kind friends.

Ottawa, Aug. 3.—Lord Roberts arrived in Ottawa yesterday, but it has been decided to cancel plans for his proposed visit to Toronto, London and westward to Banff. He will remain in Ottawa till Friday next, when he will leave for Montreal, sailing from that city on Saturday, the 8th, on the Empress of Britain.

While no absolutely definite announcement has been made it is not expected that he will take part in any public functions apart from a state dinner which His Excellency Earl Grey will give in his honor. On the eve of his departure he may accept an address from the city.

Lord Roberts' decision not to make the attempt to carry out his program is based entirely on the condition of his health. He has been considerably shaken by the arduous round of entertainments in Quebec and Montreal and the intense heat, and feels that it would be unwise for a man of his years to take the long trip contemplated, with the public appearances it would involve.

Probably one thousand people had gathered at the Central Station when the Transcontinental train from Montreal to which Mr. David McNichol's private car the Metapedia with Lord Roberts and party on board pulled in. As soon as the crowd caught sight of Bobs a ringing cheer broke the stillness of the Sabbath.

Lord Roberts at once stepped into Earl Grey's private carriage and was driven direct to Rideau Hall. The members of his party were his daughter, Captain the Hon. Hugh Dawnay, and Lady Dawnay and Lady Aileen Dawnay.

Toronto, Aug. 3.—Deep regret was felt in Toronto when it was learned that Earl Roberts could not visit the city. Mayor Oliver has not, however, abandoned the hope that the field marshal may visit the city, and will try to have him pay an informal visit without any fatiguing round of ceremonies.

Engineer Decapitated.

St. Thomas, Aug. 3.—Harry Hulburt, a Michigan Central engineer residing at 28 Flora street, this city, was killed near Waterford yesterday morning.

He was struck by a sandpipe while leaning out of the cab window and running at a high rate of speed.

The blow was such that the man was decapitated.

Four Fall From Scaffold.

Toronto, Aug. 3.—Four men fell 20 feet with a collapsing scaffold while at work at 32 East Roxboro avenue Saturday morning. One of them, George Rignell, 442 Parliament, was so seriously injured that the ambulance was stopped on the way to the hospital to let his wife see him.

Fell From Vessel.

Parry Sound, Aug. 3.—Edward Walker, aged 26, of Shannonville, Ont., a cook on the tug Wahnapitae, was drowned at French River on Thursday night. He had dropped off the vessel, which was lying at the dock. He was unable to swim and was alone at the time.

BUSH FIRES RAGED NEAR GARDEN HILL

Broke Out in Limits of Toronto Lumber Company---Originated From Sawmill Engine.

Port Hope, Aug. 3.—Fire, which broke out in the lumber limits of a Toronto lumber company, two miles north of Garden Hill, on Friday afternoon, and which has been raging fiercely ever since, is now under control. The limits contained one million feet of lumber, a large amount of which has been destroyed.

A portion of woods owned by John Worr was destroyed, also the woods owned by Samuel Ligget. The fire is said to have originated from the engine in the sawmill owned by C. J. Thornton.

About 40 residents have been fighting the flames at various periods until to-day. Smoke from the fire reached Port Hope. The loss suffered by the Toronto lumber company is partly covered by insurance.

Arm Mangled.

Belleville, Aug. 3.—Guerney Stevens of Greenbush, Prince Edward County, had his arm caught in a threshing machine, and it was broken and badly mangled.

Mr. Borden's Holiday.

Ottawa, Aug. 3.—R. L. Borden and Mrs. Borden leave on Monday to spend two or three weeks at the seaside.

Lying Permissible, He Says.

Hamilton, Aug. 3.—Preaching last evening on the subject of "When, if ever, is it a duty to lie?" Rev. Dr. Lyle, pastor of Central Presbyterian Church, said there were times in life when it was a duty to lie. The secret of Lord Robert's success was strategy, and strategy was lying. If a murderer entered your house and sought the lives of your loved ones, it was your duty to deceive him. It was also proper to deceive the enemies of society in business and social life, but it was always your duty to tell the truth if it were to your own hurt.

Engineer Was Asleep.

Newcastle, N.B., Aug. 3.—Investigation shows that Driver Robin Adair, whose engine collided with a train near here Saturday, doing much damage and fatally injuring a brakeman, was asleep in his cab.

Adair had orders to proceed from Newcastle to the yard a few miles away. Just before the yard was reached the collision occurred, and when the crew of the other train entered Adair's engine they found him fast asleep.

Both train and engine were going very slow, and the impact wasn't hard.

Broke Through Bridge.

St. John, N.B., Aug. 3.—By breaking a temporary trestle on the Grand Trunk Pacific near Chipman, N.B., Saturday, an Italian, named Nick Ascaddla, employed by the Toronto Construction Co., and three loaded cars, fell to bottom of a deep gully. The Italian being instantly killed.

RUNAWAYS NOT MARRIED

No Word of Wedding of Dr. Nimmo Has Been Received.

Kingston, Aug. 3.—Rev. Dr. Nimmo, the rector of St. Mark's Barriefield, and a divorced man, with Miss Agnes Stewart, a parishioner, left on Tuesday afternoon, by Grand Trunk Railway, and, therefore, the report that they were married in Watertown, on Tuesday evening, seems not correct. They were to be married, as the lady left a letter for her family to that effect.

Dr. Nimmo obtained a divorce ten years ago, but allowed his wife $600 a year, out of ample private means. His furniture was shipped to Toledo on Monday last. Miss Stewart came to the city to have work done by a dentist. She left a note there for a relative, telling what she had done and what was to follow her marriage.

Canon Loucks has been placed in charge of St. Mark's, Barriefield, temporarily. A regular appointment will probably not be made until changes occur in October. The vacancy and its circumstances have been reported to Bishop Mills now in England The canon on discipline cannot be followed without his lordship's direction.

ENVELOPE HAS MANY POSTMARKS

Returned by Dead Letter Office—Was Addressed to Man in Turkey

A registered letter which left the Review office on June 23rd addressed to a resident of Mamniasa, Turkey, has been returned via the Dead Letter office at Ottawa, having failed to reach the person to whom it was sent. Judging from the appearance of the envelope it would appear that the postmaster at every post office through which it passed got out his little hammer and took a smash at it. The envelope is literally covered with postmarks. The letter looks like as if it had been half way round the world, as it has the postmarks of a half dozen different countries.

NOT MANY PERMITS BEING ISSUED

Few building permits are being issued at the city hall these days. Only three have been issued during the past week, as follows:

H. Cross, barn on boundary street, $150; drive shed on the same street, $300.

House of Refuge, Rogers street, enlargement, $150.

Joseph Doe, dwelling on Knox St., $450.

MANY VISITORS FROM TORONTO

This is Toronto's Civic Holiday and a large number of former Peterborough people, now residing in that city, are spending the day in town. Many of them came down on Saturday and this morning's trains carried many passengers for Peterborough.

Motorman Helpless; Man Crushed.

Toronto, Aug. 3.—Crushed between his demolished wagon and the crushed fender of a street car, George Stephenson, 43 Broadview avenue, was carried over 100 yards on Saturday night. Even then Motorman Robert Williams (1,080), who declares that he was paralyzed by an electric shock from the power lever, did not stop the car, which was brought to a stop by a passenger having presence of mind to pull off the trolley pole from the rear of the car.

Stephenson was driving a grocery wagon north to Broadview avenue at 9 o'clock. He turned to drive west into Kintyre avenue, and was struck by the car, also northbound. His head and body are terribly bruised, his right trouser leg was torn completely away.

Drowns In Humber.

Toronto, Aug. 3.—Because some over-modest person called out a warning that it was against the law to dive into the Humber naked, when several persons were preparing to go to the rescue, and because some over-zealous person called out to a launch that was turning back, that everything was all right, "don't bother," the life of Thomas Fitzpatrick, aged 19, of 248 North Lisgar street, was lost in the Humber yesterday afternoon.

Fitzpatrick was drowned in plain view of a score or more of people, at about 4.20 o'clock, near the first bend of the river.

Candy Poisons Child.

London, Aug. 3.—Josephine M. Graham, aged 8, died at Victoria Hospital this morning as a result of being poisoned by eating a number of colored candies.

The little girl ate a large number of small candies and was taken very ill. The doctor in attendance states that the coloring used in the candies was poisonous, and being absorbed into the system, caused death.

Glass Goes Up.

Pittsburg, Aug. 3.—The price of window pane glass was advanced Saturday by the American Window Glass Company, the increase being 20 per cent. on single strength and 33 1-3 per cent. on double strength.

The advance, it is said, will be followed by an early [illegible] operations [illegible]

Just Out—

O'Keefe's

"Gold Label" ALE

Another new brew—and an uncommonly delicious one.

Be good to yourself and try O'Keefe's "Gold Label" Ale.

A. ROUNTREE, Agent. 21

MONDAY, AUG. 3, 1908.

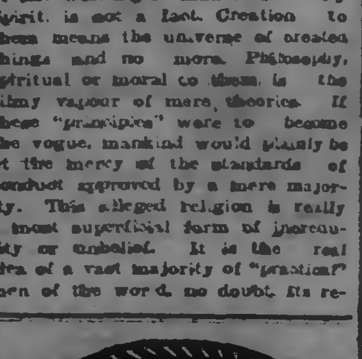
A DECLARATION OF WAR

> In scheduling our cattle the British tell us they are profiting by our bad example. A sorrow's crown of sorrows is remembering that we brought it on ourselves.—The Globe.

There can be no question now as to what the Liberal party is doing, notwithstanding its shyness and its Conservative party as well as its ill-doing, the true intent and purpose of the Laurier Administration as voiced by the Globe, is here apparent. But one of the strange features of the case is the self-contradiction which the Globe indulges in. When the Conservative party put on the armour of protection the Globe and the Liberal party proclaimed with one accord that Canada would be ruined there and then, for how could a country so walled up compete with one living and prospering under the palm tree of free trade. What do we find now? We find that we have driven Great Britain to do likewise by the Globe's own confession and vice-versa, if we remove protection Great Britain will thereby be enabled to go back to her old condition. Talk in this case is not cheap. It is dear and we are paying dearly for it.

A NEW RELIGION

"Orthodox" in our Saturday issue, takes the Examiner sharply to task for introducing, apparently with journalistic approval, what it calls the "religion of Humble Americans." It is clearly implied by these words that any other form of belief is the belief of people who are not quite sensible. This, of course, is an unmerited and improper slur upon Christians. It is true that a newspaper does not necessarily endorse everything that appears in its columns, but to give a detailed account of something labelled "sensible" without reserve or depreciatory comment indicates that the journal printing it, whether the Peterborough Examiner or the London Times, "takes some stock" in the "new religion" to which it gives space. As a matter of fact the new religion is an old idea revamped. In the last analysis it means that men may think and do as they themselves think right and proper, provided public opinion is satisfied that they are "doing their best." The criterion then of their "pragmatical" or practical religion is, first of all, the standard of public opinion formed of the ideas of individuals, which must be taken as admittedly insufficient since men change their standards and ideas even to their last hour. Education itself presupposes the undeveloped and therefore the insufficient in the individual. In Great Britain pragmatism or "practice rather than preaching" has taken hold of a large number of people. In America it thrives in that portion of the people known as the businesslike, practical sort. The man of the business world accustomed to what he calls the facts of everyday life, is inclined to welcome things that he can see, feel and hear, and that are left to his visual judgment, which, no matter how often it may err, he yet regards as the safest known guide. To such minds the idea of inspiration, or the working in man of the Holy Spirit, is not a fact. Creation to them means the universe of created things and no more. Philosophy, spiritual or moral to them, is the filmy vapour of mere theories. If these "principles" were to become the vogue, mankind would plainly be at the mercy of the standards of conduct approved by a mere majority. This alleged religion is really a most superficial form of incredulity or unbelief. It is the real idea of a vast majority of "practical" men of the world, no doubt. Its re-announcement is advancing it a step farther in public notice. Advertising it, as "Orthodox" complains of, or presenting it in a "conclusive or accepted as conclusive" style, is an attempt to foist upon the world of everyday life a form of belief by sudden assumption. Hence the "alarmists" are springing just as quickly to the rescue of Christianity. Christ according to the neo-modernist, is a mere social reformer and the chief apostle of what is called the gospel of humanity, which leaves the final arbitrament of human conduct and destiny in the hands of humanity—no very certain guide, as most people, one would think, would agree. Yet, ever and anon, with renewed vigour and assurance, the pragmatist appeals to the "good sense" of human beings who are apparently supposed to have their own lives in their own hands. Necessarily the "future life" of such people is left to chance. In fact the pragmatist disbelieves the Christian theory of a Heaven and a disposing God. This so-called belief accounts for much of the looseness of its professors. It will be found, if looked carefully into, to be the deadly enemy of Christianity, as all naturalistic religions are. It is the source of all that odious stream of inconsistency which men float along in because public opinion in their neighborhood does not condemn it. Men of that mould assume offices in churches which they administer not by virtue of the faith that is in them, but the cheek. "Oh! he's a levelheaded fellow, &c," is the highest standard of the everyday pragmatist's line of admiration and conduct. It puts a premium on intellectual childishness, moral puerility and the most detestable trait. He who retails nasty yarns to the prurient drinks with the dissipated, goes to church with the best and in general is an all-round good and bad man, comes most closely to the standard of man set up for themselves by those who of their own minds know nothing better. At the same time it is from the hypocrisy of many a pseudo and successful Christian that much of it has been earned.



EDITORIAL NOTES

The Mayor of Quebec has received the decoration of the Legion of Honour from the Government of France.

The decrease in net earnings for 6 months, ending June 30, of C.P.R. amounts to $3,510,800. There is no sign as yet of a rebound.

Price of horses is about ten per cent higher in Canada than in England, hence the export business has practically ceased. Vive the Home Market! Live the Home Market!

"If a man had to kiss a wife with a breath of beer, limburger cheese and peanuts, he would 'holler' enough to wake the whole neighborhood."—John L. Sullivan.

London, July 30—The Times says that the Canadian Olympic competitors furnish a good example of a combination of physical excellence, with other qualities which make athletics a higher thing than they sometimes seem to be. They have shown throughout dogged pluck, and manliness unsurpassed by any other nation.

Los Angeles, Aug. 2— Determined that he would not be separated from his wife, who is a leper, and has been confined at the county hospital, Brigadier-General David K. Wardwell, retired, a veteran of two wars, has stolen her from the institution and rushed her across the Mexican border, where he declares he will live with her, until death separates them. No attempt will be made to bring them back, as the officials say they both threatened to end their lives if forced to live apart.

Money on call cannot be loaned in Canada to any extent. If the banks kept the whole of this money in the Dominion, it would be locked up in their safes, and not distributed in the general commerce of the country; therefore, it is sent to the New York market; loaned there on call, where it makes a good profit. It can be got back with reasonable promptness as Mr. Fielding then intimated, it gives the banks a profit which is made out of the United States investor, while at the same time it does not do any harm to anybody in Canada.—Monetary Times.

SOLD BARBER SHOP

Port Hope, July 31.—Mr. Jas. Reynolds has disposed of his barbering business to Mr. Arthur Adamson, and the new proprietor takes possession on Monday morning. The price paid was $500, and Reynolds has agreed not to engage in the business within two years. Jimmy has manipulated the razor and shears for nearly forty years, and his host of patrons will be sorry to hear of his retirement. His successor is well known in Port Hope, and no doubt will receive the liberal patronage which Reynolds has always enjoyed.

Benjamin Smith, aged 18, of Arthurette, NB. was drowned while swimming.

HARD WORK TO GET DREDGE THROUGH LOCK

The big dredge Simcoe, which was brought up from Lake Simcoe some time ago to work on the Rosedale canal has been leaking badly lately, and it was found necessary to take her to Bobcaygeon dry dock for repairs this week. As the dredge is several feet longer and fully as wide as the old lock at Rosedale, the crew had the time of their lives getting her through. Stop logs had to be placed across the lock behind the big structure, as the upgates could not be closed, and by this means the water was lowered. Then the dredge was found to be wedged tightly against the sides of the locks, and a few more hours were spent pulling, pushing, prying, etc., before she floated free on the Cameron lake level. The operation lasted from early in the morning until well on in the day, and there was quite a fleet of smaller vessels tied up at either end of the little lock when the work was finished, among them being the Kathleen, with a big load of passengers on her regular trip to Coboconk. The lock at Fenelon Falls and the other regular locks on the canal had no trouble accommodating the dredge, which passed through her, in tow of the steamer Lake, on Wednesday evening.—Fenelon Falls Gazette.

DEAFNESS CANNOT BE CURED

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

APPEAL MADE TO ATTORNEY-GENERAL

On Behalf of John Malyea by Belleville Citizen—Thinks His Trial Unfair

Port Hope Guide: A gentleman in Belleville has written to the Attorney-General at Toronto, regarding the sentence passed upon John Malyea. It will be remembered that on the 14th of July Malyea was found guilty of breaking into the residence of Harold Corbett, Peter street, and sentenced to five years in the Kingston penitentiary.

The Belleville man in his letter to the Attorney-General states that Malyea is a man of good family but unfortunately addicted to drink but he was a harmless, inoffensive person. It is also claimed that Malyea was not allowed to give evidence on his own behalf. Malyea still pleads his innocence stating that he was not in Port Hope on the night of the burglary. The Attorney General has requested a copy of the evidence from Police Magistrate Holland.

Mr. Holland has sent the original copy of the evidence to Toronto and no doubt when the Attorney-General goes over it he will find that Malyea received a fair, square trial. Those who heard the case will remember that Malyea gave evidence on his own behalf and further he was given the privilege of cross-examining the witness. The Attorney General will also notice that according to Malyea's own evidence he had served time so often that he could not remember the number. Mr. and Mrs. Corbett positively identified Malyea as the man who entered their home, and scratches on the stairs correspond exactly with the nails on the heel of his boot. All the evidence was very strong against the prisoner and those who heard the case felt quite satisfied that he received justice.

HORSE TRIED TO ENTER DRUG STORE

Madill's cough mixture is renowned the world over as a very tempting compound. In fact even the horses know about it, and long for it. The truth of this statement was clearly shown this afternoon about two o'clock. A horse belonging to Mr. Hatton, was standing at Madill's corner, and was tied to a nearby post. Suddenly it became alarmed at passing street car, and climbing on the pavement, tried to enter the drug store.

It was caught, however, before any damage could be done, and was taken to its stable.

Eleven year old Leo Cooney, of Orillia, was drowned while learning to swim.

Cook's Cotton Root Compound.

The great Uterine Tonic, and only safe effectual Monthly Regulator on which women can depend. Sold in three degrees of strength—No. 1, $1; No. 2, 10 degrees stronger, $3; No. 3, for special cases, $5 per box. Sold by all druggists, or sent prepaid on receipt of price. Free pamphlet. NATURE AND A WOMAN'S WORK

LYDIA E. PINKHAM

Nature and a woman's work combined have produced the grandest remedy for woman's ills that the world has ever known.

In the good old-fashioned days of our grandmothers they relied upon the roots and herbs of the field to cure disease and mitigate suffering.

The Indians on our Western Plains to-day can produce roots and herbs for every ailment, and cure diseases that baffle the most skilled physicians who have spent years in the study of drugs.

From the roots and herbs of the field Lydia E. Pinkham more than thirty years ago gave to the women of the world a remedy for their peculiar ills, more potent and efficacious than any combination of drugs.

Lydia E. Pinkham's Vegetable Compound is now recognized as the standard remedy for woman's ills.

Mrs. J. M. Tweedale, 12 Napanee Street, Toronto, Canada, writes to Mrs. Pinkham:

"I was a great sufferer from female troubles, had those dreadful bearing down pains, and during my monthly periods I suffered so I had to go to bed. I doctored for a long time but the doctor's treatment failed to help me. My husband saw Lydia E. Pinkham's Vegetable Compound advertised and got a bottle for me. I commenced its use and soon felt better. I kept on taking it until I was well and an entirely different woman. I also found that Lydia E. Pinkham's Vegetable Compound made childbirth much easier for me. I would recommend your Vegetable Compound to every woman who is afflicted with female troubles."

What Lydia E. Pinkham's Vegetable Compound did for Mrs. Tweedale, it will do for other suffering women.

FISHERMEN WERE HELD UP

Party of Lindsay Anglers Were Accused of Having Stolen Fish

A local fishing party that returned this morning from a trip around the Kawartha Lakes tell a very interesting story of being held up at Buckhorn. They were going northward and stopped at Bobcaygeon for some time, and while there met another fishing party. The strangers had some fine fish in their launch, and were boasting in real Yankee style of their fishing.

After remaining there for some time the party of local fishermen continued on their journey, and at Buckhorn, it is learned, they were held and their boat searched.

It appears that the American party with the launch full of fish missed their catch on the return of the boat. The launch containing the Lindsay party had departed and they naturally blamed them for stealing the fish. They wired to Buckhorn to be on the watch for this boat, and the result was that when it appeared an investigation was made, but none of the finny tribe in question were on board.

The mysterious disappearance of the fish is unaccounted for by the party, but the belief is that they had been stolen.—Lindsay Free Press.

YOUNG MEN'S DRESS FANCIES

The Fashions of the Summer—Stripes are Much in Vogue

The summer season is just at its zenith and already the clothiers have begun to offer special inducements to dispose of their lines of goods which are in popular demand during these warm months of the year. Particularly is this true in the case of the dealer in men's toggeries. For various reasons the prices are relaxing and special offers are being made which should appeal to the careful buyer and the man who delights in fashionable clothes.

The tendency in men's clothes is a bright effect in colors combining with a loose airiness suggestive of ease and coolness. Novelties are sought after this season by the dressy man and in consequence almost every article of his wardrobe has been played upon by the sartorial artists and the popular idea has been carried out.

For instance, in hat bands, dainty designs have been very noticeable. Vertical stripes, Spearhead and Swastika have been favorite figures, particularly the latter. The colors of the bands are seen in navy blue, tan, gray, green, garnet and red and the figures in blue, white, red, orange, etc. to suit the color of the band. Dressy young men are very partial to these effects.

In cravats, the stripe is in vogue, although figures, spots, etc. show a tendency to come in for the autumn. Wash goods are in demand, but with the four in hands it is with difficulty that a satisfactory knot can be formed. The bay ties are in favor. A popular idea is the tie with cross-bars. Bright shades are sought and some beautiful effects have been secured. In four-in-hands the folded open ends are in vogue and wide ends are desired.

New styles are found in collars, all tending towards coolness. The cutting collar is the favorite.

In shirts an hose the aim is towards colors, and many bright and showy designs are being worn. The man of taste is dressing in colors which blend, or where the same design is found throughout. That is, his shirt, cravat, hose and hat band combine the same colors in each. Some wearers go to the extreme and a showy combination is found. The average young man, however, likes tasteful and dainty originality in dress and not a freakish display.

WHERE ARE THE HARVESTERS?

Where are the men to come from to harvest the western wheat crop?

In spite of the cry that many men are out of employment in the towns and cities the bigness of the call formulates the question.

Despatches say that the three western provinces will require 36,000 men to handle the crop.

"Manitoba will want 19 000 herself," says James Hartney, Manitoba's agent in Toronto. These figures are nearly 50 per cent. in advance of the great 1906 demand, when the C.P.R. handled 22 000 men all told.

Mr. Hartney felt that there were plenty of men to be got in Ontario and the eastern provinces to fill the bill. "There are many unemployed in our cities and towns who will gladly take the trip west for the good wages being offered. Of course they are unskilled but any able-bodied honest laborer will do," he said.

"If they do not get all the men they want it simply means a longer time of it. Last year they did not have enough men and threshers and had to be content with 600 to 1,000 bushels per day instead of 1,500 and 2000. Then again the harvest opens early and the season will likely be long."

He has had an application from 100 Bulgarians in Toronto who want to go west.

From the Canadian Pacific Railway it was learned that they are encouraging the Ontario men to go west by lowering the outgoing fare. Instead of $12 only $10 will now be asked, and the same return fare charged.

"This," said a C.P.R. man yesterday, "means about $40,000 less to the company, who do it to aid the western farmer."

Of course a large number of the men come from the Maritime Provinces. Down there the young men take the opportunity to go to the wheat fields as a sort of outing and they have a "big time" generally.

"We have not men enough for our own Ontario farm labors," said Thos. Southworth, of the Provincial Colonization branch.

"Farmers in Ontario are demanding better men, and from the seasonal enquiries one must infer that they are making more yearly contracts with the men. Thus there are not so many men to go west this year."

The Salvation Army agent says he is receiving inquiries from Ontario farmers for help and that he cannot supply them. This would show that the number of unemployed in the cities is not as great as some would imagine.

"I fear for the time when these men return," said he. "They ought to be impressed with the necessity of making contracts for winter work if even at a lower salary."

Excursions will run from Ontario on August 14th, 19th and 22, and from east of Sharbot Lake on the 28th.

MRS. HUBBARD MARRIED AGAIN

Mrs. Leonidas Hubbard, Jr. of New York, widow of the Labrador explorer, has been married in England to Harold Ellis, son of the Right Hon John Edward Ellis, M.P., late under secretary of State for India. The bridegroom elect owns extensive lands and mines in Northamptonshire. Mrs. Hubbard was born near Rice Lake, and was a daughter of the late James Benson of Bewdley.

In three weeks Sir Wilfrid Laurier may go to Arthabaskaville for a short rest.

(formerly Windsor) Toronto, Ont.

Humor

SHE MEANT WELL.

But Put a Damper on the Young Man's Enthusiasm.

The young man who aspires to the intense was walking with the young woman who doesn't quite understand all he says, but nevertheless thinks it is simply grand.

"Look on the glories of the western sky!" he exclaimed.

She seemed puzzled for a minute and said:

"Let me see, you face the north—that's the way our house fronts—and then on your right hand is east and on your left is west. Why, it's the direction we're walking, isn't it?"

He looked a trifle gloomy, but resumed:

"How the great masses of color are piled one upon another in nature's lavish and transcendent art!"

"Yes," she sighed. "It makes me think of Neapolitan ice cream."

"And there, close and closer to the horizon, sinks a great crimson ball, the setting sun."

"Right over there?"

"Yes."

"Straight ahead of us?"

"To be sure."

"Well, I've been wondering about that for the last five minutes. You know, my little brother is so mischievous. He broke my glasses this afternoon, and I am so nearsighted that I couldn't be sure whether that was the crimson setting sun or somebody playing golf."—Washington Star.

The Jackass and Debs.

Eugene V. Debs, the Socialist leader, tells the following story on himself:

"I was to address a public meeting, and there was intense prejudice against me, so the young man who had to introduce me thought he would try to disarm it.

"'Debs is hated by some people,' he said, 'because he has been in strikes. This is not right. It is the law of nature to defend yourself. Why, even a dog will growl if you try to deprive him of the bone he is gnawing, a goat will butt if you get in his way, and you all know what a jackass will do if you monkey with him. Ladies and gentlemen, this is Debs, who will now address you.'"—Success Magazine.

The Farmer's Sign.

According to the Atlanta Constitution, a Georgia farmer posted this sign on his front gate:

"Candidates will pass on. No time to talk to 'em."

One morning his little boy shouted from the garden walk:

"There's one o' them canderdates here, an' he says he'll come in anyhow!"

The old man looked toward the gate and said:

"Let him in. There's no harm in him. I know him. He's been runnin' ever sence the war—jest to be a-runnin'. It runs in his blood, an' he can't help it!"

Too Mountainous.

"Yes," said Slangey; "I tramped through Switzerland once."

"Come off!" exclaimed Dowter. "You never did."

"Sure I did; on the level."

"That proves you're lying. It's simply impossible to tramp through Switzerland on the level."—Catholic Standard and Times.

Justifying His Claim.

"I understand he claims to be descended from somebody high up?"

"Yes. He fell out of his father's balloon and was miraculously saved."—Cleveland Plain Dealer.

Wilfred's Thought.

If they have got a baseball field immense
Up in the distant sky so blue,
I guess the stars are knotholes in the fence
To let poor angel boys peep through.
—Harper's Weekly.

ST. PAUL'S MAY BUILD MANSE

Proposition is Under Considera-at Present Time

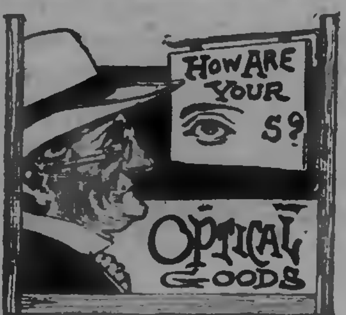
It is reported that the congregation of St. Paul's church is considering the question of building a manse for the use of the minister of the church. St. Paul's has no manse or parsonage at the present time, and there is an agitation on foot to have one built. The proposition is likely to be carried to a successful issue.

Special discount on Cleveland Bicycles for the next two weeks, ending July 25th at F R J. Macpherson's. tf

HIS REQUEST WAS GRANTED

An old man named John Powers, appeared in police court this morning and asked to be sentenced for a term of three months on the hill.

City Clerk Armstrong, who occupied the chair in Magistrate Dumble's absence complied with the request and John will spend the summer months at Castle Nesbitt.



A Pertinent Question

Are your eyes good yet—have you perfect vision for long or short distances? If there is anything the matter with them, now is the time to have them examined, and, if necessary, properly fitted with correct Glasses. The wrong kind of lenses would injure instead of improve your sight. We are expert Opticians, and understand everything in connection with the human eye and Glasses for same.

Charges most reasonable.

MRS. PEARCE AND DAUGHTER FLORENCE WERE THROWN FROM BUGGY ON CHEMONG ROAD

Former Confined to Room Through Nervous Shock and Latter Painfully Bruised—Buggy Was Completely Overturned—Taken Home by Passing Farmer.

As the result of an accident which happened on Saturday on the Chemong road, Mrs. Pearce, 387 Walton street, is confined to her room and her daughter Florence, is painfully bruised and shaken up. Mrs. Pearce and Miss Florence were driving to Chemong, when an automobile was encountered on the road. Mrs Pearce drove the horse to the side of the road and waited until the car got by, managing to keep the animal under control but when the auto had passed, its horn was tooted and the horse gave a sudden plunge. The buggy was overturned and both occupants thrown out, the horse also losing its balance and falling down. It was probably well that it did so for Miss Florence fell directly beneath the buggy and would have been seriously injured had it passed over her. Part of Mrs. Pearce's clothing was torn off her and she received a very severe nervous shock from which she is still suffering. The two victims of the accident were removed to their home by a farmer who was passing by.

STRIKE ON C. P. RAILWAY NOW APPEARS IMMINENT

One Report Says Order Has Already Been Issued—Mechanical Unions Emphatic in Their Determination

Winnipeg, Aug. 2—The extremely disquieting announcement is made that a strike of mechanical unions along the entire C.P.R. system is imminent, as the men positively refuse to accept the finding of the Board of Conciliation. A poll was taken of the men and 97.3 per cent. of the membership voted to oppose the majority report to the bitter end if the attempt to re-open the negotiations on the part of the men proves unsuccessful. The men feel that the report is tantamount to to the insertion of the thin end of a wedge, which will eventually spell the disruption of the unions. The classification of the boiler makers means a reduction of 8 3-4 per cent. in the wages of that union, and the men will refuse to stand for it. The company has put the new schedule into effect, and the trouble seems at present inevitable.

Mr. McVeity, agent of the men, has issued a long statement carefully outlining the position of the unions, and rumor to-night says he has actually issued a strike order which may take effect within two days or a week at the outside. Fully 8,000 men are involved.

The Hotel Roberval, at Roberval, was burned yesterday with $100,000 loss

PRACTICALLY NO CONTAGION IN PETERBORO'

Although a lot of sickness prevails in the city at the present time there is practically no contagion. The Medical Health Officer, Dr. Bingham, stated to-day that the only contagious disease in the city consisted of two or three cases of scarlet fever. It is very gratifying to find such a small amount of contagion at this season of the year.

CITY NEWS NOTES

MARK ST. LADIES' AID.

A special meeting of the Ladies Aid Society will be held after the prayer meeting on Wednesday evening.

PETERBOROUGH BAND

The Peterborough band will meet for practice this evening at eight o'clock. All members are requested to attend.

REV. DR. FOSTER AT ST. JOHN'S CHURCH

Conducted all the Services There Yesterday---Arrived in the City Saturday Night

The Rev. Dr. I. W. Foster, of Steubenville, Ohio, with Mrs. Foster, arrived in the city on Saturday, and the former conducted all the services at St. John's church yesterday. Dr. Foster will be in charge of the parish during the months of August and September and is at present at the National Hotel.

Many of the congregation made the acquaintance of Dr. Foster, who expressed the hope that his stay might be profitable and pleasant for all concerned.

EVENING TRIPS

Do not forget the delightful evening trips, per steamer Otonabee, Monday, Tuesday, Wednesday and Friday evenings of each week. There will be no evening trip this evening on account of the Knights of Columbus excursion to-day.

SALVATION ARMY BAND WILL PLAY

Splendid Programme Arranged for To-morrow Night's Concert.

The Salvation Army Band will render the following programme to-morrow evening in Victoria Park.

March, "Southall," Band.

Selections, "Songs of Freedom," Band.

Instrumental quartetts, "Evening Prayer,"

Marhc, "Plymouth," Band.

Selection, "Songs of Comfort."

This is a new and very fine arrangement.

Drum solo, representing a shunting train, troops on the battlefield, the firing of the rifles, and the boom of the cannon, finishing with the march past. Bandsman Meadows. This is by special request.

Festival arrangement, "Hebrew Melodies," band. This selection was particularly arranged to commemorate General Booth's visit to the Holy Land.

Hymn, "Nearer My God to Thee," band.

March, "The Flag," Band.

God Save the King.

The steamer Water Lily will leave for Stony Lake to-morrow at 7.30 o'clock from Wolfe Street wharf. d1

PROPHECY ABOUT TO BE FULFILLED

Rev. Dr. Langfeldt, of St. Luke's Anglican, preached last evening from the text; "Until the day break and the shadows flee away," Songs of Solomon, Chap. II, v.17 Dr. Langfeldt was inclined to think that the prophesies leading up to the second advent had been fulfilled with one or possibly two exceptions which are the evangelization of the world and the Zionward march of the Jewish nation. It was quite possible that the re-establishment of the Jews might take place, not as a separate but a concurrent movement. It might not be long therefore until the world was glorified by the second coming of Christ, when all shadows would "flee away." Mr. J. J Turner, jr, read the first lesson. Miss English presided very acceptably at the organ. The hymns and voluntary were of a character especially suited to the sermon.

OBITUARY

CHILD DEAD.

The death occurred yesterday afternoon of George Max Dulmage, youngest child of Mr. and Mrs. Bertram Dulmage, formerly of Warkworth. The child was 11 months old, and was born in Peterborough.

The funeral will leave the family residence, 602 Stewart street, at eight o'clock to-morrow morning and proceed to the G.T.R. station. The body will be taken to Warkworth, where burial will take place, [illegible]

23 MONTHS FOR HAMILTON AND 1 YEAR FOR ADAMS AND GRANEY

Trio of Pickpockets Sentenced on Saturday Afternoon by Judge Weller

Application Made for Renewed Trial on Four Grounds by Mr. D. O'Connell, Counsel for Defence---Judge Refused Request---Conclusion of an Interesting Case

A trial that has created more interest in Peterborough than any other since the one last year of the same character, came to a conclusion on Saturday afternoon, when Judge Weller sentenced three convicted pickpockets, Henry R. Hamilton, James Graney and Joe. Adams. The men were found guilty of picking the pockets of Ebenezer McTaggart, of Brockville, at the G.T.R. station on the morning of June 17th, the day when Cole Bros. circus showed here. Mr. McTaggart was relieved of twenty dollars and the three men were seen in the act by P. C. Newhall. They were later arrested at the circus grounds. Williams, another man taken into custody in company with the other three, was allowed to go as there was no evidence against him.

Considering the worry of their trial and their confinement of six weeks in gaol, the three convicted men presented a good appearance when they were brought before the judge on Saturday afternoon at five o'clock. Their sentences were to have been imposed at 11 o'clock Saturday morning, but his Honor found it impossible to be present and the passing of the sentences had to be left over until the afternoon.

There were a number of persons in attendance and all eyes were turned on the prisoners as the judge told them what terms of confinement they would be forced to undergo as penalties of their offences. Hamilton, whose record is a very bad one, was given the longest, 23 months in the Central Prison. He was the first of trio to learn his fate and took his sentence unmoved. Adams, who also has quite a long list of convictions, but who has not done nearly as much time as Hamilton, was given a year in the Central, and when he heard the judge pronounce sentence his features relaxed, a smile passed over his face. He appeared somewhat relieved and evidently had expected as long an imprisonment as his confederate. Graney was also given a year in the same institution. He has only one previous conviction against him, that of theft. Graney looked quite penitent, though it is impossible to say whether his attitude was feigned or natural, and hung his head while the court addressed him previous to sending him down.

NEW TRIAL REFUSED.

Mr. D. O'Connell, counsel for the defence, made a lengthy appeal for as light a sentence as could be given and referred individually to the prisoners and their conditions and connections in life.

When the men had been sentenced he made application for renewed trial on four grounds, viz; That the verdict was against the usual way of evidence. Two, that the evidence of P. C. Newhall concerning the statements made by the prisoners after their arrest was not admissable. Three Whether the evidence of the acts of the prisoners subsequent to actual offence, should not have been rejected. Four, Whether the Crown should should have been permitted to produce for the inspection of the judge the records of the prisoners before they were sentenced.

His Honor dealt with each seperate reason advanced by the defence and decided not to grant the application for the renewed trial.

"Take the prisoners away," said the judge, and the three men handcuffed together were led to the cells by the gaoler and turnkey.

Pickpockets seem to fare ill in this city and after this all wise disciples of the touch and take game should give Peterborough a wide berth.

GOVERNMENT REPORT ON CONDITIONS OF FRUIT CROP

Ottawa, August 1—Weather conditions in Canada have been favorable during the month of July for the fruit industry.

Apples are estimated somewhat lower for July than for June. Early and fall apples are estimated a slightly above medium. Winter apples at less than a medium crop, quality good.

Pears are reported a light crop, except in British Columbia and southern Ontario where a medium crop is expected.

Early peaches are reported a full crop.

Late peaches are reported light to medium.

Cherries have proved a medium crop and have sold at fair prices.

Plums are reported light generally. In British Columbia certain sections report a medium crop. In the Georgian Bay district three or four varieties promise well.

Grapes are reported a full crop.

Strawberries and raspberries have been reduced by dry weather, but the average has been very good.

Small fruits, other than the above are yielding or promise a full crop.

Tomatoes are a medium crop, ripening early

Insects and fungous diseases are not so prevalent as usual.

The United States reports prospects for a medium crop of apples, evenly distributed, in season and territory. Peaches are a full crop. Other fruits good.

Great Britain has prospects for a medium crop of apples, other fruits being good.

A. McNEILL,
Chief of Fruit Division.

MR. ED. PUGH OF DOMINION BANK HAS NARROW ESCAPE FROM DROWNING IN THE OTONABEE

After a battle for life, after which he was greatly exhausted, Mr. Ed. Pugh, of the Dominion Bank, was rescued from drowning in the Otonabee yesterday. He with some other young men, are camping down the river just below Yankee Bonnett and near Yankee Bonnett went out for a paddle and the canoe upset some distance from the shore. Mr. Hufman, who is a good swimmer, tried to save his companion, who is unable to swim, and in doing so the latter nearly drowned him losing his presence of mind in his great danger.

Mr. Shelden Huffman, brother of Harry, set out from the camp in a gasoline launch and managed to effect the rescue. Mr. Pugh has a severe cold as the result of his experience, but otherwise suffers no ill effects.

WILL PLANT OF WM. HAMILTON CO. BE PUT IN OPERATION AGAIN?

It is reported on the street to-day that the plant of the Wm. Hamilton Company will be opened in the near future and a large number of hands employed. It is said that a syndicate composed of Toronto and Peterborough men, has been organized and will manage the works. The above information was given the Review by a gentleman who is well versed as to what is happening in connection with the Hamilton plant. with the Hamilton plant. The Peterborough member of the syndicate is understood to be a bank.

CORPORATION WORKMEN WILL BE PAID WITH CASH IN FUTURE

At a meeting of the Finance Committee on Friday it was decided to grant the 57th regiment band the usual sum of $500 under the same conditions as heretofore. It was also decided to recommend to the Council that the city employees be paid with cash instead of by cheque, as is now done.

Those present were Ald. Morrow, chairman; Mayor Rush, Ald. Phelan, and Bradburn.

It was moved by Ald. Phelan and seconded by Ald. Bradburn, that in view of the increased amount of taxes it will be necessary to look after the committee's recommend that the Council pay the cost of the guarantee bond of the collector.—Carried.

It was moved by Ald. Bradburn and seconded by Ald. Phelan, that hereafter for the purpose of paying the wages on the weekly pay lists, one cheque be issued to the city treasurer for the amount of the pay lists and that the men be paid in cash each Friday evening between five and seven o'clock and their receipts taken.—Carried.

PETERBORO PEOPLE WHO LIVE IN FIRE-DEVOURED FERNIE

Word Has Been Received From Two of Them and They Are Safe in Cranbrook, B.C.—There is no Intelligence Whatever of Two Others

As far as the Review can learn, there are three former Peterborough persons who are residents of that ill-fated city, Fernie, B.C., the place that was destroyed by fire. Two of them have been heard from and no word has at the time of going to press, been heard of the third. The three referred to are Mr. J. H. Peck, brother of Mr. E. A. Peck, the local barrister, Mr. R. W. Wood, son of Mr. Wood, of Hunter street, and brother of Mr. Wallace Wood, of the Toronto Savings and Loan Company, and Mrs. G. Foster Arnberry, the eldest daughter, of Mr. W. H. Moore, barrister of Peterborough.

The first and last mentioned have been heard from, from Brankbrook, B. C., but no message has been received from Mr. Wood. He is a merchant with large interests in Coal Creek and Michel, and Fernie, the three fire ravaged towns, and it is probable that his places of business have all been destroyed.

The Review was in conversation today with Miss Peck, of Ashburnham, sister of Mr. J. A. Peck, and with Miss Moore's father. The former stated her brother had wired her today to the effect that he and his wife and family were safe in Cranbrook, B.C. Mr Moore stated that he had received word that his daughter and her husband were safe in Cranbrook and that their residence in Fernie was of the few places that had not been burned down.

LATER.

Mr. Alex. Morrison, of Perry street, Peterborough, has a son Will Morrison, who conducts a barber shop and confectionery store in Fernie. No word has been received from him or concerning him.

BROTHER OF MR. C. BANKS BURNED IN AN EXPLOSION

Mr. Chas. Banks, of the Banks Sporting Goods Company, received a telegram this afternoon informing him that his brother George had been badly burned in a gasoline explosion at Hagersville, near Brantford. The accident resulted from an explosion of a gasoline tank in the bicycle shop conducted by Mr. Banks. Later word was received from the doctor in attendance that the injured man was not expected to live. He is 26 years of age.

Mr. Chas. Banks left on the 4.48 C. P.R. train for Hagersville. He will have the sympathy of many friends in his trouble.

PHONE ORDERS

Editor of the Review

Sir,—Recently there were some goods advertised in a drygoods store as bargains to be put on at 8 o'clock a.m. I made an extra effort to reach that place of business at the stated hour only to be told that the goods were all gone, that they had been ordered by 'phone. That does not seem to me to be the way to gain the confidence of the public. Everyone wanting such things could not telephone at that hour. The telephone people will tell you the line is busy. Why not cut out the 'phone orders.

Yours truly,
SHOPPER.

MAY COME UP AT COUNCIL MEETING

The question of opening up Hunter street east, to lay down a sewer just after the street had been graded, settled and rolled, will probably be referred to at the Council meeting this evening, as it is understood that the Board of Works is indignant that a double expense for the same work should be incurred.

J B Cavenette, assistant postmaster of Quebec, has been appointed inspector of the Quebec postal division.

The motor on the Radial bridge at Burlington Beach burned out and traffic was stopped all forenoon on Friday.

SPORTING NEWS

FRED SIMPSON WILL BE HOME EARLY NEXT WEEK

Fred Simpson, the Peterborough runner who took sixth place in the Olympic Marathon will likely arrive home on Sunday or Monday of next week. The Canadian athletes, minus Lister, Burn, Keith, Elliott and Savage sailed for home on the Victorian on Friday. The boat is due to arrive at Montreal on Saturday of this week. Fred Simpson therefore should reach Peterborough on Sunday or Monday. He has made a splendid showing and should be given a hearty reception. Although he did not win, he beat many of the world's best runners and brought credit to the city that claims him as her own.

THE PETES WERE VICTORIOUS ON SATURDAY BY SCORE OF 8 TO 1

It was a fine day and a good crowd turned out at Riverside park to see the Petes add another scalp to their already heavy belt. Quinlan who occupied the points for the Athletics pitched good ball, allowing only six scattered hits, one of which, however, was a tremendous wallop for four bases by Anderson, in the third. The big second baseman on this occasion connected with one of Quinlan's charitable out shoots putting the ball far across the raceway. It was by long odds the longest hit ever made on these grounds, and the perpetrator came in for a generous hand from the bleacherites. Clements, who pitched for the Petes, acquitted himself in good style, holding the losers down to seven hits and striking out nine men. He has the advantage over his younger adversary in the fact that his catcher is a good man who holds up his half of the battery work, every game and an outfield that supports him.

If the truth may be said, Quinlan uses most of his time pitching that the catcher may hold the ball. Three different men essayed to do the holding on Saturday and the majority of the runs resulted from poor work behind the bat. The base running of the Petes is immensely superior to that of the Athletics, and it is base running that wins games, as was shown in Saturday's game. Mr. W. Shaw held the indicator and he had a hard job to fill, both teams calling him for several questionable decisions. If the men who do the umpiring in the minor leagues would chase the kickers to the bench it would make their task an easier one. His decisions on several occasions were quite raw, but if anything the Athletics got slightly the worst of it. However we have had worse umpires and to give Bill his due, we can say that at any rate he apparently tried to perform his duties in an impartial manner.

The summary was as follows:

PETES

	Runs	hits	errors
Burns, cf	1	1	0
Murphy, lf	1	1	0
O'Brien 3b	1	1	0

Two local rinks have gone to the opening of the new bowling green at

Three rinks from Bowmanville are playing with the local club here this afternoon at three o'clock.

LAWN BOWLING

BOWMANVILLE HERE

Peterborough bowlers are playing three rinks of Bowmanville bowlers at the Brock street green this afternoon. The visitors have brought a very strong team with them, and are expecting to put up a strong bid for the honors.

Two rinks of local bowlers left this morning for Port Hope where they will play the club of that town this afternoon. The Port Hopers are opening a new bowling green today and have invited teams from Peterborough, Cobourg, Oshawa and Bowmanville, to join in the celebration.

SPORTING COMMENT

That would-be-burglar, Mr. Pearce, was so anxious to break into local society that he annexed a card case containing several calling cards. Now if this thing had occurred in Lindsay we would not be the least bit surprised, as he would in all probability present the first one to a certain sporting editor in that town, and he would pass too. Ain't that correct Mabel?

At the same time there's no good reason why Bat Callaghan did not plunge into the raceway after that ball that Anderson sent waiting the the employees of the brewery. Perhaps, however, he realised that if anything the water should come as a chaser, and not before the visit to the brewery.

If Mackerill had been playing in that garden he would have put his fins to good use because he is known as the only and original Mr. Fish.

A certain Bleacherite at Saturday's ball game entreated Mr. Shaw, the limps to come up and be tied in a knot. Mr. Shaw refused on the grounds that he was considerably tangled up as it was.

This is what Prunes is singing now:

"I'm looking for the man who built the raceway near the park."

Try it on your Jewsharp.

The Review says Peterborough people are drinking a great deal of water these days. Goodness! Has it come to that?—Lindsay Post.

Cheer up, boys, the Ponies are coming to town.

GAME TO-DAY AT RIVERSIDE PARK

The Y.M.C.A. Chieftains are playing a fast Bowmanville team at Riverside Park this afternoon.

The locals are getting up a pretty good article of ball lately and a good game is expected.

The line-up of the locals will be as follows;—

Catcher—Turner.
Pitcher—Kirns or Long.
1st base—Munroe.
2nd base—Long or Kirns.
3rd base—Hall.
Short-stop—Crane.
Fielders—Mihorgan, Brown and Lees.

WEDDING BELLS

BRUCE—WOLFF.

A pretty, though quiet wedding took place last Saturday, when Miss Maude Evelyn Wolff, only daughter of Mrs. Adelaide Wolff, 69 Somerset street, and of the late James Fitzgerald Wolff, and grand-daughter of James F. Wolff, was united in marriage to Mr. Charles J. Bruce, of this city, the eldest son of the Rev. Dr. Bruce, Truro, N.S.

The ceremony, which was performed by Rev. W. A. Mallroy, was of a quiet nature, owing to the recent bereavement in the family of the bride.

Mr. Bruce, who has been connected with the Trent Valley Canal Survey, will leave shortly on the Hudson Bay Railway Survey. He is well known in athletic circles and has made a host of friends since coming to Ottawa.—Ottawa Journal.

PERSONAL

Mrs. C. L. Payne, of Toronto, is visiting her mother, Mrs. Geo. H. Hutchison, 424 Sheridan street.

Miss Stella Ridpath, of Toronto, is the guest of Miss Stella Stainer, Stewart street.

His Honor Judge Bole, of New Westminster, is in the city, the guest of Mr. and Mrs. A. F. Coulthard, 210 McDonnel street. He is on his way to Europe.

Ask C.P.R. Ticket Agent for time of special train on August 22nd. If no agent convenient write to:—

C. B. FOSTER, Dist. Pass. Agt., C.P.R., Toronto

THE IMPORTANCE OF BREVITY

A good business man is generally brief in his answers. He does not give a long drawn out reply to a pointed question, but answers in as few words as possible. It is a well known fact that where we find a man of this type we respect his brevity, and where his answer admits of but one course of action, we realise that it is up to us to do his bidding, and do it in a hurry. Forty years ago the Hudson Bay Company was the only trading concern operating in the Temiscaming district, and Factor Rankin, who was in charge of the post, not only gave his attention to the interests of the company in that country, but also had his eye out for offences against the law. On one occasion he was visiting friends in Renfrew when he received a telegram from his second in command, which read like this "Murder committed in Indian camp on the Missanabie. What will we do." Back was the answer from Factor, "Catch the Murderer."

When E. B. Eddy, the match king, was in Montreal on a business trip he was handed a telegram by a message boy, reading; "Plant on fire. What advice." Mr. Eddy immediately wrote out the following reply; "Put it out."

La PATRIE ANNOUNCES SIR WILFRID LAURIER'S TOUR

"Sir Wilfrid Laurier will leave in a few days for a tour of five or six weeks through the Canadian West. On this political tour which will extend to British Columbia he will be accompanied by Messrs. E. M. Macdonald, M.P. for Pictou, A. K. MacLean, MP. for Lunenberg, the Hon. Jacques Bureau, solicitor general and Mr. Pardee, MP, for Lambton, Ont."—La Patrie.

BURGLARS WERE REMANDED UNTIL NEXT SATURDAY

The men who were caught while rifling Mr E. G. Patterson's house, came up for a hearing on Saturday afternoon. Enough evidence was produced to convince the police that the two men were burglars.

They were remanded until August 8th, when they will appear to answer to the charges of housebreaking.

The younger of the two men, gave his name as Forbes, and says that he came to this city from Port Hope two days ago. He is nineteen years old and is a laborer by trade. His father is dead, but his mother lives in Chicago. The older man's name is Chas Pease, and he is 52 years old. He is a sailor by trade and was married in England.

Two heavy chisels were found near Mr. Patterson's house, which the burglars had evidently thrown away in their hurried flight.

MAN FELL OFF WHARF AND RECEIVED SEVERE INJURIES

Was Waiting for Boat at Wolfe St. Landing—Had to be Removed to Hospital.

A man named Stevenson, from Alnwick, met with a rather serious accident on Saturday night. He was walking up and down the Wolfe street wharf waiting for the steamer Rainbow to start on her return trip down the river. By some mischance he wandered near to the side of the wharf, and as it was quite dark at the time, he was unable to see where he was going. Suddenly he stepped off the wharf, and plunged into the water, on the way down striking his head on a projecting timber. A large gash was made on the crown of his head, the pain of which rendered him insensible, and he would have drowned but for the timely help of some persons who were at the other end of the wharf.

They pulled him out and sent for the ambulance, which conveyed him to the Nicholls hospital, where he is said to be doing nicely.

A GLANCE BACKWARD AT THE QUEBEC CELEBRATION

Some Interesting Information Concerning the Great Gathering and the Part Played by the Troops From Peterborough.

Captain Mills, who was in charge of the composite company of the 57th regiment at the Quebec Tercentenary celebration, when interviewed by the Review, gave the following interesting account of how the time was spent from the landing of the troops at Quebec.

It was five a.m., and as the order, "all out," was passed all eyes were turned in the direction of the city, which lay southeast of where the Peterborough troops detrained for Savard Park. All waited for a glimpse of the Ancient Capital. Nothing could be seen of the city from the place of detrainment, but the high buildings of Upper Town. Then the fall-in sounded and the march for camp, which was only a short distance away, commenced. Camp was speedily reached and all threw off their heavy marching outfits and a wash and breakfast followed. A "day off" for the composite was then declared, so after all was settled down at the camp a bolt was made to see the sights of the Ancient Capital. A walk of about a mile from the camp brought us to the street railway line. Great interest was then manifested in going through the city until we changed cars for Upper Town. Then came the zig-zag course up the hill, everything being new and interesting to the recent arrivals. The first place of interest to the soldiers was the citadel. The squads were taken in charge by the soldiers of the battery stationed there and all points of interest shown and explained the visitors. The rest of the day was put in viewing all the parts of Upper Town and the harbor. It was with the greatest interest that warships were seen for the first time. The fleet of eight battleships was lying in the harbor. Preparations were at once made by the men for viewing the big "dogs-of-war," one ship each day being opened to visitors. Others again would take the side trips to St. Anne and Montmorency Falls, reached by the electric railway.

Tuesday morning the troops settled down to work in earnest. In a burning sun we drilled in brigade drill grounds from after breakfast until dinner time. A half holiday was declared for Tuesday afternoon and sight-seeing was again the order.

On Wednesday afternoon the first stiff marching commenced when all the troops marched out and up the mountain to Upper Town to line the streets for the reception of the Royal party. This was good hard work in the hot sun and occupied all the afternoon, but after the march back and a wash up and tea all went back to the city again to see the illuminations, which were really magnificent. The battleships in the harbor stood otu in the electric lights and Point Levis was also brightly illuminated and the fireworks were put off there. The buildings of the city were brilliantlyl illuminated. The fireworks were hardly as grand as one would expect from the 20,000 which it was said they cost. A tatoo was also held about fifteen bands taking part. This was not as many as one would expect. On Thursday all the regiments were ordered out to the Plains of Abrahlam to ractice thpe marchpast. Men recalled their Canadian history as they beheld for the first time the Plains of Abraham and many of the same kind of uniforms passed over the ground that day as on that memorable occasion when Quebec was captured.

ALEX TURNBULL KNOWN HERE

New Westminster's Forty-four Year Old Player Played With the Peterboro' Team One Season

Alex. Turnbull, of the New Westminster lacrosse team, who is described as the greatest living lacrosse player, as well as the oldest, is well-known in Peterborough. On more than one occasion he has worn the blue and white of the Peterborough team and helped the locals to victory in many a hard fought game in the days of old. Turnbull hails from Paris, Ont, but was located at Perth for some time and it was then that he played with Peterborough. Lacrosse was all the rage in Peterborough in those days and every game at the old PAAA grounds was attended by from 1000 to 1500 people. Billy Glover, Dinny Dobbin and the other veterans of the nineties remember Alex Turnbull well and speak of him as a great player.

Turnbull is now forty-four years of age, but is still as spry and frisky as a kitten.

WEEKLY LIST OF PATENTS GRANTED

Below will be found the only complete weekly up to date list of patents recently granted to Canadian inventors in Canada and United States which is furnished by Messrs. Fetherstonhaugh & Co., head office Bank of Commerce Building, Toronto, barristers, solicitors, etc., branches Montreal, Ottawa, Winnipeg, and Vancouver, Canada, and Washington, D.C., from whom all information may be readily obtained.

Canadian Patents—H V Haight, Sherbrooke, Que., changeling machines; A. Adams, Brantford, Ont., lumber wagons and trucks; S B Bird, Toronto, Ont., re-inforced concrete construction; H W Charlbon, Ottawa, Ont., ballots; S B Gordon, Montreal, Que., commercial draft forms; J Randall, Berlin, Ont., roller cultivator; F Ullman, Hamilton, Ont., loose leaf files; F H Magog, Que., safety matches.

United States Patents—E. Collin, Dewwpot Harbor, Ont., rail tongs; R H Grundy, Guelph, Ont., cooking stoves and ranges; F E Holt, Vancouver, B.C., electric water heater; A. S. Leopold, Montreal, Que., advertising device; J. McLaughlin, Ottawa, Ont., lumber kiln; W B McLean, Hensall, Ont., stove pipe thimble; D R Ringland, Killarney, Man., knife sharpener for knife feeders.

LOCAL BAND TO VISIT COBOURG

Salvation Army Musicians Will Pay Week End Visit to Lakeside Town

The Peterborough Salvation Army band will visit Cobourg next Sunday to assist in special services being held there. They will leave Peterborough on Saturday and will give a concert at Cobourg on Saturday evening. The band will return home on Monday.

NEW ROLLING STOCK FOR G. T. P.

The first of the twenty locomotives being built at Toronto for the Grand Trunk Pacific have been turned out. Already there are employed west of Winnipeg along the line 67 locomotives. As the company expect to assist in the movement of the present crop which promises to be a record breaker, there will in all probability be at least 100 locomotives working on the prairie section by the end of the autumn.

COBOURG AS A SUMMER RESORT

Cobourg, August 1—Cobourg's popularity as a delightful place for the summer months dates back more than a quarter of a century, when Col. Chambers came to Cobourg from Cincinnatti to manage the Cobourg and Peterborough railroad. He purchased a beautiful residence within a block of the spot where Cobourg's summer hotels now stand. Friends from the States came to visit the genial Colonel, and were so pleased with the spot, and were so pleased spend the summer here. A company of citizens was soon afterwards formed, with Col. Chambers as president, and the Arlington hotel was built. Year after year since, Cobourg has been the summer home of distinguished army and navy officers and other prominent American families, as well as many well known people from Ontario's Queen City.

Samuel Wharton, of St. John, aged 55, was killed by falling from a chimney at Dalhousie.

Arthur Edwards, of Thedford, aged 19, was drowned while crossing the Thames at Arkona.

An irrigation block of 29,000 acres at Calgary has been sold to German farmers of North Dakota.

SOCIAL CALLS IN CHINA.

Start by Telling Names and Ages and End With Tea Drinking.

In our ordinary social life acquaintanceship commences through personal introduction by friends or by letters of introduction, in official life almost always in the latter way. With you a fresh comer arriving in your neighborhood to dwell is called upon by the older residents if the newcomer be considered entitled to that courtesy and you think the friendship is worth cultivating.

This is not the custom with us. With us the newcomer makes the first call on the old residents. The gentleman calls alone, and after the acquaintanceship has been formed the newly arrived lady will send her maid with the message that she proposes to call on the neighboring lady, and the latter names the day and hour at which she will receive her visitor. Leaving cards, with us, is an act of courtesy which also occupies a very prominent part in the daily routine of a gentleman's life, especially when he is moving in official circles.

When the visitor is ushered into the presence of the visited the visitor bows to his host or on more formal occasions makes courtesy to him. Handshaking, not being the custom, is dispensed with. The making of a courtesy is called "ching ngan" in China. If any one does that to you, you must return it, although you can return it in a more or less formal way. This having been done, the host will assign his visitor to the place of honor, which may be on the right or left, according to circumstances.

When both the visitor and his host are seated the conversation is generally opened, if meeting for the first time, by asking each other's surname, then their other names, age, district whence they come and all sorts of such meaningless generalities as you are accustomed to hear in high society. But it is always customary with us to prefix the word "honorable"—e.g., instead of saying, as you do, "Whom have I the pleasure of addressing?" we say, "What is your honorable name?" Other questions are asked by us in the same complimentary strain. With you your custom is quite different, as for you to ask the age of any of your visitors would be considered very rude, especially if meeting for the first time. But in China you may have no misgivings as to shocking any one's tender susceptibilities by so doing.

Our official calls are principally business ones, and as soon as the business is terminated the host raises his teacup to his lips, which cup is always there, whether wanted or not, for in China there is no such custom as 5 o'clock tea. As soon as the visitor sees that his attendant will cry out in a very loud voice, "Ngan chiao"—that is, "Get the sedan chair in readiness"—or "Tao chuan"—that is, "Put the horse to the carriage"—as the case may be. When either of these conveyances is ready, which is shown by the return of the servant and by his collecting his master's appurtenances, such as his smoking pipe, etc., he will rise and give his host a deep bow, at the same time folding his two hands, which bow his host returns in a similar way.—Shanghai Times.

A Miraculous Escape.

It happened that in the last month of the reign of Charles I. a certain ship chandler of London was foolish enough to busy himself over a barrel of gunpowder with a lighted candle in his hand. He paid the price of his folly. A spark fell into the gunpowder and the place was blown up. The trouble was that the man who did the mischief was not the only one to perish. Fifty houses were wrecked, and the number of people who were killed was not known. In one house among the fifty a mother had put her baby into its cradle to sleep before the explosion occurred. What became of the mother no one ever knew, but what became of the baby was very widely known. The next morning there was found upon the leads of the Church of Allhallows a young child in a cradle, baby and cradle being entirely uninjured by the explosion that had lifted both to such a giddy height. It was never learned who the child was, but she was adopted by a gentleman of the parish and grew to womanhood. She must surely all her life have had a peculiar interest in that church.—Sir Walter Besant's "London."

Crimean Veterans' Deaths.

Colonel Lewis Mansbergh Buchanan, C.B., who died at Edenfel, Omagh, County Tyrone, was born in 1836 and after graduating at Dungannon, joined the Royal Tyrone Fusilier Militia in 1855. He served in the Crimea in 1856, and through the Indian Mutiny campaign. He was at Cawnpore in November and December, 1857, at Lucknow in 1858, also at the capture of Calper. In 1859 he took part in the campaigns in Central India and Oude, receiving the medals and clasps. His services extended over 42 years and were rewarded in 1897 with a C.B. Mr. Thomas Leyland of Preston, who held the Crimean medal with bars for Alma, Inkerman and Sevastopol, is also dead, and was buried with military honors. At the age of 17 he was sent out with the 55th Foot Regiment to the Crimea. He was in the charge of the Light Brigade and at Inkerman was wounded by a shell. He also wore the Turkish medal.

Brook Trout.

The brook trout wants cold, swift water and wherever it exists will be found under such conditions. The best trout streams are those with gravel bottom, clear shallow water, with occasional rapids, deep pools and eddies, where natural food is abundant. The best time for fly fishing is after a rain, just as the water is clearing and when the stones begin to show in the bed of the stream. The best time for bait fishing is when the rain commences and the water begins to get colored. It is useless to fish with flies in colored water, and trout seldom take the fly when the rain is coming. They then appear to cease feeding, but with the first drop of rain they take a worm readily.

Hamilton Trades and Labor Council is incensed at the suggestion that prisoners be paroled as harvesters.

The Policy Of Prudence

IT'S TIME YOU TOOK OUT A POLICY.
FIRE INSURANCE

is the one that covers a policy loss by fire. If your property is not fully insured, come here and take out a Policy at once. You will find our terms most liberal, and our companies the most reliable you could insure with. Do not delay this most important matter. Very small accidents occasionally cause fires, and after regrets are of very little use to pay damages.

Most people can afford to pay the premium on a fire Insurance policy, but few can afford to lose their property.

Insure before an accident occurs and protect the savings of a life time.

TALKS TO HIS PARISHONERS ABOUT HIS RECENT TRIP

Father McColl Tells of His Visit to the Lands Across the Seas—Beauties of Rome—Religious Revival in France—More Hope for Ireland.

At the 8 and 10.30 masses at St. Peter's yesterday the rector Father McColl spoke very interestingly of his visit to the old land from which he returned Friday evening.

IN ITALY

He said his vacation had been a delightful one and stated that he had seen many things that would interest a person in a religious and secular sense. The churches at Naples and Rome, he said, surpassed all his expectations. St. Peter's, Rome, was a particularly fine edifice, so grand in fact that it was impossible to give an adequate description of it.

It was one of the greatest privileges of his lifetime to be given an audience with His Holiness the Pope. The Holy Father was affable and friendly and the reception he received was a most cordial one. The Pope was the possessor of a very strong personality, the power of which took hold of all who came in contact with him.

Rome, he said, was a beautiful city. He was impressed with the sacredness and sanctity of the place. It was impossible for anybody with little religion to visit Rome and not be impressed with it.

Italy was a lovely country and the Italians were fine people. Their churches were the most beautiful in the world. The Italians were an artistic people as is shown by their churches and by the world famous works of art of Italian masters.

In Switzerland, the next place Father McColl paid a visit to about half the population was Catholic.

RELIGION IN FRANCE

Special interest is attached at the present time to the religious situation in France. Father McColl said the Catholics in France were exceptionally good Catholics, and although they had been harrassed there was was now a religious revival taking place. The congregations of the churches, were very large. He saw a church in Paris filled three times for one mass. This religious revival was probably due to the action of the Pope who had adopted wise measures in dealing with the religious problem in France.

BEAUTIFUL CATHEDRALS

The speaker was delighted to see the old Cathedral buildings in England, and the fact that they were still in a good state of preservation spoke well for the constructive skill and seal of the Catholic forefathers in England.

In Scotland it was different. Nearly all the old cathedrals had been destroyed.

CONCERNING IRELAND

"I had a very fine visit to Ireland." It was a disgrace to the British Empire and to Protestantism that the old churches in Ireland should not be used by the Irish people who were mostly all Catholics and not by Protestants worshippers, the small congregations of which only occupied a very small portion of these churches.

"The Irish people treated me with great hospitality and I never received a more hearty welcome than I did in Ireland" said the reverend gentleman. He thought the English did not understand sufficiently the character and needs of the Irish people but a large number of English were now more anxious to give Ireland more liberty.

MEN SCARCE AT MANY OF THE RESORTS

Rice Lake is One of the Number ---Live News From Popular Outing Place

Rice Lake, August 3.—Rice Lake resorts are like some other places in one respect, there is a lack of men, especially when guests gather in the large halls in the evening for dancing. But the girls get around the difficulty, and if a man is not available, choose one of their own sex, and all goes merrily. It was a gentleman who made the remark that the few men holidaying for the season at the resorts are as much sought after as prize dolls at a charity bazaar. Of course holidays and week-ends bring a big influx of the sterner sex.

Percy Rubidge, of Chicago, and Messrs. Godfrey Coughlan and Will Grady, Peterborough, were week-end guests of the C.G.E. Angora, coming down in the yacht "Toosie." J P Field and daughter, Miss Ethel Field, and Miss Emma Field, Cobourg, spent last week very pleasantly at the Landing. Mr. and Mrs John Davis of Toronto, are staying with Mrs S Kemp, of Peterborough. Mr. and Mrs. W. H. Fairburn, Miss Ida and Master Rex Fairburn, of Toronto, spent a part of the week at Peterborough. A. Bentley, Cobourg, is enjoying a pleasant holiday here. Miss Pollock, of Peterborough, is at Harwood with Mrs. A. Johnston. Miss Thompson, Chicago, is holidaying with Miss Ira Dennison at Harwood. Mrs E Butters and Mr. Charles Butters of Cobourg, are holidaying with friends at the lake. Mr. and Mrs. Tabor, Peterborough, are holidaying at Idyl Wyld.

Miss Ada Lane, Peterborough, is visiting Miss Bessie Mathers at her summer cottage at the Landing. Miss Henrietta Byers a popular young lady of this district was married at Winnipeg a few days ago to Mr. James Green. They will reside at Oxbow. Mrs. Mrs. Williams and Miss Viola Cronk, Toronto, are at Keene, staying with Mrs. Wm. Kempt. Mrs. V H McWilliams has returned to Keene from Toronto. Mrs. O. B. Sheppard has come down from the city and is staying with her daughter, Mrs. McWilliams. Mr. J. Carman, organist of St. Peter's church, Cobourg, Mr. and Mrs. W. G. Purser, and a party of boys from Cobourg are occupying the Purser cottage on Grafe Island. Mr. Archie Seymour, Peterborough, is at Idyl Wyld, and Mr. Robert Innes is at the Landing. Mr and Mrs. George Bellamy, Toronto, are with friends in vicinity. Eugene McNichol, of the Bank of Toronto staff, Berlin, is holidaying with his mother, Mrs. M Nichol, of Cobourg, and sister, Miss McNichol, of New York at the lake. Miss G. Dickson, Toronto, is with Miss Grace Prest, at Hastings. Jas. Welsh, Jas McCarthy, and Jack Coughlan, of Hastings, are away on a cruise to the end of the Trent Canal system on teh launch Midget.

TWENTY-NINE MILLIONS OF STAMPS SOLD

Tercentenary Specials Have Been in Enormous Demand—Will be Withdrawn Soon

Ottawa, August 1—The sale of the special Quebec Tercentenary postage stamps has reached a total of twenty-nine millions and the post office revenue has been $589,000. There has been a big demand for the stamps from collectors all over the world. The stamps will be withdrawn from sale in a few days.

EXCURSION TO HASTINGS

A grand excursion under the auspices of the Peterborough band will take place to Hastings on Trent river, per steamer Otonabee, on Tuesday, August 4th. Boat leaves Wolfe street wharf at 8 a. m. sharp, returning at 7.30 p. m. Return Tickets 75c, Children 40c. 2d

MAYOR RUSH WAS GIVEN NOTICE

The Civic Luncheon at Toronto Had Been Cancelled

His Worship Mayor Rush today received a telegram from Mayor Oliver of Toronto, informing him that the civic luncheon which was to be held tomorrow in connection with the visit to Toronto of Lord Roberts had been cancelled. Mayor Rush was one of the invited guests.

J. W. BROWETT, Ref. D.M.O., Optical Specialist, Doctor of Optics of Philadelphia
BELL PHONE 454 L
Teacher of Opticians

Examines eyes for glasses. Has special lenses ground with greatest accuracy in New York.

Fits Artificial Eyes. Supplies Eye Glasses and Spectacles of the most modern American styles at reasonable prices.

New Office PETERBORO OPTICAL INSTITUTE, Market Bldg, 332 George

THIS OFFICE CLOSES THURSDAY AFTERNOONS UNTIL SEPTEMBER.

ONLY TEN WEDDINGS DURING JULY

Cupid Not on His Job in Peterboro'—There Were Twenty Last Year

There were only ten marriages in Peterborough during July, as compared with twenty for the same month last year. What's wrong? Leap year does not seem to be living up to its reputation in Peterborough at any rate.

The vital statistics issued at the city hall to-day for the month of July with comparison for the same month last year are as follows:—

	July, 1908.	July, 1907.
Births	36	36
Marriages	10	20
Deaths	19	22

LAUNCHES LEAVE FOR STONY LAKE

Three Started on Trip This Morning---Others Go on Saturday

The lockmasters along the route of the Trent Canal will have a busy time of it for the next few weeks. Many launches will be making the trip up the lakes for the regattas and the lockmasters will be kept busy looking after them.

Three launches belonging to Messrs. Will Martin, C. B. Rostley and Eko Camp left Rye's boathouse this morning for Stony Lake, where they will stay until the regatta season closes. Several more will go up next Saturday, staying for the regatta on Monday, and returning on Tuesday afternoon.

PEOPLE WANTED TO KNOW WHEN BOBS WAS COMING

There were many enquiries at the Review Office this morning as to what time Lord Roberts would pass through the city. Apparently a large number of people would have been at the station just to see the passenger train pass through. Word was received at noon that Bobs had been compelled to abandon his Toronto engagement.

HALIBURTON'S HIGH HOPES

Expects to be a Leading Summer Resort Some Day—Many Visitors There

Haliburton, Aug. 1.—It is now the holiday season, and they are here from Rochester, Buffalo, Toledo and Chicago. Many of them camped on the shady side of the hills overlooking the pellucid waters of Head Lake. The tourists all agree with scores of their predecessors in pronouncing the village an ideal spot where the tired may rest, and for a time breathe the pure air of the ozone-zone.

Notwithstanding the fact that no sensational literature has been evolved concerning this resort which is just now beginning to attract the attention of the outside world, we hopefully look forward to the time at no distant date when Haliburton will take the first place in the list of summer resorts. It has long been noted for its exhilarating atmosphere by the sports and others who pay us frequent visits in the autumn. Those along the lake who are enjoying life under canvas designate it the beautiful country of the loon and the whip-poor-will, where game, finned, feathered and antlered is abundant, where the waters sparkle like a pure and perfect chrysolite, and are chemically clean, and where, above all, every breath we draw deals swift destruction to germs and microbes and administers tonic properties which generate an omnivorous appetite and a horse-power digestion. And strange as it may appear, some of our citizens are moving out.

TALBOT'S
Delicatessen

Our trade in the Meat and Grocery is increasing every day. Why! Because we take particular attention to all our customers, give them the best that the country can produce at reasonable prices.

A choice stock of Beef, Pork, Mutton, Lamb, Veal, Smoked Meats, Pickled Pork, Sausage, Bologna, Lard, Pickles, Canned Goods of all kinds. Try our Sugar Cured Pickled Pork; our own curing. Once tried always used.

Our Grocery Department is stocked up with new goods arriving daily. Give us a trial order and you will soon become one of our customers.

Special attention given to children. Phone orders promptly attended to, our motto.

Goods delivered to all parts of the city without any disappointment.

A. L. TALBOT.

One Price Meat Market and Grocery Store, 410-412 George st. Both phones, 333.

NO REQUEST FOR ASSISTANCE

Peterborough Not Yet Asked to Send Assistance to Fire Sufferers

Mayor Rush stated to the Review that up to three o'clock no request had been made to Peterborough for assistance to the sufferers from the disastrous fire in British Columbia. Toronto council has granted $5,000, and Hamilton $500. It is probable that the local council will make a grant tonight.

ADVERSE WINDS LIKELY THE CAUSE

Of Cavendish Lumber Co's Logs Blocking the Water Lily on Saturday

In connection with the detention of the steamer Water Lily in the canal on Saturday owing to a jam of logs, it was stated at the Trent canal office today that the superintendent had given the Cavendish Company no permission to bring down the logs at that time and that they should not have allowed their timber to block the traffic. However, he said that this was the first time that such an affair had occurred and that he suspected that adverse winds had caused the blockade rather than the company being at fault.

The IOOF will erect a handsome temple in Winnipeg.

VOL. LVII., No. 29. PETERBOROUGH, ONT., CANADA, TUESDAY, AUGUST 4, 1908 TEN CENTS PER WEEK

BAD FIRE AT HAGERSVILLE

More Details of the Disaster in in Which Brother of Local Man Was Badly Burned.

Hagersville, Aug. 4.—An explosion of gasoline, which was being poured into a brazier, caused a destructive fire yesterday morning. J. Banks of Brantford, expert machinist, who was handling the gasoline, was perhaps fatally burned.

The blaze originated in J. Head's repair shop, and was confined to that block by the fire walls. The places destroyed are: Head's repair shop, photo gallery, bicycle store, music store, and the Erie Telephone central office; loss $25,000; insurance about $1,500.

J. W. Courtlange, grocery, loss by removal and smoke, $3,000, fully insured; building loss, $1,000; Cunningham, boots and shoes, $500, no insurance; J. W. Seymour, $500 on household goods, no insurance; J. C. Ingles, $200, fully insured.

Several barns and sheds were also burned at a loss of perhaps $3,000.

Hostilities Renewed.

London, Aug. 4.—Telegraphing Sunday from Tabriz, Persia, the correspondent of The Times says:

Hostilities were renewed Saturday and to-day there was shelling again, considerable number of the shells bursting in the European and Christian quarter of the city. Both the Royalists and the anti-Royalists need money, and are making forced levees to obtain funds. The business situation is pitiful. The Turks are still advancing in the Urumiah district, and the re-occupation of Suibalak may occur at any moment.

Forgot His Role.

Brockville, Aug. 4.—Peter Craig, a young man claiming to come from Carleton Place, is in the county jail here serving 21 days. Craig struck Gananoque dead "broke," and to recruit his finances, labelled himself, "deaf and dumb." The cash came, he got drunk, forgot his new occupation and was taken into custody by the police for using profane language.

Dog Poisoners At Work.

Brockville, Aug. 4.—Complaint is made to the police of the activity of dog poisoners. Many thoroughbred canines have gone to the happy hunting grounds by this route recently.

Chewed By Rats.

St. Louis, Aug. 4.—Unable to move or escape from the darkened and deserted cellar in which he had fallen, and at the mercy of swarms of fierce rats that ran over his body and bit him, John Nicolay, jr., lay for twenty-two hours in the cavern of the Lemp Brewing Co., crying in vain for help. He was rescued by a foreman, who heard his cries.

Was Head of Civil Cabinet.

Berlin, Aug. 4.—Dr. Frederick K. H. Von Loanus, chief of Emperor William's so-called civil cabinet, died here yesterday. He was born in 1831.

THE DEATH LIST IS NOW OVER EIGHTY THREE TOWNS ARE REDUCED TO ASHES

Seven Thousand Persons Are Homeless, and Losses Will Exceed $5,000,000--Hosmer is Also Heavy Sufferer--Prisoners in Jails Are Set Free--Other Cities Are Rushing Assistance to Stricken Towns---Disaster is Greater Than Can be Imagined.

Nelson, B.C., Aug. 4.—The latest news from the Crow's Nest Pass disaster shows a death list of 62, which will probably be increased to 70 or 80.

The property loss exceeds five million dollars.

About seven thousand people are homeless.

Fernie and Michel have been wiped out.

Coal Creek, five miles east from Fernie, is also destroyed.

Hosmer lost some ten houses, and the Coal Company's surface works were destroyed.

The powder magazine at Hosmer exploded, killing one man.

The five black hand suspects who were in Fernie jail were brought in irons to Cranbrook, and will be brought on here. The other prisoners were given their liberty.

Two hundred refugees will reach here this evening, and will be housed and looked after.

Nelson raised $2,000 yesterday, and sent Alderman McMorris and two carloads of food and clothing to the scene.

Vancouver wired $5,000, and Spokane rushed in a carload of provisions.

The Daily News publishes an extra this morning with the following account of the disaster from its special correspondent at Fernie.

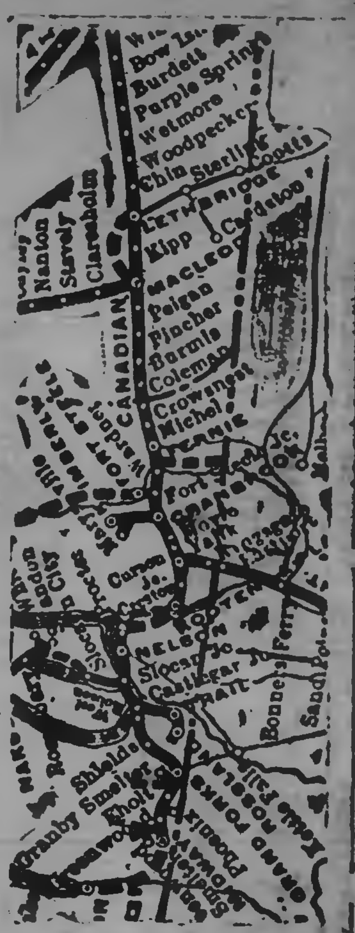
"Fernie is in ruins. Only thirty-two houses have survived the disastrous fire which swept the city out of existence yesterday. It is not definitely known as yet whether any lives were lost in the city proper, but the finding of several corpses in the neighborhood of the city is reported, and it is feared many have perished in the relentless flames.

Had Small Beginning.

"The fire originated in a bush fire that has been burning for the last month, in the limits of the Cedar Valley Lumber Company to the west of the city.

"On Saturday a gale of wind started early in the morning with the force of a cyclone and revived the fire that was supposed to be quenched. By about 11 in the forenoon it had spread to the coal ranch.

"The fire jumped the river about 3 o'clock in the afternoon, striking the south end of the town. The Fort Steele brewery was the first to go, and from there the sparks carried the fire into the old town, which was soon a pall of smoking embers. At the same time the Elk Lumber Company's mill and the Cedar Valley mills caught fire, and in an incredibly short time West Fernie was a seething mass of flames, the people fleeing for their lives. The conflagration jumped the river by the wagon bridge, and inside half an hour the entire business section was in flames, owing to the high wind scattering the burning shingles in all directions, and for long distances.



Map of Crow's Nest Line and East Kootenay District.

"When at its worst the fire was taking springs of over a hundred yards in length and zigzagging in all directions.

"The damage cannot fall short of five millions of dollars, the greater loss falling on the C.P.R., which lost the coal tipple, coal bunkers, depot, freight store, water tower and over one hundred cars; the Trites Wood Co., which lost its magnificent store and stock, and the lumber companies, whose mills, limits and stock is wiped out. Fully twenty-five million feet of manufactured lumber is gone.

"The extent of the disaster can be measured better by the recital of the few buildings left standing than by a detailed list of the widespread destruction. There remains of what once was Fernie and the erections that housed a population of about seven thousand souls, ten or eleven small cottages and five or six residences, all situated near the park. For the rest there is not a store, bank, hotel or business concern of any sort or description left standing except the offices of the coal company, the Great Northern depot and water tank and the big concrete warehouse of the Trites Wood Co.

"On Baker avenue and the park a determined effort was made to stay the conflagration, and to the heroic work of the residents and the firemen the few remaining houses owe their preservation.

"About three hundred men, women and children fled to the coal company's office. The fact of that building being isolated and surrounded by spacious lawns, suggesting it to the panic-stricken people as the only place in town that offered the slightest hope of refuge. Willing volunteers ascended to the roof and fought like heroes for hours amid the scorching heat and suffocating smoke. The water pressure remained good and several lines of hose poured tons of water on the structure.

"The large new court house and the new postoffice and customs building were directly opposite and it was while these were burning that the greatest danger existed.

"Again and again swirling masses of sparks found entrance to the attic and a bucket brigade did yeoman work in quenching them. Store after store and hotel after hotel caught, and despite the efforts on the part of the fire fighters they fell one by one, until not a building of any description or kind remains standing north of Walmsley street save the residences of W. R. Ross, M.P.P., D. V. Mott, the Catholic priests', Coal Company office, residence of J. T. Telfer and the Western Canada Wholesale Co.

"The scene at night was awe-inspiring, the lumber piles in West Fernie blazing fiercely, the mountains on every side a mass of flames and the town itself lighted up by the smouldering ruins."

The Nelson (B.C.) Daily News reporter wires from Cranbrook, B.C., as follows:

"Having seen the results of the calamity at Fernie, I must say that it is more entirely extensive than any report gave reason to believe.

"It is a disaster not paralleled in the interior of British Columbia, and one calls for the promptest action on the part of the public.

"Some three thousand people, mostly women and children, have to be housed and cared for until they shall have time to look about them. These are being shipped to Cranbrook, where every public and nearly all the private houses are being used as temporary shelters for the homeless and in many cases naked refugees.

"Hundreds slept Sunday night in the open without blankets or covering of any sort. Relief committees have been organized and food is being supplied to all. Special constables have been sworn in and the town or what is left of it is orderly.

"The relief committee organized by Mayor Fink has got away two trains filled with provisions of every kind—blankets, stoves, flour and all the simple requirements. There are many mouths to feed and every one here is taking a practical hand at trying to alleviate the sufferings of those who have come to us in their dire necessity.

"According to reports, sixty-one men and two women have been burned to death at the number four camp of the Elk River Lumber Company. Four men were found burned to a crisp on the C.P.R. tracks near Hosmer."

Toronto has placed $5,000 at the disposal of the sufferers.

Regina wired $500 without delay on Sunday.

Premier McBride, of British Columbia, telegraphed to the government agents at nearby points instructing them to do all in their power to relieve the situation.

Calgary Council held a special meeting Sunday afternoon and forwarded a train load of supplies in the evening which included 15 tons of flour, half a ton of oatmeal and cornmeal, ton of potatoes, five thousand pounds of shoulder bacon, one hundred tons of cooking utensils, twenty-five camp stoves and one thousand loaves of bread.

Sir Wilfrid Laurier has instructed General Macdonald to place all militia tents blankets, etc., in British Columbia at the disposal of the fire victims. The Federal Government will take no action regarding money till it learns the details.

Loaded with provisions, clothing and bedding, a special car was attached to yesterday's trains over the Spokane International railroad for Fernie, B.C., to aid the thousands made destitute by fire in the district.

KIMBALL IS ARRAIGNED

Tilbury Police Chief Released on $15,000 Bail---Manslaughter the Charge.

Tilbury, Aug. 4.—Elliott Kimball, police chief at Leamington, who has been in jail at Chatham for a week past, charged with manslaughter in having shot and killed Wm. Healey while the latter was trying to avoid arrest, was brought before Magistrate Callwood yesterday afternoon.

He was committed for trial at the October assizes, and was released on $15,000 bail, the bondsmen being R. H. Mills of Romney Township, J. J. Irwin of Tilbury East, and the prisoner himself.

Dr. J. McColl, who conducted the postmortem, said that Healey was in a stooping position when shot. Other witnesses inclined to the theory that the shooting had not been intentional, but Miss Mary Wellington, who had believed herself Healey's wife, thought otherwise. When shown the revolver she covered her eyes and would not demonstrate with it or with another revolver how she had seen Kimball hold it when the fatal shot was fired.

Homecoming a Success.

Guelph, Aug. 4.—Though yesterday practically marked only the opening of old home week, the crowds of old boys and girls who poured into the city on every train were such as to guarantee that the celebration will be a success in every way.

The citizens parade leaving the city hall at 1.15 and the evening parade at 7.30 were both successes. Madame La Hoit, who is 7 foot 2 inches in height, was dressed in a directoire gown and made a great hit.

Volunteer Firemen Meet.

Thorold, Aug. 4.—The first meeting of the Provincial Volunteer Firemen's Association Convention for 1908 was held at Thorold yesterday afternoon with A. J. Fisher, president of the association, in the chair. Addresses of welcome were given the visiting delegates by Mayor Williams, Mr. McMann, president of Thorold board of Trade, and Councillor McClary.

French Warship Departs.

Quebec, Aug. 4.—The French cruiser Admiral Aube succeeded in recovering her lost anchor and chain last Saturday night. She left for sea yesterday morning.

Quartermaster Gunner Guedes, who had an arm amputated as a result of an accident aboard ship shortly after arriving at Quebec, has been awarded the military medal of France.

Slashed With Razor.

Toronto, Aug. 4.—Pietro Pansera, 256 Niagara street, went into Philo Lamb's hotel at 96 Agnes street with a friend last night. A dispute arose, and the friend drew a knife, slashed him across the neck and on the hand and then decamped. Pansera was removed to St. Michael's Hospital, where 15 stitches were required to close the wound in his neck.

LEGISLATION RATHER SLOW IN THE BRITISH COMMONS

Record up to Saturday's Adjournment For Summer Vacation Shows Passage of Pensions Bills and Irish Universities Act.

London, Aug. 4.—Of twelve important measures foreshadowed in the King's speech at the opening of Parliament in January, just two had been passed up to the adjournment Saturday for the summer vacation. These were the Irish universities bill and the old age pensions bill, neither of which was opposed in principle by the Opposition, although the House of Lords amended some clauses of the pensions bill, only, however, to have them rejected by the House of Commons and to accept the rejections when the bill was returned to the Lords in its original form.

The old age pensions will become operative Jan. 1, 1909, so that only three months will be chargeable to the present financial year, and no great increase in the budget will be necessitated. For the first full year, however, the Ministers estimate that six million pounds sterling (about $30,000,000), will have to be found.

There were many minor bills passed, although the first part of the session had been fruitless, but the extensions have been put off until the autumn sitting. These include the licensing bill, which reached the committee stage and was strenuously opposed in the House of Commons; and unless it is radically amended it will be thrown out by the House of Lords.

Next in importance comes the education bill, on which, however, an effort is being made to reach a compromise.

The Government got well forward on the measure to establish the eight-hour day in the coal mines.

The port of London bill reached the committee stage in the House of Commons. The bill proposed to establish a new port of entry in London, which will extend river accommodation to shipping, so if necessary new docks may be constructed. Under the bill the purchase of docks will not be compulsory.

The children's bill, which aims at the abolishment of juvenile smoking, the discontinuance of the practice of sending children under 16 years of age to jail, the establishment of children's courts, and making better the supervision of children's homes, is another measure which will take up some time at the fall session.

License Holders in Trouble.

Kingston, Aug. 4.—As a result of a visit to the city the past few days of two liquor detectives, some live sensations are promised, although the police magistrate and police are mum on the matter. It is stated, however, that a large number of licenseholders will come before the magistrate for irregularities.

Respectable Burglars.

Belleville, Aug. 4.—Harold Newton and Willie Marlow, young men of this city, have been arrested at Niagara Falls and confessed to breaking into Haines' Shoe Store here last Thursday night and stealing money. They are of respectable families and will be brought back for trial.

Shoots Two and Self.

Paducah, Ky., Aug. 4.—Jas Kelly, 19 years old, late last night shot his sweetheart, Miss Eva Sleeter; killed "Link" James, a young man with whom she had gone driving near Metropolis, and then committed suicide. The girl, shot through the abdomen, will probably die.

Farmer Killed.

Underwood, Aug. 4.—About three miles from here yesterday morning Duncan McKenzie, 70 years of age, one of Bruce Townships pioneers, was instantly killed while driving a team of horses. They took fright at a threshing machine, pitching him off the wagon and a wheel ran over his neck.

Roberts Is Resting.

Ottawa, Aug. 4.—Lord Roberts is spending his time quietly at Rideau Hall.

He has definitely decided to call off all his Canadian engagements.

London Treasurer Dies.

London, Aug. 4.—John Pope, city treasurer of London since 1888, died last night after three weeks' illness from a general breakdown. Mr. Pope had been in ill health for a year. He was born in Surrey, England, in 1834, and came to Canada in 1853. In 1867 he came to London. He was a lifelong Sunday school worker.

He is survived by three sons and three daughters.

STRIKE STARTS

Special to Review

Winnipeg, Man., August 4—A strike of the Mechanics' union on the C.P.R. system has been called effective at 10 a.m. tomorrow,

GRANT MAY BE MADE TO FERNIE

Finance Committee Given Power to Act in the Matter

At the council meeting last night the question of making a grant to the Fernie fire sufferers was discussed. The Mayor pointed out that Toronto had given $5000 and Hamilton $500.

Ald. Morrow thought something should be done. If the council was not prepared to act, the matter, should be left to one of the committees.

Ald. Morgan said he did not believe it would be advisable to give a donation until it was asked for.

Ald. Turner moved that a grant of $100 be made.

Ald. Elliott said Peterborough had sent foodstuffs manufactured here at the time of the San Francisco disaster. It advertised the city. The same might be done this time.

There was some more discussion, and at last Ald. Johnston and Phelan moved that the matter be referred to the finance committee with power to act.

This was carried.

Cure For Lockjaw.

Pittsburg, Aug. 4.—The Magee Annex, also known as the Pasteur Institute, attached to the Mercy Hospital of Pittsburg, last night came to the fore with what it claims is the first real cure for tetanus, or lockjaw. Magnesium sulphate injected into the spinal column is said to have affected the cure.

Boy Burglars Caught.

Brantford, Aug. 4.—Geo. Mushberger and Paul Steves, aged 17 and 15, were arrested in a farm house between Paris and Brantford, where they were taking supper. They are charged with entering the store of Charles Mitchell, sporting goods, and A. McFarlane's gents' furnishing, on Saturday night.

THE REGETTAS

The dates of the regatta on the Kawartha Lakes in this district are as follows;

Sturgeon Point, Thursday, August 6th.

Stony Lake, Monday, August 10th.

Chemong, Thursday, August 13th.

OBITUARY

MRS MARVIN KNENKEDY

Mrs. Marvin Kennedy, nee Miss Mabel McLeod, of Sarnia, passed away at the Sarnia general hospital yesterday morning at five o'clock.

Deceased is survived by her husband and relatives in Sarnia. Mr. H. P. Kennedy left yesterday morning to be in Sarnia for the funeral.

Textile Trades Investigated.

Montreal, Aug. 4.—The enquiry into the condition of the cotton workers in the Province of Quebec before, during and subsequent to the recent strike, was resumed yesterday before W. L. Mackenzie-King, the royal commissioner.

Mr. Ouellette, who lays claim to the union presidency, the validity of his election, however, being disputed by Mr. Gignac, was the only witness. He said that most troubles arose out of misunderstandings. He thought a permanent board of arbitration should be formed, one representative to be chosen by the employes, another by the employers and the third selected by these two. Their decision should be final.

"Human Arrow" Hurt.

Toronto, Aug. 4.—"Dare Devil Lotto," or, correctly speaking, William Sleeph, seriously injured his spine while diving from the 125-foot electric tower at Scarboro Beach Park yesterday afternoon.

Thousands of people witnessed with horror the last plunge that the plucky little fellow will make for a long time to come. His body struck the net with the resounding thud of a 9,000 pound impact, rebounded about 18 feet into the air and fell back into the corded basket a limp mass.

Lotto is 35 years of age, and has been in the "human arrow" business for 14 years.

British returns show that from January to May, 17,400 persons from Canada landed at United Kingdom ports.

HURRICANE SPOILS THE RUN BUT GREAT TIME IS MADE

Warship Bearing Prince of Wales Meets Heavy Storm in Straits of Belle Isle, But Averages 21 Knots From Port to Port and 25 From Land to Land.

Cowes, Aug. 4.—The British cruiser Indomitable, with the Prince of Wales on board, arrived here at 9.40 last evening from Quebec.

The Indomitable left Quebec about daybreak on Wednesday last, and maintained an average speed of 21 knots on the voyage across. The slower pace necessary while in the St. Lawrence was, of course, a handicap.

British navy officials were watching with interest the reports regarding the performances of the Indomitable.

This battleship cruiser—for she combines the speed of a cruiser with the armament of most battleships—left Quebec on the morning of July 29, and although caught in a hurricane about the Straits of Belle Isle, wireless telegraph reports received at the admiralty yesterday contained the welcome news that the big vessel had maintained the high average speed of 21 knots and that she expected to drop anchor off Cowes at 6 o'clock last evening.

Taking into consideration the delay caused the Indomitable by the hurricane, this average is looked upon by naval officers as satisfactory.

Ottawa, Aug. 4.—Earl Grey last evening received a message from the Prince of Wales announcing his safe arrival in England.

The message read: "Arrived safely at Cowes after most successful voyage. We averaged over 25 knots from land to land."

The average from port to port was 21 1-2 knots.

Maybe No Merger.

Montreal, Aug. 4.—The meeting on Wednesday of the directors of the Mexican Light, Heat and Power Co. will probably decide whether that company will tie up with the tramway company of the same city. As the power company now, the statement is made will earn nine per cent. on the common stock, it looks as if there might be a good deal of opposition to the merger.

Kaiser At Stockholm.

Stockholm, Aug. 4.—Emperor William and his party arrived here yesterday on board the imperial yacht, Hohenzollern, on a short visit to King Gustave. A fleet of Swedish warships met the imperial yacht at sea and later King and Queen of Sweden visited the imperial party aboard the Swedish royal yacht.

Woman Shoots Herself.

North Bay, Aug. 4.—Mrs. Maud Lamothe, keeper of a house of ill fame in the Township of Widdifield, one mile from North Bay, committed suicide Sunday night with a thirty calibre revolver. She held it in her mouth and pulled the trigger.

Visited the Pope.

Rome, Aug. 4.—Archbishop Farley of New York visited the vatican yesterday, and was received with great honor.

Caught Burglar.

Toronto, Aug. 4.—Charles Morton, 173 McCaul street, was observed by John Morrow, 137 Jamieson avenue, last night. Morrow says that the man was trying to break into the back door of 135 Jamieson avenue, the family there being away.

He grappled with the man and held him until the police took him into custody.

Million Dollar Fire.

Chicago, Aug. 4.—Fire yesterday destroyed the Burlington elevators E and F., the stock transfer warehouse of that road and either burned or rendered useless 100 box cars. The loss on the grain in the two elevators is placed by Armour & Co., who owned it, at $700,000. The total loss is placed at $1,000,000. No one is known to have been injured.

To Donate Warship.

New York, Aug. 4.—Leading members of the Syrian colony in this city started a movement to present Turkey with a modern battleship. The money to build the war vessel is to be raised among all the Syrians in the new world, their number being estimated at upward of 200,000, and the gift not only is to commemorate the granting of a constitution to the people of Turkey, but also to express the confidence felt by the Syrians and Young Turks in this hemisphere in the genuineness of the reforms.

The Daily Review

TUESDAY, AUG. 4, 1908.

INSULTING THE IMMIGRANT

"The unmarried unemployed in Peterborough and elsewhere may learn with interest that there will be needed in the Canadian west twenty-seven thousand hands to gather the harvest. If, instead of holding up street corners or killing time in profitless idleness, these persons took train for the Northwest, they would secure work at good wages, and, with saving habits, could secure enough means to put them comfortably through the winter, or could take homesteads, and, in another season or two, could be themselves employers of harvest hands. While there may not be in older Canada, employment available there are golden opportunities in the golden west, land enough to give every man a farm and a home, where, with thrift and industry, sturdy competence, if not wealth, would come. The stalwart pioneers who settled Ontario did not drop into cushioned seats, but had hard work and hard times before they conquered the forest and converted its pillared wastes into thriving farms and happy homes. Men of mettle, men of stamina, both physical and moral, are those who succeed in the work of home-making and fortune-building in a new country, like Canada. There is a difference between the homeseeker of half a century ago and the homeseeker of the present day. Then a farm and a home had to be made; now, the farm is ready made and the home follows with little of the toil, hardship and worry that marked the early days of Canadian up-building.—The Examiner.

A short time ago the Examiner directed the immigrants, who, poor souls, had been beguiled into Canada by a policy of falsehood, to go and earn a handsome competence by cutting weeds on the streets and in vacant lots. They were told in no gentle language that if they were out of work it was their own fault, although all that the Examiner could find for them in the way of work was weeds. Now we have admonition number two, in which men who have probably not a dollar left, in their vain search for work, are invited to go at their own expense to the west and no longer to make lazy guys of themselves by hanging around street corners. Such counsel as this is not only callous, it is cruel. Thousands of our own Canadian operatives are out of work, hundreds here in Peterborough, and the Examiner can find it in its heart to say to the immigrant that his El Dorado is farther and ever farther from realisation. Now the latter knows what is meant by the land of PROMISE.

A BAD OUTLOOK

The City Council of Toronto is finding difficulty with the unemployed. The Globe says that there are as many unemployed in the city now as there were at the beginning of the year. There is no prospect of an immediate revival of trade. The Globe admits that there is no hope of "catching up" till after a good crop in 1909. The banks, those arbiters of fortune in more ways than one, have decided to change their mode of procedure. Heretofore their line of credit has been with the merchants of the west themselves and in general directly with the debtors. They are now proceeding to shelter themselves behind the wholesaler, who is required to endorse the retailers' notes, who in return are getting behind the factory-owners. There is no prospect, therefore, for easing up by getting the banks to loan more money. They are tightening up instead of loosening up. This probably will explain the sudden calling of Liberal conventions for the selection of candidates in many places. Now or never. The following interview, taken from the Globe, will give a good idea of the outlook:—

EFFECTS OF BANKS' POLICY.

Last fall the banks changed their policy in regard to advancing money to western retailers. Where once they advanced the money and discounted the notes in the west, they decreed that the eastern wholesaler should take the notes from the retailer, so that they were deposited by and discounted to him in the east. It was very good for the banks. They had the wholesaler and the maker of the note to back it up. But it meant that the eastern houses have since fallen heir to much paper indebtedness, and it is to settle this they look to the western harvest.

NOT PAY INDEBTEDNESS.

One prominent manufacturer, whose interests are very diversified, made certain statements somewhat startling in their nature. In making them he stipulated that his name should not be used.

'I'm not a pessimist. I'm not an optimist,' said he, 'I've great faith in the west and in the prospects for this year's crop. But I do not think it is going to be the big 125-000 000 crop some reports try to make out. I have only recently returned from a trip through the west, and in my view the average yield should be 16 or 17 bushels to the acre. That I calculate would mean a ninety or ninety-five million bushel yield, a fair average crop.

"But do you know," he continued, "that the wheat crop this season will not liquidate 60 per cent. of the present indebtedness of the commercial men of the east. I speak advisedly. Eastern Canada manufacturers have been getting only a percentage of their money back from the wheat country for quite a long time. They are away behind in their accounts and these accounts must be straightened up before times will be normally prosperous again. Trade will not revive to any appreciable extent until after there has been grown and harvested a good crop in 1909."

"By commercial indebtedness might you mean the investments of loan companies in western lands?" asked the reporter.

"No," was the reply, "I mean money that is due the east for goods shipped and received."—The Globe.

EDITORIAL NOTES

Pageantitis is the latest form of disease. The cure is very expensive.

The Toronto Street Railway shows a considerable decrease in receipts for every day last week.

"Begor," said Pat, "a felly can send telegrams widout wires and can fly through the air in a ship nowadays. I belave you and me'll soon be able to spind our holidays widout lavin' home. Eh!"

The idea of watering the streets for Sunday is worthy of all praise. Why should Sunday, if at all windy be a perfect plague day of dust and flying papers? No doubt arrangements could easily be made.

Mr. R. R. Gamey, whose revelations finally did for the rotten Ross Government of Ontario, it is said, will oppose Mr. Aylesworth in South York in the parliamentary election. That should make a contest worth going to see. Mr. Gamey is noted for saying things that sting and in the same gentle art Mr. Aylesworth is no slouch. —Montreal Gazette.

"I believe that in a very few years England will put a tariff on goods coming into the country. The people are coming more and more to have this idea, and the feeling is bound to keep on growing," said Postmaster H. J. Finkle, of Woodstock, who with Mrs. and Miss Finkle, has just returned from England, says the Sentinel-Review.—Stratford Herald.

Referring to the much-discussed reform by the Attorney-General of the provincial police, the Hamilton Spectator says:

Our suggestion was that a provincial force be maintained at all times with headquarters in Toronto, and branches at, say, London, Kingston and Ottawa, the geographical distribution being such as to enable the force to respond to any sudden demand without deplorable loss of time.

"The Samaritan version of the Book of Joshua," claimed to have been discovered by Moses Gaster, turns out to be a badly copied and modern manuscript made up from the Masoretic text and Arab chronicles. Prof. Yahuda has written a treatise in which he effectually disposes of the idea that the manuscript is an original one of great antiquity. How many more of these fake discoveries are to be palmed off upon the public.—Hamilton Times.

The complete vindication of Rev. Dr. Pringle in the Yukon, by the confession of a dissolute woman, who had been induced to make a false affidavit by agents of the Laurier Government, will be hailed with keen satisfaction by every lover of truth and justice. This startling expose shows to what extremes partisan rancor will reach in order to protect those detected in their wild course of crime and debauchery.—Hamilton Spectator.

Regarding the Saskatchewan elections the Winnipeg Tribune says;—"Here are the elections two weeks and a half away, and everything pertaining to voters' lists, the election act, the proper selection of candidates, is a hopeless muddle. And the farmers will be in the midst of their harvesting operations, the busiest weeks of the year, just at the time when they are up early, to bed late, toiling to get money enough to pay over $100 taxes per family to meet the Ottawa obligations incurred this year, to say nothing of the Saskatchewan levy, the municipal levy, and enough to live on for the remainder of the year."

THE FRUITS OF THE EARTH

Seem To Be Nature's Provision For Keeping Man Healthy and Warding Off Disease.

Cereals, vegetables and meat supply the elements needed for man's nourishment. Yet fruit — though it has very little food value—has proved to be absolutely necessary for perfect health.

Careful investigation has shown that all the common fruits act on the Liver, Kidneys, Bowels and Skin. These are the organs that rid the body of dead tissue and waste products, and the fruit juices stir them up to more vigorous action, thus keeping the whole body clean and healthy.

But few people eat enough fruit. Realising this, after several years of experimenting, a prominent Canadian physician succeeded in combining the juices of apples, oranges, figs and prunes in such a way that the medicinal action is many times multiplied. Then he added valuable tonics and made the combination into tablets called "Fruit-a-tives." They are really Nature's cure for Constipation, Indigestion, Biliousness and Stomach Troubles. Mild as Nature itself — but more prompt and effective. Sold by dealers at 50c. a box—6 boxes for $2.50—trial size box 25c. Fruit-a-tives Limited, Ottawa.

THE TRUTH ABOUT THE FINANCIAL STATUS OF CANADA

The Canadian Trade Review of Montreal is in its twenty-second year of publication and is recognized as the foremost trade review of Canada, and one of the best on the continent. It is devoted wholly to the interests of trade. We clip the following amazing statement of its summing-up of the year's business to date;

"It will be seen that the decline was wholly in Customs, which dropped $1,436,000. It is to be expected that July, August and perhaps September will show heavy decreases in receipts. The stringency began to be felt in October last, so that by October we shall be comparing the returns of this year with the returns, not of the boom part of 1907, but with the panic part. Accordingly some increases may be expected.

The present indications are that the revenue will be somewhere about $85,000,000; perhaps rather below than above it.

The net debt stood on June 30 at $288,710,292, an increase in the month of $5,194,796, and on the year of rather over $18,000,000. The finance department also has made public the final and corrected figures for 1907-8.

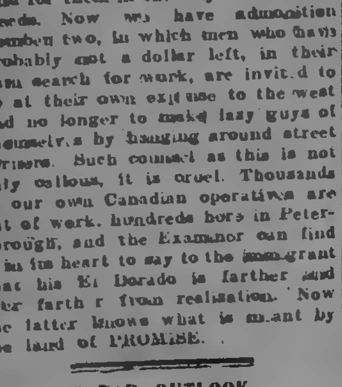
These figures are—

Revenue	$96,054,505.81
Consolidated Fund expenditure	76,641,451.59
Capital, amount, etc	35,253,979.46
Total disbursements	111,895,431.05
Nominal surplus	19,413,054.22
Actual deficit	15,840,925.24

The debt on March 31, 1908 stood at $277, 960,859.95, an increase of $14-268, 900. 88 over March 31, 1907. It is probable that at the end of the current financial year the debt will exceed $330,000,000. One estimate made puts it at $320,000,000." —Canadian Trade Review.

It will be seen from the above that the Trade Review considers that there is an actual deficit on the last financial year's business of $15,000,000. It refers it will be observed to Mr. Fielding's surplus as "nominal." A rapidly falling revenue and an increase in foreign obligations of fifty-millions at least, in the present year, with a huge and ever increasing drain for payments of interest abroad together with a balance of trade payments hundreds of millions against us and the great corporations in a position of absolute dominance in addition to a glutted labour market, cannot be said to present an alluring prospect. The frantic efforts of the ministerial press to boost Sir Wilfrid do not harmonise with the present condition of Canadian trade and commerce. Everywhere preparations are being made against a hard winter. It seems unreasonable that a land of sunrise and opportunities like Canada, if ever there was one should be a land of sunset and gloom. Where are our savings going. The answer is at hand—to the men who have a mortgage on us, namely the foreign capitalists. A mortgaged farm or a mortgaged country are in the same hapless state. There must be retrenchment not expenditure. Even the capitalists are beginning to shrug their shoulders at Canada.

Wm Royle, of the St John police force died at Lingan, C.B. aged 67.



Wood's Phosphodine,
The Great English Remedy. Tones and invigorates the whole nervous system, makes new Blood in old Veins. Cures Nervous Debility, Mental and Brain Worry, Despondency, Sexual Weakness, Emissions, Spermatorrhoea, and Effects of Abuse or Excesses. Price $1 per box, six for $5. THE CENTAUR COMPANY, 77 MURRAY STREET, NEW YORK CITY.

PLEASANT SUMMER DAYS WITH THE STONY LAKE COTTAGERS

Some Lake News From the Centre of Kawarthadom—Improvements at the Pavilion.

Special Correspondence,

Stony Lake, Aug. 4.—The season at Stony Lake is at its height and everything is gay and lively. All the cottages are filled and each has its quotas of visitors from a distance. The pavilions at Juniper Island and also at Crowe's Landing are the favorite meeting places of the young people and nightly dances are held. The new piano at Juniper is a good instrument and is much appreciated by those who furnish the music.

WEEKLY CONCERTS.

The east end cottagers have arranged for a series of weekly concerts, the proceeds of which will be in aid the piano fund. At the one held last week the amount of $22 was raised and the committee in charge hope to raise a larger amount each week till the end of the season. A good programme is being arranged for this weeks' concert, and the charge for admission is 15 cents or two for 25 cents.

JUNIPER ISLAND PAVILION.

At the service on Sunday last at Juniper Island Pavilion there was a very large attendance. Many being unable to get seats inside and had to be contented with "rock seats." The service was particularly pleasing, Miss Craig, of Fergus, Ont., and Mr. R. A. Shaw being the soloists. Next Sunday Rev. Dr. Rankin, of Toronto, will preach at the morning service, while the following Sunday Rev. J. E. Starr, of Toronto, will have charge of the service.

CHAIRS AT PAVILION.

In order to increase the seating accommodation the committee have decided to put in chairs in the pavilion in place of the benches that are now used. Besides being a great deal more comfortable the chairs will seat more and if there is as large an attendance at the remaining Sunday services they will certainly need them. A bonfire song service was held at "Kilema," Hon. Laurence Graham's pretty cottage on Sunday evening. There was a very large attendance of the cottagers and the lake was was covered with all crafts from canoes to steamboats.

The upper end of the lake is also gay and the new pavilion at the Landing is the objective point of the young people each evening.

The boats were all very late in reaching their destinations on Saturday on account of the number of calls to be made and the large amount of baggage and freight to be handled. On account of the rain and the fact that the steamers were so late the dance at Juniper Island on Saturday evening was not as largely attended as usual.

At Glenwood there are many who are thoroughly enjoying their outings. The fishing has never been better and good catches are being made every day.

One morning last week Mr. Chas Gryles was trawling in front of Greenwood and caught five lunge. This is a record for that part of the lake.

The following are registered at Greenwood.—Charles Koanse and Mrs. Koanse, Cleveland; Geo. Schmitt, Robt. Linderville, Geo. O'Grolls and Mrs. Groll, and O. M. Lyman, all of Cleveland, Ohio; Miss E. Might, Peterborough; Mr. Ed. Walker, Cleveland; Mr. Herb. G. Baggs, Toronto; Miss Mollie Thompson, Toronto; Mr. William Parkinson, Toronto.

At Kilkenny the guests are enjoying themselves to the fullest extent. Those who are there at present are a jolly party from Toronto, who are chaperoned by Mr. and Mrs. Collett.

The party includes Miss Edna Lee, Miss Grace LeRoy, Miss Bevie Brady, Miss Margaret Cosgrave, Mr. Charles Starr and Mr. Richard Meredith.

Misses Susie Campbell and Mabel Clarry are also registered as is Mr. Louis Potvin.

Miss Alice Donnell is at Kilkenny for a few weeks vacation from Jackson Health Resort, Dansville, N.Y.

Mr. and Mrs. Russell, of Florida, and two sons who are attending the the Grove School at Lakefield, are occupying Mr. Carey's cottage for the month of August.

Mrs. Wm. Pringle, and Master Donald, were the guests of Mr. and Mrs. Carey for Sunday.

Mr. and Mrs. Crossman and Mr. and Mrs. Henderson, of Norwich, were the guests of Mr. and Mrs. John Nugent for Sunday.

Miss Jessie Crossman is the guest of Miss Genevieve Sanderson.

Miss Marjorie Mann is the guest of Mr. and Mrs. B. Shortley at Stoneleigh.

Mr. Ross Cameron is spending his vacation at Syndicate Island.

Mrs. Geo. Burnham, of Toronto, and Miss Agnes Hall, are the guests of Mrs. Z. Burnham.

Mrs. W. J. Morrow, of New York, is the guest of Mrs. H. LeBrun at Belle Champs.

Mr. and Mrs. W. C. Ackerman and child are spending a week at Col. Edwards' cottage.

Mr. Bruce Gillespie is one of the guests at Victoria House, McCracken's.

Mr. Will Martin is spending his vacation at the Lake.

Mrs. Court Poussette and children are guests at Woodside, Clear Lake.

Miss Luella Morrow and Miss Amy Stirling, of Toronto, were the guests of the Misses Morrow, for Sunday.

Senator Brown of Hamilton, is a guest of Mr. and Mrs. A. L. Davis.

Mrs. White and Mrs. Thomas Morrow were the guests of Misses Morrow, for Sunday.

CARTER'S LITTLE LIVER PILLS.

CURE

Sick Headache and relieve all the troubles incident to a bilious state of the system, such as Dizziness, Nausea, Drowsiness, Distress after eating, Pain in the Side, &c. While their most remarkable success has been shown in curing

SICK

Headache, yet Carter's Little Liver Pills are equally valuable in Constipation, curing and preventing this annoying complaint, while they also correct all disorders of the stomach, stimulate the liver and regulate the bowels. Even if they only cured

HEAD

Ache they would be almost priceless to those who suffer from this distressing complaint; but fortunately their goodness does not end here, and those who once try them will find these little pills valuable in so many ways that they will not be willing to do without them. But after all sick head

ACHE

Is the bane of so many lives that here is where we make our great boast. Our pills cure it while others do not.

Carter's Little Liver Pills are very small and very easy to take. One or two pills make a dose. They are strictly vegetable and do not gripe or purge, but by their gentle action please all who use them.

CARTER MEDICINE CO., NEW YORK.

Small Pill. Small Dose. Small Price.

THEATRICAL

A prominent American dramatic critic concluded a recent play review with this sentence. "If a wholesome, honest, cleanly play that alternates pathos and laughter with gatling gun rapidity is what theatre-goers want, they will go to see "Quincy Adams Sawyer," and it is quite evident, they are going.

In these few words he summed up the facts and the reasons therefore that epitomize the success of the great rural play that for four years has been touring the country to record breaking houses everywhere. The great masses of the people want their drama to be wholesome and cleanly; they leave the highly seasoned dramatic pabulum to the so-called society epicures. They want "no problems", no suggestive disquisitions upon topics that, outside of the theatre, are not discussed in public.

"Quincy Adams Sawyer" gives them an honest story of wholesome people told brightly with great human interest. The pathos is of the decent sort and is never obtrusive. The fun, while fast and furious, is always cleanly. In addition, the play is given the most complete and elaborate production possible to the modern stage. The company has been selected with special reference to the fitness of the players for the work they are to perform and the ensemble shows that completeness which is welcomed by the theatregoers.

When the play is seen here at the Grand Opera House on September 8, the proof of all these statements will be so self-evident as to be indisputable.

SOME DARING ESCAPES.

Recent Toronto Jail Delivery Not First In History.

The recent sensational jail delivery in Toronto recalls the notorious escape of the Spellman-Pearce-Jarvis trio from Toronto Jail on Sept. 13, 1889, which event created remarkable interest at the time, and is still spoken of in police circles as an example of what combined desperation and ingenuity can effect.

By artfully spreading reports that the death of Michael Haynes, a fellow prisoner, was due to smothering, Ringleader Spellman succeeded in focusing the attention of the jail authorities upon an inquest on the body. Governor Green was then in charge. When the inquest was over, it was discovered that the three men had made good their escape from a barred window, twenty feet above the ground. The two big bars had been sawed through by means of a saw of finely-tempered steel, which, in some unknown way, had been obtained by the convicts. The work had evidently gone on for days, and marks had been skilfully hidden by filling in the cracks with soiled paper. The men had apparently leaped from the window to a wall. All three were burglars of most desperate character.

Spellman was caught two days later, near Sharbot Lake, 175 miles to the east, by Detective Slemin, now chief of police of Brantford. Hugging the theory that the man had struck for Brockville, where they had friends, he was standing on the train platform when he saw three dark figures emerge from the night shadows and leap aboard the train at Tweed. Near Sharbot Lake they sprang off, and Slemin intrepidly followed, capturing Spellman, who was armed, after a desperate fight, and earning a reputation for indomitable courage.

On Oct. 3, Charles Jarvis was run to earth by Detective Alf. Cuddy and Chief of Police Hoy of Prescott, the capture taking place near Prescott. Five days later Jarvis and Saunderson, another convict, made another break for liberty, a door having been left open. They were caught that night in a Toronto restaurant.

Pearce was not apprehended until some weeks later, thereby closing an eventful chapter in the history of the jail.

The most sensational attempted escape was that of Rice, Rutledge and Jones, on June 4, 1901, when someone threw revolvers into the carriage in which they were being driven back to the jail, and within a few blocks from it. In the melee, Constable Boyd was shot and killed. Jones was shot and died from his injuries, Rutledge committed suicide in the jail, and Rice was hanged.

Some three years ago the notorious, though hardly dangerous, Quackenbush, and two associates made a break for liberty while leaving the police van to enter the jail door, and reached the streets, but were soon taken.

The Indian Disrobed.

Tom Curry, an Indian, divested himself of his clothing as he ran away from pursuers at Melbourne, Ont., and when caught he was in a state which reminded his pursuers of the Indians of old. Curry was thought to have been guilty of housebreaking. It was at an early morning hour that the posse got on Curry's trail, the Indian having a two and a half mile start. Finally, however, in spite of his haste in doffing the garb of civilization, his pursuers caught up to him. He climbed a tree, but came down in nature's garb, when he realized that he could not stand a siege. Later, while the people of Melbourne were holding a council of war over him, he slipped away from his captors and took refuge in some bulrushes. There he was again discovered, and this time secured beyond chance of escape. He was sent to London to stand trial.

THE MARKETS.

Wheat—August $1.05¼ bid, October 96⅝c asked, December 93c asked.

Oats—July 41⅝c bid, October 39c bid.

Cook's Cotton Root Compound.

The great Uterine Tonic, and only safe effectual Monthly Regulator on which women can depend. Sold in three degrees of strength—No. 1, $1; No. 2, 10 degrees stronger, $3; No. 3, for special cases, $5 per box. Sold by all druggists, or sent prepaid on receipt of price. Free pamphlet. Address: The Cook Medicine Co., Toronto, Ont. (formerly Windsor)

New York Dairy Market.

NEW YORK, Aug. 3.—Butter—Weak; receipts, 11,179; creamery, specials, 22½c; extras, 21½c; third to first, 18c to 21c; state dairy, common to finest, 18c to 20½c; process, common to special, 15c to 20½c; western factory, first, 18½c to 19c; imitation creamery, first, 19½c.

Cheese—Steady; receipts, 607; state, full cream, specials, 12¾c to 13¼c; do., small, colored or white, fancy, 12c; do., large, colored or white, fancy, 11¾c; do., good to prime, 11c to 11⅝c; do., common, 9½c to 10¾c; skims, 1½c to 9⅝c.

Eggs—Irregular; receipts, 8868; state, Pennsylvania and nearby, fancy, selected, white, 26c to 27c; fair to choice, 23c to 25c; brown and mixed, fancy, 24c; good to choice, 21c to 23c;—western first, 19c to 19½c; seconds, 16½c to 17½c.

CATTLE MARKETS.

Cables Steady—Hogs Are Sharply Lower at Buffalo and Chicago.

LONDON, Aug. 3.—London cables for cattle are steady, at 11½c to 14½c per pound, dressed weight; refrigerator beef is quoted at 10¼c to 10½c per pound.

Toronto Junction Live Stock.

TORONTO JUNCTION, Aug. 3.—The receipts of live stock at the Union Stock Yards were 69 carloads, composed of 1302 cattle, 253 sheep and lambs and 5 calves.

Exporters.

Export steers sold at from $5 to $5.50; export bulls at $3.75 to $4.50. There were several loads of butchers' cattle and some common light exporters reported as being bought at $4.60 to $4.90 per cwt. for export purposes, to be shipped to the Manchester market. The fact of there being a fair demand by several dealers for the export trade was the main cause of drovers being able to do as well as they did to-day.

Butchers.

The two best loads of butchers' heifers and steers were sold at $4.90, loads of good, $4.60 to $4.75; medium, $4.10 to $4.40; common, $3.75 to $4; cows, $2.50 to $3.75; canners, $1 to $2 per cwt.

Feeders and Stockers.

There was nothing doing in either class.

Milkers and Springers.

Not many offered. Prices ranged at from $35 to $65 each, there being only one at the latter price.

Veal Calves.

Hardly enough to make a market were offered, and these sold at $3 to $5.75 per cwt.

Hogs.

Gunns, Limited, reported $6.65 f.o.b. cars at country points, and $6.90 at market, fed and watered, with an easier tendency.

Montreal Live Stock.

MONTREAL, Aug. 3.—(Special.)—The receipts at the Montreal stock yards, west end market, to-day totaled 1250 cattle, 250 sheep, 1100 hogs and 150 calves. For the week the receipts were 2572 cattle, 1143 sheep, 2124 hogs and 462 calves. Trade was active to-day and stocks were well cleaned out at about last week's prices. Choice cattle, $5.25 to $5.35; good to choice, $4.75 to $5; fair to good, $4.50 to $4.75; medium, $3.25 to $3.75; common, $2.25 to $2.75, canners, $2. Calves sold at $3 to $6, according to quality. Sheep were in fair demand at $3.50; lambs, $3 and yearlings, $4.25; good lambs were in big demand, but the common stock sold slowly. Hogs brought $7.25; sows, $5.75 and stags, $3.50.

East Buffalo Cattle Market.

EAST BUFFALO, Aug. 3.—Cattle—Receipts, 4400 head; best steady to 10c lower; others 15c to 25c lower; prime steers, $6 to $6.90; shipping, $5.50 to $6; butchers, $4.35 to $4.75; heifers, $3.50 to $5.50; cows, $3 to $5; bulls, $3 to $4.50; stockers and feeders, $3.25 to $4.25; stock heifers, $3 to $3.25; fresh cows and springers steady to strong, $22 to $54.

Veals—Receipts, 1300 head; active and steady, $5 to $8.

Hogs—Receipts, 12,000 head; slow and 20c to 25c lower; heavy and mixed, $7.20 to $7.30; yorkers, $6.75 to $7.25; pigs, $4.50 to $6.25; roughs, $5.50 to $6; stags, $4 to $4.50; dairies, $6.75 to $7.15.

Sheep and Lambs—Receipts, 2600 head; active; yearlings and mixed sheep steady; others higher; lambs, $5 to $6.50; yearlings, $5 to $5.25; wethers, $4.25 to $4.50; ewes, $4 to $4.25; sheep, mixed, $2 to $4.50.

New York Live Stock.

NEW YORK, Aug. 3.—Beeves—Receipts, 3122; steers slow and steady to 10c lower; bulls and cows 25c lower; steers, $5 to $6.70; bulls, $2.75 to $3.70; cows, $1.50 to $3.20.

Calves—Receipts, 4557 head; veals steady to 25c higher; buttermilks 25c lower; common to choice veals sold at $5.50 to $9.25 per 100 lbs.; a few selected lots at Jersey City at $9.50; culls, $4 to $5; grassers and buttermilks at $3.12½ to $4.12½.

Sheep and Lambs—Receipts, 5817; sheep 15c to 25c higher; lambs 25c to 35c higher; sheep sold at $3 to $4.75 per 100 lbs.; lambs, $4.50 to $7.25; one car at $7.50.

Hogs—Receipts, 5876; feeling firm; New York State hogs sold at $7 to $7.20 per 100 lbs.

Chicago Live Stock.

CHICAGO, Aug. 3.—Cattle—Receipts, 24,000; market, steady to 10c lower; steers, $4.75 to $8; cows, $3.00 to $4.65; heifers, $3.25 to $5; bulls, $3 to $5; calves, $4 to $7.00; stockers and feeders, $2.60 to $4.50.

Hogs—Receipts, 40,000; market, 10c to 15c lower; choice heavy shipping, $6.65 to $6.90; butchers', $6.60 to $6.90; light mixed, $6.40 to $6.85; choice light, $6.60 to $6.70; packing, $4.00 to $6.70; pigs, $4.50 to $6.35; bulk of sales, $6.50 to $6.85.

Sheep—Receipts, 25,000; market, 10c to 15c lower; sheep, $3.50 to $4.50; lambs, $4.75 to $6.65; yearlings, $4.25 to $5.35.

KNIGHTS HAD PLEASANT TIME

Annual Excursion Yesterday Was Highly Enjoyable—Many in Attendance

The local council of the Knights of Columbus held their annual excursion down the river yesterday. The steamer Otonabee was chartered for the occasion and all on board were loud in their praises of the big boat. About 60 or 70 members took in the trip and this number was increased to about 95 on the return voyage by the addition of a large number of Rice Lake people who took the opportunity of coming up to the city.

The excursionists had dinner at Gore's Landing, where later in the afternoon, the young people had a programme of sports. About four o'clock, the boat made the trip across the lake, to Idyl Wyld, and left for home about 5.30 o'clock.

Supper was partaken of on the boat and the return journey was enlivened by the singing of "Ye Old Time Songs," among those who were most instrumental in making the evening a pleasant one were the Rev. Father McColl and Mr. B. Morrow.

The excursionists reached home in good time and all were greatly pleased at the success of the day's outing.

An auction of the properties used in the Quebec pageant is proposed.

SUDDEN DEATH AT STONY LAKE

Mrs. W. G. Yelland, of Toronto, Passed Away at Cottage of Mr. B. Yelland

A telephone message was received in the city today conveying the sad intelligence of the death of Mrs W. G. Yelland, of Toronto, who passed away suddenly last evening while a guest at the summer cottage of Mr. H. Yelland, near Burleigh, Stony Lake. Mrs. Yelland, accompanied by her husband, came down from Toronto on Friday evening and stayed all night at the residence of his father, Mr. Wm. Yelland. Saturday evening they went to the lakes and this morning word was received that Mrs. Yelland had passed away as a result of a paralytic stroke. She had been in good health previously except that she suffered somewhat from rheumatism.

The news of her death came as a great shock.

The late Mrs. Yelland was about fifty years of age and was Mr Yelland's second wife. Her maiden name was Margaret Spence and she was a former resident of Peterborough. No children survive.

The remains were brought to Peterborough today.

Special discount on Cleveland Bicycles for the next two weeks, ending July 25th at F R J. Macpherson's. tf

HUCKLEBERRIES ARE PLENTIFUL

In Vicinity of Bethel--Other News From Emily Township

Special to the Review.

Bethel, August 4—Rev. R McCullough pastor of Omemee Methodist church will conduct the morning service next Sunday, and also administer the Sacrament of the Lord's Supper. We hope that a large congregation will be present.

A number of persons from this vicinity went huckleberrying last week and have returned home with plenty of fruit and greatly benefitted by the outing.

Miss Annie Doube and Mr Thomas Doube spent Sunday with Mr and Mrs. H Lang, of Chemong.

The Misses Florence Carey and Florence Tinny and Messrs Sayward Switzer and Allan Carey were visitors in Millbrook last Sunday.

Mr and Mrs. Frank Webster of Norwood spent a few days last week at the home of Mrs. Webster's parents, Mr and Mrs. W J Clarke's.

Mr. Clayton Telford of Bridgenorth was a visitor at Orange Corners last Sunday evening.

Miss Ida Switzer and Mr. Sayward Switzer visited Bobcaygeon last Sunday.

The Misses Mitchell and Lane of Toronto are the guests of Miss Mitchell's brother, Mr E Mitchell.

BIG SPOTS ON SUN'S SURFACE

Can be Seen if a Piece of Smoke Glass is Used

There are marked disturbances on the sun's surface today, so plain in fact that they can be seen, with the naked eye if a piece of smoked glass is used. Rev. Dr. Marsh was able to secure several good photographs of the "spots" which cover an unusually large area

WILL BE USEFUL INSTRUMENT

Fire Alarm Indicator is an Ingenuis Contrivance

As a part of the high-grade equipment which is being gradually installed in the local fire department's fire building, a new fire indicator has been ordered by the City Council.

The machine is made in the shape of a clock and registers both the time and the number of the box from which the alarm was sent in. It will be placed in the hall in such a position that it will be the first thing to meet the driver's eyes when he takes his place after the sounding of an alarm. From the numbers shown in the machine he is able to tell within about two blocks, where the fire is, and thus prevent any confusion arising as to the location of the blaze.

AN OBJECTION

To the Editor of the Review.

Sir,—As a consumer of milk, I object to the milkman standing talking so long each morning with the merry widows, while their other customers have to eat their berries without cream and infants are crying for their supply.

Yours truly,
CUSTOMER.

ALDERMEN AGREE THAT NEW TRUNK SEWER IS BADLY NEEDED

Ald Morrow Brings up the Matter at Council Meeting—Some Talk of Having Opinion of an Expert.

The Board of Works was instructed at last night's meeting of the City Council to secure information as to a new outfall sewer and take what action may be deemed necessary in the matter.

Ald. Morrow brought up the matter of another outfall sewer. It was badly needed and as miles of new sewers were being built every year, the necessity was becoming greater all the time. He favored having expert advice before proceeding.

Ald. Morgan said the Council could not go ahead with the sewer this year. An expert would cost from $25 to $100 a day. He thought the city engineer was capable of looking after the work.

Ald. Morrow said he wanted the Board of Works to take up the matter and do what was considered best.

Ald. Tovy agreed in some respects with Ald. Morgan. He knew another outfall sewer was badly needed, but it was no use getting expert advice if such advice was not followed. It had not been followed in the past. An expert had recommended putting the outfall sewer on Park street and it had been placed on Lock street.

Ald. Johnston, said the matter should be put in shape so that the people could vote intelligently on it at the next municipal elections.

It was moved by Ald. Morrow and McIntyre that the question of a new outfall sewer be referred to the Board of Works to take such action as may be deemed advisable.

This was carried.

SIZE OF ROLLER RINK
In last night's review a paragraph appeared telling of the opening of a new roller rink in Peterborough. The dimensions of the rink were not properly stated and should have read 150 x 75 feet.

TWO MEN HAD ROW.
There was some little excitement at the City Hall yesterday afternoon. Two strangers in town, were engaged in giving an impromptu exhibition of the gentle art of self defence. Chief Rozsel was sent for but by the time he arrived, the men had departed, doubtless thinking of that old maxim, "He who fights and runs away, will live to fight another day."

NOT OVER YET
The row on the G.T.R. train on July 13th has not been cleared up as yet. In the police court Saturday morning one of the men who is supposed to have been connected with the affair in some way, and who has been unable to appear owing to illness, faced Magistrate Moore. The case was adjourned until Tuesday. —Lindsay Free Press.

BOARD FOR NORMAL SCHOOL STUDENTS

The new Normal School will open on September 15th. Householders who can provide rooms and board for the students, should at as early a date as possible, send their names and address to the principal, Mr. D Walker, 271 Brock street, Peterborough. eodtf

PRINTERS ARE WORKING HARD

Complete Preparation Being Made for Picnic at Idyl Wyld on Civic Holiday

The printers are making great preparations for their annual picnic which will be held at Idyl Wyld on Monday, Peterborough's civic holiday. The programme of sports is an unusually attractive one and a big crowd is going along to enjoy the outing. Most complete arrangements are being made, and if the weather is fine the "Otonabee" should carry one of the largest crowds of the season.

Many improvements have been made at Idyl Wyld this summer and it is now an ideal place for a picnic.

EVENING TRIPS

Do not forget the delightful evening trips, per steamer Otonabee, Monday, Tuesday, Wednesday and Friday evenings of each week. There will be no evening trip this evening on account of the Knights of Columbus excursion to-day.

SALVATION ARMY BAND WILL PLAY

Splendid Programme Arranged for To-night's Concert

The Salvation Army Band will render the following programme this evening in Victoria Park:

March, "Southall," Band.

Selection, "Songs of Freedom," Band.

Instrumental quartette, "Evening Prayer."

Marche, "Plymouth," Band.

Selection, "Songs of Comfort."

This is a new and very fine arrangement.

Drum solo, representing a shunting train, troops on the battlefield, the firing of the rifles, and the boom of the canon, finishing with the march past. Bandsman Meadows. This is by special request.

Festival arrangement, "Hebrew Melodies," band. This selection was particularly arranged to commemorate General Booth's visit to the Holy Land.

Hymn, "Nearer My God to Thee," band.

March, "The Flag," Band.

God Save the King.

FOR 10 DAYS

Return limit August 11th, 1908. Secure tickets from Grand Trunk City or Depot Agents. 5d

ACCIDENT TO GEORGE BANKS

The Brantford Expositor says:—George Banks, a well-known local young man was injured this morning at Hagersville, by the explosion of gasoline. Details of the accident have not been received. Banks was in charge of a general merchandise store at Hagersville during the owner's absence for a few weeks. A telegram was received this afternoon, stating that the unfortunate young man can scarcely recover. Relatives have been summoned to Hagersville and left for that place this afternoon. He is the son of Mrs. John Banks of this city, and is well-known. The news of the affair will be received with general regret.

J B Cavenette, assistant postmaster of Quebec, has been appointed inspector of the Quebec postal ddivision.

In three weeks Sir Wilfrid Laurier may go to Arthabaskaville for a short rest.

MILLINERY

It's a pity that such beautiful Millinery should have to suffer the indignity of having such low prices placed upon it. But Millinery like all other goods, has to go.

COMMISSION ORDERS THAT CITY PAY THIRD OF COST

Of Having a Watchman at the Grand Trunk Crossing on Reid St.—Grand Trunk to Pay Two Thirds.

The Board of Railroad Commissioners of Canada has given an order in connection with the city's application for protection at the crossing over the Grand Trunk on Reid street. The city has to pay one-third of the cost of erecting a suitable house for the watchman and the same proportion of his salary. The order from Ottawa is as follows;

"It is ordered that a watchman be appointed by and to be under the contract of the Grand Trunk, but be subject to dismissal for cause on the complaint of the applicant, be provided and kept at said crossing between the hours of 6.45 am. and 6.30 pm. and from 9.45 pm. to 10 pm. on each day except Sundays; that two-thirds of the cost of providing and erecting the necessary house for the shelter and accommodation and use, and of his wages be borne by the Grand Trunk, and one-third by the applicant."

COUNCIL HAS PROPOSITION TO KEEP DOWN DUST ON SUNDAY

There is a probability that the streets of Peterborough will be watered Saturday night or early Sunday morning that the people can go to church without having their Sunday best soiled by clouds of dust. The Board of Works has been instructed to take up the matter and to report as soon as possible.

Ald. Turner brought up the matter at last night's council meeting. He introduced a motion that the streets in the central part of the city be thoroughly sprinkled Saturday night or early Sunday morning if it was found advisable.

The Alderman referred to the dust nuisance on Sundays when citizens are wearing their best clothes. It was not at all pleasant to be caught in a cloud of dust or to run into one or as one went around a corner.

Ald. Elliott said Ald. Turner's motion was a step in the right direction.

Ald. Morgan said he did not believe it would be any use watering the streets Saturday night; they would be as dry as ever on Sunday.

He would favor sprinkling them about ten o'clock in the morning and again in the afternoon.

After some more discussion it was decided to leave the matter in the hands of the Board of Works, Ald. Turner and McIntyre moving in this direction.

MANY HARVESTERS WANTED IN WESTERN WHEAT FIELDS

Thirty Tnousand Men Needed to Harvest Grain—First Grand Trunk Pacific Train—News From the West

Special to the Review.

Winnipeg, Man., Aug. 4.—If the climate and soil of western Canada will but work together for another fortnight as they have in the past months, the estimate of one hundred and twenty-five million bushels of what is regarded by leading financiers, grain experts and others as a conservative one! With such prospects in view, western bankers, and builders, real estate men and merchants have donned their old time smile of confidence, and shopkeepers through the country are rushing in their fall orders in order to be sure of early delivery that might be otherwise delayed in transit by the big movement of grain that is sure to tax to the limit the railways this year.

RAILWAY DEVELOPMENT.

The first special train over the Grand TTrunk Pacific Railway pulled out for Portage La Prairie on July 30 on an important mission preparatory to completion of the multitude of details incident to opening the line for trafic. On board was the moving spirit to the new national highway, Frank W. Morse, general manager. With him were the chiefs of every department of his road, the men who have had charge of the details of construction and management. There was B. B. Kelliher, chief engineer; George W. Caye, assistant to the general manager; O. O. Winter, general superintendent; J. F. Dalrimple, assistant freight traffic manager, and A. B Smith, manager of telegraphs. There is now 675 miles of road extending from Winnipeg to the Battle river completed and ready for traffic. The new union depot being erected here will be the finest in Canada and one of the best in American. The fact that the building trade is again brisk in Winnipeg goes to show that there is plenty of faith vested in the capital city of Manitoba.

Requests for harvesters are pouring in from all parts of the country, and provincial immigration agents, report that they could place thousands now. Thirty thousand it is anticipated will be wanted for the harvest, 19,000 for Manitoba, and 17,000 for Alberta and Saskatchewan. A new settlement in Saskatchewan, Strasburg, requires 100 men which demonstrates the enormous numbers required by the provinces.

LORD ROBERT'S VISIT

Premier Roblin has left for Picton Ont, his old home, for two weeks' rest and will therefore not be present at Lord Robert's reception. Winnipeg is making extensive preparations for receiving Field Marshal Earl Roberts on his arrival, August 10th. The arrangements as approved by the city of Winnipeg will be of a most elaborate kind. The lieutenant-governor, civic officials, and guard of honor will meet the general at the depot, and an address of welcome will be presented from a platform at the city hall park, while the procession of old veterans, soldiers and school cadets are in route to the government drill hall where the Canadian Club will give a banquet in honor of the distinguished warrior. The utmost spirit of harmony prevails among all citizens who are co-operating in the decorative display on this occasion.

SPORTING NEWS

BOWMANVILLE TEAM LOOKED TOO BIG FOR LOCAL CHIEFTAINS

And Some Strenthening Had to be Done—Home Team Won an Interesting Game.

The Y.M.C.A. Chieftains and the fast Bowmanville team, clashed at Riverside Park yesterday afternoon.

The visitors are the leaders of the Central Ontario League, and when this was learned the local team was strengthened somewhat for the occasion. There was a fairly large crowd of rooters present and they witnessed one of the closest games of the season.

The visitors are a rather clean bunch of fielders, but whatever plays they had to make in yesterday's game could not but have been handled cleanly. Their batting, however, is pitably weak, and against a team their own size, ought to lose them the game every time. Fourteen men fanned and this number could have been easily raised to nineteen or twenty, if the Peterborough pitchers had let themselves out.

Still with such a large array of strikeouts, the game was not uninteresting. Some nice catches were pulled off, and the score kept at the balance point throughout almost the whole game. In fact when the Chieftains went to bat in their half of the ninth, it looked as if they would be unable to break the tie. A nice single from Fallon, the centre-fielder, decided the matter, and the winning run made the score 9—8.

Mr Frank Kenneally umpired to everyone's satisfaction.

The summary follows:

BOWMANVILLE.

	R.	H.	E.
D Tucker, ss	2	2	2
Roe, p	1	0	0
P Jones, c	1	0	1
P. Williams, 1b	0	1	0
Johnston, 3b	0	0	2

Three base hits, Fallon, Williams, two base hit, Edmunds. Bases on balls, off Kirn 2, off Roe 2. Struck out, by Hawkins 12, by Kirn 2, by Roe 6.

TWO BASEBALL MATCHES WILL BE PLAYED ON CIVIC HOLIDAY

Two baseball matches will be played in Peterborough on Monday, Civic holiday. This will be good news to those staying in town for the day. Either the St. Mary's or Park Nine of Toronto will be here to meet the Peterboroughs in a double header, morning and afternoon. The above teams are tied for first place in the Toronto senior amateur league and are playing fast ball. It will be known definitely in a day or two which team will appear here. No matter which one comes they will give the Petes a warm time.

Cobourg is billed for a league game here on Saturday but it is not yet known whether they are coming.

A LACROSSE MATCH THAT SHOULD BE A CLOSE ONE

The Lindsay Lacrosse Club will send their best team to Peterborough on Thursday, when they will meet the locals in the second game of the series. The latter have been practising faithfully since their defeat at the hands of the Orangemen two weeks ago and as they will be somewhat reinforced by the presence of a few of the old reliables, a good game is positively guaranteed.

In the Lindsay game the Petes contested every inch of the play, and the only score registered was a piece of the hardest kind of luck—for the locals. A large crowd is expected down from Lindsay as a special train is being run from that town.

YESTERDAY WAS BUSY DAY FOR PETERBOROUGH BOWLERS

Yesterday was possibly one of the busiest days that the local bowlers have had in the history of the club. Two rinks went to Port Hope to the opening of the new bowling green in that city. There were a large number of outside places represented at the games there and Peterborough was drawn against Oshawa and Parkdale.

The scores and rinks were

Parkdale.	Peterborough
Dr Baker	W H Isaac
J A McCausland	D H Moore
J A Hetherington	J E A Fitzgerald
J A Harrison	Dr Marshall

TORONTO TEAM WANTS A GAME

Dufferin A. C. Ball Team Would Play in Peterborough on Aug. 7th

The Review has received the following letter from a Toronto man asking for a game in Peterborough on the 7th:—

Toronto, August 1st, '08.

Dear Sir,—The Dufferin A.C.B.B. would like to arrange a game in Peterborough for next Friday or some Saturday with a fast senior ball team. Write at once stating terms to

THOS. E. MOORE,
132 Wallace Ave.
Toronto.

BASEBALL

Pitcher Fred Hickey will be taken on the long eastern trip of the Maple Leafs, which virtually began today with the game at Guelph. Hickey made a fine impression in his game against Providence and will take his regular turn in the box. Pitcher McQuig, the Georgetown left-hander, who reported for trial yesterday will not be taken, but will be given a chance to show what he can do when the team returns home. He will probably be sent in against Rochester or Baltimore which have a goodly number of left handed hitters on their roster.

PORT HOPE BEATEN.

In a league game at Cobourg on Saturday, Port Hope was defeated by a score of 7 to 6 in ten innings. Neither team had their regular line up, the majority of the local players being from the amateur league, but from the showing made it was quite evident that the home brews can hold their own with any of the players. This closes Port Hope's series in the Midland league for this year and probably for all time to come. Cobourg has one more game to play in Peterborough and then the marked cheques will be returned. — Port Hope Guide.

LACROSSE

On Wednesday 12th of August, Belleville will play their return game here. The locals are practising faithfully for this contest and a big game is looked for.—Port Hope Guide.

SPORTING COMMENT

"The Finish of Cattle Rustler or at the End of the Rope" is an apt description of how one George Paxman will appear at the Printers' Picnic on Monday when he takes up his position as anchor-man on the Examiner's tug-of-war team.

One Wade of the Times staff, expects to win the reporters' race at the big event at Idyl Wyld. If he gets it into his heart that he is chasing a bit of news when he is running it will be a lead pipe cinch for the other competitors.

Judging from the size of the Presidential candidates in the United States the contest may be accurately described as a fat man's race.

The horsemen have a fine programme of races for Monday and Tuesday. There should be some good sport.

The Toronto ball team appears to have gone up in the air as high as the cost of living.

WHAT ABOUT LONGBOAT?

Longboat, riding in a cab, came in fifth in the great Marathon race. So ended all our rosy hopes. The Indian collapsed in the twentieth mile, after having got away from most of those among his competitors who had been regarded as dangerous rivals. It must not be forgotten that he was the man all the other runners were watching, so that he could neither spring ahead or slow down without having others at his heels. The despatches seem to show that the best men ran themselves off their feet in the first ten or twelve miles and had not sufficient strength left with which to finish the distance. But it is idle to seek explanations. It is enough to know that our great Indian runner, riding in a cab, came in fifth, and was greeted with the hoarse laughter of the visitors from the United States who were gathered about. Thousands of people were assembled in the streets in Toronto, watching the bulletin boards in front of the newspaper offices; men stood ready to toot the great steam whistles of all the factories in Toronto and of all the boats in the harbour; in a thousand towns and villages people were awaiting the word—awaiting the news that never came. Outside the field of athletics and among the general public there appeared to exist no doubt whatever that Longboat would win that race, and when you come to think of it nothing could well be more surprising than the universal interest taken in this Indian with the gifted feet. You could meet nobody, whatever his sphere in life might be, but he revealed his interest in the outcome of this race. Just before the Dominion Parliament closed its season at Ottawa some appropriations were being voted through among them the grant of ten thousand dollars as a national contribution to the sending of the Canadian athletes to the Olympic games and the grant was voted with enthusiasm, many members shouting the name "Longboat." That joyous moment in a young country's life is here mentioned as a pleasant memory now that our hopes have been dashed.

It was not only the races he had won, but the race he sprung from that excited all this interest in Longboat and caused the average person, who knew nothing of such matters, to put faith in him. As readers of fiction in our youth we had gathered the notion that the red man was tireless in the long journey, and we saw in this runner a throw-back to one of his rangy ancestors who used to jog fifty miles of a morning to gather a scalp or preserve his own. Yet, when you investigate, you will find that there is little any race ever did without finding that the whites could outstrip them when the purpose and worth of the game was made apparent.

Perhaps Longboat was discovered a year too soon to win the Marathon. No doubt he would have won it had the contest been pulled off last year. The question that now presents itself is what of the future of this young man? About three years ago he was pursuing his humble way as a youth on the Indian Reservation with enough intelligence to answer his needs and with enough industry to dig his dinner, when somebody came along and observed that he would do at a good pace. He was lured into a civilization that he could not comprehend, carried far and near on swift trains, cheered by tens of thousands of people, whisked from one excitement to another, until now, beaten in the great trial he announces that he will race no more. What will he do? It can scarcely be expected that he will return with contented mind to the humble lodge on the reserve where his early days were spent.—Toronto Saturday night.

GRIZZLIES ARE NUMEROUS.

British Columbia Doctor Bags One With Small Gun.

From all parts of interior British Columbia reports are received of an unusual number of grizzlies being seen this season, and numerous encounters with them have been chronicled during the last few weeks. To kill a grizzly weighing nearly 800 pounds with a 21-calibre revolver is something that few men boast of. It was the unusual feat which Dr. A. McKay Jordan accomplished while visiting some mining claims in which he is interested near Jedway, Queen Charlotte Islands. The eight small bullet holes in the bear's skin are the proofs of his unique experience.

The bear would never have been bagged had he not been caught in the water and practically at the mercy of Dr. Jordan and his friends. They were taking supplies to camp in a small boat, and while passing through a channel between two islands came upon a bear swimming. They headed him off short despite angry snarls. Dr. Jordan was the only one of the party who had anything in the shape of a firearm, and this was a revolver with .32 short cartridges. He emptied one load of these at the half immersed bear, but the bullets had little effect except to glance off the hard skull and make the animal redouble his efforts to get away.

Dr. Jordan and his companions got closer to the bear with their boat, and in the meantime the revolver was reloaded. Two more shots were sent in at short range, and finally one right over the temple, fired from a distance of less than ten feet, did the trick. The bear was so heavy that the four men in the boat were unable to drag him on board, and the carcase was towed ashore.

S. May and a companion, attached to Goldman's logging camp, near Harrison Mills, had a more exciting experience. The pair were going through the brush along Cottonwood Creek when they aroused a large black bear, which made for them. Being unarmed, they dodged among the trees for some time, but were finally compelled to climb to a place of refuge. Their shouts attracted two fishermen, who, being armed, quickly despatched the bear.

PILES

"I thought I must go on suffering from piles until I died: but Zam-Buk cured me," says Mrs. E. Reed, of Steenburg, Ont., and adds:—"I was so weakened that I could hardly move about, and a little work caused me great agony. Then I heard of this grand balm, and I am thankful to say that it has cured me."

Zam-Buk also cures cuts, burns, bruises, stiffness, eczema, ulcers, chafed places, sore feet, rough red skin patches, and all skin injuries and diseases. Druggists and stores at 50c. a box, or Zam-Buk Co., Toronto, 3 box for $1.25.

A. ROUNTREE - AGENT

SOME INTERESTING MATTERS CONSIDERED BY CITY COUNCIL

Regular Session Was Held Last Night—Reports of Committees Adopted—Is Caretaker Wilson's Salary Too Small.

A two hour session of the city council was held last night when considerable business was transacted.

There were present: Mayor Rush; Ald. Johnston, Tovey, Elliott, Morgan, Butler, Turner, McIntyre, Morrow, Phelan and Gillespie.

DEFECTIVE DRAIN

Mr. John Sullivan waited on the council regarding a defective drain at the corner of Parnell and Park streets. He said his cellar was flooded in the spring.

Ald. Phelan said he had instructed the engineer and street commissioner to report on the matter. He said it would be attended to at once.

Ald. Johnston said the Monaghan section would have to be attended to also.

City Tax Collector Green reported that the amount paid for the first instalment of taxes was $110,406.

A number of ratepayers wrote objecting to the manner in which the carters' shelter is conducted. They wanted the bylaw enforced to the letter as the service was not satisfactory at the present time.

The letter was referred to the property committee.

The Peterborough Lubricator Co., wrote asking for fixed assessment for ten years and a bonus equal to the cost of the site procured in Ashburnham.

Referred to Manufacturers' committee.

FINANCE COMMITTEE

Ald. Morrow, chairman, presented the following report for the Finance committee;

Your finance committee beg leave to report and recommend as follows;

That arrears of taxes of $1.11 sewer taxes charged to the North Ward school and 90 cents sewer taxes, and $1.47 sidewalk taxes charged to a land on Burnham street which is a public land, be written off, and that these taxes be remitted for this and subsequent years.

That in view of the increased amount of taxes, it will be necessary to look after, we recommend that the council pay the cost of the guarantee bond of the Collector of Taxes.

That the Mayor represent the city at the luncheon in Toronto to Lord Roberts on the kind invitation of the Mayor of Toronto and that his expenses be paid.

That hereafter for the purpose of paying wages on the weekly pay lists one cheque be issued to the City Treasurer for the amount of the pay lists, and that the men be paid in cash each Friday evening between five and seven o'clock and their receipts taken.

That Ald. Phelan and the City Clerk attend the annual meeting of the Ontario Municipal Association at Toronto in the interests of the city and that their expenses be paid.

That a charge of $4.00 for flushing private sewer connections be approved and that of this sum $2.00 be credited to the Board of Works and $2.00 be paid to the Water Commissioners for the water.

That the following accounts be paid:

The report was adopted.

COMMITTEE OF WHOLE

Ald. McIntyre read the report of the committee of the whole as follows:

Your committee of the whole council beg leave to report and recommend as follows:

That the matter of the Peterborough Light and Power Co. opening streets for laying and repairing gas mains be referred to a committee, composed of Ald. Phelan, Bradburn and Gillespie, and the City Solicitor to confer with the Company in regard to an arrangement and to draft an agreement.

That so much of section 4 of the report of the Finance Committee adopted by the City Council on July 8th, 1908, as provided that the assessments of park lots Nos. 1, 2, and 3 be reduced only when deeds of lands taken for the extension of George street are given to the City be rescinded.

The report was adopted.

LEGAL COMMITTEE.

Ald. Elliott, chairman, reported as follow for the Board of Works;—

Your Legal Committee beg leave to report that they have arranged a settlement of the claim of W. D. Morris and that the Peterborough Radial Railway Company has agreed to pay half the cost and we recommend that the City Treasurer be authorised to issue a cheque to carry out the settlement on the order of the chairman of this committee.

The report was adopted.

Ald. Morgan read the report of the Property Committee in the absence of the chairman, Ald. Bradburn.

Before the report was adopted Ald. Morgan objected to the clause providing for an increase of salary for Caretaker Wilson to $525. It was not enough, Ald. Morgan said. Mr. Wilson was the busiest man in the city's employ and should have at least $575 per year.

Ald. Elliott agreed with this and after some discussion Ald. Morgan and Elliott moved that the matter of the caretaker's salary be referred to the committee for further consideration.—Carried.

Ald. Johnston read the report of the Fire, Water and Light Committee. Ald. Morrow thought that five incandescent lamps would not be enough on Weller street, as recommended. There should be one or two to replace the arc lamp which was to be removed.

Ald. Morgan said a couple of lights were needed on Sophia street, and moved that seven lights be placed on Weller street and two on Sophia street. The motion was seconded and carried.

Ald. [illegible] presented the report of the Board of Works.

Ald. Turner objected to clause four of the Board of Works report providing for a sewer on London street between Park and Downie streets. His objection was based on the grounds that there was no water service on the street.

Ald. Phelan said the Water Commissioners had promised that the water service would be extended on London street in the immediate future.

Ald. Johnston said Mr. Green had built four new houses on the street and they should have a sewer.

Ald. Turner agreed to adopt the report and moved, seconded by Ald. Elliott, that the Fire, Water and Light Committee meet the Water Commissioners with a view of having the water service extended to London street.

Ald. Phelan said that the Board of Works had already met the Water Commissioners on this matter. Ald. Turner therefore did not press his motion.

SPECIAL COMMITTEE.

A special committee, consisting of Ald. Morgan, Ald. Phelan and the Mayor, was appointed to meet Col. J. Z. Rogers with a view of reaching a settlement in connection with the drain on the waterfront. This matter has been hanging fire for over a year.

TELEPHONE POLES.

Ald. Morrow referred to the big improvement that has been effected by the removal of the telephone poles on Hunter and George streets. He wanted to see the good work carried on.

The aldermen agreed that the taking down of the poles was most desirable.

Ald. Johnston said about twenty-five poles had been taken down already.

ABOUT POWER.

Ald. Elliott wanted to know what the special power committee was doing. It had been appointed early in the year, but nothing had since been heard of it.

Ald. Morgan said the power question was an important one. If nothing was done the city would find itself without light or power in a few years.

Ald. Morrow said he was a member of the Special Power Committee. Ald. Bradburn and Neill were the other members, and he knew that the committee was working and would have a report to make in the near future.

CURE SICK HEADACHE.

DEAFNESS CANNOT BE CURED

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

Take Hall's Family Pills for constipation.

The motor on the Radial bridge at Burlington Beach burned out and traffic was stopped all forenoon on Friday.

VIAMEDE HAS MANY GUESTS

Music, Dancing, Fishing and Other Amusements make the Days Pass Quickly

Special to the Review.

Stony Lake, August 3rd.—Viamede has a great many guests located there at present and presents a very gay appearance during the day and at night when lit up and music and dancing going on the pavilion gives one an idea of fairy land.

Fishing has been very good this week Mr. Coutts, Mr. Simpson, Mr. Taylor and others making fine catches.

A feature of the week was a large shore dinner at Lovesick on Thursday. The party, which numbered nearly sixty, was taken there by Jack Bowett's yacht, "Evelyn," which towed 20 boats and canoes behind it, and attracted the attention the attention of all the cottagers while going and returning, and let people know that something was doing at Viamede.

The Anderson boys are at Viamede again this year with their new gasoline yacht.

A new gasoline engine is being installed to operate their ice cream freezer, to meet the demands of their ice cream parlor and also to assist in pumping water.

Sunday services were held in the music pavilion on Sunday evening by Rev. Mr. Watkinson. They were well attended.

Miss Elsie Dixon Craig and Miss Trebilcock, of Toronto, have been furnishing some very high class music during the week.

Among the arrivals are; Mr and Mrs A K Whitcomb, Moscow, N.Y.; Mr and Mrs George J McLaughlin, Mrs V M Laughlin, Rochester, N.Y.; Miss Margaret Waldren, Salt Lake City, Utah; Miss Winnifred Read, A E Trebilcock, Mrs Trebilcock, Miss Edith Trebilcock, Roy Trebilcock, W C Gale, Harry A Damp, Miss M Saunders, Miss Gladys Dixon, Mr and Mrs F R Sweeney, Miss Helen Sweeny, Gordon R Douglas, Miss Cumberland, Sturgeon; Mr and Mrs Chas. Simpson, Gordon Simpson, Miss Gladys Simpson, Miss Florence M Jeffrey, Miss Hannah Bond, Toronto; Miss Anita Love Love, Mr. Francis Love, H E Williams, Miss Olive Southgate, Ralph Southgate, Katherine A. Griffin, Mrs E Crisfield, Bernard J Shaw, W B Grady, C W Shafer, Richard L Winslow, James E Whalen, W J Silcox, Mrs M Silcox, Rochester; R A Strickland, London, England; J Ralph Strickland Taylor, Pembroke College, Cambridge, Eng.; W C Deacon, Lindsay; Mrs Clark, Miss Dot Clark, Miss Annie Tait, R S Strickland and wife, Miss Scott, Miss Mabel Scott, Daisy M Webb, Bernie L Young, Toronto; R Walker, Warkworth, Mr. and Mrs. W McGurris, Havelock; Mrs B Gardiner, Miss Elspeth Anderson, Miss Margaret Anderson, John Anderson, Stuart Anderson, Peterborough; Dr Hewson and wife, Colborne; A J Gall, Ethel M Winslow, Toronto.

"SHOW ME" PROOF

That is What Hyomei Will do in All Forms of Catarrah and Troubles of the Breathing Organs

It's not a question of Hyomei having cured someone else, but will it reach your own particular case. If its Cold in the head, Catarrh, Bronchitis, Pneumonia, Croup or any affection of the breathing organs, W. Madill, druggist, corner of Hunter and George street, Peterborough, says yes, and will refund the money if it fails. No other preparation for the same purpose can successfully do this, because the Hyomei system of treatment is different from anything else.

You simply breathe and inhale its medication in dry air from which destroys the germ life that causes oppressed breathing, Nasal Catarrh, Throat Irritation and Lung Troubles. It brings to these suffering organs the balsam laden air they would get in the Pine and Eucalyptus forests. The air that stamps out Bronchial troubles.

The prince of entertainers Marshal P. Wilder, says:—Hyomei is easy to use, and swift to cure. It insures you pure air and kills the germ of disease. It helps the voice.

Hyomei complete outfit, $1.

AMERICAN OFFICIAL GIVES EXPERIENCE

The Algonquin Park of Ontario is fast becoming popular for anglers and those fond of the woods and outdoor life. The Grand Trunk Railway System have received a letter from a high Government official of the State of Connecticut, who has just returned from a few days in the confines of that delightful park. He says:

"Some weeks ago I sent for and obtained a Grand Trunk folder relating to Algonquin Park. The printed matter received was very interesting reading, but I had the opportunity of learning within a few days that the beauties of the Park were not overdrawn, and that the fishing obtained there was the best I have ever had the privilege to enjoy, although I have fished the trout waters of Prince Edward Island, through the Canadian Laurentian sections, and in Colorado and Wyoming in the United States.

I arrived at Algonquin Park from Toronto on the 27th of June and on the 28th I left the hotel for Smoke and Ragged Lakes, arriving at Smoke Lake late Sunday evening, June 28th. I started for Crown Lake the next morning, and fished in that lake and had good luck, catching square tailed trout. This lake is outside of the Park. As I started for my headquarters at the Park, June 30th, on my return trip I fished in Ragged and Smoke Lakes for salmon trout, using a deep water troll and brown minnow for bait. Between four and five o'clock I caught two salmon trout, one of them weighed eighteen pounds and measured thirty-two in. in length.

As my stay was only three days in the Park, I mean to know more about this place, and shall try to go in there again this fall. Descriptions of localities and prospectus of railroads are often times disappointing. Many times I think it is due to the fact that the pictures are greatly overdrawn, but from my own experience I should say that your folder does not describe this beautiful country, known as the Algonquin Park, in as bright colors as the facts warrant.

Since my return I met a friend of mine, United States Congressman Edward W. Higgins, of Norwich, Conn., who upon my advice, is now fishing in the Park in company with his wife. He writes me that all that I told him regarding the country is true, only that I should have said more."

The NTR. is calling for tenders for 44,447 tons of 80-pound steel rails.

Mrs. George Stevens, of Galt, an octogenarian, entertained five octogenarian friends whose ages totalled 417 years.

The Policy Of Prudence

IT'S TIME YOU TOOK OUT A POLICY.
FIRE INSURANCE

is the one that covers a policy loss by fire. If your property, is not fully insured, come here and take out a Policy at once. You will find our terms most liberal, and our companies the most reliable you could insure with. Do not delay this most important matter. Very small accidents occasionally cause fires, and after regrets are of very little use to pay damages.

Most people can afford to pay the premium on a fire insurance policy, but few can afford to lose their property.

Insure before an accident occurs and protect the savings of a life time.

OVER $110,000 IN TAXES PAID BY AUGUST 1ST THIS YEAR

Many Took Advantage of the 3 per cent Discount—Money Came in Freely Despite the Hard Times.

Tax Collector Green and the Mayor and Aldermen are highly pleased with the way the first instalment of taxes has been paid. Although hard times are spoken of freely, the money for the taxes has come in much better than last year. There were comparatively few who did not take advantage of the 3 per cent discount by paying their taxes by August 1st.

The amount of taxes paid on August 1st this year was $110,206.00 out of a total taxation of $160,000.00. Last year on the same date the amount paid was $100,5557.94 out of a total on the roll of $136,000.00.

The total amount to the city's credit in the Bank of Toronto at the present time is $27,102.

SOMETHING MUST BE DONE WITHOUT FURTHER DELAY

Ashburnham Residents Wont Stand For Stagnant Raceway—Will Notify Provincial Authorities if Action in Matter is not Taken at once.

There is going to be trouble yet over the stagnant raceway in Ashburnham. The odor coming from this waterway is by no means Florida-like and many complaints concerning it are made by the residents who are unfortunate enough to live near it. The Board of Health has been complained to in the matter and they have instructed the police to take steps as they consider most advisable. However nothing toward keeping the dead water moving has yet been done and unless immediate steps are taken in the matter the Provincial Board of Health will be notified without delay.

The conditions are so unsanitary that an epidemic of typhoid fever is feared and one case has already broken out.

The stench from the raceway is so bad that the residents of Burnham street and Driscoll Terrace find it very unpleasant sitting on their verandahs in the evenings and are using carbolic acid and other drug preparations to disinfect their houses.

The employees of the Rapid Tool Company who are forced to work only a few yards from the creek object very much to the disagreeable and unhealthy odor.

DRINK JOHNS' TEA

LOCAL RESIDENT IS BEREAVED

Father of Mrs. J. S. Knapman Passed Away Yesterday at Uxbridge

Mrs. J. S. Knapman, of this city, has been bereaved by the death of her father, Mr. Joseph E. Gould, who passed away at Uxbridge yesterday. He was 67 years of age and a highly respected resident of the town where he resided. The funeral will take place to-morrow at 2 o'clock at Uxbridge. Mr. and Mrs. Knapman have gone to Uxbridge.

NEW STORES COMPLETED

Ashburnham Premises Will Soon be Occupied---Built by Mr. Pat. Hogan

Mr. Pat Hogan, proprietor of the Albion Hotel, Hunter street, Ashburnham, has just completed the construction of two handsome stores next to his hotel.

Mr. O. C. Ferguson, tinsmith, will occupy one of them and the other will be the premises of the barber shop of Mr. Garrett Spencer. Both the above at present are conducting businesses in Ashburnham.

The barber shop will be fitted with all modern equipment and an up-to-date tonsorial business will be conducted.

AUTOMOBILE SCARED HORSE

And the Latter Collided With Lady Cyclist--Miss Watt Severely Injured

Miss Watt, of the post office staff, was the victim of a painful accident yesterday afternoon and as a result is now at Nicholls hospital. She was wheeling along George street in front of Oke's fruit store when a horse that was passing at the time took fright at an automobile and bolted. The buggy collided with Miss Watt and she was thrown heavily to the street. The buggy passed over her and her knee was badly sprained and bruised. She was taken to her home at 490 Charlotte St. in the automobile and later was removed to Nicholls hospital. Dr. Burnham attended to her injuries.

ISOLATION HOSPITAL IS NEEDED

Ald. Morrow Objects to Clause in Committees' Report Wanting the Matter Shelved

The aldermen last night were not satisfied with the clause in the report of the Property Committee recommending no action at the present time regarding an isolation hospital. Ald. Morrow thought that something should be done to provide the city with a place where contagious diseases could be treated. The case that was handled in the attic of the city hall had cost the city over $300. That was not good business.

On motion the clause in question was struck from the report and the matter referred back to the committee.

ABOUT THE DOMESTIC FLY

"The common domestic fly" said a man today, who is no scholar but has managed to pick up many interesting facts. "is altogether too common and too domestic. She is one of the most interesting animals.

"You don't mean animals,' a listener broke in, "a fly is not an animal."

"Then she must be a vegetable or a mineral'" said the first speaker. "Call her which ever you please, but she is one of the most interesting creatures extant.

"An industrious female fly lays about 3,000,000 eggs. There are no indolent flies and few males. The fly does not set after laying: if she did she would be retired from her wonted activity during longer or shorter periods of incubation. Her eggs hatch without motherly attention and it is seldom that one fails to hatch.

"The fly has so many eyes," the man who is no scholar, went on, that she can see in all directions at once without turning her head or rolling her eyes. That's why it is so hard to hit her. A fly time poet sang:

Now doth the little busy fly
Buzz in a fellow's hair,
But try to smite her lip or thigh
And lo, she isn't there.

"The intelligence of flies is an interesting and exasperating study. One of the ordinary ways of trying to kill flies is to fold a newspaper in the shape of a heavy flat pad and whack at them when they are sitting still.

"Now the fly is familiar with the scientific fact that if she sits perfectly still the descending paper will make an air cushion in front of it that ninety-nine times out of a hundred will protect her from being crushed. The concussion momentarily stuns her and she falls to the floor apparently dead. but in a few minutes she has recovered and is on the job again.

"That's why when you strike at a fly hard enough to spatter the butter all over the walls she is able to reappear so quickly on the rim of the sugar bowl.

"When out not for food but merely for the fun of tantalising you the fly knows when she has had enough Then she sits down on a dark spot in the carpet and watches you prance around the room looking for her on the walls

"A very good way to catch flies is to distribute fly paper and platters of poison on the tables and window sills. No matter how thick the flies are where this is done, their number will be quickly reduced. You can easily prove this by counting the flies you have caught. It is a great comfort, when there are a few million flies in the air and more coming to count up your catch and know that a dozen or so will never pester you any more.

"This method of getting rid of flies is often employed in restaurants. It was the method used in the railroad restaurants where a passenger hurried in for refreshment, glanced along the display of pies and said,

"Give me a piece of this huckleberry.'

"That ain't huckleberry,' said the waiter girl, waving her hand over the pie; it's custard.'

"Up with the lark' is a poetical expression for early rising. 'Up with the fly' would be stronger, if less poetic. The lark doesn't compel you to get up, but the fly does. Besides, the lark is an English bird, but the fly is a bird that knows no nationality. If the fly would go away and let you sleep till the lark away and let you sleep till the lark gets up you would have less for complaint.

"'When we were children we were taught to believe that a fly's foot was a wonderful part of creation—that when it was placed flat upon the ceiling the weight of the fly pulled it away in the centre and made a very tiny vacuum and that the pressure of the atmosphere around it, in accordance with a law of nature, held the fly from falling. Several 'human flies' broke their necks trying to do the same trick with artificial flies' feet before it was discovered that if flies kept their feet clean they couldn't walk on ceilings.

"Flies believe that mankind was created for their amusement and it has always been a question with me which gave a fly the more solid enjoyment—to buzz around your nose and make you get up a few hours earlier in the morning than you want to, or to pester you in the daytime until you rage around the room with a paper slapper in your hand while she watches you from behind a door hinge.'"

WHITE SPARROW WITH NEST IN DUCKETT AT DIAMOND

A white sparrow is an unusual bird. So unusual in fact that as far as can be learned only one has ever been seen around these parts and that one has had a nest in the duckett or small house at the diamond for the past three or four years.

Each year Mr. John Penrose, the keeper of the duckett has noticed the bird getting gradually whiter.

When he first saw it it had just a little white on its breast and gradually the wings became white until now the entire bird is white, with the exception of some tail feathers.

The phenomenon is one for which no explanation has ever been advanced.

MR. GEORGE BANKS PASSED AWAY AS RESULT OF INJURIES

Special to the Review

Hagersville, Ont., Aug. 4— George Banks, expert machinist, of Brantford, and manager for J. H. Head, burned yesterday in the disastrous gasoline explosion at Head's shop, died last night at eight o'clock. He was conscious to the last. He said he made a mistake and turned the gasoline instead of the water on the red hot iron. His body will be taken to Brantford for burial tomorrow. He leaves a sister in Brantford and a brother in Peterborough to mourn his loss.

LAUNCHES HAVE RIGHT TO BE TAKEN THROUGH LOCKS

But it Would be Better if They Travelled Together as Much as Possible When Making Long Trips on Canal.

Now that we are in the middle of the gasoline launch season, and as many boats will be coming and going between the locks on the Trent canal, a word of advice to launch owners will not be out of place.

If there are several launches about to make the trip up or down the canal it should be understood that these boats would make the trip together. This would do away with a lot of unnecessary work on the part of the lock masters as one lockage would do for five or six boats, while as it now is there has to be a separate lockage for each of them.

Many of the launch owners have been asking about the regulations, regarding the passing of small boats through the different locks. As we understand it, all boats of a larger bulk than the skiff have the right of passage, but the time of the lockage is under the control of the lock masters. If there are several boats in sight, or if he has reason to believe that others will arrive at his lock, before, say, 15 minutes have elapsed, then he can compel the faster boats to wait for the slower ones, so that they can all lock through together.

In order to prevent these delays however, we would suggest that the launches which are making the trip, would try to do so together, not only because it would be a convenience to the lock master but so that they could give help to each other in case of trouble.

VOL. LVII., No. 30. PETERBOROUGH, ONT., CANADA, WEDNESDAY, AUGUST 5, 1908 TEN CENTS PER WEEK

A "ROUND-UP" IN KINGSTON

Twenty-three Liquor Men to Appear for Illicit Selling---Two Detectives Did It.

Kingston, Aug. 5.—All but five of the 28 retail liquor men were yesterday served with summonses for selling liquor on Saturday nights, making the biggest round-up in the city's history. Information was laid by Inspector Ayers of the License Department, Toronto, as a result of the work of two detectives here for some days past.

The majority of the defendants have but one charge against them, but one has three and another two. Not content with land business, the detectives went on the water and summonses have been issued against the management of the steamers America, Caspian and North King for selling without a license.

The cases against the hotelmen will be heard Thursday. D. M. McIntyre has been retained for the department and James Haverson is looking after the interests of the hotelmen.

The liquor men are full of fight and have been holding meetings to take steps for their defence.

The informations are chiefly for illegal selling against license-holders, and against certain steamboats plying to and from Kingston. Inspector Clarke Wright, through Barrister Webster, has issued a writ for damages for alleged slander against Rev. Mr. Burke, the Methodist minister here. Mr. Burke has made some remarks personally and privately to Mr. Wright, and the action is said to have arisen from this.

Earthquake In Algeria.

Constantine, Algeria, Aug. 5.—A violent earthquake was experienced here at 20 minutes past 2 yesterday morning. It lasted ten seconds and did great damage. No people were killed here, but it is reported that a number of lives were lost in the nearby towns. The population, especially the Arabs, is panic-stricken.

Only Sons; Both Drown.

Chatham, N.B., Aug. 5.—Word reached here Monday of a sad drowning accident at Nappan River, in which two young men, Frank Robertson, son of Rev. John Robertson, and Frank Dickson, son of James Dickson, lost their lives while swimming in the river. They were about 23 years of age, and only sons.

NURSE MAKES FATAL ERROR

Brockville Youth Gets Carbolic Acid by Mistake and Dies at Once.

Brockville, Ont., Aug. 5.—A sad accident occurred yesterday morning when Carl Lee, a young man, 18 years of age, died as the result of a fatal mistake made by a trained nurse.

He had been ill, threatened with typhoid, since coming from Quebec, where he had gone as a member of the Forty-First Regiment of this town.

Yesterday morning at 10 o'clock the nurse in giving him medicine by mistake administered carbolic acid. He died in three minutes.

Must Face Problem.

London, Aug. 5.—(C.A.P.)—In the August number of The National Review, W. T. R. Preston, Canadian Trade Commissioner to Japan, has a lengthy article on fair play to Japan. "The sooner," says Preston, "we dismiss the idea that Japan may possibly be a hewer of wood and a drawer of water for the western nations, the better. There would be no greater illusion as to the actual situation. It should be frankly and fairly faced. It may startle some stay-at-homes to realize that the Japanese regard themselves as the equal of any western nation.

"The continual reference in the west to the so-called yellow peril is bound to create popular indignation, which may have far-reaching results in the near future."

Taft to Talk By Gramaphone.

Hot Springs, Aug. 5.—William H. Taft has consented to make several short speeches into talking machines for reproduction, and he yesterday found Mrs. Taft laughing at him as he was rehearsing. Several experimental talks were made and reproduced with varying degrees of satisfaction. The speeches which a single record will hold average about 300 words.

Missionary Beaten.

Bombay, Aug. 5.—A brutal attack on a woman missionary by a band of Hindus at Paudharpur, in the Poona district, indicates the growth of the anti-foreign sentiment in India.

Miss Steele, the woman in question, fell into the hands of the fanatics and was beaten with sticks and stones into unconsciousness.

NEARLY TEN THOUSAND C.P.R. WORKMEN HAVE QUIT WORK

On Ninety-five Per Cent. Vote Men Agree to Quit Until Demands Regarding Wages Overlapping Hours and Number of Apprentices Are Granted —Entire Line is Affected.

Winnipeg, Aug. 5.—A general strike of the mechanics department of the Canadian Pacific Railway was inaugurated this morning at 10 o'clock.

Final orders were issued last night to men in all shops and roundhouses from St. John to Vancouver to quit at sound of the whistle.

On Friday last general instructions were sent out that if the C.P.R. posted a schedule as recommended in the majority report of the arbitration board, the men were to walk out. This, of course, was subject to later instructions.

In the meanwhile an ultimatum was delivered to Sir Thomas Shaughnessy to the effect that if the new schedule was put into effect the men would quit. At the same time he was asked to reopen negotiations. No reply was received from him, and instructions were issued to the men to stand by the orders.

Every shop, roundhouse, terminal and divisional point on the whole system is affected, there being between 8,000 and 10,000 men involved.

These unions are blacksmiths, machinists, moulders, pipefitters' specialists and all helpers to various trades. All of these organizations are part of the international trades unions, and will be backed by the international organization in the pending fight.

Of the whole number of men employed, 95.3 per cent. have voted for strike, which means that all shops and roundhouses will be closed down absolutely for a time at least.

J. H. McVety stated yesterday morning, when announcing the walkout, that the men were all informed as to what action they were to pursue. Since first instructions were issued on Friday there had been several bulletins sent out, keeping the men well in touch with what was going on. For a time there was hope that the C.P.R. would consent to reopen negotiations on the points in dispute, but when Sir Thomas Shaughnessy failed to reply to communications, it was taken as sufficient evidence that the company was prepared to stand by the majority report of the arbitration board.

"Is the Canadian Northern involved in this strike?" was asked.

"Not at present," said Mr. McVety; "but if the C.N.R. attempt to ship any rolling stock or locomotives for the C. P. R., or if they try to help that company out in any way, they will be involved, and right away. You can see by the vote that all the men are with us. We do not care to say what funds we have behind us, for the company would laugh, but we have the International Union at our backs, and that is about all that anyone can expect or ask.

"There are several principles involved in the fight which we are prepared to put up. First, there is reduction of wages for a large percentage of boilermakers; this affects all boilermakers except a few in large shops, such as at Montreal and Winnipeg. Then there is the question of overlapping hours, which will work a hardship on a number of men by increase in the percentage of apprentices, and a number of other issues which have been definitely decided years ago, and which the company now wants to re-establish for ends of their own.

"It is evident to us that this is to end in the breaking up of the unions, so that the company can have the men at their mercy.

"Many of those who are on strike are not directly affected by the new schedule, but they are fighting on the basic principle of trades unionism. The company would lose their trade and this they cannot permit."

AIRSHIP MAKES A RECORD FLIGHT

Count Zeppelin Takes German Officer for Cruise---Eight Persons on Board.

Constance, Germany, Aug. 5.—Count Zeppelin's great airship had a most successful flight yesterday, in spite of a small accident to the machine. This was soon remedied.

The day and the hour when the ascent was to be made were kept secret until late Monday night, and not even the imperial commissioners appointed to accompany Count Zeppelin on the voyage were present. The only official taking part in the flight is Major Gradenitz, who represents the German Government.

In the forward gondola were five men and in the after gondola three members of the crew.

Burglary At Falls.

Niagara Falls, Aug. 5.—A daring robbery took place here yesterday afternoon at the residence of Mr. J. L. Vanstone, accountant for the Ontario Silver Company. About 5 o'clock while Mrs. Vanstone was entertaining friends on the front verandah she saw a well-dressed young man crossing the road in the direction of the house next door. About twenty minutes later Mrs. Vanstone went into the bedroom and found that a gold watch and chain, two gold brooches set with pearls, also a purse containing $37 in bills, another purse, containing about $12, and other articles of jewellery were missing, the total value of the jewellery stolen being about $200.

Crops Suffer In East.

Halifax, N.S., Aug. 5.—The damage to hay, grain and fruit crops by Monday night's heavy rain and wind storm is serious, and many have been losers among the fishing fleet.

In Colchester County standing hay and grain were beaten to the ground, while thousands of dollars' worth of cut hay on the marshes was swept into the bay.

Three Years In Prison.

Montreal, Aug. 5.—Sentence of three years' imprisonment was imposed on J. A. D. Poitras, secretary-treasurer of the board of school commissioners of Lachine yesterday, having been found guilty of embezzlement of school funds to the extent of $2,000.

MR. PREVOST TO LET LOOSE

Promises to Drive Certain Liberals From Quebec Par y---To Make War on Gouin.

Montreal, Aug. 5.—Coming so soon after the announcement of Henri Bourassa's expedition to Belgium, a special from Terrebonne County telling of ex-Minister Prevost kicking over the traces causes a sensation in political circles, and increases the interest in the coming session at the ancient capital.

In the first place Mr. Prevost blamed Sir Lomer Gouin for having incited opposition to the ex-minister in the last election.

"I will make war," he said, "upon the Prime Minister so fiercely that within six months both Sir Lomer Gouin and Hon. Adelard Turgeon will have left political life."

The speaker declared that Mr. Bourassa would eclipse Chapleau and Mercier in brilliancy. Prevost claimed still to be a Liberal, but he would chase from public life and the party men who he claimed were unworthy to remain there, and to call themselves by the name of Liberal.

In a word he promises all sorts of sensations at the next session.

Gets Three Years.

Woodstock, Aug. 5.—John McGaw, aged 35, and unmarried, was found guilty by Judge Finkle yesterday morning of stealing cattle from a number of Dereham farmers and sentenced to three years at Kingston Penitentiary.

McGaw and his brother were captured and lodged in Simcoe jail, but they broke out. John was recaptured, but Edward is still at large.

The two are alleged to have stolen about a dozen cattle, but the stock was all recovered.

Brakeman Pardoned.

Toronto, Aug. 5.—Richard Newton, C.P.R. brakeman, sentenced in April to nine months' imprisonment for criminal negligence, has been pardoned from Milton jail.

Newton's negligence, it was held, caused the death of Engineer Armstrong at Guelph Junction. A petition signed by Peter R. Gibbs, A. Knapp and other citizens of Milton was forwarded to the department by T. C. Robinette, and word came yesterday that an immediate release had been ordered.

VILLAGE WAS STORM-SWEPT HAVOC OF HAIL AND RAIN

Stones the Size of Plums Beat Down on Uncut Grain and it Will be a Total Loss—Hundreds of Windows Are Broken and Buildings are Carried From Their Foundations.

Tottenham, Aug. 5.—The worst wind, hail and rain storm that has ever been known in these parts struck Tottenham at 5 p.m. yesterday, lasting half an hour.

It passed over a section about three miles in width, starting about two miles west of here, and passed about three miles east.

The hail stones were as large as plums and when the water carried them down the streets, were piled about a foot high.

Hundreds of windows, including those in the churches, were demolished.

Light buildings were moved off their foundations, trees were blown down and many of them a foot through were broken off. A barn east of here was blown from the foundation and the roofs removed.

The streets were turned into rivers and horses were crazed with fear. A few accidents are reported from runaway horses.

Telephone and telegraph wires were put out of business and trains passing through were delayed, not being able to get clearings orders over the wire.

Grain uncut will be a complete loss and many fields are cut as done with a reaper. This will include all the oat crop. Vegetables and flowers were clipped to the ground.

Firemen Elect Officers.

St. Catharines, Ont., Aug. 5.—The Provincial Firemen's Association worked all morning yesterday, but took the afternoon off, and, as guests of Protection Hose company and the town council, went to Port Colborne.

These officers were elected: President, Charles Allan, Brampton; Vice-President, W. Birrell, Hamilton; Second Vice President, Adam Martin, Thorold; Secretary, George Thomas, Niagara Falls; Treasurer, George Elkins, Thorold.

To-day a big demonstration and turnout will be held.

Crushed Under Stove.

Montreal, Aug. 5.—Almanzai Charlebois, five years old, was instantly killed at his father's home at Coteau Landing Monday. His father bought a stove at Coteau village, and took it to his house in a two-wheeled cart. He unhitched the horse and took it to the stable, and while he was away his two little sons essayed to climb up the back of the vehicle. Their combined weight was sufficient to tilt up the cart and the stove fell across Almanzai, breaking his spine and killing him almost instantly.

Toronto Gives Up Hope.

Toronto, Aug. 5.—Mayor Oliver, after ineffectual efforts to communicate with Earl Grey by phone yesterday, abandoned the forlorn hope that Earl Roberts might be induced to visit Toronto for a day, and the civic address was sent by express to Ottawa last night. The Mayor had an idea yesterday of going to Ottawa to present the address personally, but as the Earl leaves for Quebec to-morrow, he decided that no time should be lost.

Tug Crushed Under Wall.

Chicago, Aug. 5.—The fire tug Illinois, which has been working all night on the smoldering ruins of elevators E and F, which burned Monday, was sunk in the river yesterday by the falling of the wall of elevator F. Tons of brick fell on the deck and the tug sank beneath the weight.

Members of the crew jumped into the river and only one was injured.

Bronson Howard Dead.

New York, Aug. 5.—Bronson Howard, the author and dramatist, died in Avon-by-the-Sea, N.J., to-day.

Bronson Howard was born in Detroit, Oct. 7, 1842, of which city his father was one time mayor.

From 1868-72 he was an active New York journalist. Since that time he was a dramatic writer altogether. His more famous productions were The Banker's Daughter (1878), Truth (1879), Wives (1879), Young Mrs. Winthrop (1882), The Henrietta (1887), Shenandoah (1889), and Aristocracy (1892).

Five Men Asphyxiated.

St. Johns, Mich., Aug. 5.—John Allen and Walter Reynolds were asphyxiated by gas yesterday in the city reservoir in front of the city hall, and Wm. H. Smith, ex-prosecuting attorney; John Harley, a prominent merchant, and Walter Polzin, aged 16 years, were also overcome while trying to rescue them.

British Sympathy.

Ottawa, Aug. 5.—His Excellency Earl Grey has received from Lord Crewe, Colonial Secretary, a message expressing his sympathy with Canada in the loss sustained by the forest fires in British Columbia. It is as follows:

"I have learned with very great regret of the disastrous fire in British Columbia and earnestly trust that the loss of life and property may not prove to be as great as it is now feared.

"I will be glad to receive such information as your Government has to hand."

Killed Wife and Granddaughter.

Vernon, Conn., Aug. 5.—John Zett, a farmer living on the Bolton road, yesterday killed his wife and granddaughter, and tried to kill his son, using a sledge hammer and a knife.

Burns Proved Fatal.

Hagersville, Aug. 5.—Geo. Banks, expert machinist, of Brantford, and manager for J. H. Head, burned Monday in the gasoline explosion, is dead.

CHARGED WITH STEALING FROM LINDSAY HOTEL

Young Married Woman in the Toils—Wholesale Thieving Was Done

If the information against a woman in the employ of the Simpson house is correct, a large part of the household accessories of that hotel have been stolen. She has been charged with the wholesale theft of towels, sheets, pillow covers, stand covers, bed spreads and a lot of valuable silverware.

The young person has only been married a short time and no doubt thought this an easy way of starting housekeeping. It is learned that the articles had been missed from time to time but the proprietor could get no clue that would lead him to suspect any particular servant.

Some few days ago a little incident occurred that led him to centre his suspicions on the person suspected, as she was watched with the result that some of the goods stolen were found in her room.

The management were very much surprised at the actions of the woman as they always regarded her as one of their most trustworthy servants. She will appear this afternoon at three o'clock before Magistrate Jackson when it will be known if she is guilty or not.—Lindsay Free Press.

HAVE THE PAIR GOT RECORDS?

Police Probing into Past Life of Two Men Arrested for Housebreaking

The two men who were arrested last Saturday, while engaged in rifling Mr. E. G. Patterson's residence will not come up for trial before the 30th. This length of time will be needed to find out the men's previous records. Their photographs were taken yesterday morning and will be sent to all principal cities and towns in the United States and Canada for identification.

In the preliminary trial last Saturday the two men pleaded not guilty to the charge and elected to be tried by a jury.

AUTOMOBILE DID NOT SCARE HORSE

In connection with the item in yesterday's Review regarding the accident to Miss Watt, it was stated that the horse had been frightened by an automobile. The Review has learned that such was not the case. The automobile was over half a block away from the place where the accident occurred and had nothing to do whatever with the frightening of the animal.

FINANCIAL STATEMENT OF COUNTY FOR SEVEN MONTHS

Following is the financial statement of the County from the 1st seven months of 1908.

Receipts

County rates general	4391.01
County rates, House Refuge	1047.25

Printing, postage, adt. etc	381.77
Miscellaneous grants	415.00
	$36,408.53

EDMD ELLIOTT,
County Treasurer.

EXCAVATION FOR FURNITURE FACTORY HAS COMMENCED

Excavation has been commenced for the new furniture factory, Ashburnham, and will be built as soon as the work of construction can be carried through. The building is being put up immediately west of the plant of the Peterborough Lubricator Co. which was the former manufactory of the furniture company. It will be three storeys high, one storey higher than the old building and will be equipped with all the most approved facilities for furniture manufacture and the concern is preparing to carry on a much larger business than in the old premises. Mr. T. Oke is the manager.

Charged With Theft From Son.

Hamilton, Aug. 5.—Wm. Lawson, the deputy-returning officer who got into trouble over the ballots at the last provincial election, was arrested again yesterday on the charge of stealing a small sum of money from his son.

Bad Storm.

London, Aug. 5.—Travelers from Georgetown last night reported a terrific thunderstorm along the line. Three barn fires could be observed.

RELIEVING THE SUFFERERS FERNIE NOT DISCOURAGED

Known Death List Numbers Twenty-two, and List of Missing Will be Greatly Reduced—Several Drowned in Elk River Escaping Flames—Michel is Completely Destroyed.

Fernie, B.C., Aug. 5.—Communication by wire and railway with the outside world has been established and vigorous efforts to identify and bury the dead and prevent the seven thousand homeless people from starving are vigorously under way in the stricken region to-day.

A public safety committee of fifty is directing affairs, the patrol of Mounted Police assisting in the effort to restore order and relief.

Twenty-two dead bodies have been recovered and while this is not supposed to be all the victims it is known that the death list is very much smaller than at first supposed, while the missing list contains nearly 100. This is now thought to be due to the separation of various families.

The tabulation of business men's losses began yesterday, and it is planned that a special session of the British Columbia Legislature or Order-in-Council will be passed supplying credit where it is absolutely necessary.

Telegrams have been received in a vast quantity from all parts of Canada, United States and England offering aid. The wholesalers of Winnipeg, Toronto, Montreal, and Spokane doing business here have promised all credit necessary to those business men who required extended credits to restore their business. This will probably be necessary, as in a large number of cases the losses are complete.

As a rule in Fernie even those insured have lost their policies and all records, and will have much trouble in settling their claims, all notes of their debtors, as well as books showing who their creditors are, being destroyed.

The dead in the city so far as can be ascertained are:

Walter Ford, wife, and two children, bodies found in well, where they had vainly sought safety.

Mrs. Turner, an aged cripple in the annex, whom friends were trying to rescue, but were forced to leave her to her fate.

Two children and man, names yet unknown, in West Fernie.

One man, unrecognized, in ruins of old Waldorf hotel.

One man, unrecognized, found lying naked on railway track, near Sparwood.

J. Anderson, engineer, at Hosmer Mines, body found Monday in air shaft, where he was suffocated.

Lena Bell, woman of red light district.

When the fire broke out first care was taken to rescue sick in hospital. All were taken to coal company's office. Typhoid, scarlet fever and other patients all housed in building, as there was no other place to put them.

Frantic and hysterical women rushed hither and thither, searching for their children, while men stared in each other's faces speechless before the great calamity. Over three thousand people have been taken to Cranbrook and other towns west and east.

It is certain that several were drowned in trying to swim Elk River to islands for safety, as they were soon swept away.

There is considerable sickness among those here, and there is sure to be more if clothing and shelter are not soon provided, especially among the women and children.

The theory that the Black Hand started the fires in revenge for imprisonment of their members is being followed up by the mounted police, and, while the story is not generally credited, it is to be sifted to the bottom.

Relief trains have poured enormous quantities of supplies into Fernie and surrounding towns. It is largely now a question of organization.

The quick response of American towns along the border has created the liveliest feeling of cordiality among all the towns of Crow's Nest Pass region.

One very serious feature of the fire is the cutting off of the principal and most readily available source of coal supply for the Canadian prairie west, especially at a time when fuel stocks are depleted.

Cranbrook, B.C., Aug. 5.—Michel was wiped off the map this afternoon. Three thousand escaped refugees from devastated territory are here.

See also page five.

Arrested the Ringleaders.

Moncton, N.B., Aug. 5.—Armed with revolvers and clubs, a group of dissatisfied foreign laborers employed on the Grand Trunk Pacific, compelled three hundred others to join them in striking for increased pay. The police force hurried to the scene and placed the ringleaders under arrest before serious trouble could develop.

Accidentally Shot.

Hamilton, Aug. 5.—Joseph Mullock, 55 years of age, a well known Waterdown fruit exporter, was instantly killed yesterday morning by the accidental discharge of a shot gun while hunting a skunk.

Farman's Success.

New York, Aug. 5.—Henry Farman, the aviator, continued his airship flights at the Brighton Beach race track yesterday. The apparatus answered the helm readily and turned in a semi-circle.

Farman made three flights, twice at 800 yards and finally at 800 yards.

Fishing Boats Lost.

Ottawa, Aug. 5.—The Marine Department has been advised that a couple of fishing craft were driven off St. Paul's Island, near Sydney, C.B., in a recent storm and have not since been seen. The customs steamer Gladiator has been sent to look for the missing vessels.

Twice Filtered

WEDNESDAY, AUG. 5, 1908.

THE OLD FIRE BRIGADE

We are very strongly of opinion that a handsome present should be made to ex-Fire Chief Rutherford, and the late members of his fire company in recognition of this long, faithful and efficient service rendered to the town by them. During their term of office they kept Peterborough secure from the more serious ravages of the fiery element and in many ways besides added much to the spirit and energy of the times. The "pay" was small. The simple truth is, the pay was such as men of their calibre could not be expected to work for. Our opportunity now arises of liquidating the obligatoin and we hope in common with a large number of citizens to whom we have spoken that some due and proper recognition will be made by the council and the public. We are aware that the brigade and many citizens do not think that the old brigade was fairly treated it seemingly having been taken for granted that because they asked for an increase of salary therefore they were discontented and wished to be relieved. The increase asked for, no more than befits the times and since no doubt the office presented in itself no particular attraction it is all the more necessary that the ability of Chief Rutherford in and out of action should be acknowledged and likewise that of his subordinates as well. A testimonial of some sort should be forthcoming.

THE CLOSURE

The Globe is working up to the Closure. It quotes the Brantford Expositor with approval to that effect. The Liberal press generally is assuming quite a lofty tone in threatening the Conservatives with what it will do to them, incidentally for obstructing parliamentary business but really for exposing the misdoings of the worst crew of misrepresentatives that ever presumed upon the patience of a long-suffering people. It is true that the Opposition talked long and often, but let us take an example. If they had not done so, amongst other measures the old Aylesworth Bill would have passed. But it didn't pass. Now, if the Opposition was wrong, why not make the former Aylesworth Bill an issue and go to the country on it—if Sir Wilfrid dare. Such a recourse would settle the question in short order. Anything that entails so drastic a measure as closure is surely worthy of being an issue in an election. Wouldn't it have been a pretty thing if Hon. G. W. Ross had passed the closure. When the people consent to a ministry's hiding itself behind closure it will be long after this we may be sure. We have heard of people putting on airs but this piece of impertinent presumption just about lifts the proverbial cake. If the Liberals had half the sense they credit themselves with they would see that where the people of a united country like Canada possesses, the power of administering punishment at the polls they will retain that power and not delegate it to those who alas, too often, forget their duty to that country. The frequent professions by the Liberal party that it bestowed the "priceless treasure of liberty," etc, upon a suffering people just as frequently appear very ridiculous.

CARTER'S LITTLE LIVER PILLS.

CURE

Sick Headache and relieve all the troubles incident to a bilious state of the system, such as Dizziness, Nausea, Drowsiness, Distress after eating, Pain in the Side, &c. While their most remarkable success has been shown in curing

SICK

Headache, yet Carter's Little Liver Pills are equally valuable in Constipation, curing and preventing this annoying complaint, while they also correct all disorders of the stomach, stimulate the liver and regulate the bowels. Even if they only cured

HEAD

Ache they would be almost priceless to those who suffer from this distressing complaint; but fortunately their goodness does not end here, and those who once try them will find these little pills valuable in so many ways that they will not be willing to do without them. But after all sick head

ACHE

Is the bane of so many lives that here is where we make our great boast. Our pills cure it while others do not.

Carter's Little Liver Pills are very small and very easy to take. One or two pills make a dose. They are strictly vegetable and do not gripe or purge, but by their gentle action please all who use them.

CARTER MEDICINE CO., NEW YORK.

Small Pill. Small Dose. Small Price.

THE HUDSON BAY RAILWAY

We publish in another column an article on the Hudson Bay Survey from the Canadian Trade Review. As the Review points out, this great and expensive project will hardly be undertaken till the electors have pronounced upon it, although an appropriation of $100 000 has been made for surveys now going on. One thing may be taken as reasonably certain. The electors will not endorse the Laurier Government's plan of building railways at the country's expense and then handing them over virtually as presents to huge railway syndicates, as in the case of the G.T.P. Railway companies, like any other company, should be treated not as entitled to from one to five hundred per cent. on its investment, with a government guarantee against loss behind it, but as worthy of a fair return for work well done. A guarantee as is generally agreed, is not only unfair and unjust to the remainder of the people, but has a sinister look to it as well. At the present time Canada and Canadians are practically existing and working with the sole object of paying somebody else for the privilege. How can we expect to have money as a people or a nation? It is against reason and common sense. It will be observed that no matter how hard the times, the capitalists never suffer. Governments through subsidies take all possibility of loss off the shoulders of capitalists who go into the markets of the world and get money on the strength of the nation's security and then charge us emergency risk rates.

BAD TIMES IN BRITAIN

"The real danger in Britain is the feeling that a change may bring improvement but can scarcely make things worse."—Globe.

In the first place it is to be noted that in Free Trade Britain, things can't be worse. The second is that despite this fact there is a real danger that some people with sense will look for some way out of the difficulty, which at the present time, looms up. It may be Tariff Reform or as we know it, Protection. However as the Globe would rather die than endorse Protection which is the creation and remedy of its opponents, it considers anything relating to it a real danger, even when as in Great Britain as it confesses, things can't be worse. This reads a good deal like juvenile imbecility. Then, too in the same issue it acknowledges that nationalization is apparently the only way out of such inopportune strikes as that now on upon the CPR, and yet it opposes nationalization with all its might. Funny old paper, that!

RURAL MAIL DELIVERY

December 10—Motion by Mr. Armstrong for free rural mail delivery. Rejected, 103 to 54. Proceedings of House of Commons.

The Laurier Government put itself on record as we see above, against free mail delivery for the farmers in the more thickly settled districts. Why the Laurier Government should oppose it, we are at a loss to understand. Sir Wilfrid has done much for favorites, but the farmers would seem not to be of that class. The expense of the Quebec celebration and the loss by the Quebec bridge would have formed the basis of an amply sufficient fund for free rural mail delivery in Canada. There is no good in the Ottawa Administration's urging objections to it and making theoretical statements regarding it. It has been tried and found of the greatest possible benefit to the farming community. The Canadian Dairyman and Farming World of this city has had a long series of articles on this subject of a most thoroughgoing character and they are all in favor of it. Mr. Lockie Wilson speaking at a farmers' picnic said that he knew about the working of free rural mail delivery in the U.S. and that there would be a rebellion amongst the farmers if anybody attempted to take it away from them. Like all other movements of a similar nature, it does not at first pay, but in a short time the saving of time and money to the farmer is apparent. Small parcels by post are a great boon. There is no good in saying that we are too sparsely settled in Canada for such an improvement. The U.S. know just to a fraction what the system will stand and they urge us to adopt it in our more fully occupied farming districts. It has been a complete and overwhelming success in states of a similar degree of settlement to Ontario, parts of Quebec, the Maritime Provinces, etc. It will bring the young people on the farm directly in touch with city life and surrounding or more distant country life. It is an honor to Mr. Borden that he has adopted it as a plank in his platform. The Liberals oppose it in vain. Where one hundred boxes can be served in a day a route is provided and pays.

THE TORONTO GLOBE CENSENES THE POLICY OF THE DOMINION PREMIER SIR WILFRID LAURIER

> "The abnormal price of necessities and luxuries in Canada is due partly to an abnormal tendency to license, regulate, tax, and obstruct various business methods and partly to a tendency to emulate a gigantic nation in protection folly. If New York State were surrounded by a tariff as high as that which surrounds the republic it would be far dearer to live in than Canada."—The Globe.

The above clipping from the Liberal party organ is but one of many of a woefully re-actionary character. "Back to the soup-kitchen" of '78 is the motto of the Globe. The policy that made Canada a nation is condemned as absurd and making the necessaries of life dear. Have we got to go all over the weary way out of the cave of despair, again, simply because the Globe condemns protection? But what the Globe really after all no doubt means to condemn, is not protection, but that emasculated make-shift known as a preference tariff. Canada needs higher protection. The tariffs of the nations rise—not lower. Even Great Britain sees the necessity of it for herself. Where, then, should Canada hesitate?

EDITORIAL NOTES

The Toronto News is reported to have passed into the hands of Conservatives. That may be, but the Montreal Star evidently hasn't.

First Lawyer—Don't you think we are giving our client unnecessary trouble.

Second Lawyer — Yes; but we'll charge him for it.—Exchange

The number of brutal attacks on women is increasing. Every such attack is a reproach to the powers that be and the allegation that nothing is done until "a director" is killed or in other words, until some prominent person is attacked is an equally serious reflection upon the same powers. The people will "go crazy" some of these days and it will be hard to break them of the habit.

The Saskatchewan elections from all accounts will have no bearing on the Federal elections shortly to come off. The Liberal provincial leader seems to have succeeded in effecting this so as to preclude a disaster in case of defeat and to take credit for it otherwise. It will be remembered that the Minister of the Interior, Hon F. Oliver, very ostentatiously announced that he would have nothing to do with the Saskatchewan affairs.

Britain has heretofore stood out conspicuously free in a trust-ridden world, and the lesson of this one mistake should be sufficient. Next to the British public the chief losers by the embargo are the British farmers who want to fatten cattle as a business. They have got the areas sufficient for breeding, but are equipped for feeding stockers. If they could buy Canadian cattle two years old and feed for the market they would have a profitable and productive industry. This line of business is prohibited by the scheduling of our cattle for slaughter. If the beef trust brings home to the people the immediate result of their mistake it may have the effect of promoting a remedy and preventing other lapses in the same direction.—Toronto Globe.

While the Globe is at it, would it mind telling us why when people or nations are in fog it is such a continual "mistake" to take measures to get out. Also, why is it that Great Britain the free-trader's pride, is now incurring the Globe's censure, &c. Will it never dawn on this obstinate journal that inductive reason in such matters is worth two hundred of the deductive sort. We must square with facts for we cannot make facts square with us.

DEAFNESS CANNOT BE CURED

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

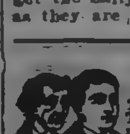
CHANGE TAKES PLACE TO-DAY

Springville Getting the Mail From Peterborough by Way of Kendry

The new mail service to Springville commenced today. Instead of the mail being taken to the above post office by Fraserville it will be sent from Peterborough by way of Kendry siding on the CPR. The change will be a big improvement as it will enable the people of Springville to get the daily papers on the same day as they are published.



Wood's Phosphodine, *The Great English Remedy.* Tones and invigorates the whole nervous system, makes new Blood in old Veins. Cures Nervous Debility, Mental and Brain Worry, Despondency, Sexual Weakness, Emissions, Spermatorrhoea, and Effects of Abuse or Excesses. Price $1 per box, six for $5. One will please, six will cure. Sold by all druggists or mailed in plain pkg. on receipt of price. New pamphlet mailed free. The Wood Medicine Co. (formerly Windsor) Toronto, Ont.

WHAT A GREAT NAN SAID TO THE GREAT AMERICAN PEOPLE

Parisian Sage is a discovery of a celebrated scientist, who spent the best years of his life in perfecting this great hair tonic.

In giving his receipt to the American people he said, "Parisian Sage is the most delightful hair dressing in the world, but it is more than a hair dressing. It cures dandruff by killing the germs, that infest the roots of the hair; it stops falling hair it gives vigor and strength to the hair roots. W. Madill, druggist, Peterborough, sells Parisian Sage at 50 cents a large bottle and guarantees it to do all that is claimed for it, or your money will be refunded. If you do not reside near a druggist who sells Parisian Sage, send 50 cts to Giroux Mfg. Co, Fort Erie, Ont, and a bottle will be sent you all charges prepaid.

STATION AT COBOCONK WAS DESTROYED

Coboconk, August 4— The Grand Trunk railway station and freight sheds were burned at about four o'clock this morning the result of being struck by lightning.

A fierce storm was raging at the time, and before the villagers were on the scene very little of the contents of the dwelling could be saved and nothing in the freight house could be recovered, the fire having originated in that portion of the buildings.

A THRILLING EXPERIENCE SPENT NIGHT ON THE WAVES

Mr. and Mrs. Gasgin of Toronto Drifted all Night in a Small Boat on Lake Erie.

St. Catharines, August 4—Daylight was just breaking this morning when a thirty-foot sail boat, which all through the night had remained in Lake Ontario at the utter mercy of relentless waves reached shore about 200 yards west of the Ten Mile Creek at McCalla's grove, and clinging to the cabin of the boat chilled to the very marrow were two drenched persons, Mr and Mrs. Gasgin, who live at Toronto, but who had set sail on Friday afternoon for Port Dalhousie harbor from Jordan Harbor.

Their story is one which fortunately one hears but once in many years. It is a story of a battle with the waves which oftentimes would almost conquer the brave little boat but, thanks to a kind providence, no lives were lost, and today, except a sound drenching, which may not result even in a bad cold, the gentleman and lady who spent a night on the open lake at the mercy of a cold north wind, which veered around to the east and left the lake in an uproar, were eventually drifted to the shore and after wading through some six or seven feet of water to the shore, and climbing a steep, barren bank, which stood like a wall before them, they rapped at the door of W. H. Wilson's house, who were startled to see such early visitors to the camp.

What the rescued have to tell of their perilous night's adventure on the tempest driven waves would startle anyone. They left Jordan Harbor on Friday afternoon with the intention of making the Port Dalhousie harbor. Everything then favored an unusually fine trip on the lake, but hardly had the little thirty-foot boat proceeded far when a breeze got up which made sailing good, and the trip to their destination would have been made in excellent time had the breeze not developed into a strong wind, which practically held the little boat at its mercy. The waves grew from laughing little ripples to big, bowling waves, which now and again would sweep against the boat with a force that threatened to capsize it.

Night came all too soon. Away out in the lake the little boat struggled with never a sight of the Dalhousie Harbor. The wind continued to blow not the warm breeze which has prevailed for the past week but a steady, cold wind, direct from the north. The man and wife on board clung to the boat with all their might. They knew that once they forgot themselves, once they allowed themselves to loosen their hold they would be thrown off their boat like leaves before an autumn wind.

The minutes dragged slowly away into hours which gradually grew till midnight was passed. Then came the long watch for daylight, and the hours seemed longer than they ever did before. No idea was held by either of the position the little ship was in. For all they knew she might be near shore, or then again she might be miles and miles in the open lake. The anchor had been broken long ago, the two sails were badly damaged, and the only thing to do was to drift, drift.

The early morning hours passed, and still no idea could be had as to the position of the boat. At last dawn approached, and then and only then, were the two water soaked passengers able to tell where they were. They knew one thing, they were near land but in what part of the lake they could not tell. The craft drifted at last to shore, and the two were saved from a watery grave. It was a laborious task for the two exhausted victims of the long night's adventure to climb the steep bank which prevails where they landed, but at last they managed to do so, and were welcomed to Mr. Wilson's camp, in which he is camping for a few weeks. Dry clothing was given them in place of their torn and wet garments and after a good breakfast, the two again felt like themselves.

CLAIMS HE HAS CONSUMPTION

And Omemee Man Refuses to Attend Court at Lindsay—May be Arrested

Lindsay, August 5—Mr W English, of Omemee, who was charged with disorderly conduct on the train from Peterborough to Lindsay on July 2nd, was to appear before Magistrate Moore this morning. Mr Weldon, who is defending Mr. English, produced a certificate signed by Dr. Sutton to the effect that he was unable to attend on account of sickness.

Chief Vincent informed the Magistrate that he was 'phoned by Constable Mitchell, of Omemee, that English was well enough to attend the court.

This is the third time English has been summoned and failed to appear. His Worship called the case for tomorrow and said he would need stronger evidence than the certificate of the doctor and if it was not forthcoming he would issue a warrant for his arrest.

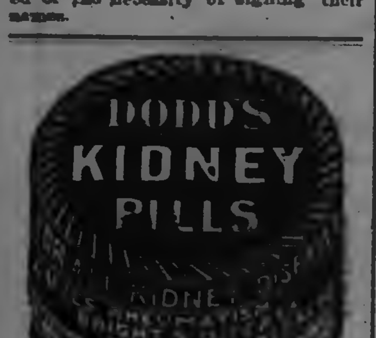
Dr. Sutton's certificates claim that English is suffering with consumption.

COMMUNICATION NOT SIGNED

Chief Roszel Received One About Unsanitary Condition of Yard

Chief Roszel has received a communication telling of the unsanitary condition of the yard of a Chamberlain street residence. It words quite a complaint. No name or names of the writer or writers are affixed to it.

Anonymous communications are unsafe documents to work upon and those wishing to forward written complaints to the Chief are reminded of the necessity of signing their names.



EAT WHAT YOU WANT

But Find the Way to Digest What You Do Eat.

The first thing to do in the case of indigestion or stomach weakness is to strengthen the muscular walls of the stomach and intestines, so that they will care for the food that is eaten. In no other way can this be done as well as by taking a Mi-o-na tablet before each meal. This restores strength to the stomach muscles and stimulates the pouring out of gastric juices, then the food digests readily and you begin to get the full benefit from what you eat.

Use Mi-o-na whenever you have sick headache, heartburn, bad taste in the mouth, coated tongue, spots before the eyes, sleeplessness and the many other symptoms that are the direct result of indigestion.

W. Medill, druggist, corner of Hunter and George streets, Peterborough gives with every 50 cent box of Mi-o-na a guarantee to refund the money unless the remedy cures.

NORWOOD

Special to the Review.

Norwood, Aug. 4.—"Silver Creek," the residence of Mrs. Margaret Andrews, was the scene of high festivity last Wednesday evening, July 29, when her youngest daughter, Miss Ella Andrews, was united in matrimony to Mr. J. A. Hamblin of Norwood.

The marriage was solemnized under an arch hung with wedding-bells on the lawn. Rev. W. H. Adams, of the Norwood Methodist church, conducting the ceremony. Miss Payne, of Hastings, was the bridesmaid, and Mr. Richard Andrews, the bride's brother, was the groomsman. Miss Roxy Andrews who was prettily dressed in net over white silk, was flower girl and the bride was given away by Mr. W. McMillan. The bride was dressed in white silk trimmed with lace and insertion, with tulle veil, and carried a shower bouquet of sweet peas and maidenhair ferns.

After the ceremony the party retired to the dining room, where two long tables were laid with all the season's delicacies and where sweet peas and maidenhair ferns were the predominant feature of the decorations. The bride's cake, which was the centre of attraction, was a masterpiece of the confectioner's art and evoked not a little admiration. In an adjoining room the wedding presents were exhibited and included among others a plush parlor suite, a dining suite, several substantial cheques and valuable gifts in silver, [illegible] and china.

The groom's gift to the bride was a gold swastika brooch set with brilliants, to the bridesmaid a gold brooch, to the flower girl an opal ring and to the groomsman a pair of gold cuff links. The bride's travelling suit was of navy blue cheviot. Mr. and Mrs. Hamblin will take up their residence in Norwood, Mr. Hamblin having purchased the Patterson property on Ridge street.

The public school is being thoroughly renovated and improved during the summer holidays. Mr. T. Reid has the contract for a metallic ceiling in part of the building while Mr. Paget will put in the new floors required. The Property Committee also intend having all the windows re-puttied which repairs, when completed, will put the school among the approved ones.

Norwood has been besieged with automobiles this week, two or three having been here on Monday and Tuesday, to the delight and admiration of the small boys. Dr. Stewart is contemplating investing in a machine to run by springs which he thinks will be a big improvement over the present type, as it will save expenses in fuel. He intends having a powerful winding gear and thinks the diversity between running and winding will have the effect of making touring more healthful and invigorating. We wish the doctor success.

Mr. and Mrs. Atkinson (nee Miss Campbell) is visiting the latter's parents Mr. and Mrs. D. Campbell.

On Thursday morning between 3 and 4 o'clock, lightning struck a chimney on Mr. Hiram Fry's house on King street and displaced a few bricks. The stove pipes were knocked down but otherwise no apparent damage was done. The bolt which struck was the only one during the morning and was unaccompanied by rain. A house in Havelock was also struck and burned at about the same time.

Mrs. Ernest Hagg, of this place, is in Havelock this week under the care of Dr. Hoskcroft, who performed an operation for a tumor in the side. At the time of writing she is reported to be doing nicely, having come through the somewhat critical operation safely.

Mrs. M. J. Christie and Miss Annie Christie, of Peterborough, are visiting the former's sister Mrs. E. J. Laing, Peterborough street.

Miss Hessie Davies, of Peterborough, is visiting friends in Norwood.

Mrs. E. T. Bowie, who has been visiting her sister, Mrs. E. J. Laing, returned to her home in Peterborough.

Miss Mary Pickford, who has been visiting in England for the past year, returned to her home in Norwood on Monday, August 3rd.

Miss Mary Hendren visited friends in Westwood last week.

Miss Ella May and Susie Mahony are visiting their parents Mr. and Mrs. D. Mahoney, Belmont street.

Mrs. I. D. Moore, of Peterborough, is visiting her mother, Mrs. C. J. Searight, Peterborough street.

Misses Gertrude and Sadie Greenbank are visiting friends in Tyrone.

Mr. and Mrs. M. R. Callander and daughter, Miss Mildred, went to Stony Lake last Saturday for a month's holidays.

TO KEEP LAWN FREE FROM DANDELIONS

There are those who say the Dandelion cannot be killed. I know better—I've tried it. I have a lawn of 200 feet by 150 feet without a dandelion and I don't rip up my lawn either. How do I keep the dandelions out? I dig them out carefully every spring and keep a close watch for their reappearance during the summer, thus avoiding the seeding. Every spring I scatter plenty of blue grass seed on my lawn and thus supply it with seed that is lost to it by reason of frequent cutting.

Not only that, but when I am digging dandelions out I have a pocket full of seed handy and drop a pinch in each hole I make when I extract the dandelion from the sod. Now grass grows up quickly, fills the hole and chokes the dandelion.—Denver Post.

WATCHING FOR THE RESULTS

Those Who Tried Examinations Anxious to Know How They Fared

Those who tried this year's junior and senior Matriculation and Leaving examinations should keep their eyes upon the papers these days as the results should appear within the next week or ten days.

Last year's results were known on about the 10th but as most of the examinations began earlier this year, the pupils should know their fate so much the sooner.

THE HUNSON BAY RAILWAY

Canadian Trade Review.

It is understood that the real work on the Hudson's Bay Railway will be started this summer. It will be remembered that the House of Commons voted at its last session the sum of $100,000 for a preliminary survey, of this long talked of undertaking, which, according to many people, will provide a successful outlet for many millions of bushels of western grain during four months of every year. As a matter of fact, the Hudson Bay route has become so generally accepted by the shipping fraternity that the great insurance concern known as Lloyds, has been preparing data with a view to underwriting both ships and cargoes, so certain are they that the time is near at hand when risks of this kind will be offering on both sides of the Atlantic. It is said that Captain Bernier and a good many shippers in command of American whaling ships, have furnished information to the British insurance companies, and especially to Lloyds, and that the last named are practically ready to begin operations.

Mr. J. T. Bethune, now in Montreal, has given considerable attention to the solution of the Hudson's railway problem, and has stated that he was confident that the survey would reveal no very serious difficulties. He thought that about two hundred miles from the Canadian Northern, the head waters of the Churchill, would be struck and from thence down to the harbor of Fort Churchill, the builders of the projected road to the bay, would have practically plain sailing to the end of the line. The question is what company will be entrusted with this important undertaking, or will the government of the day undertake the enterprise as a Government work? It is not known generally that there is a syndicate here in the city of Montreal which possesses a charter to build a railway to a point near Fort Churchill, and, furthermore, they claim that Mackenzie & Mann do not have any official charter to construct the so-called grain route to Canada's great inland sea. The fact remains, however, that the Canadian Northern people have always been connected with all rumors tending to the carrying out of the work. In the first place, it is a well-known fact that Mr. William Mackenzie is an enthusiastic believer in the possibility of shipping grain to Europe via Hudson's Bay and their system, being already an accomplished fact within five hundred miles of Fort Churchill, they would naturally hold the key of the situation. It is quite probable, however, that no advanced step will be taken towards actual construction before the people have an opportunity of pronouncing upon the record of the administration now in power, consequently the coming Parliament will no doubt be seized of this great enterprise before it is many months old.

LOGS BLOCKED THE STEAMER

The Kathleen Was Unable to Proceed at Entrance to Rosedale River

Passengers on board the steamer Kathleen were somewhat delayed yesterday. The steamer had just crossed Cameron Lake and was about to enter Rosedale river, when they found their way blocked by one large mass of logs. As far as eye could see it was nothing but logs, stretching far up the river. Two of the boat crew were sent out in a canoe to try and find the log drivers but they were unsuccessful. The men had all departed. For upwards of half an hour the boat sailed around the lake blowing the whistle to try and arouse the lumbermen to the state of affairs. They were unsuccessful, however, and had to turn around and sail back again. The passengers were very much disappointed as they were just coming to the best part of the trip when their way was blocked. The boat spent the rest of the day at Fenelon Falls and at a scheduled time returned home.—Lindsay Post.

Annual Excursion of the Catholic Order of Foresters, and Ancient Order of Hibernians to Jubilee Point, Civic Holiday Aug. 10th, per steamer and barge. Leaves Street Railway wharf at 8 o'clock. Tickets may be procured at Lane & Eano's and members of the committee.

WEDDING BELLS

BYERS—TAYLOR

The residence of Mr and Mrs. Wm. Taylor, was the scene of a pretty wedding this afternoon when their youngest daughter May, was united in marriage to Mr Thomas H Byers, of this city. The house was very tastefully decorated for the occasion with cut flowers. The ceremony, was performed by Rev. G. W. Henderson, pastor of Charlotte street Methodist church in the presence of the relatives of the contracting parties. The bride entered the parlor leaning on the arm of her father, who gave her away, and looked charming in a gown of white net over silk, and carrying a bouquet of bridal roses and carnations. The happy couple were unattended and after congratulations the guests sat down to a wedding supper which was served by Mr. T. Hooper, caterer. The bride was the recipient of a large number of handsome presents.

Mr. and Mrs. Byers left for Toronto and Hamilton on the 4.38 train, the bride travelling in a becoming dress of navy blue voile over silk. On their return from their honeymoon they will take up their residence at 267 Bethune street

PHOTOGRAPHERS IN CONVENTION

Several Peterborough Men Attending Meeting at Toronto

The Photographers' Association of Canada, commenced a three days' annual convention at Victoria Hall, Toronto, yesterday. Several Peterborough photographers are in attendance. An attendance of 150 delegates is expected by noon to-day. In his annual address at this morning's session President, A. M. Cunningham said that a few years ago this art was confined almost exclusively to portraits. Now it is utilized by almost every business and was proving a great aid to science. At the afternoon and evening meetings demonstrations were given by John Kennedy, Toronto; Milton Wade, New York, and J. Cornell, Rochester, N.Y.

MEASURED THE BIG SUN SPOTS

Millions of Miles of Disturbed Area on the Solar Surface

In connection with the disturbances on the sun's surface, Rev. Dr. Marsh informed the Review to-day that the largest spot is one hundred thousand miles long by fifteen thousand miles wide. The second largest spot is thirty thousand miles long and fifteen thousand miles wide. The total size of the disturbed part is two billions two hundred millions square miles.

The disturbances can be seen through a piece of smoked glass, if it is held in the right direction.

F. C. O'Hara, Deputy Minister of Trade and Commerce, is at Victoria investigating the charge that Chinese are smuggling on Mexican steamers. [illegible]

HOUSE STRUCK NEAR OMEMEE SEVERAL BARNS BURNED

Storm Did Serious Damage in Vicinity of Lindsay—Family Fled From Burning House in Night Clothes.

Special to the Review.

Lindsay, August 5.— Last night's storm was one of the worst that ever occurred in this district. The elements simply cut loose, and for over an hour rain, wind and fierce thunder and lightning wrought havoc. The most damage was done in the country, although the lightning struck at several places in the town.

The fine dwelling house of Mr. Owen Johnston, about a half mile west of Omemee village was struck and burned to the ground along with practically all the furniture. The occupants escaped in their night clothes.

A large barn belonging to Mr. Silas Calvert, at Reaboro, was struck and burned, along with a large quantity of hay and grain, farm implements, etc. Four horses, which could not be got out, were burned to death. Mr. Calvert's loss is about $3000.

The barn of Mr. Wellington Switzer, at Cameron, was hit by the electric fluid and destroyed. The structure was well filled with hay and grain.

A horse belonging to the Baker Lumber Company was killed in Lindsay, and the telephone and telegraph companies suffered heavy damage.

LAKEFIELD MAN DIES AT STONY LAKE

Sudden Demise of Mr. Jonathan Griffin---Was a Prominent Resident

Special to the Review

Lakefield, August 5 — Jonathan Griffin, one of the oldest residents of this place, died suddenly last night at his cottage at Eagle Mount, Stony Lake. He was seventy-three years of age and his end came suddenly although he had not been in best of health for some time.

Deceased was in his ordinary condition five minutes before he passed away.

Mr. Griffin was a prominent resident of the village, being the owner of a large planing mill. He was an Anglican in religion and a Conservative in politics and held the position of license commissioner for several years, resigning on account of ill-health. He is survived by two sons, Roland and Everett, and three daughters, all residing at Lakefield.

The funeral will take place on Thursday.

SAID TO HAVE SOLD IMPURE MILK

Mr. Brenton, of Belleville, who acts in the capacity of public prosecutor for the Dairyman's Association, has laid a complaint against Mrs. Philip Elmhirst, of Otonabee, on the charge of sending deteriorated milk to Ormonde factory. County Magistrate Edmison will leave on Tuesday to hear the case.

EVENING TRIPS
Do not forget the delightful outing every Monday, Tuesday Wednesday and Friday evenings of each week, per steamer Otonabee, which leaves Wolfe St. wharf at 8 o'clock, under the auspices and accompanied by the Peterboro band, Tickets 15c, Two for 25c

THE SCOW WAS TOO HEAVILY LOADED

End Sunk and 50 Bushels of Grain Dampened---Loading at Hiawatha

On Monday at Hiawatha too large a quantity of grain for the Central Mill was loaded on a scow, and as a result the scow sank after it had been loaded. As a result about 450 bushels of grain were were dampened. The scow was towed to the city by the "Rainbow."

BETTER THAN SPANKING
Spanking does not cure children of bed wetting. There is a constitutional cause for this trouble. Mrs. M. Summers, Box W., 82, Windsor, Ont., will send free to any mother, her home treatment, with full instructions. Send no money, but write her today if your children trouble you in this way. Don't blame the child, the chances are it can't help it. This treatment also cures adults and aged people troubled with urine difficulties by day or night.

SOME TOUGHS CUT THE ROPE

Of the Awning in Front of the Grocery Store of T. B. Maniece Ashburnham

When Mr T. B. Maniece who conducts a grocery business on Hunter street, Ashburnham, went to put up his awning this morning he found out that the adjusting ropes had been cut probably by some members of the gang of toughs that hangs around the corners in Ashburnham nights.

The section of the city across the river has not adequate police protection to look after the misdemeanors of the above class of offenders.

REMOVAL
The New York Ladies' Tailors, have removed from 658 George street, to 387 Reid street, opposite the Catholic Church, and we are ready to take up orders on all kinds of ladies garments such as tailor-made suits, skirts blouses, coats, and muslin dresses, made up at very short notice. Telephone 621 will reach us and our representative will call, or you can come to above address.

C. P. R. MECHANICS QUIT WORK ALL ALONG THE LINE

2,000 Walk Out at Angus Shops at Montreal 80 at Toronto, 40 at Ottawa and 40 at Havelock—Situation is Serious.

Special to the Review

Montreal, August 5—The strike order affecting CPR. mechanics over the entire system was obeyed at the Angus shops where 2000 men laid down their tools and went out. Everything is quiet.

Advices from North Bay and Quebec state that the order was obeyed at these places, while at McAdam Junction and other sections of New Brunswick, according to Mr. Bell Hardy, of Calgary, President of the Associated Mechanics, of the C.P.R. the employees are out to a man.

Montreal, August 5—A Winnipeg despatch says 800 men walked out there, leaving only 100 men in the shops, mostly foremen and apprentices. At West Toronto about 400 obeyed the strike order. In Toronto nearly 80 men quit work while 40 went out at Ottawa.

QUIT AT HAVELOCK

Special to the Review

Havelock, August 5—The mechanics in the employ of the Canadian Pacific Railway here went on strike today. About forty men are affected —machinists, boilermakers and others employed at the round house here. Everything is quiet and no trouble is threatened.

The strike has no effect at Peterborough as no CPR. mechanics are stationed here.

SERVICES OF GREAT INTEREST AT SALVATION ARMY BARRACKS

Staff-Capt. Goodwin and Capt. Aisey have returned from their vacation and will hold the usual soldiers' meeting at eight o'clock tonight. Public services will be held at the same hour to-morrow night.

Major Simcoe, of the candidates' department of the Salvation Army, Toronto, will conduct special meetings Saturday night and Sunday.

Mrs. Simcoe, who has been heard here before, is one of the most brilliant women in the Army, and is an eloquent and impressive speaker.

A BOY MUSICIAN.

She will be accompanied by her son Master Reginald, who is 13 years of age and an accomplished violin and vocal soloist. He will be heard at the barracks on Saturday night and at all three services on Sunday. In view of the attractive character of the special meetings the public is most cordially invited to attend.

THE SUPERINTENDENT WAS ASSAULTED BY AN INMATE

Some of the occupants of the House of Refuge are apparently more able bodied than their place of residence would indicate.

Today Constable Doidge of Lakefield is bringing to the city one of the male inmates of the institution who made a vicious onslaught on the superintendent

He rather badly marked up the superintendent's face in the course of the affray and will be brought before County Magistrate Edmison as the authorities have determined that something must be done to put down the rebellious conduct which takes place at different intervals. Only yesterday another of the inmates assaulted the superintendent with a stake. It seems necessary that an example be made.

KEENE GIRL WON THE MEDAL

Given for Best Penmanship—Is Daughter of Mr. and Mrs. R. Skinner

Special Correspondence.

Keene, Aug. 5.—Mr. and Mrs. W. Robinson and Miss Robinson, Peterborough, were visiting at the Victoria House Sunday.

Miss Hartley, Peterborough, and Mrs Ainley, Paterson, N.J., are visiting at the home of Mrs. John McFarlane.

Mr. and Mrs. Buchan, Monaghan, visited friends in the village Sunday.

Mr. William Wedlock commenced work this week on his new house in the west end of the village.

Mr. R. T. Kelly, who has been acting manager of the Bank of Toronto, during Mr. A. St. A. Smith's absence, returned to Toronto last week. Mr. Smith has been taking his holidays.

The Keene ball team played Hastings Friday evening and were defeated 8—6.

We offer our congratulations to Miss Katie Skinner, daughter of Mr. and Mrs. R. Skinner, on her success in winning the Crane medal, offered for penmanship. She has been a pupil at the Collegiate Institute, in Peterborough.

PRINTERS ARE WORKING HARD

Complete Preparation Being Made for Picnic at Idyl Wyld on Civic Holiday

The printers are making great preparations for their annual picnic which will be held at Idyl Wyld on Monday, Peterborough's civic holiday. The programme of sports is an unusually attractive one and a big crowd is going along to enjoy the outing. Most complete arrangements are being made. And if the weather is fine the "Otonabee" should carry one of the largest crowds of the season.

Many improvements have been made at Idyl Wyld this summer and it is now an ideal place for a picnic.

A story is current that Olive Duprau, lost at Pine, Ont., is held at Otterburne by kidnappers, who have dressed her as a boy.

Wrapping paper was used for ballots, declares the defeated candidate in Ottawa county.

BROTHER OF REV. MR. POTTER SUFFERED IN FERNIE FIRE

Mr. Robert Potter, City Engineer of Fernie B.C., Lost His House, But He and His Wife Escaped Without Injury.

Rev. J. G. Potter, of this city, has received a telegram from his brother, Mr. Robert Potter, of Fernie, B. C., conveying the information that the latter's home was completely destroyed in the fire which swept the ill-fated city. Mr. and Mrs. Potter, the telegram stated, succeeded in escaping.

Mr. Potter is the city engineer of Fernie and his loss is very heavy. Rev. Mr. Potter is expecting a letter from his brother giving more details of the disaster.

A telegram was received in the city last night stating that Mr. R. W. Wood was safe and that he had suffered no loss from the fire.

SURVEYORS AT WORK NEAR CITY ON NEW GRAIN ROUTE

A surveying party in the employ of the C.P.R., commenced work today in the west end of the city. They are locating the route of the grain line which is to be built from Depot Harbor to connect with the main line in the vicinity of Peterborough. Considerable work was done in this district by the surveyors about two years ago, but since that time not much has been heard of the new line.

The party is working on Mr. G. W. Hatton's property, just west of the boundary line.

SPORTING NEWS

JIM STACEY'S DOCTORS SAY HE CAN'T WALK AGAIN THIS YEAR

Jim Harrison has received a card from Jim Stacey, 232 Greenwood Ave. Toronto, in which the speedy ICAC walker states that he will be unable to walk any more this year. He says he has been very sick since the last time he walked in Peterborough and the doctors have told him that it will not be possible for him to race any more this year. Stacey was very ill at his walk at the Brock street rink on July 13th when he started in a relay race against five men and was compelled to quit, Harrison doing the rest of the distance and winning out.

It will cause much regret among the walking fans in Peterborough to learn of Stacey's condition as a battle between him and Hoagland was anticipated here this fall

SHOULD BE A BIG ATTENDANCE AT THE GAME TO-MORROW

Everybody should turn out and see the Petes in their struggle against the Lindsay twelve tomorrow evening at 6.30. The teams are very evenly matched as was shown in the Lindsay game when the locals were defeated 1-0 after a gruelling contest. Both teams are making a great bid for the Trent Valley League silverware and tomorrow evenings game is one that the locals must win to tie the Lindsay team and the latter team will make them go from the face-off.

A special train from Lindsay to Peterborough is being run and a large crowd of spectators is expected from that town.

The Lindsay club includes Dobson, Primeau and Dusty, ex-Peterborough boys who are making good on the visiting team.

CITY LEAGUE TO HAVE MEETING

A meeting of the city baseball league will be held on Friday evening at 7.30 o'clock at the Y.MCA. Every club is asked to be represented as important business is to be transacted.

The striking foreign laborers on the G.T.P. at Moncton are returning to work.

SPORTING COMMENT

Wrestling match at the Bijou on Tuesday evening, July 28, J. J. Gordon vs. Fred. Bartell." This will be a match well worthy of your time and money as both gentlemen are well versed in their profession. —Lethbridge Herald. Not often wrestlers are referred to as gentlemen in their advertising notices.

A former Peterborough boy now in Nelson B.C., sends a line to the Review, gloating over the victory of the New Westminster team. It must be admitted that the westerners did better than was expected or the Shamrocks did worse.

The lacrosse match at Riverside Park to-morrow night at 6.30 o'clock. Lindsay is coming strong and expects a victory.

The Lindsay Wideawakes cleaned up the teams in the Mariposa League and are now looking for other fields to conquer. The Review would recommend a tour through Ops.

Sporting Editor—Our best football editor is sick and we can't get a decent report of the biggest rugby match of the season.

Managing Editor,—Oh, never mind: we'll send our war correspondent.

Five fishermen from Belleville came to Keene yesterday to do some fishing in the Indian River. They wanted some of the villagers to row them to the fishing grounds but they could not secure enough of them to do so. They are quite disappointed at the scarcity of boats and boatsmen in placid Keene

DOUBLE HEADER ON HOLIDAY

Petes. Will Play St. Mary's of Toronto at 10.30 and 3 O'clock

Two ball games that should attract big holiday crowds have been arranged for civic holiday between the Petes and that crack aggregation, the St. Mary's team, that is a tie with the Park Nine for the senior city championship of Toronto.

The morning game will be played at 10.30 o'clock. The contests will take place at Riverside Park.

Frank, son of Rev. John Robertson, and Frank, son of James Dickson, were drowned in the Nipan river, near Chatham, N.B.

WALKING

The unfortunate news comes from Syracuse that T. J. McAughey, the runner from the West End Y.MCA. who is endeavoring to reach New York with a message to Mayor McClellan from Mayor Oliver in 15 days, was located there after a 61-mile jaunt from Geneva. He is in good shape and will continue to his destination. Now, why didn't McAughey stay lost and save his pedestrian exploits from the public. Mayor Oliver could have franked a telegraph message to Mayor McClellan with considerable more haste.

THE NEXT OLYMPIC

London Sportsman: The International Olympic Committee met yesterday at the Imperial Sports Club. The President, Baron Pierre de Coubertin, presided. Among those present were Lord Desborough and Mr. Laffan, of England; Gen von der Asseburg and Count Wartensleben, Germany; Baron de Tuyll, Holland; Count de Bertier de Sauvigny, France; Col. Balck and Count von Rosen, Sweden; Capt Svere of Norway; Capt. Grut, Denmark; Count Mercati, Greece; Baron de Willegrant, Finland; Count Brunetta d'Usseaux, Italy; Dr. Guth, Bohemia, and Count Albert Gautier. The president moved a vote of thanks to King Edward, for having opened the fourth Olympiad, and paid a respectful tribute to the memory of the late Sir Howard Vincent, who was a member of the committee for many years. Olympic medal was conferred upon the Company of Fishmongers, and the Olympic Cup was given for 1909 to the German Turn-Verein, which numbers no less than 800,000 members. The International Committee then considered the question of the Olympic games in 1912, two of the European capitals being willing to have them. The decision was postponed until the next meeting, which is to be held in Berlin, under the patronage of his Imperial Highness the German Crown Prince on behalf of whom Gen. von der Asseburg brought a message of good-will and a formal invitation to meet in Berlin

It is said that Hoagland will accompany Jimmy Reynolds on his Port Hope—Toronto walk on August 10. walking walk

Central Canada EXHIBITION AT OTTAWA

Sept. 18th to 26th, '08

Displays will far excel those of any previous year. A Grand Pure Food Exhibit is to be made by Canadian manufacturers.

High class vaudeville programme will be given daily in front of the Grand Stand in addition to the horse races.

The night entertainment will consist of the latest comic opera "What Happened Then?" by the famous De Wolff Hopper and all star company. Popular prices will prevail.

A grand display of paintings and Ladies' Work will be made to signalize the opening of the handsome new fire-proof building, now being erected at a cost of $12,000.

The special attraction in front of the Grand Stand in the afternoon will include the latest European novelty "Del Oro's Performing Cows." This attraction is billed to appear in Ottawa for the first time in America. There will also be a most sensational automobile race on a specially constructed incline, the contesting chauffeurs being two daring young women.

There will be balloon races daily with a double parachute descent from each balloon by the famous Prof. Hutchison and companion.

Get the official programme when issued next month.

THE OPENING OF THE FALL CAMPAIGN

BEGINS AUGUST 7TH

EIGHT DAYS' FESTIVAL

CLOSES AUGUST 15TH

Friday, Aug. 7th to Saturday, Aug. 15th

The New Fall Suitings are Elegant

Never in the history of the trade have the Dress Materials been so beautiful as are being shown by us for the fall season. New Chevron Stripes, New Cheviots, New Broadcloth Stripes, all in new colorings. Cold type fails to convey the rare beauty of these goods. To fully appreciate you must see them.

Dressmaking Dept. opens August 17

Miss Welsh, with a full staff of expert assistants, will open our Dressmaking Department, for the Fall Season on Monday, August 17th.

Orders now being booked and will be filled in the rotation received.

On Friday, August 7th, we open the Fall Campaign with the advance showing of Fall Lines such as New Silks, New Dress Goods, New Fall Coats, New Separate Skirts, New Carpets, New Linoleums and New Curtains.

To make the opening event still more interesting we are going to offer some remarkable price saving attractions on some of our choicest Goods.

New Autumn Coats Ready

The Fall Coats show a tendency to longer lengths and semi-fitting, tight fitting or loose models. Materials, Plain Kerseys and Broadcloths in Black, Green, Navy or Tan. Also Plain and Two-Tone Stripe Chevron and Herringbone Cloths in Tweeds, Cheviots and Soft Finish Materials.

The New Fall Skirts

Of first importance is our line of Voile Skirts. Other Materials—Panamas, Cheviots, Venetians and Two-Tone Stripe Cloths. Styles are plainer, mostly simple or flare gored with silk, sateen or self trimmings and buttons. This season's feature is our $5.00 Panama Skirt.

NEW HEATHERBLOOM UNDERSKIRTS NOW IN STOCK.

A GIGANTIC SALE OF 4-YARD WIDE LINOLEUMS.

Commencing Friday, we will offer you one of the biggest savings in 4-yard-wide Linoleums ever offered by this store. This lot represents a manufacturer's overmake—all perfect goods, up-to-date designs and extra heavy wear-resisting quality By clearing the entire lot we secured a price concession enabling us to pass on to you 65c quality during this 8-day sale at sq. yd **.36**

MILLINERY - DRESSMAKING

LAST NIGHT'S STORM WAS A FIERCE ONE WHILE IT LASTED

Some Startling Flashes of Lightning But Least Damage Locally of Year—Mr. T. Hunter's Barn Struck in Monaghan, Late Oat Crop Flattened—The Good Results.

The blue lightning blazed at the bedroom windows last night, flash coming after flash in quick succession. On half a dozen occasions the brilliant strokes were accompanied by that crackling sizzle which sounds as though the very heavens were being ripped, and which denotes the dangerous proximity of the destructive fluid, followed, in almost less time than it takes to write it, by loud bangs of thunder.

The stifling humidity of the evening and the clouded sky from which every once in a while came small spatters of rain forecasted a heavy downpour, though thunder and lightning were not looked for until shortly before the elements let loose, when it was heralded by occasional flashes in the distance.

The rain fell between seven and eight o'clock in a considerable quantity, but the electrical storm did not commence until shortly after 10. For about twenty minutes or half an hour it was at its worst, and then gradually abated, although the cooling rain still continued to fall quite heavily. The lightning flashed through the darkness occasionally, but the citizens knew the danger was practically over.

The usual amount of inconvenience was caused the local telephone companies by the storm, but no trouble on a very large scale is reported, about the only damage done being the burning out of the fuses of the lightning arresters.

The Otonabee Light and Power Company were unusually fortunate, and this morning reported that no harm whatever was caused their system by the storm. Outside of the fact that a few houses were without light no damage was done the Peterborough Light & Power Company's lines.

The wires of the C.P.R. and G.T.R. are in perfect working order and both stations say they heard of no serious damage being done along the line.

GRAIN FLATTENED.

The combination of wind and rain played havoc with the crops in the surrounding country. Oats that had not ripened were laid as flat as the proverbial pancake, "never to rise again," as the novelists would say. Grain that was matured was not affected to any extent. Great difficulty will be experienced in harvesting the oats that were knocked down. A binder is not of much use in a field where the grain is as flat as the ground and in many places the scythe will have to be brought into use.

RAIN DID GOOD.

Although the rain will be somewhat of a drawback to the farmers in their harvesting operations, it will prove a great benefit in many respects. The pastures were drying up for lack of moisture, and the milk supply at the factories was falling off rapidly. The pasturage will be greatly improved as a result of the downpour. The rain will also be a material benefit to the potato and root crops which were being kept back by the absence of rain. Corn will also be helped.

LIGHTNING STRUCK STABLE.

The lightning struck at several places in the surrounding country, but practically no damage was done. The stable of Mr. Tom Hunter, in North Monaghan, was struck and the boards splintered, but fortunately the building was not ignited. There were several horses and a large quantity of hay in the stable.

AT CHEMONG.

Some damage was done at Chemong Park. The wind wrenched limbs from several trees and the lightning also struck at one place, tearing up the ground, but otherwise doing no damage.

DRINK
JOHNS'
TEA

MRS. C KRAMER

THE RIGHT MEDICINE FOR PELVIC TROUBLES FOUND IN PE-RU-NA.

MRS. CAROLINE KRAMER, Fort Collins, Col., writes:

"The majority of women who are suffering from disordered periods and other pelvic troubles, have such strong faith in doctors that they allow them to experiment on them for kidney, liver or stomach troubles until they become completely discouraged and their money is gone.

"This was my unfortunate experience for nearly two years when my attention was called to Peruna.

"I hardly dared believe that at last I had found the right medicine, but as I kept on using it and was finally cured, I could only thank God and take courage.

"I have had most satisfying results from the use of your medicine and have advised dozens of women who were suffering with woman's ills to use Peruna and let the doctors alone.

"Those who followed my advice are better today and many are fully restored to health."

Mrs. Wilda Mooers, R. F. D., No. 1, Lents, Ore., writes:

"For the past four years I was a wretched woman, suffering with severe backaches and other pains, leaving me so weak and weary that it was only with difficulty that I was able to attend to my household duties.

"I used different remedies, but found no relief until I had tried Peruna.

"Within two weeks there was a change for the better and in less than three months I was a well and happy woman.

"All the praise is due to Peruna."

TWO SNAPS

Just two Pianos, slightly used, returned from rent, to be sold at a bargain price. Take the opportunity and make your choice. J. M. GREENE MUSIC CO., Grand Opera House. 8d

LANTERNS WERE CHANGED AT NIGHT

One of City's Street Lanterns Replaced by One That is of No Use

Jack Thirnbeck, who is foreman of a construction gang laying a sidewalk on Dalhousie street, hung up a lantern in the usual way when he went home on Monday night. It was a good lantern and someone apparently took a shine to it and carried it off during the night. At any rate it was gone in the morning and a cheap, good for nothing lantern had been put in its place. Mr. Thirnbeck has a pretty good idea as to who "swiped" the illuminator and would advise them to bring it back to where it was taken from.

OBITUARY

LEONA BARETTE

The death occurred yesterday afternoon of Helen Leona Barette, youngest daughter of Mr and Mrs. E. E. Barette, of this city. The dead child was eighteen months old and leaves four brothers.

The funeral will take place from the family residence on Simcoe street at 2.30 o'clock tomorrow afternoon.

Five inches of rain fell at Halifax on Sunday.

KATHLEEN MAVOURNEEN

Kathleen Mavourneen, the gray dawn is breaking,
The horn of the hunter is heard on the hill.
The lark from her light wing the bright dew is shaking—
Kathleen Mavourneen, what slumbering still.
Oh, hast thou forgotten how soon we must sever.
Oh, hast thou forgotten this day we must part
It may be years, and it may be forever,
Oh, why art thou silent, thou voice of my heart.
Oh, why art thou silent, Kathleen Mavourneen!

Kathleen Mavourneen, awake from thy slumbers.
The blue mountains glow in the sun's golden light:
Ah, where is the spell that once hung on my numbers.
Arise in thy beauty, thou star of my night.
Mavourneen, Mavourneen, my sad tears are falling,
To think that from Erin and thee I must part.
It may be for years and it may be forever,
Then why art thou silent, thou voice of my heart.
Oh, why art thou silent, Kathleen Mavourneen!

ANNUAL DANCE OF YACHT CLUB

Will be Held at Chemong on the Evening of the Regatta on August 13th.

The annual dance of the Chemong Yacht Club will be held on Thursday evening, August 13th, at the close of the big regatta. The committee in charge is making most complete arrangements for the event and a highly enjoyable time is assured. Music will be furnished by a large orchestra from the 57th. regiment band.

Much interest centres in the regatta, which promises to be better than ever this year. A feature will be the dinghy race for the Kawartha cup, emblematic of the sailing championship of the lakes and donated by the Trent Valley Navigation Company. The race is open to dinghies fourteen feet and under not carrying more than 144 feet of canvas. There should be some splendid racing. The programme of events will be published in a day or two.

12 CENTS BID FOR CHEESE TO-DAY

Meeting of Peterborough Cheese Board This Morning

There was a largely attended meeting of the Peterborough Cheese Board this morning with President John Coughlan in the chair.

The splendid price 12 cents per pound was realized and all but two factories sold. A full report of the meeting will be published in to-morrow's issue.

ODOR OF PAINT AT COLLEGIATE

Painters Have Been Busy of Late—Good Progress is Being Made

From present appearances the new Collegiate will certainly be ready for occupation by the first of September. The paint and varnish have been put on with a lavish hand, and the wood work is shining in its new garb.

A large staff of men are at work on the assembly hall and will have it finished in a few weeks. A fine, hard wood floor is being laid, and it will be a great improvement over the badly worn planks, of the old school. The stage, while not large, is big enough for all practical purposes, and will be completed by this evening.

All the lower class rooms are waiting for the desks and seats, and when these are put in they will be ready for occupation. Mr. D. Belleghem has the contract for installing these fittings, and will commence work on it immediately.

A VETERAN IS MR. C. H. KNAPP

Coming to Peterborough On Theatrical Business for Twenty Years

Mr. C. H. Knapp, business manager of the Quincy Adams Sawyer Company which will appear at the Grand Opera House here on September 8th, is in the city today. Mr. Knapp is one of the veterans in his line, having been coming to Peterborough on theatrical business for the past twenty years. He was formerly connected with Guy Bros. minstrels but took charge of the Quincy Adams Sawyer company at the beginning of the present season. Quincy Adams Sawyer will likely be the opening attraction at the local opera house.

VOL. LVII., No. 31. PETERBOROUGH, ONT., CANADA, THURSDAY, AUGUST 6, 1908 TEN CENTS PER WEEK

THE DEFICIT OVER $17,000

Report of Auditors May Show Increase in Exhibition Shortage.

Toronto, Aug. 6.—A report, which Special Auditors Barber and Vigeon are to make to Mayor Oliver this afternoon, will, so it is stated, show further apparent discrepancies in the Exhibition accounts, and, on apparently good authority, the information comes that the total deficit will run from $17,000 to $18,000.

A report of fresh, startling disclosures to be made by Messrs. Barber and Vigeon to the Mayor to-day was current in city hall corridors late yesterday afternoon, but little definite information was forthcoming.

As the land on the southeast corner of Yonge and Richmond streets, made over to the city by Mrs. Leslie as security, has an assessed value of $81,100, the city is in no apparent danger of any loss.

Graft Charges At the Falls.

Niagara Falls, Aug. 6.—The city council will investigate charges of "graft" made by letter by J. J. Defoe. He claims that "one of the aldermen has and is receiving graft from sidewalks, sewers and all contracts let by the city and from citizens, and has also demanded heavy graft from manufacturers wishing to locate in the city, that he has driven said manufacturers away."

Five Shot In Election Row.

Harlan, Ky., Aug. 6.—In a pistol fight at the Howard store at Layman, John Blanton was killed, Sherman Blanton was shot in the arm, Stockley Osborne was mortally wounded. Lee Russell was seriously wounded, and a young man whose name is not known was also shot. He ran into the timber and has not been found.

The trouble grew out of a school election.

EXPECT THAT FIGHT WILL BE SHORT THE C.P.R. MECHANICS ARE CONFIDENT

Quit Work at Shop Centres Yesterday Morning and Departments Are in Hands of a Very Few—Officials Say They Are Sure of Victory and Give no Sign of Yielding—Moving of Wheat Endangered—Latest News of the Big Strike.

General Manager J. W. Leonard Who Is Conducting Fight Against Men.

Winnipeg, Aug. 6.—Over fifteen hundred C.P.R. mechanics quit work at local shops yesterday morning on the stroke of ten.

It was a determined crowd which left the gate. A few of the younger men tried to force an appearance of joviality, but the majority looked as if they fully realized the gravity of the step taken.

They did not smile, but there was grimness in their expression, which denoted resolution to stand by action they had taken.

At noon, Mr. McVety, secretary-treasurer of the Mechanics' Union, gave a brief statement of the point of view of the men, but said that he did not know what course of action would be taken next.

"The statement has been made by the officials of the company," said Mr. McVety, "that they are ready to handle the crop as soon as it starts to move. But this may be discounted considerably. During the winter months and part of the spring men were only allowed to work an average of 140 hours a month. Instead of making an attempt to get their power in good shape the company was starving men, in the hope that the move of April 1 for a reduction of wages and other changes would be effective.

"It must be remembered that the men are merely protecting concessions which were granted them in the past, and the company is really responsible for the strike. During the slack season they tried to abolish agreements drawn up during the past nine years. If they had been successful, it would merely be a question of time when the entire list of agreements would be wiped out."

Opinions are divided as to the outcome of the strike. It is claimed for the company that they have been quietly preparing in slack times past for such an emergency and that they have already listed large numbers of British skilled artisans, who for months past have been numbered among the unemployed here and in other big Canadian cities, but who will be taken on immediately and an attempt be made to keep the shops open.

On the other hand the men claim that with the tremendous grain movement in early prospect a complete tie-up in transportation is inevitable unless the shops are kept running to their fullest capacity and by experienced men.

They claim that they are in a good position for a prolonged fight if it comes to that, and look with equanimity on the next few months, when they can get all the work they want at good wages in the harvest fields.

Montreal, Aug. 6.—The events of yesterday in the C.P.R. strike were the expected walk out of 4,000 men from the Angus shops, the official announcement that the C.P.R. telegraph men have nothing to do with the strike and the alleged fact of the company's intention to fight the position of the men to the end.

It is understood that efforts are being made last night by the high officials to get into touch with large centres of labor, both in the States and Canada, with a view to picking up all the unemployed mechanics they can lay their hands on.

North Bay, Aug. 6.—Two hundred men quit work here and 100 at Chapleau.

The strikers anticipate an early settlement on account of the conditions prevailing, but Supt. Brady is of the opinion that no difficulty will be experienced in manning the shops with an efficient staff. The men claim that the power department was never in a worse condition.

St. John, N.B., Aug. 6.—Two hundred men quit work at ten yesterday morning in the C. P. R. workshops. The carmen joined their companions yesterday morning and the shops are left in the hands of only a few.

There are about 100 now idle at McAdam and another gang loafing at Bay Shore yards and various other groups on strike between McAdam and Megantic.

Moosejaw, Sask., Aug. 6.—C. P. R. officials here claim the company is in good shape to keep the lines operating, saying the men have put in a lot of overtime lately and that the engines are all tuned up.

They claim the strike will not interfere with traffic and state that they will have a full staff of non-union men at work in a couple of days.

Ottawa, Aug. 6.—Ottawa is less affected by the C.P.R. strike than any other place of its size touched by C.P.T. The total number of strikers here is only 45.

IS CHARGED WITH BIGAMY

Hamilton Highlander Accused of Running Two Homes and of Having Two Wives.

Hamilton, Aug. 6.—William H. McCullough, a well-known member of the 91st Highlanders, is accused of having two wives and two homes, one at 63 Chatham street in the west end of the city and another on Sherman avenue, at the extreme east end of the city. By his first wife he has three children and by the second one. A warrant on a charge of bigamy has been issued for him, and he has fled. He has had wife No. 1 for 14 years and came here from St. Mary's five years ago, obtaining employment from the Simpson Brick Co. McCullough, it is said, was very attentive to his military duties, and was in the habit of going home with a girl named Rosie Porter after drill. Last March, according to the charge against him, he married his second wife under the name of Alexander McDonald. There is some mystery about how he kept two establishments going in the same city without discovery, but the thing leaked out while he was at Quebec with his regiment, and before he returned wife No. 1 had called on wife No. 2. McCullough came marching home with his regiment to find that his duplicity had been discovered. He was forgiven and taken back by his first wife, but failed to support her, and a warrant was issued for his arrest.

Apple Shippers Meet.

Niagara Falls, N.Y., Aug. 6.—The International Apple Shippers' Association met here yesterday in convention, prominent shippers of the United States and Canada being present.

The shippers say prospects for a big apple crop of fine quality are excellent this year.

PESTILENCE IS FEARED IN STRICKEN TOWNS IN WEST

Sanitation Is Bad in Refuge Camps—First Funerals Take Place and Unidentified Are Buried in One Grave—Looters Are Flogged—Michel Safe

Fernie, B.C., Aug. 6.—Pestilence is now feared in Fernie and Cranbrook, for there is an entire lack of sufficient sanitation in both places.

Especially in Cranbrook is the situation very serious, for two thousand women and children refugees are crowded very closely, and the weather is exceedingly hot.

Two new cases of smallpox developed in Fernie Tuesday night. The greatest care is being taken to isolate them.

Passengers on all trains coming into Fernie are warned not to get off, but every train brings some people who wish to see the ruins.

Merchants are not wanted, for there will be nothing to do for weeks until the insurance is adjusted. Very little looting is going on, for there is hardly anything to loot, but several men have been caught rifling trunks. They were immediately stripped, lashed on their bare backs and compelled to leave town immediately. One Japanese was sentenced to six months in jail.

Women are carefully guarded, and a lynching would follow any attempt to molest them.

The first funerals were held Tuesday, when several unidentified bodies were placed in one grave. The remains of another victim were found at the outskirts of the town yesterday. The bones fell apart, but were gathered in a basket and carried to the cemetery.

Nelson, B. C., Aug. 6.—The prospects in Crow's Nest Pass are brightening a little, though much work remains to be done before a fresh start can be made at Fernie.

Contributions and offerings of assistance continue to come in from every quarter. The relief organization at Cranbrook, headed by Mayor Fink, is doing splendid systematic work, and all offers of help or enquiries should be directed there and not to Fernie. The sanitary and general hygienic conditions at Cranbrook have been organized by Dr. J. R. King, M.P.P., Dr. Green, Dr. Mercer and Dr. Connelly. Patrols of special constables are in charge of the camps, taking special care that the rules shall be exercised entirely. There is not one case of sickness amongst the refugees, and the patients who were taken over from the Fernie Hospital are having every possible attention in the St. Eugene Hospital in Cranbrook, in charge of the sisters of charity. Bath tents, washing tents and lavatories are now in place for those in camp, the arrangements being under the direction of Dr. King, under whom two committees, one of ladies, and the other of men, are acting resolutely, since many of the campers are ignorant of the most ordinary rules of sanitation.

There are about 1,500 children, of from a day old to two years, and these are being fed with fresh new milk and other food to which many of them appear to have been utter strangers.

Many of them are now clothed comfortebly and their parents are fully prepared with blankets and bedding in the tents, while those in the public buildings are provided with spring beds, and the little people are doing excellently.

Washington, Aug. 6.—A voluntary contribution of $1,000 has been made by the American National Red Cross for the sufferers from the forest fires now raging in British Columbia.

Toronto, Aug. 6.—The following wire was received late yesterday afternoon and indicates that the press reports of the destruction of Michel were, to say the least, exaggerated: Sir Henry Pellatt, Vice-President Crow's Nest Pass Coal Co., Toronto, Ont.:

Michel and Coal Creek all right and very little probability of danger at either place, except in event of very heavy wind. No rain in sight.

(Signed) G. G. Lindsay,
Manager.

Cablegrams of sympathy have been received from the Prince of Wales and Lord Minto.

Won't Tell His Name.

Merrickville, Ont., Aug. 6.—A young man about 25 years of age, apparently an Italian, undertook to get off a freight train near the station yesterday morning. Both legs are off, besides other injuries to head and body. He cannot live and refuses to give his name.

Suicide's Pistol Fired Bed.

Sydney, N.S., Aug. 6.—Ronald Gillis, aged twenty-five, and a tailor by trade, was found dead yesterday morning with two bullet wounds in his body and a revolver lying on the floor.

The bed was on fire.

In Cleveland.

Kingston, Aug. 6.—Rev. Mr. Nimmo, Anglican clergymen, who eloped with a fair parishioner a few days ago, is reported to be in Cleveland with his bride.

Lineman Killed At Goderich

Goderich, Aug. 6.—Wm. Henry of Stratford, aged 25, a lineman in the employ of the Bell Telephone Co., fell from the top of a telephone pole and was killed.

Lawyer Committed For Trial.

London, Aug. 6.—W. H. Bartram, was committed for trial at the September assizes charged with stealing $15,000.

Trio of Sudden Deaths.

Kingston, Aug. 6.—Charles A. Darling, aged 54, a leading farmer of Storrington Township, was killed yesterday morning by a fall of 12 ft. from a hay loft he was repairing.

Mrs. Alexander McDonald, Mountain Grove, sent her daughter to gather eggs and when the girl returned she found her mother dead.

David Abernethy, aged 72, of Sunbury, died suddenly from heart-failure.

Sultan Attacked.

London, Aug. 6.—A special despatch, unconfirmed, to the Exchange Telegraph Co. from Geneva, says:

"The Sultan of Turkey was stabbed in the breast on Monday night by a minor palace official. The coat of mail which the Sultan always wears deflected the blow."

Railway Employe Killed.

Smith's Falls, Aug. 6.—A man named Dubois was fatally injured at Merrickville yesterday. He was employed on the C. P. R. construction and had boarded a freight train to go into the village to get the mail for the camp. In descending the ladder of the caboose he swung himself underneath and the wheels passed over him. Both legs were cut off and his body was horribly mangled. He died two hours later.

BROTHER MEET AFTER LONG YEARS

Two at Guelph Lost Each Other Years Ago.

Guelph, Aug. 6.—Two brothers were introduced on Tuesday to each other without knowing their relationship, and who only found out their identity on account of the coincidence of names, which they discussed.

They are James Dunn of Atlanta, Missouri, and John Dunn of the Customs Department, Berlin. James was walking up the street, when he met George Williams of this city, an old friend. Going into the Wellington Hotel they met Mayor Huber of Berlin, and John Dunn. Introductions all around followed, but it was not until after some conversation that the two brothers came to know each other.

Colonies and Drink.

London, Aug. 6.—The Church of England Temperance Society asked opinions on the drink question from some of the colonial bishops attending the Pan-Anglican Congress.

The Australian bishops think the licensing system defective and that there is much for Britain to learn from the Australian Commonwealth.

An unfavorable comparison with the Dominion of Canada was made by the Canadian bishops, who pointed out that the drink bill of Canada was only a quarter as much per head as what it was in Great Britain.

"Play the Game," Says Bobs.

Ottawa, Aug. 6.—Lord Roberts received civic address and shook hands with one hundred South African veterans at Rideau Hall yesterday afternoon.

Incidentally, he made the only speech delivered by him since his arrival in Canada.

He urged upon Canadians the necessity of teaching the youth of the land how to shoot and, in passing reference to athletics, told Canadians to "play the game."

Air Torpedoes Next.

Essex, Aug. 6.—Notwithstanding frequent denials the Krupp Works have apparently acquired the rights to the air torpedo invented by Col. Unge of the Swedish Army, under conditions giving the Swedish Government use of the device.

The particulars of the weapon are a great secret, but it is understood that the Krupps paid a great sum for the invention after prolonged tests.

Reports say it can be used on land as well as at sea.

Grafted With Pig's Skin.

St. John, N.B., Aug. 6.—Two months ago Eugene McAuliffe, the 14-year-old son of Jere McAuliffe, the actor, fell under a train and had his left leg horribly mangled. Death seemed inevitable, but the doctors operated, amputating the limb close to the trunk.

Tuesday a young pig was chloroformed and skin taken from it to cover a great raw wound on McAuliffe's body. The pigskin has completely taken hold and McAuliffe will recover.

Drives Nail Into Head.

Binghamton, N.Y., Aug. 6.—Fred C. Niles, a prominent prohibitionist of Chenango Bridge, attempted suicide with a hammer and nail.

Niles had been suffering from nervous trouble and was attended by Dr. Frederick Foraker of this city. The physician left the room for a few moments, when Niles procured a hammer and a long nail, driving the steel in his brain with one blow of the hammer.

The physician removed the nail and Niles is still alive.

FRED SIMPSON'S RETURN

The Review rang up the Mayor this morning with a view to securing an official recognition of Fred Simpson, the Marathon runner, on his return, which will be on Sunday or Monday. The Mayor does not know that anything official will be done. In order therefore, that the occasion may not pass without due notice, the Review will be happy to receive contributions towards the purchase of some desirable testimonial for the now famous runner.

To Arrest Babe.

Toronto, Aug. 6.—Chief Justice Falconbridge yesterday granted an order for the arrest of Eva Ethel, the three-year-old child of John W. and Mary Whitfield.

The couple have separated, the wife taking the furniture of their home and the husband the child. On July 20 the wife went to the home of Mrs. Rynburn, the husband's sister, who was keeping the child, and it is alleged kidnapped her. Henry Ibbetson, the wife's father, had posted a notice of the sale of his household effects and it was expected the child would be taken away. The sheriff of Brant County will execute the order. The child will be well taken care of until the law arranges for her permanent guardianship.

Captured At St. Thomas.

Brockville, Aug. 6.—The Brockville police yesterday learned of the arrest in St. Thomas of Allan Coates, very much wanted here on charges of theft, the most conspicuous of which was the stealing of ninety dollars from Neil B. Store a few weeks ago in broad day light.

He is also wanted as a crown witness in the theft of jewelry from his father's store. Coates jumped a subpoena, which necessitated a postponement of the trial before the county judge. He is being held in St. Thomas with three others on a charge of entering a sealed car.

Wild Time In London.

London, Aug. 6.—After two days of comparative quiet the old town broke loose last night and in comic costume old boys and citizens paraded the streets in grotesque garb and mask. It was a wild night.

Yesterday the International London Old Boys Association met and elected officers as follows: Wm. Chittick, Winnipeg, president; vice-president, James Mustell, Buffalo; secretary, B. C. McCann, London; treasurer, Thos. Duff, Toronto.

The next reunion will be held in 1911.

Blow May Cause Death.

Brantford, Aug. 6.—Edward Hudson, a cripple, was remanded yesterday morning on a charge of assaulting Fred Halberstadt, bartender at Spittal's Hotel. Hudson struck Halberstadt over the head with the iron knob of a heavy cane, inflicting a deep wound and cutting open two arteries. The injured man nearly expired from loss of blood, and is in a critical condition.

The quarrel took place over the price of a sandwich, for which the assailant did not want to pay.

Hudson is a cigarmaker of London.

Union Label Not a Trade Mark.

London, Aug. 6.—(C. A. P.)—The Federal High Court of New South Wales has declared that the registration of the trade union label as a trade mark is unconstitutional.

Died of Heart Failure.

Tilbury, Ont., Aug. 6.—Robert H. Mills, aged 55, a prominent farmer of Tilbury East, was found dead in an outbuilding yesterday morning.

FIRE RUINS THE AIRSHIP INVENTOR HAS HARD LUCK

Zeppelin's Successful Creation Utterly Destroyed—Inventor is Victim of Disastrous Accident at End of Most Satisfactory Tests Ever Made

Stuttgart, Aug. 6.—During a storm yesterday the Zeppelin airship broke away from its moorings, took fire and disappeared in the air.

Several persons were injured. Count Zeppelin, however, is safe.

The airship exploded during a thunderstorm at 3 o'clock yesterday afternoon. It had first burst into flames.

The latest report from Echterdingen says it is completely ruined.

The storm blew up unexpectedly. A fierce gust of wind tore the balloon from its anchorage and drove it in a southwesterly direction for 50 yards. Here the rear end of the great fabric dropped and smoke and flames burst out from one end to another. In a few seconds came an explosion and a great column of fire shot up into the air.

This was followed by the crashing down to the earth of the motors and frames that had been attached to the underside of the airship.

Several bystanders were knocked down.

The Zeppelin airship had just completed the most remarkable voyage in the history of aerial navigation.

The most intense disappointment reigned in Friedrichshafen, where a grand reception to the Count was being prepared. His daughter broke down and sobbed like a child when she heard of the accident. An overturned can of benzine caused the fire.

THE STORM WORKED RUIN IN MANY PARTS OF PROVINCE

Farmers Suffer Heavy Losses—Strip of Country Near Elora Was Utterly Devastated

Toronto, Aug. 6.—Reports of Tuesday's storms throughout the Province show that rain and hail caused much damage to several points. Lightning also started several fires.

At Lindsay the destruction of the barn, crop and four horses belonging to Silas Calvert of Reabon, is reported. W. F. Starr of Valentia lost barns, crop and implements by fire. The same loss occurred to Wellington Switzer of Cameron.

At Omemee, the family of Owen Johnson barely escaped with their lives in an electrical storm which destroyed their house.

At Belleville the worst storm in years was experienced. Much damage was done to standing grain and fruit trees. The home of George Rosborough was struck and serious damage done.

Numerous barns were demolished near Bradford, and around Mount Pleasant nearly every barn was unroofed by the gale. The schoolhouse at Fisher's Corners has been blown down, according to the latest reports, and a large quantity of grain stored in barns throughout the entire district is a total loss.

The storm at Elora utterly devastated a strip of country a few miles west of the town and literally threshed out the uncut oats, which will only be valuable as straw now. The root crops also suffered severely.

A terrific wind, rain and hail storm visited Orangeville, doing immense damage to farm buildings and the crops. Trees were blown over, wires broken and barns unroofed. David Hunter's barn, Garafraxa, was unroofed and partially demolished. Joseph Carrol's fine new bank barn was levelled to the ground. The wind blew a hurricane, and tore off a large section of the substantial roof of the cement works. Corn and grain were blown over and the latter partly threshed. The storm appears to have been confined to a small area. As far as can be ascertained, no serious accidents occurred, although many narrow escapes have been reported.

During the severe electric storm at Strathroy John Chapman, who lives on the thirteenth concession of Lobo, had his barns struck by lightning and the season's crops and all his implements destroyed. A horse, valued at $250, which was in the barn at the time, was struck and instantly killed. Mr. Chapman's loss will be about $1,500, with no insurance.

Military Day At Guelph.

Guelph, Aug. 6.—Yesterday was military day of the Guelph old home week, and from the point of attendance and the number of attractions it was the biggest of the week.

The day started with a grand civic reception to Rear Admiral Kingsmill. Mayor Newstead presented the visitor with the freedom of the city, while the chairman of the reception committee, Ald. Kennedy, presented him with an illuminated address.

Petition Grows.

Toronto, Aug. 6.—Signatures to the church union petition circulated by Rev. W. H. Stacey now number between 30,000 and 40,000, of which 20,000 were secured in Toronto. When the 50,000 mark is reached the petition will be presented to the governing bodies of all Protestant churches, including Anglicans and Baptists, who have hitherto held aloof from the movement.

Father Ill; Daughter Killed.

Toronto, Aug. 6.—While hurrying to Toronto to see her sick father, Dennis H. Lehane, [illegible] West Wellington street, who was stricken with paralysis on Tuesday, Miss Irene Lehane was struck and fatally injured by a breaking fender of the Muskoka Navigation Co.'s steamer Kenoyah at the Muskoka wharf last night.

Gone.

St. Catharines, Aug. 6.—It is reported that Louis Collas, head waiter of the Paris Kandy Kitchen, left town early Tuesday with $200, representing proceeds of the civic holiday trade. He headed for the Falls.

Strathcona At Ottawa.

Ottawa, Aug. 6.—Lord Strathcona, High Commissioner, spent yesterday in Ottawa.

He spent some time in consultation with the Premier, both in the morning and afternoon.

This woman says that Lydia E. Pinkham's Vegetable Compound cured her after everything else had failed.

Mrs. W. Barrett, 602 Moreau St., Montreal, writes to Mrs. Pinkham:

"For years I was a great sufferer from female weakness, and despite every remedy given me by doctors for this trouble, I grew worse instead of better. I was fast failing in health, and I was completely discouraged.

"One day a friend advised me to try Lydia E. Pinkham's Vegetable Compound. I did so, and am thankful to say that it cured the female weakness, making me strong and well.

"Every woman who suffers from female troubles should try Lydia E. Pinkham's Vegetable Compound."

FACTS FOR SICK WOMEN.

For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ills, and has positively cured thousands of women who have been troubled with displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, that bearing-down feeling, flatulency, indigestion, dizziness or nervous prostration. Why don't you try it?

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health. Address, Lynn, Mass.

The Daily Review

THURSDAY, AUG. 6, 1908.

THE FERNIE FIRE

It is, we understand, likely that the City Council will, at as early a date as may seem necessary, appropriate a sum of money for the sufferers by fire in B.C. Apart from the benefit conferred upon suffering humanity, it is well to show a sympathetic and brotherly Canadian spirit in times of distress—as well as in prosperity. If Toronto sends $5000, we can, in proportion to our population, send $250.

A TEST QUESTION

The Globe is thundering against protection again, as the root of all evil. It is plain that some form of repentance is necessary in the Globe's opinion, if Canada is to be saved. We think so too, but would substitute Sir Wilfrid Laurier and the Globe for the people, as the penitents. We should like to ask the Globe a test question, "If Canada were surrounded not by a wall of moderately high protection, but by one of commercially insurmountable proportions, what harm would it be to the people inside?" Our friend, the Examiner, might also do us the honor of a disquisition upon the same topic. An answer will oblige, as they say in mercantile correspondence.

THE LICENSE LAW

The Pioneer says that while the Temperance Law was certainly enforced in his first parliament, Sir James Whitney has got to wake up regarding it in the second. Some licensees would let the whole business and all others engaged in it go to ruin for the sake of making a few dollars after hours. It may as well be understood in Ontario that the law is going to be enforced whether a liquor law or any other law sooner or later. The round-up of 23 liquor men at Kingston on August 4th by the Provincial Government detectives will, we hope, open some eyes but what were the local inspectors doing. Complaints were general about Kingston and we are sorry to find justified. The liquor License law is not observed in West Peterborough as it should be but this is not Inspector Stewart's fault. In course of time, when some of the transgressors feel the weight of the Government's fist they will ask for a consideration, which they will not get. We believe in moderation but above all in the observance of the laws the continued breach of which is most demoralizing and harmful. The government is waking up. We may be confident of that. A sense of security is sometimes, in this, as in other cases produced in officers of the law by an apparent fulfilment for a time of the requirements and intentions of those at the head of affairs. A breach or more may escape detection but be assured that this government is not going to be mocked nor the people who stood at its back on June 8th, either. Sooner or later there will be a clean-up in West Peterborough also, if the need continues to exist. Infringements in local option districts are certain to lead to trouble not only in the cases involved, but with respect to the sale of liquor as permitted by law. The people will not long stand for defiance of their wishes and opinions as expressed on the statute book.

THE STRUGGLE

Like a great cloud that comes up in the night without exciting comment from others than late and laborious observers of the heavens perhaps the shadow of doubt has come up in the great sky of public opinion. Amongst those who do not care to follow the doings of scientific men the meetings of congresses such as the Pan-Anglican and the Lambeth, the gatherings of "biblical scholars" for the purpose of finding out from year to year what God meant or what they think He meant when He spoke as in the different parts of His Word is recorded, or the theories of others who believe to have penetrated the mystery of creation and the divine purpose, a present day knowledge of the various phases of the thought of the learned has not been caught up with or acquired.

In the tropics night and day come suddenly. That is not because they have not all the time been approaching, but because when the moment arrives the crisis in the day's birth or decline arises also. So it is in this case. The revolution in France of 1907 will be read by later students of history as of much greater moment than that of 1789. It marks the culmination of the struggle between the giant known as the popular will and the restraining power of something external to it. It really means that people are determined to "believe" or not as they "see fit." This is the attitude of the day both in religion and politics, the two modes of expression of the popular mind. Is the "great mystery" then not a mystery, but a myth? Those who think so are not well-advised. The deepest-thinking scientists stand as much in awe of the "mystery" as the most earnest and believing Christian. A critique in the current number of the Literary Digest is so excellent a summing-up of the black peril that threatens the world, that we cannot refrain from reprinting it. It presents the opinion of those who suppose themselves to form the human bridge between the past and the future—the interregnum referred to. It is extraordinary, however, that in it religion, the very source and cradle of idealism, should be so utterly ignored. The so-called religion of "sensible Americans" to which we lately referred is partly in line with it.

The struggle between civilizations which thus appears ready to throw itself into the arena of destiny regardless of consequences and the would-be reasoner labelled Art, where the voice of the artist calls upon both to desist is worthy of the most instant and serious attention. The recent encyclical against Modernism was a last word before going into battle. But why is no real and serious attempt made by Christians to purify the conduct of the people in the administration of their political affairs. This must be the "body of death" to which St. Paul refers we should think. It is astounding how careless some leaders of thought are about compromising with their consciences on a subject so absolutely vital as public conduct. The criticism referred to is as follows;—

"Some years ago Mr. Goldwin Smith wrote in The Atlantic Monthly a striking article on the "Moral Interregnum" which was to supervene between the extinction of faith and the adjustment of society to the new conditions and new standards which pure science was to formulate. The article was distinctly pessimistic and what this moral interregnum, which involves also a social and intellectual interregnum, turns out to be, is described in the Hibbert Journal (London) by a French writer of distinction advocate at the Court of Appeal Liege, who maintains the age of inspiration, aspiration and idealism is rapidly vanishing and we are threatened by a deluge of banality and mediocrity fatal to the highest civilization.

Mr. Renee H. Gerard begins by pointing out that the profound transformations which are at present being undergone by civilized humanity are not without their dangers. There is a striking process of levelling down going on. National distinctions physical and intellectual are being abolished by intercourse and emigration. The various social classes once sharply differentiated by their mode of life, their education even their dress, are now being blended through the influence of democratic pressure and material progress. Human inequalities are gradually disappearing with the disappearance also of everything that made human civilization real and lasting. This social levelling results in so... uniformity first from the material point of view. Mr. Gerard remarks;—

"A stranger arriving in Europe for the first time would surely be unable to distinguish, among the crowds which throng our streets on Sunday, masters from servants, rulers from ruled. Diversity of costume, which once served to indicate diversity of condition, and made it possible to distinguish at a glance, for example, the soldier from the lawyer, the peasant from the bourgeois, is almost completely effaced. All classes of society are clothed indiscriminately in garments of one type and even in the remoter country districts where, until recently, the costumes of the past survived, the uniform dress of the modern man has reduced originality and diversity to the rank of a souvenir."

The low price of manufacture has brought it about that "there is no essential difference between the furnishing of an artizan's parlor and that of a financier. As amusements once varied with the classes who shared them so now "today there are no public entertainments save those which are intended for the world at large." So with education. It is universal. Cultivated men, those who whether they have made a special study of one branch of knowledge, are not entirely ignorant of any, are becoming extinct. Thus we are told;

"Education having ceased to be a mark of superiority; has ceased also to be a weapon in the daily struggle for existence. The state of not being ignorant, or even that of possessing a moderate endowment of general knowledge, is a minor advantage in comparison with the real culture of a man to whom, according to the saying of a Latin writer, 'Nothing human is alien.'

"To produce such men was the object of the education of the past.

"Speaking generally, it may therefore be said that the cultivated man, as he has been described, is disappearing. In proportion as the individual develops along the path he has chosen as the means to his end, the level of general knowledge descends through sheer want of opportunity. Henceforth culture is to be a luxury; even the intellectual toilers no longer possess the leisure demanded by culture, which they sometimes despise. Even the graduates of universities, outside their own special subject, are often deficient in intellectual curiosity and the power of comprehension."

More serious still is the moral decadence which is spreading both among individuals and nations. Utilitarianism has become the gospel of the world. This writer remarks;

"It is good indeed to love life and the whole of life. For the crowd the idea of happiness never extended beyond a limited circle of immediate and tangible satisfactions which can be bought with money. Success under its most brutal form, which is monetary success, has almost become the exclusive object of universal endeavor. It is the first time in history that utilitarianism has transformed itself into a dogma and become dominant everywhere. Utilitarian interests rule even the politics of nations."

He sums up his contention in the following words;—

"To sum up, we may say that, in material respects, the levelling of society is especially evident in the slow ascent of the masses to better conditions. In moral and intellectual respects, on the contrary, it is being realized by the lowering of the elite to a uniform level with all the rest.

"The consequences of what has been described is the possible disappearance, after a relatively short interval, of every kind of social superiority. Indeed, a governing class never abases itself with impunity; an aristocracy, whose sole superiority to the masses which it professes to lead is that of money, is doomed."

The remedy for the threatened collapse of human civilization must lie in the hands of the intellectual and moral elite of the world. On this point Mr. Gerard speaks as follows;

"The aristocracy of the intellectual, artists, women—such are the social forces which may combine for the defence of the menaced culture of mankind. The time has not yet come to despair of the future of civilization. Art and beauty, which constitute its essence, have still too many lovers to be regarded as the objects of a fatal threat. None the less we need to be on our guard; for the perils here indicated are very real, and they increase from day to day.

"Civilizations are more apt to perish by slow decadence than by sudden catastrophes, as the civilizations of Arabia and China bear witness. An analogous fate is perhaps reserved for our own."

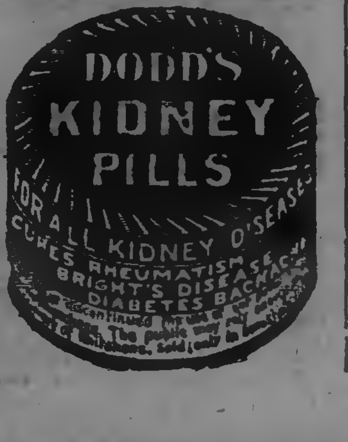
EDITORIAL NOTES

From Quebec to Portsmouth in four days, 22 hours actually elapsed time. Hooray for the Indomitable!

The Globe says that the old confidence is coming back. We thought it was a confidence game all through.

It is rumored that the Liberal conventions for the west and east ridings will be held before long, for the selection of candidates.

W. T. R. Preston is still working for the Laurier administration's object of opening the west to the Jap. He is now telling us what the Japs will do to us if we don't fraternize.



DEAFNESS CANNOT BE CURED

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

Take Hall's Family Pills for constipation.

TRAIN FOR BUSINESS

Most men train their brains and almost entirely neglect their bodies. They do not seem to realize that keenness of judgment and clearness of thought depend as much on the body as on the brain itself. Any man can prove this to his own satisfaction by attempting to decide a weighty business problem while suffering with an acute attack of indigestion or a violent spell of biliousness.

The amount of work that the brain can do depends much on the healthfulness of liver, bowels, kidneys and skin.

"Fruit-a-tives" are fruit juices in tablet form. They act directly on liver, bowels, kidneys and skin—and enable these vital organs to rid the system of all impurities. Thus the blood will be kept pure and rich, the brain active, digestion sound, and life made pleasant.

"Fruit-a-tives" are now put up in two sizes—the new 25c box as well as the regular 50c size. If your dealer does not carry them, write Fruit-a-tives Limited, Ottawa.

TWO ENGLISHMEN BADLY TREATED IN MONTREAL

Too free use of the knife and stiletto threatens to get Peregrino Del Sole and M. Del Sole, natives of Sunny Italy, but at present domiciled in Kensington, into severe trouble. This morning Mr. Wm. Burnett and Mr. H. Stevens were down to swear out a warrant against the abovementioned pair for threats, assault, and unlawful use of the knife and stiletto.

It seems that yesterday the two Englishmen were crossing a field in Kensington, when the Italians approached and ordered them off, accompanying their demands with unnecessarily strong language. Because the offenders did not go quickly enough, it is alleged, the Italians knocked them down, kicked them, and drew glittering stilettos to end their victims' lives. Then the terrified victims took to their heels. Such was their stile this morning, and if things go their way, the Italians will be hardly used.—Montreal Star.

The funeral of Capt. J. W. Fuller, chief clerk of the G.T.R. shops at London, took place at Brantford.

BIG SNAPPING TURTLE HAS ITS HOME AT EEL'S CREEK

Special to the Review

Stony Lake, August 6—There is a big snapping turtle which has its home in the vicinity of Eel's Creek, and it is the terror of those who go in bathing or have to do any portaging in that locality. As far as is known the turtle has been there for over three years and it is getting bigger all the time. Last summer it bit a big chunk out of the heel of the rubber boot of a man who was portaging near the falls on the creek. If the turtle had got a better hold a piece of the gentleman's flesh would have likely taken its departure.

A Peterborough man who was fishing in Eel's creek last week hooked the turtle but was unable to land it. He was fishing for bass but hooked the "snapper" instead. He thought he had a log on his line as he drew in and was considerably frightened when the sprawling legs of the turtle appeared on the surface of the water. He ordered his companion to pull for the shore and hoped to land the big fellow. The line broke, however, and the turtle is still enjoying its liberty.

SERIOUS WRECK NARROWLY AVERTED ON GRAND TRUNK

What might have been a very serious wreck was narrowly averted last Thursday on the Grand Trunk line between Lindsay and Cunningham's Crossing, about three miles east of the town.

It appears that a head-on collision was almost recorded which might have entailed the loss of life and damage to the railway system.

From the meagre information gathered it appears that a double header left Lindsay station on Thursday afternoon on a way freight's time, when she should have remained in the local yard until the freight arrived.

She steamed out of the yards at a slow rate and reached the vicinity of Cunningham's Crossing, about three miles east, when away in the distance on a level stretch of track, it was noticed that another train, the way freight, was rapidly approaching.

The brakes were immediately applied, and in very quick order the train was brought to a standstill. Fortunately the crew on the way freight also noticed the double header, and applied the brakes and stopped. The two engines faced each other on the one track.

It was a very narrow escape and a catastrophe was just averted. It is stated that if the trains had not been on a level stretch of track, with curves or grades, there might have been a very serious wreck. Lindsay Warder.

A WHITE BRITISH COLUMBIA SAYS MAYOR OF VANCOUVER

Winnipeg, August 5—"There are 6000 Japanese, 2000 Hindoos and 6000 Chinese in Vancouver at present. We don't want any more in the province as we want a white British Columbia. There is plenty of white labor now at the coast, and there is no further need for the Asiatics."

This statement was made by Mayor Bethune of Vancouver, who was in the city for a few hours on his way home from the Quebec celebration.

"The caste system prevails among the Hindoos in Vancouver as it does in India. These people, even when ing in separate groups. They never them a hammock made of flour and water and when hungry eat this. No people can do much work on that kind of food. The Japanese are most progressive and energetic, and will be a success anywhere. They are entering all kinds of business, and have even established a bank of their own in the city. The Chinamen are the best class of Asiatics we have at the Coast. They are good workers and do not branch out into business as do the Japanese. Nevertheless we don't want any more. The trouble which occurred there some months ago has passed, and all is quite. No further disturbance is anticipated."

DEATH OF LADY KNOWN HERE

A copy of the Daily Ledger of Tacoma, Washington, of July 29th, contains an account of the death of Mrs. Ellie Fife Knowland of Alameda, Cal. Her father was the late Mr. W. H. Fife, who had many relatives in Peterborough county; and Mrs. Knowland had visited here in her girlhood. The obituary in the Tacoma Ledger is as follows;—

Friends in Tacoma have been advised of the sudden death of Mrs. Ellie Fife Knowland of Alameda, Cal., July 20. The funeral was held July 22nd. Rev. W. M. Martin, of the First Methodist church of that city, officiating, and the remains were incinerated in Oakland, Cal.

Mrs. Knowland was the wife of Congressman Joseph R. Knowland and the daughter of the late E. J. Fife, of Tacoma, whose widow is now a resident of Auburn.

Mrs. Knowland became a mother three weeks prior to her death and with her young son was progressing nicely until ten days before her death, when she was seized with pleurisy of her right side. In her weakened condition she became seriously ill, but in a few days she improved. She seemed to be improving in health and her husband and family were confident that her recovery was assured.

The day before her death she felt so much improved that she sat up for a time and the following day she attempted to walk about the house. About three o'clock in the afternoon of the day of her death Mrs. Knowland cried to her nurse that her heart was paining her, and collapsed in the nurse's arms. A doctor was hurriedly called and Congressman Knowland, who was attending a bank directors' meeting, was called by telephone to his stricken wife's side. Everything was done to save Mrs. Knowland's life, but she died at 5.30 that afternoon.

MARRIED IN OLD HOTEL FIFE

Pioneers of Tacoma remember the late E. J. Fife and his widow, Mrs. W. H. Fife, who is now a resident of Auburn. Mrs. Knowland became the wife of Jos. R. Knowland on April 2 1894. The wedding took place in the Hotel Fife, now the Donnelly. Her acquaintance with her future husband began while the two were students at the University of the Pacific, at San Jose, Cal., where the congressman received his college education. Mrs. Knowland also studied for a time in the Cincinnati School of Art. She was a woman of unusual intellectual attainments and during her college days was regarded as a brilliant student. After her marriage she took an absorbing interest in her husband's career and during his terms as congressman was a prominent figure in the society of official Washington.

At Alameda Mrs. Knowland was regarded as a leader in society, and she was one of the most active members of the Adelphian Club. Her friends in Tacoma were shocked by the announcement of her sudden death.

Mrs. Knowland was born in Cherokee, Iowa, thirty-four years ago. She is survived by her husband three children, Elinore, aged 13; Russell, aged 6 and her infant son of four weeks; also by a brother, Col. W. J. Fife of Oakland, who was in command of the Washington regiment of volunteers in the Spanish-American war; a sister, Mrs. Mamie Smith, of Auburn and another brother, George W. Fife, of Alameda.

HAVING FINE TIME AT CAMP

Y.M.C.A. Boys Putting in Good Time--Lucky Catching Fish

Special to the Review

Sandy Point, Clear Lake, August 5—Just a few lines to let you know that a real live YMCA camp is keeping people awake up in this part of the globe. Our bunch is composed of Ernie Dunfee, Will Jewell, Harold Brown and Clarence Edmunds, Port Hope, and Wallie Armstrong, George Martin, Gordon Horsley and Percy Woodbridge, of Peterborough.

The Port Hopers are a nice bunch of fellows and having a swell time, today a party of young ladies are on the steamer and they are in for a high old time. The Peterborough bunch are going to cut them out at Juniper when they arrive.

Fishing is great, Wallie and George caught a beauty yesterday, enough for all the camp and some to give to neighbors.

If you like music come and hear us sing. Gordon holds down the camp organ and the rest make the tears come to the cottagers' eyes with their touching ballads.

The Port Hopers caught a 10 pounder today and Gordon hooked a dandy too.

We are well off for ladies' men, Wallie and George are up to high water mark in this.

Percy Woodbridge is a great swimmer and oarsman and we are trying to get him in for the regatta on Monday.

The fellows threaten to down our "poetical cook" if he spring on us so much spring poetry. (?) He tried the wild-cat on the lake flowers and it certainly did good work.

The first two nights have been passed in severe storms, last night being fierce; one fellow found a river flowing by his bed, another had a nightmare and had to get out and tie it up. Two skiffs and two canoes form our fleet and are well used.

YMCA CAMP JOLLIER.

YOUR SKIN IN SUMMER

Facts For Our Women Folk!

When you find your skin rough, red and patchy, or dry, scaley and coarse, with sore and inflamed spots here and there, remember there is a reason. There are 2,500 pores on one square inch of that same skin of yours and these contain seventy feet of tubing, all provided to clear away harmful and waste excretions, but which get out of order when the skin is unhealthy. The value of Zam-Buk lies in the fact that its healing essences and juices can be absorbed by these miniature "Skin Mouths."

Applied to a rough or inflamed patch, cut, bruise, heat, sore, or chafed place, Zam-Buk first lubricates, cools, and soothes the hot surface, then heals. That is why children like Zam-Buk. It stops pain so quickly. Applied to eczema, ulcers and festering sores, Zam-Buk first kills the disease germs which cause suppuration and inflammation. Then it builds up fresh tissue.

In this way an eczema patch, ulcer, abscess, ringworm or open sore is removed completely by Zam-Buk and a cut or burn healed.

For insect stings, sore feet, bruises, chafed places, for eczema, ulcerations, blood poison, chronic sores, and for piles, Zam-Buk is without equal. Fifty cents a box at all stores and druggists or from the Zam-Buk Co., Toronto, for price. Three boxes for dollar twenty-five. This offer is for family use.

Henri Bourassa is in Belgium gathering evidence in the land scandal in which Baron Lepine figured.

Chester Buckborough, accused of burning the Queen's Hotel at Tillsonburg, has been admitted to bail.

WILSON'S FLY PADS
Kill them all. No dead flies lying about when used as directed.

DOUBLE VEIL FAD RENEWED

Was Discarded Two Years Ago But Women Are Bringing It in Again

Newport, R.I., August 6—The double veil fad, which was discarded two seasons ago by general request of the men, because it was an impossibility to tell who was bowing to them, has been renewed with vigor.

This morning at the Casino, Mrs. Phillip M. Lydig came in for tennis wearing a heavy dark brown veil, over a white tulle effect and as another woman shook Mrs. Lydig by the hand she remarked, "I hardly knew you." Mrs. Lydig replied "I'm sure I did not know who you were till you spoke."

Then in came Miss Anna Sands, with another double veil showing only her eyes and a portion of her forehead, and Mrs. Royal Phelps Carroll followed. These veils are either of brown, green, or white and are caught in the back of the head and worn from the bridge of the nose and well under the chin. The eyes and forehead only are shown.

It was a wave of veils at the Casino. Mrs Smith Hollis McKim, of New York, came in wearing a white serge morning gown with a lavender colored parasol, a Panama hat turned up in front and down in the back, with a silk tulle veil carrying almost to the ground. Miss Ethelinda C. Morgan, Mrs. Oliver Harriman and Mrs. Joseph R. Dilworth wore the extreme long drooping veils.

MONEY STOPPED SERVANTS STRIKE

Mrs. Longworth Knew How To Help Them at Work

Denver, Aug 6—"Servants all on strike. Oh, that's all right. Just tell the girls I'll give them $5 a day each if they'll work while we are here. And ask them if they won't do it as a personal favor to me."

This is the way Mrs. Alice Roosevelt Longworth solved the striking servant girl problem in the Yellowstone Park.

The party went to the Yellowstone from the Denver convention. They found the park crowded with tourists and the hotel servants so overworked that they struck when the Longworth party arrived. Mrs. Longworth's offer solved the problem and the servants resumed work.

Cook's Cotton Root Compound.

Return limit August 11th, 1908. Secure tickets from Grand Trunk City or Depot Agents. 5d

FEWER AMERICANS, BUT MORE CANADIAN TOURISTS

Somewhat Unusual Condition at Local Summer Resorts—Not So Many Visitors from Across the Line as in Former Years

The financial stringency and the presidential elections in the United States are keeping the Americans away from the summer resorts in this district and from reports received the same state of affairs prevails throughout the province. At any rate there are not so many Americans at the summer resorts as in previous years and the reason assigned is that money is not so flush as it used to be across the line. The Presidential elections also have the effect of keeping our neighbors at home.

Mr. Brown, of the Chemong hotel, states that he has fewer Americans guests than last year, in fact there are fewer American tourists than for several years past. Strange enough, however, there are more Canadians travelling than in the past, which will go to show that times are not as bad here as some people make out. Mr. Brown states that he has had more Canadians stopping at his hotel than ever before so that the falling off in the number of American visitors has not had the effect it otherwise would.

HOUSE OF REFUGE INMATE GETS ONE MONTH IN GAOL

County Magistrate Edmison yesterday afternoon consigned Frederick Rawlings, an inmate of the House of Refuge, Lakefield, to one month in jail for assaulting Henry Beavis, superintendent of the institution. In the evidence given it appears that Frederick had some words with Beavis who endeavored to place him under lock and key for a few hours to cool him down. The defendant, who is a veteran of the British Army, refused to be cooled and uncorked a swift jolt on the superintendent's nose. His arrest by Constable Dodge followed and when sentence was passed Rawlings declared that in his mind the jail was preferable to the House of Refuge.

REV. DR. KIRK PASSED THROUGH CITY YESTERDAY

Rev. John Kirk, D.D., of Scotland, passed through Peterborough last night on a trip to the coast. He was met at the local C.P.R. station by a number of Peterborough friends with whom he became intimately acquainted during the visit to this city of the Scottish curlers several years ago. Rev. Dr. Kirk was largely instrumental in having the curlers visit the Dominion and was in charge of the tour. He is taking a trip to the Pacific Coast. Dr. Kirk made many friends in Peterborough during his visit here, and several of them who knew he was passing through were at the station to see him.

TWO WORLD FAMOUS MAT ARTISTS WILL MEET HERE ON THE 28th OF AUGUST

The lovers of wrestling —and there are many in Peterborough — will have a chance to see a couple of the most widely known mat artists in the business perform when Fritz Mohl, the ex-champion of Germany and Yankee Rogers, meet at the Brock St. rink on August 28th. This match was mentioned in the columns of the Review some time ago and today Mr. Chris Graham who is interested in it advised the Review that all arrangements for pulling it off had been concluded.

The contest should draw an enormous house as it will give any who takes an interest in the game a chance to see two brilliant big fellows going at a great clip. Both are very muscular and thoroughly scienced and the go will be for best two out of three falls.

Rogers needs no introduction in Peterborough. He made the people gasp by the wonderful way he worked when wrestling here with Hurtubuise and as Mohl is equally as experienced and thirty pounds heavier they should put up an exciting contest.

Some good preliminaries will be arranged and the names of those who will take part will be announced later. The referee for either the preliminaries or the main bout has not yet been decided upon.

PETERBOROUGH CONTRIBUTING

Sending One Hundred Dollars for the Relief of Fernie Fire Sufferers

Peterborough is contributing $100 towards the relief of those rendered homeless in the Fernie disaster. Mayor Rush has authorized the Mayor of Fernie to draw on the city for the above amount. Nearly every city in the province is contributnig to the fund.

Annual Excursion of the Catholic Order of Foresters, and Ancient Order of Hibernians to Jubilee Point, Civic Holiday Aug. 10th. per steamer and barge. Leaves Street Railway wharf at 8 o'clock. Tickets may be procured at Lane & Eano's and members of the committee.

PERSONAL

Send or Telephone Your Personals to The Review.

Mr. Ernest and Miss Irene Best are at Lake Couchiching.

Miss Stewart, of Orillia, is the guest of Mrs. Langfeldt, Ashburnham.

Miss Eva K. Hopkins is visiting friends in Kingston and the Thousand Islands.

Miss Jessie Crane, Ashburnham, has returned to the city after a visit with friends in Lindsay.

Miss Bella Ridpath, of Toronto, is a visitor in the city, the guest of Mr. and Mrs. John Stanger, Stewart street.

Miss Nixon, of Toronto, is the guest of her brother, Mr. C. Nixon, proprietor of the Grand hotel.

Mr. Jas. H. Paxman, of London, Ont and Mrs. W. H. Jackson, are the guests of their brother, Mr. George Paxman, 778 Water St.

Mrs. F. Truedell has returned to Toronto after spending a few days in town, the guest of Miss Annis Hopkins, 121 Stewart street.

Lindsay Free Press: Mr. and Mrs. McQuin, of Peterborough, are the guests of Mr. and Mrs. F. Edmonds, north ward.—Mr. Southwell, representative of the London Life, left this morning for Peterborough.

COTTAGE MEETING

The cottage meeting conducted by Rev. Dr. Langfeldt, will be held on Tuesday, August 13th at the residence of Mr. Greer, Otonabee.

Mrs. Maud Lamothe, of North Bay, shot and killed herself after a quarrel with her husband.

THEATRICAL

A prominent American dramatic critic concluded a recent play review with this sentence, "If a wholesome, honest, cleanly play that alternates pathos and laughter with gatling gun rapidity is what theatre-goers want, they will go to see "Quincy Adams Sawyers," and it is quite evident, they are going.

In those few words he summed up the facts and the reasons therefore that epitomize the success of the great rural play that for four years has been touring the country to record breaking houses everywhere. The great masses of the people want their drama to be wholesome and cleanly; they leave the highly seasoned dramatic pabulum to the so-called society epicures. They want "no problems", no suggestive disquisitions upon topics that, outside of the theatre, are not discussed in public.

"Quincy Adams Sawyer" gives them an honest story of wholesome people told brightly with great human interest. The pathos is of the decent sort and is never obtrusive. The fun, while fast and furious, is always cleanly. In addition, the play is given the most complete and elaborate production possible to the modern stage. The company has been selected with special reference to the fitness of the players for the work they are to perform and the ensemble shows that completeness which is welcomed by the theatregoers.

When the play is seen here at the Grand Opera House on September 8, the proof of all these statements will be so self-evident as to be indisputable.

MANY CHILDREN IN SHELTER

Bright Youngsters for Adoption ---Nine or Ten Under Care of Society

Mr. E. L. Goodwill, Secretary of the Children's Aid Society, states that there are nine or ten children in the shelter for adoption.

The children are bright and well behaved and it is desirable that good homes should be secured for them.

¶ He came in a hurry—He wanted a hand-tailored Semi Ready Suit, and he wanted it quick—He got it and went away, satisfied that he would be counted in with the best dressers, Satisfied that he got the best value for his money. He didn't have to wait a week or two to have it fitted, re-fitted and then finished. He was only a few minutes choosing the cloth, it was made up ready to be finished in a couple of hours, he was satisfied and had not the worry of wondering what it would make up like.

¶ Are you a satisfied custom tailor man, if so, don't change. We want the man who is hard to suit—the most particular man.

Our Lonely's Sale is on this month—All odd Suits, no matter how good they are, must be cleared out before the fall shipments arrive.

Here are some of the values to be foun at Cressman's, 389 George Street:

$15 00 Suits $10 00 $20 00 Suits $14 50

Come in and see for yourself, you are the judge and we will treat you just as courteously if don't buy.

GREAT SKILL

Great skill is required by the man who would be a good watchmaker. Years of training and practical experience are needed before one is competent to repair a fine and complicated watch. Every one who buys a ticket for the trip to Idyl Wyld will be given a numbered coupon, and the holder of the lucky ticket will get the dishes.

The prizes for the different events on the picnic programme will be much better than is usually the case A big crowd is going along.

REMOVAL

The New York Ladies' Tailors, have removed from 658 George street, to 387 Reid street, opposite the Catholic Church, and we are ready to take up orders on all kinds of ladies garments such as tailor-made suits, skirts blouses, coats, and muslin dresses, made up at very short notice. Telephone 624 will reach us and our representative will call, or you can come to above address.

Rev. Dr. Lyle, of Hamilton, says there are occasions when lying is justifiable.

The August Clean-up— A Fast, Furious Selling

We clean up the price of all profits, to clean up our stocks of Summer Goods. One good turn deserves another—and the second clean-up is as decisive as the first. Come! Help yourself to the many savings. You never saw such stirring economies or such startling reductions. The only way to keep from saving is to stay away from this store—every one who comes buys and necessarily saves. Every purchase means a saving, mind that; and only merchandise from our regular stocks participate in this sale. There is safety, as well as saving, in buying here.

THE YELLOW PRICE TICKETS in our Windows and throughout the Store tell their own tale--COME AND SEE

Saturday 8:30 a.m. to 9:30 p.m. - We close sharp at 9:30 Saturday Nights

BRANTFORD PREPARES BIG RECEPTION FOR WILL WOOD

Canadian Who Finished Fifth in Marathon Will be Given Warm Welcome—What About Fred Simpson's Return?

Brantford has arranged to give a big reception to Will Wood, the Canadian runner, who finished fifth in the Olympic Marathon. The Expositor says;

"The general reception committee to make arrangements for the welcome to Will Wood, the Brantford runner in the great Marathon race, held a good meeting last night, and elected chairmen of the various committees. Mr. William Bentham is in charge of the finance committee and the subscription list is open to-day. The Expositor will acknowledge all contributions to the fund for the testimonial to Wood daily. The Brantford runner is expected home next Monday evening. He will likely accompany Bobby Kerr, the Hamilton runner, to the latter's destination, and will be escorted home on the Grand Trunk by a couple of local Y.M.C.A. friends who will go to Toronto to meet him. The Dufferin Rifles Band has generously offered to turn out to make a success of the reception, and it is a sure thing Wood will be greeted by a very large crowd of citizens at the depot on his arrival."

The subscription list is growing fine. As an evidence of Wood's popularity where he is best known, over $50 was realized in a very short time among his fellow-employes at the Waterous Engine works. A list of the subscribers will be published tomorrow. Mayor Bowly is in charge of the programme committee and Mr. W. B. Wood, president of the Y.M.C.A., of the reception committee. Wood night in Brantford next Monday, which is Civic Holiday will witness a splendid tribute to a remarkable feat accomplished by one of this city's athletes.

Fred Simpson, who finished sixth in the Marathon, will likely be home on Sunday and Monday. So far nothing has been done towards providing a reception for the local boy, who made such a fine showing among the world's best runners. Simpson deserves a hearty reception from the citizens of Peterborough

BIG DRAINAGE SCHEME FOR BENEFIT OF OPS FARMERS

Omemee, August 5—A survey has been going on for some time, and plans and profiles are now completed, for the most extensive drainage system ever undertaken in this part of the province. The Council of Ops has found this necessary for the drainage of the large area of low-lying farm lands in the valley of Stoney Creek. A flow of water coming with a rush in high flood time, against an obstructed outlet, backs up and renders unfit for cultivation lands from which in olden times good crops used to be harvested.

Some idea of the magnitude of the work involved may be gathered from the fact that one cut at the outlet, of about 800 feet in length, has an average depth of nearly 8 feet and a bottom width of 12 feet, and the total cost of the outlet cuttings run up to over $5000. Besides the two main trunk lines there are many branches designed of covered eight-inch and twelve-inch tile. These all combine to make a total of 17 3-4 miles, giving a good drainage outlet to 3800 acres of land, 1240 acres getting through drainage, at a total cost of slightly over $30,000. The work has been surveyed and designed by Messrs. Smith and Smith, engineers and land surveyors, Lindsay.

LANDLORD IN THE WRONG; WAS FINED SMALL AMOUNT

A case that had no startling features for the small audience of railbirds but one that may be of interest to landlords, was heard before City Clerk Armstrong at the Police Court this morning, who presided in the absence of P. M. Dumble.

J. Gaetes had H. Fralick in court on a charge of assaulting him on August 4th.

Gaetes gave evidence on his own behalf and conducted his case himself. He said that on 645 on the evening of August 4th, Mr. and Mrs. Fralick came across the road to the house he was occupying at 184 Edinburgh street.

He said to him, "What do you mean by cutting a whole in that fence," and the witness replied that he had permission to do so. What bearing this particular bit of evidence had on the case was not explained as it progressed.

He had been ordered by Fralick to leave the house, and said was preparing to do so when the latter came and assaulted him in an effort to eject him forcibly. He said he would have moved out in fifteen minutes anyway and stated the assault was not warranted.

Mr. Fralick said Gaetes and his wife had caused much annoyance to the neighborhood by their boisterous conduct and he wanted to get them out. He stated Gaetes had used offensive language towards his wife.

Mr. Armstrong said in his opinion an assault had been committed. Mr. R. F. McWilliams, counsel for Fralick, said a nominal assault probably had been committed, but not without provocation.

Mr. Armstrong said landlords who wished to get rid of their tenants should take the proper means of having them leave the premises and not take the responsibility themselves.

He imposed a fine of $1 without costs.

BAND CONCERT VICTORIA PARK

57th Regiment Band Will Give Good Programme To-morrow Evening

SPORTING NEWS

CIVIC HOLIDAY RACES WILL SEE SOME FAST STEPPING SELECT HORSES TO START

A String of Good Ones for the Different Classes—Officials Working Hard for Success of the Meet—A Line on the Good Prospects.

The Peterborough Turf Club are doing everything in their power to provide the best summer races ever seen here at their meet to be held here at the Driving Park on Civic Holiday. The grand stand is being put into first-class shape and work on the track is being carried on. The track which is one of the best half-mile courses in Canada, will be in fast condition to accommodate the speedy steppers to start in the different events and provided the weather man acts as he should for such an occasion it seems an assured thing that the meet will be very successful in every respect. Good horse racing appeals to every healthy man and the citizens who want to enjoy the holiday to best advantage are reminded of the excellent racing bill at the Driving Park in the afternoon.

All the local horsemen have their animals out every day and they will try to qualify for some of the pickings when the prize money is to be distributed.

Gerald Dunsford, who is with the well-known horseman Pat McCarthy, of Dufferin Park, Toronto, says that a big string of Queen City horses may be expected, Planet, Gypsy Girl, Dunavista and others. Some good ones from the east are expected here. Among others to come are Maud Wilkes and Muriel Wilkes. Five or six are coming from Hastings.

With so many fast starters in all the classes some exciting tussels for the money are bound to result.

OLD LACROSSE RIVALS TO CLASH AT RIVERSIDE TO-NIGHT

Lindsay Coming With Strong Team and Will Endeavor to Duplicate Their First Performance Against the Petes—Local Team Will be Strong.

There will be doings at Riverside Park this evening at 6.15, when the local lacrosse artists will strive to stop the Lindsay braves from their present victorious clip. A glance of the personnel of the locals will be sufficient to prove that the Visitors will have their hands full for the full sixty minutes of play. A large crowd of sports is coming with the visiting team to the city and the match promises to be full of interest from the start, as there is no love lost between the respective towns from an athletic point of view. The reasonable charge of 15 cents for gents and 10 cents for ladies has been fixed, and there is no reason whatever why you can't go and bring your best girl along with you. The following players are requested to be on hand at 3.15: Gilman, Glover, Dillon, Morgan, Barber, Doris, Ray Best, Galley, McCoy, Parnell, Seymour, McCabe, Judd, Ray, Galley, Holland, Crough and Long. Mr. George Lynch will act as referee, and it is safe to say that "Buck" will make them play lacrosse all the time. Mr. F. Larone will be the field captain for the locals.

THE PETES WILL HAVE TO GO TO BEAT THE FAST ST. MARY'S

The St. Mary's, who play the Petes two games here on Civic holiday, at 10.30 in the morning and 2.30 in the afternoon are one of the fastest amateur outfits in the province. The Petes have established an excellent record for themselves this season, winning the Midland League with but two losses and the public will be delighted to have an opportunity of seeing the speedy local nine set to with a bunch that is to be feared every minute of play. The Saints have a team that beated the Park Nines with Fred Hickey, now of the Toronto Eastern Leaguers, in the box for the latter and are a tie for first place with that team for the championship of the Senior City League.

Every man on the St. Mary's line-up is a ball player who handles himself in true professional style and when the crack Toronto aggregation meets the Petes an unusually snappy and interesting game is sure to take place.

There should be large holiday crowds at both the morning and afternoon contests.

HURTUBISE AND ROGERS MAY WRESTLE HERE NEXT MONTH

Another Handicap Bout Under Consideration—Gene Thinks His Chances Are Good—Has Commenced Training

Gene Hurtubise is getting into shape for wrestling this fall and commended training at the Y.M.C.A. Monday. Gene is doing dumbell and other gymnasium work preliminary to taking up his actual workouts on the mat.

Peterborough's big wrestler was seen by the Review last night, and from the way he talked has every intention of staying with the game. He is greatly encouraged by the showing he made against Rogers when the two met here last May, and fears nothing from the big Yankee.

Arrangements are coming to a head for a match between Rogers and Hurtubise to come together here next month but they are not yet completed so it is impossible to say whether or not the match will be made. If it is it will in all likelihood be under the same conditions as the last one—Rogers to throw Hurtubise three times in an hour to win the bout.

The local man has met Rogers on the mat and knows or should know pretty well the relative ability of himself and his big opponent. He is quite confident that Rogers can't beat him in a three times an hour handicap go and is willing and even eager to take chances with him.

LINDSAY COMING WITH GOOD TEAM

This Evening's Lacrosse Match Should Be Fast All the Time

Tomorrow the local lacrosse club leave for Peterborough to play the fast city team which was defeated here some time ago. The game promises to be a very close one as both teams are in good shape and the exhibition will no doubt be largely attended. There was some talk of an excursion being run, but if the boys want anything like this they should get out and hustle. The Sturgeon Point regatta coming off tomorrow will no doubt take the majority of the pleasure seekers away.

The Peterborough team, as will be seen by press reports from that city has been greatly strengthened for the occasion and all the old boys are in the game. Peterborough might be able to kill the local team with sticks but if they play the clean game and put on their regular bunch, Lindsay's chances of winning are good.—Lindsay Free Press.

STURGEON POINT REGATTA TO-DAY

Sturgeon Point regatta is being held to-day—Lindsay's Civic Holiday. A large number from Stony Lake and Chemong are in attendance and several also went from Peterborough. A full report of the regatta will appear in to-morrow's Review.

LAWN BOWLING

London, Aug. 4.—Four rinks of Canadian bowlers played Porthshire at Perth and won by 82 to 78.

SPORTING COMMENT

The dinner set that Hon. J. R. Stratton has donated as a prize at the printers' picnic, is a particularly handsome one, valued at $20. The printers appreciate Mr. Stratton's thoughtfulness.

"Dinny" Dobbin, the veteran lacrosse player, will be in the nets for the locals against the Lindsay team this evening.

An umbrella mender is touring Lindsay. We would recommend him to mend the ways of the lacrosse editor of the independent daily there.

Fred Simpson should win the Hamilton Herald race this fall, although he will have a hard man in Will Wood, of Brantford, who will also be a starter.

A little lacrosse should be a welcome relief to Peterborough sports. We like a good ball game but we also enjoy a change. So get out and yell yourself hoarse tonight, girls.

There are still plenty of fish in the Otonabee river. A party of three who were out in a boat yesterday caught eleven bass and several perch in about four hours. They were nice ones too—the fish of course.

If all the gasoline launches in Peterborough went in a body to Stony Lake on Monday for the regatta they would pretty nearly put the lake craft to shame.

There will be a meeting of the City Baseball League at the Y.M.C.A. tomorrow at 7.30 o'clock. All the members of the executive are asked to be present.

The catch as catch can style will be used by Bobby Long, of the Examiner' nine, when the above outfit play the invincible Review outfit at Idyl Wyld on Civic Holiday.

Thos. French, 24 years old, and married, was arrested at Ridgetown on a warrant eight years old.

IS PLAYING BALL ACROSS THE LINE

Bill Fitzpatrick Making Good as a First Baseman at Rochester

Wm. (Med.) Fitzpatrick, an old Peterborough boy, is home from Rochester to spend a short holiday with his parents. Bill is playing ball in his spare hours for a fast suburban team across the lake and has made good. He was initiated into the mysteries of balldom during his residence in Peterborough and was was always considered a first-class fielder. At present he is covering first base and newspaper reports are very flattering indeed to the big good-natured custodian of the first sack. Bill says that there are plenty of opportunities for Peterborough ball players on the other side. He considers that Quinlan, who is an old team mate of his, is just as good as any of the amateurs in that State. He intends returning in a few days and will probably move to Cincinnati, as the electric company in whose employ Bill is a Foreman, is making that city the base of operations.

ATHLETICS

BROKE WORLD'S RECORD.

Abergavenny, Eng., July 5.—R. E. Walker, the South African sprinter, who won the final of the 100-metre dash at the recent Olympic, yesterday broke the world's record for 100 yard his time being 9 2-5 seconds, 1-5 of a second less than the record made by Dan J. Kelly at Spokane, Wash., June 23, 1906.

EQUALLED DUFFEY'S RECORD.

Walker's time for the hundred made to-day, while a fifth of a second better than Kelly's record, is not more than equalling the best time for the distance. Arthur F. Duffey, the great Irish sprinter, who was brought to the United States to run for James E. Sullivan's Amateur Athletic Union, and who afterwards exposed that institution and its bogus amateurs, covered the 100 yards in 9 2-5 seconds. The record was on the books for several years until Duffey made his sensational confession, when Sullivan, to get even, expunged the record from the Spalding books of which he is the publisher. However, that didn't affect the performance, which was the fastest on record, until equalled today by the wonderful 19 year old South African in England.

Bobby Kerr holds the Canadian record of 9 4-5, but has been timed privately in 9 3-5.

BASEBALL

TO STOP GAMBLING.

Chicago, Aug. 6.—Efforts to stamp out gambling in baseball will be made immediately by the American League. President Johnson of the League, it is announced today, will issue a bulletin to every American League Club calling attention to the prevalence of betting and asking club owners to enforce to the letter the section in the league constitution prohibiting it. President Johnson figures that it may be found necessary to place under arrest every one caught making bets at ball parks, and if the city police cannot be entrusted to enforce the order, he will recommend that the club owners assign a force of private detectives to ferret out the betters and those receiving bets. There is no question but that the gamblers who have been out of business by adverse legislation against the turf have flocked to baseball, said Mr. Johnson. It has become an evil which must be nipped now if the game is to be kept clean.

MILLINERY - DRESSMAKING

CHEMONG AUTO BUS STRUCK BY LIGHTNING ON TUESDAY

The Chemong Auto 'bus did not make its regular trips yesterday as the motive equipment was out of order as the result of the big machine being struck by lightning during Tuesday night's electrical storm. The auto was standing under a locust tree near Walter Green's foundry, having been left there to be fitted with new sprocket wheels, when lightning hit the tree, splintered it and jumped from the tree to the auto.

As the result of the 'bus getting the shock second handed, as it were, not so much damage was done as would have been had not the tree received the first force of the current.

However, the batteries were put out of commission and a couple of connections were burned.

JUBILEE OF THE HASTINGS PRESBYTERIAN CHURCH

The Rev. J. G. Potter, returned home yesterday from Hastings where on Sunday and Monday the special exercises in connection with the jubilee of the Presbyterian church were held. On Sunday large congregations assembled, full of enthusiasm and thankfulness. The occasion marked the fiftieth anniversary of the organization of the congregation and the twenty-fifth anniversary of the pastor's induction and marriage. The congregation has steadily advanced in interest, and has shown great courage and liberality during the past years. In 1903 the place of worship was demolished by fire, but immediately they set to work and built their present commodious church.

In the following year they erected a most comfortable and suitable manse for their minister.

They have now completed a very large enclosure as sheds for horses and rigs so that in cold and inclement weather everything will be protected from storm.

That the church and manse were occupied free of debt is very largely due to the very deep loyalty that exists to the minister, the Rev. D. A. Thomson who for twenty-five years has been so devoted a minister.

On Monday evening a reception was given Mr. and Mrs. Thomson on the church lawn. A very abundant supply of provisions was brought and the large assembly enjoyed the spread. The ladies had arranged for beautiful wedding cakes in view of the fact that it was the silver wedding of the minister and his wife. On assembling in the church at 8 30 Mr Wm. Oakman occupied the chair and after music by the choir the chairman gave a brief survey of the first twenty-five years of the congregation's life, and Mr Larmouth in a very happy address point month in a very happy address pointed out the most interesting facts in the other twenty-five years.

Rev. Mr. Thomson followed with a racy talk about matters affecting the pastor's life, and this was listened to with the greatest interest.

An instrumental duet by Mr Alex and Miss Wilson after which the chairman called upon Mr. Wilson to present the congratulatory adddress to the Rev. D. A. Thomson.

On behalf of the congregation, Mr. Charles Fowlds presented Mr Thomson with a handsome fur lined coat, and on behalf of the ladies Mr Walter Fowlds presented Mrs. Thomson with a beautiful and valuable dinner set of China.

Mr. Thomson made suitable reply.

Then followed greetings from Rev. Messrs. A. C Reeves, J F McFarland, Burns, Anglican; Barrett, Methodist, McLennan, Potter and Mr. John McNeill, Keene.

The addresses were brief and spirited and the singing of the choir was exceptionally stirring.

During the evening Mr. Pelkan and Rev. Messrs Potter and McLennan, rendered solos.

The happy event was brought to a close in excellent time, the minister, Rev. Mr. Thomson pronouncing benediction.

L O.L. No. 80 meets to-night at 7 o'clock at the Orange Hall Simcoe Street to consider arrangements for the funeral of the late Bro. Cunningham. Prentice Boys and others invited.

THERE FOR FIRST TIME

Mr. Mark Curtis Paid Visit to Stony Lake Monday—Much Pleased with Trip

Although he has lived in Peterborough since 1854, Monday was the first time that Mr. Mark Curtis of Curtis' brick yard, ever saw Stony Lake. He went there for a trip in company with some friends and was very much taken up with the beauties of the lake. He noticed particularly the trim and pretty cottages and the scene presented generally was a much livelier and more attractive one than he had anticipated.

Although Mr. Curtis never had been at Stony Lake except on the occasion referred to, he helped put sawlogs on Clear Lake in 1855.

NEW PRINCIPAL IS APPOINTED

Thos. A. Sayer, of Cornwall Will Be Principal of St. Peter's School in This City

At a meeting of the Separate School Trustee Board last evening Mr. Thomas E. Sayer, of Cornwall, was appointed to the position of Principal of St. Peter's school. The successful applicant has had a long and successful teaching experience, and comes highly recommended. He will begin his duties at the opening of the next term.

TWO SNAPS

Just two Pianos, slightly used, returned from rent, to be sold at a bargain price. Take the opportunity and make your choice. J. M. GREENE MUSIC CO., Grand Opera House. 3d

LAUNCHES GOING TO STONY LAKE

Should Arrange to Travel up the Canal Together

Several of the power launches on the river are to be taken to Stony Lake for the regatta day. It would be a convenience in locking through if those going up on Saturday or on Monday morning would get through the Lift Lock early, say at 7.30, and run together up the river. Several boats can be locked through at once, thus easing the work of opening and shutting the locks as all can lend a hand.

NEW RECTORY FOR ST. JOHN'S

Ald. McIntyre, Who Has Contract, Had Work Started This Morning

Ald. McIntyre commenced work this afternoon on the erection of the new St. John's church rectory for which he has been awarded the contract. It will be built at the corner of Brock and Sheridan streets and the contract price is between seven and eight thousand dollars. The rectory will be built of solid brick and will be a handsome structure. The ground is being staked out to-day.

Port William has paid $52,000 on account of the section of street railway transferred by Port Arthur.

PIONEER RESIDENT IS CALLED

Death of Mr. Giles Webber, Who Had Lived Here for Over Half a Century—Was Widely Known

One of Peterborough's oldest citizens passed away this morning in the person of Mr. Giles Webber. He was ninety-two years of age and his death took place at the residence of his daughter, Mrs. Wm. McClennan, 326 Charlotte street, with whom he resided. Mr. Webber's demise was largely due to the infirmaties of old age, the end coming very peacefully.

The late Mr. Webber was born in England and came to Canada when about thirty years of age, settling in Peterborough. He was a woodworker by trade and carried on a business of this nature in Peterborough up to about thirty years ago, when he retired and since then had not engaged in active labor. Peterborough was only a village when Mr. Webber settled in it and he had watched it grow from a tiny hamlet to a large and progressive city.

Mr. Webber was a Methodist in religion, a member of Charlotte st. church, and a Conservative in politics. He was widely known in the city and country and his death will be learned of with sincere regret. He was predeceased by his wife about twenty years ago and is survived by one son, Mr. George Webber, of Monaghan, and one daughter, Mrs. Wm. McClennan, with whom he resided.

The funeral will take place on Saturday at three o'clock from 326 Charlotte street, to Little Lake cemetry.

OBITUARY

JOHN M. CUNNINGHAM.

The death of John M. Cunningham who for the past twenty years has been in the service of the corporation of Peterborough, occurred last evening at his residence, 274 McDonell street. Deceased at reached the age of 70 years and was a native of Scotland. He came to Canada in 1846 and spent the greater part of his life in this country. Besides the sorrowing wife there are left to mourn his loss eight children, Mrs. J. Harrison and Mrs. Edward Walton, of Peterborough, and six sons, William, Bolton and John of Peterborough, Joseph, of Collingwood; Thomas, of Orillia, and Robert, of Hamilton.

The funeral will be held to-morrow afternoon at three o'clock, and will be under the auspices of the local lodge of the Orange Order. Interment will be made in the Little Lake Cemetery.

MRS. THOS. J. RITCHIE.

The death of Christina Mast rmon occurred in Kansas City, Mo., on the fourth inst., after an illness extending over many months.

The deceased lady was the wife of the late Thomas J. Ritchie, formerly of this city, who predeceased her some four years ago, and leaves an aged mother to mourn her loss.

The remains, which are en route to this city, are expected here tonight, the funeral taking place tomorrow at 2 30 p.m. from the residence of her mother-in-law, Mrs. John Ritchie, 600 Steward street.

Some people look upon tea as a mere drink. It all depends upon the tea. "Salada" Tea is a delicious and refreshing beverage. Sold only in sealed lead packets.

Peterborough Poultry Association to Discuss Holding of Show Here

The regular meeting of the Peterborough Poultry Association will be held in the usual meeting place to-night at eight o'clock.

The important matter of holding the first annual Poultry Show in Peterborough next January will be discussed, and other matters of interest and importance will be taken up.

A full attendance of members is looked for.

ALMOST SUFFOCATED

Editor of the Review

Sir,—The objection taken to the —bathers is rather unnatural. I do see something immoral in the motor launches rushing about with no rhyme or reason. The noise and stench are most objectionable. Whilst swimming I was nearly suffocated by the fumes.

VOL. LVII., No. 32. PETERBOROUGH, ONT., CANADA, FRIDAY, AUGUST 7, 1908 TEN CENTS PER WEEK

LOANED IT TO FRIENDS A VICTIM OF BORROWERS

Shortage of Funds May be Swelled to $24,000, Against Which the Former Treasurer Has Worthless Cheques of Unscrupulous Friends.

Toronto, Aug. 7.—The shortage in the Exhibition accounts, as exactly determined by the special auditors in their investigations up to last night, is $18,963. The figures are official, but there is admitted to be a possibility that the total may be augmented by the addition of $5,000, which amount is said to be also lacking, though Treasurer J. K. Leslie is quoted as saying that he is unable to understand the further deficit. This the fair management are stated to have discovered, although Messrs. Barber and Vibson, who have not completed their work, have only reported results as above given. Should the deficit be so swelled, as it is claimed it will be, it will reach the total of about $24,000.

In any event the city will be fully secured, as arrangements have already been made by Col. Leslie for the payment to the city on Monday, of a sum covering the last dollar of shortage.

Col. Leslie has, so it is learned, declared most positively that the disappearance of the funds has not been the result of speculation, nor of any intent to profit personally, but that he has advanced large sums of money to friends on their cheques and I. O. U.'s, which promises to pay have proven to be worthless.

In proof that the treasurer has been very largely a victim of misplaced confidence, there are in the possession of the auditors a number of I. O. U.'s and other notes and cheques, in addition to those covering the amount of about $2,600 for six-for-a-dollar tickets.

However, there is a strong probability that proceedings will be taken against the persons whose names appear on the notes, but whose identities are being carefully hidden.

While the auditors are discreetly mum, it has been ascertained that their written report is shortly to be submitted.

WILL STAND BY ZEPPELIN

German Government and Cities Will Give Him Money—Mourning Over Accident.

Friederichshafen, Aug. 7.—The King of Wurtemberg called on Count Zeppelin at his hotel here yesterday and conveyed to the aeronaut the personal regrets of Emperor William over the destruction Wednesday of the Count's airship at Echterdingen. The Emperor telegraphed: "I have heard with the deepest regret of the destruction of your balloon and I wish you to know of my cordial sympathy in your misfortune."

In addition to the Governmental grant of $125,000 to Count Zeppelin for the construction of another airship, it appears probable that the Count will be given even a greater sum for the construction of a new dirigible on the model of the one that was destroyed Wednesday, and for extensive experiments with new ideas. The national pride has made the work of Count Zeppelin its own and almost every city in the empire has opened public subscriptions to raise money for the Count.

Destroyed By Lightning.

Belleville, Aug. 7.—Lightning struck a large barn on the Bay View Farm, near Deseronto, owned by the Rathbun Co., and it was destroyed by fire. The loss was 60 loads of hay.

James Moran, a farmer, who resides in Faraday, met with a severe loss on Tuesday morning about 3 o'clock, in a fierce electric storm his house and barn were destroyed.

During a severe storm the Union Cheese Factory at Fredericksburg, owned by Frederick Pierry, was struck by lightning and almost destroyed.

Tried to Burn City.

St. John, N.B., Aug. 7.—Frank Williams, presumably insane, started late Wednesday night to burn Moncton. About 1 o'clock flames were seen in the builders' woodworking plant, and a man looking like Williams ran out on the approach of the watchman. Then a large barn near Humphrey's Mills was set on fire and totally destroyed. Next a big pile of Intercolonial ties was burned, and later a man forced an entrance into Humphrey's Mills. A police patrol was sent out and Williams arrested.

Fighting In Tabriz.

Tabriz, Aug. 7.—There has now been thirty-five days fighting in the streets of Tabriz and the casualties, due chiefly to bombs, thrown from mortars and shrapnel, are estimated at 800.

Many of the finer residences of the city and hundreds of shops in the bazaars have been looted, the loss in this direction being placed at more than $1,000,000.

Knights of Pythias Officers.

Boston, Aug. 7.—Henry B. Brown of Cleburne, Texas, was elected supreme chancellor of the Order of the Knights of Pythias without opposition, to succeed Charles A. Barnes of Jacksonville, Ill., at yesterday's business session of the Supreme Lodge of the Order in this city. George H. Hanson of Calais, Me., was chosen supreme vice-chancellor on the fifth ballot.

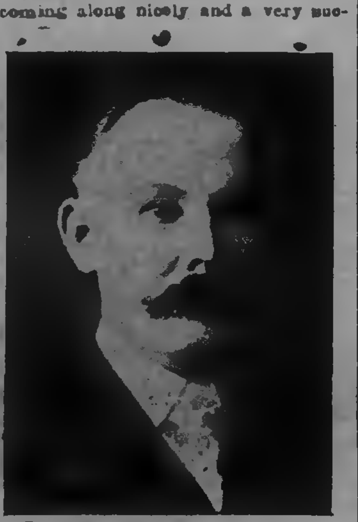
Hotelkeepers Summoned.

Hamilton, Aug. 7.—As a result of the investigations of Government detectives, who have been working in the city for the past five weeks, summonses were issued by Magistrate Jelfs yesterday morning against 13 local hotelkeepers for alleged sale of liquor after hours.

THERE WILL BE MANY ENTRIES

Everything Points to a Most Successful Exhibition Here This Fall

Arrangements for the Peterborough Fair, which will be held on September 17th, 18th and 19th, are coming along nicely and a very successful exhibition is assured. A meeting of the directors will be held in a few days and after that it will be hustle in earnest for the directors and secretary. Secretary Hall has received many requests for prize lists, and apparently the entries are going to be more numerous than ever before.



MR. R. H. LEARY
The President of the Peterborough Industrial Fair.

THE MAYOR MUST SIGN CONTRACT

Mandamus Peoceedings Against Mayor Stewart at Hamilton Are Successful.

Hamilton, Aug. 7.—There was quite a bit of interest manifested in the proceedings at Osgoode Hall yesterday morning and the announcement that Mayor Stewart has been instructed to sign the power by-law was generally received with surprise. Chief Justice Falconbridge granted the mandamus against Mayor Stewart of Hamilton, ordering him to forthwith sign the by-law passed by the Hamilton City Council authorising a contract for power with the Cataract Power Company over which there was such a protracted and bitter fight. Mayor Stewart appeared in person and explained to his lordship that the reason he hesitated was because he knew that five of the aldermen who voted for the by-law had distinctly pledged themselves to the people at the time of their election to support the proposition of the Hydro-Electric Commission and he considered he was justified in upholding the interests of the people who elected them by withholding his signature till compelled by legal process.

His Lordship, however, pointed out that he could not go into details regarding the matter, but must simply decide upon the facts before him. The Mayor could not avoid signing a by-law passed by a majority of the council.

Forest Fires Down East.

St. John, N.B., Aug. 7.—After an interval of two weeks, forest fires have again sprung up along the New Brunswick-Maine border, near Calais, and are causing much uneasiness owing to scarcity of water. Gangs of men have been fighting the flames without much success since Friday, and are unable to obtain water.

Penetang Firemen Win.

Bracebridge, Aug. 6.—The championship of the Northern Volunteer Fireman's Association was won yesterday by Penetang, with Midland second and Burk's Falls third. Penetang's time was 51 2-5 seconds.

The Standard Ideal band of Port Hope won the band contest.

POLICE WATCH THE WINNIPEG SHOPS

High Fences Have Been Erected and Warm Time is Anticipated When Non-Union Crews Arrive From Chicago—Freight Handlers Discharged.

Winnipeg, Aug. 7.—Although no active demonstration took place yesterday, the Canadian Pacific shops here took on the appearance of a beleagured city, the newly-erected high gates being closed tight and the fences patroled by special police.

Beyond picketing there and at the terminals, the striking mechanics, who now number a little over 1,500 here, maintained a passive attitude, although preparations were said to be complete to give a warm reception to a carload of strike-breakers reported to be on the way up from Chicago.

Though not a wheel turned in the shops yesterday, it is understood the company is actively engaged in drafting non-union labor, and is preparing for a long siege.

Public opinion here all wants an early settlement, as the crop and entire business of the country depends on the transportation system operating smoothly during the next few months.

The Canadian west is also dangerously depleted of fuel and supplies must be speedily re-stocked or great distress is bound to ensue this coming winter.

It is evident that the C.P.R. was not altogether caught unawares. Last year the yards here were fenced, new buildings consolidated, and with promptly hanging gates and mounting extra police, they are apparently prepared to carry on work with imported labor.

Vancouver, Aug. 7.—William Whyte, general superintendent of the western division of the C.P.R., was seen on his arrival from the Yukon by steamer here yesterday. Regarding the strike, he said:

"It is not our place to talk or act in the matter. When the conciliation committee made its rulings, I telegraphed to Ottawa from Winnipeg and told them that, although their findings were not, from our point of view, a satisfactory settlement, we would agree to them."

Every precaution against interference has been taken by the railway, and a cook is installed in the shops. A number of strangers who arrived prior to the strike are said to be employed in the shops, and it is difficult to say how many are at work. Two repair men who quit Wednesday are back inspecting car wheels.

Quebec, Aug. 7.—With the exception of a couple of non-union men, all the mechanics employed in the local shops of the C.P.R. have quit work. The local shop employed about forty-two men, but of this number only about ten belonged to the mechanics union. However, the majority of the non-unionists struck in sympathy with their confreres.

St. John, N.B., Aug. 7.—On the Atlantic division of the Canadian Pacific there is little doing during the summer months. The only business is local, and the mechanical departments may remain on strike for the next three months without any serious congestion or inconvenience resulting, but by the beginning of November, when winter port traffic commences, things become lively, many additional trains are put on, the sidings soon fill, and every station requires full crews. It is then that the position of the men will be strongest.

North Bay, Aug. 7.—Trouble is likely to ensue here if the trainmen are asked to take out locomotives not in proper repair, or if they consider cars not carefully inspected and cared for.

At present there are no indications of the strike spreading.

C.P.R. officials here are positive that a fire which destroyed a coal warehouse early yesterday morning was incendiary and the work of strike sympathizers.

Four freight handlers were discharged yesterday for refusing to do work formerly performed by strikers.

Toronto, Aug. 7.—It was stated in the West Toronto yard yesterday that twelve men would start work in the roundhouse this morning—five boilermakers, and seven machinists. The same informant stated that twenty men would start at the West Toronto shops to-day and that another twenty would go out to Havelock on the 10 o'clock train last night. The places of the car cleaners at the Union Station were filled yesterday.

Kamloops, B.C., Aug. 7.—Wednesday night the conductor of a westbound freight refused to pull out the train until he had written authority to take out the train without an official inspection by repairers. He was given orders.

Extreme Poverty.

Hamilton, Aug. 7.—A case of extreme poverty has come to light here. Joseph Simpson, his wife and seven children, the oldest of which is 17, were found to be living in a tumble-down stable on North Park street, near Vine. Simpson has been out of work for months and was ejected from his former house because he could not pay his rent. Subscriptions are being raised to help the distressed family.

Marl Burner Cuts Throat.

Port Colborne, Aug. 7.—James Bell, head burner for the Canadian Portland Cement Company here, aged 55 years, was found early yesterday morning by a fellow workman lying in a pool of blood with his jugular vein completely severed.

He came from Marlbank a day or two ago, where he leaves a widow and children.

Chief Goes to New Zealand.

Thorold, Aug. 7.—Chief of Police William Shee, who resigned Monday night, complaining of his treatment at the hands of Mayor Williams, leaves on the 15th for New Zealand.

Tried to Murder Him.

Hamilton, Aug. 7.—The police have received word of a deliberate attempt to murder in a backyard near Grimsby. An Austrian named Luka Passut lived there in a shanty. On Tuesday night he was awakened by a crowd breaking down the door, shouting, "We will kill him." Passut made his escape by forcing his way through the roof. Passut claims his assailants were all Hungarians and have objected to his working amongst them.

Bank Manager Kills Himself.

Port Elgin, Ont., Aug. 7.—After a trying illness of a year and a half from nervous prostration, A. H. Ridout, in a fit of insanity, took his life.

He had been connected with the Bank of Hamilton for 30 years, and for the past 17 years was manager of the bank here.

A prolonged stay in a sanitarium and a Europeon trip last year served but to slightly stay the progress of the disease.

Jilted; Tries to Die.

Hamilton, Aug. 7.—Albert Lugsin, 23 years of age, employed at Hammond's livery stable, was found unconscious yesterday evening in a buggy in the stable. Beside him was a note stating that because his girl had gone back on him, he had taken twenty grains of morphine. He was hustled to the city hospital where a stomach pump was used on him. The doctors have little hope of his recovery.

Two Hundred Bishops.

London, Aug. 7.—The Lambeth conference came to an end in this city yesterday with a service at St. Paul's Cathedral, at which the bishop of Missouri delivered the sermon.

The Archbishop of Canterbury, the Archbishop of York and 200 bishops were present.

Boy Adrift In Boat.

Toronto, Aug. 7.—John Shaw of St. Lawrence street, ten years old, started out on a voyage of discovery yesterday which, but for the timely rescue of the police boat, might have been attended with serious results for John.

He had got into a little cockleshell of a rowboat, and was engaged with a hook and line, when some of his companions let loose the boat.

He drifted on and on until the police boat saw him half way across the bay and went out to the rescue.

Says He'd Rather Die.

Hamilton, Aug. 7.—M. J. O'Reilly informed Guiseppi Greco yesterday morning that his death sentence had been commuted. Greco took the good news quite calmly. He remarked that he would rather die than be kept in jail all his days.

Married 62 Years.

Cornwall, Aug. 7.—Mr. and Mrs. Gonyai of the Nash Creek neighborhood, east of Morrisburg, recently celebrated the 62nd anniversary of their marriage. Mr. Gonyai, now in his 85th year, makes weekly trips to Morrisburg on foot.

Both Legs Cut Off.

London, Aug. 7.—William Mullins, a young man from Dorchester, fell from the steps of a Pere Marquette train last night while returning from the Irishmen's picnic at Port Stanley, and had both legs cut off below the knee, from the effects of which he later expired in Victoria Hospital.

This Man Hangs.

Ottawa, Aug. 7.—The death sentence recently passed on Willian Paul, a Kenora shantyman who murdered another lumber jack, was considered by the Cabinet Council and it was decided to allow the law to take its course.

Paul will pay the death penalty.

Pettibone Dead.

Denver, Aug. 7.—George Pettibone, charged with President Moyer and former Secretary Haywood with complicity in the murder of former Governor Steunenbeg, died at St. Joseph's Hospital of the effects of an operation for cancer.

Send-Off For Roberts.

Ottawa, Aug. 7.—Despite his refusal of a public welcome, Lord Roberts received unofficially last evening a very hearty send-off when he left for Quebec on a special C.P.R. train at 7.30.

"Bobs" made the trip from Rideau Hall to the station in a motor car, accompanied by his daughter, Lady Aileen Roberts. He was kept busy along the entire line acknowledging the cheers of the people and was visibly delighted.

Commuted Death Sentences.

Ottawa, Aug. 7.—Two more death sentences were commuted to life imprisonment by the Cabinet.

Greco, the Italian who stabbed a compatriot in Hamilton while quarreling, will not die, as it is believed it might have been tuberculosis which caused the death of the victim.

The other who is benefited is Rochette of Quebec, in whose case the evidence was circumstantial and inconclusive.

THE OPERATORS MAY STRIKE MANY RUMORS ARE CURRENT

Men Admit That They Are Getting Ready for Hostilities if Report of Conciliation Board Next Week is Not Satisfactory—Will Choose Critical Time.

Toronto, Aug. 7.—There are persistent rumors here, traceable to the best of authorities, that within two weeks it is almost a certainty that the Canadian Pacific Railway telegraphers will threaten a strike just at the critical time for the gigantic task of transporting the western crops.

This is a feature of the situation of which the striking machinists and the other mechanics who walked out are well aware.

Responsible labor leaders of prominence speak of the situation in serious tones. One of them who holds a position of great responsibility says that the outlook is very black.

"Mr. Leonard, the C.P.R. general manager, has a reputation for maintaining any position he takes regardless of consequences," he said. "It is understood that his absence from the C.P.R. for nearly three years was caused on this account. Had Vice-President McNicoll not been absent in Europe things might have been different. But Mr. Leonard has committed the company and Vice-President McNicoll will have to stand by him."

From Canadian Pacific Railway telegraphers circles it is positively learned that preparations for a strike by them are being projected. Their struggle for better conditions have gone along on parallel lines to those of the mechanics. Their claims have been before a conciliation board, which is expected to report to the Government at Ottawa next week.

Whether from the personnel of a majority of the board or for some other reason they do not look for the report to be a unanimous one in their favor. The telegraph conciliation board is composed of Judge Fortin, chairman, C. J. Campbell, K.C., for the Canadian Pacific Railway Company, and W. I. J. Lee, barrister, representing the telegraph operators.

SUIT AGAINST BANK MANAGER

Liquidators of Soverign Enter Suit Against D. M. Stewart and Others.

Montreal, Aug. 7.—An action for $46,233 was yesterday entered by the Sovereign Bank of Canada against Duncan M. Stewart, formerly general manager of the bank, and Geo. E. Willis, Charles E. Lanskail and D. H. Featherston.

DUNCAN M. STEWART.

Featherston and Willis were officials at the head office of the bank at Toronto, and Charles E. Lanskail was the New York agent of the bank.

The action is said to be in connection with certain advances made by the defendants.

Columbian Revolution Nipped.

Panama, Aug. 7.—Notwithstanding the strict censorship over the newspapers and telegraph lines, news has come out concerning a recent unsuccessful conspiracy against President Reys of Bogota, and as a result of which many prominent Columbians are prisoners.

Among the alleged conspirators are former members of the Supreme Court and of the Cabinet and veteran generals, many of whom were joined by their sons.

Fire At Gainsboro.

Gainsboro, Sask., Aug. 7.—Fire broke out early yesterday morning in Leslie's general store and spread to Glaisser's store, Carr's shop and dwelling, which were completely destroyed. Loss is $30,000; insurance small.

Fatal Gas Explosions.

Albany, N.Y., Aug. 7.—Two men dead and one fatally injured as a result of a series of explosions yesterday morning in the plant of the Auto Gas Company, situated in the north end of Albany.

Refused to Renew License.

Kingston, Ont., Aug. 7.—For forty years the Callendar Hotel has been on the market square under lease from the rectory.

Dean Farthing, the new rector, has refused to renew the license, and in July next the St. George's Hotel will cease to be a licensed place.

Was Crazy With the Heat.

New York, Aug. 7.—Probably crazed by the heat of the last few days, Robert Turnbull, a prominent operator in suburban real estate, formerly a professional pugilist of some note, shot and killed himself.

Has Secured a Settlement.

Ottawa, Aug. 6.—Professor Adam Shortt, chairman of the Board of Conciliation to adjust a dispute between the Nova Scotia Steel and Coal Company of Sydney, N.S., and their employes, has secured a settlement of the differences. The number of men concerned in this dispute was 1,750.

Farm Hand's Forgeries.

Brockville, Aug. 6.—Dennis Pelow, a farm hand, residing near Gananoque, was lodged in jail here yesterday for trial on two charges of having forged an order for groceries on two occasions.

AN OFFICIAL STATEMENT

President Lindsay Gives Accurate Report of Fire Losses at Fernie

Fernie, B.C., Aug. 7.—Asked for a statement of fire losses, President Lindsay of the Crow's Nest Pass Coal Co. gave out the following official report:

The fire area valley of the Elk River coal mining district in Kootenay, B.C., is approximately 30 miles long and two to ten miles broad.

Although the fire has been within two miles of Coal Creek, the town is safe, and although the fire was all around Michel, there is no apprehension now as to it. Hosmer has escaped with little loss on its mining side, but Fernie has been almost completely obliterated.

A large number of men have probably lost their lives in the woods. The bodies recovered so far number 16 and there will be more, but in the woods only.

There is no rain in sight and the fire continues slowly up the mountainside.

Lighthouse Keeper Suicides.

Halifax, Aug. 7.—John Bitzner, a private in the Royal Canadian Regiment, Wednesday night shot himself through the head with a rifle, the deed being prompted by despondency over imprisonment for violating the regulations. He will die.

Word has been received at North Sydney that the lighthouse-keeper, Rainnie, on Green Island, Straits of Belle Isle, has been found dead from a pistol wound. Rainnie had been drinking. The tragedy was discovered when the light was unlit for two nights.

Explorers Starve to Death.

Copenhagen, Aug. 7.—Mylius Erichsen, the Danish explorer, has met his death in the far north.

The exploring party has mapped out large tracts of unknown land and chartered the entire northeastern coast of Greenland. Erichsen and companions were on an ice floe when they were overtaken by the snowstorm. The floe drifted out to sea. The provisions of the explorers soon became exhausted and they drifted for some days, growing weaker and weaker.

Baldwin's Successful Flight.

Washington, Aug. 7.—Capt. Baldwin made another successful flight at Fort Myer in his new dirigible balloon. Making various revolutions with and against the wind, the airship was brought down within a hundred feet of the tent in which it is housed, eight minutes after leaving the ground.

Mr. Curtiss estimated that the average speed was 15 miles an hour, 20 miles going with the wind and 10 going against it.

Turkish Pasha Lynched.

Constantinople, Aug. 7.—Said Pasha, the grand visier, and the newly formed ministry have resigned. The Sultan has accepted the resignations and has invited Jamalledin Effendi, the Sheik-Ul-Islam, and Kiamil Pasha, to form a new cabinet.

The notorious Femi Pasha, former president of the Council of State, has been lynched at Yenishair, in the Villet of Brusa, Asia Minor.

Nineteen Fined.

Kingston, Aug. 7.—In the police court yesterday nineteen hotelmen pleaded guilty to selling liquor in prohibited hours and fines of $75 were imposed on nine and $50 on ten. Only one case is being heard, that of Proprietor Teller of the British American Hotel. The owners of the steamers North King, Caspian and America were fined $100 each for selling without licenses.

O'Keefe's
Special Extra Mild ALE

Not a headache in a barrelful — and never makes you bilious. It's extra mild and absolutely pure.

The Daily Review

FRIDAY, AUG. 7, 1908.

GERMAN SHIPPING

It has been customary to point to the United States as a warning of what protection will do to a nation's marine. Germany, a still more highly protected country, has, however, outstripped even Great Britain in her ocean carrying operations. The development of German ocean shipping is one of the wonders of the age. A third great German co-operative company is now being added to the other two and control of the commerce of the seas is almost within the grasp of the subjects of the Kaiser. The total shipping in tonnage of a nation may be made up largely of coastwise vessels. It is the ocean or high seas trade that "counts" most. It puts a nation in the same position on the water that trunk lines do on the land. It virtually means control and the Germans are advancing rapidly in that direction, which no doubt is one of the causes of British "discontent" respecting that empire. These German corporations, however, are under the control of the German Government and can not do as the American and Canadian, and for that matter British transportation companies do in the way of controlling the Government.

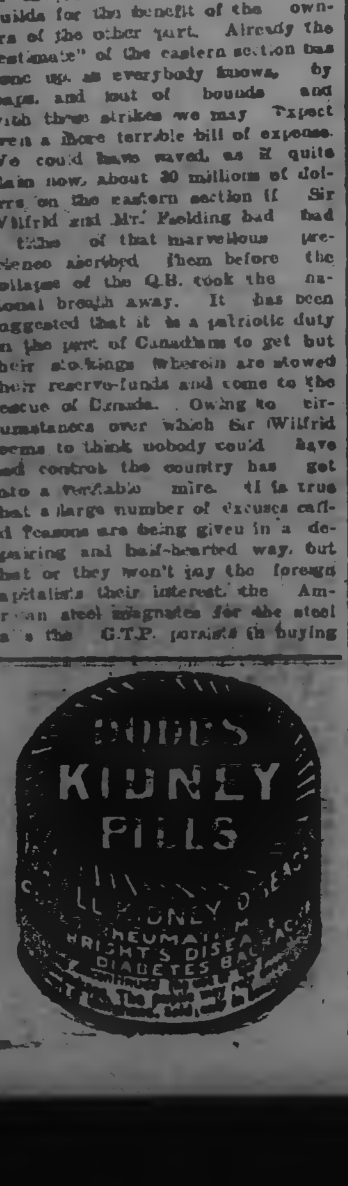
THE G. T. P.

There is equally no doubt of the wisdom of building the Grand Trunk Pacific Railway.—The Examiner.

The G.T.P. will lower the price of Ontario farms by many dollars an acre. Mr. Borden's plan of opening up the northern part of the west was as is well known, to let it be done by the G.T.R. and the C.N.R. gradually, without bonus or subsidy. The country then would have saved at least $150,000,000 and a base attempt at coolie immigration, while the farmers would have been saved not only their share of this frightful sum in taxes, but a sudden and disastrous drop in the value of their farms as well. What affects the farmer affects us all and here in Ontario we may look for trouble and in the County of Peterborough it has already begun to make itself manifest. The home market is, as was abundantly proved, the best market for the farmer, not during the barren years of alleged free trade of course, but during the era of Canadian expansion under protection.

GET OUT THE STOCKINGS

Numerous strikes for higher wages are reported along the G.T.P. between Moncton and Winnipeg. This is the part of the road that the Government builds for the benefit of the owners of the other part. Already the "estimate" of the eastern section has gone up, as everybody knows, by leaps, and out of bounds and with these strikes we may expect even a more terrible bill of expense. We could have saved, as it quite plain now, about 30 millions of dollars on the eastern section if Sir Wilfrid and Mr. Fielding had had a tithe of that marvellous prescience ascribed them before the collapse of the Q.B. took the national breath away. It has been suggested that it is a patriotic duty on the part of Canadians to get out their stockings wherein are stowed their reserve-funds and come to the rescue of Canada. Owing to circumstances over which Sir Wilfrid seems to think nobody could have had control the country has got into a veritable mire. It is true that a large number of excuses called reasons are being given in a despairing and half-hearted way, but that or they won't pay the foreign capitalists their interest. the American steel magnates for the steel rails the G.T.P. persists in buying from them or the expenses of the celebration at Quebec. Some dates are known as the year of the great fire, the year of the awful famine, the year of so much loss by fire, etc. This year, however, will be known as the year of the G.T.P., which being translated, means the Great Tax Payment.



THE COMING ELECTIONS

(Hamilton Spectator.)

Indications thicken that Sir Wilfrid Laurier means to bring on the Dominion elections this fall.

We have already mentioned the strong presumption in that direction arising from the unprecedented wheat crop in the west, and the consequent return of industrial and commercial activity. Everyone is hopeful now; a year later the country may be prosperous and it may not. Politicians cannot afford to take chances, least of all one who would have the people believe that he is the creator of good times whenever they come.

We have also mentioned eloquent phenomena, such as the appropriation of about $33,000,000 in railway subsidies—almost as much as the entire national expenditure in Conservative days—and the skilful distribution of many millions more for so-called public improvements in localities where, from the standpoint of party generalship, government pap will do the most good. In other words, the floodgates have been opened for all manner of graft and corruption, just as might be expected when a profligate ministry is on the eve of a daring attempt to snatch another lease of power.

Almost daily now premonitions appear. The Saskatchewan dissolution—plainly dictated from Ottawa—can only be explained, as we have said, by supposing it to be part of the scheme of a Dominion dissolution. It is of the utmost importance to the intriguers that there should seem to be a Liberal success in at least one province to turn the edge of the series of Conservative successes in other provinces before the tocsin is sounded in the Dominion arena.

Other signs are the intention of Sir Wilfrid Laurier to tour the West in September, and the preparation and accumulation of vast stores of campaign literature in readiness for a preconcerted signal. The premier would be in no haste to visit the west if he did not know precisely how he could spend his time to the best advantage before election day, and if he were not anxious to outmanoeuvre Mr. Borden in relation to platform work. As to literature, little of it would be printed now if an election were not impending, because however it might be framed, it would be stale and comparatively useless if held for even six months.

Conservative workers do not need to be told what all this means to them. They will keep their organization as thoroughly prepared for any contingency as are the men and horses at a fire station. Any task that takes time will be started early and in every way expedited. In Hamilton and thereabouts all ranks are in fine fettle. The bugle call cannot come too soon. They are eager for the fray.—Hamilton Spectator.

MORE GRAFT

While, however, the Government is moving along the lines laid down in in its fiscal policy on the question of wool, it is not following the same course as regards Hyman—we mean leather. Not long since complaint was made to Finance Minister Fielding that a leather combine had been established, and that all the users of leather were being forced to pay the price demanded by that combination. One would have thought that so vociferous an enemy of combines as Fielding is supposed to be would have become active immediately, and would have seen to it that the law against combinations was placed in operation. But although the representations of the leather buyers deluged his office, Mr. Fielding remained unmoved. Nothing that was said or done by the sufferers could awaken the interest of Mr. Fielding, and so the combine continued to exist. A more surprising circumstance, however, was the tariff increase given to the leather combine in the session of 1907. When the new Fielding tariff was examined it was found that, while the thousands of Canadians concerned in the production of woollen goods had been refused what they asked, the tariff on sole leather had been jumped up from 15 per cent. to 17 1-2 per cent. Two and a half more for the business of Mr. Hyman, which, according to the representations in Mr. Fielding's possession, was a combine! The law requires that where a combine is formed the tariff shall be reduced, or shall be wiped out altogether. But when Mr. Fielding received complaints of the Hyman leather combine he increased the protection to leather by 2 1-2 per cent.

Woollen goods, we are told, are worn by the masses and therefore a slight increase in the protection would be out of the question. But is not sole leather worn by the masses? Or does Mr. Fielding suppose that he has taxed the people so that they have to go barefooted? What could induce the Finance Minister to put a heavier tax upon the raw material for boots and shoes? The public will look for an explanation. Meanwhile the startling fact confronts us that many industries are assailed by the Ottawa men, but that the leather industry, with Charles Hyman at its head may form a combine to the knowledge of Finance Minister Fielding without incurring any penalty, and can even get 2 1-2 per cent. more protection.—The Mail and Empire.

EDITORIAL NOTES

A man is best known by the company he does not keep.

Crime is on the increase in Canada as unhappily statistics demonstrate. Like master, like man.

La Patrie practically concedes that the Lemieux Act is a failure. The present strike demonstrates the fact that there is no easy way out of trouble.

The Liberal press with one accord agrees that Liberals should form themselves into clubs and be politically educated. We ask permission to agree with that.

At the great international meeting in London, England, Lord Welby admitted with evident regret that Protection the world over, was but a matter of time.

Montreal by reason of its charter cannot give aid to Fernie. The sooner that charter is amended the better. Does the charter also make it a penal offence for Montreal to receive aid in case of necessity?

Reports indicate that every effort is being made in Saskatchewan to offset the Conservative victory in New Brunswick. Backed by the Federal control of its lands the local government of Mr. Scott can hardly be upset.

Amongst the startling cartoons in the American press anent the coming presidential contest is one in which two babies are left at Bryan's door. One is a shocking specimen of humanity in a peach basket labelled "Prohibitionist vote" and the other is an equally striking specimen labelled "Coloured vote."

In the Supplementary Estimates brought down in the Dominion House of Commons there was a considerable sum appropriated for immigration purposes. We had hoped that the Government had decided to abandon a policy which has certainly not been justified by its results in the past and does not seem to indicate that better things will be achieved in the future by a continuance on the same lines. —Peterborough Times.

In common with the more advanced members of the Canadian press the Peterborough Times takes prompt issue with the Laurier Government on the Immigration question. If we had about ten thousand more immigrants to glut the labor market with, what a time we would have.

"As an illustration of the strong hold which the cattle embargo is now taking of the public mind of Great Britain, a recent editorial article in the Liverpool Journal of Commerce is quite noteworthy. It is directed against those who are prompted by their self-interest as breeders of cattle to advocate the retention of the embargo on Canadian cattle as a protective measure against outside competition. 'The position now now taken up by the Irish members of the House of Commons in reference to the cattle embargo question,' says The Journal, 'is avowedly and unequivocally due to an objection by Irish farmers to meet the competition of cattle breeders in Canada.' —Globe.

"We told you so." Anybody with half an eye could see that it was not pleuropneumonia but Protection that is in the eye of the Old Country people who barring the Scottish want the embargo.

DEAFNESS CANNOT BE CURED

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

Central Canada EXHIBITION AT OTTAWA
Sept. 18th to 26th, '08

Displays will far excel those of any previous year. A Grand Pure Food Exhibit is to be made by Canadian manufacturers.

High class vaudeville programme will be given daily in front of the Grand Stand in addition to the horse races.

The night entertainment will consist of the latest comic opera "What Happened Then?" by the famous De Wolff Hopper and all star company. Popular prices will prevail.

A grand display of paintings and Ladies' Work will be made to signalize the opening of the handsome new fire-proof building, now being erected at a cost of $12,000.

The special attraction in front of the Grand Stand in the afternoon will include the latest European novelty "Del Oro's Performing Cows." This attraction is billed to appear in Ottawa for the first time in America. There will also be a most sensational automobile race on a specially constructed incline, the contesting chauffeurs being two daring young women.

There will be balloon races daily with a double parachute descent from each balloon by the famous Prof. Hutchison and companion.

Get the official programme when issued next month.

GOOD PROGRESS BEING MADE ON NEW DAM AT BOBCAYGEON

A few days since a representative of the Post visited Bobcaygeon and took occasion to view the site of the new dam now in course of construction by Messrs. McCoy and Wilford, contractors, of this town. The site of the new dam is about two hundred feet below the old Boyd saw mill and dam, which has borne such an important part in the early history of that section, and until half a dozen years ago for many years had given employment each year to hundreds of men and teams cutting timber and preparing for market, conveying on barges drawn by tugs to Lindsay for shipment.

The usefulness of the old mill for lumber operations is forever gone, and the title is now vested in the village, who are using the water wheels to produce electric light. Either four or six large wheels are used to produce the small power required where one good modern water wheel would do the work, but owing to the lack of necessary repairs to the dam, the water has been allowed to run to waste which formerly produced hundreds of horse power.

The result has been that navigation on Sturgeon Lake and Scugog river has suffered severely until a week or two since, when the village was warned by the Trent Valley Canal department to make temporary repairs or the water would be shut off. The village has taken the hint and has made some repairs to the dam which might have saved sufficient water to increase the level in Sturgeon Lake, but there is still enough of water running to waste to drive four times as much power as is being used. This, however, will soon be remedied by the new dam.—Lindsay Post.

INTERESTING ACCOUNT OF TRIP TO WESTERN CANADA

Former Peterborough County Teacher Writes of Conditions in Prairie Country—Says Outlook There is Most Promising.

Winnipeg, Aug. 2nd, '08.

The Review,
Peterborough,
Ont.:

Below I give you a short account of my trip to Winnipeg a few days ago:—

"In taking a trip to the West, no more enjoyable and comfortable or interesting route can be taken than by the C.P.R. via Owen Sound to Port Arthur on one of the company's steamboats. To take so long a trip entirely by rail is very wearisome and monotonous, but its disagreeable features fade into insignificance when we can travel nearly half the way enjoying the refreshing lake breezes, the ever-changing scenery, and perfect freedom on a passenger steamboat.

The special train for Owen Sound leaves Toronto at 1.50 p.m. The conductor shouts "All Aboard!" and we begin to move slowly through the maze of rails and standing cars, past factories and warehouses into the open country to the west. Along the line the principal crop is barley and fall wheat, which is nearly all being cut as we pass along on July 28th. At 5.40 p.m. we arrived at Owen Sound, where we find the palace C.P.R. steamboat "Manitoba" awaiting our arrival. This is one of the best, though not the largest, of the company's passenger boats. The hull is of steel and 300 feet long. It is capable of carrying 200 passengers, besides a great amount of freight and baggage. At about 6 p.m. the boat leaves the harbor, having on board 150 first-class and a few second-class passengers. Dinner is served as soon as we have ob- [illegible] as we have [illegible] respective state rooms.

After dinner we repair to the deck to enjoy the changing panorama of scenery and to inhale the invigorating and refreshing breeze. Eleven times round the promenade deck is equal to one mile, so here we take our daily exercise. Great numbers of gulls follow the boat during its entire course to pick up any scraps that may be thrown out. It is amusing to watch these birds as they quarrel over the cast-away portion of meat, bread or other waste from the kitchen. After dark every part of the vessel is illuminated by electricity. Having satisfied ourselves on deck, we go to the salon, where we spend a couple of hours singing, reading, card playing or other social amusement till it is time to retire.

"The weather is calm, so there is hardly a motion of the boat to remind us that we are not still on "terra firma," as it glides through the water at the rate of 13 to 14 miles per hour. The employees of the C.P.R. do everything in their power to make it enjoyable for those entrusted to them so that the whole trip is one series of pleasure.

About 11 a.m. next day we reached the Soo River and for over two hours we followed its course with the American scenery and industries on one hand, the Canadian on the other. In many places we see great saw mills standing idle on the American shore, because the Canadian Government no longer allow logs to be floated across and manufactured in the United States. We meet many large freighters on our way. These are engaged principally in carrying wheat, iron ore and coal down the lakes. They are made of steel and many of them are over 600 feet in length and about 60 feet wide so that their carrying capacity is enormous.

We reach the Soo about 1.30 p.m., where we land some of our passengers and freight. From the boat it is almost impossible to form any comparison of the two cities, but one is greatly impressed by the great amount of shipping and the great number of manufacturing buildings to be seen on both sides. The canal on the Canadian side has a width of 60 feet and is capable of locking through the largest vessels on the lakes. The American canal is similar only it is double so that boats may lock up and down at the same time.

At 2.40 p.m. we leave the Soo and proceed on the latter part of our journey across Lake Superior. On this lake it is always cool and it is very often enveloped in a dense fog at night. About midnight we are awakened from our slumbers by the loud siren of the boat every two minutes as it gives its warning fog signal. Next forenoon we are forced to wear our overcoats and keep on the leeward side away from the chilling blast. At Passage Island we see the large freighter Meachan, of the Tonawanda Navigation Co., ladened with 9,000 tons of coal for Port Arthur, stranded on the rocks, having lost her way during a fog two nights previous.

We arrived at Port Arthur at 12.30 p.m. and remain a few hours in this city while the boat proceeds to Fort William, its destination. At Port Arthur we visit Current River Park to see how the bursting of the power dam has transformed the once beautiful resort into a great waste of slate and granite rock, uprooted trees and scattered debris of all kinds. From Port Arthur we take the street car to Fort William about one mile distant. From the City Hall in the latter place the view is magnificent. To the east, on the sloping shore of the lake is Port Arthur with its numerous and beautiful residences, great elevators, harbor, and street cars and railway lines. At our feet in a level valley is Fort William equally beautiful and prosperous. Between these two cities there is great rivalry though no doubt in time they will be one city.

At 8.20 p.m. we leave by train for Winnipeg and reach the great metropolis of the west at 10.30 a.m. next day. We see as we near the city farmers busily engaged in harvesting their hay crop, which is abundant. The grain crop is exceptionally good here this year though in need of a good rain. Cutting will commence in about a week.

Yours,
C. H. ARGEE,
199 Chestnut st., Winnipeg.

Formerly teacher at Lang, Otonabee.

CARTER'S LITTLE LIVER PILLS.

CURE

Sick Headache and relieve all the troubles incident to a bilious state of the system, such as Dizziness, Nausea, Drowsiness, Distress after eating, Pain in the Side, &c. While their most remarkable success has been shown in curing

SICK

Headache, yet Carter's Little Liver Pills are equally valuable in Constipation, curing and preventing this annoying complaint, while they also correct all disorders of the stomach, stimulate the liver and regulate the bowels. Even if they only cured

HEAD

Ache they would be almost priceless to those who suffer from this distressing complaint; but fortunately their goodness does not end here, and those who once try them will find these little pills valuable in so many ways that they will not be willing to do without them. But after all sick head

ACHE

Is the bane of so many lives that here is where we make our great boast. Our pills cure it while others do not.

Carter's Little Liver Pills are very small and very easy to take. One or two pills make a dose. They are strictly vegetable and do not gripe or purge, but by their gentle action please all who use them.

CARTER MEDICINE CO., NEW YORK.

Small Pill. Small Dose. Small Price.

BETTER PRICES THAN PETERBORO'

Lindsay Paper Has Interview With Mr. G. A. Gillespie

Mr. G. A. Gillespie, the Peterborough cheese buyer was in town for a short time this morning. In conversation with a Warder reporter he stated that the price paid for cheese on the Peterborough board yesterday which was twelve cents was comparatively not as good a price as that paid in Lindsay at the last sale. 11 7-8 cents was paid in town but the difference in freight has to be reckoned with.

Mr. Gillespie said that Tuesday night's storm would prove of incalculable value to cheesemen and the outputs of the factory should pick up. The pasturage has been very dry lately and the sales dropping off to a great extent. With the improved feed the make should be a great deal larger.

The shortage this year will be a great deal larger than last year, the Peterborough man vouched his opinion and he stated that more cheese was not made because there was not enough cows, seemingly, in the country. Peterborough, he said will not be behind in their make this year and Victoria will not be far behind the amount made last year.

At present the cheese is hardly up to the standard in quality owing to the hot weather. The price seems firm and looks as though it will continue to be high, to the Peterborough buyer.—Lindsay Warder.

MANY TRAMPS ARE TRAVELLING

Owing to the financial depression prevalent all over the States and in Canada, the number of men out of employment has increased greatly in numbers during the past few months and as a consequence the number of tramps also have increased in number. The frequent burglaries that have taken place recently is attributed to these knights of the road. Too great care cannot be taken in guarding against losses from this source, business men should take every possible precaution in protecting their property, and residents should also see that their doors and windows are securely fastened at night and when absent.

CHICAGO AND PLAY GROUNDS

Has Taken the Lead Among Western Cities in Agitating for Them

Chicago has taken the lead among western cities in pushing the playgrounds propaganda;—in fact, it is doubtful if any eastern city equals Chicago in this respect, says the Kansas City Journal. Sherman Park playground is considered a model, the highest and latest development in the world of the public recreation place for the people. It combines the scenic beauty of a miniature park with fields large and small for gymnastics and athletic purposes.

It also contains a series of buildings of solid construction and classically chaste design. Within these buildings are public assembly halls, small clubrooms, gymnasiums, shower baths, restaurants, reading rooms, and everything that the minds of the builders could devise for physical, mental, and social culture. Sociologists have pronounced Sherman Park and its playgrounds system to be "well nigh perfection, almost utopian."

This little earthly paradise was formerly as bleak and unattractive a spot as any that could be found in the iron bound tenement district of a large city. It has been converted into an ideal resort for tired, careworn people at a cost of $150,000. The big ball field—in the fall a football gridiron—is flooded in winter and in a single night is converted into a skating rink. There are separate playgrounds, besides, for senior and junior boys, and another for women and children.

There is an immense swimming pool in the open air; around it is a border of white sand. Before a bather enters this pool he passes under a shower bath. Near by is another large pool for women and children. In short, Sherman Park is thoroughly equipped for the pleasure and uplift of the people in winter as well as in summer.

PLEASURE IN PLENTY will prevail at Printer's Picnic—Pleasing people—Pleasing programme—Pleasing place—At Idyl Wyld on Civic Holiday—Monday, Aug. 10th—Per Steamer Otonabee.

Hams—Short cut, strong, 56s 6d. Bacon, Cumberland cut, strong, 49s; short rib, strong, 49s 6d; short clear backs, strong, 52s 6d; clear bellies, strong, 53s. Shoulders square, steady, 38s. Lard, prime western in tierces, and American refined in pails, firm, 8s. Turpentine spirits easy, 27s 9d.

New York Dairy Market.

NEW YORK, Aug. 6.—Butter—Firm; receipts 5532; creamery specials, 23½c to 23¾c; extras, 23c to 23¼c; third to first, 18c to 21½c; state dairy, common to finest, 18c to 23c; process, common to special, 18c to 22c.

Cheese—Dull, unchanged; receipts 4081.

Eggs—Firm, unchanged; receipts 14,-584.

CATTLE MARKETS.

Cables Steady — Hogs and Cattle Steady to Firm at U.S. Markets.

LONDON, Aug. 6.—London cables for cattle are steady, at 11½c to 14½c per pound, dressed weight; refrigerator beef is quoted at 10¾c to 11c per pound.

Toronto Live Stock.

TORONTO, Aug. 6.—Receipts of live stock at the city market as reported by the railways for Wednesday and Thursday, were 96 carloads, composed of 1348 cattle, 1942 hogs, 1416 sheep and lambs, 332 calves and 4 horses.

Exporters.

No choice heavy exporters were on sale; two or three loads weighing 1225 to 1300 lbs. each sold at $5 to $5.25; export bulls sold at $3.75 to $4.40 per cwt.

Butchers.

George Rowntree bought 120 cattle for the Harris Abattoir Co., reported paying from $4.25 to $4.75 for fair to good butchers, and $1.50 to $4.25 for cows, those at the latter price being good enough to export.

Feeders and Stockers.

H. and W. Murby report several buyers on the market, but they were not anxious to pay high prices. Messrs. Murby bought 20 cattle averaging 700 to 900 lbs. each at $3.12½ to $3.60.

Milkers and Springers.

There was an excellent demand for good to choice milkers, and springers, due to calve in a month or six weeks. Prices ranged from $35 to $60; light cows were slow sale at $25 to $30.

Veal Calves.

Deliveries of over 300 for the two days sold at $3 to $6 per cwt.

Sheep and Lambs.

Both sheep and lambs sold at firmer quotations. Export ewes sold at $3.75 to $4.15 per cwt.; rams $3 to $3.25; lambs sold at $5.25 to $6.25 per cwt.

Hogs.

Mr. Harris quoted hog prices unchanged from Tuesday's quotations in Wednesday's World. Selects $6.75; lights $6.50; fed and watered at the market.

Cook's Cotton Root Compound.

The great Uterine Tonic, and only safe effectual Monthly Regulator on which women can depend. Sold in three degrees of strength—No. 1, $1; No. 2, 10 degrees stronger, $3; No. 3, for special cases, $5 per box. Sold by all druggists, or sent prepaid on receipt of price. Free pamphlet. A MOST SUCCESSFUL REGATTA LOOKED FOR AT STONY LAKE

We are now in the midst of the regatta season and present indications point to its being a good one. Sturgeon Lake held their annual meet yesterday afternoon, and the reports say that the affair was the most successful one in years.

With the assurance before us, it would be almost allowable to predict that the Stony Lake regatta on Monday would be the best ever held at that point. Lying, as it does, half way between the two other summer resorts there will be a large number of visitors from each of these points. This outside competition should make the sports very interesting and some good races ought to be pulled off.

The Toronto boat, Miss Fidgety, should carry off everything in the gasoline line, as she is credited with being able to go 23 miles an hour. This is about six miles faster than any other boat on the lakes, and ought to see her pass the finishing post in good style. However if the Toronto boat should not enter, the race will likely lie between the Chemong and Stony Lake entries, as both are about evenly matched.

As to the open sailing and dinghy races, it is uncertain as to who will prove the winner. The Stony Lake men, of course, will have the advantage, of knowing the course, but the Sturgeon Point and Chemong Associations will be strongly represented and can be depended upon to make it interesting for the other entries.

NINETY-EIGHT YEAR OLD PETERBOROUGH GENTLEMAN

Enjoying Himself at the Old Boys' Reunion at London, the City of His Boyhood—Lots of Work and no Worry His Secret.

St. Thomas, August 6— Ninety-eight years old and smart as most men at sixty, Joseph Mantel, passed through here yesterday on his way to the London Old Boys' re-union which he sees no reason why he should not enjoy.

Mr. Mantel lives now at Peterborough, having left London, where he had resided since 1838. In those days of pioneering London was known as "The Forks," and a few stores and a few houses comprised the settlement, and there Joseph Mantle, then a young man out from his native city of old London, started a business of shoe making.

Because shoemaking methods have changed, one doesn't hear the veteran of his trade declaim against modern methods. On the contrary, he evinces the keenest interest in everything pertaining to the year of grace, and his hearty laugh shows that though a century has almost passed over his head, he believes in living in the present.

"How have I managed to live so long," he said.

"Well, there are three things in the secret, and you can live as long if you follow them as I have. In the first place, I have always worked hard. I have never worried, and I have never eaten anything but plain food."

As if to illustrate his appreciation of a joke Mr Mantel related an experience a few days ago at Tillsonburg, where he has been visiting his sons, James and George, of the Tillson Mills. A minister of that town was introduced and remarked that he understood that Mr. Mantle was an old man.

Mr Mantel admitted that he was

"Do you know," said the minister, "I met an old lady in the country who celebrated her 101st birthday yesterday. You ought to go out and see her."

"That is very kind of you, answered the Peterborough man of ninety-eight, "but don't you think I ought to look for a girl a little younger.'

And as he told it he laughed at the thought of the minister's assurance that if he did find a third wife he would tie the knot for nothing.

Mr Mantel may not be looking over the matrimonial ads, but its not because he cannot see well enough, for he reads any print at night, and without his glasses.

His memory is wonderful, even to remembering the names of the shopkeepers who were in business in London when he went there seventy years ago.

Among his reminiscences is his initiation into Masonry fifty years ago at Lambeth, five miles from London. Not one of those who were accustomed to sit in lodge with him then is living now. He is now a life member. All his contemporaries in London, too, are gone years ago, and London is not the London he knew.

But he still likes to go there and enjoy the new city that is built on the old—and to laugh with old men who were boys in his day.

TRAINMAN'S DEATH WAS ACCIDENTAL

Coroner so Decides in Connection With Body Found Beside Track in Cavanville

Mr. Holland, of Cobourg, counties' solicitor, was out yesterday on behalf of the Crown Attorney in connection with the investigation of a C.P.R. trainman killed at Cavanville. Dr. Montgomery, corner, held the inquest. The young man was sent back to flag a train and was next day found dead beside the track. The sad affair seems to have been a pure accident. He lived at Toronto Junction and had only been married a few weeks.—Millbrook Reporter.

NO POLICE COURT.
There was no police court this morning, the usual drunks postponing their carousals until the money market loosens a little.

BIG LOAD OF WOOD
The steamer Beaver arrived in the city this morning from Deer Bay, with 100 cords of wordwood for the Peterborough Fuel and Cartage Company.

TOWN HALL STRUCK
During the electrical storm which passed over this village on Tuesday morning lightning struck the town hall and did damage to the building to the extent of $150. The loss is covered by insurance.—Madoc Review.

LAKEFIELD TAXES.
Lakefield's rate of taxation this year is 19 mills on the dollar, and is made up as follows.—County rate, 2 mills; general rate, 7 mills; debenture rate, 4 1-2 mills; Public school rate and school debentures rate 5 1-2 mills.

Y.M.C.A. CAMP AT COUCHICHING

Letter Has Been Received From the Peterboro' Boys There

A letter has been received from the Peterborough boys who are visiting at Lake Couchiching. A large camp is held in this place every year by the Y.M.C.A. and acts as summer training school for the young men.

Among the Peterborough people who are taking their outing at this spot are Messrs. E. A. Frowde, G. Galley and Walter Maguire.

They report excellent weather so far, and state that the boating and fishing are excellent.

MR. McLEOD IS WELL SPOKEN OF

Toronto News Refers to Former Physical Director of Local Y. M. C. A.

Last night's Toronto News contains a cut of Mr. James McLeod, the new physical director of the Central Y.M.C.A. in that city. The following reading matter appears with the cut;—

Mr. McLeod was the first man thought of to fill the large place in Canadian athletics at Central, filled by Mr. J. H. Crocker. He was the unanimous choice of the boys themselves, who were overjoyed when it became known that he could come. James McLeod was born thirty-two years ago at Hamilton. He began his athletic career in the Boys' Department of the Y.M.C.A. there and went through the Association. In 1901 he was called to Peterborough as physical director. After a year there he went to Brantford in the same capacity. He came to the Central Y.M.C.A. as assistant to the man whom he is now succeeding. His connection there was both pleasant and profitable, and during that time he made many friends in and about the Association. A year at the University of Toronto was Mr. McLeod's next step, part of his time being devoted to the managing of the All Saints' Athletic Club. His call to Havana, Cuba, came in 1905. On his acceptance, Mr. McLeod became the first Y.M.C.A. physical director sent out to engage in foreign work. Since then he had been at Havana, building up the Association there in every successful manner. He assumed his new duties here this week. Mr. McLeod is an energetic and capable young man, well qualified for so important a place.

STONY LAKE REGATTA
The steamer Water Lily will run a special trip to Stony Lake on Monday, August 10th (Peterboro's Civic Holiday) leaving Wolf Street wharf at 8.00 o'clock sharp and returning at 8 p.m. Return tickets 75c, Children 40c. d2.

TOOK THE HIGHEST CLASS STANDING

Success of Mr. Clarence Buller Who Graduated in Optical Course in Chicago

Mr. Clarence Buller, son of Mr. W. Buller, of the Peterborough Fuel and Cartage Co., has returned from Chicago where he has been successful in graduating in an optical course at an optical college there. He passed at the head of his class obtaining an honor standing. He has also a diploma for having passed the Canadian optical examinations.

Mr. Buller is spending a vacation at Mr. Reynolds cottage at Stony Lake.

MR. McMILLAN IS REMOVING TO TORONTO

Well Known G. T. R. Conductor is Leaving Peterborough in Near Future

The numerous friends of Mr. Dan McMillan will be sorry to learn that he has decided to removed to Toronto. For some years Mr. McMillan has been the conductor on the G. T.R. flyer between here and the Queen City and as such was well-known by Peterborough people. He has now found that it would be more convenient for him to live in Toronto, and for this reason will move there next week. His loss will be keenly felt by his many friends in this city.

BRING THE FAMILY
To Catholic Order of Foresters and Ancient Order of Hibernians' Excursion to Jubilee Point on Civic Holiday, when the excursionist having the largest family on the excursion will receive a barrel of flour, presented by Mr. Hampden Burnham. 21

REMOVAL

The New York Ladies' Tailors, have removed from 658 George street, to 287 Reid street, opposite the Cathedral Church, and we are ready to take up orders on all kinds of ladies garments such as tailor-made suits, skirts blouses, coats, and muslin dresses, made up at very short notice. Telephone 624 will reach us and our representative will call, or you can come to above address.

WHERE CIVIC HOLIDAY CAN BE SPENT WITH PLEASURE

Printers' Picnic Promises to be Most Successful Outing—Several Attractive Events on the Programme.

One of the civic holiday events that is attracting much attention is the Printers' Picnic which will be held at Idyl Wyld on Rice Lake. The steamer Otonabee has been chartered for the occasion and will leave Wolfe street wharf at eight o'clock, calling at the street railway wharf. The return fare is fifty cents and if the weather is fine the commodious boat chartered should carry a capacity crowd. Returning the steamer will leave Idyl about five o'clock, thereby ensuring an early arrival in the city.

An attractive programme has been arranged for the day and everyone is assured of a jolly time. One of the features will be the drawing for a $30 set of dishes, donated by Hon. J. R. Stratton. A numbered coupon will be given with every ticket for the return trip to Idyl Wyld, and the holder of the lucky ticket will be presented with the dishes.

In connection with the sports at Idyl Wyld, the mile canoe race (open) will be one of the most interesting events. The prize is a ten dollar gold piece, given by Mr. J. H. Burnham. There will be a large number of entries and a most exciting race will be witnessed. Ordinary hunting canoes must be used and single-blade paddles. In addition to several fast canoeists from the city, a number of crack paddlers from Rice Lake will be among the entries.

In addition to a good programme of races there are three events of a special nature. These are the baseball match, tug-of-war and quoit match between the Review and Examiner. The Examiner baseball team got badly swatted last year, but hope to do better this time. "Pixy" and a bunch of city league players tried to hold the Review nine last civic holiday, but were compelled to creep into a hole and pull the hole in after them at the end of seven innings. Everyone hopes they may be able to do better this time. The tug-of-war is a rather uncertain proposition. The Grits are depending on their reputation of having a pull with nearly everything in existence to help them out, but perhaps it will not work this time. The Examiner team is practising daily with a bit of twine in the back shop and so far there has been no breakage. Something of the marvellous strength of the team can be judged from this.

Many improvements have been made at Idyl Wyld since last season and it is an ideal picnic ground. Those who do not take their baskets with them can secure dinner at the hotel at reasonable rates.

BATTERY ROOM OF FIRE HALL IS AN INTERESTING PLACE

A most interesting place is the battery room of the local fire department building. Here are placed all the electric cells which govern the local fire alarm system, and the cells which supply the current for the many electric devices throughout the building.

There are 144 cells altogether, and they are arrayed in long shelves around the room.

The box circuit requires 72 cells, which is half of the total electric strength of the batteries. The patent device which swings open the large stable doors, requires the strength of 16 cells, and the big fire bell, on the tower has 24 of the cells connected to it.

The remaining 32 cells are used to operate the many small electric bells throughout the city.

It is expected that a device will be added in the near future which will swing back the large outside doors of the building. If this is done a large addition will have to be made to the electricity supply, as the present strength would not suffice to perform that duty.

MEMBERS OF SISTERHOOD IN RETREAT

The members of the Sisterhood of the Order of St. Joseph under the jurisdiction of the Novitiate of Mount St. Joseph, are in retreat in that institution. Those in attendance include Sisters from Lindsay, Peterborough, Cobourg, Parry Sound, North Bay and Port Arthur.

It is understood the retreat is being preached by a member of the Redemptorist Order and the services will close on Saturday, August 15th, when it is understood several candidates will become professed members of this distinguished Order. The ceremony of reception is a solemn and impressive one, and it is expected that several from Peterborough and vicinity will attend on that date.

FARMER'S FENCE WAS DESTROYED

Contemptible Action of Some Individual in Huntingdon Township

One of those low contemptible acts that fall upon men to perform who are not worthy the name of man, was committed on Mr. W. W. Collins, Reeve of Huntingdon, on Monday or Tuesday of last week. Some time ago Mr. Collins had a new Frost wire fence put on his pasture lot in the 12th concession of Huntingdon, and when he went to it on Wednesday of last week he found about 72 rods of the fence cut to pieces besides the posts cut down. The damage done to the property will amount to between $40 and $50. We have to thank a kind Providence that such type of men who would stoop so low as to commit a crime of this nature are scarce, and the only fit place for such is behind prison walls.—Madoc News.

Rev. Dr. Lyle, of Hamilton, says there are occasions when lying is justifiable.

The first prize for the canoe sailing is a silver cup presented by the Association.

Handsome prizes are offered for the different events.

Mr. R. Neill is chairman and Mr. J. S. Knapman, secretary of the regatta committee.

2.22 CLASS AND NAMED RACE ARE CIVIC HOLIDAY EVENTS

The two races which will be given by the Peterborough Turf Club on Civic Holiday, the first day of the two days' summer meet here, promise to be of more than usual interest. On the holiday the named race and the 2.22 class will be contested for, and in the latter event some very fast steppers with marks around .12 1-4 and .21 1-2 will participate. The race for the money has every indication of being a close one.

The named race will be the biggest event of its kind every held in Peterborough, and there are 12 or 13 entries for it from Brighton, Coborneborne, Trenton, Port Hope, brook Lindsay and Peterborough. On the second day the 2.30 and 2.16 classes will be thw racing bill.

THE SCORE NEARLY REACHED DOUBLE FIGURES—WAS 9-1

Peterborough Had a Cinch With Lindsay Last Night in Trent Valley League Game at Riverside Park—Goals Commenced Coming Early and Came Often.

The crowd yelled to make it 10 but 9 goals was all that the Peterborough lacrosse team managed to tally last night at Riverside park in their game against the 12 exponents of the game from Lindsay. And to anybody who is not more than ordinarily selfish 9 seems an abundant sufficiency especially when it is taken into consideration that the Scugog Indians only managed to find the nets for a lonesome one.

The locals jumped right away from the opposing aggregation at the start and kept getting goals with greater frequency as the match progressed, scoring at the last pretty nearly as often as they shot. Before the first quarter was played they had notched 3 and it was quite apparent that they had a very easy proposition in hand. In all departments the locals had it on the visitors and the contest was too lopsided to be very exciting for the spectators of whom there was a fair sized gathering.

There was no rough playing, only three men being penalized — Best, who wielded his stick a little too strenuously and Ray and Primeau for engaging in an inconsequential hugging match.

A couple of the boys of the real old brigade who were put were Dinny Dobbin, the goal tender and King Dillon, who was at cover point. Both were right on the job and did excellent work. Dinny Dobbin in goal, gave a demonstration of how the position should be played and although he was only called upon to look after a few shots his skilful stopping and relieving won him the applause of the crowd.

The local defence did great work, keeping away the Scugog invaders and tied them up almost every time they got close enough to make them at all dangerous.

Ray and Crough were especially conspicuous on the defence and played hard and effectively. The former is a new man to the city and performed in stellar fashion getting one of the goals on a pretty play.

Best, at centre, used his speed and caught to advantage and handled himself well at all stages.

The entire home without an exception played fast lacrosse and it would be a hard matter to particularize. Judd, however, was very brilliant in the matter of close work around the nets and clever shooting.

The Lindsay men didn't get much chance to shine although at times they showed good form. Slats Reilly was noticeable for his long gaited sprinting and quite often tore off one of his fast flat footed runs.

Dobson, Norm Dusty and Carruth were among the most useful men on the visiting outfit. Dobson, formerly of Peterborough, scored the only goal for Lindsay.

The grounds were a little slippery owing to the recent rain and the footing was a trifle uncertain.

First quarter.

At ten minutes to seven play commenced and Galley McCoy scored the first on a pass from Long—1-0.

Dobbin relieved after a shot on goal, Crough getting the ball and carrying it to the other end of the field. There was a mild fusilade around the Lindsay stronghold but the shots were misdirected. Judd made a fast pass to Parnell who caught the ball and landed it in the nets despite the fact that he was being harrassed by two men—2-0.

Ray got the next on a pretty shot —3-0.

Second quarter

About two minutes after play Best had the first shot on goal of the quarter and put a sizzler in which was a little wide however.

Reilly took the ball the length of the field. Best was penalized for rough play.

Dobson plumped one to the counting place for Lindsay. —3-1

Judd tallied on a pass from McCoy —4-1.

Primeau and Ray got into a trifling altercation and were put off for five minutes. Seymour made a spectacular run and went right up to the Lindsay goal, but didn't score. Half time ended with the score —4-1

Third quarter

McCoy tore off a big gain and passed to Judd in front of the nets. The latter failed to tally. Judd caught a long throw from Dobbin and passed to Seymour, who ran through the Lindsay defence. He did the trick a little later, making the score read —5-1.

In a minute McCoy had scored again—6-1.

Judd did likewise—7-1.

McCoy made another of his making ground gaining dashes. He transferred to Parnell and the latter placed it past Carruth—8-1.

Fourth quarter

Judd passed to McCoy who was right in front of the Lindsay goal. It looked sure for a score but the ball fell off the latter's stick

The circus play of the evening was made when Judd batted into the nets a ball that already had been shot —9-1.

Carruth turned aside a dangerous looking one. There was a lot of close checking around the Scugog flags and it appeared as though the score would reach double figures But the ball worked its way to Peterborough's camp and time was called.

Final score:
Peterborough 9.
Lindsay 1.

Referee George Lynch officated in a capable manner and neither team had a complaint concerning his work.

The teams were:

Peterborough		Lindsay
	Goal	
Dobbin		Carruth
	Point	
Gilman		McVittie
	Cover	
Dillon		Cresswell
	1st defence	
Barber		B. Dusty
	2nd defence	
Crough		Duggan
	3rd defence	
Ray		Elliott
	Centre	
Best		Reilly
	1st home	
Long		L. Dusty
	2nd home	
Seymour		Chapman
	3rd home	
McCoy		Chambers
	Inside home	
Judd		Dobson
	Outside home	
Parnell		Primeau

Referee—George Lynch.

Goal summary

1 Peterborough, McCoy, 5 min.
2 Peterborough, Parnell, 5 min.
3 Peterborough, Ray 1 1-2 min.

Second quarter

4 Lindsay, Dobson, 7 min.
5 Peterborough, Judd, 3 min.

Third quarter

6 Peterborough, Seymour, 5 min.
7 Peterborough, McCoy, 1 min
8 Peterborough, Judd, 1 min.
9 Peterborough, Parnell, 3 min

Fourth quarter

10 Peterborough, Judd, 5 min.

CAN PETES WIN GAMES ON HOLIDAY?

Will Have to be in the Best of Form to Defeat St. Mary's of Toronto—One of Best Teams in the Province

The Petes are undoubtedly the leading aggregation of the Midland League but there is much uncertainty as to the their ability to beat the fast St. Mary's of Toronto when they meet that all star aggregation at Riverside park in a double header on Civic holiday, morning and afternoon.

The fans are expected to turn out in large numbers as it will be interesting to see how the Midland League champions shape up against one of the best teams in the province.

From all indications the game will easily be the best one of the season and the Petes will have to be on their mettle to hold down the visitors.

The morning contest commences at 10.30 and the one in the afternoon at 2.30.

GAMES FOR THE FROST TROPHY

One More Was Played Last Night—Two Scratch Games

The local bowlers are having a busy time of it lately. Last evening another game for the Frost Trophy took place. The score was as follows;—

MAN WHO RAISED DISTURBANCE ON TRAIN FINED TWO DOLLARS

Special to the Review

Lindsay, August 6—Mr. W. English appeared before Magistrate Moore yesterday afternoon after being summoned for the fifth time. He was charged with disorderly conduct on the train from Peterborough to Lindsay on July 13th.

Mr. Howard Scott was the first witness called and he testified he saw Bates and English raising a row and that English fell on him in his seat. English then got up and went away.

Mr A. Bates was present and saw the trouble. He was standing near the end of car when English came up and muttered something to him, and he told him it was all right. English came back again and he caught him by the wrists, but was struck by him on the face. Bates then pushed him over a seat. English was the worse of liquor.

Under the cross-examination of Mr. Knight he said that English was sober enough to navigate up and down the aisle and he thought he had no more than a couple of drinks in him.

The accused was then sworn and said he did not think he was to blame for the trouble and claimed that he was sober. When asked by the magistrate if he had any liquor in him, he replied that he had a few drinks but not enough to make him drunk.

The magistrate said he thought the travelling public should not be subjected to the foul language of drunks on the train. The ladies and children, he said, were in a place where they could not escape.

His Worship then imposed a fine of two dollars and costs, to be paid inside of two weeks.

MR. HALL GIVES TWO FINE PRIZES

For the Printers' Picnic at Idyl Wyld on Civic Holiday

Mr. R. R. Hall, M.P., has donated two handsome prizes for the Printers' Picnic at Idyl Wyld on Monday. One is a solid gold brooch for the married ladies' race and the other a pair of gold cuff links for the 100 yards dash (open). Second prizes will also be offered in these events. Mr. Hall's prizes are valuable ones and are greatly appreciated by the committee in charge.

BAND ENGAGED FOR REGATTA

57th Regiment Musicians Will Play at Chemong, Afternoon and Night

The 57th Regiment band has been engaged to supply the music at the Chemong regatta and also for the annual dance at night. The band will be in attendance during the afternoon and will render a good programme under the direction of Mr. Gliddon. The regatta will be held on Thursday of next week and those in charge say it will be the most successful ever held.

THUNDER STORM AT JUBILEE

Two Large Pine Trees Were Struck There Yesterday Afternoon

Although there were no indications of a storm in Peterborough yesterday, Jubilee point was visited by a heavy thunder shower which came up about 1.30, during which two large pine trees were struck, the bark being almost completely ripped off one. The rain fell in large quantities and was most welcome.

Fort William has paid $52,000 on account of the section of street railway transferred by Port Arthur.

WEDDING BELLS

HELM—FORREST

A pretty house wedding took place at one o'clock on Thursday, August 6 at Ingleside, the home of the bride's parents, Dr and Mrs. Robert Forrest, Mount Albert, when their only daughter, Florence, was united in marriage to Walter J. Helm, of Port Hope, the Rev. D G Cameron officiating. Miss Jessye Forrest of Toronto, a cousin of the bride, acted as maid of honor. The groom was supported by Mr A H C. Long, of Port Hope, while two nieces of the bride, Maybelle Forrest, daughter of Dr. Frank Forrest, of Port Hope, and Angeline Dunn of Toronto, acted as flower girls. Mr and Mrs. Helm left on the afternoon train on an extended trip to Atlantic City and they will return via the Saguenay and St. Lawrence to Port Hope, where they will make their future home.

ORDERS FOR THE COMPOSITE CO.

Headquarters, Peterborough, August 7th, 1908.

The Quartermaster's stores will be open on Saturday afternoon from 3 to 4, August 8th, to receive into the stores, the Oliver equipment.

At the same hour and place the allowance in lieu of rations, will be paid.

JAS. MILLS,
Captain.

ESCAPE WAS MIRACULOUS

New York, August 6— U. S. District Attorney Baker, of Washington, who successfully prosecuted the Government land frauds in the North-West, his bride of two months, and several friends who were accompanying them on their honeymoon, had an almost miraculous escape from death. While the automobile in which they were travelling was running down a sharp hill on Walnut Mountain, near Liberty, N.Y., the machine got out of control and plunged over a precipice nearly three hundred feet high. The machine lodged in a tree below the brink of the precipice. There it hung upside down with the frightened occupants, held prisoners in the enclosed top of the machine. All were badly bruised and frightened, but no one was fatally hurt, with the exception of the chauffeur. His skull was fractured, one of his ears was torn off and he sustained other injuries.

Mrs. Maud Lamothe, of North Bay, shot and killed herself after a quarrel with her husband.

TREASURER IS SHORT IN CASH

Descrepancy in Accounts of Officer of Trades and Labor Council

Brantford, Ont., Aug. 6.—There is a sensation in local Trades and Labor Council over the report of the auditors which has just been presented alleging that the accounts of the financial secretary reveal discrepancies in that his books contain no entries of certain monies that have been paid in by members in fees during the year.

A new audit has been ordered by the Council covering the entire period of the term of the secretary, who is not in the city at present.

Officials will have difficulty in carrying out instructions issued yesterday by Justice Falconbridge directing the arrest of Ethel Whitfield, the three-year-old daughter of Mr. and Mrs. John Whitfield, of this city. The couple are separated under agreement that wife got the furniture and husband the child. The infant, however, is now in possession of the mother, who cannot be found, while her father is advertising the sale of furniture with intention of removing to Michigan. The county authorities are endeavoring to locate the girl.

SECRETARY OF PHOTOGRAPHERS

Mr. F. L. Roy of Peterborough Elected Secretary of Photographers Association

Toronto, Aug. 7.—The Photographers' convention at Victoria Hall was addressed yesterday morning by J. Halloway, of Terre Haute, Ind., and Milton Waill, of New York, and at the afternoon session by G. H. Creighton, of Rochester, N.Y. These officers were elected for the ensuing year.—G. F. Jackson, president; F. J. Leatherdale, Hamilton; Walter Dixon, Toronto, and G. A. Lee, Listowel; vice-presidents; A. M. Gray, Toronto, treasurer; and F. L. Roy, Peterborough, secretary.

A note of thanks was tendered to the Toronto, manufacturers and photographic dealers for the entertainment of the delegates at Scarboro Beach Park on Wednesday night.

STRAWBERRIES ARE DEAR THERE

A telegram from New York of August 1st says: "Six dollars a quart for strawberries seems a high price, but it is what I got for all that I raised last winter," declared a woman who lives winter and summer on a small farm in New Jersey. "Of course the berries were sold in New York and to very well-to-do people. They were too tender for shipment and only persons with plenty of money could afford to have such luxuries. Many lavish entertainers in New York have a fancy for putting a potted strawberry plant bearing several ripe berries before each dinner guest. For such plants I never get less than $2 and often more. The berries if picked would fetch from $7 to $8 a

CITY LEAGUE MATCH AT RIVERSIDE

Strathconas and Lakeviews Will Meet To-morrow Afternoon---Should be Fast Game

Baseball fans are assured some good sport to-morrow when the Strathconas and Lakeviews meet in a City League game at Riverside Park. Much depends on the outcome of the contest and a lively struggle is sure to be the result. The game will start at three o'clock and as the admission is only ten cents there should be a big crowd on hand. Both teams will have the strongest possible line ups and as both are playing fast ball it should be a gingery encounter.

CRICKET

Mr. H. Clarke, secretary of the Peterborough Cricket Club, has received word that the Orillia Cricket Club will be here for a game with the locals on August 27th.

BASEBALL

A letter from the Bowmanville team has been received by the YMCA Chieftains, asking for a return game in that town on August 10th.

The local team has decided not to play the return game, however, as they are unable to get a team together for the game.

FOOTBALL

In the final game of the Midland Football League, played at Norwood on Wednesday evening, Warkworth defeated Warsaw 2 goals to 0. Warkworth played two Norwood men and as a result, the game has been protested.

WILL ATTEND SERVICE

Jubilee Lodge No. 7, Prentice Boys, will attend divine service on Sunday evening, Aug. 9th, at Charlotte street Methodist church, when the Rev. G. W. Henderson will deliver an address. The Orangemen and True Blues of the district are cordially invited to to join with Prentice Boys in attending their annual service.

GREAT SKILL

Great skill is required by the man who would be a good watchmaker. Years of training and practical experience are needed before one is competent to repair a fine and complicated watch. Every watch left with us for repairs receives the best attention of skilled hands. All kinds of Clock, Jewelry and Optical repairs.

POULTRY ASSOCIATION WILL HOLD ITS WINTER SHOW HERE DURING JANUARY

Peterborough is to have a winter poultry show. This was decided upon at a meeting of the Peterborough Poultry Association in the association's rooms Simcoe street, last evening. Vice-President Geo. Paxman occupied the chair and there was a most encouraging attendance, about thirty members being present.

Next January was the time decided upon for holding the show, which will be an annual fixture if it should prove successful, and there is every reason to believe it will. The date will be decided upon at the next meeting of the Association, which will take place on the first Thursday in September, the 3rd of the month.

At last night's meeting a committee was appointed to ascertain the best manner of filling coops, a matter of vital importance to all feeders of chickens.

The study of birds was taken up, Minorca, Orpington and Hamburgs having been brought to the meeting for that purpose. A useful discussion of the fine points and objects of the birds was held. Other matters of interest and instruction were taken up.

MESSRS. HUTCHINSON AND SAVIGNY TOOK SUDDEN DIP

Another upset took place on Little Lake yesterday afternoon when a canoe, occupied by Mr Bruce Hutchinson and Mr. Tom Savigny of Barrie and Company's store, ran up on a log and turned turtle both occupants going into the lake.

Both managed to reach shore safely, Mr. Hutchinson assisting his friend. The canoe was not damaged any as a result of colliding with the log.

The two young men were trawling at the time of the accident. They made up Water street afterwards with their garments saturated and the water oozing from their boots at every step.

DRINK JOHNS' TEA

DAUGHTER OF THOMAS THOMPSON AND 4 CHILDREN MEET DEATH

Despatch From Regina Says That Daughter of Peterboro' Man and Four Children Were Burned in the Fire at Fernie.

A despatch from Regina has reached the Review telling of the death in the Fernie fire of Mrs. Wm. Ingham, a daughter of Mr. Thomas of Peterborough, Ont., and her four children. The despatch is as follows:

"Regina, Sask., Aug. 6.—A. Thompson, of Hanley, who is in the city to-day, says he has received a wire from his father, Thomas Thompson, of Peterborough, Ont., to the effect that his sister, Mrs. W. M. Ingram and four children, lost their lives in the Fernie fire."

The Review has been unable to identify the parties referred to. There is no Thomas Thompson residing in Peterborough or in the vicinity of the city. A person of that name resides near Hiawatha, but it is learned that he has no married daughter in the west.

MOST SUCCESSFUL REGATTA HELD AT STURGEON POINT

Competitors Were Numerous in Different Events—Mr. A. A. Hollinghead Gets Second in Sailing and Launch Race.

The annual regatta at Sturgeon Point yesterday was a most successful affair. A large number were in attendance and there were numerous competitors in the various events.

Champion Sturgeon Lake dinghy; 1st prize, silver cup, presented by J M Anderson; Rose, Bruce Hopkins, Sturgeon Point.

"HOLOCAUST" AT KINGSTON TWENTY-ONE HOTELMEN AND STEAMBOAT CO'S. CONNECTED

$1575 Collected in Fines—A Vigorous and Successful Prosecution—The Government Awake

Special to the Review

Kingston, August 7—The vigorous complaints that the liquor license laws were being openly violated in Kingston have been substantiated in the conviction of nineteen hotelmen and two steamboat companies, the hotelmen of selling in prohibited hours, the steamboat companies for selling without licenses. The entire company admitted guilt without any evidence being submitted. One hotelman, W F Telfer, of the British American hotel, denied the charges and defended himself. He positively asserted that he had never violated the law since assuming the hotel but the spotters, Simser of Ottawa and Partridge, Toronto, testified to getting liquor in the hotel bar after hours. And gathered in $1575. Ten hotelmen were a conviction followed. The Magistrate fined $50 each; nine accused of two offences, but only one prosecuted, had to pay $75 each. W. E. Telfer, who will appeal was fined $50 on each charge. The steamboat owners put up $15 for each boat, the prosecution agreeing not to lodge a second charge. This money is paid in lieu of a license fee, which the Province will not issue to a ship. The wholesale conviction of the hotelmen has suggested the inaction of the license inspector, and it is likely that the attention of the Government will be called to the state of affairs here.

BATTERY WILL GO TO CAMP AT KINGSTON ON AUG. 31st.

24th Field Battery Canadian Field Artillery.

Major D W H. Young, OC, above corps has received final notification that the Battery will proceed to Kingston on the 31st inst. for the annual training.

All members and intending members and those having horses, are requested to call upon Major Young, at his residence, No 38 Stewart St. for the purpose of signing the Service Roll.

The advance party will also report to Major Young for instructions.

A preliminary drill will take place at the East City drill shed on Tuesday, 11th inst, when a good attendance is required.

WAS MAGISTRATE JUSTIFIED IN TAKING OUT THE COSTS?

The Mail and Empire to-day contains the following news of local interest:

The action of Magistrate D. W. Dumble, of Peterborough, in connection with the prosecution of a boy named James Armstrong has been the subject of a complaint to the Attorney-General's Department. The lad who was captured in Toronto on a charge of stealing $92 from his employer, H. T. Elliott, confectioner, was tried on Saturday at Peterborough. He pleaded guilty and was sentenced to five years in the reformatory. On him was recovered $82 and of this $58 was returned to Mr. Elliott.

Mr. R. E. Wood who appeared for the Crown, asked that the costs be against Mr. Elliott. He contended that the latter was not altogether free from blame because the young culprit who was sent to the bank with the money was thus exposed to temptation. The magistrate apparently agreed, for the complainant was charged $16 for costs and $7 for expenses of the constable. It is asserted that as the case was a Crown prosecution the costs should come out of the county.

GOOD FISHING AT JUBILEE

Mr. J. Gilman Caught Couple of Splendid Lunge Yesterday—Bass Biting Well

Fishing at Jubilee Point is excellent and the bass and lunge are biting better than any time during the summer. This probably due to the cool weather. Mr. J. Gilman the proprietor of the hotel at Jubilee Point, landed a couple of fine lunge yesterday and those fishing for bass also had excellent luck.

Thos. French, 24 years old, and married, was arrested at Ridgetown on a warrant eight years old.

TAKING LONG TRIP ON A HANDCAR

Two Grand Trunk Officials Going From Lindsay to Belleville—Inspecting the Road

Bicycle tours have gone out of style lately, but a new means of locomotion has appeared to take its place.

Yesterday Mr. Kinny, the General Road Master of the G.T.R. and Mr. Mitchell the Divisional Road passed through the city on a hand-car. They are out on a tour of the road from Lindsay to Belleville, and decided to use the hand-car instead of the railroad train for the journey. They report a very good time so far and are looking forward to a good trip from this city to Belleville.

STEAMER WATER LILY Will leave Wolfe St. wharf for Stony Lake Saturday afternoon at 2 o'clock instead of 3.

LESLIE IS AGAIN CHARGED SOME NEW DEVELOPMENTS

Ex-Treasurer is Arrested in Court on Charge of Theft of $10,000 of Fair Association's Funds—Wife Pays Over $25,000—First Count is Dismissed.

Toronto, Aug. 8.—The arrest of Col. J. Knox Leslie, ex-treasurer of the Exhibition, charged with the theft of $10,000 from the funds of the Association created a fresh sensation in Toronto yesterday. His wife handed over to the city $25,000 in payment of the deficit, and Col. Leslie was released on $20,000 bail.

Only a few minutes before his arrest on the new count Col. Leslie had the earlier charge of misappropriating funds of another company dismissed in the police court.

Col. Leslie appeared in court yesterday morning before Magistrate Denison to face the charge of having misused $2,000 which he received from Chas. H. Dee for stock in a company. The accusation was one of false pretences. The Crown Attorney asked leave to change it to one of theft.

EX-TREASURER LESLIE.

This the magistrate would not do, but dismissed the case, binding Col. Leslie in $200, however, to go before the grand jury.

Just as Col. Leslie was leaving the court he was arrested by Detective Kennedy on the second charge. An information was handed to the bench and the ex-treasurer again arraigned. He pleaded not guilty and was bound over to appear again.

The total amount of Col. Leslie's shortage, as far as has been learned, is $25,000.

The new turn of affairs has strengthened the Board of Control's views on the subject of asking Judge Winchester to investigate exhibition affairs in general, and it is now thought that the probing will begin early in the fall.

The Mayor is strongly opposed to prosecution of Col. Leslie, on the ground that what the city wants is restitution and not to exact the law's penalties, which might result in the city's failing to recover the amount of the shortage.

The information laid by Crown Attorney Corley charges the colonel with having, during 1907-8, stolen $10,000 from the Industrial Exhibition. The charge was read by the magistrate, and H. H. Dewart, K.C., counsel for Col. Leslie, registered a plea of not guilty. The Crown Attorney asked for a week's remand, and bail was fixed at $20,000.

Magistrate Denison's instigation of crown prosecution precipitated by his becoming aware that on the shortage being discovered last week Col. Leslie was kept under detective surveillance until security had been given. The magistrate was aroused because the police department had dropped the case after being called in, and attacked the Mayor's procedure in keeping Col. Leslie in charge while obtaining the money from Mrs. Leslie, by "squeezing the money out of the women by means of the law."

Director Robert Fleming thinks the former city auditors are to blame and should be sued.

The worthless cheques and I.O.U.'s which Col. Leslie claims represent loans indiscreetly made, do not exhibit any large, individual amounts, so it is stated, and, on good authority, it is learned that none bear the signatures of any member of the exhibition board or any official of greater or lesser degree connected with the association.

ARREST GIRL AT MONTREAL

Miss Charest Will be Charged With Stuffing Pay Roll.

Montreal, Aug. 8.—Drastic action in regard to the Charest pay-roll stuffing scandal was decided upon at a special meeting of the Roads Committee yesterday afternoon. The meeting was private. Ald. O'Connell and other members held that if justice was to be done the committee should order the arrest of Charest's daughter, who posed as a Miss Robert when she was drawing wages for the bogus employes from the civic paymaster. The City Attorney was consulted, and he stated that there was enough evidence to warrant the arrest of Miss Charest. It was then decided that a warrant should be taken out for her without delay.

A second arrest was also decided upon, and a warrant will be taken out for Leopold Coppee, the civic employe who reported that Charest was stuffing the lists, on a charge of himself adding bogus names.

Accident On C. N. R.

Winnipeg, Aug. 8.—The Canadian Northern Railway Edmonton express which left Winnipeg on Wednesday evening was wrecked just west of Virden, Sask. The baggage and mail cars jumped the track and capsized in the ditch and the express messenger and J. A. Poole of Edmonton, mail clerk, were badly injured. The passengers escaped with nothing worse than a severe shaking up.

Freak Insurance Men Warned.

New York, Aug. 8.—According to Daniel T. Gordon, acting second deputy superintendent of the insurance department, if an agent of Lloyds of London solicits or accepts insurance against Bryan's election, failure of the sheath gown or like risks, the district attorney will prosecute the agent for violation of the New York insurance laws.

Welcome to Fleet.

Auckland, Aug. 8.—Already the city of Auckland is ablaze with flags in honor of the fast approaching American fleet and interest in the visit of the warships is running high.

Parliament yesterday adjourned for a week in order to enable the members of the two Houses to devote themselves to the entertainment of the visitors. Only two members, both Maoris, objected to adjourning. They explained the Maoris were in no way enthusiastic over the much heralded arrival of the fleet, "because of the attitude of the Americans on the color question."

Detroit Divorce May Be Invalid.

Windsor, Aug. 8.—Provincial Detective Mahoney has been investigating a Detroit "quick" divorce suit and a charge of bigamy may be laid against a resident of Chatham and Wallaceburg. It is alleged that he secured a divorce from his wife in Detroit after swearing that he had been a resident of Detroit for a period of two years. The bill was filed on March 9 and a decree was granted on July 10. Two weeks ago he married another woman in Chatham.

HARRY THAW IS BANKRUPT

Has Been Under Big Expense and Funds Are Now Very Low.

Poughkeepsie, N.Y., Aug. 8.—Harry K. Thaw, when interviewed at the jail last night regarding bankruptcy proceedings instituted in Pittsburg, said that he had already spent $200,000, and that there are additional claims amounting to $200,000 more. His assets, he said, include $20,000 cash. Continuing, he said:

"It is absolutely necessary due to the heavy expense which I have been under during a period of over two years. Now I find additional bills and claims, many of them exaggerated. To pay these as they are presented would entail the result that I could not pay all, and some just creditors would suffer. It is to prevent exactly such injustice that the bankruptcy laws were created and I consider that by becoming bankrupt I insure justice to all."

Rushing G. T. P. Through.

Ottawa, Aug. 8.—Reports to Collingwood Schrieber, consulting Government engineer for the Grand Trunk Pacific line, show that the road will be finished into Edmonton by the middle of November.

By Christmas the rails will stretch from Winnipeg to a point 70 miles west of Edmonton, where a large bridge is now being built across the Pembina River.

In a week or two a train service will be started from Winnipeg to a point 50 or 60 miles west of Saskatoon.

Fatal Mill Boiler Explosion.

Windsor, N.S., Aug. 8.—There was a fatal boiler explosion at the Parrsboro Company's lumber mill at Newlake, in the Chester road district, yesterday morning. The engineer, Edward Keith, of Oxford, was instantly killed, and two other men injured.

Skeleton In Sand Pile.

Brockville, Aug. 8.—The skeleton of a human being was discovered in a sand pile on the farm of Wm. Reed, near Prescott. There are no means of identification and the circumstances are involved in mystery.

Don de Dieu Will Tour.

Quebec, Aug. 8.—A syndicate is endeavoring to make arrangements for taking the "Don de Dieu" on an exhibition trip to the chief ports of Canada.

Civil Service Classification.

Ottawa, Aug. 8.—A deputation representing the Civil Service Association waited upon Sir Wilfrid Laurier, Hon. W. S. Fielding and Hon. Sydney Fisher yesterday to ask for a uniform method of reclassifying the various departments of the public service under the terms of the new civil service act.

Old Age Pension Tables.

Ottawa, Aug. 8.—Officials of the Finance Department are now engaged in working out the actual tables in connection with the proposed system of old age annuities which the Dominion Government is to place upon the market.

WAS WOMAN HEALED BY FAITH

Kingston Woman Reported to Have Been Miraculously Cured of Many Ills.

Kingston, Aug. 8.—According to the story of relatives, May Ghent, aged 20, was raised from a bed of sickness by the direct intervention of God.

Suffering great pain, she had been ill many weeks. Six doctors were called in, but all failed to do her good, and treatment in the general hospital had no good result.

She was unable to turn herself in bed, the doctors stating that she had pneumonia, appendicitis and drying up of the lungs.

She claims that while praying for healing she heard a voice from heaven saying, "Arise and come forth into my vineyard." She arose and shouted the praises of God and His power to heal.

Great crowds gather in the house to see her. She says she has not a pain or an ache.

Wants Fastest Motor Boat.

Brockville, Aug. 8.—Offering $100,000 for a motor boat designed for racing purposes which will attain a speed of 50 miles an hour, A. R. Peacock, the Pittsburg millionaire and one of the chief factors of the United States Steel Corporation, has forged to the front as the greatest enthusiast of the day.

Mr. Peacock is now in the Thousand Islands and has $30,000 worth of motor craft.

Canada As Treaty-Maker.

London, Aug. 8.—(C. A. P.)—In the Free Trade Congress the right of Canada to do as she pleases with respect to commercial relations with the mother country and foreign nations was urged with considerable emphasis by Alexander McFee of Montreal.

He complained that France had not ratified the recent treaty, although it had become law as far as Canada was concerned.

Marriage Recognized.

London, Aug. 8.—(C. A. P.)—The arches court has ordered Canon Thompson not to deny sacrament to Allan Bannister, who married his deceased wife's sister in Canada.

MINISTER GETS INTO TROUBLE

Rev. G. W. Snell, of Brockville, Faces Two Charges---Jumped on the Cigars.

Brockville, Aug. 8.—Rev. George W. Snell, Methodist minister of North Augusta, has been summoned to appear in police court here Monday on two separate charges resulting from an episode at a recent church picnic, the complainants being two of his congregation.

Rev. Mr. Snell, while on the grounds, had occasion to go to a refreshment counter, where he found two boxes of cigars on sale. These he seized and trampled upon. A bystander named Jos. Vout informed the clergyman it was a mean trick, whereupon he replied: "Anyone who would water milk would do the same."

Vout has taken out a summons for insulting language, and Ezra Dales, the man behind the counter, charges the minister with malicious damage to property.

Veteran Cuts Throat.

Brantford, Aug. 8.—James Richards, a veteran of the Indian mutiny, made an attempt to end his life here yesterday by cutting his throat with a razor. Richards has been despondent for some time on account of being without work. He was a painter by trade and resides with his family on Richardson street.

An Italian Feud.

Newton, Mass., Aug. 8.—The alleged action of an Italian boy in milking a neighbor's cow Thursday night started a battle which yesterday culminated in the shooting of the boy and his mother and much damage to their home.

Adjusting Noose; Dropped Dead.

Zanesville, Ohio, Aug. 8.—While placing a noose about his neck for the purpose of committing suicide, James Larimer, a farmer living near here, dropped dead.

Death was due to apoplexy.

Gregg Is In Ottawa.

Ottawa, Aug. 8.—Richard Gregg, appointed by the British Government to look for trade agents in Canada for the mother country is in Ottawa.

THE HOTEL AT IDYL WYLD

Where the Printers' Picnic will be held on Civic Holiday

EIGHT BURN IN A WRECK RESULT OF TERRIBLE STORM

Fish Company's Steamer Premier is Wrecked and Turns Turtle—Eight of Passengers and Crew Are Burned to Death and Rest Are Marooned.

Winnipeg, Aug. 8.—At least eight persons met a horrible death by burning on board the Dominion Fish Company's steamer Premier, some two hundred miles up Lake Winnipeg, early Thursday morning after the vessel had been driven on to treacherous reefs near Warren's Landing turned turtle and caught fire.

In addition grave anxiety exists for the fate of the crew and other passengers. The known dead are:

Madame Couture of St. Laurent, Man.

Miss Copas, school teacher, Winnipeg.

W. W. Fryer, Jr., of Selkirk, son of a big local merchant.

W. Overton, Jr., son of manager of Dominion Fisheries Co., of Selkirk.

Palmer Jones, Jr., son of Captain Jones of Winnipeg, owner of company.

Cook and cook's mate, names unknown.

The disaster occurred at the far end of the lake in trackless wilds and a couple of hundred miles from any telegraphic communication, the first news being brought to Selkirk late last evening by the fishing tug Wolverine, which passed some of the wreck on the way south from Norway House.

From scant information to hand, it appears that the Premier, which is a large fishing steamer, chartered to carry two hundred passengers, besides freight, was caught in the heavy gales of Wednesday last and after vainly battling all day and half the night was finally driven on to the reef where she turned turtle in shallow water, catching fire and cremating at least eight persons.

In the same storm three fishing crafts were wrecked on Spider Island and fate of another fishing tug is unknown.

The ill-fated Premier was a sister ship to the Dominion Fish Company's vessel Princess, which was wrecked about the same time last year on Snake Island, some half dozen persons losing their lives.

Lake Winnipeg has a sinister reputation, and its shores are strewn with the bones of vessels caught on its inhospitable shores in gales which in summer tear up its shallow waters, no haven offering in all its length and breadth. After that tragedy, Commander Spain, held a Government enquiry which resulted in censure being passed on the crew for deserting passengers.

No word is obtainable as to the Premiers' crew, but it is supposed they escaped and are marooned on the bleak coast line.

18 Months For Stolen Wheel.

London, Aug. 8.—Herbert C. Workman, an Englishman, was sentenced to eighteen months in the Central for stealing a bicycle.

Edward Fenn and John Dawes who drove a horse through a party of merry-makers were sent for trial at the September sessions, bail being fixed at $1,000 each.

John Bolton, of Crumlin, was badly injured in a runaway accident in the east end.

Shoots Little Playmate.

West Toronto, Aug. 8.—While playing with an old muzzle-loading shotgun an eight-year-old boy named Fred Gracey, son of William Gracey, 201 Maria street, accidentally discharged the weapon and blew the scalp off his little playmate, Howard Sharpe, aged 2 years, son of Charles Sharpe, 199 Maria street, night guard at the Central Prison. The lad died within a few minutes. Young Gracey was taken into custody.

NO PROSPECT OF PEACE LATEST ABOUT C.P.R. STRIKE

Men Claim That Their Ranks Are Being Increased—Company Says There Are Plenty of Men to Fill Jobs Most of Applicants Are Englishmen.

Winnipeg, Aug. 8.—The C.P.R. strike seems to have already taken on an appearance of settled monotony.

Neither at the strike headquarters nor at the offices of the company was there any excitement yesterday morning. There were a few men working around the shops and around the roundhouse there were enough men to get the locomotives out on time for the departing trains. In the coach yards the cleaners were hard at work and with the exception of the groups of pickets scattered around the company's premises there was nothing to indicate that a strike was in progress.

J. H. McVety stated yesterday that there had been no suggestion on the part of the men toward approaching the company with a proposal of settlement. Neither had there been any suggestion from the company that such a suggestion would be entertained. He said that the union had received no word of the coming of any strike breakers and he did not know whether the company was proposing to fill the places of the local men who went out.

Montreal, Aug. 8.—The strike situation yesterday remained without any developments of importance.

Bell Hardy claims on behalf of the men that so far the situation is most encouraging, the ranks of the strikers being constantly supplemented by others who are throwing down their tools from time to time.

On the other hand, the C.P.R. does not appear to be disturbed. As regards the Angus shops, the company state they have all the carpenters that they want, and the car building department is proceeding with its work as usual.

The C.P.R. have engaged a number of men and have the Angus shops working with a force of 150. It is said by the company that a thousand applied for jobs. There are 91 special constables around the works, and pickets at every gate, trying to dissuade men from working, but they do nothing more. The men taken on are mainly English mechanics out of work, and glad of any lucrative job.

Poles and Russians are offering themselves by hundreds, but are receiving no attention, as they are very largely unskilled labor.

In all there are now at the Angus shops some thirteen hundred men, but a great majority of them are laborers and are only partially employed, owing to lack of work caused by the strike of the skilled mechanics.

Vancouver, B.C., Aug. 8.—At a meeting of the Trades and Labor Council, a delegate from the Machinists Union, speaking of the C. P. R. strike, declared it was reported that Mr. Bury, of Winnipeg, had stated that he would kill the labor organizations inside of five years.

The council agreed to support the strikers in every way possible.

West Toronto, Aug. 8.—Ten or fifteen applicants for work at the C.P.R. shops were turned back by pickets yesterday morning.

Altogether there are now not more than 20 men in the shops including the yard employes, most of whom are Italians.

There are already 700 cars disabled in the local yards, and breakdowns are taking place all along the line. The broken cars are then switched on to the sidings and allowed to stay there.

WHEAT IN WEST NEED RAIN NOW

C. P. R. Reports That a Little Moisture Would Help Some.

Winnipeg, Aug. 8.—The crop report issued by the C.P.R. yesterday indicates that while the crop is making excellent progress, many districts are badly in need of rain.

The crop is maturing too rapidly to give a high grade. In many districts, too, hail is reported, though it does not appear that any of the areas damaged are extensive.

On the Brandon and Varcoe sections cutting will begin by the first of next week. Rain is needed for late grain. On the Emerson, Teulon, Minnedosa and Souris sections, conditions are favorable, except for shortage of rain.

On the last mountain section slight frosts are reported at Lemburg, while on the Arcola branch hail is reported from Arcola and Carlyle. At McLean on Moosejaw section and at Milestone, Macoun and Estevan on Estevan section considerable hail is reported, as is also the case at Filmore, Heward, Forget and Kisby on Moose Mountain section.

The Edmonton section reports all fair, while Wetaskiwin section reports slight hailstorms at Sedgewick and Hardisty.

Count Orders New Airship.

Friedrichshafen, Aug. 8.—After a long talk with his chief engineer, Herr Buerr, Count Zeppelin has given orders that work on the construction of a new airship be begun. He has practically decided to build two at the same time, each on a different model. The new ships will show many changes suggested by a study of the accident of two days ago.

Private individuals already have placed the sum of $75,000 to the credit of Count Zeppelin for his new enterprise.

Hadn't the Penny; Shoots Himself.

Chicago, Aug. 8.—Gus Schoenbeck, foundry foreman, lost $750 at poker, and entering without a cent his home at 3,607 Robey street, met his seven-year-old daughter Mary.

"Papa, give me a penny for candy," said the little girl.

Schoenbeck stepped into an adjoining room, picked up a revolver and sent a bullet crashing into his body.

Dead At 103.

Brockville, Aug. 8.—Mrs. Wm. Bennett is dead at her home in Oxford, Grenville County. She was 103 years old and died on the farm where she had lived since 1841, coming to this country from Ireland.

Mrs. Bennett was a cousin of the late Sir John Macdonald.

May Have Been Murder?

Brockville, Aug. 8.—That Hugh Graham of Caintown, ten miles west of here, who was found in the water in front of a boathouse at Alexandria Bay Monday morning, was the victim of foul play is the belief of many. A short time before his death Graham had in his possession $60 of his own earnings. No money was found upon his clothes after being taken from the water.

The condition of the body when taken from the water bears evidence that there was no life when it was immersed in the river. An inquest will be held.

Organizer Grieve of the Sons of Scotland, was in town on Monday. He is working at Campbellford at present, where he has added twelve new members to the Camp in that town and he expects to have a big meeting here on the evening of the 12th inst.—Havelock Standard.

WHITE GIRLS IN OPIUM DENS

Vancouver Police Are Raiding Chinese Opium Dens.

Vancouver, B.C., Aug. 8.—A plaintive figure in the police court yesterday morning was Jean Terry, a young white girl, who was found in a Chinese opium den. She was remanded on a charge of vagrancy. Her counsel being paid by the Orientals. The Chinaman with whom she was found is still held.

The police are vigorously prosecuting the campaign against the Chinese who are bringing the white girls into these opium dens.

Belleville Man Elected.

Niagara Falls, N.Y., Aug. 8.—The International Apple Shippers Association ended its convention here yesterday with the election of the following officers: President, W. L. Wagner, Chicago; Secretary, C. P. Rothwell, Martinsburg, West Va.; Treasurer, William French, New York.

R. J. Graham, Belleville, Ontario, was elected a member of the executive committee.

Vice-presidents were named from all the apple growing states. The 1909 meeting will be held in August at Niagara Falls, Ont.

Turkish Officials Jailed.

Constantinople, Aug. 8.—All the prominent officials of the Palace Camarilla who had not previously fled the city or been incarcerated, were yesterday arrested.

They include Rizot Pasha, the former Minister of War, and Raghib Pasha, one of the court chamberlains. Raghib was taken only after a stubborn resistance.

He had barricaded himself in his house and opened upon the police with a rifle from an upstairs window.

Warrant For Mother.

Brantford, Aug. 8.—A warrant has been issued for the arrest of Mrs. Whitfield, mother of 3-year-old girl Ethel, for whose arrest the high court issued an order this week.

The mother is charged with aiding the child to avoid being taken. Thus far Sheriff Watt and his officers have failed to secure any clue to the child's whereabouts. Mrs. Whitfield was here Wednesday, but has gone to the United States, it is alleged, with the child.

Union Label On Funeral.

Albany, N.Y., Aug. 8.—An unusual sight was witnessed here yesterday when during the progress of a funeral drivers on the carriages suddenly jumped from their seats and refused to proceed unless the driver of the hearse, whom they claimed was a non-union man, was replaced by a union driver.

The undertaker finally secured another hearse and union driver.

Woman Tries to Die.

Vancouver, B.C., Aug. 8.—In an attempt to end her life Mrs. Richardson jumped into Burrard Inlet Thursday night, taking with her two children aged 7 and 4.

Some men happened to be in the vicinity at the time and rescued them, though not without difficulty. The woman is now at the hospital.

"Bebe" Sails.

Quebec, Aug. 8.—The steamer Empress of Britain, with Lord Roberts, Lord Strathcona and a large number of passengers, left port at 5 o'clock yesterday afternoon for Liverpool, amidst the cheers and good wishes of a large crowd of [illegible] citizens, congregated on the [illegible]

Girlhood Vigor Regained.

The difficulty with most women lies in the fact that while they are anxious about the health and welfare of their family and loved ones, they rarely ever pay attention to themselves until Nature says Stop. To prevent this every woman should take Psychine regularly. It creates an appetite and is the greatest of digestants. Psychine is a boon to run-down, tired and overworked women, for there is LIFE IN EVERY DOSE. Mrs. J. T. Miller of 63 Notre Dame St., Winnipeg, proved this, for she says: "I am thankful for what Psychine has done for me. I was laid up with weakness. Oh, how I suffered. My appetite was very poor and my stomach was greatly disordered. Today I am strong and well, for Psychine has brought me permanent relief. I feel like a new woman now to what I did before taking Psychine. I feel the vigor of girlhood in my veins once more."

TRY PSYCHINE FREE.

We want every family to know the merits of Psychine and will send every householder a trial bottle free. Cut out coupon and mail to Dr. T. A. Slocum, Ltd., Toronto.

Please let me have a free sample of Psychine as per your special offer.

Name.................................

Address.................................

Psychine regulates and strengthens the stomach and is an infallible remedy for all disorders of the throat, lungs and chest. All druggists and stores, 50c.

The Daily Review

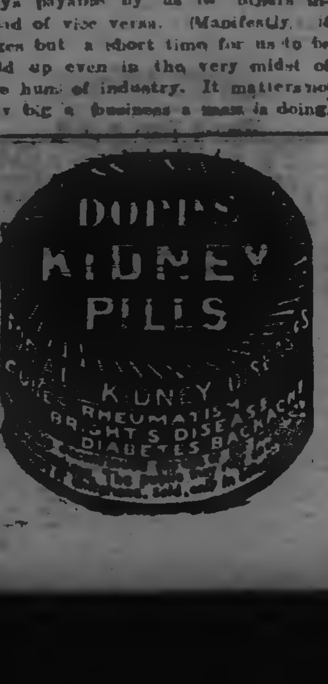
SATURDAY, AUG. 8, 1908.

THE USUAL WAY

The Government commission selected ground near St. Boniface for the Winnipeg terminals of the Grand Trunk Pacific. Instead of buying the land at first hand, at market price, the commissioners waited until middlemen Kerr and Matthews, acquired an option at $99,000. Then the commission bought from them at $222,000 leaving them $123,000 rake-off. The Eastern Supply Company incorporated in Newfoundland by Pearson, M.P.P., of previous record in similar transactions, secured enormous contracts for belting, oil, steel, wheelbarrows, etc., against lower tenderers. The proceedings of Public Accounts Committee of Parliament, 1906, page 683, contains the undesirable information. The middleman in politics is the creation of the Laurier Government. It is true he existed to some extent before, but he was always under suspicion. Today, however, he is an institution and a pest, of the most persistant and expensive variety.

GOOD TIMES

Our exchanges and advices indicate the return of good times in the United States. Depression there was due to national indigestion, to overrunning the demand and as soon as the easing off—called "bad times"—left the national appetite keen again and the national digestion able to assimilate once more, the national consumption begins again. Human energy always ready to engage in production and all the blessings resulting therefrom, springs to the work anew, and the wheels of commerce begin to whirr again. Under-expansion however, produces a similar result, but in appearance only. While in the former case there was no diminution of cash capital in the latter there has been a very considerable diminution. The balance of trade consequently is rarely if ever against the U.S. There is always something coming to them when the balance is struck in their dealings with other nations. Canada however has been going behind for years. We are hundreds of millions behind. Each year the balance is always payable by us to others instead of vice versa. Manifestly, it takes but a short time for us to be held up even in the very midst of the hum of industry. It matters not how big a business a man is doing, if he is paying out more cash than he takes in he will not be able to pay his hands and will soon be "all in." Such a man is out of place in business and in fact almost anywhere. But that is the way it is with Canada and whilst we may share some of the good times rapidly returning to the United States, it will not be for long. We must turn the balance of trade our way and Sir Wilfrid's policy is unequal to doing it. With us bad times are dispelled only when we have accumulated enough capital to go on again. We are not really getting ahead at all. We are going behind. It is this fact that explains the apparently extraordinary condition of Canada in spite of huge sums of borrowed money, immense national undertakings and that bugbear of the workless, immigration. Under our present conditions work is wasted. We had better far go and lie down under a tree.



MILITARY TRAIN

Lord Roberts seems to advise military training of a somewhat complete and drastic character. Is it not so that those nations who relied upon a sure eye and a good rifle rather than upon mere military training have always been hardest to beat. The Filipinos, the Achinese, the Boers, etc, amply demonstrate the wisdom of their mode of guerilla warfare. Likewise the savage tribes of Africa have kept the trained Germans successfully at bay. There is no apparent lesson to learn from the "regulars." There is always danger of the establishment of a military caste. "Brief authority" however, brief, is often a severe trial and a nuisance. Civilian soldiery would seem to be the most suitable, at least for Canada. Then look at the saving in expense. How vastly much more can be done with the money in other ways. If we were in the heart of hostile surroundings it might be as the great leader says, but why encourage us to shoulder a burden before coming to it. Early training of a cadet character, is no doubt invaluable. It teaches the discipline of obedience, self-control, and steadiness in addition to having a most beneficial influence on the youthful physique.

A LESSON

Mr. Argee of Chestnut street, Winnipeg whose letter of travel appears in yesterday's issue of the Review, in describing the trip by boat up the St. Mary's river, the outflow of Lake Superior, remarks upon the number of immense sawmills on the American side, lying idle and desolate because Canada prohibited by duty the export of logs and resolved to do her own sawing, something the Examiner bitterly opposed. Yet the Globe will say that laws of state do not and cannot affect trade which, is governed wholly by natural laws. Here we have not an import but an export duty industry but a wilderness. From centre of industry and a centre of industry into a wilderness. From so plain and simple an example even the Examiner might learn but it won't. Like its larger brother it will go on preaching the advantages of turning both cheeks in matters of trade and otherwise showing that its idea of being free is being foolish. On the same basis the Examiner might argue that it is folly to advertise since trade will "gang its ain gait." But we have not time to waste on a conclusion that was reached by the electorate after the famine years of 1874-8. The attempt to overthrow the N.P. may be in the interest of the capitalist who wants cheap labour cheaply fed, housed, clothed, etc. but it is hardly patriotic.

LORD ROBERTS' SPEECH

The farewell addressed by Lord Roberts to the Canadian people is one that ought to set us thinking, not so much perhaps by reason of his reference to military training, the gist of which is that every man should be able to shoot and ride but because of his exceedingly pointed reference to "playing the game." It is true that this reference appeared to be to "games" but that is not what the expression "playing the game" means in Great Britain. It has of course a much deeper significance than that and conveys a very severe reproach especially when addressed to a people at large. We do not think, however, that the blanket character of the great general's admonition is altogether deserved. We do not play the game of life so badly. We certainly do not attempt to cover up our faults as some others do. We are perhaps prone to magnify single instances into general conclusions. We do not provide a greater proportion of beats to the square mile nor of people who enjoy a reputation for fairness while dragging unenvied rivals by neck and crop to the winning post. There is a roughness in many of our ways of doing things to which we must plead guilty but we are not "the only people." There are frequent fights and riots on English football fields. It may be all very well to admonish us but it remains to be seen that we should be treated as if we had no self-respect or for that matter, any desire, "to play the game." As for gambling in sport—it is not to be mentioned in the same breath in Canada with gambling abroad. It is true there is a strong element of it here, but it does not rule. We are entitled by our general record to more respectful treatment. When our young men go abroad they do not disgrace us in any way and it is high time that showing superiority by virtue of implying it should be abolished. From Lord Roberts, Canadians will take almost anything but while the British take pride in assuming that they can do no wrong we are being taught by precept, if not by example, that we can do no right. Our own sense of self-respect will carry us through. In many ways we might safely imitate the Australians who do not ask to be patted on the head and told that they will be men some day. They are men now. The test of nationalism is brotherhood. There is an element even in Canada of supercilious superiority towards our own people which might very well be dropped.

WASTE

There is an enormous waste in Canada just now from extravagance and dishonesty. The country seems to be in a perilous state from both and in no condition to stand any sort of strain. Partyism, while furnishing a framework for government, does not, and does not pretend to furnish the men. Everything depends upon an honest and efficient representation. It is too bad to see a country so full of resource and opportunity largely at the mercy of land-sharks, usurers, spendthrifts and immoral men-of-the-world. Neither in social, athletic, educational, religious nor any other form of human activity and persuasion is there any sort of parallel to the robbery of the honest toiler, whether it be farmer, artizan or workingman, now going on in this country. It can be stopped. Of course it can be stopped. Why then in the name of economy, if nothing else, is it not stopped.

BE A CHARMING WOMAN

You never saw a beautiful woman who didn't have beautiful hair. The charms of a beautiful woman lie in her hair. Many women do not realize the attractions they possess because they do not give proper attention to the care of the hair.

The women of the "400" are famed for their beauty, not because their facial features are superior to those of other women but because they know how to keep young by supplying vigor, lustre, and strength to the hair.

Up to a few years ago Parisian Sage could hardly be obtained in America. But now this delightful hair restorer can be had in every town in America. W. Madill, druggist, Peterborough sells it for 50 cents a bottle and he guarantees it to grow, beautiful, luxuriant hair; to turn dull, lifeless hair into lustrous hair; to stop falling hair, to stop itching of the scalp. Understand W. Madill will give you your money back if it fails.

MAKING MONEY OUT OF GARBAGE

City of Cleveland Handles it at Profit — Toronto May Instal Plant

That Toronto can make a profit out of the handling of its garbage by installing a plant for extracting grease from the garbage and selling the residue as a fertilizer is the contention of Dr Sheard, medical health officer of Toronto, after his visit to Cleveland to inspect such a plant there.

"The city of Cleveland is making a clear profit of $128,000 a year by extracting grease from its garbage," he said, "and their plant is not of the most improved kind, either. They have the advantage of using natural gas, however, for cooking the garbage in the extraction process, and they have also a grand market over there for oil. Their process is a very offensive one to the neighborhood, and is two and a half miles from the city limits, in a deep gorge. They handle ten carloads each day, which are collected in the city, and run out on a railroad to the plant.

We can treat our garbage in Toronto at a profit, too, but it will take time to work out the plans."

DEAFNESS CANNOT BE CURED

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

F. J. CHENEY & CO., Toledo, O.

EXHIBITION

AT OTTAWA

Sept. 18th to 26th, '08

Displays will far excel those of any previous year. A Grand Pure Food Exhibit is to be made by Canadian manufacturers.

High class vaudeville programme will be given daily in front of the Grand Stand in addition to the horse races.

The night entertainment will consist of the latest comic opera "What Happened Then?" by the famous De Wolff Hopper and all star company. Popular prices will prevail.

A grand display of paintings and Ladies' Work will be made to signalize the opening of the handsome new fire-proof building, now being erected at a cost of $12,000.

The special attraction in front of the Grand Stand in the afternoon will include the latest European novelty "Del Oro's Performing Cows." This attraction is billed to appear in Ottawa for the first time in America. There will also be a most sensational automobile race on a specially constructed incline, the contesting chauffeurs being two daring young women.

There will be balloon races daily with a double parachute descent from each balloon by the famous Prof. Hutchison and companion.

Get the official programme when issued next month.

By CLARISSA MACKIE.

Copyrighted, 1908, by Associated Literary Press.

Pink Luscom rode out of the corral with slack rein and drooping head. Care sat upon his broad shoulders and dulled the genial light in his gray eyes. Cummings, seated on the doorstep of the bunk house, hooted derisively at his mate.

"You look like you was goin' a-courtin', Pink," he grinned.

Luscom turned a scowling brow as he slapped the rawboned sorrel with a bronzed hand.

"Drop it!" he growled crustily.

The sorrel struck a long, swinging gait, and presently horse and rider disappeared beyond a rise of ground, only to reappear in gradually diminishing perspective until suddenly they vanished altogether.

"What's the matter with Pink?" asked Rozzy Jones in constrained tones from within the bunk house. "He looks like trouble has got him good and plenty."

Cummings clasped his hands about his knees and rocked to and fro in an ecstasy of delight.

"He's going to see the Widder Todd," he chuckled.

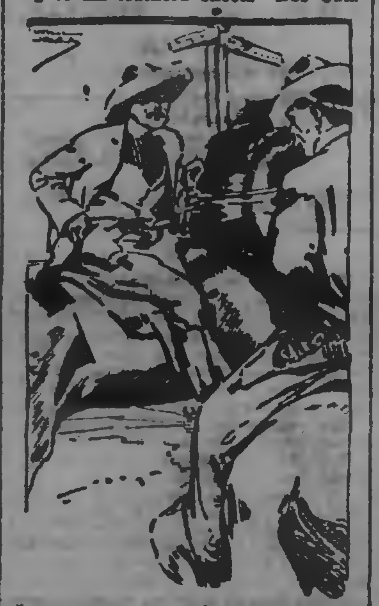
Jones rushed to the door with razor in one hand and a lank cheek lathered from brow to chin. "The Widder Todd!" he gasped. "Why, what's he goin' to see her for?"

"He don't know—she sent for him this mornin'," returned Cummings mirthfully. "I expect Pink overreached himself t'other night at the dance. Miss Hennie Porter, she wouldn't look at Pink all the evenin'. She was dancin' and flirtin' with a long checked, flap eared jackass, and poor Pink he set up to the Widder Todd and courted her most particular all the evenin' with one eye on Miss Hennie and you, and I reckon that he said some serious thing to the widder—kinder absentlike."

"Widder Todd wouldn't look at Pink Luscom!" snorted Jones irritably.

"Seems like she looked at him considerable t'other night and enjoyed it sufficient to send for him this mornin'," drawled Cummings.

Jones disappeared, and there was the sound of vigorous and renewed scraping of his leathern cheek. Doc Cummings chewed the stem of his pipe reflectively. Presently he craned a curious head toward the interior of the house. "See here, Romeo, if there's anything I can do to help you just you sing out. Shall I catch up a hoss for you?"



"I SAY, ROZZY, YOU AIN'T SORE ABOUT THE WIDDER?"

"Shut up!" retorted Jones in a strangled tone.

"Them there white winged collars is bad for the voice, Rozzy. You sound like you was chokin'. I reckon you'll wear that baby blue crisscross necktie you bought at Widder Todd's store. I hear that baby blue is Miss Hennie's fav'rite color!"

There was no response from within, and presently Jones, attired as gorgeously as Pink Luscom had been a half hour ago, strode haughtily past the man on the doorstep and into the corral, where he proceeded to catch a mount. In a trice he came tearing through the gate on a fiery little black mare, his long legs dangling in close proximity to the burned grass.

He, too, shot a resentful scowl toward the jeering man on the doorstep, and then he disappeared over the rise of ground, his dark figure silhouetted against the copper glory of the evening sky.

"There's Widder Todd a-settin' great store by Rozzy and as mad as a wet hen at him. So she's makin' up to Pink, who's dippy about Miss Hennie. Miss Hennie, she's mad at Pink, and so she flirts desperate with Rozzy, who's made at the widder. And they're all mad and jealous of one another, and if somebody don't shake 'em up there's bound to be some more mismated marriages in Seven Forks. O Lordy!" Cummings filled his pipe and lounged over to the cook house and joined a social group about the fire.

Rozzy Jones did not look at the copper glory of the sunset. With moody eyes fixed on the well worn trail, he noted reluctantly the diminishing miles that lay between him and the crossroads. Here, instead of pursuing his customary course toward the town and the domicile of the fascinating widow, he must turn to the right and take the cross trail to Porter's, where Miss Hennie awaited him and would appear to be disappointed, after all, when he did come.

There had been several calls such as this one was destined to be, and he frankly confessed to himself that Miss Hennie bored him. Now, the widow! Jones swore softly and dug a spurred heel into the little mare's flank. There was an onward rush, and he came upon the crossroads with a scatter of loose gravel and flying hoofs.

Seated on the back of a rawboned sorrel was Pink Luscom. His very attitude suggested indecision. The sorrel's head was turned toward the town, while Pink's gray eyes gazed wistfully up the cross trail which led to Porter's. His frown deepened as Jones drew his horse to a standstill and glared aggressively at him.

Jones broke the silence at last.

"'Pears like you'd lost the trail!" he sneered, heading his beast up the cross trail.

Pink winced. A dark red settled down over his bronzed face.

"I reckon I can find it without any help from you," he drawled.

"I ain't seen you tryin' to do it!" cried Jones tantalizingly.

"Mebbe I don't want to. The trail to Seven Forks ain't a bad one."

"You don't seem in no hurry to take it!" snapped Jones.

Luscom's hand sought his hip. "I reckon we might as well have it out now," he said calmly.

"I'd be plum glad to oblige you!"

Jones had whipped out a weapon and wheeled his horse about.

"I'd like to shake first, Rozzy," said Luscom gravely, holding out a big brown paw.

Jones grasped it eagerly. "We've been good friends up to now, Pink," he said regretfully, "and I'm sorry it's come to this, but when two fellers cross each other's trail, why"— He paused and looked past his rival toward the town.

Luscom was staring at him furiously, and then a strange light broke over his good looking face.

"I say, Rozzy, you ain't sore about the widder?"

"What do you think?" Jones stared defiantly at the other man. "Miss Hennie, she's all right. But she and me don't set no great store by each other. She says come, and the widder says go, so there ain't nothin' for a feller to do."

Luscom was lighting a cigarette with trembling fingers. "There's only one thing to do, Rozzy Jones," he said solemnly. "Just don't cross my trail, and I won't cross yours. The widder, she don't want to talk about nothin' but Rozzy, while Miss Hennie and me uster hit it off first rate, and I reckon if you'll just move aside I'll pike along up to Porter's."

Jones grinned happily as they passed one another, and just as each disappeared in a cloud of dust along his own particular trail two brown hands were waved in friendly farewell.

* * * * * * *

When he heard the news Dock Cummings waved a deprecating hand.

"What else could you expect from fellers what wore white wing collars and crisscross baby blue neckties?" he asked.

CURE SICK HEADACHE.

All He Lacked.

A pitcher belonging to a professional baseball club, who thought he was not getting his share of the limelight of publicity, went one day to the captain and manager to make his "kick." Being of a somewhat choleric disposition, which had got him into trouble more than once, he spoke with feeling.

"Cap," he said, "you're not giving me a square deal, and you know it."

"What's the matter, Bill?"

"You know what's the matter, cap. I haven't been in the box for three weeks. You know I can play ball. I've got every outcurve, inshoot, upshoot and drop there is in the business. I've got everything that any other pitcher has. I can put on speed, and I can send 'em in slow, I can get 'em right over the plate every time I want to. Haven't I got as good control of the ball as any fellow you know of?"

"Yes, Bill," said the captain, "you have. When you get as good control of your temper as you have of the ball I'll use you, all right. Don't you be uneasy about that, Bill."

Bill went away deep in thought, and it was not very long after that conversation that he "got into the game" again.—Youth's Companion.

Two Ugly Snakes.

These two snakes, the hamadryad and the cobra, cause the great annual death roll of India from snake bite, about 22,000 people last year. One reason for this great death roll is that Hindoos and Buddhists will not kill the snakes, as it is against their religion to take life. The cobra will go away from you usually, except in the nesting season, and then he will attack you on sight if you disturb him or his mate. It is at this time that so many deaths take place among the Malays and Siamese, as it is coincident with the rice planting season, and the peasants are busily at work in the rice fields. The cobra will bite under water, and many people are bitten on the foot or heel while planting rice. Death usually takes place in an hour or less. I have known a large buffalo to be bitten and die in fifteen minutes. It must have been bitten directly in a vein.

In the Malay peninsula and in Siam no one ever walks abroad after dark without a lamp or torch, as it proves almost sucidal to do so.—Medical Journal.

Up to Date.

"How'd you get here, old man?"
"In my airship."
"Road good?"
"Cloudy."—Puck.

An Excusing Spirit.

"Didn't I see the grocer's boy kiss you this morning, Martha?"

"Yes'm. But he ain't to blame, ma'am. 'Twas the iceman set him the bad example."—Cleveland Plain Dealer.

Meteorological.

The poet called a June day rare
Because the July sun,
With blazing beam and cloudless glare,
Would give us days well done.
—Philadelphia Ledger.

MANY EVENTS ON HOLIDAY SEVERAL SPLENDID OUTINGS

Printers' Picnic at Idyl Wyld, Foresters Outing to Jubilee, Stony Lake Regatta, Baseball Matches and Horse Races Will Provide Entertainment.

Monday is Peterborough's Civic holiday and the day will be celebrated in royal fashion. No matter what your inclination may be in the amusement line you should be able to find something on Monday to provide entertainment. There are several picnics, baseball matches, horse races, and the regatta at Stony Lake.

Good Outings.

The Printers' picnic to Idyl Wyld, is one of the main attractions. The steamer Otonabee will leave the Wolfe street wharf at 8 o'clock, calling at the street railway wharf.

The Catholic Order of Foresters, and Ancient Order of Hibernians, are holding a picnic at Jubilee Point. The steamer Rainbow with Palace barge will convey the merry makers leaving the Wolfe street wharf at 8.30 o'clock and calling at the street railway wharf. The event promises to be a huge success.

The regatta at Stony Lake will attract a lot of Peterborough people. The steamer Water Lily is running a trip to the lake, leaving Wolfe St. wharf at eight o'clock, returning at eight o'clock, pm.

The steamer Monarch will leave the Wolfe street wharf at ten o'clock, for Gore's Landing, returning at ten pm.

For those who remain in the city there will be the baseball matches and the horse races. The Peterboroughs meet the St. Mary's of Toronto in a double header at Riverside park, the first game at 10.30 and the second at 3 o'clock. Both games will be fast and gingery.

The first day's racing of the Peterborough Turf Club at the Driving park will furnish good sport for lovers of the track. Monday afternoon's programme will consist of the named race and the 2.23 class.

HAD TO FLEE FROM HOUSE TO ESCAPE THE FLAMES

Mrs. J. H. Peck Had Narrow Escape in the Fire at Fernie—Former Peterborough People Only Saved Their Clothes.

Mr. and Mrs. J. H. Peck, of Vancouver, who were visiting in Fernie, B.C., at the time of the fire had a narrow escape from death. Mr. Peck of Ashburnham, and Mrs. Peck was formerly Miss Alice Strickland, daughter of Mrs. J. P. Strickland, of Lakefield.

A letter was received yesterday from Mrs. J. H. Peck, dated Fernie, August 3rd, 1908, in which she stated that there were only fourteen houses standing, the large Elk Lumber Co's mill was completely destroyed and all the lumber. Over 30 persons were either burned or killed and 62 met death in a lumber camp. Mrs. Peck said it was a terrible sight to see the city in flames on every side, and many lost their homes, clothing and money. Mr. and Mrs. Peck had a most anxious time for some hours as Mr. Peck could not get to his wife until 7.30 in the evening, and when he did manage it he had to go through the fire and cross the river on a boom. In the mean time the fire was so great that Mrs. Peck was only able to save their clothes and leave the house to save her life. Some kind friends took them in and they left on Tuesday for their home in Vancouver, feeling very thankful that their lives had been preserved and their sufferings less than those of many others.

SHARP WORDS FROM HANNA PROVINCIAL SEC'Y. SPEAKS

"The statement is preposterous." This was the way in which Mr. Eudo Saunders, Chief Officer of the Provincial License Branch, designated the report from Kingston that a number of steamboat owners, summoned for selling liquor on the boats had paid a fine of fifty dollars each, with the understanding that there would be no second prosecution, the $50 to be considered in lieu of a license, which they could not receive from the Government.

"Such an arrangement would be entirely contrary to the Act," said Hon. W. J. Hanna, Provincial Secretary. "Needless to say, there is not the slightest truth in the report."

"What will you do if these men show a tendency to consider the fine merely as a license fee, and continue to sell liquor," Mr. Saunders was asked.

"They'll find out what we'll do. They will render themselves liable to imprisonment, that's all, and you can say so."—Toronto News.

The Services In The Churches On Sunday

St. Peter's Cathedral

At St. Peter's Cathedral there will be three masses celebrated — at 8 a.m., low mass; children's mass at 8 a.m., low mass; children's mass at 9.15; high mass at 10.30; Vespers at 7 p.m. with sermon.

MANY CHILDREN IN SHELTER

Bright Youngsters for Adoption ---Nine or Ten Under Care of Society

Mr. E. L. Goodwill, Secretary of the Children's Aid Society, states that there are nine or ten children in the shelter for adoption.

The children are bright and well behaved and it is desirable that good homes should be secured for them.

MARK DOWN SALE

SECOND FLOOR

This month as all know is supposed to be one of the quiet months of year—many of the city folks are away on their vacation or living at the watering places. There is a good excuse for August running low, but there is no excuse for us carrying over a single summer garment in our Ready to wear dept. or shoes in our shoe section. This Mark Down Sale means that they must be marked down to such prices as will be extra incentive for the Peterboro women to invest in their needs now and save dollars.

To see the values on our second floor will be all that is necessary to prove our statements, COME.

NEW COSTUMES

The new fall Costumes and coats are arriving daily—Styles exclusive, new, catchy.

HAVE PASSED EXAMINATIONS

Pupils From Peterborough Who Have Qualified to Enter Normal School

The Education Department has announced the list of students who have passed the recent examinations for entrance in the Normal schools. This examination takes the place of the former junior teachers' examination, and is the academic test for fitness for second-class teachers' certificates.

The successful candidates from Peterborough are as follows:

C G Adams, honors; G Brown, J Buck, honors; L O Bushnell, M Casey, honors; G Douglas; J English honors; J L Fitzpatrick, honors; A F Fife, C M Flynn, E Garbutt, C Calvin; M A Holland, honors; E V. Huffman, J Kennedy, honors; Helena Maloney, Michael F Maloney, honors; R Nicol, M O'Brien, Michael Perdue, EA Rae, A E Rosborough, honors; M E Ryan, V. White, S. Waterman.

HAY TOOK DROP BUT NOT IN PRICE

Hay took a drop in Ashburnham this morning— but not in price. Mr B. Corrigan was bringing in a load of fragrant timothy and had a break down on Hunter street east. The waggon ceased to do business and the hay had to be shifted onto another waggon before it could be taken to its destination.

CAN GET HOME AFTER THE DANCE

Grand Trunk will Run a Special Train From Lakefield Monday Night

A special train will leave Lakefield at 1.30 on Monday night, meeting the boats coming down from the Stony Lake regatta after the dance. This will be good news to the many Peterborough people who will be in attendance.

BIRTH

TAYLOR.—On Wednesday, Aug. 5th, 1908, to Mr. and Mrs. Harry Taylor, a son.

To Contractors

SEALED TENDERS, endorsed "Tenders for Grading," addressed to the undersigned, will be received up to noon on Saturday, the Fifteenth day of August, 1908, for the filling and grading required on the grounds of the Normal School in Peterborough. Plans and specifications can be seen at the office of the Clerk of Works, at the School building, and at this Department.

An accepted bank cheque, payable to the order of the Honorable J. O. Reaume, Minister of Public Works, for five per cent. of the amount of the tender and the bona fide signatures and addresses, or the bond of a Guarantee Company, approved of by this Department, must accompany each tender.

The Department will not be bound to accept the lowest or any tender.

By order.

H. F. McNAUGHTEN,
Secretary Public Works Department

Department of Public Works, Ontario.
Toronto, 8th August, 1908.

TEMISKAMING AND NORTHERN ONTARIO RAILWAY COMMISSION

TENDERS FOR MINING LEASE

SEALED TENDERS addressed to the undersigned and endorsed "Tenders for Mining Lease" will be received at the office of the Commission, 25 Toronto Street, Toronto, up to Twelve o'clock noon, on Wednesday, the 16th day of September 1908 for mining leases for 999 years of the following parcels:

Parcel No. 1—The Cobalt station grounds comprising 13 acres, more or less, the right of way adjoining the station grounds to the south containing 1.15 acres more or less and the right of way to the north of the station grounds comprising 2.68 acres more or less, all as shown on plan which may be inspected at the Office of the Commission, Toronto, and the office of the Mining Engineer, Cobalt.

Parcel No. 2 The westerly portion of lot 44 in the townsite of Cobalt containing 4.04 acres more or less as shown by another plan which may be inspected at the Office of the Commission, Toronto, and the Mining Engineer, Cobalt.

Parcel No. 3—Lots 336, 368 and 380 in the Town site of Cobalt, including the mining rights under one-half of the streets adjoining said lots.

An accepted check upon a chartered Bank of Canada, payable to the order of the Chairman and Secretary-Treasurer of the Commission, for the amount of the cash bonus tendered for such lease must accompany each tender.

Forms of tender and of proposed leases (reserving a rental of $1.00 per annum plus 25 per cent of the gross value at the mouth of the mine of all ores mined) and full information and plans showing location of each parcel may be examined at the Office of the Commission in Toronto, and Office of the Mining Engineer, Cobalt.

All tenders must be made on the form supplied by the Commission for the purpose and signed with the actual signatures of the parties tendering.

In case of each parcel the party whose tender is accepted will be required to promptly execute a lease in form satisfactory to the commission, failing which his deposit will be absolutely forfeited to the Commission.

The cheques sent in by unsuccessful tenderers will be returned to them.

The Commission does not bind itself to accept the highest or any tender.

A. J. McGEE
Secretary-Treasurer.

TORONTO, 6th AUGUST, 1908.

Papers inserting this advertisement without authority will not be paid for it.

USED TO LIVE IN PETERBORO'

Mrs. Sutherland who Confessed to Murdering Husband—Maiden Name Annie Heffernan

Chief Rozzel is in receipt of a letter from police headquarters, Chicago, concerning Annie Sutherland, of Buffalo, who is under arrest in Buffalo, having confessed to the murder of her husband.

She is a former Peterborough woman, her maiden name being Annie Heffernan, and her mother still resides in the city.

FOR THE PROVINCIAL EXHIBITIONS

All cities over the province are preparing for their exhibition and Peterborough is no exception to the rule. It is the time we meet our old and new friends, and those who are not our friends, it is also the best time for the introduction of the newest and smartest cuts in fall suits, and where they can be shown to the greatest advantage.

The New York Ladies' Tailoring establishment have removed their parlors and workshops from 658 George street to 387 Reid street, opposite St. Peter's Cathedral, for the better accommodation of their patrons and are prepared to take orders in any line of ladies' garments.

Lady or Gentleman fitter.

Phone 624.

REMOVAL

The New York Ladies' Tailors, have removed from 658 George street, to 387 Reid street, opposite the Catholic Church, and we are ready to take up orders on all kinds of ladies garments such as tailor-made suits, skirts blouses, coats, and muslin dresses, made up at very short notice. Telephone 624 will reach us and our representative will call, or you can come to above address.

CHILDREN'S FARE IS ONLY 25 CENTS

Mistake Made in Hand Bills Advertising Printers Picnic on Monday

On bills distributed in the city last night the fare for the Printers' picnic at Idyl Wyld on Monday was given as 50 cents for adults and 40 cents for children. The latter price was not correct as the fare for children is only 25 cents. The steamer Otonabee leaves the Wolfe street wharf at eight o'clock and will call at the street railway wharf.

STONY LAKE REGATTA

The steamer Water Lily will run a special trip to Stony Lake on Monday, August 10th (Peterboro's Civic Holiday) leaving Wolf Street wharf at 8.00 o'clock sharp and returning at 8 p.m. Return tickets 75c, Children 40c. d2.

A BOY WITH A FINE VOICE

Master Percy Mulheron of Lindsay Drawing Large Audiences to the Crystal

Master Percy Mulheron, the boy soprano from Lindsay, has been a great magnet to the patrons of the Crystal and large crowds have attended daily to hear him.

He has a beautiful soprano voice of wide range and sings with much expression and on his every appearance he has received the heartiest applause of the audience. Manager Edwards is being congratulated for securing the engagement of a young vocalist of such brilliant parts.

MR. POTTER SAFE BUT LOST EVERYTHING

Despatch in New York Paper That He Was Missing Proves to be Untrue

Relatives in Peterborough of Mr. Robert Potter, city engineer, of Fernie, B.C. were caused considerable anxiety by a despatch published in a New York paper that Mr. Potter was among the missing. This news was of a rather disconcerting nature, in view of the fact that word had been received from a private source that Mr. Potter was safe. Another telegram was sent to Fernie and a message in reply was received stating that Mr. Potter was safe. He lost everything, however, including a fine residence.

BRING THE FAMILY

To Catholic Order of Foresters and Ancient Order of Hibernians' Excursion to Jubilee Point on Civic Holiday, when the excursionist having the largest family on the excursion will receive a barrel of flour, presented by Mr. Hampden Burnham. 2t

THIS BIG ONE WAS NOT CAUGHT

Mr. Willis Campbell, of Napanee, who is camping at Trent Bridge caught a monster lunge in Maskinonge Bay on Wednesday last while trawling. The big fish towed the boat around for over an hour, and when assistance was secured, broke the line as it touched the rocks of the shore. Mr. Campbell jumped in the water after it and although he secured a hold on it, it finally wiggled into deep water and escaped.—Havelock Standard.

A glass of iced "Salada" Tea will be found most refreshing this warm weather. As cooling as a summer breeze.

NEW ENGLAND AND THE SEA

This is the caption of a folder issued by the Grand Trunk, Railway System and sent free on application to any agent of the company. It is descriptive of the beauties and attractions of the mountain districts of the New England States and the Atlantic Sea Coast. The sea coast resorts are among the finest on the American Atlantic and those who have never enjoyed a few days by the sea have yet an experience worth having to look forward to. The Grand Trunk Railway System run through Pullman Sleeping Cars, from Chicago, Toronto, etc., and solid trains with Parlor Cafe Library Cars on night trains between Montreal, Portland, Old Orchard, and Kennebunkport. 2d

The August Clean-up—A Fast, Furious Selling

We clean up the price of all profits, to clean up our stocks of Summer Goods. One good turn deserves another—and the second clean-up is as decisive as the first. Come! Help yourself to the many savings. You never saw such stirring economies or such startling reductions. The only way to keep from saving is to stay away from this store—every one who comes buys and necessarily saves. Every purchase means a saving, mind that; and only merchandise from our regular stocks participate in this sale. There is safety, as well as saving, in buying here.

THE YELLOW PRICE TICKETS in our Windows and throughout the Store tell their own tale--COME AND SEE

Ball game—Examiner vs. Times and Review.

Grand drawing contest for 97-piece dinner set, donated by the Hon. J. R. Stratton, valued at $20.

JIMMY REYNOLDS WILL LEAVE DEAR OLD PORT HOPE

Telegraph the news to Old New York—"Jimmy Reynolds is going to leave Port Hope."

True. Too true. Old James, the Man with the Fast Gait has sold out his barber shop to one Art Adamson, a popular Port Hope boy, and has decided to hike it from the town of hills and hollows. Been here for 37 years, at that, has Jimmie Reynolds, thirty-four of them in the shop on John street. "How time flies; and how thick they are."

"Yes," remarked the Gentle James as he laid his elbows on the Times' front counter. "I'm going to get out. Sold out today to Art Adamson, and it's all right. Good money, too."

Here, no less than forty-two hairs stood erect on Jimmie's head and he breathed heavy, like he does when someone says 'Newcastle' to him.

"I tell you, I won't leave Port Hope till I make that walk." At this threat seventeen more hairs began to quiver.

"'No, sir," hissed Jimmy, like the villain in the play when the sneaky music begins to waft into the galleries." "No, sir, I'll make that walk or bust. I've got $250 up against $50 for a 33 hour walk to Toronto and back. I'll walk it first. I'll be here for six weeks, and then away for mine. But I'll be back in two years."

And so James leaves Port Hope, the town that knows him, and loves him like a brother, and sister and father and mother, all in one. Port Hope, to help Jimmie out in his walk to Toronto, would almost get up in the night and stroll fifty miles to Toronto, to make the distance shorter, if it could. Good-bye, Jim and take care of yourself. Guard against the "coinage du bois," faster walkers—if there are any—and other ills of life.—Port Hope Times.

Thos. French, 24 years old, and married, was arrested at Ridgetown on a warrant eight years old.

FINE HEADS ON WESTERN WHEAT

Mr. Wm. Eyres Receives Several Fine Samples From Alberta

Mr. Wm. Eyres, of Antrim street, showed the Review today three heads of wheat, unnamed, grown at Nanton, 40 miles south of Calgary. It is in every way a splendid cereal. At Adanac, 50 miles southwest of Battleford, Sask., on the GTP 6 miles from the station, Fred S. Eyres has a homestead which he took up in the fall of 1907. The land alongside is now held at $17.50 per acre.

Harry Hurlburt, an M.C.R. engineer, of St. Thomas, was decapitated by a switch post at Waterford.

HILL CROFT
Bobcaygeon — Ontario
Mr. W. T. Comber, B.A., Wadham College, Oxford and University College Toronto, is prepared to receive into his house three or four boys between ages of nine and thirteen to educate with some other boys of the same age. Terms on application.
Mr. Comber is about to establish a Bobcaygeon school for young boys. The new school building will be ready for occupation in September 1909.
Prospectuses will be issued in the course of the coming school year.

SPORTING NEWS

FASTEST BALL GAMES OF THE SEASON ON CIVIC HOLIDAY

When the St. Mary's and Petes meet at Riverside park in their morning and afternoon games on Civic holiday the fans will have an opportunity of seeing the fastest games that have been played here for some time.

The local nine are in great condition and will try hard to beat the crack visiting aggregation which comes here with the reputation of being one of the most unbeatable teams in the province.

As both teams will go on the diamond prepared for a hard game the exhibition will be a gilt edged one.

Hawkins and Clements will do the twirling for the Petes and the Saints will bring with them Smith, Cahill, Reid and Lackey as their pitching staff and Nye will officiate behind the bat.

The morning game is billed for 10.30 and the one in the afternoon at 3 o'clock.

MOHL AND ROGERS PREPARING FOR THEIR BATTLE AT BROCK STREET RINK ON AUG. 28

The two big grapplers, Rogers and Mohl, who will meet in the Brock st. rink on August 28th, as noted previously in the Review, are actively engaged at their training quarters in preparation for the event.

A letter has been received from W. B. Naylor, manager for Rogers, stating that the latter has been very successful since he met Hurtubise here and has been wrestling in Sydney, C.B.

He doesn't intend to take any chances with Mohl, as the German is a doughty mat artist and has thirty pounds in weight on Rogers. The news of the match has caused quite a stir in sporting circles in Peterborough and there seems no doubt that the biggest crowd that has been at the Brock street rink since that last eventful night of the walking match here will be on hand to witness the bout.

Peterborough people have never had an opportunity of seeing two famous big heavyweights work and all who attend are assured more than their money's worth of spectacular and scientific struggling.

Rogers' manager states that the big Yankee will probably be here the week after next.

SIMPSON AND BAKER HAVE RETURNED

Reached Home This Morning—Review Has Talk With Indian's Trainer

The Oppressive Weather too Much for the Marathon Runners—Simpson for Ward Marathon and Herald Race.

Fred Simpson, the Peterborough Indian, and the runner who made such a gallant showing against the pick of the world's distance men in the Marathon race at the Olympic games in England arrived in the city this morning on the 5.30 CPR, accompanied by his trainer, Dick Baker. The Toronto athletes and Crocker and Sherring were also on board.

Simpson immediately walked from the station to Hiawatha to see his wife and family. He was in the best of spirits and has no complaint whatever to make. He realizes he received the very best attention possible and ran his race under the most favorable auspices.

The hot weather, however, was a very serious drawback. Dick Baker, to whom the greatest credit is due for his indefatigable efforts in handling the brilliant redman, was seen by the Review today and stated that both Simpson and he as well as all the other runners and trainers from Canada were delighted with their treatment in the old land and all was harmony from the time of departure until the return.

Messrs. Simpson and Baker left here on June 12th sailing over on the Tunisian and making the return trip on the Victorian. They were accompanied on both by the Canadian athletes and those looking after them.

After landing at Liverpool, the Canucks went to their quarters on Sinclair Road, Kensington West. They all stayed together in spacious apartments situated about three quarters of a mile from the Stadium.

Each squad of athletes for the different events worked together under the vigilant supervision of manager Crocker and "Billy" Sherring the team coach. Speaking of these it might be well to mention that they did everything in their power towards looking after the men and meeting their every requirement in the wisest possible manner. Mr Baker says their splendid work was thoroughly appreciated by Canada's representatives at the Olympic contests.

Although much disappointed at the showing made, Mr. Baker said they were nonplussed by the oppressive weather.

After being accustomed to training in cool and favorable weather the intense heat of the day proved too much for them and in fact effected all the starters as was shown by the slow time.

Simpson became pretty well accustomed to the climate before the big race was run, but for the first week he was not feeling right. Sherring was the only one who followed the men over the course. Managers were stationed five miles from the starting point and there was the first glimpse Trainer Baker caught of his man. He was travelling well at the time, running in fifth or sixth place. Price, the Englishman, was leading and the English runners made the pace for the first ten miles, when Heffernan jumped ahead. Simpson was going at his best when he had covered around twenty miles and had the day been cool he thinks his chances of winning would have been splendid.

The Peterborough Indian will race again in the fall when he will start in the Ward Marathon and Hamilton road race.

From here his chances of winning both look pretty fair, provided nothing unforeseen hinders his training.

MANY FAST ONES ENTERED

Great Programme for Monday's Racing at Driving Park

Up to noon to-day there were twelve entries for the named race and five for the 2.22 class of the races to be held at the Driving Park on Monday. The fastest steppers of the turf should be some great sport. The entries for the named race, for a purse of $100 are as follows:—

Lady Black, Little Mac, Lulu Chimes, Lou Keswick, Black Prince, Prince Medium, Lady Alexander, Farmer Boy, Molly Mac, Brown Mac, Teddy Keswick.

Following are the entries for the 2.22 class:—Gertie, George Curtis, Lindsay; Miss Paisley and H. Cook Trueman; Lulu Chimes, Thomas McKelvor, Smith; Holland Boy, Dr. Lamb, Peterborough; Lady Gothard, M. Connors, Peterborough.

SPANISH QUEEN WINS BIG RACE

Half Sister of Queen's Baron Owned by Dr. Johnston of Peterboro'

Kalamazoo, Mich., Aug. 5.—Spanish Queen justified the confidence of her friends today when she won the Brudick house purse of $10,000, the banner offering of the Kalamazoo Grand Circuit meeting. Her nearest competitor was the mare Alceste, of the Geers stable, and Alceste made the winner equal her record of 2.07 1-4 to win the second heat. The big race was marred by the unexpected unsteadiness of every horse from which any good work was expected, and this accounted for the slow time made in three of four heats that were necessary to finish the contest. But for the break made by Spanish Queen when she was leading down the back stretch in the first that would undoubtedly have been but three heats trotted.

Spanish Queen is a half sister of Queens Baron, owned by Dr. Johnston of Peterborough. Queens Baron will be a starter in the 2.10 class at the Peterborough Turf Club's coming meet.

TEXT FOR THE CIRCULAR LIST

The following is the text of the circular list for Simpson souvenir:

Although it was reserved for Her Majesty, Queen Alexandria, to present to the winner of the Marathon race, the first prize, it is the privilege of the citizens of Peterborough to do honor to one who ran a magnificent race on the same occasion, when so many, including the pride of many nations, fell by the wayside. Fred Simpson is not only a runner, he is in every sense as the record of his life proves, an admirable man. With the object of duly honoring him both for what he has done and for what he has not done, The Review, in lieu of other patronage, takes the liberty of circulating this list of contributions, with the approval of the Mayor, in order that some desirable souvenir of the great occasion of the Olympic Year, may be presented to Mr. Simpson as a Citizens' Testimonial. Limited to $1.00.

INDOOR BASEBALL PLAYED OUTSIDE

Feature of B. A. C. Gathering Down River Last Evening

The B.A.C members travelled down the river last night and had one of their famous "feeds" coupled with some athletic stunts to sharpen their appetites, which fact caused much elation among them. About fifteen took in the trip and had a fine time. A game of indoor baseball played outside, was the feature of the evening and it proved all to the good and something to spare. The winning team, was ahead when the game was was over, among the victorious players. F. "Doc" Middleton's throwing to first base and the river was a scintillating performance and carried general hilarity and groans.

The boys reached home about 10.30 o'clock.

HOLIDAY RACES
